(4) If default is made in complying with any of the regulations, the Board may direct that what is omitted to be done shall be done at the expense of the person, firm, or corporation in default, and if the default is the failure to employ a duly qualified medical practitioner, as provided by clause (d) of subsection (1), the employing person, firm or corporation shall be liable to pay the reasonable expenses incurred by any employee for medical attendance and medicines, and for his maintenance during his illness<sup>1</sup>

[Section 6 of chapter 81 of the Acts of 1920 provides that where any regulation has been made under section 118, it may provide for the imposing of penalties for the violation of any regulation made under that section and every such penalty shall be recoverable under The Ontario Summary Convictions Act before a police magistrate or two justices of the peace.]

<sup>1</sup> Regulations have been issued under this section providing for the sanitary supervision and the adequate ventilation lighting, etc. of camps and for medical attendance for the employees therein.

## Housing Accommodation for Workingmen.

[Chapter 220 authorizes loans to companies incorporated for the purpose of erecting moderately-priced houses.

### Protection of Employees on Buildings.

Chapter 228.—1. This Act may be cited as The Building Trades Protection Act.

2. In this Act.

(a) "Building" shall include any structure roofed in or intended to be roofed in and capable when completed of affording protection and shelter;

(b) "Inspector" shall mean an inspector appointed by a municipal council or by the Lieutenant-Governor in Council for the purpose of enforcing the provisions of this Act.

3. The council of every city, town, township and village shall, by by-law, appoint a sufficient number of competent persons to be inspectors for the purpose of enforcing the provisions of this Act in the municipality.

4. The Lieutenant-Governor in Council may appoint inspectors to enforce this Act in territory without municipal organization.

5. (1) Where any inspector appointed under this Act finds that any provision of this Act is being violated in the case of any building, he may give such orders in writing as may, in his opinion, be required to secure due compliance with such provision, and upon any such order being made and until the same is carried out the work upon that part of the building in which the default occurs shall be suspended.

(2) Every person to whom the order of the inspector is directed who disobeys or who knowingly permits any person under his direction and control to disobey any such order or to carry on work in violation of subsection 1 before the order is carried out shall incur a penalty not exceeding \$50 for every day upon which such default occurs.

6. In the erection, alteration, repair, improvement or demolition of any building, no scaffolding, hoists, stays, ladders, flooring or other mechanical and temporary contrivances shall be used which are unsafe, unsuitable or improper, or which are not so constructed, protected, placed and operated as to afford reasonable safety from accident to persons employed or engaged upon the building.

7. The following regulations shall be complied with in the erection, alteration, repair, improvement or demolition of every building:

(1) The floors of all scaffolding whether standing or suspended from overhead shall be at least four feet wide and there shall be a railing or guard not less than three feet nor more than four feet from the flooring on the outside of the scaffolding for the protection of persons working thereon;

(2) Where the scaffolding or staging is swung or suspended from an overhead support, it shall be so secured as to prevent its swaying to and fro;

(3) Where poles are used in scaffolding the poles shall be securely lashed at every point of contact, and where square timber is used in scaffolding the same shall be securely spiked or bolted at every point of contact;

(4) No lumber or timber shall be hoisted in a single sling;

(5) Where hoists are used for raising materials for use in buildings, the shafts or openings shall be protected at each floor by a barrier not less than three feet nor more than four feet from the level of the floor, and the barrier shall be placed not less than two feet from the edge of the shaft or opening in which the hoist is operated.

8. (1) Where the plans and specifications require the floors to be arched between the beams thereof, or where the floors or filling in between the floors are of fireproof material, the flooring or filling in shall be completed as the building progresses to not less than within three tiers of beams below that on which the iron work is being erected.

(2) Where the plans and specifications do not require filling in between the beams of floors with fire-proof material or brick work, the contractor for the carpenter work, in the course of construction, shall lay the under flooring of the building on each storey as the building progresses to not less than within two storeys below the one to which the building has been erected.

(3) Where double floors are not to be used, such contractor shall keep planked over the floor two storeys below the storey where the work is being performed.

(4) If the floor beams are of iron or steel, the contractor for the iron or steel work of a building in course of construction or the owner of such a building shall thoroughly plank over the entire tier of iron or steel beams on which the structural iron or steel work is being erected, except such spaces as may be reasonably required for the proper construction of such iron or steel work and for the raising or lowering of materials to be used in the construction of such building, and such spaces as may be designated by the plans and specifications for stairways and elevator shafts.

9. In the case of what are known as skeleton steel frame buildings, compliance with the following regulations shall be sufficient and it shall not be necessary to comply with the requirements of section 8:

(1) As soon as the steel frame of a building is erected to the first column splice above the first floor level, a flooring of two inch planking shall be laid over floor beams on the floor immediately below the first column splice, making a temporary floor over that part of the area

of the building inside columns at that level, except in places where it is necessary to have openings for the passage of material for building above that point; and when erection has reached a point level with the next column splice, the planking used as temporary floor at first column splice shall be removed and placed as before at a second splice, and so on to the top of the building;

(2) A double flooring of two inch planking shall be laid down immediately under any derrick for a sufficient space about the derrick to protect the workmen on the floors below that on which the derrick is working and to hold with safety the materials hoisted by the derrick.

(3) Riveters' staging shall be so constructed as to secure the reasonable safety of the riveters and a temporary floor must be provided on the girders and floor beams immediately below the portion of the floor upon which the riveters are working, sufficient for the protection of workmen engaged below that floor.

(4) The steel work may be carried on in advance of the construction of permanent floors.

10. In cities and towns the following regulations shall be complied with in erecting, altering, or repairing any building:

(1) When the work is located on the line of any street or within three feet of the inside line of the sidewalk of any street, before any of the work above the sidewalk or footway is commenced, there shall be erected over the sidewalk or footway of the street a covered passageway or independent structure not less than eight feet high at the lowest side above the level of the sidewalk or footway and of sufficient strength to protect the public using the sidewalk or footway.

(2) If a building is to be erected within seven feet of the inside line of the sidewalk on any street, a strongly constructed close boarded fence or barricade, not less than six feet high, shall be erected along the inside line of such sidewalk.

(3) No person shall place any stone, brick, lumber, or any building material, fence, barricade, or temporary sidewalk so as to obstruct the free passage of water in the drains, gutters or water courses; and the roofs of all covered ways shall be kept clear of any material whatever.

11. Nothing in this Act shall affect any by-law relating to the matters mentioned herein lawfully passed by a municipal council, or the authority of a municipal council, to pass any such a by-law, so far as such by-law imposes additional or more stringent requirements than those imposed by this Act.

12. The Ontario Summary Convictions Act shall apply to every prosecution under this Act.

13. Sections 7, 8 and 9 of this Act shall not apply to any building not more than two storeys in height nor to any farm building nor to any work being done upon a building by the owner or occupant thereof in person.

### Inspection and Regulation of Factories, Shops and Office Buildings.

Chapter 229.—with amendments.—1. This Act may be cited as "The Factory, Shop and Office Building Act."

#### Interpretation.

2. In this Act,—

(a) "Bake-shop" shall mean any building, premises, workshop, structure, room or place wherein is carried on the manufacture or sale of confectionery, or of bread, biscuits, cakes, or any other food product made from flour, or from meal or from both, in whole or in part, and shall include any room or rooms used for storing the confectionery, bread, biscuits, cakes and other food products and materials.

(b) "Child" shall mean a person under the age of fourteen years.

(c) "Court" shall mean the Justices of the Peace or Police Magistrate, as the case may be, to whom jurisdiction is given by this Act to hear and determine prosecutions under this Part.

(d) "Employer" as applied to a factory or shop shall mean any person who in his own behalf, or as the manager, superintendent, overseer, or agent, has charge of any factory, shop or bakeshop and employs persons therein, and in the case of an office building shall include the superintendent, manager or caretaker thereof.

(e) "Factory" shall mean :

(i) Any building, workshop, structure or premises of the description mentioned in Schedule A, together with such other buildings, structures or premises as the Lieutenant-Governor in Council may by proclamation declare to be factories within the meaning of this Part ;

(ii) Any other building, workshop, structure, premises, room or place, wherein or within the precincts of which, steam, water, electrical power or energy, or other power is used to move or work any machinery employed in preparing, manufacturing or finishing, or in any process incidental to the preparing, manufacturing or finishing of any articles, substance, material fabric or compound, or is used to aid the manufacturing process carried on there ;

(iii) Any other building, workshop, structure, premises, room or place wherein the employer of the persons working there has the right of access and control, and in which, or within the precincts of which, any manual labour is exercised by way of trade or for purposes of gain in or incidental to the making of any article, or part of any article, the altering, repairing, ornamenting or finishing of any article, or, the adapting for sale of any article.

(f) "Inspector" shall mean an inspector appointed by the Lieutenant-Governor in Council for enforcing the provisions of this Part and shall include the chief inspector.

(g) "Mill-gearing" shall include every shaft, whether upright, oblique or horizontal, and every wheel, drum, pulley or other appliance by which the motion of the first moving power is communicated to any machine appertaining to a manufacturing process.

(h) "Minister" shall mean the member of the Executive Council charged for the time being with the administration of this Part.

(i) "Office" shall include a building or that part of a building occupied and under the control of a separate employer and used for office purposes.

(j) "Office building" shall mean a building used or occupied for office purposes and not as a shop or factory, and shall include a part of a building when so used or occupied.

(k) "Owner" shall mean the person for the time being entitled in his own right or as a trustee, mortgagee in possession, guardian, committee, agent or otherwise to receive the rents, issues and profits of any premises used as a factory, shop, bakeshop or office building so far as such rents, issues and profits are not payable solely in respect of the use or occupancy of land apart from any buildings or other improvements erected or situate thereon.

(kk) A building, or a part of a building, used and occupied by a municipal or school corporation or by any municipal commission for office purposes, shall be deemed an office building within the meaning of this Act, and the provisions of this Act applicable to office buildings shall apply thereto, and the municipal or school corporation or commission owning or occupying any such building or part of a building shall be deemed the owner thereof within the meaning of this Act notwithstanding that no rents, issues or profits are derived therefrom. 1918, c. 44, s. 3.

(l) "Parent" shall mean a parent or guardian of, or a person having the legal custody of, or the control over, or having direct benefit from the wages of a child, youth or young girl.

(m) "Regulations" shall mean regulations made by the Lieutenant-Governor in Council under the authority of this Part.

(n) "Shop" shall mean any building or a portion of a building, booth, stall, or place where goods are handled, or exposed or offered for sale, and any such building, or portion of a building, booth, stall or place where goods are manufactured, and which is not a factory to which this Act applies; but shall not include any place where the only trade or business carried on is that of a licensed hotel or tavern.

(o) "Week" shall mean the period between midnight on Sunday night and midnight on the succeeding Saturday night.

(p) "Woman" shall mean a woman of eighteen years of age and upwards.

(q) "Young girl" shall mean a girl of the age of fourteen and under the age of eighteen years.

(r) "Youth" shall mean a male of the age of fourteen and under the age of sixteen years.

#### Application of Act.

3.—(1) Nothing in this Part shall in any way conflict or interfere with the powers and duties of local boards of health or the officers appointed under The Public Health Act.

(2) For the purposes of this Part in respect to sanitary measures, the chief officer of health or any health officer may act jointly with or independently of the inspector under this Part.

4. Nothing in this Part shall extend to a mechanic, artisan or labourer, working only in repairing either the machinery in, or any part of a factory, shop, bakeshop, or office building.

5.—(1) A part of a building used as a factory, shop, bakeshop, or office building may, with the written approval of an inspector, for the purposes of this Part be taken to be a separate factory, shop, bakeshop, or office building.

(2) A place used as a dwelling or sleeping room only shall not be deemed to form part of a factory, shop, bakeshop or office building for the purposes of this Part.

(3) Where a place situate within the close or precincts forming a factory is solely used for some purpose other than the manufacturing process or handicraft carried on in the factory, such place shall not be deemed to form part of that factory, for the purposes of this Part, but shall, if otherwise it would be a factory, be deemed to be a separate factory, and be regulated accordingly.

(4) Any premises or place shall not be excluded from the definition of a factory by reason only that such premises or place are or is in the open air.

6. (1) Every shop, building or room in which one or more persons are employed in doing public laundry work by way of trade or for the purpose of gain shall be deemed a factory to which this Part applies.

(2) This section shall not apply to a dwelling in which a female is engaged in doing custom laundry work at her home for a regular family trade.

7. (1) Except as otherwise expressly provided this Part shall not apply to any factory where not more than five persons are employed, and no power other than manual labour is used in aid of the manufacturing process carried on there.

(2) A factory in which in any calendar year more than five persons are employed at any one time shall during that year be deemed a factory, unless the inspector is satisfied that less than six persons are usually employed therein.

(2a) Notwithstanding anything contained in section 7 of this Act, this Part shall apply to every factory in which machinery is used which is operated by steam, electrical or any other power than hand power. 1918, c. 44, s. 2.

(3) This Part shall not apply to any shop where only members of the employer's own family dwelling in a house to which the shop is attached are employed at home.

8. (1) Where any owner, occupier or tenant of any premises, building, workshop, structure, room or place who has the right of access thereto, and control thereof, contracts for work or labour to be done therein by any other person or lets or hires out any part thereof for that purpose, and such other person engages or employs therein any workman, youth, young girl, or woman in or for the carrying out or performing of such work or labour, or any part thereof, every such workman, youth, young girl or woman shall, for all the purposes of this Part, be deemed to be in the service and employment of such owner, occupier or tenant.

(2) In computing the number of persons employed in any place in order to ascertain if such place is a factory to which this Part applies, every such workman, youth, young girl or woman shall be counted.

9. (1) Every person found in a factory, except at meal times, or except while all the machinery of the factory is stopped, or for any other purpose than that of bringing food to the persons employed in the factory, shall, until the contrary is proved, be deemed for the purposes of this Part to have been then employed in the factory.

(2) Yards, playgrounds and places open to public view, waiting rooms, and other rooms belonging to the factory in which no machinery is used or manufacturing process carried on, shall not be taken to be part of the factory for the purposes of this section.

10. (1) A youth, young girl or woman who works in a factory, whether for wages or not either in a manufacturing process or handicraft, or in cleaning any part of the factory used for any manufacturing process or handicraft, or in cleaning or oiling any part of the machinery, or in any other kind of work whatsoever incidental to or connected with the manufacturing process or handicraft, or connected with the article made, or otherwise the subject of the manufacturing process or handicraft therein shall, save as is herein otherwise provided, be deemed to be employed in such factory.

(2) For the purpose of this section an apprentice shall be deemed to work for hire.

11. (1) In every factory and shop the employer shall keep a register of the children, youths, young girls and women employed in the factory and shop and of their employment, Forms 1 and 2 in Schedule "B", and shall send to the inspector such extracts from any register kept in pursuance of this Part as the inspector from time to time requires for the execution of his duties, and shall permit the inspector at all times to inspect such register.

(2) For every contravention of this section the employer shall incur a penalty not exceeding \$30.

12. (1) On the first page of every register kept by an employer pursuant to this Part, or to the regulations made by the Lieutenant-Governor in Council, shall be printed the Form 4 in Schedule "B", and the same shall be properly filled up and signed by the inspector and the employer, when such register is commenced to be kept.

(2) The forms of notice mentioned in Schedule "B" may be altered or modified by regulation of the Lieutenant-Governor in Council.

13. Where, in a factory or shop, the owner or hirer of a machine or implement moved by steam, water, electrical power or energy, or other power, in or about or in connection with which machine or implement any child, youth, young girl or woman is employed, is some person other than the employer, and such child, youth, young girl, or woman is in the employment and pay of the owner or hirer of such machine or implement, he shall, so far as respects any offence against this Part, which may be committed in relation to such child, youth, young girl, or woman, be deemed to be the employer.

14. Before erecting any building or altering any existing building which it is intended thereafter to use as a factory, or where the building or proposed building is over two stories in height, as a shop or office building, the owner shall submit the plans of such building or of the proposed alterations to the inspector, and the inspector shall examine the same and if he finds that the plans provide for the fulfilment of the requirements of this Act as to the construction of factories, "shops or office buildings as the case may be", he shall certify his approval thereon, and the owner shall not proceed with the erection or alteration of such building without such approval. Amended 1918, c. 44, 54.

[Section 5 of chapter 44 of the Act of 1918 provides that every plan required to be submitted to the inspector under section 14 shall be submitted in duplicate and one duplicate may be certified as provided in the said section and the other shall be retained by the inspector and filed in the Trades and Labour Branch.]

15. (1) The owner, proprietor or manager of any factory shall not begin operations until he has received from the inspector a certificate of inspection of the factory and a permit to operate the same.

(2) Any person who contravenes the provisions of this section shall incur the penalties provided for in section 72.

16. Every person shall, within one month after he begins to occupy a factory, transmit to the inspector a notice, Form 7, Schedule "B," containing the name of the factory, the place where it is situate, the address to which he desires his letters to be addressed, the nature of the work, the nature and amount of the moving power therein, and the name of the firm under which the business of the factory is to be carried on, and in default shall incur a penalty not exceeding \$30.

16.a. Whenever the inspector deems that any machinery, appliance, matter, or thing in a factory is a source of danger to the health or safety of the employees or of persons having access

to the factory, he shall give notice in writing to the employer, requiring him to take such measures for guarding such machinery, appliance, matter or thing, or protecting the safety or health of employees and other persons against danger therefrom, as the inspector may think requisite and a factory in which the employer neglects to comply with any such notice within the time specified therein, shall be deemed to be kept so that the safety of the persons employed therein is endangered. 1918, c. 44, s. 13.

#### Administration.

17. The Lieutenant-Governor in Council may for the purpose of carrying out this Part—

(a) appoint as many inspectors, male or female, as may be deemed necessary, one of whom he may designate as chief inspector, who shall have the general supervision and direction of the other inspectors and of the carrying out of the provisions of this Part;

(b) make such regulations for carrying out the provisions of this Part, as may be deemed necessary.

18. (1) Every inspector may, in the execution of this Act, and for enforcing the regulations, (a) enter, inspect and examine at all reasonable times by day or night any factory, shop, bakeshop or office building when he has reasonable cause to believe that any person is employed therein, and enter by day any place which he has reasonable cause to believe is a factory, shop, bakeshop or office building;

(b) require the production of any register, certificate, notice or document required by this Part to be kept, and inspect, examine and copy the same;

(c) take with him a constable into a factory, shop, bakeshop or office building in which he has reasonable cause to apprehend any serious obstruction in the execution of his duty;

(d) make such examination and enquiry as may be necessary to ascertain whether the provisions of this Part are complied with, so far as respects the factory, shop, bakeshop or office building and the persons employed therein;

(e) examine either alone or in the presence of any other persons, as he thinks fit, with respect to matters, under this Part, every person whom he finds in a factory, shop, bakeshop or office building, or whom he has reasonable cause to believe to be, or to have been, within the two preceding months, employed in a factory, shop, bakeshop or office building, and require such person to be so examined and to sign a declaration of the truth of the matters respecting which he is so examined;

(f) for the purpose of any investigation, inquiry or examination made by him under the authority of this Part, administer an oath to and summon any person to give evidence;

(g) exercise such other powers as may be necessary for carrying out the provisions of this Part.

(2) The owner and employer and his or their agents and servants, shall furnish all necessary means in his or their power required by the inspector for any entry, inspection, examination, inquiry, or the exercise of his powers in relation to such factory, shop, bakeshop or office building.

(3) Every person who wilfully delays the inspector in the exercise of any power under this section, or who fails to comply with a requisition or summons of the inspector in pursuance of this section, or to produce any certificate or document which he is required by or in pursuance of this Act, to produce; or who conceals or attempts to conceal, or prevents or attempts to prevent a child, youth, young girl or woman from appearing before or being examined by the inspector, shall be deemed to obstruct an inspector in the execution of his duties under this Part.

(4) Where the inspector is obstructed in the execution of his duties, the person obstructing him shall incur a penalty not exceeding \$30; and where he is so obstructed in a factory, shop, bakeshop or office building, the employer shall incur a penalty not exceeding \$30, or where the offence is committed at night, \$100.

(5) It shall be the duty of the inspectors appointed under this Act to assist in the enforcement of The Stationary and Hoisting Engineers' Act, to report to the Stationary and Hoisting Engineers' Board any violation thereof, and to furnish to the Board such information as they may have as to the conduct and capability of any person holding or applying for a certificate. 1914, c. 40, s. 1.

18a. Whenever the inspector deems that there is reasonable cause to believe that he may be resisted, obstructed or hindered in entering, inspecting or examining any factory, shop, bakeshop or office building, he may require any constable authorized to act in the locality to accompany him and to put down any such resistance, obstruction or hindrance by force, if necessary, and it shall be the duty of the chief constable and every member of the police force in any locality to render the inspector such assistance in carrying out his duties under the said Act as he may require. 1918, c. 44, s. 8.

19. Every inspector shall be furnished with a certificate of his appointment, under the hand and seal of the Minister, and on applying for admission to any premises shall, if required, produce such certificate.

20. The inspector, whenever he deems it necessary, may take with him into any premises a legally qualified medical practitioner, medical officer of health, or sanitary inspector.

21. (1) The inspector, before entering, in pursuance of the powers conferred by this Part, without the consent of the occupier, any room or place actually used as a dwelling, shall obtain such warrant as is hereinafter mentioned, from a justice of the peace.

(2) The justice, if satisfied by information on oath, that there is reasonable cause to suppose that any provision of this Part is contravened in any such room or place, shall grant a warrant

under his hand, authorizing the inspector named therein, at any time not exceeding one month from the date thereof, to enter the room or place named in the warrant, and exercise therein the powers of inspection and examination conferred by this Act, and the provisions of this Part, with respect to obstruction of the inspector, shall apply.

21a. Notwithstanding anything contained in sections 18 to 21 of this Act, the inspector may enter, inspect and examine at all reasonable times by day or night any premises when he has reason to believe that such premises or any part thereof are being used as a factory, shop, bakeshop or office building. 1918, c. 44, s. 6.

22. Where an inspector is called as a witness, he may, by the direction and on behalf of the Attorney-General or of a member of the Executive Council, object to giving evidence as to any premises inspected by him in the course of his duty.

23. (1) There shall be affixed at the entrance of a factory, and in such other convenient parts of every factory, shop, bakeshop and office building as the inspector directs, and be constantly kept so affixed in the form directed by the inspector and in such position as to be easily read by the persons employed:—

(a) Such notices of the provisions of this Part, and of any regulations made thereunder as the inspector deems necessary to enable the persons employed to become acquainted with their rights, liabilities and duties under this Part;

(b) A notice of the name and address of the inspector;

(c) In the case of a factory a notice of the clock (if any) by which the period of employment and times for meals in the factory are regulated;

(d) Every other notice and document, required by this Part to be so affixed.

(2) In the event of a contravention of any provision or requirement of this section, the employer shall incur a penalty not exceeding \$20, and any person who pulls down, alters or defaces any such notice, shall incur a like penalty.

23a. The notices as to the provisions of The Factory, Shop and Office Building Act, which are required by section 23 of the said Act to be affixed at the entrance to and in other parts of a factory, shop, bakeshop or office building, shall be so affixed by the inspector, and thereafter the employer shall see that the same are constantly kept affixed and in default shall incur the penalty provided by subsection 2 of the said section. 1918, c. 44, s. 7.

24. (1) Any notice, order, requisition, summons or document required or authorized to be served or sent, for the purposes of this Part may be served or sent by delivering the same to or at the residence of the person on or to whom it is to be served or sent, or where that person is an employer, by delivering the same, or a true copy thereof, to his agent or to some person in the factory, shop, bakeshop or office building, of which he is employer.

(2) Such notice, order, requisition, summons or document may also be served or sent by post, and if so served or sent shall be deemed to have been served and received respectively at the time when the letter containing the same would be delivered in the ordinary course of post, and in proving such service or sending, it shall be sufficient to prove that it was properly addressed and mailed; and where it is required to be served on or sent to an employer it shall be deemed to be properly addressed, if addressed to the factory, shop, bakeshop or office building in respect of which he is employer, with the addition of the proper postal address, but without naming the employer.

## EMPLOYMENT.

### Children, Youths, Young Girls and Women.

24a. No child shall be employed in any factory, and sections 25, 26, 31 and 36 of The Factory, Shop and Office Building Act relating to the employment of children in the business of canning or desiccating fruits and vegetables are repealed. 1918, c. 44, s. 9.

25. (Repealed. 1918, c. 44, s. 9.)

26. (Repealed. 1918, c. 44, s. 9.)

27. No person under twelve years of age shall be employed in any shop.

28. The Lieutenant-Governor in Council may by proclamation, prohibit the employment of young girls and youths in factories, the work in which he deems dangerous or unwholesome.

29. No child shall be employed in any shop during school hours unless such child shall have furnished to the employer a certificate issued in accordance with the provisions of The Truancy Act permitting the absence of the child from school, and such certificate shall be kept on file by the employer and produced, whenever called for by the inspector.

30.—(1) In any shop in which young girls or women are employed the employer shall at all times provide and keep therein a sufficient and suitable chair or seat for the use of every such young girl or woman, and shall permit her to use such chair or seat when not necessarily engaged in the work or duty for which she is employed; and the employer shall not by any open or covert threat, rule, or other intimation, expressed or implied, or by any contrivance, prevent any female employee from using such chair or seat.

(2) Any person who contravenes any of the provisions of this section shall incur a penalty of not less than \$10 nor more than \$25.

31. (Repealed. 1918, c. 44, s. 9.)

31a. (1) No Chinese person shall employ in any capacity or have under his direction or control any female white person in any factory, restaurant or laundry.

(2) Subsection 1 shall not come into force until a day to be named by proclamation of the Lieutenant-Governor in Council. 1914, c. 40, s. 2.

### Hours of Employment.

32. Except as provided in sections 33 and 34, in a factory or shop—

(a) No child, youth, young girl or woman shall be employed for more than ten hours in one day, unless a different apportionment of the hours of labour per day has been made for the sole purpose of giving a shorter day's work on such day of the week as may be arranged; nor shall any such person be so employed for more than sixty hours in any one week.

(b) the hours of labour for any such person in any one day shall not be earlier than seven o'clock in the forenoon or later than half-past six o'clock in the afternoon in a factory, or six o'clock in the afternoon in a shop, unless a special permit in writing is obtained from the inspector.

(c) no child, youth, young girl or woman who has been previously on any day employed in any factory or shop for the number of hours permitted by this Part, shall, to the knowledge of the employer, be employed on the same day in any other factory or shop, and no such person who has been so employed in a factory or shop for less than such number of hours shall be employed in any other factory or shop on the same day for a longer period than will complete such number of hours.

(d) The employer shall allow every child, youth, young girl or woman not less than one hour at noon of each day for meals, and such hour shall not be counted as part of the time herein limited for the employment of any such person.

33. A child between twelve and fourteen years of age, and a youth, young girl or woman may be employed in a shop between the hours of seven o'clock in the morning and ten o'clock in the afternoon on Saturday and the day next before a statutory holiday, and during the period from the 14th day of December to the 24th day of December, both inclusive, in each year.

34. (1) Subject to the regulations, where—

(a) any accident which prevents the working of a factory happens to the motive power; or  
(b) from any other occurrence beyond the control of the employer the machinery, or any part of the machinery, of any factory cannot be regularly worked; or

(c) the customs or exigencies of trade require that the youths, young girls or women working in a factory, or in certain processes in a factory, shall be employed for longer than the prescribed period,

the inspector may, on proof to his satisfaction of such accident, occurrence, custom or exigency of trade, give permission in writing for such exemption from the observance of the foregoing provisions as will, in his judgment, fairly and equitably to the employers of, and to the youths, young girls and women in such factory, make up for any loss of labour from such accident or occurrence, or meet the requirements of such custom or exigency of trade;

(2) If the inspector permits such exemption,

(a) no youth, young girl or woman shall be employed before the hour of six o'clock in the morning nor after the hour of nine o'clock in the afternoon;

(b) the hours of labour for youths, young girls and women shall not be more than twelve and a half in any one day, nor more than seventy-two and a half in any one week;

(c) such exemption shall not comprise more than thirty-six days, in the whole, in any twelve months; and in reckoning such period of thirty-six days, every day on which the youth, young girl, or woman has been employed overtime shall be taken into account;

(d) during the continuance of such exemption, in addition to the hour for the noonday meal, there shall be allowed to every youth, young girl or woman so employed in the factory on any day to an hour later than seven of the clock in the afternoon, not less than forty-five minutes for another meal between five and eight of the clock in the afternoon; and

(e) in every factory with respect to which any such permission for exemption is given, there shall, in compliance with the provisions of section 23, be affixed a notice specifying the extent and particulars of such exemption.

35. (Repealed. 1918, c. 44, s. 10.)

36. (Repealed. 1918, c. 44, s. 9.)

37. Where any youth, young girl or woman is employed in any factory for a longer period, or until a later hour than is prescribed by section 34, the duration of such employment shall be daily recorded by the employer in a register Form 3 of Schedule "B," or in such other form as may be prescribed by the regulations.

38. Notice of the hours between which youths, young girls or women may be employed in a factory shall be in Form 5, Schedule "B," or in such other form as may be prescribed by the regulations, and shall be signed by the inspector and by the employer, and shall be posted up during the period covered by such notice in such conspicuous place or places in the factory as the inspector requires.

Meals on Premises.

39. In a factory or shop in which any child, youth, young girl or woman is employed,—

(a) if the inspector so directs in writing, the employer shall not allow any such person to take meals in any room in which any manufacturing process is then being carried on.

(b) after being directed by the inspector in writing so to do, the employer shall, at his own expense, provide a suitable room or place in the factory or shop or in connection therewith, for the purposes of a dining and eating room for persons employed in the factory or shop, no part of the expense of which shall be payable by or chargeable to the wages of the employees.

(c) no person shall take or be allowed to take food into any room where paint, varnish, dye, white lead, arsenic, or any other poisonous substance is exposed, or where deleterious fumes, dust or gases are known to be present, and drinking water in any such room shall be taken directly from taps or suitably closed receptacles.

39a. (1) Where not less than thirty-five females are employed in a factory or shop, the employer shall provide suitable dressing-rooms and eating-rooms for the female employees and shall employ a suitable person as matron or attendant to have charge of such dressing-rooms and eating-rooms.

(2) Subsection 1 shall not apply to any case where, owing to the nature of the occupation or for other reasons, the inspector dispenses with compliance thereof in writing signed by him.

(3) Every factory or shop in which the employer neglects to comply with the provisions of this section after notice in writing from the inspector shall be deemed to be kept so that the health of the employees is endangered. 1918, c. 44, s. 12.

40. Where a child, youth, young girl or woman is employed in a factory or shop in which there is a contravention of any of the provisions of sections 32 to 34 or of any regulation made under section 34, such child, youth, young girl or woman shall be deemed to be unlawfully employed and so that his or her health is likely to be injured.

40a. (1) In this section "camp" shall mean shelter provided for the lodging of six or more persons employed in gainful occupation for a temporary purpose and for a period not exceeding six months.

(2) No person shall contract for the employment of, or employ women or girls in any occupation who during their employment lodge in a camp, unless and until a permit has been obtained from the Deputy Minister of Labour authorizing such employment.

(3) Every such permit shall be conditional upon compliance with the regulations made under the authority of this section, and the Deputy Minister of Labour may cancel or suspend any permit issued by him under subsection 2 for non-compliance with any such regulation.

(4) The Lieutenant-Governor in Council may make regulations respecting:—

(a) The sanitary and other conditions to be observed in a camp;

(b) The season during which employment in a camp may be permitted and the hours of labour of women and girls;

(c) The proper supervision of a camp, including physical and moral protection for women and girls employed therein and the appointment and duties of a suitable matron and female superintendent in a camp;

(d) The location, drainage and arrangement of a camp, the materials, to be used and the class of buildings or other shelter to be provided;

(e) The provision of a healthful and suitable supply of food and pure water and the conditions under which the same shall be prepared and served;

(f) Washing facilities and bedding and flooring to be provided in such camps.

(5) Every person who employs women or girls in a camp without the permit required by subsection 2 or who refuses or neglects to comply with any regulation made under the authority of this section, shall incur a penalty of not less than \$25 nor more than \$100, and in default of payment of the same shall be liable to imprisonment for a period of not more than twelve months. 1919, c. 64, s. 2.

HEALTH AND SAFETY.

Sanitary Regulations.

41. (1) The owner of every building used as a factory, shop or office building shall,—

(a) provide a sufficient number and description of privies, earth or water-closets and urinals for the employees of such factory, shop or office building, including separate sets for the use of male and female employees, with separate approaches thereto, one closet for every 25 persons of each sex employed in the factory, shop or office building, and shall keep at the entrance to such closet a clearly painted sign indicating for which sex the closets are provided;

(b) be responsible for the remedying of any effluvia arising from any drain, or defective plumbing and for any repairs required to keep the building in a safe and habitable condition;

(c) arrange for a supply of pure drinking water available for each occupier.

(2) The Lieutenant-Governor in Council may prescribe such additional regulations with respect to such conveniences as may be deemed proper.

(3) The owner of every factory, shop or office building, who for thirty days, or such extended period as the inspector in writing allows, refuses or neglects to comply with the requirements of

subsection 1, or of the regulations, after being notified in writing in regard to the same by the the inspector shall incur a penalty of not more than \$500, and in default of payment shall be liable to imprisonment for any period of not more than twelve months.

42. A factory, shop or office building in which a contravention of the regulations made by the Hydro-Electric Power Commission of Ontario under The Power Commission Act occurs, shall be deemed to be kept so that the safety of the persons employed therein is endangered.

43. (1) The employer of every factory or shop shall,—

(a) keep it in a clean and sanitary condition and free from any effluvia arising from refuse of any kind;

(b) keep privies, earth or water-closets and urinals in good repair and in a sanitary condition, and keep closets separated for male and female employees, and provide conveniences to the satisfaction of the inspector for the employees using them;

(c) heat the premises throughout and regulate the temperature so as to be suitable for the work to be performed therein, and not to be injurious to the health or comfort of the employees; but in no case shall the temperature be less than 60 degrees Fahrenheit unless authorized by the inspector in writing;

(d) ventilate the factory or shop in such a manner as to keep the air reasonably pure and so as to render harmless, as far as reasonably practicable, all gases, vapours, dust or other impurities generated in the course of any manufacturing process or handicraft carried on therein that may be injurious to health;

(e) not allow over-crowding while work is carried on therein, so as to be injurious to the health of the persons employed therein, the standard to be allowed being 300 cubic feet of room space for each employee;

(f) provide a wash-room, clean towels, soap and a sufficient supply of wholesome drinking water and proper drinking cups for employees, and watertaps which shall be at least eight feet distant from any water-closet or urinal, and also, in the case of a foundry, shower baths for the employees; and

(g) if the manufacturing process carried on in any part of the premises renders the floor liable to be wet to such an extent that the health of any person employed therein is likely to be endangered, see that adequate means are provided for the proper draining of such floor.

(2) The inspector may require the employer of any factory or shop to provide a sufficient number of spittoons and place the same in different parts of the premises, and keep the same clean.

(3) In every factory or shop where any process is carried on by which dust is generated and is inhaled by the workers to an injurious extent, then, subject to the regulations, the inspector may, if such inhalation can by mechanical means by prevented or partially prevented, direct that such means shall be provided within a reasonable time by the employer, who shall be bound so to provide them.

(4) Where grinding, polishing or buffing is carried on in any factory or shop subsection 3 shall apply irrespective of the number of persons employed therein.

(5) No employer shall knowingly permit or suffer any person to work in a factory or shop in which food or food products or materials are manufactured, stored, or kept for sale or sold who is affected with pulmonary tuberculosis or with scrofula, or with any venereal disease or with any communicable skin disease, and every employer shall keep himself and his employees in a reasonably healthy condition.

(6) The employer of a factory or shop, who for thirty days refuses or neglects to comply with the requirements of this section, or with the regulations, after being notified in writing in regard to the same by the inspector shall incur a penalty of not more than \$500, and in default of payment shall be liable to imprisonment for a period of not more than twelve months.

(7) The Lieutenant-Governor in Council may make regulations for the more effectual carrying out of the provisions of this section. 1914, c. 40, s. 4.

43A. (1) The employer in every factory, shop, bakeshop or office building shall, during working hours, keep the factory, shop, bakeshop or office building, including all passages and sanitary conveniences used in connection therewith and under his control, properly lighted so as not to be injurious to the health, safety and comfort of the employees, and the owner of every building used as a factory, shop, bakeshop or office building, shall at all times keep the same or such parts thereof as are under his control or are used in common by the tenants or occupants of the building, and the employer shall at all times keep any part thereof which is under his control, properly lighted so as not to be injurious to the health, safety or comfort of persons employed in the building or using or having access to the same.

(2) Every owner or employer who for thirty days or for such extended period as the inspector allows, refuses or neglects to comply with the requirements of this section after being notified in writing with regard to the same, by the inspector, shall incur a penalty of not less than \$200 and not exceeding \$500, and in default of payment shall be liable to imprisonment for a period of not more than twelve months. 1918, c. 44, s. 11.

44. (1) Every employer of an office shall,—

(a) see that the office is kept in a clean and sanitary condition and properly ventilated, heated and lighted so as not to be injurious to the health or comfort of the persons employed therein.

(b) not allow overcrowding so as to be injurious to the health of the persons employed therein;

(c) provide a supply of clean towels, soap and a sufficient supply of wholesome drinking water and proper drinking cups for the persons employed therein.

(2) Where in an office building the privies, closets or urinals or other conveniences are not situate in that part of the building occupied by and under the control of an employer it shall be the duty of the owner, and where such conveniences are situate in that part of the building occupied by and under the control of a separate employer it shall be the duty of such employer to keep the same in good repair and in a sanitary condition.

(3) The owner of every office building, shall at all times keep the same or such parts thereof as are used in common by the tenants or occupants thereof and are under his control, in a clean and sanitary condition, and so as not to be injurious to the health of persons employed in the building or using or having access to the same.

(4) Every owner or employer, who for thirty days or for such extended period as the inspector allows, refuses or neglects to comply with the requirements of this section after being notified in writing in regard to the same by the inspector, shall incur a penalty not exceeding \$500, and in default of payment shall be liable to imprisonment for any period of not more than twelve months.

45. Where an owner is required by or under the provisions of this Act to do anything which as between him and his tenant it is not his but the tenant's duty to do, he shall be entitled to recover from the tenant the amount of any expenditure incurred in doing it.

46. Where two or more persons occupy or use the same room or premises as a factory, and employ in the aggregate six persons or more, no one of them employing so many as six, such room and premises shall for the purposes of sections 41 and 43 be deemed a factory to which this Part applies.

47. Without the written consent of the inspector no part of a factory shall be kept or used as a bedroom or sleeping place.

48. The provisions of section 47 shall not apply to a laundry in which not more than five persons are employed.

49. No public laundry work shall be done in a room used for a sleeping or living room, or in a room used for cooking or preparing meals.

50. The provisions of section 49 shall not apply to a female engaged in doing custom laundry work at her home for a regular family trade.

51. A stable shall not be kept or used under the same roof as a factory or bakeshop, unless there is between the stable and the factory or bakeshop a sufficient brick or other partition wall approved by the inspector separating the one from the other.

#### Clothing Manufacturers.

52.—(1) Every person contracting for the manufacture of any garment, article of clothing or wearing apparel or any part thereof, or giving out the same to be wholly or partially altered or improved, or giving out for manufacture, alteration or improvement, material from which the same are to be made up or completed, shall keep a written register of the name and address serially numbered of every person so contracted with, or to whom any such garment, article or material is so given out, and of the places where the work is to be done.

(2) The register shall at all times be open to inspection by the inspector, and the person required to keep it shall furnish a copy of the register to the inspector whenever demanded by him.

(2a) In a city having a population of 50,000 or over—

(a) No person shall receive for manufacture, alteration or improvement, any garment, article of clothing or wearing apparel, or any part thereof or material from which the same are to be made up or completed, until he has obtained a permit from the inspector as hereinafter provided;

(b) No person shall let out for manufacture, alteration or improvement, any such garment, article of clothing or wearing apparel, or any part thereof, or material from which the same are to be made up or completed, until he has ascertained that the person to whom the same is to be let out has received such permit. 1919, c. 64, s. 3.

(3) No person shall knowingly sell or expose for sale any of the garments or articles mentioned in this section and made in any dwelling house, tenement house or building forming part of or in the rear of a tenement or dwelling house, without a permit from the inspector stating that the place of manufacture is thoroughly clean and otherwise in a good sanitary condition.

(4) Such permit shall state the maximum number of persons allowed to be employed upon the premises, and shall not be granted until an inspection thereof has been made by the inspector and the permit may be revoked by the inspector at any time, if, in his opinion, the protection of the health of the community, or of those so employed upon the premises, renders such revocation desirable.

(5) When any such garment or article is found by the inspector to be made under unclean or unhealthy conditions, or upon any premises not entered on the register, he shall seize and impound the same and affix thereto a label bearing the word "unsanitary" printed on a tag not less than four inches in length; and shall immediately notify the local Board of Health, whose duty it shall be to disinfect it, and thereupon remove such label.

(6) The owner of any such garment or article shall be entitled after it has been disinfected, to have the same returned to him upon first paying the expense of such seizure and disinfection.

(7) If the inspector finds evidence of unclean or unhealthy conditions, or infectious or contagious disease present in any workshop or in any tenement or dwelling where any of the garments or articles hereinbefore mentioned are made, altered or improved, or in any goods manufactured or in process of manufacture on such premises, he shall forthwith report the facts to the local Board of Health, which shall forthwith make such order as the public health may require, or may condemn and destroy all such garments or articles, or any garment or article made, altered or improved, or in process of manufacture under unclean or unsanitary conditions.

#### Female Employees—Mode of Wearing Hair.

53.—(1) Young girls and women in a factory shall, during working hours, wear their hair rolled or plaited and fastened securely to their heads, or confined in a close-fitting cap or net so as to avoid contact with machinery, shafting or belting or with the material being handled.

(2) The manager, superintendent, foreman or other person in charge shall see that employees are fully notified of the provisions of this section.

#### Cleaning Machinery.

54. (1) (Repealed, 1918, c. 44, s. 9.)

(2) A youth, young girl or woman shall not be allowed to clean such part of the machinery in a factory as is mill-gearing, while the same is in motion.

(3) A young girl shall not be allowed to work between the fixed and traversing part of any self-acting machine while the machine is in motion.

(4) A youth, young girl, or woman, allowed to clean or work in contravention of this section, shall be deemed to be employed contrary to the provisions of this Part.

#### Guarding Machinery.

55. (1) In every factory:—

(a) all mill-gearing, vats, pans, cauldrons, reservoirs, wheel races, flumes, water-channels, openings and doors opening in the floors or walls, bridges, and dangerous machinery, shafting, or belting, and all other dangerous structures and places, shall be as far as practicable securely fenced or guarded;

(b) no machinery other than steam engines shall be cleaned while in motion, if the inspector gives written notice to the employer to that effect;

(c) any matter or thing which the Lieutenant-Governor in Council by regulation requires to be fenced or guarded shall be securely and safely guarded;

(d) any other matter or thing which the inspector considers dangerous, and in regard to which he gives notice in writing to that effect to the employer, shall likewise be securely fenced or guarded to the satisfaction of the inspector.

(2) The Lieutenant-Governor in Council may make regulations prescribing the manner in which any of the matters or things mentioned in subsection 1, shall be fenced or guarded, and the class of fence or guard to be used on any such machinery or about any such structure or place, in any factory or class of factories, and for such further precautions to be taken with respect to the matters mentioned in subsection 1. as he may deem necessary for preventing loss of life or personal injury.

(3) A factory in which a contravention of this section or of the regulations made thereunder occurs shall be deemed to be kept so that the safety of the persons employed therein is endangered.

56. (1) Where coal oil, petroleum, benzine, naphtha, gasoline or explosives of any kind, or any combustible or inflammable material are kept or stored in a factory or shop they shall be kept stored when not in actual use, in a building separate from the other parts of the factory or shop, or in a fireproof compartment of the factory or shop, which shall be approved of by the inspector.

(2) The Lieutenant-Governor in Council may add to the articles mentioned in subsection 1, any inflammable or combustible material to which he deems it expedient that the provisions of subsection 1 should apply, and he may also prescribe the maximum quantity of any of the articles mentioned in subsection 1 or in the regulations, which may at any time be in actual use in the factory or shop.

(3) A factory or shop in which a contravention of this section or of any regulations made thereunder occurs shall be deemed to be kept so that the safety of the persons employed therein is endangered.

#### Boiler Inspection.

57. (1) No boiler in a factory, shop, bakeshop or office building or in any other building on any other premises or in any other place or in a highway or any other public place shall be operated or used unless the same is insured in some boiler insurance company, registered in the Department of Insurance, or has been inspected within one year by some person authorized in writing by the Deputy Minister of Labour.

(2) Every such boiler insurance company shall annually on the thirtieth day of November

transmit to the chief inspector, a report of the boilers in Ontario, insured by it, and when the insurance is cancelled the company shall forthwith give notice thereof to the chief inspector.

(3) Whenever, the inspector is of opinion that a boiler is in such position, or is so located or operated as to be dangerous to life or property he may, by written notice to the owner and employer, and to the person operating or using such boiler, direct that the use of the boiler shall be discontinued until it has been inspected as provided in subsection 1 and a certificate has been given by the inspector that the boiler may be safely operated.

(4) A factory, shop or office building in which a boiler is used in contravention of the requirements of this section, after such notice from the inspector and before a certificate has been given as provided in subsection 3, shall be deemed to be kept so that the safety of the persons employed in the factory, shop or office building is in danger.

(5) Subject to the approval of the Lieutenant-Governor in Council, the Deputy Minister of Labour may make regulations:—

(a) prescribing the qualifications of persons to act as inspectors under subsection 1;

(b) respecting the examination of candidates and the granting of certificates and the evidence to be furnished by the candidates as to previous training and experience and as to sobriety and good character;

(c) determining the periods for which the certificates shall be granted and the terms upon which they may be renewed;

(d) fixing the fees to be paid by candidates upon examination and for certificates and renewals;

(e) prescribing the causes for which a certificate may be revoked, cancelled or suspended;

(f) fixing the fees or other remuneration to be paid to an inspector upon inspection;

(g) assigning the district or locality in which any inspector is to act.

(6) Nothing in subsection 5 shall apply to the inspection of any boiler which is insured as provided in subsection 1.

(7) In this section "boiler" shall have the same meaning as the expression "steam boiler" in "The Steam Boiler Act" but shall not include nor shall this section apply to a boiler:

(a) used for heating purposes in a dwelling house, not being part of an apartment house; or

(b) used on a farm for agricultural purposes only.

(8) Section 57 of The Factory, Shop and Office Building Act as amended by section 5 of the Act passed in the fourth year of His Majesty's reign, Chapter 40, is repealed.

(9) This section shall come into force and take effect on the first day of January, 1919. 1918, c. 44, s. 14.

#### Elevators and Hoists.

58. (1) Subject to the regulations, in every factory, shop and office building—

(a) the openings of the hoistway, hatchway, and wellhole used for every power elevator shall, at each floor, including the basement, be provided with and protected by good and sufficient trap doors or self-closing hatches or, in the case of an elevator not operated by hand power, by gates closing automatically not less than five feet six inches high, and which may be made in sections;

(b) the sides of the shafts on all floors including the basement, not guarded by gates, shall be protected by enclosures at least six feet high, approved by the inspector;

(c) where any elevator is enclosed in a tower having walls over six inches thick it may be provided with an extra operating rope outside the tower;

(d) in every case the elevator must be provided with a lock to secure the operating rope,

(e) where an elevator is operated by hand power the gates shall not be less than three feet in height and shall be automatic closing gates, and the sides not protected by gates shall be protected by enclosures not less than four feet in height approved by the inspector;

(f) a sign on which the word "Dangerous," in letters not less than four inches in height is clearly painted, shall be affixed or stencilled on the bottom rail of every gate where it will be plainly visible from the outside;

(g) the top of every elevator platform shall be provided with a sufficient guard to protect the occupants, approved by the inspector.

(h) every elevator, whether used for freight or passengers, shall be provided with some suitable mechanical device to be approved by the inspector, whereby the car or cab will be stopped and held in case of accident to the elevator or to the machinery or appliances connected therewith.

(2) The Lieutenant-Governor in Council may by regulation prescribe such requirements in addition to or in substitution for the requirements of subsection 1, with respect to the use of elevators and hoists in factories, shops or office buildings, or in any class of factories, shops or office buildings.

(3) Every owner or employer who after notice from the inspector uses or permits to be used any elevator or hoist in respect of which the provisions of this section are not complied with shall incur a penalty not exceeding \$500, and in default of payment thereof shall be liable to imprisonment for any period not exceeding twelve months.

(a) Unless equipped with a brake or other device for stopping the belt and with an automatic device for stopping it at the top, an elevator or hoist constructed upon the principle of an endless

belt or any similar contrivance shall not be used in any factory for carrying passengers, or goods, or freight, and every owner or employer who uses or permits to be used, any such contrivance not so equipped shall incur a penalty not exceeding \$500 nor less than \$50, and in default of payment thereof shall be liable to imprisonment for any period not exceeding twelve months and not less than three months, but this shall not apply to an escalator or other like contrivance which is not perpendicular, when such contrivance is supplied with hand-rails at the sides and is not otherwise enclosed and the chief inspector has certified that it is so constructed that it may be operated without danger to persons using the same. 1920, c. 86, s. 2.

(b) The rate of speed of an endless belt or any similar contrivance shall not exceed the rate of 75 ft. per minute. 1920, c. 86, s. 2.

(c) Subsections (3a) and 3b) shall come into force on the first day of January, 1921. 1920, c. 86, s. 2.

(4) Nothing in this section shall take away or interfere with the powers possessed by municipal councils under The Municipal Act in respect of hoists or elevators.

(5) In a factory, shop or office building no person under the age of eighteen years shall be allowed regularly to operate or control an elevator. 1914, c. 40, s. 6.

### Fire Prevention and Protection.

59. (1) In every factory, shop or office building, there shall be such means of prevention and protection from fire and of extinguishing fire as the inspector, acting under the regulations, directs in writing;

(2) In every factory and office building and in every shop in which more than fifteen persons are employed at any time during the year the main inside and outside doors or the use of the employees shall open outwardly, and any door leading to or being the principal or main entrance for employees or leading to any tower stairway or fire-escape shall not be bolted, barred or locked at any time during the ordinary and usual working hours.

(3) The owner of every factory, shop or office building over two storeys in height, and where deemed necessary by the inspector, the owner of every factory, shop or office building over one storey in height, shall provide one or more systems of fire escape, and shall keep the same in good repair, and to the satisfaction of the chief inspector, as follows:—

(a) a sufficient number of tower stairways with iron doorways within reach of or having easy communication with all the working rooms;

(b) a sufficient number of iron or other unflammable fire escapes on the outside of the building, consisting of stairways with railing or, if the approval of the inspector is given in writing then of iron ladders; and every such stairway or ladder shall be connected with the interior of the building by iron or tinued doors or windows with iron shutters, and shall have suitable landings at every storey, including the attic, if the attic is occupied as a workroom, and the stairways shall start at a distance of not more than eight feet from the ground or pavement.

(4) The Lieutenant-Governor in Council may make regulations for the more effectual carrying out of the provisions of this section and for the adoption of any system of fire escape in substitution for those above mentioned.

(5) The owner or proprietor of any factory, shop or office building refusing or neglecting to provide the means of safe exit in case of fire prescribed in this section, or by the regulations made thereunder, shall incur a penalty of not more than \$500, and in default of immediate payment of the same shall be liable to imprisonment for a period of not more than twelve months.

(6) A factory, shop or office building in which a contravention of this section, or of any regulation made thereunder occurs, shall be deemed to be kept so that the safety of the persons employed therein is endangered.

### Notice of Accidents, Explosions and Deaths.

60. Where a fire or accident in any factory, shop or office building occasions any bodily injury to any person employed therein whereby he is prevented from working for more than six days next after the fire or accident, a notice in writing, Form 6, Schedule "B," shall be sent to the chief inspector by the employer forthwith after the expiration of such six days, and if such notice is not so sent the employer shall incur a penalty not exceeding \$30.

61. Where an explosion occurs in a factory, shop or office building, whether any person is injured thereby or not, the fact of such explosion having occurred shall be reported to the chief inspector in writing by the employer, Form 6, Schedule "B," within twenty-four hours next after the explosion takes place, and if such notice is not so sent, the employer shall incur a penalty not exceeding \$30.

62. Where in a factory, shop or office building any person is killed from any cause or is injured from any cause, in a manner likely to prove fatal, written notice of the accident, Form 6, Schedule "B," shall be sent to the chief inspector within twenty-four hours after the occurrence thereof, and if such notice is not so sent, the employer shall incur a penalty not exceeding \$30.

## Bakeshops.

63. Every bakeshop shall be constructed and maintained as to lighting, heating, ventilation and drainage in such a manner as not to be dangerous or injurious to the health of any person working therein, and shall be kept at all times in a clean and sanitary condition, and so as to secure the manufacture and preservation of all food products and materials therein in a good and wholesome condition.

64. (1) Every bakeshop which is not within the provisions of this Part relating to factories or shops shall be provided with a proper washroom and a sufficient supply of clean towels and soap, and a closet and other conveniences for the health and comfort of the persons employed therein.

(2) The washroom, closets and other conveniences shall be separate from the bakeshop and shall be kept clean and in a sanitary condition.

65. (1) No bakeshop shall be kept in any basement or in any part of a building which is below the level of the street or road upon which the bakeshop is situate.

(2) This section shall not apply to any bakeshop established before the passing of this Act.

66. The sleeping places of the employees of every bakeshop shall be separate from the bakeshop, and no person shall sleep in a bakeshop.

67. Subsection 5 of section 43 and section 70 shall apply to every bakeshop, whether the same is or is not a factory or shop within the provisions of this Part relating to factories and shops.

68. Every bakeshop, not being a factory or shop to which section 59 applies, shall be provided with proper means and facilities of escape in case of fire, to the satisfaction of the inspector.

69. No person shall sell, expose or offer for sale, bread or buns manufactured out of Ontario without the written permission of an inspector.

70. Except with the written permission of the inspector, no person shall require, permit or suffer any employee in any bakeshop to work on Sunday, nor for more than twelve hours in any twenty-four hours, computed from the time when the employee commences to work, nor more than sixty hours in any one week, and a copy of such permission shall be posted up in a conspicuous place in the bakeshop.

## Barber Shops.

71. (1) The proprietor of a barber shop shall not:

(a) require, permit or suffer any employee to work therein on Sunday;

(b) open his barber shop or permit the same to be opened to the public or carry on any business or work therein at any time between the hours of twelve o'clock on Saturday night and twelve o'clock on the following Sunday night.

(2) Every person who contravenes the provisions of subsection 1 shall incur a penalty of not less than \$20, nor more than \$50.

## Offences and Penalties.

72. (1) No person shall keep a factory, shop or office building so that the safety of persons employed therein is endangered, or so that the health of the persons employed therein is likely to be injured, and every person who so keeps a factory, shop or office building, shall incur a penalty of not more than \$500, recoverable under The Ontario Summary Convictions Act, or may be imprisoned in the common gaol of the county within which the offence was committed for a period of not more than twelve months.

(2) The enumeration in this Part of cases in which it is declared that where an act or omission occurs, a factory, shop or office building shall be deemed to be kept so that the safety of the persons employed therein is endangered, shall not restrict or limit the generality of the provisions of subsection 1.

73. Every person who wilfully makes a false entry in any register, notice, certificate or document required by this Part to be kept or served, or sent, or who wilfully makes or signs a false declaration under this Act, or who knowingly makes use of any such false entry or declaration, shall incur a penalty of not more than \$100, and in default of immediate payment of such penalty shall be liable to imprisonment for a period not exceeding six months.

74. The parent of any child, youth or young girl employed in contravention of this Part, unless such employment is without the consent, connivance or wilful default of such parent, shall for each offence incur a penalty of not more than \$50.

75. If any of the provisions of this Part, or of the regulations, or any directions of the inspector are contravened, and no such penalty is herein provided for such contravention, the offender shall incur a penalty or not more than \$50.

76. Where a child, youth or young girl is, in the opinion of the police magistrate or justice, apparently of the age alleged by the informant it shall lie on the person charged to prove that the child, youth or young girl is not of that age.

77. Where an offence for which an employer is liable under this Part has in fact been committed by some agent, servant, workman or other person, such agent, servant, workman or other person shall also be liable to the same penalty or punishment for such offence as if he were the employer.

78. Where the employer is charged with an offence against this Part he shall be entitled, upon information duly laid by him, to have any other person whom he alleges to be the actual offender brought before the police magistrate or justice at the time appointed for hearing the charge; and if after the commission of the offence has been proved the employer proves to the satisfaction of the police magistrate or justice that he had used due diligence to enforce the execution of this Part, and that such other person had committed the offence, without the knowledge, consent or connivance of the employer, such other person may be summarily convicted of such offence, and the employer shall be exempt from any penalty or punishment.

79. Where it appears to the satisfaction of the inspector that an employer had used all due diligence to enforce the execution of this Part, and also by what person an offence against this Part was committed, and that it was committed without the knowledge, consent or connivance of the employer and in contravention of his orders, the inspector shall proceed against the person whom he believes to be the actual offender in the first instance, and not against the employer, and in case of his conviction the employer shall be exempt from any penalty or punishment.

80. A person shall not be liable in respect of a repetition of the same kind of offence from day to day to any larger penalty or punishment than the highest penalty or punishment fixed by this Part for the offence, except where,—

(a) the repetition of the offence occurs after an information has been laid for the previous offence; or

(b) the offence is one of employing two or more children, youths, young girls or women, contrary to the provisions of this Part.

81. All penalties in money, recovered under or in pursuance of this Part, shall be paid by the convicting police magistrate or justice, as the case may be, to the inspector, who shall forthwith pay the same over to the Treasurer of Ontario.

81A. (1) Whenever in this Act it is provided that a penalty may be imposed for an offence against this Act and no minimum penalty is prescribed, no less penalty shall be imposed upon conviction for the offence than an amount equivalent to one-tenth of the maximum penalty and in no case less than \$10.

(2) Notwithstanding anything in this Act contained, penalties recovered under the Act shall be paid by the convicting magistrate to the inspector or to the Crown Attorney, and shall be paid over by the inspector or the Crown Attorney as the case may be, to the chief inspector and accounted for to the Treasurer of Ontario. 1918., c. 44, s. 15.

82. (1) All prosecutions under this Part may be brought and heard before a police magistrate or any two justices in and for the county, district or place where the offence was committed; and save where otherwise provided by this Act, The Ontario Summary Convictions Act shall apply thereto.

(2) The information shall be laid within two months, or where the offence is punishable at discretion by imprisonment within three months, after the offence has come to the knowledge of the inspector, or where the inspector has given notice to the offender to remedy the matter which is alleged to be an offence against this Part within three months after the expiry of the time given by the notice to remedy the same.

(3) It shall be sufficient to allege that a factory, shop or office building is a factory, shop or office building within the meaning of this Part.

(4) It shall be sufficient to state the name of the ostensible employer or the firm name by which the employer is usually known.

83. In all cases between employer and employed or their representatives where liability for damages arises by reason of any violation of this Part, the liability shall be subject to the limitations contained in The Workmen's Compensation for Injuries Act.

#### MUNICIPAL BY-LAWS AS TO CLOSING OF SHOPS.

84. (1) In this section and in any by-law passed thereunder—

(a) "Shop" shall mean a building or portion of a building, booth, stall or place where goods are exposed or offered for sale by retail, and barbers' shops; but not where the only trade or business carried on is that of a licensed hotel or tavern, victualling house or refreshment house;

(b) "Closed" shall mean not open for the serving of any customer;

(2) Nothing in this section or in any by-law passed under the authority thereof shall render unlawful the continuance in a shop after the hour appointed for the closing thereof, of any customers who were in the shop immediately before that hour, or the serving of such customers during their continuance therein.

(3) The council of a city, town or village may by by-law require that during the whole or any part or parts of the year all or any class or classes of shops within the municipality shall be closed, and remain closed on each or any day of the week at and during any time or hours between seven of the clock in the afternoon of any day and five of the clock in the forenoon of the next following day. All by-laws heretofore passed under the authority of this subsection

shall on and after the 30th day of April, 1920, cease to be effective in so far as they apply to the sale of fresh fruit, and all by-laws hereafter passed under the provisions of this subsection shall not apply to the sale of fresh fruit. Amended, 1920, c. 86, s. 3.

(4) If an application is presented to such council praying for the passing of a by-law requiring the closing of any class of shops situate within the municipality, and the council is satisfied that such application is signed by not less than three-fourths in number of the occupiers of shops within the municipality and belonging to the class to which such application relates, the council shall, within one month after the presentation of such application, pass a bylaw giving effect thereto and requiring all shops within the municipality belonging to the class specified in the application to be closed during the period of the year and at the times and hours mentioned in subsection 3 as are named in the application. 1914, c. 2, s. 4, Schedule (36).

(5) If the application is delivered to the clerk of the council it shall be deemed to have been presented to and received by the council.

(6) The council of every township shall, with respect to any portion of such township designated in the by-law, have all the rights and powers conferred by this section on the council of a city, town or village, and may pass by-laws which shall apply only to that portion of the township so designated.

(7) The council may by by-law make regulations as to the form of the application and as to the evidence to be produced respecting the proportion of persons signing the same and as to the classification of shops for the purposes of this section, and it shall not be compulsory upon the council to pass such by-law unless and until all such regulations have been duly observed.

(8) Every such by-law shall take effect at a date named therein, being not less than one nor more than two weeks after the passing thereof, and shall before that date be published in such manner as to the council passing the by-law may appear best fitted to insure the publicity thereof.

(9) A council shall not repeal a by-law passed pursuant to subsection (4) except as provided in the next following subsection.

(10) If at any time it is made to appear to the satisfaction of the council that more than one-third in number of the occupiers of shops to which any by-law passed by the council under the authority of subsection (4) relates, or of any class of such shops, are opposed to the continuance of such by-law the council may repeal the by-law, or may repeal the same in so far as it affects such class; but any such repeal shall not affect the power of the council to thereafter pass another by-law under any of the provisions of this section.

(11) A shop in which trades of two or more classes are carried on shall be closed for the purpose of all such trades during the hours in which it is by any such by-law required to be closed for the purpose of that one of such trades which is the principal trade carried on in such shop.

(12) A pharmaceutical chemist or druggist shall not, nor shall any occupier of, or person employed in or about a shop in any village or township be liable to any penalty or punishment under any such by-law for supplying medicines, drugs or medical appliances after the hour appointed by such by-law for the closing of shops; but nothing in this subsection shall authorize any person to keep open shop after that hour.

(13) Nothing in any such by-law shall render the occupier of any premises liable to any penalty or punishment for supplying any article to any person lodging in such premises, or for supplying any article required for immediate use by reason of any emergency arising from sickness, ailment or death, or for supplying or selling any article to any person for use on or in or about or with respect to any steamboat or sailing vessel which at the time of such supplying or selling is either within or in the immediate neighbourhood of the municipality in which the premises are situate, or for use by or with respect to any person employed or engaged on or being a passenger on or by any such steamboat or sailing vessel; but nothing in this subsection shall authorize any person to keep open shop after the hour appointed by such by-law for the closing of shops.

(14) A by-law passed by the council of a township for the closing of all or any class or classes of shops may, as to any or all of its terms and provisions, differ from any other by-law passed by the same council for the closing of all or any class or classes of shops in any other designated part of the same township.

(15) Notwithstanding that the occupiers of any class of shops required to be closed by a by-law passed under the provisions of subsection (4) may not have presented an application for the passing of such by-law every such by-law shall, nevertheless, be valid and effectual as respects any other, and the occupiers of any other class of shops thereby required to be closed in conformity with any application in that behalf made or presented to the council by the prescribed number of occupiers of such last mentioned class.

(16) The onus of proving that an application in compliance with subsection (4) was not presented by the prescribed number of the occupiers of any class of shops shall be upon the person asserting that such application was not so presented.

(17) For an offence for which the occupier of a shop is liable under any such by-law to any penalty or punishment has in fact been committed by some agent or servant of such occupier such agent or servant shall be liable to the same penalty or punishment as if he were the occupier.

(18) Where the occupier of a shop is charged with an offence against any such by-law he shall be entitled, upon information duly laid by him, to have any other person whom he alleges to be the actual offender brought before the court at the time appointed for hearing the charge; and if, after the commission of the offence has been proved, the occupier proves to the satisfaction of the court that he has used due diligence to enforce the execution of the

provisions of the by-law, and that such other person committed the offence without his knowledge, consent or connivance, such other person may be summarily convicted of such offence and shall be liable to the same penalty or punishment as if he were the occupier, and the occupier shall be exempt from any penalty or punishment.

(19) The provisions of "The Municipal Act" as to the penalties which may be imposed for contravention of by-laws and the recovery thereof shall apply to by-laws passed under this section.

#### SCHEDULE A.

##### (Section 2.)

|                                      |                                                |
|--------------------------------------|------------------------------------------------|
| Agricultural Implement Factories.    | Cork Factories.                                |
| Apple Evaporator Factories.          | Corset Factories.                              |
| Artificial Flower Factories.         | Corset and Hoopskirt Steel Factories.          |
| Auger Factories.                     | Cotton Factories.                              |
| Axle and Spring Factories.           | Cutlery Factories.                             |
| Bakehouses and Bakeshops.            | Distilleries.                                  |
| Baking Powder and Yeast Factories.   | Domestic Utensils Factories.                   |
| Barb Wire Factories.                 | Dress Shield Factories.                        |
| Barrel Factories.                    | Drop Forging Factories.                        |
| Basket Factories.                    | Dye Works.                                     |
| Bell Factories.                      | Edge Tool Factories.                           |
| Billiard Table Factories.            | Electric Machinery Factories.                  |
| Bindertwine Factories.               | Electrotype Foundries.                         |
| Bird Cage Factories.                 | Elevator Factories.                            |
| Biscuit Factories.                   | Emery Wheel Factories.                         |
| Blackening Factories.                | Enamelling Works.                              |
| Blanket Factories.                   | Envelope Factories.                            |
| Boat and Canoe Factories.            | Extracts and Essential Oil Factories.          |
| Boiler Factories.                    | Excelsior Factories.                           |
| Bolt and Nut Factories.              | Featherdown Factories.                         |
| Book-binding Factories.              | Felt Factories.                                |
| Book and Shoe Factories.             | File Works.                                    |
| Box Factories.                       | Fire Works Factories.                          |
| Brass Foundries.                     | Flax Mills.                                    |
| Breweries.                           | Flour Mills.                                   |
| Brick Yards.                         | Foundries.                                     |
| Broom Factories.                     | Fringe and Tassel Factories.                   |
| Brush Factories.                     | Fruit Desiccating Factories.                   |
| Buffalo Robe Factories.              | Furniture Factories.                           |
| Bustle and Hoopskirt Factories.      | Furriers' Workshops.                           |
| Button Factories.                    | Galvanized and Pressed Iron Work Factories.    |
| Canning Factories.                   | Gas and Electric Light Works.                  |
| Cap Factories.                       | Glass Works.                                   |
| Carpet Factories.                    | Glove Factories.                               |
| Carriage Factories.                  | Glucose Factories.                             |
| Carriage Goods (iron) Factories.     | Gun and Small Arm Factories.                   |
| Carriage Woodwork Factories.         | Hair Factories.                                |
| Cartridge Factories.                 | Hair Cloth Factories.                          |
| Car Shops.                           | Hames Factories.                               |
| Cement Works.                        | Hammer Factories.                              |
| Cereal Food Factories.               | Hat Factories.                                 |
| Chain Works.                         | Hinge Factories.                               |
| Chamois Factories.                   | Horn Comb Factories.                           |
| Cheese Box Factories.                | Hobby Horse Factories.                         |
| Chemical Works.                      | Hosiery Factories.                             |
| Chewing Gum Factories.               | Iron Bridge Works.                             |
| Chicle Works.                        | Jams, Jellies and Pickle Works.                |
| Child's Carriage Factories.          | Jewellery Factories.                           |
| Cider Factories.                     | Kaoka Factories.                               |
| Cigar Factories.                     | Knitting Factories.                            |
| Cigar Box Factories.                 | Knitting Machine Factories.                    |
| Clay Pipe Factories.                 | Knitting Needle Factories.                     |
| Clock Factories.                     | Lace Factories.                                |
| Clothing Factories.                  | Lamp Goods Factories.                          |
| Coal-hoisting Plants.                | Last Factories.                                |
| Coffin Factories.                    | Laundries.                                     |
| Condensing Cream and Milk Factories. | Laundry, Bluing and Washing Crystal Factories. |
| Confectionery Factories.             |                                                |
| Coopers' Workshops.                  |                                                |

| Car Repair Shops.                           | Metal Refiners.                                |
| Carriage Tops and Supply Factories.         | Metallic Supplies.                             |
| Cash Registers.                             | Motor Cycles and Supplies.                     |
| Celluloid Factories.                        | Mince Meat and Condiments.                     |
| Chopping Mills.                             | Musical Instruments and Supplies.              |
| Cloth Factories.                            | Needle Factories.                              |
| Clothes Cleaning Factories.                 | Oil Storage and Pumping Distributing Stations. |
| Concrete Works.                             | Optician and Optical Supplies.                 |
| Collection Box Factories.                   | Pattern Works.                                 |
| Cold Storage Factories.                     | Pharmaceutical Works.                          |
| Collar and Cuff Factories.                  | Pipe Factories.                                |
| Creosoting Factories.                       | Plumbers' and Steam Fitters' Supplies.         |
| Cut Glass Factories.                        | Roofing Factories.                             |
| Dairy Factories.                            | Rubber and Metal Stamps.                       |
| Dairy Supplies.                             | Scale Works.                                   |
| Dental Supplies.                            | Shipbuilding.                                  |
| Dry Cleaning.                               | Souvenir Factories.                            |
| Electrical Supplies and Fixtures.           | Structural Steel and Bridge Works.             |
| Electrical Power and Distributing Stations. | Stoves, Furnaces and Miscellaneous.            |
| Explosives and Powder Plants.               | Stone, Marble Crushing and Grinding Works.     |
| Fertilizer Plants.                          | Surgical Appliances.                           |
| Fire Prevention Apparatus Appliances.       | Tile Works.                                    |
| Grain Elevators.                            | Upholstering Factories.                        |
| Granite and Stone Works.                    | Wall Board Factories.                          |
| Greenhouses.                                | White, and other Lead Factories.               |
| Harness Factories.                          |                                                |
| Hook and Eye Factories.                     |                                                |
| Incinerators.                               |                                                |

1918, c. 44, s. 16.

Further addition to Schedule A to The Factory Shop and Office Building Act. Provided by subsection 1 of section 2 by Order in Council approved by the Lieutenant-Governor. Dated 29th day of March, A.D. 1919.

## PAINT SHOPS AND VARNISH SHOPS.

## FORM 6.

(Sections 60-62.)

"The Factory, Shop and Office Building Act."

To.....  
(Factories Inspector.)

You are hereby notified pursuant to section 60 (or as the case may be) of "The Factory, Shop and Office Building Act," of the happening of an accident in the factory hereunder mentioned, whereof the following are particulars:—

1. Name of person injured (or killed).
2. Factory in which accident happened.
3. Date of accident.
4. Age of person injured (or killed).
5. Residing on \_\_\_\_\_ street in the \_\_\_\_\_ of \_\_\_\_\_
6. Cause of injury (or death).
7. Extent of injury.
8. Where injured or killed person sent
9. Remarks.

Dated this \_\_\_\_\_ day of \_\_\_\_\_

(Signature of Employer or Agent).....

## FORM 7.

(Section 16.)

## "The Factory, Shop and Office Building Act."

To.....  
(Factories Inspector.)

Pursuant to section 16 of "The Factory, Shop and Office Building Act," I hereby give notice that I have begun to occupy a factory as undermentioned:

Name under which the business is carried on.....  
Name of the factory.....  
Locality of the factory.....  
Address to which letters are to be addressed.....  
Nature of the work.....  
Nature and amount of moving power.....

Dated this                      day of

.....  
(Occupier or Agent.)

**Employment of Children—Street Trades.**

Chapter 231, with amendment.—16. No girl under 16 years of age, and no boy under twelve years of age shall engage in or be licensed or permitted to engage in any street trade or occupation.

18. (1) Any person who,—

(a) causes or procures a child to be in any public place for the purpose of begging or receiving alms or of inducing the giving of alms, whether under the pretence of singing, playing, performing, offering anything for sale or otherwise; or

(b) causes or procures a child to be in any public place for the purpose of singing, playing, or performing for profit, or offering anything for sale between nine o'clock in the evening of one day and seven o'clock of the following morning; or

(c) subject to the provisions of subsection 2, causes or procures any child to be at any time for the purpose of singing, playing or performing for profit or offering anything for sale in any circus, theatre, or other place of public amusement to which the public are admitted by payment;

shall incur a penalty not exceeding \$100 and in lieu of or in addition thereto shall be liable to imprisonment for a term not exceeding one year. Amended 1919, c. 65, s. 6.

(2) In the case of any entertainment or series of entertainments to take place in premises used for public entertainment or in any circus, theatre, or other place of public amusement where it is shown that proper provision has been made to secure the health and kind treatment of a child proposed to be employed thereat, the head of the council of the municipality may grant a license for such time and during such hours of the day and subject to such restrictions and conditions as he may think fit for any child over ten years of age of whose fitness to take part in such entertainment or series of entertainments without injury, he is satisfied; and such license may at any time be varied, added to or revoked by him. Amended 1919, c. 65, s. 7.

(3) The municipal council shall assign to some person the duty of seeing that the restrictions and the conditions of any license granted under the authority of this section are duly complied with; and such person shall have power to enter, inspect and examine any place at which the employment of a child is for the time being licensed; and that duty shall be discharged by the chief constable of the municipality until some other person is appointed.

20. (1) No person shall,—

(b) induce or attempt to induce a child under the age of twenty-one years to leave any service or apprenticeship or any place where the child has been lawfully placed for the purpose of being nursed, supported, educated, adopted or employed,

(c) induce or attempt to induce any child under the age of twenty-one years to break any articles of apprenticeship or agreement lawfully entered into by or with the authority of the trustees or directors or governing body of any such children's aid society, immigration society, home or asylum respecting such child; or

(d) detain or harbour such child after demand made by or on behalf of any officer of such society or institution for delivery up of such child.

(2) A person who violates the provisions of this section shall incur a fine not exceeding \$100 or to imprisonment for a period of one year, or to both fine and imprisonment. Amended 1919, c. 65, s. 9.

### Examination and licensing of Moving Picture Operators.

Chapter 236 with amendment.—3. The Lieutenant-Governor in Council may..... make regulations for..... the using and operating of cinematographs, moving picture machines or other similar apparatus, for prescribing terms and conditions under which such machines shall be operated..... for regulating and examining operators and apprentices..... 1918, c. 20, s. 43.

### Protection of Employees near Horse-power Machines.

Chapter 238.—1. This Act may be cited as The Threshing Machines Act.

2. (1) Every person owning or running a threshing machine, wood-sawing or other machine which is connected to a horse-power by means of a tumbling rod or line of shafting, shall cause each of the knuckles, couplings or joints and jacks of such tumbling rod or line of shafting, to be safely boxed or secured while running, with wood, leather or metal covering, in such manner as to prevent injury to persons passing over or near such tumbling rod, and the knuckles, couplings or joints and jacks thereof; and shall cause all oiling cups attached to arbors or journals to which driving belts are attached, to be furnished with tubes of tin or other material, which shall extend above the belts in such manner as to prevent injury to a person oiling the machine when it is in motion; and shall cause a driver's platform of sufficient size to cover the gearing of the horse-power to be so placed on it when used for driving machinery as to prevent an injury to any person from contact with such gearing.

(2) No action shall be maintained, nor shall legal liability exist, for services rendered by or with any such machine, when the provisions of this section have not been complied with.

3. Any person owning or running a threshing, wood-sawing or other machine, connected to a horse-power by means of a tumbling rod or line of shafting, who neglects or refuses to comply with the provisions of this Act, shall incur a penalty of not less than \$1 nor more than \$20, recoverable under "The Ontario Summary Convictions Act."

4. All penalties imposed and collected under this Act shall be paid, one-half to the complainant or prosecutor, and the other half to the treasurer of the school section in which the offence was committed, for the use of the public school in such section.

5. All proceedings against any person for a violation of section 2 of this Act shall be commenced within thirty days after the commission of the offence.

6. A conviction under this Act shall not be quashed for any defect in the form thereof, or for any omission or informality in any summons or other proceeding under this Act, so long as no substantial injustice results therefrom.

### Inspection of Steam Boilers.

Chapter 252.—1. This Act may be cited as The Steam Boiler Act.

2. In this Act and in the regulations:—

(a) "Inspector" shall mean an inspector appointed by the Lieutenant-Governor in Council under and for the purposes mentioned in this Act;

(b) "Minister" shall mean the Minister of Public Works;

(c) "Regulations" shall mean regulations made under the authority of this Act by the Lieutenant-Governor in Council;

(d) "Steam Boiler" shall mean and include a boiler used for generating steam for heating or power purposes, and every part thereof or thing connected therewith, and apparatus and things attached to or used in connection with any such boiler, but not

i. a boiler in a private residence, apartment house, office building, church, hotel, or public building used exclusively for heating purposes, and provided with a device approved by the Minister, limiting the pressure carried to fifteen pounds to the square inch, nor

ii. a portable boiler, used exclusively for horticultural or agricultural purposes. Amended 1916, c. 58, s. 1.

3. Upon the recommendation of the Minister of Public Works the Lieutenant Governor in Council may make regulations,—

(a) respecting the construction, repair, sale or exchange of steam boilers and the approval of designs and installation of high pressure steam piping and fittings, Amended 1916, c. 58, s. 2 (1); 1918, c. 20, s. 46.

(b) prescribing specifications for the construction of steam boilers, including the material to be used, the method and order of construction, the tests to be applied during and after construction;

(c) for the inspection of every steam boiler during its construction and before it is removed from the place of construction; and for the inspection of used boilers when repaired. sold or exchanged. Amended 1916, c. 58, s. 2 (2).

(d) generally respecting such other matter as may be deemed proper to secure a uniform standard of strength, safety and efficiency in the construction of steam boilers.<sup>1</sup>

(e) For fixing the fees for examination of drawings and specifications, and for making inspections and collecting the travelling expenses incurred by inspectors for such inspections. 1916, c. 58, s. 2 (3).

<sup>1</sup> Regulations have been issued under this section regarding the points mentioned therein.

4. The regulations shall be published in the Ontario Gazette and shall come into force and take effect at a date to be named by Proclamation.

5. (1) The Lieutenant-Governor in Council may appoint inspectors of steam boilers for the purposes of this Act and for the enforcement of the regulations, and may designate one of them to be chief boiler inspector.

(2) The Minister may employ any boiler insurance company registered in the Department of Insurance, or any inspection company engaged in the inspection of steam boilers, to make any inspection of steam boilers during their construction, required by the regulations, and the company making such inspection shall report upon the same within fourteen days thereafter to the chief boiler inspector.

6. No person shall be appointed or shall hold office as inspector who is directly or indirectly interested in the manufacture or sale of steam boilers or steam machinery.

7. Every inspector appointed under the provisions of this Act, shall, before entering upon the performance of his duties, take and subscribe an oath that he will faithfully and impartially perform the duties of his office.

8. For the purpose of seeing that the provisions of this Act, and of the regulations are complied with, an inspector may at any reasonable hour enter upon any land or into any building where any steam boiler is under construction, alteration or repair.

9. Any person interfering with or obstructing any inspector in the performance of his duties under this Act shall incur a penalty not exceeding \$50.

10. (1) An inspector may by notice in writing require the attendance before him, at a time and place named in the notice, of any person, and may examine such person either alone or in the presence of any other persons as he may think fit as to any matter connected with the construction, alteration or repair of a steam boiler or its removal from any place in which it has been constructed, altered or repaired.

(2) For the purposes of subsection (1) the inspector may administer an oath to any person to be examined by him.

(3) Every person who wilfully neglects or refuses to attend before the inspector after receiving notice so to do, or refuses to be sworn to or to give evidence before the inspector, or to answer any question put to him by the inspector touching the matters mentioned in subsection 1, shall incur a penalty of \$25.

11. (1) Upon completion of his inspection the inspector shall issue to the owner or manufacturer of the boiler an inspection certificate; and the owner or manufacturer shall pay the inspector a fee of \$5 for such inspection and the issue of such certificate.

(2) Any owner or manufacturer neglecting or refusing to pay the inspector such fee shall incur a penalty not exceeding \$20.

12. (1) Any person who is dissatisfied with the action of an inspector or with a certificate of inspection issued by him may within one week after the inspection appeal to the Minister, who may thereupon cause another inspection to be made by one or more competent inspectors, shall report to him, and the decision of the Minister shall be final.

(2) Any expenses occasioned by the appeal and second inspection shall be paid as determined by the Minister.

13. All fees paid and all penalties recovered under this Act or the regulations shall be paid to the Treasurer of Ontario.

14. The penalties imposed by or under the authority of this Act shall be recoverable under the Ontario Summary Convictions Act.

15. This Act shall not apply to—

(a) a new boiler in the possession of the manufacturer or of a dealer in steam boilers on the first day of July, 1913, or to a boiler under construction on that date; or to

(b) a second hand boiler in the possession of the manufacturer or of a dealer in steam boilers on that date, unless the same is re-built or extensively altered after that date.

### Vocational Training—Industrial and Technical Schools.

Chapter 276 with amendments.—1. This Act may be cited as The Industrial Education Act.

2. In this Act.

(a) "Board" shall mean and include a board of education, and a board of high school trustees;

(b) "Minister" shall mean Minister of Education;

(c) "Regulations" shall mean regulations made under the authority of The Department of Education Act" or of this Act.

3. This Act shall apply to all art, industrial and technical schools and courses, heretofore established under Acts of this Legislature respecting high schools and technical schools and in operation at the time of the passing of this Act; to the art, industrial or technical schools and courses established under this Act; and to agricultural and commercial high schools and high school courses heretofore or hereafter established under the regulations.

### Schools and Courses.

4. With the approval of the Minister a high school board or a board of education of any city, town or village, may provide for duly admitted pupils in the following classes of schools:—

(a) General industrial schools and courses for instruction in such subjects as may form a basal preparation for the trades, including work-shop practice, with correlated drawing, English practical mathematics and science, and the essential subjects of a good general education;

(b) Special industrial schools and courses for instruction in the theoretical and practical work of particular trades carried on in the city, town or village, and, when deemed desirable, in the essential subjects of a good general education;

(c) Technical high schools and high school courses for instruction for minor directive positions in industrial establishments;

(d) Part-time co-operative industrial courses in which and under such conditions as may be agreed upon between the employer and the advisory industrial committee, apprentices, whether articulated or not, employed in the work-shops may receive in the day schools instruction bearing upon their trades; and pupils attending the day schools may receive practical instruction in the workshops;

(e) Schools and courses for instruction in the fine and applied arts;

(f) Industrial, technical and art evening schools in which workmen and work-women employed during the day may receive theoretical and practical instruction in their trades or callings.

5. (1) Pupils duly admitted under the regulations to a high school may be admitted to a technical high school or high school course.

(2) Subject to the regulations and on the report of the principal, approved by the advisory industrial committee, pupils of at least the standing of the fourth form of the public and separate schools may be admitted to a general or special industrial school or part-time co-operative industrial course or a school or course for instruction in the fine and applied arts.

(3) Workmen or workwomen employed during the day may be admitted to an industrial, technical or art evening school or course subject to the regulations and on the report of the principal, approved by the advisory industrial committee, that they are competent to receive instruction therein.

#### Advisory Committees.

6. (1) Every technical school established before the 21st March, 1911, and then in operation, and the schools mentioned in section 4, whether heretofore or hereafter established, shall be under the management and control of a committee composed of eight or twelve persons as the board may direct, the members of which shall be appointed by the board as follows:—

(a) when the number of persons is eight,

(i) four members of the board including one representative of the board of public school trustees and one representative of the board of separate school trustees, if any;

(ii) two persons, not members of the board, who are engaged as employees in the manufacturing or other industries carried on in the local municipality or in the county or district in which the school is situate; and

(iii) two other persons, not members of the board, who are employers of labour or directors of companies employing labour in manufacturing or other industries carried on in the local municipality or in the county or district in which the school is situate;

(b) when the number of persons is twelve,

(i) six members of the board including one representative of the board of public school trustees and one representative of the board of separate school trustees, if any,

(ii) three persons, not members of the board, who are engaged as employees in the manufacturing or other industries carried on in the local municipality or in the county or district in which the school is situate, and

(iii) three other persons, not members of the board, who are employers of labour or directors of companies employing labour in manufacturing or other industries carried on in the local municipality or in the county or district in which the school is situate.

(2) The committee shall be known as the Advisory Industrial Committee.

7. (1) Where in accordance with the regulations an agricultural or a commercial high school has been or is hereafter established or an agricultural or a commercial course is established in a high-school or a continuation school, such school or course shall be under the management and control of a committee composed of eight persons, the members of which shall be appointed by the board as follows:—

(a) four members of the board including one representative of the board of public school trustees and one representative of the board of separate school trustees, if any;

(b) four persons who are resident ratepayers of the local municipality or of the county or district in which the school is situate or the course is established who are not members of the board and who,

(i) in the case of an agricultural high school or agricultural course are actually engaged in agricultural pursuits, or

(ii) in the case of a commercial high school or commercial course are actually engaged in commercial pursuits.

(2) The committee shall be known as the Advisory Agricultural Committee or the Advisory Commercial Committee, as the case may be.

(3) Subject to the regulations, pupils who have been duly admitted to a high school under sections 44 or 45 of the The High Schools Act may be admitted to a commercial or agricultural

high school or the commercial or agricultural courses of a high or continuation school. 1915, c. 43, s. 9.

(4) Subject to the regulations, the public school inspector and the principal of a high or continuation school may also admit to an agricultural high school or to the agricultural courses of a high or continuation school a pupil who has at least the standing of form 4 of the public and separate schools, but who does not hold high school entrance certificate, and who is at least fourteen years of age. 1915, c. 43, s. 9.

8. (1) The first members of an advisory committee shall be appointed at the meeting of the board at which a school or course is established for which an advisory committee is to be appointed under this Act.

(2) The members appointed under subclause (i) of clause (a) of subsection (1) of section 6, and subclause (i) of clause (b) of section 6, and clause (a) of subsection (1) of section 7 shall hold office until the expiry of the period for which they were elected or appointed to the board.

(3) The term for which the other members of the committee shall respectively hold office shall be fixed by the board but shall not exceed three years.

(4) The board, at its first meeting in each year after the establishment of the school or course, shall appoint a sufficient number of members from each class to fill the vacancies caused by the expiry of the term of office of members appointed from that class.

(5) Every vacancy upon a committee occasioned by death, removal or other cause shall be filled by the appointment by the board of some person from the class in which the vacancy occurs, and every person so appointed shall hold office for the unexpired portion of the term of the member whose seat has become vacant.

(6) The presence of a majority of the members constituting a committee shall be a quorum at any meeting, and a vote of the majority of such quorum shall be necessary to bind a committee.

(7) On every question other than the election of a chairman the chairman or presiding officer of the committee may vote with the other members of the committee, and any question on which there is an equality of votes shall be deemed to be negatived.

(8) The members of an advisory committee holding office on the 6th day of May, 1913, shall continue to hold office until their successors are appointed as provided by this Act.

9. (1) An advisory committee may, at a meeting which has been specially called for that purpose and of which notice has been given in writing to all the members, appoint such additional members, hereinafter called co-opted members, as it may deem advisable, and members of the board may be so appointed; but

(a) in the case of an advisory industrial committee an equal number of the persons so appointed shall be chosen from each of the classes mentioned in subclauses (i) and (iii) of clauses (a) and (b) of subsection (1) of section 6; and

(b) in all cases the members so appointed shall belong to the classes from which persons not members of the board may be appointed by the board to the committee.

(2) The term for which co-opted members of the committee shall respectively hold office shall be fixed by the committee, but shall not exceed three years.

10. The members of a committee appointed under this Act, including co-opted members, shall be British subjects, and shall be persons who, in the judgment of the board are specially competent to give advice and other assistance in the management of the school or course under the charge of the committee.

11. (1) Subject to the approval of the Minister and the board, every advisory committee shall have authority to provide a suitable site and building and suitable equipment or to arrange for conducting the school or course in a high, public, separate or continuation school building or other building in the municipality, and to prescribe courses of study and provide for examinations and diplomas.

(2) Subject to the approval of the board, the committee shall employ teachers and fix their salaries, report on every school or course under its charge, fix the fees payable by pupils in attendance, submit annually to the board at such date as the board may prescribe an estimate of the amount required to carry on the work of the school or course during the year, and generally do all other things necessary for carrying out the objects and intent of this Act with respect to any school or course under its management and control.

(3) The board shall not refuse its approval of any report of an advisory committee without having given the committee an opportunity to be heard before the board and before any committee thereof to which such report may be referred by its chairman or by another member of the advisory committee appointed for that purpose.

(4) The secretary and other officers of the board shall be the officers of the advisory committees.

(5) Subject to the approval of the board, an advisory industrial committee may appoint one or more officers with qualifications approved by the Minister, to collect and to distribute information regarding available occupations and employments, and to offer such counsel to the pupils of the schools under the charge of the committee as will enable them to plan intelligently for their vocational and educational advancement and every person so appointed shall be subject to the control of the advisory industrial committee. 1918, c. 51, s. 12.

12. (1) Subject to the regulations the estimates of the committee of the cost of establishing, equipping and maintaining the school or course under its management and control, when

and so far as they have been approved by the board, shall be included in its estimates submitted to the council of the municipality for the year.

(2) Subject to the regulations the cost of establishing and maintaining, and of making additions, alterations or permanent improvements to every school established under section 4 or under chapter 79 of the Acts passed in the 1st year of His Majesty's reign, shall be provided in the same manner as in the case of a high school.

13. Subject to the regulations the Minister shall apportion all sums of money appropriated by this Legislature for the establishment and maintenance of schools or courses to which this Act applies.

14. The regulations may provide as to any class of schools or courses for the qualifications of teachers, the courses of study, the character of the site, accommodations, and equipment, the maximum and minimum fees that may be charged to pupils, and generally as to any matter relating to the conduct and efficiency of the schools and courses not herein expressly provided for.

15. Subject to the Minister's approval where an advisory committee and the board of education or the board of public or separate school trustees so agree, evening courses in manual training and household science, art, agriculture or commerce under the charge of the board shall thereafter be under the control and management of the advisory industrial, agricultural or commercial committee as the case may be. Amended 1915, c. 43, s. 10.

16. Subject to the approval of the Minister an advisory committee may also establish and conduct special evening courses in any centre in the county outside of the district over which it has jurisdiction.

## PART II.

### Provincial Technical Schools.

17. The Minister, with the approval of the Lieutenant-Governor in Council, may establish, maintain, conduct and control schools for technical training required in any branches of industry or may enter into an agreement with any organization in the interest of any branch of industry for that purpose. 1920, c. 102, s. 2.

18. The cost of establishing and maintaining a school established under this Part shall be borne and paid out of moneys appropriated by this Legislature or received from the Dominion Government for the purposes of technical education and out of any moneys contributed by any organization under an agreement made in pursuance of section 17 or under the regulations. 1920, c. 102, s. 2.

19. Every school established under this Part shall be maintained and conducted by a board to be appointed or elected in the manner provided by the regulations, and such regulations may provide for the representation upon the board of any organization of employers or employees in the particular branch of industry for which the school is established. 1920, c. 102, s. 2.

20. The Minister, with the approval of the Lieutenant-Governor in Council may make regulations for the establishment, organization, government, courses of study and examination of technical schools established under this Part, and generally the Minister and the Lieutenant-Governor in Council shall have and may exercise with respect to any such school the powers conferred by The Department of Education Act with respect to technical schools. 1920, c. 102, s. 2.

[Part II comes into force on the 1st day of July, 1920.]

### Prison Labour.

Chapter 287.—17. The Ontario Reformatory shall be furnished with all requisite means for carrying on beneficial labour by the inmates in shops and the various forms of labour, having for its base, clay, sand, gravel, stone, lime, agriculture, horticulture and dairying in all their various branches.

20. (1) The Lieutenant-Governor in Council may authorize, direct or sanction the employment of any prisoner upon any specific work or duty beyond the limits of the Reformatory.

(2) Every such prisoner during such employment shall be subject to all the provisions of this Act and to the regulations and discipline of the Reformatory, and to such other regulations of the superintendent as may be prescribed by the Inspector.

24. All dealings and transactions on account of the Reformatory, and all contracts for goods, wares and merchandise necessary for maintaining and carrying it on, or for the sale of goods prepared or manufactured in the Reformatory, or for the hire, labour or employment of any of the prisoners either within or without the limits of the Reformatory, shall be entered into and carried out by the Inspector of Prisons and Public Charities in his corporate name in behalf of His Majesty.

25. For more efficiently carrying on the industries at the Reformatory the Minister may cause an account to be opened in any branch in Ontario of a chartered bank of the Dominion of Canada in the name of the "Reformatory Industries," with a credit from year to year to cover what may be required for the year for the purposes of the business in connection with such industries, not exceeding the estimated sales of the year as reported to the Assembly by the Minister.

Chapter 288.—18. The Andrew Mercer Ontario Reformatory for females shall be furnished with all requisite means for enforcing the performance of beneficial labour by the inmates thereof.

Chapter 292 with amendment.—10. The regulations [in respect to industrial farms other than those in the Provisional Judicial Districts] may provide for requiring every person sent to the industrial farm to perform such work or service, at such times, for such hours, and at such trade or labour, as he may appear to be fit for, and for buying material therefor, and for selling the articles manufactured or produced therefrom, and for applying the earnings or part of the earnings of such person, for his maintenance or for the maintenance of his wife, children or other dependent members of his family, or for the general maintenance of the industrial farm, or towards aiding such person to reach his friends, or any place to which it may be deemed advisable to send him upon his discharge.

(2) The Lieutenant-Governor in Council may make regulations for the management and discipline of an industrial farm in a Provisional Judicial District and for prescribing the duties and conduct of the superintendent, officers and employees thereof, and as to the diet, clothing, maintenance, employment, classification, instruction, discipline, correction, punishment and reward of persons detained therein. 1914, c. 52, s. 3.

Chapter 293.—26. The Lieutenant-Governor in Council may direct or authorize the employment beyond the limits of the common gaol upon any work or duty, the nature of which is specified in the Order in Council, of any person who is sentenced to be imprisoned with hard labour in such gaol under the authority of any statute of Ontario or for the breach of a by-law of any municipal corporation or board of commissioners of police.

### Liability of Employers for Maintenance of Employees in Public Hospitals.

[Chapter 300, section 23, subsections (1), (2) and (3), provides for the maintenance in public hospitals of indigent patients resident in municipalities. Subsections (6) and (7) provide for patients from unorganized territory as follows:—]

(6) Where a patient is admitted to a hospital from territory without municipal organization, in which he was employed immediately prior to his admission to the hospital, the superintendent shall notify his employer in the same manner as provided for in subsection 3, and such employer shall be liable for the maintenance of the patient.

(7) Every employer of labour having more than ten persons in his employ and having a contract for the medical and surgical care of his employees shall be liable for the maintenance of such employee in any public hospital; but not at a higher rate than the actual cost per day for maintenance at such hospital.

### Sunday Labour.

[Chapter 246 of the Revised Statutes of 1897, An Act to Prevent Profanation of the Lord's Day, is omitted from the revision of 1914. In *Attorney-General for Ontario v. The Hamilton Street Railway Company and others* [1903], A.C. 524—it was held that the said chapter 246 treated as a whole is *ultra vires* of the Ontario Legislature, since the criminal law is reserved by the British North America Act for the exclusive authority of the Parliament of the Dominion of Canada. See chapter 153 of the Revised Statutes of Canada, page 94 of this Report.]

### STATUTES OF 1914.

#### Workmen's Compensation.

Chapter 25 with amendments.—1. This Act may be cited as The Workmen's Compensation Act.

2. (1) In this Act:—

(a) "Accident" shall include a wilful and an intentional Act, not being the act of the workman and a fortuitous event occasioned by a physical or natural cause;

(b) "Accident Fund" shall mean the fund provided for the payment of compensation, outlays and expenses under this Act in respect of Schedule 1; Amended 1915, c. 24, s. 1 (1).

(c) "Board" shall mean Workmen's Compensation Board;

(d) "Construction" shall include re-construction, repair, alteration and demolition;

(e) "Dependants" shall mean such of the members of the family of a workman as were wholly or partly dependent upon his earnings at the time of his death or who but for the incapacity due to the accident would have been so dependent;

(f) "Employer" shall include every person having in his service under a contract of hiring or apprenticeship, written or oral, express or implied, any person engaged in any work in or about an industry, and where the services of a workman are temporarily let or hired to another person by the person with whom the workman has entered into such a contract the latter shall be deemed to continue to be the employer of the workman whilst he is working for that other person;

(g) "Employment" shall include employment in an industry or any part, branch or department of an industry;

(h) "Industrial disease" shall mean any of the diseases mentioned in Schedule 3, and any other disease which by the Regulations is declared to be an industrial disease;

(i) "Industry" shall include establishment, undertaking, trade and business;

(j) "Invalid" shall mean physically or mentally incapable of earning;

(k) "Manufacturing" shall include making, preparing, altering, repairing, ornamenting, printing, finishing, packing, assembling the parts of and adapting for use or sale any article or commodity;

(l) "Medical Referee" shall mean medical referee appointed by the Board;

(m) "Member of the Family" shall mean and include wife, husband, father, mother, grandfather, grandmother, stepfather, stepmother, son, daughter, grandson, granddaughter, stepson, stepdaughter, brother, sister, half-brother, and half-sister, and a person who stood *in loco parentis* to the workman or to whom the workman stood *in loco parentis*, whether related to him by consanguinity or not so related, and where the workman is the parent or grandparent of an illegitimate child, shall include such child, and where the workman is an illegitimate child shall include his parents and grandparents;

(n) "Outworker" shall mean a person to whom articles or materials are given out to be made up, cleaned, washed, altered, ornamented, finished, repaired, or adapted for sale in his own home or on other premises not under the control or management of the person who gave out the articles or materials;

(o) "Regulations" shall mean Regulations made by the Board under the authority of this Act;

(p) "Workman" shall include a person who has entered into or works under a contract of service or apprenticeship, written or oral, express or implied, whether by way of manual labour, or otherwise, but when used in Part I shall not include an outworker, or an executive officer of a corporation. Amended 1915, c. 24, s. 1 (2). 1917, c. 34, s. 4 (1). 1919, c. 34, s. 2.

(2) The exercise and performance of the powers and duties of:—

(a) a municipal corporation;

(b) a public utilities commission;

(c) any other commission having the management and conduct of any work or service owned by or operated for a municipal corporation;

(d) the board of trustees of a police village; and

(e) a school board,

shall for the purposes of Part I be deemed the trade or business of the corporation, commission, board of trustees or school board, but the obligation to pay compensation under Part I shall apply only to such part of the trade or business as, if it were carried on by a company or an individual, would be an industry for the time being included in Schedule 1 or Schedule 2, and to workmen employed in or in connection therewith.

## PART I.

### Compensation.

3. (1) Where in any employment to which this Part applies personal injury by accident arising out of and in the course of the employment is after a day to be named by proclamation of the Lieutenant-Governor in Council caused to a workman his employer shall be liable to provide or to pay compensation in the manner and to the extent hereinafter mentioned except where the injury:—

(a) does not disable the workman for the period of at least seven days from earning full wages at the work at which he was employed, or

(b) is attributable solely to the serious and wilful misconduct of the workman unless the injury results in death or serious disablement.

(2) Where the accident arose out of the employment, unless the contrary is shown, it shall be presumed that it occurred in the course of the employment, and where the accident occurred in the course of the employment unless the contrary is shown, it shall be presumed that it arose out of the employment.

(3) Where compensation for disability is payable it shall be computed and be payable from the date of the disability.

(4) This section shall not apply to a person whose employment is of a causal nature and who is employed otherwise than for the purposes of the employer's trade or business.

4. Employers in the industries for the time being included in Schedule 2 shall be liable individually to pay the compensation.

5. Employers in the industries for the time being included in Schedule 1, shall be liable to contribute to the accident fund as hereinafter provided, but shall not be liable individually to pay the compensation.

6.—(1) Where an accident happens while the workman is employed elsewhere than in Ontario, which would entitle him or his dependants to compensation under this Part if it had happened in Ontario, the workman or his dependants shall be entitled to compensation under this Part—

(a) If the place or chief place of business of the employer is situate in Ontario, and the residence and the usual place of employment of the workman are in Ontario, and his employment out of Ontario has lasted less than six months; or

(b) If the accident happens on a steamboat, ship or vessel, or on a railway, and the workman is a resident of Ontario and the nature of the employment is such that in the course of the work or service which the workman performs it is required to be performed both within and without Ontario. 1915, c. 24, s. 2.

(2) Except as provided by subsection 1, no compensation shall be payable under this Part where the accident to the workman happens while his place of employment is elsewhere than in Ontario. 1915, c. 24, s. 2. amended 1917, c. 34, s. 5.

(3) Compensation payable in respect of an accident happening elsewhere than in Ontario shall, except where the employer has fully contributed to the accident fund in respect of all the wages of workmen in his employ who are engaged in the business or work in which the accident happens, be paid by the employer individually, and the business or work carried on elsewhere than in Ontario by an employer who has not so contributed to the accident fund shall be deemed to be in Schedule 2. 1915, c. 24, s. 2.

7.—(1) Where by the law of the country or place in which the accident happens the workman or his dependants are entitled to compensation in respect of it they shall be bound to elect whether they will claim compensation under the law of such country or place or under this Part and to give notice of such election, and if such election is not made and notice given it shall be presumed that they have elected not to claim compensation under this Part.

(2) Notice of the election, where the compensation under this Part is payable by the employer individually, shall be given to the employer, and where the compensation is payable out of the accident fund to the Board and shall be given in both cases within three months after the happening of the accident, or, in case it results in death, within three months after the death or within such longer period as either before or after the expiration of such three months the Board may allow.

8.—(1) Where a dependant is not a resident of Ontario he shall not be entitled to compensation unless by the law of the place or country in which he resides the dependants of a workman to whom an accident happens in such place or country if resident in Ontario would be entitled to compensation and where such dependants would be entitled to compensation under such law the compensation to which the non-resident dependant shall be entitled under this Part shall not be greater than the compensation payable in the like case under that law.

(2) Notwithstanding the provisions of subsection 1 the Board may award such compensation or sum in lieu of compensation to any such non-resident dependant as may be deemed proper and may pay the same out of the accident fund, or order it to be paid by the employer, as the case may be. Amended, 1915, c. 24, s. 3.

(3) No resident of an enemy country, or of a country voluntarily withdrawn from alliance with the British Empire during the Great War, or of a country in default of establishing peaceful and harmonious relations with the British Empire, shall be entitled to compensation under this Act. 1919, c. 34, s. 3.

9.—(1) Where an accident happens to a workman in the course of his employment under such circumstances as entitle him or his dependants to an action against some person other than his employer the workman or his dependants if entitled to compensation under this Part may claim such compensation or may bring such action.

(2) If an action is brought and less is recovered and collected than the amount of the compensation to which the workman or his dependants are entitled under this Part the difference between the amount recovered and collected and the amount of such compensation shall be payable as compensation to such workman or his dependants.

(3) If the workman or his dependants elect to claim compensation under this Part the employer, if he is individually liable to pay it, and the Board if the compensation is payable out of the accident fund shall be subrogated to the rights of the workman or his dependants and may maintain an action in his or their names against the person against whom the action lies and any sum recovered from him by the Board shall form part of the accident fund.

(4) The election shall be made and notice of it shall be given within the time and in the manner provided by section 7.

(5) No employer in Schedule 1 and no workman of an employer in Schedule 1 or dependant of such workman shall have a right of action against any employer in Schedule 1 in any case within the provisions of subsection 1, but in any case where it appears to the satisfaction of the Board that a workman of an employer in any class in Schedule 1 is injured or killed owing to the negligence of an employer or the workman of an employer in another class in Schedule 1, the Board may direct that the compensation awarded in any such case shall be charged against the class to which such last mentioned employer belongs. 1915, c. 24, s. 4. Amended, 1916, c. 31, s. 1.

10.—(1) The workmen of a contractor or sub-contractor executing any work in or for the purposes of an industry under Part I of this Act, carried on by another person, in this section referred to as the principal, shall be deemed to be the workmen of the principal unless and until such contractor or sub-contractor is, in respect of such work, assessed, or added and assessed as the case may be, as an employer in Schedule 1, or, in cases where such contractor or sub-contractor is, in respect of such work individually liable for payment of compensation, unless and until the Board finds and declares that the responsibility of such contractor or sub-contractor is sufficient protection to his workmen for the benefits provided for by the Act. 1919, c. 34, s. 4 (1).

(2) Where a principal has made payment of assessment or compensation or furnished medical aid which but for subsection 1 he would not have been liable to pay or furnish, he shall be entitled to reimbursement from the contractor or sub-contractor to such extent as the Board finds such contractor or sub-contractor would have been liable. 1919, c. 34, s. 4 (1).

(3) Where a person, whether carrying on an industry included in Schedule 1 or not, in this section referred to as the principal, contracts with any other person, in this section referred to as the contractor, for the execution by or under the contractor, of the whole or any part of any work for the principal, it shall be the duty of the principal to see that any sum which the contractor or any sub-contractor is liable to contribute to the accident fund is paid, and if any such principal fails to do so he shall be personally liable to pay it to the Board, and the Board shall have the like powers and be entitled to the like remedies for enforcing payment as it possesses or is entitled to in respect of an assessment. 1915, c. 24, s. 5.

(4) Repealed 1919, c. 34, s. 4 (1).

(5) Where the principal is liable to make payment to the Board under subsection 3 he shall be entitled to be indemnified by any person who should have made such payment and shall be entitled to withhold out of any indebtedness due to such person a sufficient amount to answer the same, and all questions as to the right to and the amount of any such indemnity shall be determined by the Board. 1915, c. 24, s. 5, 1919, c. 34, s. 4 (2).

(6) Nothing in this section shall prevent a workman claiming compensation or the Board collecting contribution to the accident fund from the contractor or any sub-contractor instead of the principal. 1915, c. 24, s. 5.

11. Where compensation is payable out of the accident fund, a member of the family of an employer, or the dependants of such member, shall not be entitled to compensation unless such member was at the time of the accident carried on the pay roll of the employer and his wages were included in the then last statement furnished to the Board under section 78 nor for the purpose of determining the compensation shall his earnings be taken to be more than the amount of his wages, as shown by such pay roll and statement. Amended, 1915, c. 24, s. 6.

12. Where compensation is payable out of the accident fund and an employer carries himself on his pay roll or an executive officer of a corporation is carried on the pay roll of the corporation at a salary or wage which the Board deems reasonable, but not exceeding the rate of \$2,000 per annum, and it is stated in the pay roll statement furnished to the Board under section 78 that it is desired that such employer or executive officer shall be included as a workman, and the amount of his salary or wages is shown in the said statement and included in the estimate for the year, such employer or executive officer shall be deemed to be a workman within the meaning of this Act, and he or his dependants shall be entitled to compensation accordingly, but for the purpose of determining the compensation his earnings shall not be taken to be more than the amount of his salary or wages as shown by such pay roll and statement. 1915, c. 24, s. 7. 1917, c. 34, s. 4 (2).

13. No action shall lie for the recovery of the compensation whether it is payable by the employer individually or out of the accident fund, but all claims for compensation shall be heard and determined by the Board.

14. If a workman receiving a weekly or other periodical payment ceases to reside in Ontario he shall not thereafter be entitled to receive any such payment unless a medical referee certifies that the disability resulting from the injury is likely to be of a permanent nature and if a medical referee so certifies and the Board so directs the workman shall be entitled quarterly to the amount of the weekly or other periodical payments accruing due if he proves in such manner as may be prescribed by the Regulations his identity and the continuance of the disability in respect of which the same is payable.

15. (1) The provisions of this Part shall be in lieu of all rights and rights of action, statutory or otherwise, to which a workman or his dependants are or may be entitled against the employer of such workman for or by reason of any accident happening to him on or after the first day of January, 1915, while in the employment of such employer, and no action in respect thereof shall lie.

(2) Any party to an action may apply to the Board for adjudication and determination of the question of the plaintiff's right to compensation under this Part, or as to whether the action is one the right to bring which is taken away by this Part, and such adjudication and determination shall be final and conclusive. 1915, c. 24, s. 8.

16. It shall not be competent for a workman to agree with his employer to waive or to forego any of the benefits to which he or his dependants are or may become entitled under this Part and every agreement to that end shall be absolutely void.

17. (1) Where the compensation is payable by an employer individually no agreement between a workman or dependant and the employer for fixing the amount of the compensation or by which the workman or dependant accepts or agrees to accept a stipulated sum in lieu or in satisfaction of it shall be binding on the workman or dependant unless it is approved by the Board.

(2) Subsection 1 shall not apply to compensation for temporary disability lasting for less than four weeks, but in such cases the Board may, on the application of the workman or dependant, or of its own motion, set aside the agreement on such terms as may be deemed just. Amended 1915, c. 24, s. 9.

(3) Nothing in this section shall be deemed to authorize the making of any such agreement except with respect to an accident that has happened and the compensation to which the workman or dependant has become entitled because of it.

18. (1) It shall not be lawful for an employer, either directly or indirectly, to deduct from the wages of any of his workmen any part of any sum which the employer is or may become liable to pay to the workman as compensation under this Part or to require or to permit any of his workmen to contribute in any manner towards indemnifying the employer against any liability which he has incurred or may incur under this Part.

(2) Every person who contravenes any of the provisions of subsection 1 shall for every such contravention incur a penalty not exceeding \$50 and shall also be liable to repay to the workman any sum which has been so deducted from his wages or which he has been required or permitted to pay in contravention of subsection 1.

19. Unless with the approval of the Board no sum payable as compensation or by way of commutation of any weekly or other periodical payment in respect of it shall be capable of being assigned, charged or attached, nor shall it pass by operation of law except to a personal representative nor shall any claim be set off against it.

20. (1) Subject to subsection 5 compensation shall not be payable unless notice of the accident is given as soon as practicable after the happening of it and before the workman has voluntarily left the employment in which he was injured and unless the claim for compensation is made within six months from the happening of the accident or in case of death within six months from the time of death.

(2) The notice shall give the name and address of the workman and shall be sufficient if it states in ordinary language the cause of the injury and where the accident happened.

(3) The notice may be served by delivering it at or sending it by registered post addressed to the place of business or the residence of the employer, or where the employer is a body of persons, corporate or unincorporate, by delivering it at or sending it by registered post addressed to the employer at the office or if there are more offices than one at any of the offices of such body of persons.

(4) Where the compensation is payable out of the accident fund the notice shall also be given to the Board by delivering it to or at the office of the Secretary or by sending it to him by registered post addressed to his office.

(5) Failure to give the prescribed notice or to make such claim or any defect or inaccuracy in a notice shall not bar the right to compensation if in the opinion of the Board the employer was not prejudiced thereby or where the compensation is payable out of the accident fund if the Board is of opinion that the claim for compensation is a just one and ought to be allowed. Amended 1916, c. 31, s. 2.

21. (1) A workman who claims compensation, or to whom compensation is payable under this Part, shall if so required by his employer submit himself for examination by a duly qualified medical practitioner provided and paid for by the employer, and shall if so required by the Board submit himself for examination by a medical referee.

(2) A workman shall not be required at the request of his employer to submit himself for examination otherwise than in accordance with the Regulations.

22. (1) Where a workman has upon the request of his employer submitted himself for examination, or has been examined by a duly qualified medical practitioner selected by himself, and a copy of the report of the medical practitioner as to the workman's condition has been furnished in the former case by the employer to the workman and in the latter case by the workman to the employer the Board may, on the application of either of them, refer the matter to a medical referee.

(2) The medical referee to whom a reference is made under the next preceding subsection or who has examined the workman by the direction of the Board under subsection 1 of section 21, shall certify to the Board as to the condition of the workman and his fitness for employment, specifying where necessary the kind of employment, and if unfit, the cause of such unfitness, and his certificate unless the Board otherwise directs shall be conclusive as to the matters certified. Amended 1915, c. 24, s. 10.

(3) If a workman does not submit himself for examination when required to do so as provided by subsection 1 of section 21, or on being required to do so does not submit himself for examination to a medical referee under that subsection or under subsection 1 of this section, or in any way obstructs an examination, his right to compensation or if he is in receipt of a weekly or other periodical payment his right to it shall be suspended until such examination has taken place.

22A. Where in any case, in the opinion of the Board, it will be in the interest of the accident fund to provide a special surgical operation or other special medical treatment for a workman, and the furnishing of the same by the Board is, in the opinion of the Board, the only means of avoiding heavy payment for permanent disability, the expenses of such operation or treatment may be paid out of the accident fund. 1915, c. 24, s. 11.

23. Any weekly or other periodical payment to a workman may be reviewed at the request of the employer or of the workman, if the compensation is payable by the employer individually, or, if the compensation is payable out of the accident fund, of the Board's own motion or at the request of the workman and on such review the Board may put an end to or diminish or may increase such payment to a sum not beyond the maximum hereinafter prescribed.

24. Where the workman was at the date of the accident under twenty-one years of age and the review takes place more than six months after the accident the amount of a weekly payment may be increased to the sum to which he would have been entitled if his average earnings had at the date of the accident been equal to what if he had not been injured he would probably have been earning at the date of the review.

25. (1) Where the compensation is payable by an employer individually, the employer may, with the consent of the workman or dependant to whom it is payable and with the approval of the Board, but not otherwise, and where it is payable out of the accident fund, the Board may commute the weekly or other periodical payments payable to a workman or a dependant for a lump sum.

(2) Where the lump sum is payable by the employer individually it shall be paid to the Board.

(3) The lump sum may be:—

- (a) applied in such manner as the workman or dependant may direct;
- (b) paid to the workman or dependant;
- (c) invested by the Board and applied from time to time as the Board may deem most for the advantage of the workman or dependant;
- (d) paid to trustees to be used and employed upon and subject to such trusts and for the benefit of such persons as, in case it is payable by the employer individually, the workman or dependant directs and the Board approves, or, if payable out of the accident fund, as may be desired by the workman or dependant and approved by the Board;
- (e) applied partly in one and partly in another or others of the modes mentioned in clauses (a), (b), (c) and (d),

as the Board may determine.

(4) Where the compensation is payable out of the accident fund, the Board may in any case where in its opinion the interest or pressing need of the workman or dependant warrants it, advance or pay to or for the workman or dependant such lump sum as the circumstances warrant and as the Board may determine. 1915, c. 24, s. 32.

26.—(1) Where a weekly or other periodical payment is payable by the employer individually and has been continued for not less than six months, the Board may on the application of the employer allow the liability therefor, to be commuted by the payment of a lump sum of such an amount as, if the disability is permanent, would purchase an immediate annuity from a life insurance company approved by the Board, equal to seventy-five per cent of the annual value of the weekly or other periodical payments, and in other cases of such an amount as the Board may deem reasonable.

(2) The sum for which a payment is commuted under subsection 1 shall be paid to the Board and shall be dealt with in the manner provided by section 25.

27.—(1) Where an employer insured by a contract of insurance of an insurance company or any other underwriter is individually liable to make a weekly or other periodical payment to a workman or his dependants and the payment has continued for more than six months the liability shall, if the Board so directs before the expiration of twelve months from the commencement, of the disability of the workman or his death, if the accident resulted in death, be commuted by the payment of a lump sum in accordance with the next preceding section, and the company or underwriter shall pay the lump sum to the Board, and it shall be dealt with in the manner provided by section 25.

(2) This section shall not apply to a contract of insurance entered into before the passing of this Act.

28. The Board may require an employer who is individually liable to pay the compensation to pay to the Board a sum sufficient to commute in accordance with section 26, any weekly or other periodical payments which are payable by the employer and such sum shall be applied by the Board in the payment of such weekly or other periodical payments as they from time to time become payable, but if the sum paid to the Board is insufficient to meet the whole of such weekly or other periodical payments the employer shall nevertheless be liable to make such of them as fall due after the sum paid to the Board is exhausted, and if the sum paid is more than sufficient for that purpose the excess shall be returned to the employer when the right to compensation comes to an end unless otherwise ordered by the Board. Amended, 1915, c. 24, s. 12; 1916, c. 31, s. 3.

29. The Board may require an employer who is individually liable to pay the compensation to insure his workmen and keep them insured against accidents in respect of which he may become liable to pay compensation in a company approved by the Board for such amount as the Board may direct, and in default of his doing so the Board may cause them to be so insured and may recover the expense incurred in so doing from the employer in the same way as payment of assessments may be enforced. Amended, 1915, c. 24, s. 13.

30.—(1) Where an employer who is individually liable to pay the compensation is insured against his liability to pay compensation, the Board may require the insurance company or other underwriter to pay the sum which under the contract of insurance such company or underwriter would be liable to pay to the employer in respect of an accident to a workman who becomes or whose dependants become, entitled to compensation under this Part, directly to the Board in discharge or in discharge *pro tanto* of the compensation to which such workman or his dependants are found to be entitled.

(2) In any case to which subsection 1 applies where a claim for compensation is made, notice of the claim shall give to the insurance company or other underwriter and to the employer, and the Board shall determine not only the question of the right of the workman or dependant to compensation but also the question whether the whole or any part of it should be paid directly by the insurance company or other underwriter as provided by subsection 1.

(3) Section 25 shall apply to the compensation payable to the Board under subsection 1.

31.—(1) Where the accident causes permanent disability, either total or partial, or the death of the workman and the compensation is payable by the employer individually the Board may require the employer to pay to the Board such sum as in its opinion will be sufficient with the interest thereon if invested so as to earn interest at the rate of 5 per cent per annum to meet the future payments to be made to the workman or his dependants, and such sum when paid to the Board shall be invested by it and shall form a fund to meet such future payments.

(2) The Board, instead of requiring the employer to make the payment provided for by subsection 1, may require him to give such security as the Board may deem sufficient for the future payments.

31a. The Board may, where it deems it requisite for the prompt payment of claims, require any employer in Schedule 2 to make deposits of money with the Board from time to time, out of which the Board may pay compensation for accidents to workmen of such employer as they occur. 1916, c. 31, s. 4.

31b. The additional moneys necessary to provide for increases of compensation in respect of accidents previously happening may be levied and collected by the Board from the employers either now, previously or hereafter carrying on industries under Part 1, in such manner and at such time or times as the Board may deem most equitable and most in accordance with the general principles and provisions of this Act, and in the case of Schedule 1 employers, such levy and collection may be by way of addition to the usual assessment or by levy of special or additional assessment or assessments, and in the case of Schedule 2 employers, by way of additional deposit or capitalized amount as may be necessary to provide for such increases. 1920, c. 43, s. 14.

32. Where a right to compensation is suspended under the provisions of this Part no compensation shall be payable in respect of the period of suspension.

#### SCALE OF COMPENSATION.

33.—(1) Where death results from an injury the amount of the compensation shall be:—

(a) The necessary expenses of the burial of the workman not exceeding \$125; Amended 1920, c. 43, s. 2.

(b) Where the widow or an invalid husband is the sole dependant, a monthly payment of \$40; Amended 1919, c. 34, s. 5 (1), 1920, c. 43, s. 3.

(c) Where the dependants are a widow or an invalid husband and one or more children, a monthly payment of \$40, with an additional monthly payment of \$10 for each child under the age of 16 years; Amended 1917, c. 34, s. 6 (1), 1919, c. 34, s. 5 (1). 1920, c. 43, s. 4.

(d) Where the dependants are children, a monthly payment of \$15 to each child under the age of 16 years; Amended, 1919, c. 34, s. 5 (1). 1920, c. 43, s. 5.

(e) Where the dependants are persons other than those mentioned in the foregoing clauses, a sum reasonable and proportionate to the pecuniary loss of such dependants occasioned by the death, to be determined by the Board. 1915, c. 24, s. 14 (a). 1920, c. 43, s. 6.

(1A) Where the workman leaves no widow or the widow subsequently dies, and it seems desirable to continue the existing household, and an aunt, sister, or other suitable person acts as foster-mother in keeping up such household and maintaining and taking care of the children entitled to compensation in a manner which the Board deems satisfactory, such foster-mother while so doing shall be entitled to receive the same monthly payments of compensation for herself and the children as if she were widow of the deceased, and in such case the children's part of such payments shall be in lieu of the monthly payments which they would otherwise have been entitled to receive. 1920, c. 43, s. 7.

(1B) In addition to any other compensation provided for the widow, or where the workman leaves no widow, the foster-mother, as in subsection 1A described, shall be entitled to a lump sum of \$100. 1920, c. 43, s. 7.

(2) In the case provided for by clause (e) of subsection 1, the payments shall continue only so long as in the opinion of the Board it might reasonably have been expected had the workman lived he would have continued to contribute to the support of the dependants, and in any case under the said clause compensation may be made wholly or partly in a lump sum or by such form of payment as the Board in the circumstances deems most suitable. Amended 1915, c. 24, s. 14 (b). 1919, c. 34, s. 5 (2).

(2A) A dependant to whom the workman stood in *loco parentis* or a dependant who stood in *loco parentis* to the workman shall be entitled, as the Board may determine, to share in or receive compensation under clause (c), clause (d) or clause (e). 1917, c. 34, s. 6 (2).

(2B) Compensation shall be payable to an invalid child without regard to the age of such child, and payments to such child shall continue so long as in the opinion of the Board it might reasonably have been expected had the workman lived he would have continued to contribute to the support of such child. 1917, c. 34, s. 6 (2).

(3) Where there are both total and partial dependants the compensation may be allotted partly to the total and partly to the partial dependants.

(4) Where the Board is of opinion that for any reason it is necessary or desirable that a payment in respect of a child should not be made directly to its parent, the Board may direct that the payment be made to such person or be applied in such manner as the Board may deem most for the advantage of the child.

(5) Exclusive of the expenses of burial of the workman, the compensation payable as provided by subsection 1 shall not in any case exceed 66⅔ per cent of the average monthly earnings of the workman mentioned in section 37, and if the compensation payable under that subsection would in any case exceed that percentage it shall be reduced accordingly, and where several persons are entitled to monthly payments the payments shall be reduced proportionately. Amended 1915, c. 24, s. 14 (c); 1920, c. 43, s. 8.

(6) Repealed 1920, c. 43, s. 8.)

[By section 12 of the amending Act, 10 George V, chap. 43, 1920, the amount of compensation payable under The Workmen's Compensation Act in cases of injury resulting in death shall apply to all pension payments accruing after the coming into effect of this Act, whether the accident happened before or after that date, and whether the award of compensation has been heretofore or is hereafter made, but nothing in this section contained shall entitle any person to claim additional compensation for any period prior to the coming into effect of this Act.]

34. (1) If a dependent widow marries the monthly payments to her shall cease, but she shall be entitled in lieu of them to a lump sum equal to the monthly payments for two years and such lump sum shall be payable within one month after the day of her marriage.

(2) Subsection 1 shall not apply to payments to a widow in respect of a child.

35. Subject to the provisions of subsection 2b of section 33 a monthly payment in respect of a child shall cease when the child attains the age of 16 years or dies. Amended 1917, c. 34, s. 7.

36. Where a workman leaves no dependants such sum as the Board may deem reasonable for the expenses of his medical attendance, nursing, care and maintenance and of his burial shall be paid to the persons to whom such expenses are due. Amended 1915, c. 24, s. 15.

37. Where permanent total disability results from the injury the amount of the compensation shall be a weekly payment during the life of the workman equal to 66⅔ per cent of his average weekly earnings during the previous twelve months if he has been so long employed, but if not then for any less period during which he has been in the employment of his employer. Amended 1920, c. 43, s. 9.

38. (1) Where permanent partial disability results from the injury the compensation shall be a weekly payment of 66⅔ per cent of the difference between the average weekly earnings of the workman before the accident and the average amount which he is earning or is able to earn in some suitable employment or business after the accident and the compensation shall be payable during the lifetime of the workman. Amended 1920, c. 43, s. 10.

(2) Where the impairment of the earning capacity of the workman does not exceed 10 per cent of his earning capacity instead of such weekly payment the Board shall, unless in the opinion of the Board it would not be to the advantage of the workman to do so, direct that such lump sum as may be deemed to be the equivalent of it shall be paid to the workman.

(3) Where deemed just, the impairment of earning capacity may be estimated from the nature of the injury, having always in view the workman's fitness to continue the employment in which he was injured or to adapt himself to some other suitable occupation. 1917, c. 34, s. 8.

39. Where temporary total disability results from the injury the compensation shall be the same as that prescribed by section 37, but shall be payable only so long as the disability lasts.

40. Where temporary partial disability results from the injury the compensation shall be the same as that prescribed by section 38, but shall be payable only so long as the disability lasts and subsection 2 of that section shall apply.

40a. The amount of compensation to which an injured workman shall be entitled for temporary total or permanent total disability under the provisions of The Workmen's Compensation Act shall not be less than \$12.50 per week or, where his average earnings are less than \$12.50 per week, the amount of such earnings, and for temporary partial or permanent partial disability a corresponding amount in proportion to the impairment of earning capacity. 1920, c. 43, s. 11.

41. (1) Average earnings shall be computed in such manner as is best calculated to give the rate per week or month at which the workman was remunerated but not so as in any case to exceed the rate of \$2,000 per annum.

(2) Where owing to the shortness of the time during which the workman was in the employment of his employer or the casual nature of his employment or the terms of it, it is impracticable to compute the rate of remuneration as of the date of the accident regard may be had to the average weekly or monthly amount which during the twelve months previous to the accident was being earned by a person in the same grade employed at the same work by the same employer, or if there is no person so employed then by a person in the same grade employed in the same class of employment and in the same locality.

(3) Where the workman has entered into concurrent contracts of service with two or more employers under which he worked at one time for one of them and at another time for another

of them his average earnings shall be computed on the basis of what he would probably have been earning if he had been employed solely in the employment of the employer for whom he was working at the time of the accident.

(4) Employment by the same employer shall mean employment by the same employer in the grade in which the workman was employed at the time of the accident uninterrupted by absence from work due to illness or any other unavoidable cause.

(5) Where the employer was accustomed to pay the workman a sum to cover any special expenses entailed on him by the nature of his employment that sum shall not be reckoned as part of his earnings.

(6) Where in any case it seems more equitable, the Board may award compensation, having regard to the earnings of the workman at the time of the accident. 1915, c. 24, s. 16.

42. (1) In fixing the amount of a weekly or monthly payment regard shall be had to any payment, allowance or benefit which the workman may receive from his employer during the period of his disability, including any pension, gratuity or other allowance provided wholly at the expense of the employer.

(2) Where the compensation is payable out of the accident fund any sum deducted from the compensation under subsection 1 may be paid to the employer out of the accident fund.

43. The Board may wherever it is deemed advisable provide that the payments of compensation may be fortnightly or monthly instead of weekly, or where the workman or dependant is not a resident of Ontario or ceases to reside therein may otherwise fix the periods of payment or commute the compensation as the Board may deem proper. Amended 1915, c. 24, s. 17.

43A. The Board, for the purpose of enabling the workman to obtain an artificial limb, or in any other case where it deems it proper, may, at any time or times, make or direct partial commutation or lump sum payment of his compensation, or otherwise alter the form of payment, as in the circumstances seems most for his advantage. 1919, c. 34, s. 6.

44. Where a workman or a dependant is an infant under the age of 21 years or under any other legal disability the compensation to which he is entitled may be paid to such person or be applied in such manner as the Board may deem most for his advantage.

#### Medical Aid.

44A. Every workman entitled to compensation under this Part, or who would have been so entitled had he been disabled for seven days, shall be entitled to such medical and surgical aid and hospital and skilled nursing services as may be necessary as a result of the injury, and shall be entitled to such artificial member or members and apparatus as may be necessary as a result of the injury and to have the same kept in repair for a period of one year. Amended 1919, c. 34, s. 7 (1). 1920, c. 43, s. 13.

(2) In this Act "medical aid" shall mean the medical and surgical aid and hospital and skilled nursing services above mentioned and the artificial member or members and apparatus and repair. Amended 1920, c. 43, s. 13.

(3) In the industries in Schedule 1 such medical aid shall be furnished or arranged for by the Board or as it may direct or approve and shall be paid for by the Board out of the accident fund, and the necessary amount shall be included in the assessments levied upon the employers.

(4) In the industries in Schedule 2 such medical aid shall be furnished and paid for by the employers individually, but any employer failing to furnish satisfactory medical aid shall be liable, by the order of the Board, to pay for such medical aid as may be procured by the workman or by anyone for him or as may be provided by the Board.

(5) All questions as to the necessity, character, and sufficiency of any medical aid furnished or to be furnished shall be determined by the Board.

(6) The fees or charges for such medical aid shall not be more than would be properly and reasonably charged to the workman if himself paying the bill, and, except in the case of an employer individually liable and himself furnishing the medical aid, the amount thereof shall be fixed and determined by the Board, and no action for any amount larger than that fixed by the Board shall lie in respect of any medical aid herein provided for.

(7) It shall not be lawful for any employer, directly or indirectly, to collect or receive or retain from any workman any contribution toward the expense of medical aid, and every person contravening this provision shall for every such contravention be liable to a penalty not exceeding \$50 and shall also be liable, upon the order of the Board, to reimburse the workman treble the amount of any sum so collected, received or retained.

(8) Where any employer has now or hereafter establishes in connection with any industry carried on by him an arrangement for furnishing medical aid to his workmen which in the opinion of the Board is at least as favourable to the workmen as that herein provided for, the Board, after investigating the facts and considering the wishes of both workmen and employer, may approve such arrangement, and as long as such approval remains unrevoked such arrangement may be continued in lieu of the medical aid herein provided for, and if the industry is in Schedule 1 the employer shall be entitled to such reimbursement out of the accident fund or to such reduction in his rate of assessment as the Board shall deem just.

(9) Nothing in this Act shall affect any obligation upon the employer under The Public Health Act or any regulation made thereunder, but notwithstanding anything therein contained the employer shall not be entitled, directly or indirectly, to collect, receive, or retain from any workman any contribution toward the expense of medical aid.

(10) Employers in any industries in which it is deemed proper may be required by the Board to maintain as may be directed by the Board such first aid appliances and service as the Board may direct, and the Board may make such order respecting the expense thereof as may be deemed just.

(10a) Every employer shall at his own expense furnish to any workman injured in his employment, who is in need of it, immediate conveyance and transportation to a hospital, or to a physician, or to the workman's home, and any employer failing so to do shall be liable, by order of the Board, to pay for such conveyance and transportation as may be procured by the workman or by anyone for him, or as may be provided by the Board. 1919, c. 34, s. 7 (2).

(11) Where in conjunction with or apart from the medical aid to which workmen are to be entitled free of charge further or other service or benefit is, or is proposed to be, given or arranged for, any question arising as to whether or to what extent any contribution from workmen is, or would be one prohibited by this Act shall be determined by the Board. [Section 44a was added by section 9 of chapter 34 of the Acts of 1917, taking effect 1st July, 1917.]

44b. Every physician, surgeon and hospital official attending, consulted respecting, or having the care of any workman shall furnish to the Board from time to time, without additional charge, such reports as may be required by the Board in respect of such workman. 1917, c. 34, s. 9 [taking effect 1st July, 1917].

#### THE WORKMEN'S COMPENSATION BOARD.

45. There is hereby constituted a Commission for the administration of this Part to be called "The Workmen's Compensation Board," which shall consist of three members to be appointed by the Lieutenant-Governor in Council and shall be a body corporate. Amended 1915, c. 24, s. 18.

46.—(1) One of the Commissioners shall be appointed by the Lieutenant-Governor in Council to be the Chairman of the Board and he shall hold that office while he remains a member of the Board and another of the Commissioners shall be appointed by the Lieutenant-Governor in Council Vice-Chairman of the Board.

(2) In the absence of the Chairman or in case of his inability to act or if there is a vacancy in the office, the Vice-Chairman may act as and shall have all the powers of the Chairman.

47.—(1) In the case of the death, illness or absence from Ontario of a Commissioner or of his inability to act from any cause, the Lieutenant-Governor in Council may appoint some person to act *pro tempore* in his stead and the person so appointed shall have all the powers and perform all the duties of a Commissioner.

(2) Subsection 1 shall apply in the case of the Chairman of the Board as well as in the case of any other member of it.

48. Where the Vice-Chairman appears to have acted for or instead of the Chairman it shall be conclusively presumed that he so acted for one of the reasons mentioned in the next preceding subsection.

49. Each Commissioner shall, subject to section 50, hold office during good behaviour but may be removed at any time for cause.

50. Unless otherwise directed by the Lieutenant-Governor in Council a Commissioner shall cease to hold office when he attains the age of 75 years.

51. Each of the Commissioners shall devote the whole of his time to the performance of his duties under this Part.

52. The salary of the Chairman shall be \$10,000 per annum, the salary of the Vice-Chairman shall be \$8,500 per annum, and the salary of the other Commissioner shall be \$7,500 per annum, and such salaries shall be payable out of the Consolidated Revenue Fund.

53. The presence of two Commissioners shall be necessary to constitute a quorum of the Board.

54. A vacancy in the Board shall not if there remain two members of it impair the authority of such two members to act.

55. The Board shall have the like powers as the Supreme Court for compelling the attendance of witnesses and of examining them under oath, and compelling the production of books, papers, documents and things.

56.—(1) A Commissioner shall not directly or indirectly:—

(a) have, purchase, take or become interested in any industry, to which this Part applies or any bond, debenture or other security of the person owning or carrying it on;

(b) be the holder of shares, bonds, debentures or other securities of any company which carries on the business of employers' liability or accident insurance;

(c) have any interest in any device, machine, appliance, patented process or article which may be required or used for the prevention of accidents.

(2) If any such industry, or interest therein, or any such share, bond, debenture, security, or thing comes to or becomes vested in a Commissioner by will or by operation of law and he does not within three months thereafter sell and absolutely dispose of it he shall cease to hold office.

57. The offices of the Board shall be situated in the city of Toronto and its sittings shall be held there, except where it is expedient to hold sittings elsewhere, and in that case sittings may be held in any part of Ontario.

58. The Commissioners shall sit at such times and conduct their proceedings in such manner as they may deem most convenient for the proper discharge and speedy despatch of business.

59. (1) The Board shall appoint a Secretary and a Chief Medical Officer and may appoint such auditors, actuaries, accountants, inspectors, medical referees, other officers, clerks and servants as the Board may deem necessary for carrying out the provisions of this Part and may prescribe their duties and, subject to the approval of the Lieutenant-Governor in Council, may fix their salaries. Amended 1915, c. 24, s. 19.

(2) Every person so appointed shall hold office during the pleasure of the Board.

60. (1) The Board shall have exclusive jurisdiction to examine into, hear and determine all matters and questions arising under this Part and as to any matter or thing in respect to which any power, authority or discretion is conferred upon the Board, and the action or decision of the Board thereon shall be final and conclusive and shall not be open to question or review in any court and no proceedings by or before the Board shall be restrained by injunction, prohibition or other process or proceeding in any court or be removable by *certiorari* or otherwise into any court.

(2) Without thereby limiting the generality of the provisions of subsection 1, it is declared that such exclusive jurisdiction shall extend to determining:

(a) Whether any industry or any part, branch or department of any industry falls within any of the classes for the time being included in Schedule 1, and if so which of them;

(b) Whether any industry or any part, branch or department of any industry falls within any of the classes for the time being included in Schedule 2, and if so which of them;

(c) Whether any part of any such industry constitutes a part, branch or department of an industry within the meaning of Part 1.

(3) Nothing in subsection 1 shall prevent the Board from reconsidering any matter which has been dealt with by it or from rescinding, altering or amending any decision or order previously made, all which the Board shall have authority to do.

(4) The decisions of the Board shall be upon the real merits and justice of the case, and it shall not be bound to follow strict legal precedent. 1917, c. 34, s. 10.

60a. Every copy of or extract from any entry in any book or record of the Board, and of any document filed with the Board, certified by the Secretary of the Board to be a true copy or extract, shall be received in any court as *prima facie* evidence of the matter so certified without proof of the Secretary's appointment, authority, or signature. 1917, c. 34, s. 11.

61. The Board may award such sum as it may deem reasonable to the successful party to a contested claim for compensation or to any other contested matter as compensation for the expenses he has been put to by reason of or incidental to the contest and an order of the Board for the payment by an employer of any sum so awarded when filed in the manner provided by section 63 shall become a judgment of the court in which it is filed and may be enforced accordingly.

62. (1) The Board may act upon the report of any of its officers and any inquiry which it shall be deemed necessary to make may be made by any one of the Commissioners or by an officer of the Board or some other person appointed to make the inquiry, and the Board may act upon his report as to the result of the inquiry.

(2) The person appointed to make the inquiry shall for the purposes of the inquiry have all the powers conferred upon the Board by section 55.

63. An order of the Board for the payment of compensation by an employer who is individually liable to pay the compensation or any other order of the Board for the payment of money made under the authority of this Part, or a copy of any such order certified by the Secretary to be a true copy may be filed with the clerk of any county or district court and when so filed shall become an order of that court and may be enforced as a judgment of the court.

63a. For the duties performed by him in connection with the filing of an order or certificate of the Board pursuant to section 63 or section 94 such clerk shall be entitled to a fee of \$1, and, notwithstanding any other provision or rule, any proceeding provided for by either of the said sections may be carried on by the Board by post without the necessity of personal attendance at any office. 1917, c. 34, s. 12.

64. (1) The Board may make such Regulations as may be deemed expedient for carrying out the provisions of this Part and to meet cases not specially provided for by this Part, and a certified copy of every Regulation so made shall be transmitted forthwith to the Provincial Secretary and any Regulation may within one month after it has been received by the Provincial Secretary be disallowed by the Lieutenant-Governor in Council.

(2) Every Regulation which is approved by the Lieutenant-Governor in Council shall immediately after approval or on the day named by him for that purpose become effective, and after the period for disallowance has expired every other Regulation which has not been disallowed shall become effective and every Regulation which has become effective shall be forthwith published in the Ontario Gazette.

(3) Every person who contravenes any such Regulation after it has become effective or any rule of an association formed as provided by section 101, which has been approved and ratified as provided by that section shall for every contravention incur a penalty not exceeding \$50, but no prosecution for any such contravention shall be taken without leave of the Board. 1916, c. 31, s. 5.

(4) Where an action in respect of an injury is brought against an employer by a workman or a dependant the Board shall have jurisdiction upon the application of the employer to determine whether the workman or dependant is entitled to maintain the action or only to compensation under Part I, and if the Board determines that the only right of the workman or dependent is to such compensation the action shall be forever stayed.

65. The accounts of the Board shall be audited by the Provincial Auditor or by an auditor appointed by the Lieutenant-Governor in Council for that purpose and the salary or remuneration of the last mentioned auditor shall be paid by the Board.

66. (1) The Board shall on or before the 15th day of January in each year make a report to the Lieutenant-Governor of its transactions during the next preceding calendar year and such report shall contain such particulars as the Lieutenant-Governor in Council may prescribe.

(2) Every such report shall be forthwith laid before the Assembly if the Assembly is then in session and if it is not then in session within fifteen days after the opening of the next session.

67. The Superintendent of Insurance or an officer of his Department named by him for that purpose shall once in each year and oftener if so required by the Lieutenant-Governor in Council examine into the affairs and business of the Board for the purpose of determining as to the sufficiency of the accident fund and shall report thereon to the Lieutenant-Governor in Council.

#### Contribution by the Province.

68. To assist in defraying the expenses incurred in the administration of this Part there shall be paid to the Board out of the Consolidated Revenue Fund such annual sum not exceeding \$100,000 as the Lieutenant-Governor in Council may direct.

#### Accident Fund.

69. (1) An accident fund shall be provided by contributions to be made in the manner hereinafter provided, by the employers in the classes or groups of industries, for the time being included in Schedule 1, and compensation payable in respect of accidents which happen in any industry included in any of such classes or groups, shall be payable and shall be paid out of the accident fund.

(2) Notwithstanding the generality of the description of the classes for the time being included in Schedule 1 none of the industries included in Schedule 2 shall form part of or be deemed to be included in any of such classes, unless it is added to Schedule 1 by the Board under the authority conferred by this Part.

70. Where at any time there is not money available for payment of the compensation which has become due, without resorting to the reserves the Board may pay such compensation out of the reserves and shall make good the amount withdrawn from the reserves by making a special assessment upon the employers liable to provide the compensation or by including it in a subsequent annual assessment, or where it is for any reason deemed inexpedient to withdraw the amount required from the reserves the Lieutenant-Governor in Council may direct that the same be advanced out of the Consolidated Revenue Fund and in that case the amount advanced shall be collected by a special assessment and when collected shall be paid over to the Treasurer of Ontario.

71. It shall be the duty of the Board at all times to maintain the accident fund so that with the reserves, exclusive of the special reserve, it shall be sufficient to meet all the payments to be made out of the fund in respect of compensation as they become payable and so as not unduly or unfairly to burden the employers in any class in future years with payments which are to be made in those years in respect of accidents which have previously happened.

72. (1) Subject to section 91 it shall not be obligatory upon the Board to provide and maintain a reserve fund which shall at all times be equal to the capitalized value of the payments of compensation which will become due in future years unless the Board shall be of opinion that it is necessary to do so in order to comply with the provisions of section 71.

(2) It shall not be necessary that the reserve fund shall be uniform as to all classes but subject to sections 71 and 91 it shall be discretionary with the Board to provide for a larger reserve fund in one or more of the classes than in another or others of them.

73. If any trade or business connected with the industries of:—

Lumbering, mining, quarrying, fishing, manufacturing, building, construction, engineering, transportation, operation of electric power lines, waterworks, and other public utilities, navigation, operation of boats, ships, tugs and dredges, operation of grain elevators and warehouses; teaming, scavenging and street cleaning; painting, decorating and renovating, dyeing and cleaning;

or any occupation incidental thereto, or immediately connected therewith, not included in Schedule 2, is not included in any of the classes mentioned in Schedule 1, the Board shall assign it to an appropriate class or form an additional class or classes embracing the trades or businesses not so included, and until that is done except in so far as it may be otherwise provided by the Regulations such trades and businesses shall together constitute a separate group or class and shall be deemed to be included in Schedule 1.

74. (1) The Board shall have jurisdiction and authority to:—

(a) re-arrange any of the classes for the time being included in Schedule 1, and withdraw from any class any industry included in it and transfer it wholly or partly to any other class or form it into a separate class, or exclude it from the operation of Part I;

(b) establish other classes including any of the industries which are for the time being included in Schedule 2, or are not included in any of the classes in Schedule 1;

(c) add to any of the classes for the time being included in Schedule 1, any industry which is not included in any of such classes.

(2) Where in the opinion of the Board the hazard to workmen on any of the industries embraced in a class is less than that in another or others of such industries, or where for any other reason it is deemed proper to do so, the Board may sub-divide the class into sub-classes and if that is done the Board shall fix the percentages or proportions of the contributions to the accident fund which are to be payable by the employers in each sub-class.

(3) Separate accounts shall be kept of the amounts collected and expended in respect of every class and sub-class, but for the purpose of paying compensation the accident fund shall, nevertheless, be deemed one and indivisible.

(4) Where a greater number of accidents has happened in any industry than in the opinion of the Board ought to have happened if proper precautions had been taken for the prevention of accidents in it, or where in the opinion of the Board the ways, works, machinery or appliances in any industry are defective, inadequate or insufficient the Board may so long as such condition in its opinion continues to exist add to the amount of any contribution to the accident fund for which an employer is liable in respect of such industry such a percentage thereof as the Board may deem just and may assess and levy the same upon such employer, or the Board may exclude such industry from the class in which it is included, and if it is so excluded the employer shall be individually liable to pay the compensation to which any of his workmen or their dependents may thereafter become entitled and such industry shall be included in Schedule 2.

(5) Any additional percentage levied and collected under the next preceding subsection shall be added to the accident fund or applied in reduction of the assessment upon the other employers in the class or sub-class to which the employer from whom it is collected belongs as the Board may determine.

75. (1) The Board may in the exercise of the powers conferred by the next preceding section withdraw or exclude from a class industries in which not more than a stated number of workmen are usually employed and may afterwards add them to the class or classes from which they have been withdrawn, and any industry so withdrawn or excluded shall not thereafter be deemed to be included in Schedule 1, but no withdrawal or exclusion under the authority of this subsection shall have the effect of excluding any industry from Schedule 2. Amended 1919, c. 34, s. 8 (1).

(2) Where industries are withdrawn or excluded from a class under the authority of subsection 1, an employer in any of them may, nevertheless, elect to become a member of the class to which but for the withdrawal or exclusion he would have belonged, and if he so elects he shall be a member of that class and as such liable to contribute to the accident fund, and his industry shall be deemed to be embraced in Schedule 1.

(3) Notice of the election shall be given to the Secretary of the Board and the election shall be deemed to have been made when the notice is received by him.

(4) Any workman in any industry excluded under the authority of subsection 1 may notify the Secretary of the Board that he desires such industry to be included in Schedule 1, and such notice upon receipt thereof by the Secretary shall have the same effect as a notice of election from the employer. 1919, c. 34, s. 8 (2).

76. The powers conferred by the next preceding two sections may be exercised from time to time and as often as in the opinion of the Board occasion may require.

76a. (1) The Board may, upon the application of an employer, add to Schedule 1, for such time and upon such terms and conditions as the Board may determine, any industry or part of an industry, or department of work or service, of such employer.

(2) The Board may, upon the application of an employer, add to Schedule 2, for such time and upon such terms and conditions as the Board may determine, any industry or part of an industry, or department of work or service, of such employer not in Schedule 1. 1916, c. 31, s. 6.

77. A regulation or order made by the Board under the authority of clause (a) or clause (b) of subsection 1 of section 74, shall not have any force or effect unless approved by the Lieutenant-Governor in Council, and when so approved it shall be published in the Ontario Gazette and shall take effect on the expiration of one month from the first publication of it in the Ontario Gazette.]

#### Statements to be Furnished by Employers.

78. (1) Subject to the Regulations every employer shall not later than three months before the day named by proclamation as mentioned in section 3 and yearly thereafter on or before such date as shall be prescribed by the Board and at such other time or times as it may by order or regulation of the Board be required, prepare and transmit to the Board a statement of the amount of the wages earned by all his employees during the year then last past, or any part thereof specified by the Board, and of the amount which he estimates he will expend for wages during the then current year or any part thereof specified by the Board, and such additional information as the Board may require, both verified by the statutory declaration of the employer or the manager of the business, or where the employer is a corporation by an officer

of the corporation having a personal knowledge of the matters to which the declaration relates. Amended 1915, c. 24, s. 20.

(1a) Every employer shall keep in such form and with such detail as may be required for the purpose of this Act a careful and accurate account of all wages paid to his employees and such account shall be kept within the Province and shall be produced to the Board and its officers when so required. 1916, c. 31, s. 7, amended 1917, c. 34, s. 13.

(2) Where the business of the employer embraces more than one branch of business or class of industry the Board may require separate statements to be made as to each branch or class of industry, and such statements shall be made, verified, and transmitted as provided by subsection 1.

(3) If any employer does not make and transmit to the Board the prescribed statement within the prescribed time the Board may base any assessment or supplementary assessment thereafter made upon him on such sum as in its opinion is the probable amount of the pay roll of the employer and the employer shall be bound thereby, but if it is afterwards ascertained that such amount is less than the actual amount of the pay roll the employer shall be liable to pay to the Board the difference between the amount for which he was assessed and the amount for which he would have been assessed on the basis of his pay roll.

(4) If an employer does not comply with the provisions of subsection 1, subsection 1a, or subsection 2, or if any statement made in pursuance of their provisions is not a true and accurate statement of any of the matters required to be set forth in it the employer for every such non-compliance and for every such statement shall incur a penalty not exceeding \$500, and default or delay in furnishing any such statement or insufficiency of estimate of expenditure for wages shall also render the employer liable to pay an additional percentage of assessment or to pay interest, as fixed by the Board. Amended 1916, c. 31, s. 7, 1919, c. 34, s. 9.

78a. (1) Every municipal assessor of a township, town or village, shall yearly, on or before the last day for completing his assessment roll, make a return to the Board upon forms provided by the Board for the purpose showing the names, addresses, nature of business, and usual number of employees, of all employers of labour carrying on in the municipality any industry or business other than farming or mercantile business.

(2) The Board may make remuneration for such return out of the accident fund. 1916, c. 31, s. 8.

79. (1) The Board and any member of it, and any officer or person authorized by it for that purpose shall have the right to examine the books and accounts of the employer and to make such other inquiry as the Board may deem necessary for the purpose of ascertaining whether any statement furnished to the Board under the provisions of section 78 is an accurate statement of the matters which are required to be stated therein or of ascertaining the amount of the pay roll of any employer, or of ascertaining whether any industry or person is under the operation of Part I and whether in Schedule 1 or Schedule 2, and for the purpose of any such examination and inquiry the Board and the person so appointed shall have all the powers which may be conferred on a commissioner appointed under The Public Inquiries Act. Amended 1915, c. 24, s. 21.

(2) An employer and every other person who obstructs or hinders the making of the examination and inquiry mentioned in subsection 1 or refuses to permit it to be made shall incur a penalty not exceeding \$500.

(3) Every member of the Board and every officer or person authorized by it to make examination or inquiry under this section shall have power and authority to require and take affidavits, affirmations or declarations as to any matter of such examination or inquiry and to take statutory declarations required under section 78, and in all such cases to administer oaths, affirmations and declarations and certify to the same having been made. 1915, c. 24, s. 21.

80. (1) If a statement is found to be inaccurate the assessment shall be made on the true amount of the pay roll as ascertained by such examination and enquiry or if an assessment has been made against the employer on the basis of his pay roll being as shown by the statement the employer shall pay to the Board the difference between the amount for which he was assessed and the amount for which he would have been assessed if the amount of the pay roll had been truly stated, and by way of penalty a sum equal to such difference.

(2) The Board if satisfied that the inaccuracy of the statement was not intentional and that the employer honestly desired to furnish an accurate statement, may relieve him from the payment of the penalty provided for by subsection 1 or any part of it.

81. (1) The Board and any member of it and any officer or person authorized by it for that purpose shall have the right at all reasonable hours to enter into the establishment of any employer who is liable to contribute to the accident fund and the premises connected with it and every part of them for the purpose of ascertaining whether the ways, works, machinery or appliances therein are safe, adequate and sufficient and whether all proper precautions are taken for the prevention of accidents to the workmen employed in or about the establishment or premises and whether the safety appliances or safeguards prescribed by law are used and employed therein, or for any other purpose which the Board may deem necessary for the purpose of determining the proportion in which such employer should contribute to the accident fund.

(2) An employer and every other person who obstructs or hinders the making of any inspection made under the authority of subsection 1, or refuses to permit it to be made, shall incur a penalty not exceeding \$500.

82. (1) No officer of the Board and no person authorized to make an inquiry under the Part shall divulge or allow to be divulged except in the performance of his duties or under the authority of the Board any information obtained by him or which has come to his knowledge in making or in connection with an inspection or inquiry under this Part.

(2) Every person who contravenes any of the provisions of subsection 1 shall incur a penalty not exceeding \$50.

83. The penalties imposed by or under the authority of this Part shall be recoverable under The Ontario Summary Convictions Act and when collected shall be paid over to the Board and shall form part of the accident fund.

#### Assessments.

84. (1) The Board shall before the day named by proclamation as mentioned in section 3 make a provisional assessment on the employers in each class of such sum as in the opinion of the Board will be sufficient to meet the claims for compensation which will be payable by that class for the first year after the day so named and to meet the expenses of the Board in the administration of this Part for the year, and also to provide a reserve fund to pay the compensation payable in future years in respect of claims in that class for accidents happening in that year, of such an amount as the Board may deem necessary to prevent the employers in future years from being unduly or unfairly burdened with payments which are to be made in those years in respect of accidents which have previously happened.

(2) The sums to be so assessed may be either a percentage of the pay rolls of the employers or a specific sum as the Board may determine.

(3) (Repealed 1915, c. 24, s. 22.)

85. (1) The Board shall in every year thereafter assess and levy upon the employers in each of the classes such percentage of pay roll or such other rate or such specific sum as, allowing for any surplus or deficit in the class, it shall deem sufficient to pay the compensation during the current year in respect of injuries to workmen in the industries within the class, and to provide and pay the expenses of the Board in the administration of this Part for that year or so much thereof as may not be otherwise provided for, and also to provide a similar reserve fund to that mentioned in subsection 1 of section 84; and such assessments may, if the Board sees fit, be levied provisionally upon the estimate of pay roll given by the employer or upon an estimate fixed by the Board and, after the actual pay roll has been ascertained, adjusted to the correct amount; and the payment of assessments may, if the Board deems fit, be divided into instalments.

Amended 1915, c. 24, s. 23

(2) Where the assessment is based on the pay roll of the employer and there is included in it the wages or salary of a workman who has been paid more than at the rate of \$2,000 per annum the excess shall be deducted from the amount of the pay roll and the assessment shall be based on the amount of it as so reduced.

(3) It shall not be necessary that the assessment upon the employers in a class or sub-class shall be uniform, but they may be fixed or graded in relation to the hazard of each or of any of the industries included in the class or sub-class.

(4) A system of merit rating may, if deemed proper, be adopted. 1917, c. 34, S. 14.

86.—(1) The Board shall determine and fix the percentage, rate or sum for which each employer is assessed under the provisions of either of the next preceding two sections, or the provisional amount thereof, and such employer shall pay to the Board the amount or provisional amount of his assessment within one month, or such other time as the Board may fix, after notice of the assessment and of such amount has been given to him, or where payment is to be made by instalments he shall pay the first instalment within such time and the remaining instalment or instalments at the time or times specified in such notice. Amended 1915, c. 24, s. 24 (a) 1917, c. 34, s. 15.

(2) The notice may be sent by post to the employer and shall be deemed to have been given to him on the day on which the notice was posted. Amended 1915, c. 24, s. 24 (b).

(3) Wherever at any time it appears that a statement or estimate of pay roll upon which an assessment or provisional amount of assessment is based is too low the employer shall upon demand pay to the Board such sum, to be fixed by the Board, as shall be sufficient to bring the payment of assessment up to the proper amount; and payment of any such sum may be enforced in the same manner as the payment of any assessment may be enforced. 1915, c. 24, s. 24 (c).

87. If the amount realized from any assessment is insufficient for the purpose for which the assessment was made, the Board may make supplementary assessments to make up the deficiency and section 86 shall apply to such assessments, but the Board may defer assessing for such deficiency until the next annual assessment is made and then include it in such assessment. Amended 1915, c. 24, s. 25.

88. (1) Where any deficiency in the amount realized from any assessment in any class is caused by the failure of some of the employers in that class to pay their share of the assessment or by any disaster or other circumstance which, in the opinion of the Board, would unfairly burden the employers in that class, the deficiency or loss shall be made up by supplementary assessments upon the employers in all the classes and the provisions of section 86 shall apply to such assessments, but the Board may defer assessing for such deficiency or loss until the next annual assessment is made and then include it in such assessment. Amended 1915, c. 24, s. 26 (a), (b).

(2) The Board may where it deems proper add to the assessment for any class or classes or for all the classes in Schedule 1 a percentage or sum for the purpose of raising a special fund to be

laid aside and used to meet the loss arising from any disaster or other circumstance which, in the opinion of the Board, would unfairly burden the employers in any class. 1915, c. 24, s. 26 (c).

89. (1) If and so far as any deficiency mentioned in the next preceding two sections is afterwards made good wholly or partly by the defaulting employer the amount which shall have been made good shall be apportioned between the other employers in the proportions in which the deficiency was made up by them by the payment of supplementary assessments upon them and shall be credited to them in making the next assessment.

(2) If for any reason an employer liable to assessment is not assessed in any year he shall nevertheless be liable to pay to the Board the amount for which he should have been assessed, and payment of that amount may be enforced in the same manner as the payment of an assessment may be enforced.

(3) Any sum collected from an employer under subsection 2 shall be taken into account by the Board in making an assessment in a subsequent year on the employers in the class or sub-class to which such employer belonged.

90. Notwithstanding that the deficiency arising from a default in the payment of the whole or part of any assessment has been made up by a special assessment a defaulting employer shall continue liable to pay to the Board the amount of every assessment made upon him or so much of it as remains unpaid.

91. Whenever the Lieutenant-Governor in Council is of opinion that the condition of the accident fund is such that with the reserves, exclusive of the special reserve, it is not sufficient to meet all the payments to be made in respect of compensation as they become payable and so as not unduly or unfairly to burden the employers in any class in future years with payments which are to be made in those years in respect of accidents which have happened in previous years, he may require the Board to make a supplementary assessment of such sum as in his opinion is necessary to be added to the fund, and when such a requirement is made the Board shall forthwith make such supplementary assessment and it shall be made in like manner as is hereinbefore provided as to other special assessments and all the provisions of this Part as to special assessments shall apply to it.

92. In order to maintain the accident fund as provided by section 71 the Board may from time to time and as often as may be deemed necessary include in any sum to be assessed upon the employers and may collect from them such sums as may be deemed necessary for that purpose and the sums so collected shall form a reserve fund and shall be invested in securities in which a trustee may by law invest trust moneys.

93. If an assessment or a special assessment is not paid at the time when it becomes payable, the defaulting employer shall be liable to pay and shall pay as a penalty for his default such a percentage upon the amount unpaid as may be prescribed by the Regulations or may be determined by the Board.

93a. (1) Any employer who refuses or neglects to make or transmit any pay roll return or other statement required to be furnished by him under the provisions of sections 78 or 96, or who refuses or neglects to pay any assessment or special or supplementary assessment or the provisional amount of any assessment, or any instalment or part thereof, shall, in addition to any penalty or other liability to which he may be subject, pay to the Board the full amount or capitalized value, as determined by the Board, of the compensation payable in respect of any accident to a workman in his employ which happens during the period of such default, and the payment of such amount may be enforced in the same manner as the payment of an assessment may be enforced.

(2) The Board, if satisfied that such default was excusable, may in any case relieve such employer in whole or in part from liability under this section. 1915, c. 24, s. 27.

94. Where default is made in the payment of any assessment, or special assessment, or any part of it the Board may issue its certificate stating that the assessment was made, the amount remaining unpaid on account of it and the person by whom it was payable and such certificate or a copy of it certified by the Secretary to be a true copy may be filed with the clerk of any county or district court and when so filed shall become an order of that court and may be enforced as a judgment of the court against such person for the amount mentioned in the certificate.

95. (1) If an assessment or a special assessment or any part of it remains unpaid for 30 days after it has become payable, the Board, in lieu of or in addition to proceeding as provided by the next preceding section, may issue its certificate stating the name and residence of the defaulting employer, the amount unpaid on the assessment, the establishment in respect of which it is payable, and upon the delivery of the certificate to the clerk of the municipality in which the establishment is situate he shall cause the amount so remaining unpaid as stated in the certificate to be entered upon the collector's roll as if it were taxes due by the defaulting employer in respect of such establishment, and it shall be collected in like manner as taxes are levied and collected and the amount when collected shall be paid over by the collector to the Board.

(2) The collector shall be entitled to add five per cent thereof to the amount to be collected and to retain such percentage for his services in making the collection.

96. (1) Where an industry coming within any of the classes for the time being included in Schedule 1 is established or commenced after an assessment has been made it shall be the duty of the employer forthwith to notify the Board of the fact and to furnish to the board an estimate of the probable amount of his pay roll for the remainder of the year, verified by a statutory declaration, and to pay to the Board a sum equal to that for which he would have been liable

if his industry had been established or commenced before such assessment was made or so much thereof as the Board may deem reasonable..

(2) The Board shall have the like powers and be entitled to the like remedies for enforcing payment of the sum payable by the employer under subsection 1 as it possesses or is entitled to in respect of assessments.

(3) For default in complying with the provisions of sub-section 1 the employer shall incur the like penalty and liability as are provided with respect to defaults by section 78. Amended 1919, c. 34, s. 10.

97. (1) Where an employer engages in any of the industries for the time being included in Schedule 1 and has not been assessed in respect of it, the Board, if it is of opinion that the industry is to be carried on only temporarily, may require the employer to pay or to give security for the payment to the Board of a sum sufficient to pay the assessment for which the employer would have been liable if the industry had been in existence when the next preceding assessment was made.

(2) The Board shall have the like powers and be entitled to the like remedies for enforcing payment of any such sum as it possesses or is entitled to in respect of assessments.

(3) An employer who makes default in complying with the provisions of subsection 1 shall incur a penalty not exceeding \$200 and an additional penalty not exceeding \$20 per day for every day on which the default continues.

98. In the case of a work or service performed by an employer in any of the industries for the time being included in Schedule 1 for which the employer would be entitled to lien under The Mechanic's and Wage Earners' Lien Act it shall be the duty of the owner as defined by that Act to see that any sum which the employer is liable to contribute to the accident fund is paid and if any such owner fails to do so he shall be personally liable to pay it to the Board, and the Board shall have the like powers and be entitled to the like remedies for enforcing payment as it possesses or is entitled to in respect of an assessment.

98. (1) There shall be included among the debts which, under the Assignments and Preferences Act, The Trustee Act, and The Ontario Company's Act are, in the distribution of the property, in the case of an assignment or death or in the distribution of the assets of a company being wound up, under the said Acts respectively, to be paid in priority to all other debts, the amount of any assessment or compensation the liability whereof accrued before the date of the assignment or death or before the date of the commencement of the winding up, and the said Acts shall have effect accordingly.

(2) When the compensation is a periodical payment the liability in respect thereof shall, for the purposes of this section, be taken to be the amount of the lump sum, to be determined by the Board, for which the periodical payments may be commuted.

(3) Priority in respect of any individual claim for compensation shall not exceed \$500. 1915, c. 24, s. 28.

#### Returns of Accidents.

99.—(1) Every employer shall within three days after the happening of an accident to a workman in his employment by which the workman is disabled from earning full wages or which necessitates medical aid notify the Board in writing of the:—

- (a) happening of the accident and nature of it;
- (b) time of its occurrence;
- (c) name and address of the workman;
- (d) place where the accident happened;
- (e) name and address of the physician or surgeon, if any, by whom the workman was or is attended for the injury;

and shall in any case furnish such further details and particulars respecting any accident or claim to compensation as the Board may require. Amended, 1915, c. 24, s. 29. 1919, c. 34, s. 11.

(2) For every contravention of subsection 1 the employer shall incur a penalty not exceeding \$50.

(3) Every employer who makes default in reporting or furnishing particulars of any accident or claim shall in addition to any other penalty or liability pay to the Board, if so ordered by the Board the amount of compensation awarded in respect of such accident or claim in accordance with the evidence or information otherwise obtained by the Board. 1917, c. 34, s. 16.

#### Industrial Diseases.

100.—(1) Where a workman suffers from an industrial disease and is thereby disabled from earning full wages at the work at which he was employed or his death is caused by an industrial disease and the disease is due to the nature of any employment in which he was engaged at any time within twelve months previous to the date of his disablement, whether under one or more employments the workman or his dependants shall be entitled to compensation as if the disease were a personal injury by accident and the disablement were the happening of the accident, subject to the modifications hereinafter mentioned, unless at the time of entering into the employment he had wilfully and falsely represented himself in writing as not having previously suffered from the disease.

(2) Where the compensation is payable by an employer individually it shall be payable by the employer who last employed the workman during such twelve months in the employment to the nature of which the disease was due.

(3) The workman or his dependants if so required shall furnish the employer mentioned in the next preceding subsection with such information as to the names and addresses of all the other employers by whom he was employed in the employment to the nature of which the disease was due during such twelve months as such workman or his dependants may possess, and if such information is not furnished or is not sufficient to enable that employer to take the proceedings mentioned in subsection 4 that employer upon proving that the disease was not contracted while the workman was in his employment shall not be liable to pay compensation.

(4) If that employer alleges that the disease was in fact contracted while the workman was in the employment of some other employer he may bring such employer before the Board and if the allegation is proved that other employer shall be the employer by whom the compensation shall be paid.

(5) If the disease if of such a nature as to be contracted by a gradual process any other employers who during such twelve months employed the workman in the employment to the nature of which the disease was due shall be liable to make to the employer by whom the compensation is payable such contributions as the Board may determine to be just.

(6) The amount of the compensation shall be fixed with reference to the earnings of the workman under the employer by whom the compensation is payable and the notice provided for by section 20 shall be given to the employer who last employed the workman during such twelve months in the employment to the nature of which the disease was due and the notice may be given notwithstanding that the workman has voluntarily left the employment.

(6a) Where the compensation is payable out of the accident fund the Board shall make such investigation as it deems necessary to ascertain the class or classes against which the compensation should be charged and shall charge or apportion the compensation accordingly. 1917, c. 34, s. 17 (1).

(7) If the workman at or immediately before the date of the disablement was employed in any process mentioned in the second column of Schedule 3 and the disease contracted is the disease in the first column of the Schedule set opposite to the description of the process, the disease shall be deemed to have been due to the nature of that employment unless the contrary is proved, but, except where the Board is satisfied that the disease is not due to any other cause than his employment within Ontario, no compensation shall be payable under this section unless the workman has been a resident of Ontario for the three years next preceding his first disablement. Amended, 1917, c. 34, s. 17 (2).

(8) Nothing in this section shall affect the right of a workman to compensation in respect of a disease to which this section does not apply if the disease is the result of an injury in respect of which he is entitled to compensation under this Part.

#### Formation of Associations and Committees.

101.—(1) The employers in any of the classes for the time being included in Schedule 1 may form themselves into an association for accident prevention and may make rules for that purpose.

(2) If the Board is of opinion that an association so formed sufficiently represents the employers in the industries included in the class, the Board may approve such rules, and when approved by the Board and by the Lieutenant-Governor in Council they shall be binding on all the employers in industries included in the class.

(3) Where an association under the authority of its rules appoints an inspector or an expert for the purpose of accident prevention, the Board may pay the whole or any part of the salary or remuneration of such inspector or expert out of the accident fund or out of that part of it which is at the credit of any one or more of the classes as the Board may deem just.

(4) The Board may in any case where it deems proper make a grant toward the expenses of any such association. 1915, c. 24, s. 30.

(5) Any moneys paid by the Board under this section shall be charged against the class represented by such association and levied as part of the assessment against such class. 1915, c. 24, s. 30.

(6) The word "class" in this section shall include sub-class or such part of a class or such number of classes or parts of classes in Schedule 1 as may be approved by the Board. 1915, c. 24, s. 30.

102.—(1) The employers in any of the classes for the time being included in Schedule 1 may appoint a committee of themselves, consisting of not more than five employers, to watch over their interests in matters to which this Part relates.

(2) Where a claim is for compensation for an injury for which the employers in any such class would be liable, if the Board is of the opinion that the committee sufficiently represents such employers, and the committee certifies to the Board that it is satisfied that the claim should be allowed, the Board may act on the certificate and may also act upon the certificate of the committee as to the proper sum to be awarded for compensation if the workman or dependant is satisfied with the sum named in the certificate.

(3) The committee may be the medium of communication on the part of the class with the Board.

## Contribution by Employers in Schedule 2.

103. Employers in industries for the time being included in Schedule 2 shall pay to the Board such proportion of the expenses of the Board in the administration of this Part as the Board may deem just and determine, and the sum payable by them shall be apportioned between such employers and assessed and levied in like manner as in the case of assessments for contributions to the accident fund, and the provisions of this Part as to making such assessments shall apply (*mutatis mutandis*) to assessments made under the authority of this section.

104. This Part shall apply only to the industries mentioned in Schedules 1 and 2 and to such industries as shall be added to them under the authority of this Part and to employments therein.

## PART II.

105. Subject to section 109 sections 106 to 108 shall apply only to the industries to which Part I does not apply and to the workmen employed in such industries, but out-workers and persons whose employment is of a casual nature and who are employed otherwise than for the purposes of the employer's trade or business, who are employed in industries under the operation of Part I but who are excluded from the benefit of the provisions of Part I, shall not by this section be excluded from the benefit of the provisions of sections 106 to 108. Amended, 1915, c. 24, s. 31. 1919, c. 34, s. 12.

106.—(1) Where personal injury is caused to a workman by reason of any defect in the condition or arrangement of the ways, works, machinery, plant, buildings or premises connected with, intended for or used in the business of his employer or by reason of the negligence of his employer or of any person in the service of his employer acting within the scope of his employment the workman or if the injury results in death the legal personal representatives of the workman and any person entitled in case of death shall have an action against the employer, and if the action is brought by the workman he shall be entitled to recover from the employer the damages sustained by the workman by or in consequence of the injury, and if the action is brought by the legal personal representatives of the workman or by or on behalf of persons entitled to damages under The Fatal Accidents Act they shall be entitled to recover such damages as they are entitled to under that Act.

(2) Where the execution of any work is being carried into effect under any contract, and the person for whom the work is done owns or supplies any ways, works, machinery, plant, buildings or premises, and by reason of any defect in the condition or arrangement of them personal injury is caused to a workman employed by the contractor or by any sub-contractor, and the defect arose from the negligence of the person for whom the work or any part of it is done or of some person in his service and acting within the scope of his employment, the person for whom the work or that part of the work is done shall be liable to the action as if the workman had been employed by him, and for that purpose shall be deemed to be the employer of the workman within the meaning of this Act, but any such contractor or sub-contractor shall be liable to the action as if this subsection had not been enacted but not so that double damages shall be recoverable for the same injury.

(3) Nothing in subsection 2 shall affect any right or liability of the person for whom the work is done and the contractor or sub-contractor as between themselves. See R.S.O. 1914, cap. 146, s. 4.

(4) A workman shall not by reason only of his continuing in the employment of the employer with knowledge of the defect or negligence which caused his injury be deemed to have voluntarily incurred the risk of the injury. See R.S.O. 1914, cap. 146, s. 6, last part.

107. A workman shall hereafter be deemed not to have undertaken the risks due to the negligence of his fellow workmen and contributory negligence on the part of a workman shall not hereafter be a bar to recovery by him or by any person entitled to damages under The Fatal Accidents Act in an action for the recovery of damages for an injury sustained by or causing the death of the workman while in the service of his employer for which the employer would otherwise have been liable.

108. Contributory negligence on the part of the workman shall nevertheless be taken into account in assessing the damages in any such action.

109. This Act shall not apply to the industry of farming or to domestic or menial servants or their employers. Amended, 1919, c. 34, s. 13.

110. The Workmen's Compensation for Injuries Act being Chapter 146 of the Revised Statutes of Ontario, 1914, is hereby repealed.

111. This Part shall take effect on, from and after the day named in the proclamation mentioned in section 3.

## SCHEDULE 1.

Industries the Employers in which are Liable to Contribute to the Accident Fund.

(As altered and amended.)

Class 1.—Lumbering; logging, river-driving, rafting, booming; rossing, bark peeling; saw mills, shingle-mills, lath-mills; manufacture of veneer, excelsior, staves, spokes, or headings; lumber yards (including the delivery of lumber) carried on in connection with saw mills; the creosoting of timbers.

Class 2.—Pulp and paper mills.

Class 3.—Manufacture of furniture, fixtures, organs, pianos, piano actions, canoes, small boats, coffins, wicker and rattan ware, mattresses, bed-springs, artificial limbs, cork articles, cork carpets or linoleum; upholstering, picture framing.

Class 4.—Planing mills, sash and door factories, manufacture of wooden and corrugated paper boxes, cheese boxes, mouldings, window and door screens, window shades, brooms or brushes, carpet sweepers, wooden toys, articles and wares or baskets, matches or shade rollers lumber yards (including the delivery of lumber) carried on in connection with planing mills or sash and door factories; cooperage, not including the making of staves or headings; carpenter, joiner, or cabinet work in shop.

Class 5.—Mining; reduction of ores and smelting; preparation of metals or minerals; boring and drilling including sinking of artesian wells (except when done by an employer coming under Class 14); manufacture of calcium carbide, carborundum or alundum, abrasives or abrasive articles other than stone.

Class 6.—Sand, shale, clay or gravel pits; marble works, stone cutting or dressing; manufacture of brick, tile, terra-cotta, fire-proofing, sewer pipe, roof tile, plaster blocks, plaster board, slate or artificial stone; manufacture of brick, stone or artificial stone paving blocks, or cement or concrete blocks.

Sub-Class A of Class 6.—Quarries, stone crushing, lime kilns; manufacture of cement.

Class 7.—Manufacture of glass, glass products, glassware, porcelain or pottery.

Class 8a.—Rolling mills; manufacture of heavy forgings, including ship anchors.

Class 8b.—Foundries; gas or electric welding; manufacture of stoves, furnaces, cast hot water boilers, radiators, or metal sanitary ware, water fixtures or bedsteads.

Class 8c.—Fabrication of structural steel, iron or metal; ship building or ship repairing; manufacture of boilers, engines, locomotives; riveted pipes, tubing or tanks; safes, heavy machinery, cranes; or metal siding, ceiling, roofing, shingles, window frames or the like.

Class 10.—Machine shops, metal stamping works, or blacksmith shops; manufacture of light forgings, carriage mountings, wires, cables, bolts, nuts, nails, screws, tools, cutlery, hardware; tin, sheet metal or sheet metal enamelled wares or articles not otherwise specified; metal wares, instruments, utensils and articles; wire goods, screens, cold drawn shafting, cold drawn tubing, fire-arms, ammunition shells (without explosives), windmills, gas or electric light fixtures, light machinery, scales, cash registers, typewriters, adding machines, dry batteries, cameras, sporting goods, metal toys; buttons of metal, ivory, pearl or horn; ivory articles, rubber stamps, pads or stencils.

Class 11.—Manufacture of agricultural implements, threshing machines, waggons, carriages, sleighs, vehicles, automobiles, motor trucks, motor-cycles, bicycles, tricycles, toy waggons or sleighs, baby carriages, or aeroplanes; car shops.

Class 12.—Manufacture of gold or silverware, plated ware, watches, watch-cases, clocks, jewellery, or musical instruments.

Class 13.—The manufacture of fireworks, gunpowder, ammunition, nitro-glycerine, dynamite, gun-cotton or other high explosives, torpedoes, fuses or cartridges.

Class 14.—Manufacture of paint, colour, varnish, oil, japans, turpentine, printing ink printers' rollers; manufacture of chemicals, corrosive acids, or salts, ammonia, gasoline, petroleum, petroleum products, celluloid, gas, charcoal, artificial ice, including the handling and delivery thereof; wood alcohol, celluloid articles; the manufacture, transmission and distribution of natural or artificial gas and operations connected therewith; the cutting, storing, handling and delivery of natural ice.

Class 15.—Distilleries, breweries, manufacture of spirituous or malt liquors, malt, alcohol, wine, vinegar, cider, mineral water, soda water, or methylated spirits.

Class 16.—Manufacture of non-hazardous chemicals, drugs, medicines, dyes, extracts, pharmaceutical or toilet preparations, soaps, candles, perfumes, non-corrosive acids or chemical preparations; shoe-blackening or polish, yeast, baking powder or mucilage; tar, or tarred, pitched or asphalted paper.

Class 17.—Milling; manufacturing of cereals or cattle foods; warehousing or handling of grain or operation of grain elevators, threshing machines, clover mills, or ensilage cutters.

Class 18.—Manufacture or preparation of meats or meat products or glue.

Sub-Class A of Class 18.—Packing houses, abattoirs; manufacture of fertilizers not incidental to any other industry.

Class 19.—Tanneries.

Class 20.—Manufacture of leather goods and products, belting, whips, saddlery, harness, trunks, valises, trusses, imitation leather, boots, shoes, gloves, umbrellas, rubber goods, rubber shoes, tubing, tires or hose.

Class 22.—Sugar refineries; manufacture of dairy products, butter, cheese, condensed milk or cream, biscuits, confectionery, chewing gum, spices, condiments, salt or any kind of starch; bakeries.

Sub-Class A of Class 22.—Canning or preparation of fruit, vegetables, fish or food-stuffs; pickle factories.

Class 24.—Manufacture of tobacco, cigars, cigarettes or tobacco products.

Class 26.—Flax mills; manufacture of textiles or fabrics, spinning, weaving and knitting manufactories; manufacture of yarn, thread, hosiery, cloth, blankets, carpets, canvas, bags, shoddy, felt, felt hats, cordage, ropes, fibre, asbestos goods, hair cloth and other hair goods; work in manila or hemp.

Class 27.—Manufacture of men's or women's clothing, whitewear, shirts, collars, corsets, hats other than felt, caps, furs, robes, feathers or artificial flowers, quilts, clothing pads, tents, awnings, gloves, mittens, neckties, or other articles not otherwise specified made from fabrics; the erection of awnings.

Class 28.—Power laundries; dyeing, cleaning or bleaching.

Class 29.—Printing, photo-engraving, engraving, lithographing, book-binding, embossing; manufacture of stationery, paper, cardboard boxes, bags, wall-paper, or papier-mâché.

Class 30.—Heavy teaming or cartage; safe-moving or moving of boilers, heavy machinery building stone and the like; warehousing, storage; teaming and cartage, including the hauling for hire by means of any vehicle, howsoever drawn or propelled, of any commodity or material; scavenging, street cleaning or removal of snow or ice.

Class 32.—Steel building and bridge construction; installation of elevators, fire-escapes, boilers, engines or heavy machinery; the erection of windmills.

Class 33.—Bricklaying, mason work, stone setting; plastering; concrete or cement work in or connected with buildings; excavation work for or connected with buildings; structural carpentry; lathing; installation of pipe organs; house wrecking or house moving; painting, decorating, or renovating; glazing or installation of plate glass; the business of window cleaning; sheet metal work; roofing; the erection of lightning rods; electric wiring of buildings or installation of lighting fixtures; plumbing, heating or sanitary engineering; gas or steamfitting.

Class 37.—Road or street making or repairing; bridge or culvert construction not otherwise classified; manufacturing of asphalt material or paving material not otherwise classified; concrete or cement work not otherwise classified; sewer construction, tunnelling, shaft sinking, well digging; construction or operation of a waterworks system; excavation work for foundations other than for or in connection with buildings; trenching, less than six feet deep, for gas pipes, water pipes or wire conduits; excavation work not otherwise classified where the depth is more than six feet and the width is less than half the depth.

Class 38.—Construction, installation or operation of electric power lines or appliances, and power transmission lines; construction or operation of an electric light system; construction and operation of power plants and electric light works, not included in Schedule 2; construction or operation of telegraph or telephone lines, construction or operation of telephone lines and works for the purposes of the business of a telephone company or used or to be used in connection with its business when constructed or operated by the company, except where such telephone lines or works are within the legislative authority of the Parliament of Canada.

Class 41.—Construction or operation of railways or canals; construction or operation of drydocks; construction of piers, wharves, breakwaters or other harbour improvements; stevedoring; operation of and work upon wharves; dredging, subaqueous construction or pile driving; fishing.

Class 73.—All industries, trades, businesses, and occupations mentioned in section 73 of the Act, not otherwise classified and not included in Schedule 2.

(NOTE.—See sections 109, 69 (2), 6 (3), 75, and paragraphs (p), (n), (d), (i), (k), and (f), of 2 (1), and Regulations 43 to 46, 52, 53, and 63.)

#### SCHEDULE 2.

Industries the Employers in which are Individually Liable to Pay the Compensation.

(As amended.)

1. The trade or business, as defined by subsection 2 of section 2, of a municipal corporation a public utilities commission, any other commission having the management and conduct of any work or service owned by or operated for a municipal corporation, a board of trustees of a police village and a school board. (As amended by s. 33 (a), c. 24, 1915.)

2. The construction or operation of railways operated by steam, electric or other motive power, street railways and incline railways, but not their construction when constructed by any person other than the company which owns or operates the railway.

3. The construction or operation of car shops, machine shops, steam and power plants and other works for the purposes of any such railway or used or to be used in connection with it when constructed or operated by the company which owns or operates the railway.

4. The construction or operation of telephone lines and works within the legislative authority of the Parliament of Canada, for the purposes of the business of a telephone company or used

or to be used in connection with its business when constructed or operated by the company. (As altered by Regulation 35.)

5. The construction or operation of telegraph lines and works for the purposes of the business of a telegraph company or used or to be used in connection with its business when constructed or operated by the company.

6. The construction or operation of steam vessels and works for the purposes of the business of a navigation company or used or to be used in connection with its business when constructed or operated by the company, and all other navigation, towing, operation of vessels, and marine wrecking. (As amended by s. 33 (b), c. 24, 1915.)

7. The operation of the business of an express company which operates on or in conjunction with a railway, or of sleeping, parlor or dining cars, whether operated by the railway company, or by an express, sleeping parlor or dining car company.

8. The construction or operation of a bridge connecting the Province with an adjacent province or state, but not its construction when constructed by any person or company other than the person or company owning or operating the bridge. (Added by s. 9, c. 31, 1916.)

#### SCHEDULE 3.

| Description of Disease.               | Description of Process.                                                       |
|---------------------------------------|-------------------------------------------------------------------------------|
| Anthrax.....                          | Handling of wool, hair, bristles, hides and skins.                            |
| Lead poisoning or its sequelæ.....    | Any process involving the use of lead or its preparations or compounds.       |
| Mercury poisoning or its sequelæ....  | Any process involving the use of mercury or its preparations or compounds.    |
| Miners' phthisis.....                 | Mining. (Added by s. 17 (3) c. 34, 1917.)                                     |
| Phosphorus poisoning or its sequelæ.. | Any process involving the use of phosphorus or its preparations or compounds. |
| Arsenic poisoning or its sequelæ....  | Any process involving the use of arsenic or its preparations or compounds.    |
| Ankylostomiasis.....                  | Mining.                                                                       |

#### STATUTES OF 1915.

##### Workmen's Compensation—Employers' Insurance.

Chapter 25.—1. This Act may be cited as The Workmen's Compensation Insurance Act, 1915.

2. In this Act "workman" shall include the dependants of a workman entitled to recover damages under The Fatal Accidents Act.

3. Where an employer is insured against his liability for damages to a workman under any Act of this Legislature the insurance shall be deemed to be for and shall enure to the benefit of the workman, and if a workman has suffered injury in respect of which he is entitled to recover damages from his employer, the insurer shall not, without the consent of the workman, pay to the employer the amount for which the insurer is liable to him in respect of such injury, unless or until the claim of the workman has been satisfied, and the workman if and when his right to recover the damages has been determined as against the employer shall be entitled to demand and recover from the insurer the amount of the damages and costs to the extent to which, but no further than, the employer is entitled to recover the same from the insurer.

4. This Act shall not apply to a workman who is entitled to compensation under Part I of The Workmen's Compensation Act.

##### Fire Escapes on Factories.

Chapter 41.—1. This Act may be cited as The Fire Accidents Act, 1915.

2. Where, by any statute or municipal by-law, or by any regulation made under a statute or by-law, the owner, proprietor, lessee, occupant, manager, or other person owning, occupying or having the control or management of a building, is required to provide fire escapes, means of exit, stairways, or other structures or any appliance for the safety of inmates or of the public in case of fire, and it is shown in any action brought against such person to recover damages for death occasioned by fire in such building, that such requirements or any of them have not been complied with at the time of the fire, it shall be presumed that the non-compliance was the cause of the death.

3. This Act shall apply only to cases in which the cause of action arises after the first day of January, 1917.

## STATUTES OF 1916.

**Trades and Labour Branch\*.**

Chapter 13 with amendment 1.—This Act may be cited as The Trades and Labour Branch Act.

2. In this Act,

(a) "Branch" shall mean the Trades and Labour Branch established under the provisions of this Act;

(b) "Superintendent" shall mean Superintendent of the Trades and Labour Branch.

3. There shall be a branch of the Public Service of the Government of Ontario to be known as the "Trades and Labour Branch."

4. The Branch shall be attached to such one of the present departments of the Public Service as may be designated by the Lieutenant-Governor in Council, and shall be under the direction and control of the Minister in charge of that department.

5. The Lieutenant-Governor in Council may appoint an officer to be known as Superintendent of the Trades and Labour Branch, and such other officers, clerks and servants as may be deemed advisable.

6. The Superintendent for the purposes of The Public Service Act and The Audit Act shall rank as the deputy head of a department and in respect to matters assigned to the Branch shall exercise and perform the powers and duties of the deputy head of a department.

7. The Superintendent, acting under the direction of the Minister shall preside over the Branch and shall perform such other duties as may be assigned to him by the Lieutenant-Governor in Council or by the Minister.

8. Wherever by any Act of this Legislature an officer engaged in the administration of the law relating to any of the matters assigned to the Branch by this Act is directed to report to the Minister, the report shall, unless the Minister otherwise requires, be made to the Superintendent, and every such officer shall act under and obey the directions of the Superintendent.

9. There shall be assigned to the Branch the administration of

(a) The Bureau of Labour Act;

(b) The Stationary and Hoisting Engineers Act;

(c) The Building Trades Protection Act;

(d) The Factory Shop and Office Building Act;

(e) The Steam Boilers Act;

(f) The Employment Agencies Act, 1917. 1917, c. 15, s. 1.

and of such other Acts relating to the protection of the persons or interests of the industrial classes as may from time to time be designated by the Lieutenant-Governor in Council.

10. It shall be the duty of the Branch to

(a) collect such statistical and other information respecting trades and industries in Ontario as may be deemed necessary or expedient from time to time;

(b) ascertain the localities in which mechanics, artisans or workmen in any particular trade or industry are required and wherever practicable assist in supplying the demand for such work or labour.

(c) ascertain and report upon sanitary and other conditions relating to the health, comfort and well-being of the industrial classes;

(d) establish and maintain in the various centres of population throughout Ontario employment bureaux and similar agencies for obtaining suitable employment for workingmen; and subject to The Employment Agencies Act, 1917, to regulate all voluntary, private or municipal employment bureaux. Amended 1917, c. 15, s. 2.

(e) ascertain and report upon the rates of wages paid to employees in the various trades and industries carried on in Ontario;

(f) enquire and report as to the establishment of new industries in Ontario, in any case where by reason of the production of raw material for such industry in Ontario, or the immigration of persons skilled in the particular industry or other circumstances it appears that such industry can profitably be carried on;

(g) enquire into, consider and report upon the operation of laws in force in other parts of the Empire and in foreign countries, having for their objects the protection, technical training and welfare of the industrial classes, and make such recommendations and suggestions thereon as may be deemed advisable;

(h) consider and report upon any petition for, or suggestion of a change in the law of Ontario relating to labour and wages or any matter affecting the industrial classes, presented or made by any trades and labour council or other organization representing those classes or by any other person;

(i) prepare and transmit to the Lieutenant-Governor in Council annually a report containing the reports of the officers employed in the administration of the various Acts assigned to the Branch, and upon the work of the Branch during the preceding year, together with such statistical and other information as may have been collected in the Branch.

\*See section 4 of the Department of Labour Act, page 443 of this Report.

11. (1) The Superintendent may require from employers, workmen and other persons such information concerning rates of wages, hours of work, regularity of employment and other matters as he may deem necessary for the proper carrying out of this Act or of any of the Acts administered by the Branch.

(2) For the purpose of procuring such information the Lieutenant-Governor in Council may authorize the Superintendent or any officer of the Branch to conduct an investigation or inquiry and may confer upon the Superintendent or officers the powers which may be conferred upon a commissioner appointed under The Public Inquiries Act.

(3) The Superintendent and any officer of the Branch acting under the written authority of the Superintendent, shall have access at all reasonable hours to any office, factory, shop, place of business or other premises for the purpose of carrying out the provisions of this Act or of any Act administered by the Branch.

(4) Every person who refuses to furnish to the Branch or to the Superintendent or to any officer of the Branch any returns or information which may be lawfully required, or who hinders or obstructs the Superintendent or any officer of the Branch in the performance of his duties under this Act or any of the Acts administered by the Branch shall incur a penalty not exceeding \$20, to be recoverable before a police magistrate or two or more justices of the peace under The Ontario Summary Convictions Act. 1917, c. 15, s. 3.

## STATUTES OF 1917.

### Workmen's Compensation.

[Chapter 12 amends chapter 2, 1912, The Northern and Northwestern Ontario Development Act, which authorizes the raising of loans for the purpose of constructing works and improvements, making roads, improving and developing water powers, advancing settlement and colonization, improving means of transportation and encouraging and assisting agriculture and reforestation in the North and Northwestern districts of Ontario, Chapter 13 of the Acts of 1917, and amendments thereto, which is to be read with and as a part of the said Chapter 2, 1912, provides for the settlement of returned soldiers and sailors. By the present amendment the Workmen's Compensation clause inserted by Section 5 of Chapter 6 of the Acts of 1915, is replaced by the following:]

2. Where any workman or servant is injured or killed by accident while employed in any work undertaken under The Northern and Northwestern Ontario Development Act, 1912, and the amendments thereto, the like payments for medical or surgical aid, hospital or skilled nursing services, or for compensation for such injury or death, may be made out of the appropriation made by the said Act, as may be made in any case in which The Workmen's Compensation Act applies, and the Treasurer of Ontario shall issue the cheque therefor upon the certificate of the Minister of Lands, Forests and Mines, or such other member of the Executive Council as may be charged with the administration of The Northern and Northwestern Ontario Development Acts, and the certificate of such Minister shall be conclusive as to the facts stated therein and as to the right of the person named in the certificate to receive the amount certified to, and such certificate shall not be subject to any further revision or audit. 1917, c. 12, s. 1.

3. The amount which may be paid under section 2 to any person, upon the request of the Minister of Lands, Forests and Mines, shall be fixed and determined by the Workmen's Compensation Board. 1917, c. 12, s. 1.

### Employment Offices.

Chapter 37 with amendment.—1. This Act may be cited as The Employment Agencies Act, 1917.

2. In this Act:—

(a) "Employment agency" shall mean and include the business of procuring workmen, artificers, labourers, domestic servants and other persons for the performance of skilled or unskilled labour and the business of procuring employment for such classes of persons or any of them;

(b) "Private employment agency" shall mean an employment agency in which the business of an employment agency is carried on for fee or reward;

(c) "Regulations" shall mean regulations made by the Lieutenant-Governor in Council under the authority of this Act;

(d) "Superintendent" shall mean Superintendent of The Trades and Labour Branch of the Government of Ontario;

(e) "Treasurer" shall mean Treasurer of Ontario;

(f) "Voluntary employment agency" shall mean any charitable or other organization carried on without fee or reward by any voluntary organization, or a municipal corporation or any department or commission thereof or by any other persons.

3. (1) The Superintendent may issue to any individual or any association of individuals or to any firm or corporation a license to carry on the business of an employment agency.

(2) The license shall remain in force until the first day of July, in the year next following that in which it is issued.

(3) The license shall state the address at which the business is to be carried on.

4. (1) Any person carrying on the business of an employment agency without a license from the Superintendent shall incur a penalty of not less than \$10, and not more than \$500, to be recoverable under The Ontario Summary Convictions Act before a police magistrate or two or more justices of the peace, and in the case of an offence committed by an individual shall in default of immediate payment of such penalty be imprisoned for a period of twelve months unless the penalty and costs are sooner paid.

(2) Where an employment agency is carried on by means of an office, branch or agency in different municipalities a separate license and a separate fee shall be payable in respect thereof for each office, branch or agency.

5. The Lieutenant-Governor in Council may make regulations—

(a) For fixing the fees to be charged for licenses for private employment agencies and for the different classes of voluntary employment agencies, and for providing that in the case of any voluntary employment agency a nominal fee shall be charged for the license;

(a1) Classifying private employment agencies according to the class of employment to be procured and limiting the class of business which may be carried on by any employment agency, 1919, c. 38, s. 1.

(a2) Prohibiting the granting of licenses to any class of employment agencies in Ontario. 1919, c. 38, s. 1.

(a3) Excepting from any such prohibition any employment agency or class of employment agencies, or for excepting from such prohibition any particular class of employment. 1919, c. 38, s. 1.

(b) Regulating the conduct of the business of employment agencies and prescribing the records, books and accounts to be kept by any class of employment agency;

(c) Requiring security to be given by licensees and for fixing the amount of such security and declaring that a license may be granted to any class of employment agency without security being given;

(d) Fixing the amount of the fee, reward or other remuneration to be charged for services rendered by an employment agency in procuring employees or employment;

(e) Providing for returns to be made when and as required by persons and firms to whom licenses are issued;

(f) Providing for the appointment of inspectors and the inspection of employment agencies;

(g) For the revocation and cancellation of a license upon the conviction of the holder thereof for any offence or upon proof to the satisfaction of the Superintendent that the business of the licensee is being conducted dishonestly, unfairly or improperly;

(h) Conferring upon the Superintendent and upon the inspectors of employment agencies the power to hold inquiries into the conduct of the business of an employment agency and to take evidence under oath and providing that the Superintendent or inspector shall for the purpose of such inquiry have and exercise the powers which may be conferred upon a commissioner under The Public Inquiries Act;

(i) Exempting any voluntary employment agency or any class of voluntary employment agencies from the operation of any of the provisions of this Act;

(j) Generally for the better carrying out of the provisions of this Act.

6. This Act shall come into force and take effect on the first day of July, 1917.

7. The Employment Agencies Act, being chapter 38 of the Acts passed in the fourth year of His Majesty's reign, is repealed.

## STATUTES OF 1918.

### Voting by Railway Employees.

Chapter 33, with amendment. 1. This Act may be cited as the Railway Employees' Voting Act, 1918.

1a. For the purpose of this Act "election" and "municipal elections" shall apply to and include voting on by-laws and to elections for the board of education or the board of public school trustees where the election is held by ballot. 1920, c. 62, s. 1.

2. This Act shall apply to any municipality the council of which passes a by-law declaring that it shall apply, and any such by-law shall be in force from year to year until repealed.

3. This Act shall apply only to railway employees whose employment is such as to necessitate their absence from time to time from the municipality, who are entitled to vote at municipal elections and who have reason to believe that they will be absent from the municipality on the day fixed for holding the poll at the annual municipal elections.

3a. If a petition signed by at least twenty-five of such railway employees is presented to the council at least two weeks prior to the date of the nomination meeting asking that a by-law be passed and declaring that this Act should apply, it shall be the duty of the council to pass the by-law in accordance with the petition. 1920, c. 62, s. 2.

4. For the purpose of enabling every such person to vote at the annual municipal elections a poll shall be held and open from nine o'clock in the morning until five o'clock in the afternoon for the three days, exclusive of Sunday, immediately preceding the day for holding the poll at the annual municipal election at the city, town or village hall or at some other convenient place

chosen by the clerk, and notice of the time and place of holding the poll shall be given by the clerk by publication in a newspaper for such time as may be thought proper by the council. Amended. 1920, c. 62, s. 3.

5. Except as herein otherwise provided the provisions of the Municipal Act as to proceedings prior to the holding of a poll and at the poll and after the closing of the poll shall apply.

6. In a municipality where the election is by wards there shall be a separate ballot box for each ward.

7. In a municipality where the election is by general vote the clerk or some other person appointed by him shall act as deputy returning officer, and in a municipality where the election is by wards the clerk may act as deputy returning officer for one or more wards or may appoint one or more persons to act as deputy returning officers for one or more wards, and may also appoint as many poll clerks as there are deputy returning officers.

8. (1) Every person offering himself as a voter at the polling place before being allowed to vote shall be required by the deputy returning officer to make the following declaration, which shall be kept by the deputy returning officer with the other records of the poll:—

I, \_\_\_\_\_, declare that I am at present employed by \_\_\_\_\_ railway company, and that I expect in the course of my employment to be absent from this municipality on the day for holding the poll at the annual municipal election.

Dated at \_\_\_\_\_ this \_\_\_\_\_ day of \_\_\_\_\_, 19 \_\_\_\_ (Name of voter.)

Witness:

Deputy Returning Officer.

(2) Any person signing any such declaration knowing that the statements therein are false shall incur a penalty of not less than \$25 nor more than \$100.

(3) The poll clerk shall record in the poll book in the column headed "Remarks" after the name of each person who votes a note that he has signed the declaration above set out.

9. No person shall be entitled to vote unless his name appears on the last revised voters' list for the municipality.

10. The deputy returning officer and every candidate or his agent may require that the voter, before being handed a ballot, take the oath to be administered to a voter under The Municipal Act.

11. At the close of the poll-day the deputy returning officer and any candidate or agent present who desires to do so shall affix his seal to the ballot box in such a manner that it cannot be opened or any ballots be deposited in it without breaking such seals.

12. On the day fixed for holding the poll at the annual municipal elections the deputy returning officer at the polling place, in the presence of such candidates and their agents as may be present, shall at the hour fixed for the closing of the poll open the ballot boxes, count the votes and perform all the other duties required of a deputy returning officer by the Municipal Act at the annual municipal elections.

### Liability of Employers for Taxes of Employees.

Chapter 35.—[Section 1 adds the following subsections to section 4 of The Statute Labour Act, being chapter 196 R.S.O. 1914.]

(2) Where any such male inhabitant [i.e. one who is liable to pay a tax in lieu of performing statute labour.] has been employed by the same person for not less than thirty days such employer shall pay over to the collector on demand out of any wages due to such employee the amount of such tax and such payment shall relieve the employer from any liability to the employee for the amount so paid.

(3) The provisions of this section shall apply to and be in force in any township the council of which passes a by-law for that purpose.

### STATUTES OF 1919.

#### Voting by Railway Employees.

Chapter 7.—14. (1) The Lieutenant-Governor in Council may by order declare that the following subsections of this section shall apply to any electoral district or to any municipality in an electoral district, and thereafter and while the order remains in force polls shall be provided at any election to the Assembly or the voting upon any question submitted to the electors of Ontario for receiving the votes of railway employees whose employment is such as to necessitate their absence from to time from their ordinary place of residence and who have reason to believe that they will be so absent upon the day fixed for polling at such election or upon such question.

(2) For the purpose of enabling such railway employees to vote, polls shall be held and kept open from nine o'clock in the forenoon until five o'clock in the afternoon for the three days, exclusive of Sunday, immediately preceding the day fixed by proclamation for holding the poll at the election or voting upon the question.

(3) The Lieutenant-Governor in Council shall fix the number of polls to be so opened in the electoral district or municipality and the returning officer shall fix the polling places and shall appoint a deputy returning officer and poll clerk to hold each poll.

(4) Notice of the times and places at which polls shall be opened shall be given by the returning officer at least one week prior to the first day so fixed by advertisement in a newspaper published in the electoral district or municipality and by posting up notices at each of the polling places so appointed.

(5) Ballot boxes and ballot papers and a certified voters' list containing all the printed lists for the electoral district or so many as may be required for the purpose of the poll shall be supplied by the returning officer to the deputy returning officer together with poll books, forms of oath and other documents required for the purpose of the polls.

(6) Every person offering himself as a voter at the polling place before being allowed to vote shall be required by the deputy returning officer to make the following declaration, which shall be kept by the deputy returning officer with the other records of the poll:—

I, \_\_\_\_\_, declare that I am at present employed by \_\_\_\_\_ railway company, and that I expect in the course of my employment to be absent from my usual place of residence on the day for holding the poll at the coming general or by-election.

Dated at \_\_\_\_\_, this \_\_\_\_\_ day of \_\_\_\_\_, 19 \_\_\_\_\_.

(Name of Voter.)

Witness:

Deputy Returning Officer.

(7) Any person signing any such declaration knowing that the statements therein are false shall incur a penalty of not less than \$25 nor more than \$100.

(8) The poll clerk shall record in the poll book in the column headed "Remarks," after the name of each person who votes, a note that he has signed the declaration above set out.

(9) No person shall be entitled to vote unless his name appears on the last revised voters' list for the electoral district.

(10) The deputy returning officer and every candidate or his agent may require that the voter, before being handed a ballot, take the proper oath to be administered to a voter.

(11) At the close of the poll each day the deputy returning officer and any candidate or agent present who desires to do so shall affix his seal to the ballot box in such a manner that it cannot be opened or any ballot be deposited in it without breaking such seals.

(12) On polling day the deputy returning officer shall in the presence of such candidate and their agents who may be present at the hour fixed for the closing of the poll open the ballot boxes, count the votes and perform all the other duties required of deputy returning officers by the Ontario Election Act, sections 113 to 120, inclusive.

### Department of Labour.

Chapter 22.—1. This Act may be cited as "The Department of Labour Act," 1919.

2. There shall be established at the seat of Government at Toronto a department of the public service to be known as the Department of Labour under the direction and control of the Minister of Labour appointed under the authority of "The Executive Council Act."

3. (1) Section 3 of "The Executive Council Act" is amended by inserting therein after the words "Minister of Education" the words "Minister of Labour."

(2) Subsection 1 of section 4 of the said Act is amended by adding at the end thereof the words: "The Minister of Labour, \$6,000."

4. Wherever in "The Trades and Labour Branch Act"<sup>1</sup> or any of the Acts referred to therein or in the amendments thereto, reference is made to the Trades and Labour Branch the same shall be taken to refer and apply to the Department of Labour and all the powers and duties of the Trades and Labour Branch are transferred to and shall be vested in and performed by the Department of Labour.

5. The Lieutenant-Governor in Council may appoint a Deputy Minister of Labour and such officers, clerks and servants in the Department of Labour as he may deem expedient, and "The Public Service Act" and amendments thereto shall apply to the Deputy Minister of Labour and to such officers, clerks and servants.

6. This Act shall come into force on the day upon which it receives the Royal assent.

### Examination and Licensing of Stationary and Hoisting Engineers.

Chapter 37. with amendment—1. This Act may be cited as "The Stationary and Hoisting Engineers' Act, 1919."

2. In this Act—

(a) "B.H.P." shall mean boiler horse power or the equivalent to the evaporation of thirty-four pounds of water per hour from and at 212 degrees—fifteen square feet heating surface for return tubular boilers,—twelve square feet heating surface for locomotive type boilers—ten square feet heating surface for water tube boilers;

(b) "Board" shall mean the Board of Examiners appointed as hereinafter provided;

(c) "Hoisting plant" shall mean and include a steam boiler, a boiler and steam engine and every part thereof, working at a pressure of twenty pounds or over irrespective of horse power and used for hoisting in structural operations or excavating purposes;

(d) "Minister" shall mean member of the Executive Council charged by the Lieutenant-Governor in Council with the administration of this Act;

(e) "Steam plant" shall mean and include a steam boiler, a boiler and a steam engine and every part thereof and thing connected therewith or used with reference to any such boiler or engine or under the care of an engineer.

3. Nothing in this Act shall apply to the operation of any steam plant having a capacity of less than fifty horse-power, nor to steam heating plants operating at a pressure of twenty pounds or under, nor to the operation of a locomotive engine or a steamboat or steamship engine or a hoist at a mine or quarry, nor to boilers used for agricultural purposes.

4. (1) The Lieutenant-Governor in Council may appoint a board of examiners consisting of three or five competent and independent engineers practically conversant with the construction of boilers and the operation of steam plants, who shall hold office during pleasure and, subject to the regulations mentioned in the following section, shall prescribe the subjects in which candidates for certificates of qualification as stationary or hoisting engineers shall be examined and shall conduct or provide for and supervise the examination of candidates and report thereon to the Minister.

(2) The Lieutenant-Governor in Council may appoint such examiners, officers, clerks and servants of the Board as may be deemed necessary. 1920, c. 50, s. 2.

5. The Lieutenant-Governor in Council, upon the recommendation of the Minister, may make regulations for:—

(a) The examination of candidates, the granting of certificates, the classifying of the holders of these certificates into their respective grades, and the evidence to be furnished by candidates as to previous training or experience and sobriety and good character, and the recording of changes made in an engineer's position;

(b) Determining the time of duration of certificates and their renewal;

(c) Fixing the fees to be paid by candidates upon examination and for certificates and their renewal;

(d) Prescribing the causes for which a certificate may be revoked, cancelled, or suspended; and for

(e) Fixing the fees or other remuneration to be paid to the members and officers of the Board.

(f) For fixing the fees to be paid by plant owners for certificates of registration.

6. No person shall be eligible for examination unless he is a British subject, or has resided in Canada for at least one year.

7. (1) On the recommendation of the Board and on payment of the prescribed fees, the Minister may issue certificates of qualifications to stationary or hoisting engineers, and certificates of registration to plant owners.

(2) Subject to the regulations a certificate may be revoked, cancelled or suspended by the Minister on the recommendation of the Board at any time.

(3) Every stationary or hoisting engineer shall, during the continuance of his certificate, register with the Board on or before the first day of February of each year on a form to be furnished by the Board, and any stationary or hoisting engineer who fails to do so shall not continue in charge of a steam plant unless by special permission of the Board.

(4) It shall be the duty of all owners of steam plants to advise the Board, on a printed form supplied by the Board on application, of the B.H.P. and steam pressure of their plants, on receipt of which, together with the prescribed fee, the Minister will issue a registration certificate. Any change made in the plant subsequent to registration will necessitate a re-registration of same.

(5) It shall be the duty of all engineers and firemen who come under this Act to report annually to the Board on a form which will be supplied, the B.H.P. and steam pressure of the plant which he is operating.

8. A person who is not the holder of a certificate shall not operate or have charge of any steam or hoisting plant except in case of emergency, when he may be employed in operating any steam plant for a period not exceeding thirty days at any one time.

9. The Board at its discretion may grant a provisional certificate to be good for a period not to exceed one year to any person who holds a stationary or hoisting engineers' certificate from the Board of Examiners or other duly constituted authority of any other province of Canada.

10. The certificate shall at all times be exposed to view in the engine or boiler-room in which the holder thereof is employed. The registration certificate to be exposed to view in the engine or boiler-room also. Failure to keep such certificate exposed shall be *prima facie* evidence of the lack of qualification under this Act.

11. This Act shall not apply to firemen, who have had less than six months' experience, or other workmen acting under the personal direction or supervision of any engineer holding a certificate under this Act, who is actually in charge of a steam plant, or to the employees of engine builders or steam plant contractors engaged in installing, setting up or testing a boiler or steam plant. This section shall not apply to hoisting engineers.

12. Any person who deems himself aggrieved by the decision of the Board may appeal therefrom to the Minister, upon giving such notice as the Minister may prescribe and the decision of the Minister shall be final.

13. The Board shall on or before the 15th day of November in every year make to the Minister a report in writing for the year ending on the 31st day of October of the previous year, showing:—

- (a) The number of certificates granted;
- (b) The number of applications for certificates refused and the causes for refusal;
- (c) The number of certificates revoked, cancelled or suspended, and the causes for the same;
- (d) The amount of fees received from candidates or holders of certificates;
- (e) The number of boilers registered during the year;
- (f) The amount of fees received from plant owners for registration purposes;
- (g) Such other matters as may be directed by the Minister or the Lieutenant-Governor in Council.

14. (a) Any member of the Board or inspector, on presentation of authority in writing signed by the Minister, may enter any premises wherein he has reason to believe there is a steam or hoisting plant and make such inspection as may be necessary to determine whether the provisions of the Act are being complied with.

(b) Any person who interferes with or obstructs a member of the Board in the exercise of the powers conferred on him, shall incur a penalty not exceeding \$100.

15. Every person who—

(a) Except as provided in section 8, operates a steam or hoisting plant as the engineer in charge thereof without the certificate required by this Act, or employs or permits any person to operate a steam or hoisting plant as the engineer in charge without such certificate; or

(b) Is guilty of a contravention of subsection 4 of section 7, shall incur a penalty of not less than \$10, nor more than \$25.

16. It shall be the duty of the inspectors of factories to assist in the enforcement of this Act, to report to the Board any violation thereof, and to furnish to the Board such information as they may have as to the conduct and capability of any person holding or applying for a certificate.

17. The penalties provided by this Act shall be recoverable under The Ontario Summary Convictions Act.

18. The Stationary and Hoisting Engineers' Act, being chapter 170 of the Revised Statutes of Ontario, 1914; the Act passed in the 4th year of His Majesty's reign, chaptered 28; and section 17 of The Statute Law Amendment Act, 1915, are repealed.

19. This Act shall come into force on the 1st day of January, 1920.

### Employment of Children—School Attendance.

Chapter 77.—3. Every child between eight and fourteen years of age shall attend school for the full term during which the school of the section or municipality in which he resides is open each year, unless excused for the reasons hereinafter mentioned.

5. (1) A parent, guardian or other person shall not be liable to any penalty imposed by this Act in respect of a child if,—

(a) The child is under efficient instruction in reading, spelling writing, grammar, geography and arithmetic;

(b) The child is unable to attend school by reason of sickness or other unavoidable cause;

(c) There is no public or separate school which the child has the right to attend within two miles measured by the nearest highway from such child's residence, if he is under ten years of age or within three miles if he is over that age, and transportation is not provided by the school board for the children going to and from the public or separate school of the section or municipality;

(d) There is not sufficient accommodation in the school which the child has the right to attend;

(e) The child has been excused as hereinafter provided by the school attendance officer or by a justice of the peace, or by the principal of the public or separate school which the child is entitled to attend; or

(f) The child has passed the university matriculation examination in Arts, or has completed the examination for admission to the normal schools or a course which gives him an equivalent standing.

(2) The fact that a child is blind or deaf shall not be deemed an unavoidable cause within the meaning of clause b of section 5 if the child is a fit subject for admission to the Ontario School for the Blind or the Ontario School for the Deaf.

(4) Where a child over five years of age but under eight has been enrolled as a pupil in a public or separate school, the provisions of this Act shall apply during the school term for which the child is enrolled as if he was of an age between the ages of eight and fourteen.

6. (1) Except as provided by subsection 2, no child under the age of fourteen years shall be employed by any person during school hours, and any person who employs a child in contravention of this section shall incur a penalty not exceeding \$20.

(2) Where in the opinion of the school attendance officer or of a justice of the peace, or of the principal of the school attended by any child, the services of such child are required in husbandry, or in urgent and necessary household duties, or for the necessary maintenance of such child or of some person dependent upon him, the school attendance officer, justice of the peace

or principal may by certificate setting forth the reasons therefor, relieve such child from attending school for any period not exceeding six weeks out of each school term so long as such child is required in any occupation stated in the certificate.

22. The Truancy Act, being chapter 274 of the Revised Statutes of Ontario, sections 62 and 63 of The Statute Law Amendment Act, 1914, and sections 52, 53 and 54 of The Statute Law Amendment Act, 1917, are repealed.

23. This Act shall come into force and take effect on, from and after the 1st day of January, 1920.

### Vocational Education—School Attendance of Adolescents.

Chapter 78.—1. This Act may be cited as The Adolescent School Attendance Act, 1919.

2. In this Act,—

(a) "Adolescent" shall mean a person of either sex who is not more than eighteen years of age, and who is exempted from school attendance under The School Attendance Act, 1919.

(b) "Minister" shall mean Minister of Education;

(c) "Regulations" shall mean regulations made under the authority of The Department of Education Act or of this Act.

(d) "School" shall mean a school organized under The Public Schools Act, The Separate Schools Act, The Consolidated Schools Act, The Continuation Schools Act, The High Schools Act or The Industrial Education Act.

3. (1) Every adolescent between fourteen and sixteen years of age shall attend school for the full time during which the schools of the municipality in which he resides are open each year unless excused for the reasons hereinafter mentioned.

(2) The obligation to attend school under this section shall not apply to any adolescent if—

(a) He is unable to attend school by reason of sickness, infirmity, or other physical defect;

(b) He is employed on the authority of a home permit or of an employment certificate as hereinafter provided;

(c) He has passed the matriculation examination of an approved university or has completed, to the satisfaction of the Department of Education, a course of study which may be regarded as the equivalent of the requirements of such examination, or

(d) He is in attendance at some other educational institution approved by the Minister.

4. (1) Where, in the opinion of the school attendance officer, the services of an adolescent between fourteen and sixteen years of age are required in any permitted occupation in or about the home of his parent or guardian, he may be granted by an attendance officer, on the written application of his parent or guardian, a home permit to engage in such services.

(2) Where, in the opinion of the school attendance officer, the services of an adolescent between fourteen and sixteen years of age are required in some permitted gainful occupation for the necessary maintenance of such adolescent or some person dependent upon him, he may be granted by an attendance officer, on the written application of his parent or guardian, an employment certificate to engage in such services.

5. No adolescent between fourteen and sixteen years of age shall be employed by any person during the hours from 8 a.m. to 5 p.m., unless he holds a home permit, or an employment certificate as provided for in section 4 of this Act.

6. Every adolescent between fourteen and sixteen years of age who holds either a home permit or an employment certificate, shall attend part-time courses of instruction, approved by the Minister, for an aggregate of at least 400 hours each year, distributed as regards times and seasons as may best suit the circumstances of each locality, when such part-time courses of instruction are established in the municipality in which he is employed.

7. (1) Unless excused for reasons hereinafter mentioned, every adolescent between sixteen and eighteen years of age shall attend part-time courses of instruction, approved by the Minister, for an aggregate of at least 320 hours each year, distributed as regards times and seasons as may suit the circumstances of each locality, when such courses of instruction are established in the municipality in which he resides or is employed.

(2) The obligation to attend part-time courses of instruction under this section shall not apply to any adolescent if—

(a) He is unable to attend such courses by reason of sickness, infirmity, or other physical defect;

(b) He has passed the matriculation examination of an approved university or has completed to the satisfaction of the Department of Education, a course of study which may be regarded as the equivalent of the requirements of such examination;

(c) He is in full-time attendance at a public or a separate school, a high school, a university, or other school approved by the Minister;

(d) He is shown to the satisfaction of the public school inspector in the municipality in which he resides to have been, up to the age of sixteen, under full-time instruction in a school recognized by the Department of Education as efficient, or under suitable and efficient full-time instruction in some other manner.

8. No adolescent between sixteen and eighteen years of age in a municipality in which part-time courses of instruction approved by the Minister are maintained shall be employed by any person unless he holds either a school dismissal card or a school registration card to be issued as provided in the regulations.

9. On and after such date as may be fixed by the Lieutenant-Governor by proclamation, every urban municipality with a population of 5,000 and over shall, and any other municipality or school section may, through the authorities hereinafter named, establish and maintain part-time courses of instruction for the education of adolescents between fourteen and eighteen years of age.

10. The subjects of the courses of study for adolescents shall be selected from those prescribed by the Department of Education for the public and separate schools; the high schools; the art, industrial, and technical schools and classes; the commercial high schools and the commercial departments of the high schools; and the agricultural and household science departments in high schools.

11. (1) Subject to the regulations of the Department of Education courses for adolescents in the public and separate schools respectively, shall be provided by and shall be under the control of the boards of said schools, and those in the continuation schools and the high schools shall be provided by and shall be under the control of the boards of said schools.

(2) Where schools or classes have been established under section 4 of The Industrial Education Act, the courses of study for adolescents engaged in trades or in industrial or manufacturing occupations, shall be provided by and shall be under the control of the advisory industrial committee.

(3) In a municipality where there is a commercial high school or a commercial department in a high school the courses for adolescents engaged in commercial occupations shall be provided by and shall be under the control of the advisory commercial committee.

12. Classes providing part-time courses of instruction for adolescents shall be in session for the same number of days in each year as the high schools of the Province, and such classes shall not open before 8 a.m. nor close later than 5 p.m.

13. The part-time courses for instruction for adolescents shall be subject to such inspection as the Minister may prescribe.

14. The employment of any adolescent who is under an obligation under this Act to attend part-time courses of instruction shall be suspended on any day when his attendance at such courses is required, not only during the period for which he is required to attend the courses, but also for such additional time as is necessary for him to travel to or from the school where instruction is given.

15. The time spent by an adolescent in attendance at part-time courses of instruction shall be reckoned as a part of the number of hours per day or per week that such adolescent may be lawfully employed.

16. (1) Every person who—

(a) Employs an adolescent who does not hold either (i) a home permit or an employment certificate as defined in section 4, or (ii) a school dismissal card or a school registration card as defined in section 8; or,

(b) Employs an adolescent at any time during which his attendance is by this Act required at part-time courses of instruction; or

(c) Employs such adolescent for such a number of hours as with the number of hours during which the adolescent is required to attend such courses will exceed in any day or week the number of hours during which such adolescent may be lawfully so employed; or,

(d) Being a parent or guardian of an adolescent, has condoned to or connived at the failure on the part of an adolescent to attend part-time courses of instruction as required under this Act, or suffers or permits such adolescent, through want of proper care or control, to violate any of the obligations of this Act.

shall incur a penalty not exceeding \$5 for the first offence, and in the case of a second or subsequent offence in relation to the same adolescent or another adolescent, shall incur a penalty not exceeding \$25.

(2) The penalties imposed by this section shall be recoverable under The Ontario Summary Convictions Act.

17. The school attendance officer in the municipality in which an adolescent is employed may revoke the home permit, the employment certificate, or the school registration card of an adolescent who fails to attend part-time courses of instruction as required by the provisions of this Act.

18. For the purpose of enforcing this Act, the school attendance officer appointed under The School Attendance Act, 1919, shall perform the duties of the school attendance officer named in sections 4 and 17 and shall have the powers and shall perform the duties conferred and imposed upon him by the said Act.

19. No penalty shall be imposed in respect to the absence of an adolescent from any part-time course of instruction established under this Act on a day regarded as a holy day by the church or religious denomination to which the adolescent belongs.

20. Municipalities maintaining such part-time courses of instruction for adolescents as are approved by the Minister as to organization, control, location, equipment, courses of study, qualifications of teachers, methods of instruction, conditions of admission, employments of pupils and expenditures of money, may receive reimbursement from sums appropriated by this Legislature for this purpose or for technical or for agricultural education, in amounts and under conditions prescribed in the regulations.

21. The Adolescent School Attendance Act, chapter 275 of the Revised Statutes of Ontario, 1914, is repealed.

22. This Act shall come into force and take effect on a day to be named by the Lieutenant-Governor by proclamation.

[By Proclamation of the Lieutenant-Governor in Council dated 13th of July, 1920, Section 3 of this Act will come into force on the 1st of September, 1921, Section 7 on the 1st of September, 1923 and Section 9 on the 1st of September, 1922.]

## STATUTES OF 1920.

### Advance Polls for Sailors.

Chapter 2.—17. Special polls may be provided at any election to the Assembly for sailors or other persons employed upon steamboats or sailing vessels and who have reason to believe that they will be absent from their ordinary place of residence in the course of their employment upon the day fixed for the holding of the poll, and section 14 of The Ontario Election Act,<sup>1</sup> 1919, shall apply *mutatis mutandis* with respect to the holding of special polls under this section, but the same polls may be used for railway employees and for persons entitled to vote at a special poll under this section.

### Minimum Wage.

Chapter 87.—1. This Act may be cited as The Minimum Wage Act.

2. In this Act,

(a) "Apprentice" shall mean person who whether under articles of apprenticeship or not is receiving instruction in any trade, occupation or calling, while employed therein;

(b) "Board" shall mean the Minimum Wage Board hereby created;

(c) "Conference" shall mean wage conference appointed by the Board and composed of an equal number of employers and employees and an impartial chairman;

(d) "Employee" shall mean and include every female person in any trade or occupation in Ontario who works for wages;

(e) "Employer" shall mean and include every person, firm, or corporation, agent, manager, representative, contractor, sub-contractor or person responsible directly or indirectly for the payment of wages to an employee;

(f) "Minister" shall mean the member of the Executive Council to whom the administration of this Act for the time being is assigned.

(g) "Wages" shall mean and include wages and salary whether the employment in respect to which the same is payable is by time or by the job, or by the piece or otherwise;

3. For the purposes of this Act there shall be established a Board composed of five persons, two of whom shall be women, appointed by the Lieutenant-Governor in Council, and the Board shall be a body corporate under the name of "The Minimum Wage Board."

4. The Lieutenant-Governor in Council shall name one member of the Board as chairman and the chairman of the Board shall hold office during pleasure.

5. Of the remaining members of the Board, two shall be appointed in the first instance for one year, and two for two years, and every member subsequently appointed shall be appointed for a term of five years.

6. In case of the absence of the chairman of the Board or in case of his inability to act or if there is a vacancy in the office the Minister may appoint some person of like qualifications to act as chairman *pro tempore*.

7.—(1) In case of a vacancy on the Board caused by the death, resignation or incapacity of a member of the Board a successor to such member shall be appointed to hold office for the remainder of the unexpired term.

(2) If a member of the Board fails to attend two successive meetings of the Board without due cause he shall be notified of such absence and if he fails to attend the third meeting his position on the Board may be declared vacant and his successor duly appointed.

8. The members of the Board shall serve without remuneration but the Lieutenant-Governor in Council may fix a *per diem* allowance to be payable to the members on their attendance at the meetings of the Board and in transacting the business of the Board, and every member of the Board shall be entitled to his reasonable and necessary travelling and living expenses as certified by the chairman of the Board.

9. The presence of three members of the Board shall constitute a quorum.

10. The expenses of the Board in carrying out the provisions of the Act, including witness fees, travelling expenses and other charges incurred in any proceedings of the Board or of wage conferences shall be payable out of such moneys as may be appropriated by the Legislature from time to time for that purpose.

11. The Board shall have authority to conduct such investigations as it may deem necessary for the purpose of ascertaining the conditions prevailing in any class of employment and the scale of wage payable therefor, and for this purpose shall possess all powers that may be conferred upon a commissioner under The Public Enquiries Act.

12. After due enquiry the Board may establish a minimum wage for employees in any trade occupation or calling in Ontario, but a wage lower than the minimum wage may also be established by the Board for employees classified as handicapped, or part-time employees or as apprentices.

<sup>1</sup>See Chapter 7 of the Acts of 1919, p. 442 of this Report.

13.—(1) Where it is made to appear to the Board that the scale of wages or the method of determining the same, payable to any class of employees, is inadequate or unfair the Board may direct a conference between representatives of employers and employees in the class of employment in question for the purpose of reaching an agreement and recommending to the Board minimum wages to be payable in that class of employment.

(2) The Board may provide for the selection of such representatives by the employers and employees respectively, but every conference shall consist of an equal number of representatives of employers and employees respectively.

14.—(1) The Board shall appoint a disinterested person to be chairman of the conference.

(2) The chairman shall not vote in the conference but may advise and direct the representatives of the conference as to their procedure and shall to the best of his ability assist the conference in arriving at a just conclusion.

15. The conference shall, forthwith, proceed to the investigation and discussion of the matters at issue and for this purpose the majority of the members exclusive, of the chairman, shall constitute a quorum.

16. The conference shall report its conclusions to the Board in writing, signed by the chairman, but a minority of the members of the conference may make a separate report to the Board. Failure of the conference to come to an agreement touching the matters in dispute shall be reported by the chairman of the conference to the Board.

17. Upon the receipt of the report of the chairman of the conference, the Board, with or without further enquiry or investigation, may, by order in writing signed by the chairman of the Board:—

- (a) remit the matter of difference to the same or a new conference for consideration;
- (b) or forthwith establish a minimum wage in the class of employment in question.

18. The Lieutenant-Governor in Council may make regulations:—

(a) Providing for the procedure of the Board and the forms of orders and other documents to be issued by it;

(b) Defining and directing the extent to which the Board shall be guided in its investigation by the information officially procured and available in the Department of Labour;

(c) For the making of reports to the Assembly on any matters investigated or determined by the Board and the particulars to be included in such reports;

(d) Requiring employers or any class of employers to furnish information as to the names, ages and places of residence of all employees and such other information respecting the hours of labour and conditions of employment of such employees as may be deemed necessary for the proper carrying out of the objects of the Act;

(e) Defining and limiting the number of handicapped employees, part time employees and apprentices to whom a wage lower than the minimum wage fixed by the Minimum Wage Board may be payable by any employer;

(f) Fixing the amount to be allowed for witness fees and for other charges in connection with the proceedings of the Board or of wage conferences.

19. Every order of the Board shall be published in the Ontario Gazette, and following the conference notice thereof shall be given to the representatives of the employers and of the employees.

20. Upon publication of the order as provided in section 18 the same shall be binding as to the minimum wages to be paid in the class of employment dealt with under the order.

21. The Board may direct that notice of such order be posted in such positions as to be easily read by the employees in each factory, shop and office building or other establishment concerned. The notice shall be affixed and kept posted up and otherwise dealt with as provided by section 23 of The Factory, Shop and Office Building Act, as amended by section 7 of The Factory, Shop and Office Building Act, 1918.

22. (1) Every employer who contravenes an order of the Board by the payment of wages of less amount than that fixed by the Board shall be guilty of an offence and shall incur a penalty not exceeding \$500 and not less than \$50 for each employee affected, and in addition thereto shall upon conviction be ordered to pay to such employees the difference between the wages actually received and the minimum wage fixed by the Board.

(2) In default of immediate payment of such penalty and any such sum adjudged to be due to an employee such employer shall be imprisoned for a period not exceeding six months and not less than two months.

23. The Ontario Summary Convictions Act shall apply to prosecutions under this Act.

24. This Act shall not apply to farm labourers or domestic servants.

25. This Act shall come into force and take effect on the 1st day of October, 1920.

### Hours of Labour for Firemen.

Chapter 88.—1. This Act may be cited as The Fire Departments Hours of Labour Act.

2. Where in any city, town or village there is a permanent fire department, the officers and employees of which are regularly employed and paid by the municipal corporation, every officer and employee of such department shall be off duty for one full day of twenty-four hours in every calendar week, but where what is known as "double platoon system" is in operation in any such fire department the twenty-four hours' release at the change of platoons shall not be regarded as a day off duty for the purposes of this section.

3. The provisions of this Act shall have effect notwithstanding any regulation or by-law of a municipal corporation relating to a fire department.

4. Every fire chief, superintendent, director or officer of every such fire department who requires or requests an employee of the department to be on duty in violation of the provisions of section 2 shall incur a penalty of not less than \$10 nor more than \$100.

5. The penalties provided by this Act shall be recoverable under The Ontario Summary Convictions Act.

6. This Act shall come into force and take effect on and after the 1st day of January, 1921.

### Mothers' Pensions.

Chapter 89.—1. This Act may be cited as The Mothers' Allowances Act.

2. In this Act,—

(a) "Commission" shall mean Mothers' Allowances Commission appointed under this Act;

(b) "Local Board" shall mean board appointed for a county, city or separated town or for a provisional judicial district under the authority of this Act;

(c) "Minister" shall mean that member of the Executive Council to whom for the time being the administration of this Act is assigned.

(d) "Regulations" shall mean regulations made by the Lieutenant-Governor in Council under the authority of this Act.

3. Subject to the provisions of this Act and the regulations a monthly allowance may be paid towards the support of the dependent children of a mother who,—

(a) is a widow or the wife of an inmate of a hospital for the insane in Ontario or of a man who is permanently disabled and incapable of contributing to the support of his family;

(b) was resident in Canada at the time of the death or total disability of the father of the children on whose behalf the allowance is to be made, and for a period of three years immediately prior to the application for an allowance;

(c) is resident in Ontario at the time of the application for an allowance and for a period of two years immediately prior thereto;

(d) continues to reside in Ontario with her dependent children while in receipt of an allowance;

(e) was a British subject by birth or naturalization or is the widow or wife of a British subject;

(f) is a fit and proper person to have the care and custody of her children;

(g) has resident with her two or more of her own children under fourteen years of age and has not adequate means to care properly for them without the assistance of an allowance under this Act.

4. (1) For the purpose of this Act there shall be established a Commission composed of five persons, two of whom shall be women, appointed by the Lieutenant-Governor in Council, and the Commission shall be a body corporate under the name of "The Mothers' Allowances Commission."

(2) The Lieutenant-Governor in Council shall annually appoint one of the members of the Commission to be chairman and another to be vice-chairman of the Commission.

(3) In case of the absence of the chairman or of a vacancy in the office, the vice-chairman shall have and perform all the powers and duties of the chairman under this Act and the regulations.

(4) The members of the Commission shall be appointed in the first instance for one, two, three, four and five years respectively and every member subsequently appointed shall be appointed for a term of five years.

(5) In case of a vacancy caused by the death, resignation or incapacity of a member of the Commission a successor to such member shall be appointed to hold office for the remainder of the unexpired term.

(6) Members of the Commission shall be eligible for re-appointment.

(7) The members of the Commission shall serve without remuneration except that the Lieutenant-Governor in Council may fix a *per diem* allowance to be payable to each member for attendance at meetings of the Commission and every member shall be entitled to his reasonable and necessary travelling expenses as certified by the chairman for attendance at such meetings and in the transaction of the business of the commission.

(8) Three members of the Commission shall constitute a quorum.

5.—(1) The Lieutenant-Governor in Council may on the recommendation of the Commission appoint an executive secretary, and such other officers, clerks and servants of the Commission as may be deemed expedient and may fix the salaries of the members of the staff of the Commission.

(2) The Ontario Public Service Act and The Ontario Public Service Act, 1918, shall apply to the Commission as a branch or department of the public service.

6. It shall be the duty of the Commission,—

(a) To inquire as to the persons qualified as provided by section 3 to receive allowances under this Act, in any county or district or city or separated town in Ontario;

(b) To obtain such information as to such person as the regulations may require;

(c) To receive through local boards or otherwise applications by or on behalf of persons so qualified for the payment of allowances under this Act and to consider the same;

(d) To fix the maximum and minimum allowances which may be granted under this Act;

(e) To make orders granting allowances to mothers by whom or on whose behalf applica-

tion is made to the Commission and who appear to the Commission to be qualified to receive such allowances;

(f) To keep such records and statistics as the regulations may require or as may appear to be necessary for the proper discharge of the duties of the Commission;

(g) To report in writing to the Lieutenant-Governor in Council at the close of each fiscal year, with such particulars and information as the regulations may require.

7. Allowances granted under this Act and the expenses of administration of this Act shall be payable out of such moneys as may be voted by the Assembly and appropriated by the Legislature for those purposes, by the Treasurer of Ontario upon the direction in writing of the Chairman of the Commission countersigned by the member of the Executive Council to whom the administration of this Act is assigned, and every such direction shall be final and conclusive and shall not be subject to further examination or audit, and the Treasurer upon receiving the direction shall issue the cheque and the Provincial Auditor shall countersign the same.

8.—(1) Every direction for payment of an allowance under this Act shall name the county, city or separated town or provisional judicial district of which the person to whom the allowance is payable shall be deemed a resident for the purposes of this Act.

(2) Notice in writing, signed by the chairman, that such allowance has been granted with the name and place of residence of the person to whom the same is payable and stating that the municipal corporation of the county, city or town will be required to contribute to such allowance as hereinafter provided shall be sent by registered post to the clerk of the corporation of the county, city or town of which such person is resident.

(3) If the corporation desires to object to making such contribution, the Commission shall hear the objections and consider the same, and may confirm the direction, or if it is deemed unfair or unjust that the corporation should be chargeable may amend the direction and name some other county, city or town as liable for the contribution, but no municipal corporation shall be chargeable under this section unless the person to whom the allowance is payable has resided in the municipality continuously for at least one year immediately prior to the application to the local board for the allowance under this Act.

(4) Where the person to whom the allowance is payable removes to another municipality, that municipality shall not be made liable for the contribution until such person has resided in such other municipality continuously for at least one year.

(5) Every municipal corporation named by the Commission as a contributor under this section shall at such intervals and upon such dates as may be fixed by the regulations, pay to the Treasurer of Ontario an amount equal to one-half of the allowance, and every such amount shall be a debt due to the Crown from the corporation and recoverable with costs by action at the suit of the Treasurer of Ontario.

(6) Where the person to whom an allowance is payable under this Act is found by the Commission to be a resident of some place in a provisional judicial district, other than a city, contributions shall not be required under this section, but the whole amount of such allowance shall be borne by the Province.

9. The decision of the Commission as to any matter arising under this Act shall be final and conclusive and shall not be subject to appeal or review by any court of law or otherwise, but the Commission may reconsider any decision and may rescind, alter or amend any order, direction or decision previously made under the authority of this Act.

10. On approval of the Lieutenant-Governor in Council the Commission may make Regulations,—

(a) Governing the procedure of the Commission and prescribing the time and place of meetings of the Commission;

(b) Prescribing the duties of the executive secretary and other members of the staff of the Commission;

(c) Providing for the appointment of a local board for county, city or separated town or district, or for any defined territory in Ontario;

(d) For the conducting of inquiries and investigations by local boards as to persons to whom allowances may be paid or who are in receipt of allowances under this Act or by whom or on whose behalf application has been made for payment of allowance.

(e) Prescribing the form of reports of local boards and the particulars to be stated therein;

(f) Providing for the appointment of visitors or other local officers of the Commission and prescribing their duties;

(g) Respecting the proofs to be furnished before payment of any allowance or continued payment thereof;

(h) Fixing the intervals at, and the manner in which allowances shall be paid under this Act;

(i) Prescribing forms to be used by the Commission, local boards, visitors and other officers and by persons applying for allowances under this Act;

(j) Respecting the property qualifications and other sources of income of beneficiaries under this Act;

(k) Generally for the better carrying out of the provisions of this Act.

11. This Act shall come into force and take effect on the 1st day of October, 1920.

#### Vocational Education.

[Chapter 102. The Technical Education Act was added to the Industrial Education Act, Chapter 276 of the Revised Statutes of Ontario and forms Part II thereof. See page 413.]

## MANITOBA.

## STATUTES OF 1913.

## Employment of Women by Orientals.

Chapter 19. [Not yet in force.]-1. No person shall employ in any capacity any white woman or girl, or permit any white woman or girl to reside or lodge in, or to work in, or, save as a *bona fide* customer in a public apartment thereof only, to frequent any restaurant, laundry or other place of business or amusement owned, kept or managed by any Japanese, Chinaman or other Oriental person.

2. Any employer guilty of any contravention or violation of this Act shall, upon summary conviction, be liable to a penalty not exceeding one hundred dollars, and, in default of payment, to imprisonment for a term not exceeding two months.

3. This Act shall come into force upon proclamation of the Lieutenant-Governor in Council.

## REVISED STATUTES OF 1913.

## Wages as Preferred Claims—In Assignments.

Chapter 12.—28. In case of an assignment under this Act, the assignee shall pay, in priority to the claims of the ordinary or general creditors of the person making the same, the wages or salary of all persons in the employ of such person at the time of the making of such assignment, or within one month before the making thereof, not exceeding three months' wages or salary, such wages or salary to be for arrears only and not for any unearned portion, and such persons shall be entitled to rank as ordinary or general creditors for the residue, if any, of their claims for arrears of such wages or salary. The provisions of this section shall apply to wages or salary, whether the employment in respect of which the same may be payable by the hour, day, week, month, year or other period of time.

## Assignment of Wages.

Chapter 13.—This Act may be cited as The Assignments of Wages Act.

2. No assignment of, or order for, wages or salary to be earned in the future, given in consideration of a present loan, advance or payment of less than two hundred dollars, shall be valid against an employer of the person making said assignment or order until said assignment or order is accepted in writing by the employer and afterwards filed and recorded with the clerk of the county court of the judicial division in which the party making the said assignment or order resides, if a resident of the Province, or in which he is employed if he is not a resident of the Province; but this section shall not apply where an assignment of, or order for, wages or salary is given to secure a past indebtedness for necessities, or to secure an account for necessities to be thereafter supplied, or partly for each of said purposes.

3. No assignment of, or order for, wages or salary to be earned in the future shall be valid when made by a married man living with his wife, unless the written consent of his wife to the making of such assignment or order is attached thereto or endorsed thereon.

4. No assignment of, or order for, wages or salary to be earned in the future, given in consideration of a present loan, advance or payment of money, shall be valid unless the amount of money lent or advanced thereon, or paid therefor, exceeds ninety-five per cent of the amount of wages or salary so assigned.

## Inspection and Regulation of Bake Shops.

Chapter 15 with amendment.—1. This Act may be cited as The Bake Shop Act.

2. In this Act, unless the context otherwise requires—

(a) The expression "bake shop" means any building, premises, work-shop, structure, room or place wherein is carried on the manufacture or sale of confectionery, or of bread, biscuit, cakes or any other food product made from flour, or from meal, or from both, in whole or in part and the said bake shop shall include also any room or rooms used for the storing of flour or meal, and also any room or rooms used for the storing of confectionery, bread, cakes, biscuits and other food products.

(b) The expression "inspector" means any inspector of the Bureau of Labour appointed by the Lieutenant-Governor in Council, or any inspector appointed by a municipality for the enforcement of this Act. 1916, c. 5, s. 1.

(c) The expression "employer" means any person who in his own behalf, or as the manager, superintendent, overseer or agent for any person, firm, company or corporation, has charge of any bake shop, or employs any person or persons therein.

## Regulations.

3. All bake shops to which this Act applies shall be constructed, as to lighting, heating, ventilating and draining in such a manner as not to be detrimental or injurious to the health of any person working therein, and shall also be kept at all times in a clean and sanitary condition, so as to secure the production and preservation of all the food products therein in a good and wholesome condition.

4. The sleeping place or places of the employees of every bake shop shall be entirely separate from the bake shop, and no person shall be allowed to sleep in such bake shop.

5. Every bake shop shall be provided with proper means and facilities of escape in case of fire, such means or facilities to be to the satisfaction of the inspector empowered by this Act to inspect such bake shops.

6. No employer shall knowingly require, permit or suffer to work in his bake shop any person who is affected with consumption of the lungs, or with scrofula, or with any venereal disease, or with any communicable skin disease; and every employer is hereby required to maintain himself and his employees in a clean and healthy condition while engaged in the manufacture, handling or sale of such food products.

7. No employer shall require, permit or suffer any employee in any bake shop to work more than twelve hours in any one day, or more than sixty hours in any one week, and no person under the age of fourteen years shall be employed in any such bake shop, except by permission of the inspector, given in writing, to the employer; and a copy of such permission shall be posted in a conspicuous place in the bake shop. Amended 1916, c. 5, s. 2.

7a. For the purpose of enforcing the provisions of this Act, the inspector shall *mutatis mutandis* have and possess all the powers given an inspector by "The Manitoba Factories Act." 1916, c. 5, s. 3.

7b. In the event of any injury or accident happening in or about any bake shop the employer shall immediately give written notice thereof to the Bureau of Labour for the Province of Manitoba. Such notice shall give the name and address of the person injured and state in ordinary language the cause thereof and the date and time on which the same occurred. 1916, c. 5, s. 3.

## Penalties.

8. Any employer who violates any provision of this Act, or who refuses the inspector admittance to his bake shop, or who neglects or refuses to comply with any lawful requirement of the inspector in connection with the enforcement of this Act, shall, for the first offence, be liable to a penalty of not less than ten dollars and not more than twenty dollars, and, for the second offence, to a penalty of not less than twenty-five dollars and not more than fifty dollars, and, in default of payment thereof, to imprisonment for a period not exceeding thirty days with hard labour, and, for the third or subsequent offence, such person shall be imprisoned for a period not exceeding six months to be kept at hard labour in the discretion of the convicting magistrate or justices.

9. All prosecutions under this Act shall be brought by the inspector, and shall be heard before any two of His Majesty's justices of the peace or a police magistrate.

## Protection of Wages of Employees of Building Contractors.

Chapter 20.—1. This Act may be cited as The Builders' and Workmen's Act.

## Interpretation.

2. In this Act, unless the context otherwise requires—

(a) The expression "builder" and "contractor" respectively mean a person, company or corporation contracting with or employed directly by the proprietor for the doing of work or the placing or furnishing of machinery or materials on, in or about any building or erection, or in connection with any building or erection, or for the performance of any kind of work or labour whatever in which more than two persons are employed;

(b) The expression "sub-contractor" means a person, company or corporation contracting with or employed, either mediately or immediately, by such builder or contractor;

(c) The expression "proprietor" means and includes any person, company or corporation employing any builder or contractor for the doing of any such work or labour, or for the placing or furnishing of machinery or materials on, in or about any building or erection or in connection with any building or erection, and also any person, company or corporation having any estate or interest, real or equitable, in any land, building or erection upon or in respect of which any such work is done or materials or machinery are placed or furnished, and at whose request or upon whose credit or on whose behalf or with whose privity or consent or for whose benefit any such work is done or materials or machinery placed or furnished.

## Pay Lists.

3. Every builder or contractor, whether chief or sub-contractor, who shall employ workmen by time or by piece work, to carry out his contract, shall keep a pay list drawn up in the form in schedule A to this Act, showing the names and wages, or price of the work, of such workmen,

and every payment to them made shall be attested by the signature or cross of each such workman, in presence of a witness who shall also sign the same; and every proprietor shall require the production of such pay list before the payment of any amount claimed to be due on such work, except by the order of a court.

4. Every such proprietor for whom the work is being done shall, from time to time, see that the workmen who are unpaid, as may appear by said pay list, are paid the sums due or owing to them by the said builder or contractor, and until said workmen are paid in full, the said proprietor shall be liable to them directly for the amounts owing to them, as well as the said builder or contractor, and each such workman may claim, sue for and recover payment of the amount from the proprietor by a personal action in the same manner as he could have done from the contractor, and subject to any defence which the latter might have set up to said action or claim; provided, always, that the liability of the proprietor shall not exceed the amount of the original contract price.

(2) If, without payment, the said pay list for any reason be signed by a workman he shall be estopped from claiming the sum he has not been paid.

#### Actions by Workmen.

5. Several unpaid workmen may join in the same action, and in such an action where the money recovered, exclusive of costs, is less than the aggregate amount of the claims sued for, and for which judgment is recovered or an order made, the workmen joining in said action shall be entitled to the money so recovered *pari passu* according to their respective claims.

6. Previous to the trial or hearing of an action the proprietor shall, if the workman or workmen so desire, permit them and any witnesses they may desire on their behalf to enter into and examine any building, land or work, and any part thereof, on or about which any work has been done or materials placed or expended by the builder or contractor or by said workman or workmen, and to make all measurements thereof they may desire; and if such access or entrance be refused by the proprietor or anyone on his behalf or not given when applied for at a reasonable time, such fact when proved shall be conclusive evidence against the proprietor of the proper performance and amount of work and expenditure of materials to satisfy the claims of such workman or workmen, and to establish that a sum sufficient to satisfy their claims is owing by the proprietor to the builder or contractor and judgment shall be given accordingly.

7. If work be performed and materials expended, or either, on or about any building, land or work, under a special or entire contract between a builder or contractor and a proprietor, and the said contract shall not have been entirely performed or completed, but only in part, and an action or suit be brought or instituted against the proprietor by a workman or workmen, the latter shall be entitled to have the work done and materials expended, estimated and allowed as against the proprietor, as upon a *quantum meruit* to be estimated with reference to the contract price, and the proprietor shall be liable to such workman or workmen for the amount so allowed, or sufficient thereof to satisfy his or their claim or claims when proved in such action.

#### Penalty for Not Keeping Pay List.

8. Any such builder or contractor who shall wilfully neglect to keep such pay list, or who shall wilfully omit therefrom the name of any such workman, or who shall in said pay list wilfully make or allow to be made any misstatement as to the amount due or owing to any workman, or who shall wilfully neglect to furnish such pay list to the proprietor when requested by him, shall be liable to a penalty of not less than twenty dollars and not more than two hundred dollars, which penalty shall belong to any person who shall prosecute for the same before any justice of the peace; and, in default of payment of any such penalty, the same may be levied, with costs, by distress upon the goods and chattels of the person against whom any such order or conviction may be made, wheresoever the same may be found within the province of Manitoba; and, in default of payment of any such penalty or of sufficient distress to satisfy the amount of any such order and conviction, together with the costs, such builder or contractor shall be liable to be imprisoned for any term not exceeding thirty days.

#### Sub-Contracts.

9. If any contract or part thereof be sub-let, notice thereof shall be given to the proprietor (if any provision in the original contract permits a sub-letting); and from and after such notice, the liability of the proprietor to the workmen under such sub-contract shall be the same as to the workmen under a contractor, and the sub-contractor shall be liable to all the duties and penalties imposed by this Act on a builder or contractor.

#### Registration of Building Contracts.

10. Wherever any builder or contractor, whether principal or sub-contractor, has entered into any contract in writing with a proprietor or owner of any land or building, the said builder or contractor may cause to be registered in the registry office of the registration district or land titles district where the land is situate, upon which such contract is to be executed, or in the proper land titles office if the land is or has been brought under "The Real Property Act,"

a copy of such contract, duly verified by affidavit; and from and after the registration of such contract, such builder or contractor shall have a lien upon the land upon which such contract is being executed for the amount of such contract price, or any unpaid portion thereof, and priority over any subsequent transferee or encumbrancee.

#### Appeals.

11. There shall be no appeal from any judgment, order or decision, given or rendered in any action or proceeding provided for in this Act, unless the amount of such judgment or order exceeds the sum of two hundred dollars, or unless the same is rendered under section 8 of this Act.

#### Assignments.

12. If an assignment be made by the contractor to a third party of the price of the work, the claim of a workman shall, with respect to such third party, have the same effect that it would have had with respect to the contractor if no such assignment had been made.

#### Miscellaneous.

13. The payment by the proprietor to any workman under an order or judgment of any court shall have the like effect as the payment to the contractor himself on account of the contract of work.

14. The form in schedule B to this Act shall be the form to be used under "The Real Property Act" for registering the contract, and the form in schedule C to this Act shall be the form for release under said Act.

(Schedules omitted.)

### Liability of Employers for Maintenance of Employees in Hospitals.

Chapter 28 with amendments.—24. A municipality may, after the payment by it to a hospital of any account with respect to the treatment of a public ward patient, proceed in a summary manner to collect the amount so paid, and in all such cases the proceedings shall be as follows: A notice, signed by the clerk of the municipality on its behalf shall be served upon the person for whom or on whose behalf the municipality has made such payment, requiring such person to pay the amount of the same to the municipality (stating the amount) within thirty days from the service of such notice. If the amount be not paid within such time, any justice of the peace, on complaint being made before him on oath by the clerk of the municipality that such person has neglected to pay the amount (stating the amount) after due notice as aforesaid, shall summon such person to appear before him to answer the complaint, and shall thereupon hear and determine the complaint, and upon conviction may order the person complained against to pay to the municipality the amount of said claim together with costs of prosecution forthwith, or at such time or times and in such amounts as he shall determine, and in default of payment shall order the collection of the same by distress and sale of the goods and chattels of the person convicted. A copy of the said order may be served upon the employer of the person convicted, and when so served shall have the effect of attaching all moneys that may be due and owing, or accruing due and owing, by the employer to the person convicted, for salary, wages or otherwise, to the same extent as a garnishee order under "The County Courts Act," and such moneys shall be paid over by the employer to the clerk of the municipality in or towards satisfaction of the claim of the municipality upon the order of such justice, and when so paid shall, to the extent of the amount paid, discharge the employer from any further liability in the premises or to the person on whose behalf the said amount shall have been paid. The provisions of this clause shall not apply to female employees.

24a. A municipality may, at any time before or after the payment by it to a hospital of any account with respect to the treatment of a public ward patient, proceed in a summary manner to attach all sums of money due and owing or accruing due and owing to such patient by his employer at the time of his admission to a hospital, and in all such cases the proceedings shall be as follows: A notice, signed by the clerk of the municipality on its behalf, shall be served upon the employer of any such patient, setting forth briefly that the municipality has become liable or has paid a certain amount (naming it) for the treatment of such patient in a hospital (naming the hospital), and requiring the employer to retain and forthwith pay over to the municipality the amount due and owing by him to such patient in his hands.

(a) Such notice, when so served, shall have the effect of attaching all sums of money that may be due and owing, or when so paid shall, to the extent of the amount paid, discharge the employer with respect to any further liability in the premises or to the person on whose behalf the said amount shall have been paid.

(b) In the event of the employer not promptly complying with the terms of the notice served upon him, as hereinbefore provided, by promptly paying to the municipality all sums of money that may be due and owing, or accruing due and owing, by him to the patient, as aforesaid, the municipality may sue for and recover the same from such employer as a liquidated claim or demand in any court of competent jurisdiction, or may summarily distrain for and levy the same in the same manner as rent may be distrained for and levied by a landlord.

(c) The provisions of this section shall not apply to female employees. 1913-14, c. 18, s. 4.

27. In the case of a patient, treated and cared for by any hospital, who is not, in the judgment of the Municipal Commissioner, a resident of any municipality within the meaning of this Act, the account of the hospital for such treatment and care, or so much thereof as has not been collected by the hospital, shall be paid by the Provincial Treasurer, on the certificate of the Municipal Commissioner, and the Municipal Commissioner shall make a levy each year, for all such amounts so paid prior to such levy, upon all the municipalities in the judicial district in which such hospital is situated, to recoup such payments, and such levy shall be made at the same time and in the same manner and shall have the same effect, and shall be on the same basis of equalized assessments, as other levies made under "The Municipal Commissioner's Act. Amended 1918, c. 10, s. 8.

28. If any payment by the Municipal Commissioner, pursuant to the provisions of the preceding section, or by any municipality under any other of the provisions of this Act, is in respect of any patient who, immediately prior to his admission to a hospital, was an employee of any person or persons, firm, corporation, railway or other company whose practice or custom is to charge or deduct from the salary or wages of their employees a fee for medical attendance with respect to such employees in the event of their illness or physical disability, and such patient, at the time of his admission to such hospital, came within the class of employees above set forth, the amount so paid shall on demand be immediately repaid by such employer or employers to the Municipal Commissioner or to the municipality having paid the same in the first instance, and, if not so repaid, the Municipal Commissioner or municipality, as the case may be, may sue for and recover the same from such employer or employers as a liquidated claim or demand in any court of competent jurisdiction, or may summarily distrain for the same in the manner rent is distrained for under "The Distress Act."

28a. In addition to all other remedies provided by this Act or otherwise, it is declared that if a person, while in the employ of another person, or of a company or corporation, becomes ill, or sustains injury, and such illness or injury is of such a character that renders the employee incapable of continuing his said employment, and there is at the time due and owing, or accruing due and owing, by the employer to the employee any sum or sums of money for salary, wages or otherwise, it shall be the duty of the employer, without any further or other authority than is herein contained, to retain in his or their hands all such moneys aforesaid for a period of at least fifteen days; and it shall be the further duty of the employer, if it shall happen that the employee, as the result of such illness or injury, is admitted to a hospital for care or treatment, within a period of fifteen days after leaving his employment, as hereinbefore mentioned, forthwith on demand in writing by the hospital to which said employee has been admitted or by the clerk of the municipality from which the patient shall have come (which demand shall contain the name and, if possible, the address of the employee at the time of his leaving the service of the employer, and also the date of his admission to the hospital) to pay over, without deduction or abatement, all such moneys so retained, or so required to be retained as aforesaid, to the hospital or municipality for application to and towards the cost of the hospital services rendered, or to be rendered, to the said employee; and if the said moneys shall not be so paid the municipality or the hospital may sue for and recover the same from the employer as a liquidated claim or demand in any court of competent jurisdiction or may summarily distrain therefor and levy the same in the same manner as rent is distrained for and levied by a landlord. 1913-14, c. 18, s. 5. Amended 1916, c. 17.

28b. It is further provided that if any employee, whilst in the service of any of the class of persons or corporations coming within and required to give compensation to employees under the provisions of "The Workmen's Compensation Act," sustains injuries, and such employee is admitted to a hospital, and while therein dies as the result of such injuries, the employer shall be liable to pay, and shall forthwith pay, on demand of the hospital, to the said hospital, the full amount of such sum as may be then due and owing the said hospital with respect to the care and treatment therein of such employee, including funeral expenses, not, however, in any one case to exceed the sum of two hundred dollars, and if not so paid the said amount so due and owing, as aforesaid, shall be recoverable in the same manner as is set forth in the last preceding section. 1913-14, c. 18, s. 5.

28c. Any employer paying any moneys to a hospital under the provisions of sections 28a and 28b of this Act shall have the right to set off the amount of such payment against any salary or wages owing or accruing to the employee, or his representatives or dependants, and against any moneys to which the employee, or his said representatives or dependants, may become entitled to receive from or be paid by the employer under "The Workmen's Compensation Act" or otherwise. 1913-14, c. 18, s. 5.

### Employment of Children—Street Trades—Night Work—Injurious Occupations.

Chapter 30.—28. It shall be unlawful for any child, over twelve and under sixteen years of age, to hawk or sell newspapers or other articles in the streets or public places of any incorporated city, town or village during the hours in which the public schools are in session without having first procured a license to do so from the superintendent of neglected children, pursuant to the provisions hereinafter contained or, without wearing in a conspicuous place on his clothing a numbered badge procured from said superintendent with such license.

(2). The superintendent, before issuing any such license, shall be furnished with and shall put on record full information as to the child's proper age, the names and addresses of the parents, the occupation of the father, the school and church such child attends, if any, and the name of the minister or clergyman of such church, and as to the reasons for the necessity for the child to be so employed during school hours, together with evidence satisfactory to him of such necessity, of the age of the child, and that he is of normal development physically, and able to undertake the work to be done under such license.

(3) The superintendent shall furnish to each such child along with such license a numbered badge, to be worn as aforesaid by such child whenever he is engaged in such selling or hawking during school hours, such badge to have the words "licensed newsboy" on it, together with the proper number.

(4) No fee or charge shall be payable by any applicant for such license or badge, nor shall any such license or badge be issued to a girl.

31. Any officer, constable, or policeman may apprehend without warrant, and bring before a judge, as neglected, any child apparently under the age of sixteen years, who,—

(i) habitually hawks or sells articles in the streets or public places during school hours; or

(j) being under the age of twelve years, is found engaged in hawking or selling newspapers or other articles or distributing advertising matter in any street or public place at any time during the day or night; or

(k) being between the ages of twelve and sixteen years, is found hawking or selling newspapers or other articles in any street or public place during school hours, without having procured the necessary license and wearing the numbered badge referred to in section 28; or

(l) is found hawking or selling newspapers or other articles in any street or public place after nine o'clock at night.

40. It shall be unlawful to employ habitually any child under the age of twelve years between the hours of nine o'clock in the evening and six o'clock in the morning, and it shall also be unlawful to employ any child under the age of sixteen years in any occupation likely to be injurious to his life, limbs, health, education or morals, and any person guilty of a contravention of this section shall be liable, on summary conviction before a justice of the peace, to a fine not exceeding fifty dollars and, in default of payment, to imprisonment with hard labour for any term not exceeding one month.

(2) Any person who violates any of the provisions of this [Children's] Act, or any regulations made pursuant to the provisions of this Act, relating to the employment of children as newsboys delivery boys or messengers. shall be liable, on summary conviction before a juvenile court judge, or a police magistrate, to a fine not exceeding twenty dollars, or to imprisonment for a period not exceeding twenty-one days, or both. 1918, c. 12, s. 17.

### Liability of Directors of Companies for Employees' Wages.

Chapter 35.—35. The directors of the company shall be jointly and severally liable to the labourers, servants and apprentices thereof, excluding the officers of the company, for all debts not exceeding one year's wages due for services performed for the company whilst they are such directors respectively, but no director shall be liable in an action therefor, unless the company has been sued therefor within one year after the debt became due, nor yet unless such director is sued therefor within one year from the time when he ceased to be such director, nor yet before an execution against the company has been returned unsatisfied in whole or in part, and the amount due on such execution shall be the amount recoverable with costs against the directors.

### Earnings of Minors—Suits for Wages.

Chapter 44.—62. A minor may sue in the county court for any sum due to him within the jurisdiction of the court for wages, in the same manner as if he were of full age; but the judge, on the application of the father of such minor, or of the mother, if the father be dead, and upon being shown that said minor had been residing with said parent and that the parent had a legal or equitable claim to the earnings of the minor, may order that such wages, when recovered, shall be paid to the parent in the whole or in part as may seem just and proper, the portion not ordered to be paid to the parent to be paid to the minor.

### Protection of Employees as Voters—Time to Vote—Special Polls.

Chapter 59 with amendments—247. Any person entitled to vote at an election held under the provisions of this Act shall, on the day of such election, be entitled to absent himself, for the purpose of voting, from any service or employment in which he is then engaged or employed between the hours of twelve o'clock noon and two o'clock in the afternoon and such voter shall not, because of so absenting himself, be liable to any penalty nor shall any deduction be made on account of such absence from his usual salary or wages.

[Section 12 of Chapter 28 of the Act of 1917 adds the following clause.]

12. Every day on which polling takes place at an election in any electoral division under the said (Election) Act shall, from and after one o'clock in the afternoon, be a public holiday in that electoral division.

247a.—(1) For the purpose of enabling railway employees, commercial travellers and other persons who, because of the nature of their employment or calling, are from time to time necessar-

ily absent from their places of residence, who are qualified electors under this Act, and who have reason to believe that they will be absent from their places of residence on the day fixed for the election, to vote at any election held in the electoral division in which such persons reside, the returning officer shall establish a special polling place in a central location in each of the following places, namely: Winnipeg, Brandon, St Boniface, the Rural Municipality of St James, Portage la Prairie, Dauphin, Souris, Transcona, Minnedosa and Neepawa in which polling places votes may be given by such persons resident in any other portion of the electoral division of which such places form the whole or a part.

(2) The poll at every such polling place shall be open between the hours of six o'clock in the forenoon and eight o'clock in the afternoon of the three days (exclusive of Sunday) next preceding the day of election.

(3) Except as in this section provided, the poll to be held in every such polling place and all things to be done in respect thereof shall be conducted in the same manner as is provided by this Act for the conduct of an election in the electoral division in which such polling place is located.

(4) Every person applying to vote at such polling place before being permitted to do so, shall be required by the deputy returning officer in charge of the poll to make and sign, and shall make and sign, the declaration (Form 61) which shall be kept by the deputy returning officer with other records of the poll, and, in addition, before being handed a ballot paper, such person shall take any other declaration or oath which may be required of him under this Act by the deputy returning officer, any candidate or the agent of any candidate.

(5) Any person signing any such declaration knowing that the statements therein are false shall be liable on summary conviction to a penalty of not less than twenty-five dollars nor more than one hundred dollars.

(6) No person applying to vote at any such polling place shall be permitted to do so unless his or her name appears on the voter's list for the electoral division in which such polling place is situated.

(11) The Lieutenant-Governor in Council may make such rules and regulations not inconsistent with the provisions of this Act as may be necessary for the purpose of carrying out the provisions of this section. 1920, c. 33, s. 11.

290. The following persons shall be deemed to be guilty of the offence of "undue influence," and shall be liable to a penalty not exceeding three hundred dollars and not less than one hundred dollars, and, in default of payment, to imprisonment for a term not less than one month and not exceeding six months or to imprisonment for such time without the option of a fine,—

(a) Every person who, directly by himself or by any other person on his behalf, makes use of, or threatens to make use of, any force, violence or restraint, or inflicts, or threatens to inflict, by himself or by or through any other person, any injury, damage, harm or loss of employment, or in any manner practises intimidation, upon or against any person in order to induce or compel such person to vote or refrain from voting, or on account of such person having voted or refrained from voting, at any election;

(b) Every person who, by abduction, duress or any fraudulent device or contrivance, impedes, prevents or otherwise interferes with the free exercise of the franchise of any elector, or thereby compels, induces or prevails upon any elector either to vote or to refrain from voting at any election. 1916, c. 37, s. 10.

### Wages as Preferred Claims—In Executions.

Chapter 66.—9. All persons in the employment of a judgment debtor or defendant, at the time of a seizure under any writ of execution or attachment against the goods and chattels, or lands and tenements, of the said judgment debtor or defendant, or within one month before such time, may file in the hands of the sheriff or bailiff (as the case may be) their claims for wages or salary, attested upon oath in the form in schedule A to this Act or in any other form to the like effect, before any person authorized by "The Manitoba Evidence Act" to receive affidavits for use in Manitoba; and such person or persons so claiming shall then be entitled to be paid out of the money levied from the property of any such debtor the wages or salary due to him or them by the said judgment debtor or defendant, not exceeding three months' wages or salary, in priority to the claims of the other creditors of the execution debtor or defendant, such wages or salary to be for arrears only and not for any unearned portion.

10. The provisions of the last preceding section shall apply to wages or salary, whether the employment in respect of which the same may be payable be by the hour or other period of time.

### Inspection and Regulation of Factories.

Chapter 70 with amendments.—1. This Act may be cited as The Manitoba Factories Act.

#### Interpretation.

2. In this Act, unless the context otherwise requires, the expression "factory" means—

(a) any building, workshop, structure or premises of the description mentioned in schedule A to this Act, in which three or more persons are employed, together with such other building, structure or premises, as the Lieutenant-Governor in Council from time to time adds to the said schedule, and any laundry operated or owned by Chinese; Amended 1916, c. 41, s. 1.

(b) any premises, building, workshop, structure, room or place wherein, or within the precincts of which, steam, water or other mechanical power is used to move or work any machinery employed in preparing, manufacturing or finishing, or in any process incidental to the preparing, manufacturing or finishing of, any article, substance, material, fabric or compound, or is used to aid the manufacturing process carried on there;

(c) any premises, building, workshop, structure, room or place wherein the employer of the persons working there has the right of access and control, and in which, or within the precincts of which, any manual labour is exercised by way of trade or for the purposes of gain in or incidental to the following purposes, or any of them, that is to say, the making of any article or part of any article, the altering, repairing, ornamenting or finishing of any article, or the adapting for sale of any article:

Provided that, where children, young girls or women are employed at home, that is to say, in a private house, place or room used as a dwelling, wherein neither steam, water nor other mechanical power is used in aid of the manufacturing process carried on there, and wherein the only persons employed are members of the same family dwelling there, the provisions of this Act shall not apply, except in the case of laundries operated or owned by Chinese. Amended 1916, c. 41, s. 2.

3. The Lieutenant-Governor in Council may from time to time, by proclamation published in The Manitoba Gazette, add to or remove from said schedule such description of premises as he deems necessary or proper.

4. A part of a factory may, for the purposes of this Act, be taken to be a separate factory; and a place used as a dwelling shall not be deemed to form part of the factory for the purposes of this Act.

(2) Where a place, situate within the close or precincts forming a factory, is solely used for some purpose other than the manufacturing process or handicraft carried on in the factory, such place shall not be deemed to form part of that factory for the purposes of this Act, but shall, if otherwise it would be a factory, be deemed to be a separate factory and be regulated accordingly.

(3) No premises or place shall be excluded from the definition of a factory by reason only that such premises or place are or is in the open air.

(4) Where an owner, occupier or tenant of any premises, building, workshop, structure, room or place, who has the right of access thereto and control thereof, lets, or hires out, or contracts for, work or labour to be done therein by any other person, and such other person engages or employs therein any workman, child, young girl or woman in or for the carrying out or performing of such work or labour, or any part thereof, every such workman, child, young girl or woman shall, for all the purposes of this Act, be considered and taken as being in the service and employment of said owner, tenant or occupier; and in computing the number of persons employed in any place, in order to ascertain if such place comes within the definition of a factory according to the meaning and intent of this Act, every such workman, child, young girl or woman shall be taken into account.

5. In this Act, unless the context otherwise requires,—

(a) The expression "inspector" means any inspector of the Bureau of Labour appointed by order of the Lieutenant-Governor in Council. 1916, c. 41, s. 3.

(b) The expression "employer" means any person who, in his own behalf or as the manager, superintendent, overseer or agent for any person, firm, company or corporation, has charge of any factory and employs persons therein;

(c) The expression "week" means the period between midnight on Sunday night and midnight on the succeeding Saturday night;

(d) The expression "child" means a male person under the age of fourteen years and a female person under the age of fifteen years;

(e) The expression "young girl" means a girl of the age of fifteen years or upwards and under the age of eighteen years;

(f) The expression "woman" means a woman of eighteen years of age or upwards;

(g) The expression "parent" means and includes a parent or guardian of or a person having the legal custody of or control over, or having direct benefit from the wages of, a child or young girl;

(h) The expression "court of summary jurisdiction" means the justices of the peace or police magistrate, as the case may be, to whom jurisdiction is given by this Act to hear and determine prosecutions under this Act;

(i) The expression "mill-gearing" comprehends every shaft, whether upright, oblique or horizontal, and every wheel, drum or pulley by which the motion of the first moving power is communicated to any machine appertaining to a manufacturing process.

(j) The expression "boy" means a boy of the age of fourteen years or upwards and under the age of seventeen years. 1915, c. 24, s. 2.

#### Employees.

6. No child shall be employed in any factory.

(2) A factory in which the provisions of this section are not complied with by the employer shall be deemed to be kept unlawfully so that the health of any child therein employed is likely to be permanently injured, and such employer shall, because thereof, be deemed to be guilty of a contravention of the provisions of this Act.

6a. (1) Every employer shall, before permitting a person under the age of sixteen years to work in a factory, obtain a certificate of birth from such person or a signed statement in writing from such person's parent, setting forth such person's age; such certificates or statements shall be kept on file in the factory and shall be produced on request of an inspector.

(2) Any employer who employs a person under the age of sixteen years in a factory without first having secured a certificate or statement as hereinbefore referred to, or who refuses to produce such certificate or statement when requested so to do by an inspector, shall for each offence be liable to a fine of not less than ten dollars, or, in default of payment, to imprisonment of not more than one month. 1917, c. 32, s. 1.

7. The Lieutenant-Governor may from time to time by Order in Council, notice of which shall be published in "The Manitoba Gazette," prohibit the employment of girls under the age of eighteen years and of boys under the age of sixteen years in factories, the work in which is deemed by the Lieutenant-Governor in Council to be dangerous or unwholesome.

8. If a person is found in a factory except at meal times or while all the machinery of the factory is stopped or for the sole purpose of bringing food to the persons employed in the factory, such person shall, until the contrary is proved, be deemed for the purpose of this Act to have been then employed in the factory.

(2) Yards, playgrounds and places open to the public view, waiting rooms and other rooms belonging to the factory in which no machinery is used or manufacturing process carried on, shall not be taken to be any part of the factory within the meaning of this section.

9. A child, young girl or woman who works in a factory, whether for wages or not, either in the manufacturing process or handicraft, or in cleaning any part of the factory used for any manufacturing process or handicraft, or in cleaning or oiling any part of the machinery, or in any other kind of work whatsoever incidental to or connected with the manufacturing process or handicraft, or connected with the article made, or otherwise the subject of the manufacturing process or handicraft therein, shall, save as otherwise provided by this Act, be deemed to be employed in such factory within the meaning of this Act; and for the purpose of this Act an apprentice shall be deemed to work for hire.

10. When an employer has served on an inspector notice of his intention to conduct his factory on the system of not employing children or young girls therein, the factory shall be deemed for all purposes of this Act to be conducted on the said system until the employer changes it, and no change shall be made until the employer has served on the inspector notice of his intention to change the system, and until the change a child, young girl or young girls employed in a factory shall be deemed to be employed contrary to the provisions of this Act; a change in the said system shall not be made oftener than once in every three months, unless for special cause allowed in writing by the inspector.

11. Nothing in this Act shall extend to any person, being a mechanic, artisan or labourer, who shall be temporarily working only in repairing either the machinery in or part of a factory.

#### Regulations respecting Employees.

12. It shall not be lawful to employ in a factory any young girl or woman, so that the health of such young girl or woman is likely to be permanently injured, and whoever so employs any young girl or woman shall, upon summary conviction thereof, be liable to imprisonment in the common gaol of the judicial district wherein the offence was committed for a period not exceeding six months or to a fine of not more than one hundred dollars with costs of prosecution and, in default of immediate payment of such fine and costs, then to imprisonment as aforesaid.

13. To employ in a factory any young girl or woman shall be deemed to be unlawful and to be an employing so that the health of such young girl or woman is likely to be permanently injured if in that factory there is any contravention of the following provisions of this section, that is to say,—

(a) It shall not be lawful for a young girl, boy or woman to be employed for more than nine hours in one day, nor more than fifty-four hours in any one week, unless a different apportionment of hours of labour per day has been made for the sole purpose of giving a shorter day's work on Saturday. Amended 1915, c. 24, s. 4.

(b) In every factory the employer shall allow every young girl and woman therein employed not less than one hour at noon of each day for meals, but such hour shall not be counted as part of the time limited with respect to the employment of young girls and women;

(c) If the inspector so directs in writing, the employer shall not allow any young girl or woman to take meals in any room wherein any manufacturing process is then being carried on; if the inspector so directs in writing, the employer shall, at his own expense, provide a suitable room or place in the factory, or in connection therewith, for the purpose of a dining and eating room for the persons employed in the factory.

14. Subject to any regulations which may be made in that behalf by the Lieutenant-Governor in Council, it shall be lawful for the inspector,—

(a) Where any accident, which prevents the working of any factory, happens to the motive power of any machinery, or

(b) Where, from any other occurrence beyond the control of the employer, the machinery, or any part of the machinery, of any factory cannot be regularly worked, or

(c) Where the custom or exigencies of certain trades require that the young girls or women working in a factory, or in certain processes in a factory, shall be employed for a longer period than as herein above provided—

on due proof to his satisfaction of such accident, occurrence, custom or exigency of trade, to give permission for such exemption from the observance of the foregoing provisions of the Act as will, in his judgment, fairly and equitably, to the proprietors of, and to the women and young girls in, such factory, make up for any loss of labour from such accident or occurrence or meet the requirements of such or exigency of trade. Provided, however, that such exemption shall apply only to persons who are not under the age of seventeen years. Amended 1917, c. 32, s. 2.

15. If the inspector permit such exemptions as in the last preceding section mentioned—

(a) No woman or young girl shall be employed before the hour of seven o'clock in the morning nor after the hour of ten o'clock in the evening;

(b) The hours of labour for women and young girls shall not be more than twelve in any one day, nor more than sixty in any one week. Amended 1916, c. 41, s. 5.

(c) Such exemptions shall not comprise more than thirty-six days, in the whole, in any twelve months; and in reckoning such period of thirty-six days every day on which any young girl or woman has been employed overtime shall be taken into account;

(d) During the continuance of such exemption, there shall, in addition to the hour for the noonday meal provided for by section 13, be allowed to every woman and young girl so employed in the factory on any day to an hour later than seven of the clock in the afternoon not less than forty-five minutes for another or evening meal, between five and eight of the clock in the afternoon; and

(e) In every factory to, or with respect to, which any such permission for exemption is so given there shall, in compliance with the provisions of section 17, be affixed a notice specifying the extent and particulars of such exemption.

16. When under the exemptions allowed herein, any young girl or woman is employed in any factory on any day for a longer period than is allowed herein, the duration of such employment shall be daily recorded by the employer in a register, which shall be in such form as may be required by any regulations made in that behalf by the Lieutenant-Governor in Council, or, until such form is provided in the form given by this Act.

17. Notice of the hours, between which young girls or women are to be employed, shall be made in such forms as may be required by the regulations made in that behalf by the Lieutenant-Governor in Council, or, until such form is provided, in the form given by this Act, and shall be signed by the inspector and by the employer, and shall be hung up, during the period affected by such notice, in such conspicuous place or places in the factory as the inspector requires.

18. A young girl shall not be allowed to clean any part of the machinery in a factory while the same is in motion by the aid of steam, water or other mechanical power.

19. A young girl or woman shall not be allowed to clean such part of the machinery in a factory as is mill-gearing, while the same is in motion for the purpose of propelling any part of the manufacturing machinery.

20. A young girl shall not be allowed to work between the fixed and traversing part of any self-acting machine, while the machine is in motion by the action of steam, water or other machinery power.

21. A young girl or woman allowed by any employer to clean or work in contravention of any of the three last preceding sections, shall be deemed to be employed by him contrary to the provisions of this Act and such employer shall be deemed to have contravened said provisions.

#### Provisions for Ensuring Health and Safety.

22. Every factory shall be kept in a cleanly state and free from effluvia arising from any drain privy or other nuisance.

23. A factory shall not be so overcrowded while work is carried on therein as to be injurious to the health of the persons employed therein, and a notice shall be posted in each room specifying the number of employees who shall be allowed to work in such room.

24. Every factory shall be ventilated in such a manner as to render harmless, so far as reasonably practicable, all the gases, vapours, dust or other impurities generated in the course of the manufacturing process or handicraft carried on therein that may be injurious to health.

25. In every factory there shall be kept provided a sufficient number and description of privies, earth or water closets, and urinals, for the employees of such factory; such closets and urinals shall at all times be kept clean and well ventilated, and separate sets thereof shall be provided for the use of the male and female employees, and shall have respectively separate approaches.

26. A factory in which there is a contravention of any of the four last preceding sections, or of the regulations made for the enforcement of any of the same, shall be deemed to be kept unlawfully and so that the health of any person employed therein is likely to be permanently injured and the employer shall because thereof, be deemed to be guilty of a contravention of the provisions of this Act.

27. In every factory where, contrary to the provisions of this Act, there is any omission act, neglect or default in relation to any overcrowding, ventilation, drain, privy, earth-closet ash-pit, water-closet, water supply, nuisance or other matter, whereby the health of persons employed in the factory may be affected, the employer shall within a reasonable time take such

action thereon as the inspector, acting under the regulations, if any, made in respect to such subjects notifies the employer to be proper and necessary.

28. In every factory where any process is carried on, by which dust is generated and inhaled by the workers to an injurious extent, if such inhalation can by mechanical means be prevented or partially prevented, the inspector may, subject to such regulations, if any, as may be made in that behalf, direct that such means shall be provided within a reasonable time by the employer, who in such cases shall be bound so to provide them.

29. A factory in which the provisions of either of the two last preceding sections are not complied with by the employer shall be deemed to be kept unlawfully and so that the health of any person therein employed is likely to be permanently injured, and such employer shall because thereof, be deemed to be guilty of a contravention of the provisions of this Act.

30. Where two or more persons occupy or use the same room or premises for carrying on any work or business, within the meaning of this Act, and employ in the aggregate four persons or more, no one of such persons employing so many as four, each of the several employers shall be held responsible for providing proper and sufficient water-closets and other requirements set forth in the eight last preceding sections, which said sections shall apply to each of such employers, as if they were partners in all the work or business of the said room or premises.

31. The inspector may, for the purposes of the nine last preceding sections, take with him into any factory a physician, or a health officer or other officer of the local sanitary authority.

32. It shall not be lawful to keep a factory so that the safety of any person employed therein is endangered or so that the health of any person employed therein is likely to be permanently injured, and whoever so keeps a factory shall, upon conviction thereof, be liable to imprisonment within the common gaol of the judicial district within which the offence was committed for a period of not more than twelve months or to a fine of not more than five hundred dollars, with costs of prosecution, and, in default of immediate payment of such fine and costs, then to imprisonment as aforesaid.

33. In every factory—

(a) All dangerous parts of mill-gearing, machinery, shafting, vats, pans, cauldrons, reservoirs, wheel races, flumes, water channels, doors, openings in the floors or walls, bridges and all other dangerous structures or places shall be, as far as practicable, securely guarded;

(b) No machine other than steam engines, shall be cleaned while in motion, if the inspector so directs by written notice;

(c) The opening of every hoist-way, hatch-way, elevator or well-hole shall be, at each floor, provided with and protected by good and sufficient trap-doors or self-closing hatches and safety catches, or by such other safeguards as the inspector directs; and such trap-doors shall be kept closed at all times, except when in actual use by persons authorized by the employer to use the same;

(d) All elevators, cabs or cars, whether used for freight or passengers, shall be provided with some suitable mechanical device, to be approved by the inspector, whereby the cab or car will be securely held in the event of accident to the shipper, rope or hoisting machinery, or from any similar cause;

(e) Any other particulars which any inspector from time to time considers dangerous, and in regard to which he gives notice to that effect to the employer, shall likewise, as far as practicable, be secured or securely guarded.

34. A factory in which there is a contravention of the last preceding section or of the regulations made for the enforcement of the same, shall be deemed to be kept unlawfully and so that the safety of any person employed therein is endangered.

35. In every factory—

(a) There shall be such means of extinguishing fires as the inspector, acting under the regulations made in that behalf, directs in writing;

(b) The main inside and outside doors shall open outwardly, and no door leading to or being the principal or main entrance to the factory, or to any tower, stairway or fire escape therein or belonging thereto, shall be bolted, barred, or locked at any time during the ordinary and usual working hours in the factory.

36. In the case of factories over two stories in height there shall be provided in every room which is above the ground floor or in so many of the rooms above the ground floor as the inspector in writing certifies to be in his judgment sufficient, a wire or other rope for every window in the room, or for as many windows in the room as the inspector certifies in writing to be sufficient.

(2) Every such rope shall be not less than three-quarters of an inch in thickness, and of sufficient length to reach from the room in which it is kept to the ground below, and every such window of every room shall be provided with proper, convenient and secure fastenings and appurtenances to which one end of the rope may be safely secured or fastened.

(3) The said wire or other ropes shall be kept in a coil or other convenient position in the room.

37. Every factory three or more stories in height, in which persons are employed above the second story, unless supplied with a sufficient number of tower stairways with iron doors, shall be provided with a sufficient number of fire escapes; such fire escapes shall consist of an iron stairway with suitable railing, and shall be connected with the interior of the building by iron doors or windows, with iron shutters, and shall have suitable landings at every story above the first, including the attic if the attic is occupied as a workroom; and such fire escapes shall be kept in

good repair and free from obstruction of encumbrance of any kind; but any of the requirements of this section may be dispensed with in any factory if the inspector so directs.

38. A factory or workshop in which there is a contravention of any of the three last preceding sections shall be deemed to be kept unlawfully and so that the safety of any person employed therein is endangered.

39. If a fire or accident in any factory occasions any bodily injury to any person employed therein, a notice in writing shall be sent by the employer to the Bureau of Labour within twenty-four hours after the occurrence of the fire or accident, and, in default of such notice being sent, the employer shall be liable to a fine not exceeding thirty dollars. 1918, c. 27, s. 1.

40. If an explosion occurs in a factory, whether any person is injured thereby or not, the fact of such explosion having occurred shall be reported to the inspector in writing by the employer within twenty-four hours next after the explosion takes place. And if such notice is not so sent the employer shall be liable to a fine not exceeding thirty dollars.

41. Where, in a factory, any person is killed or sustains injuries apparently likely to prove fatal, notice of the accident shall be sent by the employer to the Bureau of Labour, either by telephone, telegraph or messenger immediately after the occurrence thereof, and if such notice be not so sent, the employer shall be liable to a fine not exceeding thirty dollars. 1918, c. 27, s. 2.

#### Powers of Lieutenant-Governor in Council.

42. The Lieutenant-Governor in Council may from time to time, for the purpose of carrying out this Act,—

(a) make such rules regulations, and orders for enforcing its provisions, and for the conduct and duties of the inspector as may be deemed necessary;

(b) appoint the inspector, who shall be paid such salary or compensation as from time to time may be appropriated for the purpose by the Legislature;

(c) designate and assign, in the order, appointing any inspector, the locality in and for which he is to be the inspector under this Act.

43. The Lieutenant-Governor in Council may from time to time appoint a female inspector for the purpose of carrying out this Act, in addition to the other inspectors by law directed.

#### Powers and Duties of Inspectors.

44. The inspector shall, for the purpose of the execution of this Act, and for enforcing the regulations made under the authority thereof, have power to all or any of the following things namely:—

(a) To enter, inspect and examine at all reasonable times, by day or night, any factory and, any part thereof, when he has reasonable cause to believe that any person is employed therein, and to enter by day any place which he has reasonable cause to believe to be a factory.

(b) To require the production of any register, certificate, notice or document required by this Act to be kept, and to inspect, examine and copy the same;

(c) To take with him in either case a constable into a factory in which he has reasonable cause to apprehend any serious obstruction in the execution of his duty;

(d) To make such examination and enquiry as may be necessary to ascertain whether the provisions of this Act are complied with, so far as respects the factory and the persons employed therein;

(e) To examine, either alone or in the presence of any other person, as he thinks fit, with respect to matters under this Act, every person whom he finds in a factory or whom he has reasonable cause to believe to be, or to have been within the two then last preceding months, employed in a factory, and to require such person to be so examined and to sign a declaration of the truth of the matters respecting which he is so examined;

(f) For the purposes of any investigation, enquiry or examination made by him under the authority of this Act, to administer an oath to and to summon any person to give evidence;

(g) To exercise such other powers as may be necessary for carrying this Act into effect.

45. The employer and his agents and servants shall furnish the means required by the inspector as necessary for entry, inspection, examination, enquiry or the exercise of his powers under this Act in relation to such factory.

46. Every person who wilfully delays the inspector in the exercise of any power under either of the two last preceding sections, or who fails to comply with a requisition or summons of the inspector in pursuance of either of such sections, or to produce any certificate or document with which he is required by or in pursuance of this Act to produce, or who conceals or prevents, or attempts to conceal or prevent, a child, young girl or woman from appearing before or being examined by the inspector, shall be deemed to obstruct an inspector in the execution of his duties under this Act.

47. Where the inspector is obstructed in the execution of his duties under this Act, the person obstructing him shall be liable to a fine not exceeding thirty dollars; and where an inspector is so obstructed in a factory the employer shall be liable to a fine not exceeding thirty dollars or, where the offence is committed at night, one hundred dollars.

48. The inspector, before entering in pursuance of the powers conferred by this Act, without the consent of the occupier, any room or place actually used as a dwelling as well as for a factory,

shall, on affidavit or statutory declaration of facts and reasons, obtain written authority to do so from the Lieutenant-Governor in Council, or such warrant as is hereinafter mentioned from a justice of the peace or police magistrate.

(2) The affidavit or statutory declaration above mentioned may be inspected or produced in evidence, in all respects the same as an information on oath before a justice.

(3) A justice of the peace or police magistrate, if satisfied by information on oath or statutory declaration that there is reasonable cause to suppose that any provision this of Act is contravened in any such room or place as aforesaid, may, in his discretion, grant a warrant under his hand authorizing the inspector named therein, at any time within the period named therein, but not exceeding one month from the date thereof, to enter in pursuance of this Act the room or place named in the warrant and exercise therein the powers of inspection and examination conferred by this Act; and the fines and provisions of this Act, with respect to obstruction of the inspector, shall apply accordingly,

49. Every inspector under this Act shall be furnished with a form of certificate of his appointment, under the hand and seal of the Minister of Public Works, or other member of the Executive Council to whom the duty of the administration of this Act may from time to time be assigned, and on applying for admission to a factory, shall, if required, produce to the employer the said certificate. Amended, 1916, c. 41, s. 4.

50. Such annual or other report of the inspector as the Lieutenant-Governor from time to time directs shall be laid before the Legislative Assembly.

50a. The inspector during his tenure of office shall not be competent to give testimony in any civil cause, matter or proceeding with regard to anything which he has seen or done, or with regard to any information he has obtained, opinion he has formed or investigation he has made, in the discharge of his duties as inspector, and during said tenure of office he shall not be competent to give testimony in any civil cause, matter or proceeding as an expert witness with regard to any subject or matter whatsoever.

(a) Anyone employed in or connected with the office of the inspector shall, as regards giving testimony, be under the same disability and incompetency as the inspector. 1915, c. 24, s. 6.

#### Notices.

51. Immediately upon the appointment of the inspector due notice of the same shall be published in the Manitoba Gazette, and, within ninety days thereafter, every person occupying premises and carrying on business described in this Act as a factory shall serve on the inspector a written notice containing the name of the factory, the place where it is situated, the address to which he desires his letters to be addressed, the nature of the work, the nature and amount of the moving power therein, and the name of the firm under which the business of the factory is to be carried on, and in default shall be liable to a fine not exceeding thirty dollars.

52. Every person shall, within one month after he begins to occupy a factory, serve on the inspector a written notice containing the name of the factory, the place where it is situated, the address to which he desires his letters to be addressed, the nature of the work, the nature and the amount of the moving power therein, and the name of the firm under which the business of the factory is to be carried on, and in default shall be liable to a fine not exceeding thirty dollars.

52a. At least fifteen days before a factory shall be operated for the first time, the owner proprietor or manager of same shall give notice to the inspector that he wishes the inspector to inspect same. No operations shall be commenced in such factory until the said owner proprietor or manager has received from the inspector a certificate of inspection of the factory and a permit to operate the same. 1915, c. 24, s. 7.

53. There shall be affixed at the entrance of a factory, and in such other parts thereof as the inspector directs, and be constantly kept so affixed, in the form directed by the inspector and in such position as to be easily read by the persons employed in the factory—

(a) such notices of the provisions of the Act and of any regulations made thereunder as the inspector deems necessary to enable persons employed in the factory to become acquainted with their rights, liabilities and duties under this Act;

(b) a notice of the name and address of the inspector, with a notice warning employees or others who may become aware of any contravention of this Act to communicate direct with the inspector in confidence, and the inspector receiving such information shall not divulge the name of the informant;

(c) a notice of the clock, if any, by which the period of employment and times for meals in the factory are regulated; and

(d) every other notice and document, if any, required by this Act, to be affixed in the factory.

(2) In the event of a contravention of any provision or requirement of this section the employer shall be liable to a fine not exceeding twenty dollars.

54. A notice of the name and address of the inspector shall, in compliance with such directions as the inspector may give under the provisions of the last preceding section, be affixed in every factory.

55. Any notice, order, requisition, summons, and document under this Act may be in writing or print, or partly in writing and partly in print.

56. Any notice, order, requisition, summons or document, required or authorized to be served or sent for the purposes of this Act, may be served and sent by delivering the same to or at the residence of the person on or to whom it is to be served or sent or, where that person is an employer within the meaning of this Act, by delivering the same, or a true copy thereof, to his agent or to some person in the factory of which he is employer; it may also be served or sent by post by a prepaid letter and, if served or sent by post, shall be deemed to have been served and received respectively at the time when the letter containing the same would be delivered in the ordinary course of post, and in proving such service or sending it shall be sufficient to prove that it was properly addressed and put into the post; and where it is required to be served on or sent to an employer it shall be deemed to be properly addressed if addressed to him at the factory in respect of which he is employer, with the addition of the proper postal address, but without naming the person who is the employer.

#### Registers.

57. In every factory the employer shall keep, in the form and with the particulars prescribed by this Act or by any regulation made by the Lieutenant-Governor in Council in that behalf, a register of women and young girls employed in that factory and of their employment, and of other matter under this Act, and shall send to the inspector such extracts from any register kept in pursuance of this Act as the inspector from time to time requires for the execution of his duties under this Act, and in default thereof such employer shall be liable to a fine not exceeding thirty dollars.

(a) Provided, however, that the registration of women may be dispensed with where the inspector deems such registration not necessary. 1915, c. 24, s. 8.

58. Every employer carrying on business within the meaning of this Act, who shall sub-let any contract or give out any materials to be made, altered, repaired or finished, at any other place than at a factory registered under this Act, shall keep a register of all such work given out and the location of the premises where the work is to be performed. Such register shall be subject to the inspection of the inspector at all times; and he shall, as far as possible, see that such work is performed under proper sanitary conditions.

#### General Provisions.

59. Where, in a factory, the owner or hirer of a machine or implement moved by steam water or other mechanical power, in or about or in connection with which machine or implement children, young girls or women are employed, is some person other than the employer as defined by this Act, and such children, young girls or women are in the employment and pay of the owner or hirer of such machine or implement, in any such case such owner or hirer shall, so far as respects any offence against this Act which may be committed in relation to such children, young girls or women, be deemed to be the employer.

60. The provisions of this Act which relate,—

(a) to the cleanliness, or to the freedom from effluvia, or to the overcrowding or ventilation of a factory, and

(b) to young girls and women being, during any part of the times allowed for meals in a factory, employed in the factory or being allowed to remain in any room, and

(c) to the affixing of any notice or abstract in a factory or specifying any matter in the notice so affixed, save and except where such notice is a notice of the name and address of the inspector, and

(d) to the sending of notice of accidents, shall not apply where persons are employed at home, that is to say, to a private house, room or place which, though used as a dwelling, might, by reason of the work carried on there, be a factory within the meaning of this Act, and in which neither steam, water nor other mechanical power is used, and in which the only persons employed are members of the same family dwelling there.

61. The provisions of this Act which relate—

(a) to young girls and women being, during any part of the times allowed for meals in a factory, employed in a factory or being allowed to remain in any room, and

(b) to the affixing of any notice or abstract in a factory or specifying any matter in the notice so affixed, save and except where such notice is a notice of the name and address of the inspector,

shall not apply to a factory which is conducted on the system of not employing young girls therein, and the occupier of which has served on the inspector notice of his intention to conduct his factory upon that system.

#### Penalties and Prosecutions.

62. Every person who wilfully makes a false entry in any register, notice, certificate or document required by this Act to be left, served or sent, or who wilfully makes or signs a false declaration under this Act, or who knowingly makes use of any false entry or declaration shall, upon conviction thereof, be liable to imprisonment in the common gaol of the judicial district wherein the offence was committed for a period not exceeding six months, or to a fine of not more than one hundred dollars, with costs of prosecution, and, in default of immediate payment of such fine and costs, then to imprisonment as aforesaid.

63. The parent of any child or young girl employed in a factory in contravention of this Act, shall unless such employment is without the consent, connivance or wilful default of such parent, be guilty of an offence in contravention of this Act, and shall, for each offence, be liable to a fine of not more than fifty dollars, and, in default of immediate payment, to imprisonment for a period not exceeding three months.

64. If any of the provisions of this Act, or of any regulations, rules or orders made under the authority thereof by the Lieutenant-Governor in Council, or by any inspector, are contravened, and no other penalty is herein provided for such contravention, the employer guilty of such contravention shall be liable to a fine of not more than fifty dollars, and, in default of immediate payment, to imprisonment for a period not exceeding three months.

65. If a factory is not kept in conformity with this Act, the court of summary jurisdiction, in addition to or instead of inflicting a fine, penalty or other punishment upon the employer, may order certain means to be adopted by the employer, within the time named in the order, for the purpose of bringing his factory into conformity with this Act. The court may also, upon application, enlarge the time so named; but if, after the expiration of the time as originally named or enlarged by subsequent order, the order is not complied with, the employer shall be liable to a fine not exceeding ten dollars for every day that such non-compliance continues.

66. Where the employer is charged with an offence against this Act, he shall be entitled upon information duly laid by him to have any other person whom he charges as the actual offender brought before the court or tribunal at the time appointed for hearing the charge and if, after the commission of the offence has been proved, the employer proves to the satisfaction of the court that he had used due diligence to enforce the execution of the Act, and that the said other person had committed the offence in question without his knowledge, consent or connivance, the said other person shall be summarily convicted of such offence, and the employer shall be exempt from any fine, penalty or punishment.

67. Where it is made to appear, to the satisfaction of the inspector at the time of discovering the offence, that the employer had used all due diligence to enforce the execution of this Act, and also by what person such offence was committed, and also that it was committed without the knowledge, consent or connivance of the employer and in contravention of his orders, then the inspector shall proceed in the first instance against the person whom he believes to have been the actual offender, without first proceeding against the employer.

68. Where an offence, for which an employer is liable under this Act to a fine, has in fact been committed by some agent, servant, working man or other person, such agent, servant, working man or other person shall be liable to the same fine, penalty or punishment for such offence as if he were the employer.

69. A person shall not be liable in respect of a repetition of the same kind of an offence from day to day, to any larger fine, penalty or punishment than the highest fine, penalty or punishment fixed by this Act for the offence, except—

(a) where the repetition of the offence occurs after an information has been laid for the previous offence; or

(b) where the offence is one of employing a child, or two or more young girls or women, contrary to the provisions of this Act.

70. All prosecutions under this Act may be brought and heard before any two of His Majesty's justices of the peace or any police magistrate; and save where otherwise provided by this Act, the procedure shall be governed by "The Manitoba Summary Convictions Act."

71. The following provisions shall have effect with respect to summary proceedings for offences and fines under this Act;—

(a) the information shall be laid within two months or, where the offence is punishable at discretion by imprisonment, within three months after the offence has come to the knowledge of the inspector;

(b) the description of an offence in the words of this Act or in similar words shall be sufficient in law;

(c) any exception, exemption, proviso, excuse or qualification, whether it does or does not accompany the description of the offence in this Act, may be proved by the defendant, but need not be specified or negatived in the information, and if so specified or negatived no proof in relation to the matter so specified or negatived shall be required on the part of the informant;

(d) it shall be sufficient to allege that a factory is factory within the meaning of this Act;

(e) it shall be sufficient to state the name of the ostensible employer or the title of the firm by which the employer employing persons in a factory is usually known;

(f) a conviction or order made in any matter arising under this Act, either originally or on appeal, shall not be quashed for want of form; and a conviction or order made under this Act by a court of summary jurisdiction, against which a person is authorized to appeal, shall not be removed by *certiorari* or otherwise, either at the instance of the Crown or of any private person, into the Court of King's Bench, except for the purpose of the hearing and determination of a special case.

72. Where an alleged child or young girl is, in the opinion of the court, apparently of the age alleged by the informant, it shall lie on the defendant to prove that the child or young girl is not of that age.

73. On the trial of any complaint, proceeding, matter or question under this Act, the person

opposing or defending, or who is charged with any offence against or under any of the provisions of this Act, shall be competent and compellable to give evidence in or with respect to such complaint, proceeding, matter or question.

74. All fines or penalties in money, imposed or recovered under or in pursuance of this Act, shall be paid by the convicting justices or police magistrate, as the case may be, to the inspector, who shall forthwith pay the same over to the Provincial Treasurer for the use of the Province.

#### Forms.

75. Unless and until otherwise ordered or directed by any regulation in that behalf made by the Lieutenant-Governor in Council,—

(a) the register mentioned in and required by section 57 shall, so far as the same relates to young girls, be according to form No. 1 in schedule B to this Act, and, so far as the same relates to women, according to form No. 2 in the said schedule;

(b) the register mentioned in and required by section 16 shall be according to form No. 3 in the said schedule;

(c) on the first page of any register kept by an employer, pursuant to this Act or to any rule, order or regulation made in that behalf by the Lieutenant-Governor in Council, shall be printed the form No. 4 in the said schedule, or one to the like effect, and the same shall be properly filled and signed by the inspector and the employer, when such register is commenced to be kept;

(d) notice of the hours between which young girls or women are to be employed in any factory, as required by section 17, shall be according to form No. 5 in said schedule;

(e) notice to an inspector under sections 39 and 41, may be in the form No. 6 of said schedule;

(f) notice to an inspector, under section 10, may be according to such of the forms No. 7 and No. 8 of such schedule, as the case requires; and,

(g) notice to an inspector, under section 51, may be given in the form No. 9 of said schedule.

76. It shall not be lawful for any factory to be open, or to employ any person in or upon the premises, on any of the statutory or legal holidays, as defined by "The Manitoba Interpretation Act and any amendments thereof, without permission therefor in writing signed by the inspector; and any contravention of this section shall render the employer liable to a fine not exceeding one hundred dollars. 1916, c. 41, s. 6.

#### SCHEDULES.

The following are the schedules referred to in this Act:—

##### Schedule A.

##### (Section 2.)

##### List of Factories.

|                                    |                                            |
|------------------------------------|--------------------------------------------|
| Abattoirs.                         | Cigar factories.                           |
| Agricultural implement factories.  | Cigar box factories.                       |
| Bag and sack factories.            | Clothing factories.                        |
| Bakehouses and bakeshops.          | Confectionery factories.                   |
| Baking powder and yeast factories. | Concentrated egg factories.                |
| Barrel factories.                  | Cooper's workshops.                        |
| Bicycle factories.                 | Distilleries.                              |
| Biscuit factories.                 | Domestic utensils factories.               |
| Blanket factories.                 | Dressmaking establishments.                |
| Boiler factories.                  | Dye works.                                 |
| Book-binding factories.            | Edge tool factories.                       |
| Boot and shoe factories.           | Electric machinery factories.              |
| Box factories.                     | Electrotype factories.                     |
| Brass foundries.                   | Elevators.                                 |
| Breweries.                         | Envelope factories.                        |
| Broom factories.                   | Extracts and essential oil factories.      |
| Brush factories.                   | Felt factories.                            |
| Carriage factories.                | Flax mills.                                |
| Carriage goods (iron) factories.   | Foundries.                                 |
| Carriage woodwork factories.       | Furniture factories.                       |
| Cartridge factories.               | Furriers' workshops.                       |
| Car shops.                         | Galvanized and pressed ironwork factories. |
| Cheese box factories.              | Gun and small arms factories.              |
| Chemical works.                    | Harness and leather factories.             |
| Cider factories.                   | Hosiery factories.                         |

Jams, jellies and pickle works.  
 Knitting factories.  
 Laundries.  
 Laundry, blueing and washing crystal  
 factories.  
 Linseed oil mills.  
 Lithographers' workshops.  
 Locomotive works.  
 Machine shops.  
 Marble works.  
 Match factories.  
 Matting factories.  
 Mattress factories.  
 Meat packing establishments.  
 Metal factories.  
 Millinery shops.  
 Ornamental moulding factories.  
 Paint works.  
 Paper bag factories.  
 Paper box factories.  
 Patent fertilizer factories.  
 Patent medicine factories.  
 Piano and organ factories.

Picture frame works.  
 Planing mills.  
 Plated metal works.  
 Potteries.  
 Sash and door factories.  
 Saw mills.  
 Sewing machine factories.  
 Shirt factories.  
 Show case factories.  
 Skate works.  
 Soap works.  
 Soda water factories.  
 Spice and coffee mills.  
 Tailor shops.  
 Tanneries.  
 Tin box factories.  
 Trunk factories.  
 Tub and pail works.  
 Type foundries.  
 Vinegar works.  
 Wagon and sleigh factories.  
 Window shade factories.  
 Woollen mills.

## SUPPLEMENT TO LIST OF FACTORIES.

## Schedule A, Section 2.

Automobile factories and repair shops.  
 Boat building plants.  
 Bolt and nut factories.  
 Brick manufacturing plants.  
 Cap factories.  
 Carpet factories.  
 Creameries.  
 Cement factories.  
 Coal handling plants.  
 Canning factories.  
 Excelsior and flock mills.  
 Flour and all grain mills.  
 Freight and passenger elevators and  
 conveyors, in all factories listed in  
 schedule A.  
 Glove factories.  
 Garment factories.  
 Grain elevators and conveyors.  
 Gas manufacturing plants.  
 Glass Works.  
 High pressure heating plants from 30  
 lbs. pressure and upwards.

Hat factories.  
 Ice manufacturing and storing plants.  
 Malting houses and mills.  
 Oil refineries.  
 Power houses.  
 Pumping plants.  
 Plaster mills.  
 Printing offices, all kinds.  
 Refrigerating plants.  
 Railway repair shops.  
 Rolling mills.  
 Sausage and preserved meat factories.  
 Stone quarrying, dressing and crushing  
 plants.  
 Structural and bridge plants.  
 Screw and nail factories.  
 Safe and scales works.  
 Tent and awning factories.  
 Toy factories.  
 Wire fence and grill work.

## Schedule B.

Form No. 6.—(Sections 39, 41 and 75.)

"The Manitoba Factories Act."

To \_\_\_\_\_, Factories Inspector.

You are hereby notified, pursuant to section 39 (or as the case may be) of "The Manitoba Factories Act," of the happening of an accident in the factory hereunder mentioned, whereof the following are the particulars:—

1. Name of persons injured (or killed).
2. Factory in which accident happened.
3. Date of accident.
4. Age of person injured (or killed).
5. Residing \_\_\_\_\_ street in the \_\_\_\_\_ of \_\_\_\_\_
6. Cause of injury (or death).
7. Extent of injury.
8. Where injured (or killed) person sent.
9. Remarks.

Dated this \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_  
 (Signature of employer or agent.)

(Forms 1-5 and 7-9 omitted.)

### Exemption of Wages from Garnishment.

Chapter 77 with amendment.—4. Subject to the provisions of the next following section, any debt due or accruing due to a mechanic, labourer, servant, clerk or employee for wages or salary shall be exempt from seizure or attachment under process issued either out of the Court of King's Bench or out of any of the county courts, to the extent of the sum of forty dollars. If at the time of the process taking effect upon the garnishee there is less than one month's salary or wages due to such mechanic, workman, labourer, servant, clerk or employee, the extent of the exemption shall be at the rate of forty dollars per month for the time such salary or wages are due or accruing due. Amended 1916, c. 46, s. 1.

5. There shall be no right to exemption of any part of the primary debtor's wages in any case where the debt has been contracted for board or lodging and, in the opinion of a judge of the court in which the action has been brought, such exemption is not necessary for the support and maintenance of the debtor, or of his family or relatives depending on him for support. In any case such judge may order that no such exemption shall be allowed.

### Protection of Employees near Horse-power Machines.

Chapter 87.—1. This Act may be cited as The Horse Power Machines Act.

2. All persons owning or running any threshing or wood sawing machine or other machine, which is connected to a horse-power by means of a tumbling rod or line of shafting, shall cause each of the knuckles, couplings or joints and jacks of such tumbling rod or line of shafting, to be safely boxed or secured, while running, with wood, leather, or metal covering, in such manner as to prevent injury to persons passing over or near such tumbling rod or line of shafting, and the knuckles, couplings and joints thereof, and shall cause all oiling cups attached to arbours or journals to which driving belts are attached to be furnished with tubes of tin or other material, which shall prevent damage from oiling when the machine is in motion, and shall further cause a driver's platform to be placed on any horse-power used for driving machinery, of such size as to cover the gearing constituting said horse-power, and in such manner as to prevent accidents arising to any person from contact with said gearing.

3. Any person owning or running any threshing, wood-sawing or other machine, connected to a horse-power by means of a tumbling rod or line of shafting, who shall neglect or refuse to comply with the provisions of this Act, shall be liable to a fine of not less than one dollar nor more than twenty dollars, and, in default of payment, to imprisonment for a period of not less than two nor more than twenty days.

4. No action shall be maintained, nor shall any legal liability exist, for services rendered by or with any machine, as mentioned in section 2, unless the provisions of said section have been complied with.

5. All fines imposed and collected under this Act shall be paid, one-half to the complainant or prosecutor and the other half to the treasurer of the school section in which the offence was committed, for the use of the public school in such section; and all proceedings against any person for any violation of section 2 shall be commenced within thirty days after the commission of the offence.

### Apprenticeship.

Chapter 94.—21. A parent, guardian or other person having the care or charge of a minor, or any charitable society, or society incorporated under "The Humane Societies Act," being authorized in case of either society by the Lieutenant-Governor in Council to exercise the powers conferred by this Act, and having the care or charge of a minor, the minor being a male and not under the age of fourteen years, may, with the consent of the minor, put and bind him as an apprentice by indenture to any respectable and trustworthy master, mechanic, farmer or person carrying on a trade, profession or calling, for a term not to exceed beyond the minority of the apprentice; or, in case of a female not under the age of twelve years, may, with her consent, bind her to any respectable and trustworthy person for any term, not to extend beyond the term of eighteen years of age or the marriage of the ward within that age.

22. When the father of an infant child abandons and leaves the child with the mother, such mother, with the approbation of two justices of the peace, may bind the child as an apprentice to any person mentioned in the last preceding section, until the child attains the age of twenty-one years, in case of a male, and eighteen years in case of a female; and an indenture to that effect, under the hand and seal of the mother and countersigned by such justices, shall be valid; but no child having attained the age of fourteen years shall be so apprenticed, unless he or she consents.

23. In a city, town or village the mayor or a judge or a police magistrate, and in a rural municipality any such judge, may put and bind for a like period, to any person mentioned in the several sections of this Act, with the consent of such person and of the minor, any minor who is an orphan or has been deserted by his or her parents or guardian, or whose parents or guardian have been, for the time being, committed to a common gaol or penitentiary, or

any minor who is dependent upon public charity for support; and such apprentice and the master of such apprentice shall be held bound in the same manner as if the apprentice had been bound by his or her parent.

24. All wages reserved by an indenture or otherwise to be paid for the service of any minor, shall, if not payable to the parent, be either payable to the minor or to some person for the benefit of the minor.

#### Remedies for Breach of Duty—Discharge from Apprenticeship.

25. The court or any judge or a police magistrate, upon complaint by any minor bound as aforesaid, or by any person on his or her behalf, or by the person to whom the apprentice is bound, may alter the mode in which payment of wages is to be made, by directing payment to the apprentice or to some other person, in lieu of the manner set out in the indenture; or may, upon proof of gross misconduct or neglect of duty, annul the indenture of apprenticeship or of service, and may compel the person in whose possession, power, custody or control the indenture is to produce, and deliver the same in court, in order to have the indenture cancelled or to have the order varying the indenture endorsed thereon, as the case may be.

26. Any judge or police magistrate may, after allowing a reasonable time for production and delivery, issue a warrant for the imprisonment of the person in default for any term not exceeding six months, unless the indenture or instrument be sooner produced and delivered for the purpose aforesaid and all costs be sooner paid.

27. Any judge or Surrogate Court in any case, and a police magistrate in case the apprenticing of a child under this Act has not been by the parent of the child or by a court or judge, may, upon the application of either the parent or the child, cancel the indenture of apprenticeship, if satisfied that the same was injudicious or improperly entered into.

#### Licensing of Bar Tenders—Payment of Wages in Hotels.

[Chapter 117, The Liquor License Act, contained sections regulating the licensing of bartenders, and prohibiting the payment of wages in a hotel or other place licensed to sell liquor. This chapter with all amendments thereto was repealed by 1916, chapter 112, The Temperance Act, which went into effect June 1, 1916.]

#### Sunday Labour.

Chapter 119.—2. It is not lawful for any merchant, tradesman, barber, artificer, mechanic, workman, labourer or other such person, on the Lord's Day, or the day commonly called Sunday, to sell or publicly show forth, or expose, or offer for sale, or to purchase any goods chattels or other personal property, or any real estate whatsoever, or to do or exercise any worldly labour, business or work of his ordinary calling (conveying travellers or His Majesty's mail, by land or by water, selling drugs and medicines, and other works of necessity and of charity, only excepted).

6. Any person who commits any act hereinbefore declared not to be lawful, shall for every such offence be liable to a fine of not more than forty dollars, nor less than one dollar, and, in default of payment, to imprisonment for a term not exceeding one month.

9. The prosecution for any offence punishable under this Act shall be commenced within one month after the commission of the offence, and not afterwards.

10. This Act shall not be held to repeal any laws respecting the Lord's Day or Sunday now in force in Manitoba, but shall be construed as in addition thereto.

#### Earnings of Married Women.

Chapter 123.—2. (b) The expression "property" means any real or personal property, of every kind and description, of a married woman, whether acquired before or after the commencement of this Act, and shall include the rents, issues and profits of any such real or personal property, and includes also things in action, . . . and all wages, earnings, money and property, gained or acquired by a married woman, in any employment, trade or occupation in which she is engaged or which she carries on separately from her husband, and in which her husband has no proprietary interest, or by the exercise of her literary, artistic or scientific skill . . .

2A. All the provisions of this Act shall be subject to the provisions of the Dower Act. 1919, c. 115, s. 1.

4. A married woman shall without prejudice and subject to the trusts of any settlement affecting the same, be entitled to acquire, have, hold and dispose of all property of which she was seized at the time of her marriage, or which in any way whatsoever has been or shall hereafter be acquired by her, or has devolved or shall devolve upon her, after marriage, free from the control of her husband, and from any liability on account of his debts, as fully as if she were unmarried.

## Employment of Labour—General Provisions.

Chapter 124 with amendment.—1. This Act may be cited as The Masters and Servants Act.

### Contracts of Service.

2. Every contract of hire for personal service for a period longer than a year shall be in writing and signed by the party to be charged therewith, and no voluntary contract of service or indenture entered into by any parties shall be binding on them or either of them for a longer term than nine years from the date of such contract.

### Apprentices.

3. If the master of an apprentice die, the apprentice, if a male, shall by act of law be transferred to the person, if any, who continues the establishment of the deceased; and such person shall hold the apprentice upon the same terms as the deceased, if alive, would have done.

4. A master may transfer his apprentice, with his consent, to any person who is competent to receive or take an apprentice, and who carries on the same kind of business.

5. Every master shall provide his apprentice, during the term of his apprenticeship, with suitable board, lodging and clothing, or such equivalent therefor as is mentioned in the indenture and shall also properly teach and instruct him, or cause him to be taught and instructed, in his trade profession or calling.

6. Every apprentice shall, during the term of his apprenticeship, faithfully serve his master and obey all his lawful and reasonable commands, and shall not absent himself from his service, day or night, without his master's consent.

7. If any apprentice become insane, or be convicted of a felony, or be sentenced to the penitentiary, or abscond, his master may, within one month then next ensuing, but not afterwards, avoid the indenture of apprenticeship from the time he gives notice in writing of his intention so to do to the other parties to the indenture, either by serving them with the notice or a copy thereof, or by inserting the same in The Manitoba Gazette or in a newspaper of the municipality where the master's establishment is situated.

8. If any apprentice absent himself from his master's service or employment before the time of his apprenticeship expires, he may at any time thereafter, if found in Manitoba, be compelled to serve his master for so long a time as he has so absented himself, unless he make satisfaction to his master for the loss sustained by such absence.

9. If an apprentice refuse to serve as in the last preceding section required, or to make such satisfaction to his master, or to obey the lawful commands of his master, or in any other way refuse or neglect to perform his duty to his master, and if the master, or his overseer or agent, complains on oath to a justice of the peace, either in the municipality where the master resides or in any municipality where the absconding apprentice is found, such justice may cause the apprentice to be summoned to appear, or to be apprehended and brought, before him or before some other justice; and such justice, upon hearing the complaint shall determine what satisfaction shall be made by the apprentice to the master. If the apprentice do not give or make such satisfaction immediately or, in case the satisfaction be of such a nature as not to admit of immediate performance, if he do not furnish sufficient security to make such satisfaction or give evidence that he will do so, then the justice may commit him to a common gaol for any time not exceeding three months, and such imprisonment shall not release him from the obligation to make up the lost time to the master.

10. Where the apprentice has not left Manitoba or, having left Manitoba, has returned thereto, the master shall not proceed against the apprentice under the two last preceding sections except within the three years next after the expiration of the term for which the apprentice contracted to serve or next after his return, as the case may be.

### Misconduct of Servant or Apprentice.

11. Any clerk, journeyman, apprentice, servant or labourer engaged, bound or hired, either by a written or verbal contract or agreement, for any period of time within the provisions of this Act, who is guilty of ill-behaviour, drunkenness, refractory conduct or idleness, or of deserting from his service or duties, or of absenting himself by day or by night without leave from his said service or employment, or from the house or residence of his employer, or who refuses or neglects to perform his just duties, or to obey the lawful commands which may be given him by his master, or who is guilty of dissipating his master's property or effects, or of any unlawful act that may affect the interests of his master injuriously, shall be liable to a penalty not exceeding twenty dollars and, in default of payment thereof, to imprisonment for a period not exceeding one month.

12. Any domestic servant, journeyman or labourer engaged by the month or a longer or shorter period of time, or by the piece or job, who deserts or abandons the service or job, or who neglects or refuses to perform the job or work for which he was engaged, before the time agreed upon or before the completion of the agreement, shall for each offence of such nature be liable to the like penalty and imprisonment as that provided in the last preceding section.

13. Subject to the provisions of the Act of the Parliament of Canada known as the "Alien Labour Act," any clerk, journeyman, apprentice, servant or labourer, engaged, bound or hired as provided for in section 11 of this Act in any place outside of Manitoba, for any period of time within the provisions of this Act, for services, work or labour to be rendered or performed in Manitoba, and who, at the time of entering into such engagement, was clearly engaged to service in Manitoba, or to perform such work, job or contract in Manitoba, shall be fully bound by such agreement as if the same were made and entered into in Manitoba, and shall be liable to the penalty and imprisonment mentioned in the two preceding sections.

14. Nothing in the foregoing sections contained shall prevent any employer from recovering in any court of competent jurisdiction from any person who shall fail to fulfil his engagement or neglect to perform his duties as set forth in any such engagement and as provided for herein, repayment of all moneys paid out for passage or other expenses incurred by any employer in bringing any such clerk or journeyman, apprentice or domestic servant or labourer to the Province or from recovering, as aforesaid, any damages resulting from ill-behaviour, or neglect or refusal of any person above-mentioned to fulfil his engagement, or to perform the job, work or labour for which he was engaged, in addition to the said penalty hereinbefore provided for.

#### Harbouring Absconding Servants or Apprentices.

15. Any person knowingly harbouring or concealing any apprentice or servant engaged by written or verbal contract or agreement, who has abandoned the service of his master, or instigating any apprentice or servant to abandon such, or keeping such apprentice or servant in his service after being notified of the fact of such abandonment in writing, shall be liable, on conviction, to the like penalty and imprisonment as that provided in section II, and any person offending as aforesaid may be also proceeded against for damages in any court of competent jurisdiction by any person interested or suffering such loss or damage by reason of such abandonment.

#### Misconduct or Default of Master.

16. If any master refuse necessary provisions to, or misuse or ill-treat, his apprentice, he shall be liable to a penalty not exceeding twenty dollars and, in default of payment, to imprisonment for a term not exceeding one month.

17. Any person in the employment, or who has been in the employment, of another within the period hereinafter limited for laying a complaint or information, and having just cause of complaint against his employer for non-payment of wages actually earned in the service of such employer or legally payable under the contract or agreement of service, may, on complaint upon oath, before a justice of the peace, stating the cause of complaint and amount of claim, cause such employer to be summoned to answer such complaint; and such complainant, if his complaint in the opinion of the justice be well founded shall be entitled to a discharge from his employment if the term of service had not expired, and whether he was still in actual service with such employer or not, and shall also be entitled to recover, and the justice may order the employer to pay such complainant, the amount of wages found to be due up to the time when such service could or would be legally ended by notice from said employer or by effluxion of time, not to exceed, exclusive of costs, the sum of two hundred dollars, or such lesser amount as he may think just and reasonable under the circumstances of the case, together with costs of prosecution, including an allowance to the complainant for his personal attendance as a witness on his own behalf. Amended, 1920, c. 73, s. 1.

18. For the purpose of determining the amount which the justice may think just and reasonable under the circumstances of the case, he may take into consideration any damages or loss alleged to have been occasioned to the employer by reason of any wilful or malicious act or neglect of the servant or workman during the period of the employment in respect of which the cause of complaint has arisen, or by reason of any breach of the contract of service, committed by the servant or workman, and shall state in his finding the fact of having considered such damages and to what extent the same were allowed; but such justice shall have no jurisdiction to award any balance or sum in favour of the employer.

#### Prosecutions.

19. An information or complaint founded upon a contravention of any of the provisions of this Act may be heard and determined before any justice in the municipality or judicial division in which the person complained against resides or, in case of a clerk, journeyman, apprentice or servant deserting his service, then in the municipality in which such clerk, journeyman, apprentice or servant is found, and such justice may by warrant or summons require the attendance of the party complained against before him, and may determine such complaint in a summary manner; or any penalty, claim or demand arising out of a contravention of any such provisions may be sued for in any court of competent jurisdiction.

20. Any penalty or sum of money ordered by a justice to be paid under the authority of this Act, including costs, may be so ordered to be paid forthwith, or within such time as the said

justice shall name; and in case of the non-payment thereof as so ordered, the said justice may issue his warrant of distress to levy such penalty, or sum of money, and costs by seizure and sale of the goods and chattels of the party against whom such order was made.

21. Notwithstanding anything contained in "The Executions Act," a distress warrant issued by a justice of the peace for the recovery of wages under this Act, may be executed against the personal estate mentioned in paragraph (a) of section 29 of said Act; and such warrant shall, as against the crops grown on the premises on which the labour of the servant was performed take priority, to the extent of one hundred and fifty dollars and no more, over all landlords' or mortgagees' warrants, bills of sale and chattel mortgages executed after the labour in respect of which proceedings were taken was commenced, and over all writs of execution or other processes issued by any other court in this Province after the commencement of such labour:

Provided, however, that the provisions of this section shall not apply to any claims for wages by any person related to or connected by marriage with the master. Amended 1920, c. 73, s. 2.

22. If any sum of money be due and payable for wages or otherwise by any master or complainant in any proceeding taken under section 11, 12 or 13, in which a conviction for any penalty with or without costs shall be obtained, the justice may order the said money, or so much thereof as shall be sufficient to discharge such penalty and costs, to be paid over to him, and may further discharge said master or complainant from the payment of any balance or portion of a balance remaining due after the settlement of said penalty and costs, if any; and the receipt of the said justice, or of his clerk, for the amount so paid over, and a certificate or minute of such discharge, shall exonerate the said master or complainant from all liability to the party complained against in respect to said balance or portion thereof.

23. The justice shall have power, in dismissing any complaint or otherwise, in his discretion, to order the complainant to pay the costs of the proceeding, to be recovered by distress or order as herein mentioned.

24. Except as hereinbefore provided, complaints or prosecutions against any person under this Act shall be laid or commenced within six months after the offence has been committed or the cause of complaint has arisen; and no complaint, prosecution, conviction or other proceeding under this Act shall be considered void or defective or be quashed or set aside for or on account of any want of form, so long as the general provisions of this Act are complied with and the proceedings taken thereunder are within the spirit and intent thereof.

25. All pecuniary penalties imposed by this Act shall be paid over, forthwith after the same have been received or recovered, to the Provincial Treasurer, to form part of the Consolidated Revenue Fund of the Province.

26. Except as hereinafter provided, any person who thinks himself aggrieved by any conviction, order or decision of any justice under this Act, may appeal therefrom in the same manner as is provided for by "The Manitoba Summary Convictions Act"; and in case of dismissal of the appeal or affirmation of the conviction, order or decision the court appealed to shall order and adjudge the said conviction, order or decision to be enforced, with the payment of the costs awarded, and shall, if necessary, issue process for carrying its judgment into effect.

27. There shall be no appeal from any judgment rendered or any order made under the provisions of this Act, nor shall any judge or court entertain any application for a writ of *certiorari* or other proceeding to quash or set aside any such judgment or order, in any case where the amount for which such judgment is rendered or order made does not exceed the sum of twenty-five dollars, and where witnesses have been heard and the judgment has been rendered or order made by any police magistrate having jurisdiction in the territorial division in which the judgment or order has been rendered or made, except where the magistrate has taken into consideration the question of damages occasioned by reason of any wilful or malicious act or negligence of the servant or workman as aforesaid.

### Mechanics' and Wage Earners' Liens.

Chapter 125 with amendment—1. This Act may be cited as The Mechanics' and Wage Earners' Lien Act.

#### Interpretation.

2. In this Act, unless the context otherwise requires,—

(a) The expression "contractor" means a person contracting with or employed directly by the owner or his agent for the doing of work or placing or furnishing of materials for any of the purposes mentioned in this Act;

(b) The expression "sub-contractor" means a person not contracting with or employed directly by the owner or his agent for the purposes aforesaid, but contracting with or employed by a contractor, or under him by another sub-contractor;

(c) The expression "owner" extends to and includes any person, firm, association, body corporate or politic, including a municipal corporation, having any estate or interest in the lands upon or in respect of which the work or service is done, or materials are placed or furnished, at whose request and upon whose credit or on whose behalf or with whose privity or consent or for whose direct benefit any such work or service is performed or materials are placed or furnished, and all persons claiming under him or them whose rights are acquired after the work or service in respect of which the lien is claimed is commenced or the materials furnished have been commenced to be furnished;

- (d) The expression "person" extends to and includes a body corporate or politic, a firm, partnership or association;
- (e) The expression "material" includes every kind of movable property;
- (f) The expression "registry office" includes a land titles office;
- (g) The expression "registrar" includes a district registrar;
- (h) The expression "wages" means money earned by a mechanic or labourer for work done, whether by the day or as piece work;
- (i) The expression "judge" means a judge of the county court of the judicial division in which the property affected by a lien is situated.

#### Origin and Nature of Liens.

3. No agreement shall be held to deprive anyone otherwise entitled to a lien under this Act, and not a party to the agreement, of the benefit of the lien; but the lien shall attach, notwithstanding such agreement.

4. Unless he signs an express agreement to the contrary, any person who performs any work or service upon or in respect of, or places or furnishes any materials to be used in the making constructing, erecting, fitting, altering, improving or repairing of, any erection, building, land, wharf, pier, bulkhead, bridge, trestle-work, vault, mine, well, excavation, sidewalk, paving, fountain, fish pond, drain, sewer, aqueduct, roadbed or way, or the appurtenances to any of them, for any owner, contractor, or sub-contractor, shall by virtue thereof have a lien for the price of such work, service or materials upon the erection, building, land, wharf, pier, bulkhead, bridge, trestlework, vault, mine, well, excavation, sidewalk, paving, fountain, fish pond, drain, sewer, aqueduct, roadbed, way, and appurtenances thereto, and the lands occupied thereby or enjoyed therewith, or upon or in respect of which the said work or service is performed, or upon which such materials are placed, or furnished to be used, limited, however, in amount to the sum justly due to the person entitled to the lien and to the sum justly owing (excepting as herein provided) by the owner:

Provided that no such lien shall exist under this Act for any claim under the sum of twenty dollars.

(2) Such lien, upon registration as hereinafter provided, shall arise and take effect from the date of the commencement of such work or service, or from the placing of such materials, as against purchasers, chargees or mortgagees under instruments, registered or unregistered.

5. The lien shall attach upon the estate or interest of the owner as defined by this Act in the erection, building, land, wharf, pier, bulkhead, bridge, trestle work, vault, mine, well, excavation, sidewalk, paving, fountain, fish pond, drain, sewer, aqueduct, roadbed or way, and the appurtenances thereto, upon or in respect of which the work or service is performed or the materials are placed or furnished to be used, and the lands occupied thereby or enjoyed therewith

(2) In cases where the estate or interest charged by the lien is leasehold, the fee simple may also, with the consent of the owner thereof, be subject to said lien, provided such consent is testified by the signature of such owner upon the claim of the lien at the time of the registering thereof, and duly verified.

(3) If the land upon or in respect of which the work is done; or materials or machinery are placed, be encumbered by a mortgage or other charge existing or created before the commencement of the work or of the placing of the materials or machinery upon the land, such mortgage or other charge shall have priority over a lien under this Act to the extent of the actual value of such land at the time the improvements were commenced.

6. Where any of the property upon which a lien is given by this Act is wholly or partly destroyed by fire, any money received by reason of any insurance thereon by an owner or prior mortgagee or chargee shall take the place of the property so destroyed and shall, after satisfying any prior mortgage or charge in the manner and to the extent set out in subsection (3) of the last preceding section, be subject to the claims of all persons for liens to the same extent as if such moneys were realized by a sale of such property in an action to enforce a lien.

7. Save as herein provided, the lien shall not attach so as to make the owner liable for a greater sum than the sum payable by the owner to the contractor.

8. Save as herein provided, where the lien is claimed by any other person than the contractor, the amount which may be claimed in respect thereof shall be limited to the amount owing to the contractor or sub-contractor or other person for whom the work or service has been done or the materials have been placed or furnished.

9. In all cases the person primarily liable upon any contract under or by virtue of which a lien may arise under the provisions of this Act shall, as the work is done or materials are furnished under any contract, deduct from any payments to be made by him in respect of such contract, and retain for a period of thirty days after the completion or abandonment of the contract, twenty per cent of the value of the work, service and materials actually done, placed or furnished, as defined by section 4 of this Act, and such value shall be calculated on the basis of the price to be paid for the whole contract.

Provided that, when any contract exceeds fifteen thousand dollars, the amount to be retained shall be fifteen per cent instead of twenty per cent.

(2) The liens created by this Act shall be a charge upon the amounts directed to be retained by this section, in favour of sub-contractors whose liens are derived under persons to whom such moneys so required to be retained are respectively payable.

(3) All payments, up to eighty per cent (or eighty-five per cent where the contract price exceeds fifteen thousand dollars) of such value, made in good faith by an owner to a contractor, or by a contractor to a sub-contractor, or by one sub-contractor to another sub-contractor, before notice in writing of such lien given by the person claiming the lien to the owner, contractor or sub-contractor, as the case may be, shall operate as a discharge *pro tanto* of the lien created by this Act.

(4) Payment of the percentage required to be retained under this section may be validly made so as to discharge all liens or charges under this Act in respect thereof after the expiration of the said period of thirty days mentioned herein, unless in the meantime proceedings under this Act to enforce any lien or charge against such percentage as provided by section 21 of this Act.

10. If an owner or contractor chooses to make payments to any persons referred to in section 4 of this Act for or on account of any debts justly due to them for work or service done or for materials placed or furnished to be used as therein mentioned, and within three days afterwards gives, by letter or otherwise, to the contractor or his agent, or to the sub-contractor or his agent, as the case may be, written notice of such payments, such payments shall as between the owner and the contractor or as between the contractor and the sub-contractor, as the case may be, be deemed to be payments to the contractor, or sub-contractor, as the case may be, on his contract generally, but not so as to affect the percentage to be retained by the owner, as provided by the last preceding section.

11. The lien created by this Act shall have priority over all judgments, executions, assignments, attachments, garnishments and receiving orders recovered, issued or made after such lien arises, and over all payments or advances made on account of any conveyance or mortgage after notice in writing of such lien to the person making such payments or after registration of such lien as hereinafter provided.

(2) In case of an agreement for the purchase of land, and the purchase money or part thereof being unpaid and no conveyance made to the purchaser, the purchaser shall, for the purposes of this Act and within the meaning thereof, be deemed a mortgagor and the seller a mortgagee.

(3) Excepting where it is otherwise declared by this Act, no person entitled to a lien on any property or to a charge on any moneys under this Act shall be entitled to any priority or preference over another person of the same class entitled to a lien or charge on such property or moneys under this Act, and each class of lienholders, except where it is otherwise declared by this Act, shall rank *pari passu* for their several amounts, and the proceeds of any sale shall, subject, as aforesaid, be distributed among the lienholders *pro rata*, according to their several classes and rights.

12. Every mechanic or labourer whose lien is for work done for wages shall, to the extent of thirty days' wages, have priority over all other liens derived through the same contractor or sub-contractor to the extent of and on the twenty per cent or fifteen per cent, as the case may be, of the contract price directed by section 9 of this Act to be retained, to which the contractor or sub-contractor through whom such lien is derived is entitled, and all such mechanics and labourers shall rank *pari passu* on said twenty per cent or fifteen per cent, as the case may be.

(2) Every wage-earner shall be entitled to enforce a lien in respect of a contract not completely fulfilled.

(3) If the contract has not been completely fulfilled when the lien is claimed by wage-earners, the percentage aforesaid shall be calculated on the work done or materials furnished by the contractor or sub-contractor by whom such wage-earners are employed.

(4) Where the contractor or sub-contractor makes default in completing his contract the percentage aforesaid shall not, as against a wage-earner claiming a lien under this Act, be applied to the completion of the contract or for any other purpose by the owner or contractor, nor to the payment of damages for the non-completion of the contract by the contractor or sub-contractor, nor in payment or satisfaction of any claim of any kind against the contractor or sub-contractor.

(5) Every device by an owner, contractor or sub-contractor adopted to defeat the priority given to wage-earners for their wages by this Act shall, as respects such wage-earners, be null and void.

13. During the continuance of a lien no portion of the materials affected thereby shall be removed to the prejudice of the lien, and any attempts at such removal may be restrained on application to a judge.

(2) The judge, to whom any such application is made, may make such order as to the costs of and incidental to the application and order as he deems just.

(3) When any material is actually brought upon any land to be used in connection with such land for any of the purposes enumerated in section 4 of this Act, the same shall be subject to a lien in favour of the person supplying the same until put in the building, erection or work.

## Registration of Lien.

14. A claim for lien may be registered in the land titles office in which instruments or dealings affecting the lands affected or proposed to be affected thereby are to be registered, if such lands have been brought, or if application has been made to bring them, under the operation of "The Real Property Act;" and if the lands have not been so brought nor application made therefor, then such statement shall be registered in the registry office or land titles office for the registration district or land titles district in which such lands are situate. If the lands be partly under the operation of the said Act and partly not, each portion shall be affected only by registration in the proper office.

15. A claim for lien shall state,—

(a) the name and residence of the person claiming the lien and of the owner of the property to be charged (or of the person whom the person claiming the lien, or his agent, believes to be the owner of the property to be charged) and of the person for whom and upon whose credit the work (or service) is done, or the materials are furnished or placed, and the time or period within which the same was, or was to be, done or furnished or placed;

(b) a short description of the work (or service) done, or the materials furnished or placed, or to be furnished or placed;

(c) the sum claimed as due or to become due;

(d) a description of the land to be charged, sufficient for the purpose of registration;

(e) the date of expiry of the period of credit (if any) agreed by the lienholder for payment for his work (or service) or materials, where credit has been given.

(2) The claim may be in one of the forms given in schedule A to this Act, and shall be verified by the affidavit of the person claiming the lien or of his agent or assignee having a personal knowledge of the matters required to be verified and the affidavit of the agent or assignee shall state that he has such knowledge.

16. A claim for lien may include claims against any number of properties, and any number of persons claiming liens upon the same property may unite therein, but where more than one lien is included in one claim each lien shall be verified by affidavit as provided in the last preceding section.

17. A substantial compliance only with the two last preceding sections shall be required, and no lien shall be invalidated by reason of failure to comply with any of the requisites of the said sections, unless in the opinion of a judge the owner, contractor or sub-contractor, mortgagee or other person, as the case may be, is prejudiced thereby, and then only to the extent to which he is thereby prejudiced.

(2) Nothing in this section contained shall be construed as dispensing with registration of the lien required by this Act.

18. The registrar, upon payment of his fee, shall register the claim, so that the same may appear as an encumbrance against the land therein described.

(2) The fee for registration of a claim of lien for wages shall be twenty-five cents.

19. Where a claim for lien is so registered, the person entitled to the lien shall be deemed a purchaser *pro tanto* and within the provisions of "The Registry Act"; but, except as herein otherwise provided, "The Registry Act" shall not apply to any lien arising under this Act.

20. A claim for lien by a contractor or sub-contractor may, in cases not otherwise provided for, be registered before or during the performance of the contract or within thirty days after the completion thereof.

(2) A claim for lien for materials may be registered before or during the furnishing or placing thereof or within thirty days after the furnishing or placing of the last material so furnished or placed.

(3) A claim for lien for services may be registered at any time during the performance of the service or within thirty days after the completion of the service.

(5) A claim for lien for wages may be registered at any time during the performance of the work for which such wages are claimed, or within thirty days after the last day's work for which the lien is claimed.

## Determination of Lien.

21. Every lien which is not duly registered under the provisions of this Act shall absolutely cease to exist on the expiration of the time hereinbefore limited for the registration thereof.

22. Every lien which has been duly registered under the provisions of this Act shall absolutely cease to exist after the expiration of ninety days after the work or service has been completed or materials have been furnished or placed, or the expiry of the period of credit, where such period is mentioned in the claim of lien registered, unless in the meantime an action is commenced to realize the claim under the provisions of this Act or an action is commenced in which the claim may be realized under the provisions of this Act, and a certificate of *lis pendens* in respect thereof, issued from the court in which the action is brought, according to form No. 5 in the schedule hereto, is registered in the proper registry office, or land titles office.

## Transmission of Lien.

23. In the event of the death of a lienholder his right of lien shall pass to his personal representatives; and the right of a lienholder may be assigned by any instrument in writing.

## Discharge of Lien.

24. A lien may be discharged by a receipt signed by the claimant or his agent duly authorized in writing, acknowledging payment, and verified by affidavit and registered, the fees for such registration being the same as for registering a claim of lien.

(2) Upon application a judge may receive security or payment into court in lieu of the amount of the claim, and may thereupon vacate the registration of the lien.

(3) The judge may vacate the said registration upon any other ground.

25. The taking of any security for, or the acceptance of any promissory note for, or the taking of any other acknowledgement of, the claim, or the giving of time for the payment of the claim, or the taking of any proceedings for the recovery of the claim or the recovery of any personal judgment for the claim, shall not merge, waive, pay, satisfy, prejudice or destroy any lien created by this Act, unless the lienholder agrees in writing that it shall have that effect.

(2) The discounting or negotiation of any promissory note, or other security, taken or accepted as aforesaid, shall not waive, pay, satisfy, prejudice or destroy any lien created by this Act, but the lienholder taking or accepting such promissory note, or other security, shall retain his lien for the benefit of the holder of said promissory note or other security.

Provided, however, that a person who has extended the time for payment of any claim for which he has a lien under this Act, shall, in order to obtain the benefit of this section, commence an action to enforce such lien within the time limited by this Act, and register a certificate as required by this Act, but no further proceedings shall be taken in the action until the expiration of such extension of time;

Provided, further, that, notwithstanding such extension of time, such person may, where an action is commenced by any other person to enforce a lien against the same property, prove and obtain payment of his claim in such action, as if no such extension had been given.

## Discovery.

26. Any lienholder or person entitled to a lien may at any time demand of the owner or his agent the terms of the contract or agreement with the contractor for and in respect of which the work, services or materials is or are performed or furnished or placed, and if such owner or his said agent shall not, at the time of such demand or within a reasonable time thereafter, inform the person making such demand of the terms of such contract or agreement and the amount due and unpaid upon such contract or agreement, or shall intentionally or knowingly falsely state the terms of said contract or agreement or the amount due or unpaid thereon, and if the person claiming the lien sustain loss by reason of such refusal or neglect or false statement, said owner shall be liable to him in an action therefor to the amount of such loss.

(2) A judge may, on a summary application at any time before or after any action is commenced for the enforcement of such lien, make an order for the owner or his agent to produce and allow any lienholder to inspect any such contract, and may make such order as to the costs of such application and order as may be just.

## Enforcement of Lien.

27. A lien created by this Act, whatever the amount thereof, may be realized by action in the county court of the judicial division in which the property affected by the lien is situated according to the ordinary procedure of such court, except where the same is varied by this Act.

28. A writ of summons shall not be issued, but the action shall be commenced by filing in the office of the court a statement of claim, entitled in the court and cause, giving in plain and ordinary language the grounds and particulars of the claim.

29. The statement of claim and every copy thereof served shall contain or have endorsed upon it a notice giving the name and address of the solicitor who issues the same or of the plaintiff, if issued by the plaintiff in person, and the office in which and the time within which the statement of defence is to be filed.

30. A defendant may, within sixteen days after being served with the statement of claim, file in the office of the court a statement of defence, entitled in the court and cause, showing clearly and concisely the nature of his defence, and serve on the plaintiff or his solicitor a copy thereof, and if he fail to do so he shall, unless otherwise ordered by a judge, be precluded from disputing the plaintiff's claim and right to a lien, and the plaintiff shall have the right to sign interlocutory judgement against the defendant in a manner similar to the signing of such judgement in an action in the Court of King's Bench.

(2) The defendant may, in a proper case, be allowed in to defend by order of the judge upon such terms as he shall think just.

31. The statement of defence, and the copy thereof served, shall contain or have endorsed upon it a notice giving the name and address of the solicitor who files the same, or of the defendant if filed by the defendant in person.

32. It shall not be necessary to make any lienholders parties defendant to the action, but all lienholders served with the notice of trial shall for all purposes be treated as if they were parties to the action.

33. Any number of lienholders claiming liens on the same property may join in an action, and any action brought by a lienholder shall be taken to be brought on behalf of all other lienholders on the property in question.

34. After the filing and service of the statement of defence, or after the time for filing and serving the same, if none is filed and served upon application to a judge by any party to the action, he shall give an appointment, fixing a time and place for the trial of the action, which time may be the date of the ordinary sittings of the court or otherwise.

35. The party obtaining such appointment shall, at least eight clear days before the day fixed for the trial (unless the judge directs that a shorter notice may be given), serve a notice of trial, which may be according to form No. 10 in schedule A to this Act, upon the solicitors for the parties who appear by solicitors, and on all lienholders known to him who have registered their liens as required by this Act, and on all other persons having any registered charges, encumbrances or claims on the property affected by the lien, who are not parties or who, being parties, appear personally in the said action; and such service shall be personal, unless otherwise directed by the judge, who may, in lieu of personal service, direct in what manner the notice of trial may be served.

36. Every lienholder not already a plaintiff in the action shall, within six days after being served with the notice of trial, file in the office of the court a statement showing the grounds and particulars of his claim, and, if he fail to do so, he shall, unless otherwise ordered by the judge, be precluded from asserting his lien.

37. On the day fixed for the trial, or on such other day to which the trial may be adjourned the judge shall proceed to try the action, and all questions which arise therein or which are necessary to be tried, to completely dispose of the action and to adjust the rights and liabilities of the persons appearing before him or upon whom the notice of trial has been served, and at the trial shall take all accounts, make all inquiries and give all directions, and do all things necessary to try and otherwise finally dispose of the action and of all matters, questions and accounts arising in the action or at the trial, and to adjust the rights and liabilities of and give all necessary relief to all parties to the action or who have been served with the notice of trial, and shall embody all the results in the judgment.

38. The judge may, in the judgment, order that the estate or interest charged with the lien may be sold, and may direct the sale to take place at any time after judgment, allowing, however, a reasonable time for advertising such sale.

(2) The judge may also direct the sale of any materials and authorize the removal thereof.

39. When a sale is had, the moneys arising therefrom shall be paid into court to the credit of the action, and the judge shall make a report on sale and therein direct to whom the moneys in court shall be paid, and may add to the claim of the person conducting the sale his actual disbursements incurred in connection therewith; and, where sufficient to satisfy the judgment and costs is not realized from the sale, he shall certify the total amount of the deficiency and the proportion thereof falling upon each person entitled to recover, and the persons by the judgment adjudged to pay the same.

(2) The judge may make all necessary orders for the completion of the sale, and for vesting the property in the purchaser.

40. All judgments in favour of lienholders shall adjudge that the person or persons personally liable for the amount of the judgment shall pay any deficiency which may remain after sale of the property adjudged to be sold; and, whenever on such sale sufficient to satisfy the judgment and costs is not realized therefrom, the deficiency may be recovered against the property of such person or persons by the usual process of the court.

41. Whenever any claimant shall fail for any reason to establish a valid lien, he may nevertheless recover in the action a personal judgment against the party or parties to the action for such sum or sums as may appear to be due to him and which he might recover in an action in contract against such party or parties.

42. Any lienholder, who has not proved his claim at the trial, may, on application to the judge who tried the action and on such terms as to costs and otherwise as may be just, be let in to prove his claim at any time before the amount realized in the action has been distributed; and, where such claim is proved and allowed, the judge shall amend the judgment so as to include such claim therein.

43. Where more than one action is brought to realize liens in respect of the same property, a judge may, on the application of any party to any one of such actions, or on the application of any other person interested, consolidate such actions into one action, and may give the conduct of the consolidated action to any plaintiff in his discretion.

44. The judge, on the application of any lienholder entitled to the benefit of the action, may make an order giving such lienholder the carriage of the proceedings, and such lienholder shall thereafter be deemed to be the plaintiff in the action.

45. In actions where the total amount of the claims of the plaintiff and all other persons claiming liens is one hundred dollars or less, the judgment at the trial shall be final, binding and without appeal, except that, upon application within fourteen days after judgment is pronounced, the judge who tried the action may grant a new trial.

46. In actions, where the total amount of the claims of the plaintiff and all other persons claiming liens exceeds one hundred dollars, any person affected by the judgment may appeal therefrom to the Court of Appeal, whose judgment shall be final and binding, and no appeal

shall lie therefrom. The procedure on such appeal shall be the same as in ordinary cases of appeal from the county court.

47. The costs of the action awarded by the judge trying the action shall not exceed in the aggregate an amount equal to twenty-five per cent of the amount of the judgment, besides actual disbursements, and shall be in addition to the amount of the judgment, and shall be apportioned and borne as the judge may direct.

48. When the costs are awarded against the plaintiff or other persons claiming liens, such costs shall not exceed in the aggregate an amount equal to twenty-five per cent of the claim of the plaintiff and other claimants, besides actual disbursements, and shall be apportioned and borne as the judge may direct.

49. Counsel fees shall not be deemed disbursements under the next two preceding sections.

50. If the least expensive course is not taken by a party under this Act, the costs allowed to him shall in no case exceed what would have been incurred if the least expensive course had been taken.

51. Notwithstanding anything contained in "The County Courts Act," the costs of and incidental to all actions, applications and orders commenced or made under this Act shall be in the discretion of the judge, subject always to the limitations provided for by sections 47, 48 and 49 of this Act. 1913-14, c. 60, s. 1.

52. Where a lien is discharged or vacated under section 24 of this Act, or when in an action judgment is given in favour of or against a claim for a lien, the judge may allow a reasonable amount for costs of drawing and registering the lien or for vacating the registration thereof.

53. No fees shall be payable on any cheques or proceedings to pay money into court or obtain money out of court in respect of a claim of lien, but sufficient postage stamps to prepay a return registered letter shall be enclosed with every requisition for cheques.

54. In an action brought in the county court of the judicial division of Winnipeg, a judge of the said court may refer the action to the referee in chambers of the Court of King's Bench, who thereupon shall have the same powers and jurisdiction to hear and dispose of the action and all matters and questions therein involved as a judge would have under this Act, and his judgment shall be subject to the same right of appeal, but the action shall continue to be an action in the county court, and the proceedings shall be intitled and taken therein, and in all other respects such proceedings shall be the same as if the action had not been so referred.

55. In any case not satisfactorily covered by the procedure provided for by this Act or by the ordinary procedure of the county court the practice and procedure of the Court of King's Bench may be adopted and applied.

### Forms

56. The forms in the schedule hereto, or forms similar or to the like effect may be adopted in all proceedings under this Act.

(Schedule omitted.)

## Inspection and Regulation of Mines

Chapter 128.—1. This Act may be cited as The Mines Act.

### PART I.—GENERAL PROVISIONS

#### Interpretation

2. In this Act, and in orders-in-council or regulations under it, unless the context otherwise requires,—

(a) The expression "mine" means and includes every shaft in the course of being sunk, and every adit, level and inclined plane in the course of being driven for commencing or opening any mine, or for searching for or proving minerals, and all the shafts, levels, planes, works, machinery, tramways and sidings, both below ground and above ground, in and adjacent to a mine, and any such shaft, level and inclined plane belonging to any mine to which this Act applies, together with all rocks, soils or strata containing any ores or minerals, and all roasts-yards, smelting furnaces and other places where the work of mining may be carried on;

(b) The verb "mine" and the participle "mining" mean and include any mode or method of working whatsoever whereby the soil or earth or any rock, stone or quartz may be disturbed, removed, carted, carried, washed, sifted, roasted, smelted, refined, crushed or otherwise dealt with for the purpose of obtaining any metal or metals therefrom, whether the same may have been previously disturbed or not;

(c) The expression "mining division" means and includes any tract of country declared to be a mining division within this Act;

(g) The expression "party wall" means and includes a bank of earth or rock left between two excavations;

(h) The expression "shaft" means and includes pit, and the expression "plan" means and includes a map and section, and a correct copy or tracing of any original plan as so defined;

(i) The expression "machinery" means and includes steam or other engines, boilers, furnaces, stampers or other crushing apparatus, winding or pumping gear, chains, trucks, tramways, tackle, blocks, ropes or tools, and all appliances of whatsoever kind used in or about or in connection with the mine;

(j) The expression "owner" when used in relation to any mine, means and includes any person or body corporate who is the immediate proprietor, or lessee, or occupier of any mine, or of any part thereof, and does not mean or include a person or body corporate who merely receives a royalty, rent or fine from a mine, or is merely the proprietor of a mine subject to any lease, grant or license for the working thereof, or is merely the owner of the soil, and not interested in the minerals of the mine;

(k) The expression "agent," when used in relation to any mine, means and includes any person having, on behalf of the owner, care or direction of any mine, or of any part thereof, and includes the word "manager" and "superintendent";

(l) The expression "inspector" means and includes any inspector appointed under this Act, and whether for a mining division or any part thereof or for the Province.

### Mining Divisions

7. The Lieutenant-Governor in Council may from time to time by order-in-council declare such tract of country as may be described in and by the order-in-council a mining division and by any other subsequent order or orders-in-council may from time to time extend, add to or diminish the limits of the division, or may otherwise amend or may cancel such order-in-council; and from and after the publication in The Manitoba Gazette of such order-in-council the mining division therein mentioned and described and all mines and Crown lands situate in the division shall be subject to the provisions of this Act, and to any regulations to be made under this Act.

### Inspectors

8. The Lieutenant-Governor in Council may appoint for the whole of the province of Manitoba, or for every mining division or for any part thereof, or for any number of mining divisions, an inspector, who shall be an officer of the Department of the Provincial Lands Commissioner, and prescribe the duties and fix the salary of such inspector.

## PART IV.—MINING REGULATIONS

### Application

42. This Part shall not apply to any mine unless more than six persons other than the owner are employed under ground, nor to stone quarries.

### Annual Report of Statistics

43. The owner or agent of every mine to which this Part applies shall, on or before the first day of December in every year, send to the department of the Provincial Lands Commissioner a correct return for the year ending on the preceding thirty-first day of October of the number of persons ordinarily employed in or about such mine below ground and above ground respectively, the amount paid for wages to such persons during the year, the quantity in statute weight of the mineral dressed, and of the undressed mineral which has been sold, treated or used during that year, and the value or estimated value thereof.

(2) The return shall be in such form as may be from time to time prescribed by the Provincial Lands Commissioner, who shall furnish forms for the purpose of such returns.

(3) Every owner or agent of a mine who fails to comply with this section, or makes any return which is to his knowledge false in any particular, shall be guilty of an offence against this Act.

### Powers and Duties of Inspectors

44. An inspector under this Act shall have power,—

(a) to make such examination and enquiry as may be necessary to ascertain whether the provisions of this Part relating to matters above ground or below ground are complied with in the case of any mine to which this Part applies;

(b) to enter, inspect and examine any mine to which this Part applies, and every portion thereof, at all reasonable times by day and night, but so as not to impede or obstruct the working of the said mine;

(c) to examine into and make inquiry respecting the state and condition of any mine to which this Part applies, or any portion thereof, and the ventilation of the mine, and all matters and things connected with or relating to the safety of the persons employed in or about the mine, or any mine contiguous thereto, and to give notice to the owner or agent in writing of any particulars in which he considers such mine or any portion thereof, or any matter, thing or practice, to be dangerous or defective, and to require the same to be remedied within the period of time named in such notice; and, unless the cause of danger be removed or such defect be remedied within the time named, the owner or agent shall be guilty of an offence against this Act;

(d) to exercise such other powers as may be necessary for carrying this Part into effect.

45. Every person who wilfully obstructs any inspector in the execution of his duty under this Act, and every owner or agent of a mine who refuses or neglects to furnish to the inspector the means necessary for making any entry, inspection, examination or inquiry under this Act in relation to such mine, shall be guilty of an offence against this Act.

46. On the occasion of any examination or inspection of a mine the owner, shall, if required so to do, produce to the inspector or any other person duly authorized by the Provincial Lands Commissioner an accurate plan of the workings thereof; every such plan as aforesaid shall show the workings of the mine up to within six months of the time of the inspection, and the owner shall, if required by such inspector or other authorized person, cause to be marked on such plan the progress of the workings of the mine up to the time of such inspection, and shall also permit the inspector to take a copy or tracing thereof.

47. Every inspector shall make an annual report of his proceedings during the preceding year to the Provincial Lands Commissioner.

48. The Provincial Lands Commissioner may at any time direct an inspector to make a special report with respect to any accident (in a mine to which this Act applies) which has caused loss of life or personal injury to any person and in such case may cause such report to be made public at such time and in such manner as he thinks expedient.

49. In the event of a vacancy in the office of mining inspector any notice required by this Act to be given to such officer shall be given to the Provincial Lands Commissioner.

#### General Rules.

49. The following general rules shall, as far as may be reasonably practicable, be observed in every mine to which this Part applies:—

(a) An adequate amount of ventilation shall be constantly produced in every mine to such an extent that the shafts, winzes, sumps, levels, underground stables and working places of such mine, and the travelling roads to and from such working places, shall be in a fit state for working and passing therein;

(b) Gunpowder, dynamite or other explosive or inflammable substance shall only be used under ground in the mine as follows:—

(i) It shall not be stored in the mine in any quantity exceeding what would be required for use during six working days;

(ii) It shall not be taken for use into the workings of the mine except in a securely covered case or canister, containing not more than eight pounds;

(iii) A workman shall not have in use at one time in any one place more than one of such cases or canisters;

(iv) In charging holes for blasting, saving in mines excepted from the operation of this section by the Provincial Lands Commissioner, an iron or steel pricker shall not be used, and a person shall not have in his possession in the mine under ground any iron or steel pricker, and an iron or steel tamping rod or stemmer shall not be used for ramming either the wadding or the first part of the tamping or stemming on the powder;

(v) A charge of powder which has missed fire shall not be unrammed;

(vi) A charge which has missed fire may be drawn by a copper pricker, but in no case shall an iron or steel tool be used for the purpose of drawing or drilling out such charge;

(vii) No gunpowder, dynamite or other explosive shall be used to blast or break up ore in roastsheaps where by reason of the heated condition of such ore or otherwise there is any danger or risk of premature explosion of the charge;

(c) Every underground plane on which persons travel, which is self-acting, or worked by an engine, windlass or gin, shall be provided (if exceeding thirty yards in length) with some proper means of signalling between the stopping places and the ends of the plane, and shall be provided in every case at intervals of not more than twenty yards with sufficient man-holes for places of refuge.

(d) Every road on which persons travel under ground where the produce of the mine in transit exceeds ten tons in any one hour over any part thereof, and where the load is drawn by a horse or other animal, shall be provided, at intervals of not more than one hundred yards, with sufficient spaces for places of refuge, each of which spaces shall be of sufficient length, and of at least three feet in width between the wagons running on the tramroad and the side of the road; and the Provincial Lands Commissioner may, if he sees fit, require the inspector to certify whether the produce of the mine in transit on the road aforesaid does or does not ordinarily exceed the weight as aforesaid:

(e) Every man-hole and space for a place of refuge shall be constantly kept clear, and no person shall place anything in a man-hole or such space so as to prevent access thereto;

(f) The top of every shaft which has opened before the commencement of the actual working for the time being of the mine and has not been used during such actual working shall, unless the inspector otherwise permits, be securely fenced, and the top of every other shaft which for the time being is out of use, or used only as an air shaft, shall be securely fenced, or in either case due notice shall be given by nailing up a sign-board, as the inspector shall direct;

(g) The top and all entrances between the top and bottom of every working or pumping shaft shall be properly fenced, but this shall not be taken to forbid the temporary removal of the fence for the purpose of repairs or other operations, if proper precautions are used;

(h) Where the natural strata are not safe, every working or pumping shaft, adit, tunnel, drive, roadway or other workings shall be securely cased, lined or timbered or otherwise made secure;

(i) Every mine shall be provided with proper and sufficient machinery and appliances for keeping such mine free from water, the accumulation or flowing of which might injuriously affect any other mine;

(j) Where one portion of the shaft is used for the ascent and descent of persons by ladders or a man engine, and another portion of the same shaft is used for raising the material gotten in the mine, the first mentioned portion shall be cased or otherwise securely fenced off from the last mentioned portion;

(k) Every working shaft in which persons are raised shall, if exceeding fifty yards in depth and not exempted in writing by the inspector, be provided with guides and some proper means of communicating distinct and definite signals from the bottom of the shaft and from every entrance for the time being in work between the surface and the bottom of the shaft to the surface, and from the surface to the bottom of the shaft and to every entrance for the time being in work between the surface and the bottom of the shaft;

(l) A sufficient cover over-head shall be used when lowering or raising persons in every working shaft, except where it is worked by a windlass, or where the person is employed about the pump or some work of repair in the shaft, or where a written exemption is given by the inspector;

(m) A single linked chain shall not be used for lowering or raising persons in any working shaft or plane except for the short coupling chain attached to the cage or load;

(n) There shall be on the drum of every machine used for lowering or raising persons such flanges or horns, and also, if the drum is conical, such other appliances as may be sufficient to prevent the rope from slipping;

(o) There shall be attached to every machine worked by steam, water or other mechanical power, and used for lowering or raising persons, an adequate brake, and also a proper indicator (in addition to any mark on the rope) which shows to the person who works the machine the position of the cage or load in the shaft;

(p) A proper footway or ladder, inclined at the most convenient angle which the space in which the ladder is fixed allows, shall be provided in every working shaft where no machinery is used for raising or lowering persons; and every such ladder shall have substantial platforms at intervals of not more than forty feet, and no such ladder shall be fixed for permanent use in a vertical or overhanging position unless in shafts used exclusively for pumping; in every mine in which vertical or overhanging ladders shall be in use in the shaft at the time when these rules shall be applied to it, they may be retained provided securely fixed platforms be constructed at intervals of not more than thirty feet from each other, and such ladders have sufficient spaces for footholds of not less than six inches;

(q) If more than twelve persons are ordinarily employed in the mine below ground, sufficient accommodation shall be provided, above ground near the principal entrance of the mine, and not in the engine house or boiler house, for enabling the persons employed in the mine to conveniently dry and change their clothes;

(r) Every fly-wheel and all exposed and dangerous parts of the machinery used in or about the mine shall be and be kept securely fenced;

(s) Every steam boiler shall be provided with a proper steam gauge and water gauge, to show respectively the pressure of steam and the height of water in the boiler, and with a proper safety valve;

(t) No person shall wilfully damage, or without proper authority remove or render useless, any fencing, casing, lining, guide, means of signalling, signal, cover, chain, flange, horn, brake, indicator, ladder, platform, steam-gauge, water-gauge, safety valve or other appliance or thing provided in any mine in compliance with this Act.

(2) Every person who contravenes or does not comply with any of the general rules in this section shall be guilty of an offence against this Act; and in the event of any contravention or non-compliance with any of the said general rules in the case of any mine to which this Act applies by any person whomsoever being proved, the owner and agent of such mine, or contractor or foreman employed in or about such mine, shall each be guilty of an offence against this Act, unless he proves that he had taken all reasonable means by publishing and to the best of his power enforcing the said rules and regulations for the working of the mine to prevent such contravention or non-compliance.

50. Any person who pulls down, injures or defaces any rules, notice or abstract posted up by the owner or agent shall be guilty of an offence against this Act.

51. Every person employed in or about a mine, who is guilty of any act or omission which, in the case of an owner or agent, would be an offence against this Part, shall be deemed to be guilty of an offence against this Act, and shall be liable to a penalty not exceeding, if he is an owner or agent, fifty dollars, and, if he is any other person, ten dollars, for each offence, and, if an inspector has given written notice of any such offence, to a further penalty not exceeding five dollars for every day after such notice that such offence continues to be committed.

(2) Where work of any sort in or about a mine is let to a contractor, he shall observe and carry out all the provisions of this Part for the prevention of accidents, and in any case of prosecution for an offence against this Act a contractor shall be liable to the same penalties and may be proceeded against in the same way and to the same extent and effect as if he were an owner or agent.

52. No prosecution shall be instituted against the owner or agent of a mine to which this Part applies for any offence under this Act except by an inspector, or with the consent in writing of the Attorney-General; and in the case of any offence of which the owner or agent of a mine is not guilty if he proves that he has taken all reasonable means to prevent the commission thereof, an inspector shall not institute any prosecution against such owner or agent if satisfied that he had taken such reasonable means as aforesaid.

#### PART V.—PROSECUTIONS.

53. Every person contravening this Act, or any rule or regulation made under it, in any case where no other penalty or punishment is imposed, shall, for every day on which such contravention occurs, or continues or is repeated, incur a fine of not more than twenty dollars, and, in default of payment, he may be imprisoned for a term of not more than one month.

54. Any complaint or information made or laid in pursuance of this Act shall be made or laid within three months from the time when the matter of such complaint or information respectively arose.

(2) The description of any offence under this Act in the words of this Act shall be sufficient in law.

(3) Any exception, exemption, proviso, excuse or qualification, whether it does or does not accompany the description of the offence in this Act, may be proved by the defendant but need not be specified or negated in the information, and if so specified or negated no proof in relation to the matter so specified or negated shall be required on the part of the informant.

55. Nothing in this Act shall prevent any person from being indicted or liable under any other Act or otherwise to any other or higher penalty or punishment than is provided for any offence by this Act, but so that no person be punished twice for the same offence.

(2) If the court before which a person is charged with an offence under this Act thinks that proceedings ought to be taken against such person for such offence under any other Act or otherwise, the court may adjourn the case to enable such proceedings to be taken.

56. All prosecutions for the punishment of any offence under this Act may taken place before any two or more justices of the peace, or before a police magistrate.

57. Fees, penalties and fines received under this Act, and the costs of all such convictions as take place before any inspector or magistrate, shall form part of the Consolidated Revenue Fund of this Province, and be accounted for and otherwise dealt with accordingly.

#### Liability of Directors of Mining Companies for Employees' Wages.

Chapter 129.—10. Notwithstanding anything contained in this [Mining Companies] Act, the provisions of section 35 of "The Companies Act" shall apply to any company incorporated under this Act, and to the directors, labourers, servants and apprentices thereof.

[The provisions in question refer to the liability of directors of companies for the wages of employees. See page 457 of this report.]

#### Examination and Licensing of Chauffeurs.

Chapter 131.—2 (c) The expression "chauffeur" means any person operating a motor vehicle as mechanic, paid employee or for hire, or in any capacity other than that of owner.

19. Any application for a license to operate a motor vehicle as a chauffeur shall be made to the Municipal Commissioner upon blank forms, to be prepared under his authority. Every such application shall be accompanied by a fee of five dollars.

(2) Before such application shall be granted the applicant shall pass such examination as to his qualifications as the Municipal Commissioner may require; and no such license shall be issued until the Municipal Commissioner is satisfied that the applicant is a fit and proper person to receive the same.

(3) For the purpose of conducting the examination aforesaid, in places other than incorporated cities, the Municipal Commissioner shall appoint examiners and cause examinations to be held at convenient points throughout the Province, and as often as may be necessary, provided that in each incorporated city such examination shall be conducted under the direction of the chief of police of such city. Amended 1920, c. 81, s. 5.

(4) Upon the Municipal Commissioner being satisfied as to the qualifications of the applicant he shall register his name as a chauffeur licensed to operate motor vehicles in this Province, and deliver to him a certificate of such registration, and assign and furnish to him a suitable metal badge, which shall have stamped thereon the words "Manitoba Licensed Chauffeur" and the number assigned to the applicant, which said badge shall thereafter be worn by him in a conspicuous place on the front of his outer garment at all times while he is operating a motor vehicle upon any public highway.

(5) All licenses issued under the provisions of this section shall remain in force unless suspended or cancelled as hereinbefore provided, for one year from the first day of January preceding the date of issue. Amended 1920, c 81, s. 61.

(6) No chauffeur's license shall be issued to any person under the age of eighteen years.

(7) No chauffeur's license shall be issued to a firm or corporation or in the name of more than one person.

20. No chauffeur shall operate a motor vehicle without having been registered under this Act or while his license is suspended, cancelled or revoked.

21. No chauffeur, having registered as provided in the foregoing section, shall operate a motor vehicle without displaying his badge in the manner prescribed in this Act, or voluntarily permit any other person to use his badge or certificate, nor shall any person while operating a motor vehicle use any badge or certificate belonging to any other person, or fictitious badge or certificate, nor shall any chauffeur or other person operate or use any motor vehicle belonging to any other person without the knowledge and consent of such owner.

### Regulation of Construction in Factories, etc.—Gasoline Systems.

Chapter 133, with amendment.—581. The council of every municipality may also pass by-laws,—

(gg) For prescribing the character, material and thickness of enclosing walls for hoists or elevators in warehouses and factories; for prescribing the height to which such enclosing wall shall be carried above the roof, and the method and material for covering same; for requiring fireproof doors at the openings to the shaft from the several floors and for keeping same closed when not in operation, and for prescribing telescopic or light metal or wirework doors which may be required to open and close automatically as the car or cage ascends or descends. 1919, c. 64, s. 1.

(jj) For preventing, regulating, inspecting and governing the installation and operation of gasoline systems for light, heat, power or other purposes and of all overhead, underground, exterior and interior works and apparatus connected therewith; for prescribing the appliances, devices and conditions deemed necessary for the safety of the operators, property and of the public; for prohibiting the use of materials, methods of installation, storage, conduction and operation deemed injurious to health or safety; for prescribing methods and appliances, and such regulation generally respecting such gasoline systems and appliances, as shall be deemed necessary for the safety of persons and property and for enforcing any and all such regulations; for appointing one or more inspectors who shall have the right to enter upon the premises of persons, firms or corporations using such systems at all reasonable times, and for causing the removal or disconnection or prohibiting the use of unsafe or dangerous appliances connected with any such system, and for assessing the costs of such inspection upon the users of any such system. 1919, c. 64, s. 1.

(kk) For making regulations as to the lighting of the entrances to elevators, courts, and corridors in apartments, tenement and business buildings and blocks. 1919, c. 64, s. 1.

(ll) For regulating, requiring and compelling the erection, alteration or repair of all buildings to be of such kind and nature as in the opinion of the council will ensure warmth and comfort to the occupants thereof, and for regulating the quality and amount of material to be used therefor and the general method of erection, alteration or repair of such buildings to that end, and for preventing such erection, alteration or repair of buildings where such erection, alteration or repair is not being carried out in accordance with such regulations or requirements. 1919, c. 64, s. 1.

### Sunday Street Cars.

Chapter 133.—767. No car operated by horses, or by electricity or other motive power as a street car or tram car shall be run or operated on Sunday under a penalty of one hundred dollars and costs of prosecution for each offence. Such penalty may be recovered from the person, company, partnership or corporation owning or operating the cars which are run or operated in contravention of this section, and also severally from each officer, servant or agent of the said person, partnership, company or corporation, who is in any way engaged in the work of running or operating such cars in contravention of this section.

(2) This section shall not apply in case of any city or town if and after the right to operate cars shall be given by a vote of the majority of the duly qualified electors in such city or town upon the question of operating a Sunday street car service on a by-law to be submitted by the council at the time of the annual general municipal elections.

### Employment of Children as Elevator Operators.

Chapter 158 with amendment.—25. No person under the age of sixteen years shall be employed to operate a passenger elevator anywhere in the Province, and any person offending against this section shall be liable upon conviction thereof before a police magistrate or a justice of the peace, to a fine not exceeding one hundred dollars. 1913-4, c. 83, s. 1.

**Inspection and Regulation of Factories, Construction Camps, etc.—Sanitation.**

[Chapter 159, with amendment. The Public Health Act, section 2 interprets "house" as including factory, and section 26 enumerates in a number of clauses the subjects upon which the Provincial Board of Health may make regulations. Among these are the following:—]

(c) the cleansing, purifying and ventilating of houses, . . . buildings and places of assembly, . . . by the owners and occupiers and persons having the care and ordering thereof;

(d) the inspection of . . . houses, . . . buildings and places of assembly, . . .

(r) the sanitary condition of lumbering, wood cutting, mining, construction, threshing and other camps;

(gg) the plumbing, heating and sanitary condition of buildings, including dwelling houses.

28. The Board may make also and amend regulations which it deems necessary for securing health in industrial establishments relating to (a) the supplying of drinking water, (b) lighting, (c) the distance to be left between certain establishments and dwelling houses as well as the arrangement and details of the construction of rooms, (d) cubic space, (e) aeration and ventilation, (f) cleanliness and cleansing, (g) the removal and manner of disposing of dust, gas, vapour and waste produced in the course of the work, (h) the system of drainage, including sinks, lavatories, urinals, privies or closets, and the method of disposing of waste liquids, (i) the temperature of the premises, (j) all other sanitary conditions which may arise in industrial establishments.

103. If a health officer, upon due examination, made by him or by any person authorized by him, is satisfied that a cellar, room, tenement or building, occupied as a dwelling place, office, store, shop, restaurant, dairy, laundry, factory or workshop, school or other purpose, is by reason of the number of occupants, want of cleanliness, the existence therein of contagious or infectious disease, lack of sewer or water connections or plumbing, lack of adequate ventilation, defective drainage or plumbing, lack of sufficient natural light or other cause, unfit for such purpose, or that it is a nuisance or in any way dangerous to the health of the occupants, or of the public, he may issue a notice addressed to the owner of such premises, or the agents, or the person in charge of such premises, or any of them, requiring the premises to be put into proper sanitary condition, or if he sees fit, requiring the occupants to quit the premises within such time as he may deem reasonable. Amended 1918, c. 66, s. 8.

[Sections 129 and 130 deal with the regulation and inspection of the manufacture of food products and section 193 with sanitation of bake shops. Sections 196–218 contain provisions relating to inspection licensing and sanitation in slaughter houses and laundries.]

**Protection of Employees on Public Utilities—Accidents on Public Utilities.**

[Chapter 166, The Public Utilities Act, empowers the Lieutenant-Governor in Council to appoint a commissioner to be called "The Public Utilities Commissioner." The powers of the Commission as set forth in sections 23 and 27 include the following:—]

23. (f) to impose and enforce regulations for the safety and protection of employees of any public utility;

(g) to impose and enforce regulations in case of accidents, howsoever happening, in or about a public utility or the operation thereof, and for the remedying of the cause thereof and prevention of recurrence;

27. The Commission shall have power, after hearing, upon notice, by order in writing, to require every public utility as herein defined,—

(g) To give such notice to the Commission as the Commissioner may by order require of any and all accidents which may occur within this Province upon the property of any public utility as herein defined or directly or indirectly arising from or connected with its maintenance or operation, and to investigate any such accident, and the Commissioner may make such order or recommendation with respect thereto as in his judgment may be just and reasonable.

**Railways—Definition of Terms.**

Chapter 168.—2. In this Act, unless the context otherwise requires,—

(a) The expression "the special Act" means any Act authorizing the construction of a railway and with which this Act is incorporated, and includes "The Railway Companies Incorporation Act";

3. The following words and expressions, both in this and the special Act, shall have the meanings hereby assigned to them, unless there be something in the subject or context repugnant to such a construction, that is to say,—

(e) The expression "highways" shall mean all public roads, streets, lanes and other public ways and communications;

(h) The expression "the company" shall mean the company or party authorized by the special Act to construct the railway;

(i) The expression "the railway" shall mean the railway and works by the special Act authorized to be constructed.

**Railways—Application of Act.**

Chapter 168.—4. Where not otherwise expressed, this Act shall apply to every railway which is subject to the legislative authority of the Legislature of this Province, or is authorized to be constructed by any special Act passed after this Act takes effect or since the twenty-fifth

day of May, 1881, and this Act shall be incorporated with every such special Act; and all the sections and provisions of this Act, unless they are expressly varied or excepted by any such special Act, shall apply to the undertaking authorized thereby, so far as applicable to the undertaking, and shall, as well as the sections and provisions of every other Act incorporated with such special Act, form part of said special Act, and be construed together therewith as forming one Act.

5. Every special railway Act shall be a public Act, and for the purpose of incorporating this Act or any of its provisions with a special Act, it shall be sufficient in such Act to enact that the sections of this Act, with respect to the matter so proposed to be incorporated referring to the same in the word or words at the head of and introductory to the enactment with respect to such matter, shall be incorporated with such special Act, and thereupon all sections and provisions of this Act, with respect to the matter so incorporated, shall, save in so far as they are expressly varied or excepted by such special Act, form part thereof; and such special Act shall be construed as if the substance of such sections and provisions were set forth therein with reference to the matter to which such special Act relates.

### **Railway Employees to Wear Badges.**

Chapter 168.—103. Every servant of the undertaking employed in a passenger train or at a station for passengers shall wear upon his hat or cap a badge which shall indicate his office, and he shall not, without such badge, be entitled to demand or receive from any passenger any fare or ticket, or to exercise any of the powers of his office or meddle or interfere with any passenger or his baggage or property.

### **Negligence of Railway Employees.**

Chapter 168.—110. Every locomotive engine shall be furnished with a bell of at least thirty pounds in weight, or with a steam whistle.

111. The bell shall be rung or the whistle sounded at the distance of at least eighty rods from every place where the railway crosses any highway, and be kept ringing or be sounded at short intervals until the engine has crossed such highway, under the penalty of eight dollars for every neglect thereof, to be paid by the company, which shall also be liable for all damages sustained by any person by reason of such neglect; one-half of such penalty and damages shall be chargeable to and collected by the company from the engineer having charge of such engine and neglecting to sound the whistle or ring the bell as aforesaid.

### **Transportation of Explosives.**

[Chapter 168, sections 114 and 115, regulates the transportation of explosives on railways.]

### **Qualifications of Railway Employees.**

Chapter 168 with amendment.—115a. No person shall serve or be employed by a railway or company as a locomotive engineer of a railway operated by steam unless such person shall have previously served as a locomotive fireman for at least three years upon a railway coming within or outside of the provisions of this Act and who prior to such service or employment fails to produce his certificate or certificates evidencing his length of service as aforesaid and further indicating that such person is a fit and proper person having regard to his habits, intelligence and physical ability to safely and satisfactorily perform the duties of a locomotive engineer. 1915, c. 58, s. 1.

115b. Any person, railway or company violating the provisions of the last preceding section shall be liable to a penalty of not less than ten dollars or more than fifty dollars. In all such proceedings the onus of proof that such provisions have not been violated shall be upon the person, railway or company charged with the offence. 1915, c. 58, s. 1.

### **Railways—Suits for Damages.**

Chapter 168.—116. All suits for indemnity for any damage or injury sustained by reason of the construction or operation of the railway shall be instituted within twelve months next after the time of such supposed damage sustained or, if there be continuation of damages, then within twelve months next after the doing or committing of such damage ceases, and not afterwards; and the defendants may plead the general issue and give this Act and the special Act and the special matter in evidence at any trial to be had thereupon, and may prove that the same was done in pursuance of and by authority of this Act and the special Act.

## Operation of Railways by Provincial Government—Negligence of Employees— Transportation of Explosives, Etc.

[Chapter 169 provides for the organization of the Department of the Railway Commissioner, which is to administer all railways controlled in any way by the Government of Manitoba. The Railway Commissioner is empowered to construct and operate such railways within the Province as are determined on by the Lieutenant-Governor in Council. Sections 29, 35, 36, 40, 41 and 47 provide for the operation of trains upon such railways, the liability of the department and its employees for negligence, the transportation of explosives, and the passing of regulations by the Lieutenant-Governor in Council.]

29. There shall be provided and used in and upon trains run for the conveyance of passengers such known apparatus and arrangements as best affords good and sufficient means of immediate communication between the conductors and the engine driver of such trains while the trains are in motion, and good and sufficient means of applying by the power of the steam engine or otherwise, at the will of the engine-driver or other person appointed to such duty, the brakes to the wheels of the locomotive or tender, or both, or of all or any of the cars or carriages composing the train, and of disconnecting the locomotive, tender and cars or carriages from each other and by any such power or means, and also such apparatus and arrangements as best and most securely place and fix the seats or chairs in the cars or carriages.

35. The Department shall not be relieved from liability by any notice, condition or declaration, in case of any damage arising from any negligence, omission or default of any officer, employee or servant of the Department; nor shall any officer, employee or servant be relieved from liability by any notice, condition or declaration, if the damage arise from his negligence or omission.

36. The baggage, freight, merchandise or lumber cars shall not be placed in rear of the passenger cars; and if any such be so placed, the officer or agent directing or knowingly suffering such arrangement, and the conductor of the train, shall be subject to the provisions of any railway Act of the Parliament of Canada which declares such conduct a misdemeanor, and shall be punishable accordingly.

[Sections 40 and 41 deal with the transportation of explosives on railways operated by the Department of the Railway Commissioner.]

47. The Lieutenant-Governor in Council may from time to time make such rules and regulations as may be deemed necessary for the management, proper use and protection of said railways and the station houses, yards and other property in connection therewith, and for ascertaining and collecting tolls, dues and revenues thereon, and to be observed by conductors, engine-drivers and other officers and servants of the Department and by all companies and persons using the said railways, and relating to the construction of the carriages or other vehicles to be used in the trains on such railways.

## Mercantile Establishments—Hours of Labour—Employment of Women and Children.

Chapter 180, with amendments.—1. This Act may be cited as The Shops Regulation Act.

### Interpretation.

2. In the sixteen next following sections, and in any by-law passed under the provisions thereof, unless the context otherwise requires,—

(a) The expression "shop" means any barber shop or any building or portion of a building, booth, stall or place where goods are exposed or offered for sale by retail, but not where the only trade or business carried on is that of a tobacconist, fruiterer, confectioner, news-agent, hotel, inn, tavern, victualling house or refreshment house, nor any premises wherein, under license, spirituous or fermented liquors are sold by retail for consumption on the premises, and for the purposes of this Act sale by retail shall be deemed to include sale by auction. Amended 1918, c. 81, s. 1.

(b) The expression "closed" means not open for the serving of any customer;

(c) The expression "municipality" means the city, town, village or rural municipality, the municipal council whereof, either upon application made in that behalf or otherwise, passes any by-law under the provisions of this Act;

(d) The expression "municipal" relates to any municipality.

### Hours of Closing Shops.

3. Any municipal council may, by by-law, require that, during the whole or any part or parts of the year, all or any class or classes of shops within the municipality or any portion of the municipality, if a rural municipality, shall be closed, and remain closed on each or any day of the week at and during any time or hours between six of the clock in the afternoon of any day and five of the clock in the forenoon of the next following day.

(3a) The municipal council of any rural municipality, incorporated village or town may by by-law require that all or any class or classes of shops within the municipality shall be closed and remain closed on Thursday of every week between the hours of 12 o'clock noon and 6 o'clock in the afternoon, during the whole or any part of the year. 1920, c. 124, s. 1.

(3b) The council of any incorporated city may by by-law require that all or any class or classes of shops within the city shall be closed and remain closed between the hours of 12 o'clock noon and six o'clock in the afternoon on such day or days of every week as the council may determine, during the whole or any part of the year. 1920, c. 124, s. 1.

4. Any municipal council having passed any by-law, in pursuance of the provisions of this Act, may from time to time, by by-law, amend the said by-law, changing the hours when the said shops shall be closed and remain closed, and substituting other hours in the place and stead of the hours mentioned in the by-law, and may repeal any by-law passed, and may pass any new by-law for closing the said shops or any other shops, either with or without any petition therefor being presented to the council.

5. If any application be received by or presented to a municipal council, praying for the passing of a by-law requiring the closing of any class or classes of shops situate within the municipality, or any portion of the municipality, if a rural municipality, and the council be satisfied that such application is signed by not less than three-fourths in number of the occupiers of shops within the municipality, or any portion thereof, if a rural municipality, and belonging to the class or each of the classes to which such application relates, the council shall within one month after the receipt or presentation of such application, pass a by-law giving effect to the said application and requiring all shops within the municipality, or any portion thereof, if a rural municipality, belonging to the class or classes specified in the application, to be closed during the period of the year and at the times and hours mentioned in that behalf in the application.

6. The council, in estimating such number of occupiers of shops belonging to the class to which such application relates, shall take into consideration such shops only as are within the meaning of paragraph (a) of section 2.

7. A municipal council may by by-law make regulations as to the form of any application to be made under the preceding sections, and as to the evidence to be produced respecting the proportion of persons signing such application, and as to the classification of shops for the purposes of the preceding sections; and it shall not be compulsory upon a council to pass a by-law under said sections unless and until all such regulations with respect to the application therefor have been duly observed.

8. If the application mentioned in the next preceding three sections be delivered to the clerk of a council, it shall be deemed to have been presented to and received by the council within the meaning of said sections.

9. Every such by-law shall take effect at a date named therein, being not less than one nor more than two weeks after the passing thereof, and shall before that date be published in such manner as to the council may appear best fitted to ensure the publicity thereof.

10. A shop in which trades of two or more classes are carried on shall be closed for the purpose of all such trades at the hour at which it is by any such by-law required to be closed for the purpose of that one of such trades which is the principal trade carried on in said shop.

Provided, however, that any municipality may by by-law duly passed in that behalf, require that any store or shop therein, in which groceries are exposed or offered for sale, shall close at the same hour as shops wherein the principal or only trade carried on is that of a grocer. Amended 1918, c. 81, s. 2.

11. No pharmaceutical chemist, or chemist and druggist, nor any of his employees, shall be liable to any fine, penalty or punishment under any such by-law for supplying medicines, drugs or medical appliances, or selling any goods usually sold or kept for sale by pharmaceutical chemists or chemists and druggists, subject to the limitations in this section hereinafter provided, nor shall any occupier of or person employed in or about a shop in any village be liable to any fine, penalty or punishment, under any such by-law, for supplying medicines, drugs, or medical appliances, after the hour appointed by any such by-law for the closing of shops; but should it appear to any council at any time that such druggists are taking advantage of the provisions of this section to sell, after the prescribed hour for closing, any line of goods which is, in the opinion of any such council, not properly within the class of goods usually sold by druggists, such council may pass a by-law specifically stating that any particular line or class of goods shall not be sold in any drug shop after the prescribed hour for closing, and such by-law may then be enforced and any infraction thereof punished notwithstanding anything contained in this section.

12. Nothing in any such by-law as is referred to in the preceding sections, shall render the occupier of any premises liable to any fine, penalty or punishment for supplying any article to any person lodging in such premises, or for supplying any article required for immediate use by reason or because of any emergency arising from sickness, ailment, or death; but nothing herein contained shall be deemed to authorize any person whomsoever to keep open shop after the hour appointed by such by-law for the closing of shops.

13. Where an offence for which the occupier of a shop is liable under any such by-law to any fine, penalty or punishment has in fact been committed by some agent or servant of such occupier, such agent or servant shall be liable to the same fine, penalty or punishment as if he were the occupier.

14. Where the occupier of a shop is charged with an offence against any such by-law, he shall be entitled, upon information duly laid by him, to have any other person whom he charges as the actual offender brought before the court at the time appointed for hearing the charge; and if, after the commission of the offence has been proved, the said occupier proves to the satisfaction of the court that he has used due diligence to enforce the execution of the provisions

of the by-law, and that the said other person committed the offence in question without his knowledge, consent or connivance, or wilful neglect or default, the said occupier shall be exempt from any fine, penalty or punishment; but the said other person shall thereupon be summarily convicted of such offence, and shall be liable to the same fine, penalty or punishment therefor as if he were the occupier.

15. Subject to the provisions in the preceding sections contained, any by-law passed by a municipal council under the authority of this Act shall, for all purposes whatsoever, be deemed and taken to have been passed under and by authority of "The Municipal Act" and as if the preceding sections of this Act had formed part of "The Municipal Act," and the preceding sections of this Act and "The Municipal Act" shall be read and construed together as if forming one Act.

16. Nothing in the preceding sections of this Act or in any by-law passed under authority thereof shall be deemed to render unlawful the continuance in a shop, after the hour appointed for the closing thereof, of any customers who were in the shop immediately before that hour, or the serving of such customers during their continuance therein.

17. Notwithstanding that the occupiers of any class of shops required to be closed by a by-law, passed or purporting to be passed, under or pursuant to the provisions of section 5, may not have presented an application, as required by said section for the passing of such by-law, every such by-law shall, nevertheless, and to all intents and for all purposes, be held and deemed to be valid and effectual as respects any other, and the occupiers of any other class of shops thereby required to be closed in conformity with any application in that behalf made or presented to the council by the requisite number of occupiers of said last mentioned class of shops.

18. The onus of proving that an application in compliance with section 5 had not been presented to a municipal council by the requisite number of the occupiers of any class of shops required to be closed by a by-law passed, or purporting to be passed, under or pursuant to the provisions hereof, shall, in all cases and for all purposes, be upon the person asserting that such application had not been so presented.

#### Hours of Labour of Certain Persons in Shops.

19. In this and the subsequent sections of this Act, unless the context otherwise requires—

(a) The expression "shop" means any place in which assistants are employed for hire, answering to any of the following descriptions, viz., any retail or wholesale store, booth, stall or warehouse, or any premises used in connection with messenger service. 1917, c. 84, s. 11.

(b) The expression "child" shall mean any person under the age of fourteen years; 1916, c. 100, s. 1.

(c) The expression "young person" shall mean any male person over the age of fourteen and under the age of seventeen years, and any female person over the age of fourteen and under the age of eighteen; 1916, c. 100, s. 1.

(d) The expression "woman" shall mean any female person over the age of eighteen years; 1916, c. 100, s. 1.

(e) The expression "inspector" means any inspector of the Bureau of Labour, appointed by order of the Lieutenant-Governor in Council; 1916, c. 100, s. 1.

(f) The expression "employer" means any person who, in his own behalf or as the manager, superintendent, overseer or agent for any person, firm, company, or corporation, has charge of any shop and employs persons therein; 1916, c. 100, s. 1.

(g) The expression "week" means the period between midnight on Sunday night and midnight on the succeeding Saturday night; 1916, c. 100, s. 1.

(h) The expression "parent" means a parent or guardian of, or a person having legal custody of or the control over, or having direct benefit from the wages of, a child or young person; 1916, c. 100, s. 1.

(i) The expression "school day" shall mean any day on which the public school of the district in which the child resides is in session. 1916, c. 100, s. 1.

(j) The expression "office" means a building or that part of a building used or occupied for office purposes and not as a shop. 1917, c. 84, s. 2.

20. (1) Except as hereinafter provided no child shall be employed in or about any shop.

(2) A male child over thirteen and under fourteen years of age may be employed in or about any shop on any school day for a period not longer than two hours, or on any day or days which are school holidays for a period not longer than eight hours, and a child may be so employed for a period not longer than eight hours in any one day or forty-eight hours in any one week upon producing the following certificates:

(a) A certificate issued under the provisions of "The School Attendance Act" relieving the child from school attendance.

(b) A certificate from the Bureau of Labour permitting such employment, which certificate may be granted upon the Bureau being satisfied that such employment will not be harmful to the child and is necessary in the special circumstances of the case.

Such certificates shall be kept on file by the employer and produced when called for by any inspector.

(3) No person shall employ any young person or woman in or about a shop for a longer period than sixty hours in any one week or more than fourteen hours in any one day, except that

any young person whose usual and ordinary employment about a shop is out of doors, such as driver of a delivery rig, van or vehicle, may be employed for sixty-six hours in any one week.

(4) In emergency cases which may arise from time to time it shall be lawful for the inspector to give written permission for exemption from the observance of the foregoing provisions of this Act to permit of a young person or woman who is not under the age of sixteen years being employed for more than sixty hours in any one week, but in no case to exceed seventy hours.

(5) A young person or woman may be employed in a shop between the hours of eight o'clock in the morning and ten o'clock in the afternoon on the day next before a statutory holiday and during the period between the fourteenth day of December to the twenty-fourth day of December, both inclusive, in each year. 1916, c. 100, s.1; amended 1917, c. 84, s. 3.

20a. (1) Every employer shall, before permitting a person under the age of sixteen to work in a shop or office, obtain a certificate of birth from such person or a signed statement in writing from such person's parent, setting forth such person's age; such certificates or statements shall be kept on file in the shop or office and shall be produced on request of inspector.

(2) Any employer who employs a person under the age of sixteen years in a shop or office without first having secured a certificate or statement as hereinbefore referred to, or who refuses to produce such certificate or statement when requested so to do by an inspector, shall for each offence be liable to a fine of not less than ten dollars, or, in default of payment, to imprisonment for not more than one month. 1917, c. 84, s. 4.

21. Where any child, young person or woman is employed in or about a shop contrary to the provisions of the last preceding section, the employer shall be liable to a fine not exceeding twenty dollars for each person so employed, and, in default of payment, to imprisonment for a period not exceeding one month. 1916, c. 100, s. 1.

22. The parent of any child or young person employed in a shop in contravention of any of the provisions of section 20 hereof shall, unless such employment be without the consent, connivance or wilful default of such parent, be guilty of an offence in contravention of this Act, and shall for each offence be liable to a fine of not more than twenty dollars, and, in default of payment, to imprisonment for a period not exceeding one month. 1916, c. 100, s. 1.

23. The occupier of any shop in which females are employed shall at all times provide and keep therein a sufficient and suitable seat or chair for the use of every such female, and shall permit her to use such seat or chair when not necessarily engaged in the work or duty for which she is employed in such shop; and any person offending against any of the provisions of this section shall be liable to a fine not exceeding twenty dollars, and, in default of payment, to imprisonment for a period not exceeding one month. 1916, c. 100, s. 1.

24. In every shop the employer shall allow every child, young person or woman therein employed not less than one hour at or about noon of each day for meals, but such hour shall not be counted as part of the time herein limited with respect to the employment of young persons or women, and, if employed to any hour later than seven o'clock in the afternoon, not less than forty-five minutes prior to that hour for another or evening meal. 1916, c. 100, s. 1.

25. In every shop in which any child, young person or woman is employed there shall be kept exhibited by the employer, in a conspicuous place, a notice referring to the provisions of this Act, and stating the number of hours in the week during which a child, young person or woman may lawfully be employed therein. Such notice shall be according to the form in schedule A to this Act or to the like effect. 1916, c. 100, s. 1.

26. When the employer of a child, young person or woman is charged with an offence against any of the provisions of the last six preceding sections, he shall be entitled, upon information duly laid by him, to have any other person whom he charges as the actual offender brought before the court at the time appointed for hearing the charge, and if, after the commission of the offence has been proved, the said employer proves to the satisfaction of the court that he has used due diligence to enforce the execution of the provisions of the last six preceding sections, and that the said other person has committed the offence in question without his knowledge, consent or connivance, the employer shall be exempt from any fine, penalty or punishment, but the said other person shall thereupon be summarily convicted of such offence and shall be liable to the same fine, penalty or punishment therefor as if he were the employer. 1916, c. 100, s. 1.

27. Nothing in the seven last preceding sections shall apply to a shop where the only persons employed therein are at home, that is to say, are members of the same family dwelling there, or to members of the employer's family dwelling in a house to which the shop is attached. 1916, c. 100, s. 1.

28. Where a child or young person is, in the opinion of the court, apparently of the age alleged by the informant it shall lie on the defendant to prove that the child or young person is not of that age. 1916, c. 100, s. 1.

29. (1) In every shop there shall be such means of extinguishing fires as the inspector, acting upon the regulations made in that behalf, directs in writing.

(2) In every shop there shall be proper means and facilities of escape in case of fire.

(3) All dangerous openings in floors or walls or other structures shall be securely protected to the satisfaction of the inspector. 1916, c. 100, s. 1.

30. Every shop shall be kept in a cleanly state and free from effluvia arising from any drain, privy or other nuisance. 1916, c. 100, s. 1.

31. A shop shall not be so overcrowded while work is carried on therein as to be injurious to the health of the persons employed therein. 1916, c. 100, s. 1.

32. Every shop shall be properly ventilated. 1916, c. 100, s. 1.

33. For every shop there shall be kept provided a sufficient number and description of privies, earth or water closets and urinals for the employees of such shops, including separate sets for the use of male and female employees, with separate approaches thereto if the inspector so directs in writing. There shall be at least one closet for every twenty-five persons of each sex employed in the shop, and the same must be kept clean and well ventilated. 1916, c. 100, s. 1; amended 1917, c. 84, s. 5.

34. If the inspector so directs in writing there shall be provided in every shop, at the employer's expense, a suitable room or place in the shop, or in connection therewith, for the purpose of a dining and eating room for the persons employed therein. 1916, c. 100, s. 1.

35. In the event of any injury or accident happening in or about any shop, the employer shall immediately give written notice thereof to the Bureau of Labour. Such notice shall give the name and address of the person injured, and state in ordinary language the cause thereof and the date and time on which the same occurred. 1916, c. 100, s. 1.

36. If any of the provisions of this Act or any regulations, rules or orders made under the authority thereof by the Lieutenant-Governor in Council, or by an inspector, are contravened, and no other penalty is herein provided for, the person guilty of such contravention shall be liable to a fine of not more than fifty dollars and, in default of payment, to imprisonment for a period not exceeding three months. 1916, c. 100, s. 1.

37. A person shall not be liable, in respect of a repetition of the same kind of offence from day to day, to any larger fine, penalty or punishment than the highest fine, penalty or punishment fixed by the preceding section for the offence, except—

(a) where the repetition of the offence occurs after an information has been laid for the previous offence; or

(b) where the offence is one of employing two or more young persons contrary to the provisions of this Act. 1916, c. 100, s. 1.

38. The following provisions shall have effect with respect to summary proceedings for offences under the preceding sections:—

(a) The information shall be laid within one month after the commission of the offence;

(b) The description of an offence in the words of this Act, or in similar words, shall be sufficient in law;

(c) Any exception, exemption, proviso, excuse or qualification, whether it does or does not accompany the description of the offence in this Act, may be proved by the defendant, but need not be specified or negated in the information; and, if so specified or negated, no proof in relation to the matters so specified shall be required on the part of the informant;

(d) It shall be sufficient to allege that a shop is a shop within the meaning of section 19 of this Act, without more;

(e) It shall be sufficient to state the name of the ostensible employer or the title of the firm by which the employer employing persons in the shop is usually known;

(f) A conviction or order made, either originally or on appeal, shall not be quashed for want of form. 1916, c. 100, s. 1.

39. The provisions of the foregoing sections, as enumerated below, shall apply in respect to an office, viz.: 19, 20, 24, 27, 28, 29, 30, 31, 32, 33, 35, 36 and 38. 1917, c. 84, s. 6.

Schedule omitted.

### Protection of Thresher Employees Wages.

Chapter 197 with amendments:—10. Every farmer shall, to the extent of the amount earned by the thresher in the threshing of his grain, be liable for the wages due to every workman for the time put in by him on the farmer's threshing and for the fuel used by the threshing outfit while same is engaged during the threshing season on the farmer's premises, and for the cost of repairs done during the threshing season, provided that the workman or supplier of fuel or repairer do, within ten days after the threshing machine is removed from the farmer's premises, give notice in writing to the farmer stating the amount due in respect of such wages, or fuel, or repairs, as the case may be, and, in default of payment of such amount by the farmer or the thresher, the farmer may be proceeded against for such amount by action in any court of competent jurisdiction, and in addition he may be proceeded against by the workman in respect of the wages due him under "The Masters' and Servants' Act." which is hereby declared to be applicable to any such proceedings. Amended 1917, c. 93, s. 1.

(2) Any payment by the farmer of any such claim for wages or fuel or repairs shall, if the same were properly due and owing at the time of payment, be credited by the thresher in reduction of his claim against the farmer. Amended 1917, c. 93, s. 2.

(3) No transfer of the ownership or right to possession of the threshing machine, nor any assignment of the earnings thereof, nor any attachment of such earnings by garnishing order, nor any other claim of any kind or description, shall prevail against the claim of a workman, or supplier of fuel, or repairer, but the claim of a workman shall prevail over that of a supplier of fuel and over that of a repairer. Amended 1917, c. 93, s. 3.

(4) Unless a workman or supplier of fuel, or repairer takes proceedings to enforce his claim against a farmer within twenty days after he has given such notice as aforesaid he shall be deemed to have abandoned the same and shall cease to have any claim against the farmer. Amended 1917, c. 93, s. 4.

(5) The threshers shall not be entitled to commence an action for the amount of his claim against the farmer until after the expiration of the said period of ten days without first producing to the farmer evidence that there is no such unpaid claim for wages, fuel, or repairs, or offering to deduct from his account the amount of any unpaid claim or claims. Amended 1917, c. 93, s. 5.

(6) No garnishing or attaching order issued out of any court, and no assignment of the earnings of the thresher, shall have any effect to bind such earnings in the hands of the farmer or to prevent him from paying the same to the thresher, unless the amount of such earnings shall exceed the total amount of the wages of the men employed by such thresher, whether paid or unpaid by him and the cost of fuel used by the threshing outfit while same is engaged during the threshing season on the farmer's premises, and the costs of repairs to the threshing outfit made within ten months prior to the commencement of such threshing, and then only to the extent of any such excess, but this sub-section shall not protect any such earnings from being bound or attached by garnishing orders or actions to recover any unpaid wages of the men employed by the thresher in doing the work or amounts due for the hire of teams and men engaged therein. 1913-14, c. 120, s. 1. Amended 1917, c. 93, s. 6.

### Interpleader.

11. If there be a dispute as to the amount payable for wages as aforesaid to any workman or workmen, or if the total amount of workmen's claims, notice of which has been so received by the farmer, exceeds the amount earned by the thresher, the amount claimed in such notice or notices up to the total sum earned by the thresher may be paid into the county court in the judicial division in which said threshing was done, and at the time of paying said money into court the person so paying in shall notify the clerk of the name of the thresher and of the names of the workmen who have served him with notice under this Act, whereupon any of the said workmen may sue out an interpleader summons in the form in the schedule to this Act to determine, adjust and finally settle the rights of the several parties to the money so paid into court and in such proceedings between the workman and the thresher the former shall be plaintiff and the latter defendant, and all proceedings under "The Masters' and Servants' Act" shall thereupon be stayed and the costs of the proceedings both in the county court and under the provisions of "The Masters' and Servants' Act" shall be in the discretion of the county court judge.

12. Any number of such workmen may join in said interpleader proceedings, and if there is not sufficient money in court to satisfy all their claims, the same shall be distributed *pari passu* according to their respective claims, subject to an order of the court as to costs.

12a. If there be a dispute between the farmer and the thresher as to the amount of grain threshed, or as to the price to be charged therefor, or in case the farmer asserts any set off or counterclaim against the thresher, the total amount claimed by the thresher may be paid by the farmer into the county court of the judicial division in which said threshing was done, and at the time of paying said money into court the person so paying in shall notify the clerk of the name of the thresher, whereupon there may be sued out an interpleader summons in the form in the schedule to this Act, to determine, adjust and finally settle the rights of the farmer and the thresher to the money so paid into court; after taking into account any such set off or counterclaim, and in such proceedings between the farmer and the thresher the former shall be the plaintiff and the latter defendant, and all proceedings thereunder shall be according to the practice as laid down in "The County Courts Act" and amendments thereto, 1920, c. 140, s. 2.

13. In the event of such interpleader proceedings not being taken within thirty days after the money has been paid into court, the said money shall on *praecepte* be paid out to the thresher or to whomsoever he may order or assign said money.

### General Provisions.

14. Every person owning or operating a threshing machine in this Province shall, upon demand of any of the workmen assisting in the operating of such machine, at any time furnish to such workman forthwith a written statement of the length of time for which such workman is entitled at the time of such demand to be paid for such work and of the amount earned by him for such work up to that time, which written statement shall be signed by such owner or operator or by his foreman or agent acting for him; and, if such owner or operator or his foreman or agent shall refuse or neglect to furnish such written statement on demand, he shall be liable to a penalty of five dollars for every day during which such statement is withheld.

15. A copy of this Act, furnished by the King's Printer, shall be kept affixed to every threshing machine while being operated anywhere in this Province. It shall be the duty of the person in charge of the operating of such machine to see that this section is observed, and every such person who wilfully neglects such duty shall be liable to a fine not exceeding ten dollars, and any person who wilfully defaces or destroys the copy of this Act so affixed to such machine shall be liable to a fine not exceeding ten dollars.

(Schedule omitted.)

### Wages as Preferred Claims—In Liquidations.

Chapter 205.—11. In distributing the assets of a company under the provisions of this Act, the liquidator shall pay in priority to the claims of the ordinary or general creditors of the company the wages or salary of all persons other than directors in the employment of the company at the time of the making of the winding up resolution or order, or within one month before the making thereof, not exceeding three months' wages or salary, and such persons shall be entitled to rank as ordinary or general creditors of the company for the residue, if any, of their claims.

### Woodmen's Liens.

Chapter 208.—This Act may be cited as The Woodmen's Lien for Services Act.

#### Interpretation.

2. In this Act, unless the context otherwise requires,—

(a) The expression "logs and timber" means and includes logs, timber, telegraph poles, railway ties, shingle bolts or staves, or any of them, and fence posts and cordwood while lying piled for shipment by rail or water;

(b) The expression "labour," "service," or "services" means and includes cutting, skidding, felling, hauling, scaling, banking, driving, running, rafting or booming any logs or timber, and any work done by cooks, blacksmiths, artisans, and others usually employed in connection therewith;

(c) The expression "person" in section 3 shall be interpreted to include cooks, blacksmiths, artisans and all others usually employed in connection with such labour, service or services;

(d) The expression "judge" means a judge of any of the county courts in this Province, or any deputy lawfully acting for him.

#### How Lien Arises and When Same Attaches.

3. Any person performing any labour, service or services in connection with any logs or timber within this Province shall have a lien thereon for the amount due, not exceeding the sum of two hundred and fifty dollars, for such labour, service or services, and the same shall be deemed a first lien or charge on such logs or timber, and shall have precedence of all other claims or liens thereon, except any lien or claim which the Crown may have upon such logs or timber for or in respect of any dues or charges.

4. The said lien shall not attach or remain a charge on the logs or timber, unless and until a statement thereof in writing verified upon oath by the person claiming such lien, or someone duly authorized on his behalf, and bearing endorsed thereon the name and post office address of the claimant's attorney, shall be filed in the office of the clerk of the county court of the judicial division in which the labour or services or some part thereof has been performed:

Provided that, when such labour or services have been performed upon any logs or timber got out to be run down or run down any of the rivers or streams, within or partly within the Province, such statement may, at the option of the claimant, be filed in the office of the clerk of the county court of the judicial division wherein the drive terminates or reaches its destination.

5. Such statement shall set out briefly the nature of the debt, demand or claim, the amount due to the claimant, as near as may be, over and above all legal set-offs or counter claims and a description of the logs or timber upon or against which the lien is claimed, and may be in the form set out in schedule A to this Act or to the like effect.

6. If such labour, service or services be done between the first day of October and the first day of April next thereafter, the statement of claim shall be filed on or before the twentieth day of April next thereafter; but if such labour or services be done or performed on or after the first day of April, and before the first day of October in any year, then such statement shall be filed within twenty days after the last day such labour or services were performed:

Provided that no mortgage, sale or transfer of the logs or timber upon which a lien is claimed under this Act during the time limited for the filing of such statement of claim and previous to the filing thereof, or after the filing thereof and during the time limited for the enforcement thereof, shall in anywise affect such lien, but such lien shall remain and be in force against such logs or timber in whosoever possession the same shall be found.

#### Enforcement of Lien.

7. Any person having a lien upon or against any logs or timber under this Act may enforce the same by suit in the county court within whose jurisdiction the said logs or timber or any part thereof, may be situated at the time of the commencement of the suit; and such suit may be commenced to enforce such liens, if the same be due, immediately after the filing of such statement, or, if credit has been given, immediately after the expiry of the period of credit; and such lien shall cease to be a lien upon the property named in such statement, unless the proceedings to enforce the same be commenced within thirty days after the filing of the statement of

claim or after the expiry of the period of credit. In all such suits the person, company or corporation liable for the payment of such debt or claim shall be made the party defendant.

(2) There shall be attached to or endorsed upon the writ of summons a copy of the lien claim filed as hereinbefore provided, and no other statement of claim shall be necessary unless ordered by the judge, and no pleadings or notices of dispute or defence other than such as are required in a suit or proceeding in the county court shall be necessary. If no dispute notice is filed, judgment may be signed and execution issued according to the practice of the county court. The judge may order any particulars to be given or any proper or necessary amendments to be made, or may add or strike out the names of parties at any time, and may set aside judgment and permit a defence or dispute notice to be entered or filed on such terms as to him shall appear proper. The writ shall be in the form of that in use in the county courts, and the practice shall follow as nearly as may be that of the county courts. Writs may be served anywhere in the Province in the same manner as in other cases, and the judgment shall declare that the same is for labour or services, the amount thereof and costs, and that the plaintiff has a lien therefor on the property described when such is the case.

(3) Where an execution has issued and has been placed in the bailiff's hands for execution, and no attachment has been issued, the proceedings for the enforcement of the lien shall be by sale under the execution, and the proceedings relating to proof of other claims and the payment of money into court and the distribution of money and otherwise shall, as far as practicable, be the same as are hereinafter provided for proceedings upon, and subsequent to, an attachment.

(4) Where an attachment issues in the first instance, the statement of claim and defence and proceedings to judgment may be the same as hereinbefore provided where a suit has been begun by writ of summons; and where an attachment issues after proceedings have been begun by writ of summons the proceedings shall continue and be carried to judgment under the writ of summons, except such as are necessary to be taken under the attachment.

(5) In any case, whether commenced by a writ of summons or attachment, the judge may direct that the same shall be disposed of summarily by him in chambers without waiting for the regular sittings of the court, upon such terms as to notice and otherwise as the order shall provide, and the same may be so heard and disposed of.

(6) The judge may also entertain in chambers any application to set aside an attachment or seizure, or to release logs or timber that have been seized, and may summarily dispose of the same.

8. Where the amount of any claim filed as aforesaid is not less than ten dollars, upon the production and filing of a copy of said claim and affidavit, and of an affidavit made and sworn by the claimant of the amount of the claim due and owing, and showing that the same has been filed as aforesaid, and stating that,—

(a) he has good reason to believe and does believe that the logs or timber are about being removed out of the Province, or

(b) that the person indebted for the amount of such lien has absconded from the Province with intent to defraud or defeat his creditors, or

(c) that the logs or timber are about being cut into lumber or other timber, so that the same cannot be identified, and

(d) that he is in danger of losing his said claim if an attachment do not issue; then if affidavits corroborating the affidavit of the plaintiff in respect of paragraphs (a), (b) or (c) of this section be also filed, the clerk of the proper county court shall issue a writ of attachment as in the case of attachment under "The County Courts Act," directed to the bailiff of such court, commanding such bailiff to attach, seize, take and safely keep such logs or timber, or a sufficient portion thereof to secure the sum mentioned in the said writ, and the costs of the suit and of the proceedings to enforce the lien, and to return the writ forthwith to the court out of which the same issued.

9. Where additional claims are made or the amount of claim is increased or a sufficient seizure has not been made, a second or subsequent seizure may be made either under execution or attachment.

10. The said writ of attachment shall also, where no writ of summons has issued, summon the defendant to appear before the county court out of which the attachment has issued, and a copy of the writ of attachment shall be served upon the defendant, and, if the defendant in such attachment is not the owner of the logs or timber described in the writ of attachment, then a copy of the writ shall also be served upon such owner, or upon the agent or person in whose possession, custody or control they may be found for him. The owner may on his own application, or by direction of a judge, be made a party defendant at the trial.

(2) Where the service has not been personal upon either the defendant or owner, and where a proper defence has not been made, the judge may in his discretion admit them or either of them to make full defence and may make such order in the premises as may be reasonable and just to all parties.

11. No bailiff shall seize upon or detain any logs or timber under the provisions of this Act when in transit, by water, from the place where cut to the place of destination.

12. In case of an attachment, if the owner of said logs or timber, or any person in his behalf, shall execute and file with the clerk of the court out of which the attachment has issued a good and sufficient bond to the person claiming the lien, executed by two sureties and approved by the said clerk and conditioned for the payment of all claims, damages, costs, charges, disbursements

and expenses that may be recovered by the claimant in such proceedings, together with the amount for which a lien is claimed in any other suit, if any, the clerk shall issue an order to the bailiff having in charge the logs or timber directing their release; and, upon service of such order upon the bailiff, he shall release the same.

13. Any person served with a copy of the writ of attachment under this Act who may desire to dispute the same, shall, within ten days after such service, enter in the court in which proceedings are pending a notice that he disputes the claim upon the lien in whole or in part.

14. If no notice of dispute be entered under the last preceding section, judgment may be entered as in the case of default, and the practice or procedure may be the same as in a suit begun by writ of summons.

15. The defendant may, at any time after service of the writ of attachment and before the sale of the logs or timber, pay into court the amount for which a lien is claimed in the suit, together with the amount for which a lien is claimed in any other suit (if any) and the costs of the proceedings thereon to the date of such payment taxed by the clerk of the court if so required, and thereupon he shall be entitled to a certificate vacating such lien; and upon said certificate being filed with the clerk of the county court in which the original statement of claim was filed, the said lien shall be vacated and all further proceedings thereon shall cease and the person making such payment shall further be entitled to an order directing the delivery up of the logs or timber seized under the attachment or the cancellation of any bond given under section 12.

16. After the expiration of the time hereinbefore named within which notice of dispute may be entered, the judge shall in chambers, as provided by sub-section (5) of section 7 or, at the next sitting of the court, after due notice to all parties to the suit and to all persons claiming liens on the logs or timber, and whose liens are duly filed as aforesaid, or to their attorneys, hear all such parties and claimants, and take all accounts necessary to determine the amounts, if any, due to them or any of them, or to any other holders of liens who may be called by the judge to prove their liens, and shall tax to them their costs and determine by whom the same shall be payable and settle their priorities and generally determine all such matters as may be necessary for the adjustment of the rights of the several parties.

17. At the conclusion of the inquiry the judge shall make his report and order, which shall state his findings, and direct the payment into the court in which proceedings are pending of the amounts, if any, so found due and the costs, within eight days thereafter, and, in default of such payment, that the logs or timber shall be sold by the bailiff for the satisfaction of the amounts found due to the several parties upon the inquiry and costs.

18. In default of payment into court under the last preceding section within the time named in the order therefor, the said logs or timber shall within twenty days thereafter, be sold by the bailiff holding the same, in the same manner and subject to the same provisions of law as goods and chattels seized or taken in execution, unless the judge shall direct that additional publicity be given to the sale; and the amount realized by such sale shall, after deducting the expenses thereof payable to the bailiff, be paid into the court in which the proceedings are pending, and shall, upon the application of the several parties found to be entitled thereto under the order of the judge, be paid out to them by the clerk of the said court;

Provided that where the amount realized upon the sale shall not be sufficient to pay the claims in full and costs, the judge shall apportion the amount realized *pro rata* among the different claimants.

19. If, after such sale and distribution of the proceeds thereof under the preceding section, any balance shall remain due to any person under the said order of the judge, the clerk of the court shall, upon the application of such person, give to him a certificate that such amount remains due, which certificate may be entered as a judgment in any county court having jurisdiction, against the person or persons by whom the claim was directed to be paid, and execution may be issued thereupon as in the case of other judgments of the county courts.

20. Where nothing shall be found due upon the several claims filed under this Act or upon the lien or liens in respect to which proceedings have been taken, the judge may direct by his said order that the lien or liens be discharged and the logs or timber released or the security given therefor be delivered up and cancelled, and shall also by such order direct payment forthwith of any costs which may be found due to the defendant or owner of the said logs or timber.

21. Where more money is paid into court as the proceeds of the sale of logs or timber than is required to satisfy the liens which have been proved and the interest and costs, the remaining moneys shall be paid over to the party entitled to the same unless the judge otherwise orders.

22. Any person affected by proceedings taken under this Act may apply to the judge to dismiss the same for want of prosecution, and the judge may make such order upon the application as to costs or otherwise as may be just.

(2) The judge may at any stage of such proceedings on application of any party, or as he may see fit, order that any person who may be deemed a necessary party to any such proceedings be added as a party thereto or be served with any process or notice provided for by this Act, and the judge may make such order as to the costs of adding such person or corporation or as to such service as may be just.

23. Nothing in this Act contained shall be deemed to disentitle any person to any other remedy than that afforded by this Act for the recovery of any amount due in respect of labour or services performed upon or in connection with any logs or timber; and where a suit is brought to enforce a lien, but no lien is found to exist judgment may be directed for the amount found due as in an ordinary case.

24. Any number of lienholders may join in taking proceedings under this Act, or may assign their claims to any one or more persons; but the statement of claim to be filed under section 4 shall include particular statements of the several claims of persons so joining and shall be verified by the affidavits of such persons so joining, or separate statements of claim may be filed and verified as by this Act provided and one attachment or writ of summons issued on behalf of all the persons so joining.

25. Where suits are brought in more than one county court respecting liens or claims upon the same logs or timber, the procedure, after the issue of the first execution or attachment, shall be had into the county court out of which such execution or attachment first issued, unless the judge shall otherwise order.

26. The forms necessary to be used in any action or proceeding under this Act, the costs to be taxed to any party therein and the procedure regulating the practice in actions brought and other proceedings taken in the county courts under the provisions of this Act shall so far as are not inconsistent with this Act be, as near as may be, according to the forms, tariff of costs and procedure in force under "The County Courts Act," and the powers vested in "The Board of County Judges" under sections 21 and 23 of "The County Courts Act" shall be applicable to this Act.

(Schedule omitted.)

## STATUTES OF 1913-14

### Protection of Employees on Buildings.

Chapter 12. with amendments—1. This Act may be cited as The Building Trades Protection Act.

2. In this Act,—

(a) "Building" shall include any structure under construction or reconstruction or demolition;  
 (b) "Excavation" shall mean any trench in the ground at a depth of more than five feet;  
 (c) The expression "inspector" means any inspector of the Bureau of Labour appointed by order of the Lieutenant-Governor in Council, or any inspector appointed by a municipality for the enforcement of this Act. 1916, c. 12, s. 1.

3. The Lieutenant-Governor in Council may appoint inspectors to enforce this Act, and shall have power from time to time to adopt rules and regulations providing for the proper protection of persons employed on any building or excavation, and such rules and regulations, when published in The Manitoba Gazette, shall have the same effect as if contained in this Act, and shall be read and applied as supplementary to the provisions of this Act. Amended 1917, c. 8, s. 2.

3a. The Minister of Public Works may appoint a Board, composed of three or more persons to inquire into and draft rules and regulations providing for the proper protection of persons employed on any building or excavation, and submit such rules and regulations to the said Minister. The persons to comprise the Board shall consist of persons conversant in a practical degree with building and excavation work, and the chairman shall be an official of the Department of Public Works, and the other members shall be so selected that there shall be an equal number representative of the employers and of the employees respectively. The remuneration for and duration of appointments under this section shall be determined by the said Minister. 1917, c. 8, s. 2.

4. (1) Where any inspector appointed under this Act finds that any provision of this Act, is being violated in the case of any building or excavation, he may give such orders in writing as may, in his opinion, be required to secure due compliance with such provision and, upon any such order being made and until the same is carried out the work upon that part of the building or excavation in which the default occurs shall be suspended.

(2) Every person to whom the order of the inspector is directed who disobeys, or knowingly permits any person under his direction and control to disobey any, such order, or to carry on work in violation of subsection (1) before the order is carried out, shall incur a penalty not exceeding fifty dollars for every day upon which such default occurs.

5. In the erection, alteration, repair, improvement or demolition of any building, no scaffolding, hoists, stays ladders, flooring or other mechanical and temporary contrivances shall be used which are unsafe, unsuitable or improper, or which are not so constructed, protected placed and operated as to afford reasonable safety from accident to persons employed or engaged upon the building or excavation.

6. The following regulations shall be complied with in the erection, alteration, repair, improvement or demolition of every building:—

(1) All scaffolding for bricklayers, plasterers and stone work shall be not less than four feet wide, and protected by guard rail when over twenty feet high; for all other trades shall be not less than two feet wide, except for cornice work, when it shall be subject to width of same, meaning that it shall project two feet outside of member of same.

(2) Where scaffolding or staging is "swung" or suspended from an overhead support it shall be not less than twenty-two inches wide and so secured as to prevent it swaying to and fro.

(3) Where poles are used in scaffolding, the poles shall be securely lashed at every point of contact, and where square timber is used in scaffolding the same shall be securely spiked or bolted at every point of contact.

(4) Where hoists are used for raising materials for use in buildings, the shafts or openings shall be protected at each floor by a barrier not less than three feet nor more than four feet from

the level of the floor, and the barrier shall be placed not less than two feet from the edge of the shaft or opening in which the hoist is operated; provided that, upon the level or floor in actual use by such hoist, such barrier shall not be placed across the openings used for entrance or exits to or from such hoists; all other openings shall be protected on line of openings.

(5) No person shall be allowed to ride on or in any hoist used for raising materials for use in buildings under construction; any person violating this subsection shall incur a penalty not exceeding ten dollars for each and every such violation.

(6) All ladders shall extend at least four feet above any scaffold, staging or floor.

(7) No lumber or timber shall be hoisted in a single sling except by proper timber hitch.

7. (1) Where the plans and specifications require the floors to be arched between the beams thereof, or where the floors or filling in between the floors are of fireproof material, the flooring or filling in shall be completed as the building or excavation progresses to not less than within three tiers of beams below that on which the iron work is being erected.

(2) Where the plans and specifications do not require filling in between the beams of floors with fireproof material or brick work, the contractor for the carpenter work, in the course of construction, shall lay the under-flooring of the building on each storey as the building or excavation progresses to not less than within two storeys below the one to which the building has been erected.

(3) Where double doors are not to be used, such contractor shall keep planked over the floor two storeys below the story where the work is being performed.

(4) If the floor beams are of iron or steel, the contractor for the iron or steel work of a building or excavation in course of construction, or the owner of such a building or excavation, shall thoroughly plank over the entire tier of iron or steel beams on which the structural iron or steel work is being erected, except such spaces as may be reasonably required for the proper construction of such iron or steel work, and for the raising or lowering of materials to be used in the construction of such building, and such spaces as may be designated by the plans and specifications for stairways and elevator shafts.

8. In the case of what are known as skeleton steel frame buildings, compliance with the following regulations shall be sufficient, and it shall not be necessary to comply with the requirements of section 7.

(1) As soon as the steel frame of a building is erected to the first column splice above the first floor level, a flooring of two-inch planking shall be laid over floorbeams on the floor immediately below the first column splice, making a temporary floor over that part of the area of the building or excavation inside columns at that level, except in places where it is necessary to have openings for the passage of material for building above that point; when erection has reached a point level with the next column splice the planking used as a temporary floor at first column splice shall be removed and placed as before at second splice, and so on to the top of the building.

(2) A flooring of two-inch planking shall be laid down immediately under any derrick for a sufficient space about the derrick to protect workmen on the floors below that on which the derrick is working, and to hold with safety the materials hoisted by the derrick.

(3) Riveters' staging shall be so constructed as to secure the reasonable safety of the riveters, and a temporary floor must be provided on the girders and floor beams immediately below the portion of the floor upon which the riveters are working, sufficient for the protection of workmen engaged below that floor.

(4) The steel work may be carried on in advance of the construction of permanent floors.

9. In cities and towns the following regulations shall be complied with in erecting, altering or repairing any building:—

(1) When the work is located on the line of any street or within three feet of the inside line of the sidewalk of any street, before any of the work above the sidewalk or footway is commenced, there shall be erected over the sidewalk or footway of the street a covered passageway or independent structure not less than eight feet high at the lowest side above the level of the sidewalk or footway and of sufficient strength to protect the public using the sidewalk or footway.

(2) If a building or excavation is to be erected or made within seven feet of the inside line of the sidewalk or any street, a strongly constructed close-boarded fence or barricade, not less than six feet high, shall be erected along the inside line of such sidewalk.

(3) No person shall place any stone, brick, lumber or any building material, fence, barricade or temporary sidewalk so as to obstruct the free passage of water in the drains, gutters or water courses; and the roofs of all covered ways shall be kept clear of any material whatever.

(4) All sewers, ditches, drains or any other excavation of whatever nature shall be properly shored up, so as to prevent the caving in of the ground after a depth of five feet has been excavated from the ground level.

(5) If in any employment personal injury by accident is caused to a workman employed in or about a building or excavation, his employer shall immediately give written notice thereof to an inspector under this Act.

(6) Notice of such injury shall give the name and address of the employer, the name of the person injured, and shall state in ordinary language the cause of the injury and the date on which the accident occurred.

(7) The notice may be served by delivering the same at, or sending it by post in a registered letter, to the office or residence of such inspector.

(8) In the event of any accident occurring on any work covered by the provisions of this Act, and such accident being of a serious or fatal nature, no alterations, changes or repairs shall be made to any scaffolding or mechanical appliances connected directly or indirectly with the cause of accident until the inspector under this Act shall have first inspected same.

(9) Every employer who fails to comply with the provisions of this section shall incur a penalty not exceeding fifty dollars.

10. "The Manitoba Summary Convictions Act" shall apply to every prosecution under this Act.

11. Sections 7, 8 and 9 of this Act shall not apply to any building not more than twenty feet in height from the ground level to the highest part of the roof, or to any excavation less than five feet deep, nor to any farm building or excavation, nor to any work being done upon a building or excavation by the owner or occupant thereof in person. Amended 1917, c. 8, s. 3.

12. Nothing in this Act contained shall in any way decrease or lessen the liability or obligations of any person or corporation under "The Workmen's Compensation Act," Revised Statutes of Manitoba, 1913.

13. The provisions of this Act shall be read and applied as supplementary to the by-laws of every municipality in this Province, where such exists, but, where no by-law has been passed dealing with the matters covered by this Act, then the provisions herein shall apply.

13a. In municipalities wherein it is necessary to obtain a permit before commencing any building or excavation, the official issuing such permit shall advise the Bureau of Labour once each week of such permits as are issued, giving the location and estimated cost of the work. 1917, c. 8, s. 4.

14. Chapter 22 of the Revised Statutes of Manitoba, 1913, is hereby repealed.

15. This Act shall come into force on the day it is assented to.

### **Housing Accommodation for Workingmen.**

[Chapter 51 provides for loans to companies incorporated for the purpose of erecting moderately-priced houses.]

## **STATUTES OF 1915.**

### **Bureau of Labour.**

Chapter 6, with amendment—1. This Act may cited as The Bureau of Labour Act.

2. There shall be attached to the Department of Public Works a bureau, to be styled "The Bureau of Labour."

3. (1) The Lieutenant-Governor in Council may appoint a secretary of the said Bureau and also inspectors and such other officers and employees as are required for the proper and efficient administration of the said Bureau.

(2) The salaries of persons appointed as aforesaid, and also all office expenses for the adequate maintenance of the said Bureau, shall be paid out of the Consolidated Revenue Fund of the Province. 1916, c. 13, s. 1.

4. It shall be the duty of the Bureau to collect, assort, systematize and publish information and statistics relating to employment, wages, and hours of labour, co-operation, strikes, lockouts, or other labour difficulties, trades unions, labour organizations, the relations between labour and capital, and other subjects of interest to workingmen throughout Manitoba, with such information relating to the commercial, industrial and sanitary condition of workingmen, and the permanent prosperity of the industries of Manitoba, as the Bureau may be able to gather.

4A. The said Bureau shall be and is hereby charged with the duty and obligation of seeing that all the several provisions of the following mentioned Acts, that is to say, "The Shops Regulation Act," "The Bake Shops Act," "The Public Buildings Act," "The Manitoba Factories Act," and "The Building Trades Protection Act," or contained in any Act or Acts that may hereafter be substituted for said Acts, or any of them, are from time to time, and at all times duly and properly observed and enforced; and for all and singular the said purposes all the duties, powers and authority given to an inspector in and by the said Acts, or any of them, shall be vested in any inspector appointed and holding office pursuant to the provisions of this Act, as fully and effectually to all intents and purposes as if all such duties, powers and authority were specifically set forth herein. 1916, c. 13, s. 2.

5. This Act shall come into force on the day it is assented to.

## **STATUTES OF 1916.**

### **Co-operative Associations.**

[Chapter 23 deals with the formation of co-operative associations.]

### **Prison Labour.**

[The Industrial Farm Act, Chapter 57, 1916, contains the first provision respecting prison labour in Manitoba. The Act authorizes the establishment of an industrial farm to which certain offenders may be committed. Section 9 provides for the employment of such prisoners as follows:—

9. The Lieutenant Governor in Council may direct or authorize the employment upon any public work beyond the limits of the industrial farm of any person who is under sentence of detention at such industrial farm.

### Mothers' Pensions.

Chapter 69, with amendment 1. This Act may be cited as "The Mothers' Allowances Act, 1916."

2. The Lieutenant Governor in Council may set aside during each fiscal year, out of the Consolidated Revenue Fund of the Province, a sum or sums, in the whole not to exceed in any year the amount voted for said purpose in the supply bill of that year to provide support or partial support for mothers of dependent or neglected children within the Province, and an allowance may be made therefrom to any mother of a neglected or dependent child or children whenever such mother is a widow or her husband is an inmate of a penal institution or insane asylum, or, because of physical disability, is unable to support his family, and the dependent or neglected condition of such child or children is due wholly or in part to the poverty of the mother and the want of adequate means to properly care for such child, and the mother is otherwise a proper person to have the custody of such child and the welfare and best interests of such child will be subserved by permitting it to remain in the custody of its mother. Amended 1917, c. 56, s. 1.

3. The Lieutenant Governor in Council may appoint a commission of not less than three and not more than five persons, male or female, or both, to administer said moneys, and in and by said appointment or subsequently may prescribe rules and regulations in accordance with which said moneys shall be expended, and in accordance with which said commission shall be governed and act, and may prescribe, limit or extend its powers, and may prescribe returns and reports to be made by such commission, or may appoint such commission generally and approve of any rules and regulations the said commission may make in respect of the matters in this Act, but no rules or regulations so made by the said commission shall have any force and effect whatsoever until they shall have been approved by the Lieutenant-Governor in Council.

4. The Lieutenant Governor in Council may authorize the Municipal Commissioner to levy upon the respective municipalities of the Province, the whole amount so expended or such, portion thereof as may be just to recoup or partially recoup the Province for the same, and such levies when so authorized shall have the same force and effect as if made under The Municipal Commissioner's Act, and on receipt of any moneys so levied from a municipality the Municipal Commissioner shall pay the same over to the Provincial Treasurer. 1917, c. 56, s. 2. Amended 1918, c. 41, s. 1.

[Said section 4, as amended by 1917, c. 56, s. 2, and 1918 c. 41, s. 1, shall be construed as if it had always stood as so amended. 1917, c. 56, s. 3. 1918, c. 41, 2.]

4a. When a beneficiary under this Act is the owner of lands or of any interest therein a statement over the signature of the Attorney-General of this Province, certifying that the person named has received or is in receipt of moneys under the provisions of this Act may be registered in any registry or land titles office of the Province which statement from the time of such registration shall bind and form a lien and charge on all the lands of such person in the several registration and land titles districts in which it is registered, to the same extent and with the same effect as if the statement were a certificate of judgment registered under "The Judgments Act," save that the same need not be renewed from time to time, but shall remain in force until discharged.

(2) The lien or charge created by the registration of said statement may be postponed or discharged by filing in the same office a letter of postponement or discharge, as the case may be, over the signature of said Attorney-General or of the secretary of the commission. 1920, c. 80, s. 1.

### • Employment of Children—School Attendance.

Chapter 97, with amendments 2. In every school district in the Province of Manitoba every child over the age of seven and under the age of fourteen years, shall attend school for the full term during which the school or schools of the district in which such child resides is or are open each year, unless excused for any of the reasons and in the manner hereinafter mentioned, and if the parent or guardian having legal charge of any child shall fail to send such child to school regularly for the said full term, or if any child is absent from school unless excused for any of the reasons and, in the manner hereinafter mentioned, the parent or guardian of such child shall be subject to the penalties of this Act.

(a) Provided that any child over the age of fourteen years who enrolls in any elementary or secondary school established under the provisions of "The Public Schools Act," must attend regularly while enrolled as a pupil in such school and during such enrollment shall be under the jurisdiction of the school attendance officer or officers.

(b) Provided further that any school board having an attendance officer may by by-law require that every child shall attend school until he has attained the full age of fifteen years, unless excused for any of the reasons and in the manner hereinafter mentioned. 1919, c. 90, s. 1.

5. No parent, guardian or other person shall be liable to any of the penalties of this Act in respect of any child if

(a) such child is in regular attendance at a private school in respect of which a report has been made within one year previous under the last preceding section, that such private school affords an education equal to the standard of the public schools of this Province; or

(b) he produces a certificate of a school inspector that in his opinion the child is being educated at home or elsewhere in a manner equal to the standard of the public schools of this Province, but such certificates shall not be accepted by the court if dated over one year prior to the date of any complaint laid under this Act; or

(c) the child is unable to attend school by reason of sickness or other unavoidable cause which shall be reported promptly to the principal by the parents or guardian; (Amended 1917, c. 77, s. 1;)

(d) the child has been excused, as hereinafter provided, from attending school by the principal of the school which such child ought to attend, or by a justice of the peace, or by a police magistrate; or

(e) Repealed, 1920, c. 119, s. 1.

(f) there is not sufficient school accommodation in the district in which the child resides; or

(g) there is no school open which the child can attend within a distance of two miles, measured according to the nearest passable road from the child's residence, if he is under ten years, of age, or within three miles if he is over ten years of age, provided that, in the case of districts conveying children in accordance with sections 93, 95, 122 and 130 of "The Public Schools Act," this limitation as to distance shall not apply.

6. Subject to the provisions of the following sections no child under the age of fourteen years in any school district shall be employed by any person during school hours while the public school of the district in which the child resides is in session, and any person employing any child contrary to the provisions of this section shall be liable to a penalty not exceeding one hundred dollars for each offence.

7. Where, in the opinion of the principal of the school attended by such child, or of any justice of the peace, or of any police magistrate, the services of such child, if over the age of twelve years, are needed in husbandry or in urgent and necessary household duties, such principal, justice of the peace or police magistrate may, by certificate setting forth the reasons therefor, relieve such child from attending such school for any period not exceeding six weeks in any school term, and a copy of such certificate shall be sent forthwith to the attendance officer; provided that, where such child has been absent from school for any period whatever without receiving a certificate as herein provided, the time such child has been absent shall be taken into account by the principal, or justice of the peace or police magistrate, in issuing the certificate, and the time allowed under such certificate as provided herein shall be lessened accordingly; and all principals, justices of peace and police magistrates are hereby required to inform themselves fully in this and all other necessary matters before issuing any certificate. 1917, c. 77, s. 3.

(8) The board of any rural school district may, and the board of every school district in any city, town or incorporated village (or any other school district employing three or more teachers) shall, appoint one or more persons to act as school attendance officers for the enforcement of this Act. The school attendance officers shall, for the purpose of this Act, be vested with police powers and shall have authority to enter theatres, play-houses, places of public entertainment and amusement, factories, workshops, stores, shops and all other places where children may be employed or congregated, and shall perform such services as he or they deem necessary for the enforcement of this Act.

8a. Each school attendance officer, shall by virtue of his appointment as such attendance officer, be a probation officer of the Juvenile Court, if any, having under the provisions of the "Juvenile Delinquents Act, 1908" being Chapter 40 of the Statutes of Canada for 1908, jurisdiction over part or all of the territory comprising the school district for which such school attendance officer has been appointed, and he shall perform the duties and possess the powers of such probation officer, but only as to children between the ages of seven and fourteen years. 1918, c. 77, s. 1.

20. If the parent, guardian or other person having the legal charge or control of any child neglects or refuses to cause such child to attend some school and to continue in regular attendance thereat until the first day of July following the receipt of the notice or to make satisfactory provisions for the education of such child after being notified as herein required (unless such child has been excused from such attendance as provided by this Act) the school attendance officer shall make or cause to be made, a complaint against the parent, guardian or other person before a police magistrate or justice of the peace having jurisdiction in the school district in which the offence occurred and, upon conviction of such refusal or neglect, such parent, or guardian or other person shall be liable to a fine of not less than \$5 nor more than \$20, and in default of payment to imprisonment for a period not exceeding twenty days, or the court may, in its discretion, require the person so convicted to give a bond in the penal sum of \$100, with one or more sureties to be approved by said court, conditioned that the person so convicted shall cause the child or children under his or her legal charge or control to attend some school within three days thereafter, and to remain at school or under satisfactory instruction as required by this Act. Amended 1920, c. 119, s. 5.

### Inspection of Steam Boilers.

Chapter 103 with amendment.—1. This Act may be cited as "The Steam Boiler Act."

2. In this Act, unless the context otherwise requires:—

(a) "Steam plant" shall mean and include a steam boiler, a boiler and steam engine and every part thereof and thing connected therewith or used with reference to any such boiler or engine under the care of an engineer, except as hereinafter provided;

(b) "Boiler" shall mean and include all steam boilers and every part thereof or thing connected therewith and all apparatus and things attached to or used in connection with any such boiler, except as hereinafter provided;

(c) "Board" shall mean the Board of Examiners appointed as hereinafter provided;

(d) "Minister" shall mean the Minister of Public Works;

(e) "Owner" shall mean and include any person, firm or corporation, the owner or lessee of a boiler, and the manager or other head officer in charge of the business of any such firm or corporation;

(f) "Engineer" shall mean any person having charge of or operating a steam boiler, or a steam boiler and the steam engine connected therewith, under the provisions of this Act;

(g) "Chief inspector" shall mean a person appointed under this Act by the Lieutenant-Governor in Council to inspect boilers and machinery and having the general supervision over other inspectors likewise appointed;

(h) "Inspector" shall mean an inspector of steam boilers and engines appointed under the provisions of this Act;

(i) "Inspection certificate" shall mean the annual certificate of the inspection of any boiler issued by an inspector;

(j) "Certificate" shall mean the certificate of qualification issued to an engineer under the provisions of this Act;

(k) "Department" shall mean the Department of Public Works of the Province of Manitoba;

(l) "Horse power" shall mean boiler horse power.

### Application of Act.

3. This Act shall apply to all steam boilers and steam-heating plants operated within the Province except railway locomotives on railways operated by the authority of "The Railway Act" of Canada or "The Railway Act" of Manitoba, and boilers subject to inspection under "The Dominion Steamboat Inspection Act," and steam-heating plants in private residences, but rooming houses and apartment houses or blocks shall not be considered private residences within the meaning of this Act.

4. The provisions of this Act shall not require an engineer to be in charge of a boiler or steam engine used on farms for farming purposes only, or of steam-heating plants used solely for heating buildings at a pressure of twenty pounds or under; provided further that exemptions to the sections of this Act, requiring an engineer to be in charge of a steam boiler plant, may be granted by the Minister in the case of a plant located in a railway roundhouse or shop if it is shown, to the satisfaction of the Minister, that properly qualified and competent men are in charge of such plant.

5. The Lieutenant-Governor in Council, upon the recommendation of the Minister, may constitute the Province into steam boiler inspection districts, and may from time to time alter such districts.

6. The Lieutenant-Governor in Council, on the recommendation of the Minister, may appoint a supervisor who shall control the collection of fees, the issuing of certificates and supervise all matters connected with the proper administration of this Act under the direction of the Minister.

7. The Lieutenant-Governor in Council, on recommendation of the Minister, may appoint inspectors, one of whom may be the chief inspector, and such other officer or officers as may be deemed advisable for carrying out the provisions of this Act, and such inspectors shall be persons who, in the opinion of the Minister, have had the necessary practical experience to qualify them for the positions, and who are not directly or indirectly interested in the manufacture or sale of boilers or steam machinery or any patented article required to be used or of general use in the construction or operation of steam boilers.

8. The Lieutenant-Governor in Council, upon the recommendation of the Minister, may appoint a Board of Examiners consisting of competent engineers conversant in a practical degree with the construction of boilers and the operation of steam plants, who shall hold office during pleasure, and who, subject to the regulations mentioned in the next following section and to the approval of the Lieutenant-Governor in Council, shall prescribe the subjects in which candidates for certificates of qualification as engineers shall be examined and conduct or provide for and supervise the examinations of candidates and report thereon to the Department.

9. The Lieutenant-Governor in Council, upon the recommendation of the Minister, may make regulations for:

(a) the examination of candidates, the granting of certificates, and the evidence to be furnished by candidates as to previous training or experience and sobriety and good character:

- (b) determining the time and duration of certificates and their renewal;
- (c) fixing the fees to be paid to the Government by the owner for inspection, and by candidates upon examination and for certificates and renewals thereof and for special certificates and permits;
- (d) prescribing the causes for which a certificate may be revoked, cancelled and suspended, and for;
- (e) fixing the fees or other remuneration to be paid to the inspectors and officers of the Department.

### Boiler Inspection.

10. The inspectors shall—  
inspect all steam boilers or steam generators before the same shall be used, and once at least in each year subject all boilers within their respective districts to hydrostatic pressure.

11. Said inspectors shall satisfy themselves by a thorough examination of the inside and outside of all boilers inspected and by a hammer test, after the hydrostatic pressure, that the current rules and regulations of construction, maintenance and operation with regard thereto, as prescribed by the Lieutenant-Governor in Council, are properly carried out.

12. In the case of boilers used for heating purposes in hotels, stores, office buildings, churches, apartment buildings or other buildings used for public purposes, or in which the public from time to time congregate, the inspector shall lock and seal the pop safety valve on the boiler so as to permit of no greater steam pressure in the boiler than twenty pounds to the square inch unless the owner desires to use a greater pressure, in which case all the provisions of this Act in respect to the operation of steam boilers shall apply.

13. In addition to the annual inspection, it shall be the duty of the inspector to examine at any time all such boilers within his district as shall become unsafe from any cause, and to notify the owner or person using such boilers of any defect and what repairs are necessary in order to render them safe.

14. The chief inspector and all inspectors shall have the right, at all reasonable hours, to examine boilers in course of construction or repair, and to refuse to grant a certificate for any boiler found defective according to the provisions of this Act, or of which the owner has refused to permit such examination.

15. In making the inspection of boilers herein provided for, the inspectors may act jointly or separately.

16. Any boiler not inspected because of the default of the owner, or which, on inspection, has been condemned by the inspector, shall have affixed and sealed thereto by the said inspector an official tag prohibiting its use.

17. It shall be the duty of the owner, manager or operator of a boiler to allow the inspector free access to the same, furnishing to the inspector any information required to enable him to carry out the provisions of this Act, and to furnish water and fill the boiler and remove the jacket or covering when directed by the inspector to enable him to make a test; and it shall be the duty of the engineer operating the same to assist the inspector in his examination, and to point out any defect that he may know or believe to exist in the boiler or machinery in his charge.

18. (1) Every person now owning or hereafter acquiring a steam boiler which is subject to the provisions of this Act shall, for every such boiler owned by him, file in the office of the Department a statement containing the information asked for on a blank to be prepared by the Department.

(2) The fee to be paid upon the filing of such statement shall be one dollar.

(3) Upon the sale or transfer of ownership of any steam boiler registered pursuant to the provisions of this Act, it shall be the duty of the person in whose name such boiler is registered to immediately notify the Department of the name and address of the new owner.

19. The certificates of inspection to be granted under this Act shall be in the form in schedule A to this Act or to the like effect.

20. Every such certificate when issued shall be posted up in a conspicuous place on the boiler or engine or in the engine room in such a place as the inspector directs. No person operating such boiler shall operate the same at a higher pressure than that authorized in the certificate.

21. (1) A report of an explosion of any boiler shall be sent by the owner of such boiler or by a person representing such owner within twenty-four hours after the occurrence thereof to the Minister; such report shall state the exact place at which the explosion occurred, the number of persons, if any, killed or injured, and the probable cause of the explosion.

(2) After the explosion of any such boiler no part or parts of the same shall be removed or their positions altered by any person until after examination by the inspector, except to rescue persons injured, or to remove the bodies of those killed, without the written permission of an inspector.

22. No person shall be eligible for examination as an engineer unless he is a British subject, or has resided in Canada for at least one year immediately preceding the date of application, and is of the full age of twenty-one years; provided that;

(1) an applicant for a third-class certificate shall have served at least two years firing a steam boiler or boilers; or shall have served at least two years on the work of building or repair-

ing steam engines or boilers and also six months firing a steam boiler or boilers, or shall have had such other practical experience as, in the opinion of the Board, qualifies the applicant for examination;

(2) an applicant for a second-class certificate, in addition to qualifications required for a third-class certificate shall have served at least one year assisting an engineer in charge of a plant of fifty horse power or over, or shall have had such other practical experience as, in the opinion of the Board, qualifies the applicant for examination;

(3) an applicant for a first-class certificate shall have had at least two years' experience assisting an engineer in charge of a plant of two hundred horse power or over; or shall have had charge of a plant of over fifty horse power and under two hundred horse power for two years, or shall have had such other practical experience as, in the opinion of the board, qualifies the applicant for examination.

23. Any person eligible as above mentioned desiring to qualify as an engineer may apply to the Department which shall provide him with a form of application for examination, which shall be properly filled out and returned to the Department with references required and the prescribed examination fee.

24. Candidates shall be examined upon sets of questions prepared from time to time by the Board and approved by the Minister and must answer correctly at least sixty per cent of the questions presented in order to be entitled to a certificate of qualification.

25. In the event of any candidate failing in his examination ninety days shall elapse before he shall become eligible for re-examination.

26. To facilitate the examination of candidates living at outlying parts of the Province, the examiners may, at their discretion, forward examination papers to a justice of the peace or other responsible person at said place, who shall oversee the examination of such applicant while writing for his certificate and forward all papers and answers to the Board of Examiners in Winnipeg, who shall approve of same if satisfactory and report thereon to the Department.

27. On the recommendation of the Board, and on payment of the prescribed fees, the Minister may issue certificates of qualification to engineers.

28. The certificates issued under this Act shall be first, second and third class respectively.

29. Any person in charge of a plant of two hundred horse-power or over shall be required to hold a first-class certificate.

30. Any person in charge of a plant of fifty and under two hundred horse power shall be required to hold at least a second-class certificate.

31. Any person in charge of a plant under fifty horse power shall be required to hold at least a third-class certificate.

32. Any person in charge of fire engines, portable or semi-portable engines shall be required to hold at least a third-class certificate.

33. On the recommendation of the Board, and on payment of the prescribed fees, the Minister may in special cases issue a special certificate to be good for a period not exceeding ninety days.

34. On the recommendation of the Board the Minister may issue a permit to any person to operate any steam plant which comes under the provisions of this Act provided the applicant is eligible for examination, but said permit shall become void after ninety days and shall not be renewed.

35. Each certificate shall be in the form in schedule B of this Act or to the like effect.

36. The certificate of any engineer may be revoked by the Minister on the recommendation of the Board or an inspector upon proof of negligence, unskilfulness or drunkenness, or upon the finding of a coroner's inquest.

37. In no case shall a cancelled certificate be renewed until it be shewn to the satisfaction of the Minister that the disability for which it was cancelled no longer exists.

38. In any steam plant where two or more engineers are employed each assistant must hold a certificate not more than one grade lower than the engineer in charge according to the provisions of this Act.

39. In case any owner of a steam plant shows to the satisfaction of an inspector that he is unable through some unforeseen occurrence to immediately secure the services of a duly qualified engineer, the inspector may grant a permit to any person who produces satisfactory evidence of good conduct and sobriety and knowledge of operating said steam boilers to operate such boiler for period of thirty days from the date of such permit, and in such case no penalty shall be incurred by reason of the holder of such permit operating such steam boiler during the period covered thereby.

40. Every engineer shall, during the continuance of his certificate, register his name with the Department, on or before the first day of February of each year, on a form to be furnished by the Department upon application, and any engineer who fails so to do shall not continue in charge of a steam plant unless by permission of the Department.

41. Every person holding a certificate under this Act shall expose it on some conspicuous place in the engine or boiler room in which he is employed, or cause it to be attached to some conspicuous part of the engine or boiler of which he is in charge. But if such person be employed in charge of a portable engine or boiler, which comes under the provisions of this Act, he shall wear in a conspicuous place on the front of his outer garment, at all times while he is operating such steam engine or boiler, a suitable metal badge, which shall have stamped thereon the words "Manitoba licensed engineer" and the number assigned to him, which badge shall be

furnished to him by the Department on application and the payment of twenty-five cents, and he shall produce his certificate for examination on being required to do so by the chief inspector or any inspector or official appointed by the Minister for such purpose.

42. It shall be the duty of the owner of every steam plant to supply the Department with a list of the names and certificate numbers of the engineers on his engineering staff and give notice to the Department from time to time of any changes therein.

43. This Act shall not apply to firemen or other workmen acting under the personal direction and supervision of any engineer holding a certificate under this Act who is actually in charge of a steam plant, or to the employees of engine builders or steam plant contractors engaged in installing, setting up or testing a boiler or steam plant.

44. The inspector's duty relative to engineers shall be—

(a) to see, as far as possible, that all steam plants are operated by certificated engineers in accordance with this Act and to report to the Department any irregularities he may find;

(b) to arrange for and preside at any examination that the Board of Examiners may see fit to hold in his district, said examinations to be conducted in accordance with the instructions issued by the Board;

(c) to forward to the Department a report on each steam plant, also the number of boilers, names of engineers in charge and their certificate numbers;

(d) to assist in every way possible in the enforcement of this Act.

45. Any officer of the Department, on presentation of authority in writing signed by the Minister, may enter any premises wherein he has reason to believe there is a steam plant, and make such inspection as may be necessary to determine whether the provisions of this Act are being complied with.

46. All fees payable under this Act shall be paid into and form part of the Consolidated Revenue Fund of the Province, unless otherwise ordered in regulations adopted by the Lieutenant-Governor in Council. Amended 1917, c. 87, s. 1. [Section 1a of Chapter 87 of the Acts of 1917 provides that section 46 of this Act as amended by said Chapter 87 shall be construed as if it had always stood as so amended.]

47. The Minister may from time to time make regulations, not inconsistent with anything in this Act, and prescribe such forms, as may be deemed necessary for the proper carrying into effect of the provisions of this Act.

48. Any person who deems himself aggrieved by the decision of the Board or an inspector may appeal therefrom to the Minister upon giving such notice as the Minister may prescribe, and the decision of the Minister shall be final.

49. The Lieutenant-Governor in Council may make rules and regulations for the inspection of steam boilers, refrigeration plants, compressed air tanks, oxy-acetylene plants, gas tanks and all or any other tanks or reservoirs used for holding liquid or gaseous substances under a pressure exceeding fifty pounds and all matters connected with the construction and working thereof, and all such rules and regulations shall, after publication in "The Manitoba Gazette," have the like force and effect as if herein enacted.

50. The supervisor shall, on or before the 15th of December in each year, report to the Minister in writing for the year ending on the thirtieth day of November preceding showing:

(a) the number of inspections of steam boilers;

(b) all accidents and casualties, whether by explosion or otherwise;

(c) the number of certificates granted;

(d) the number of applications for certificates refused and the causes for refusal;

(e) the number of certificates revoked, cancelled or suspended, and the cause or causes for the same;

(f) the amount of fees received for inspections, and from candidates or holders of certificates;

(g) such other matters as may be directed by the Minister or the Lieutenant-Governor in Council.

51. Any persons operating a boiler in respect of which there is no unexpired certificate of inspection, as well as the lessee or owner thereof, in case the same is being operated with his consent, shall, unless the absence of the certificate is due to neglect or default of an inspector, be liable to a penalty of five dollars a day for each day that he shall operate such uncertified boiler.

52. It shall be the duty of the person operating or owning any boiler pronounced by the chief inspector or any inspector unsafe to cease to use the same until such repairs as are indicated by the chief inspector or inspector are made, and in case of a violation of this section, the person owning, as well as the person operating any such boiler shall be liable to a fine of not less than twenty dollars and not exceeding one hundred dollars, and shall also be liable for any damage to person or property resulting from such use.

53. Everyone is guilty of an offence punishable, on summary conviction before a justice of the peace, by a fine of not less than ten dollars and not more than fifty dollars, who—

(a) operates a steam plant as the engineer in charge thereof, without the certificate required by this Act, except in the cases provided for by this Act, or who employs or permits any person to do so, or

(b) violates any of the provisions of section 41, or who employs or permits such person to commit such violation, or

(c) violates any of the provisions of section 42.

54. Every one is guilty of an offence punishable, on summary conviction before a justice of the peace, by a fine of not less than twenty dollars and not more than one hundred dollars, who—

- (a) in any way interferes with or removes the official tag referred to in section 16, or
- (b) refuses or fails to comply with any of the provisions of section 17, or
- (c) violates any of the provisions of sections 18 and 21, or
- (d) violates any of the provisions of section 20, or who employs or permits any person to commit such violation, or
- (e) interferes with or obstructs a member of the Board or any inspector or official appointed for the purpose, in the exercise of the powers conferred upon him.

55. Every one is guilty of an offence punishable, on summary conviction before a justice of the peace, by a fine of not less than fifty dollars, and not more than two hundred dollars, who—

- (a) constructs a boiler or steam pipe or delivers the same for use, knowing it to be imperfect, or not constructed in accordance with the rules and regulations prescribed by the Lieutenant-Governor in Council, or
- (b) tampers with or removes any seal or any valve seal placed by an inspector on an engine or boiler, except by the direction and in the presence of the inspector, or who being an owner or operator of such engine or boiler wilfully or negligently suffers or permits any such tampering with or removal of such seal, or
- (c) being an inspector, wilfully certifies falsely regarding any boiler or its attachments, or
- (d) violates any of the provisions of this Act for the punishment of which no other provision is made in this Act, or any of the rules and regulations issued by the Lieutenant-Governor in Council, under the authority of this Act.

56. "The Steam Boiler Inspection Act," being chapter 185 of the Revised Statutes of Manitoba, 1913, and chapter 77 of 5 George V, being "The Stationary Engineers Act," are hereby repealed and all certificates granted or renewed under said repealed Acts shall come under the operation of this Act.

(Schedules omitted.)

#### Examination and Licensing of Moving Picture Machine Operators.

Chapter 109 with amendment.—2. (n) "Examining board" means the Board of Examiners created by this Act. 1919, c. 80, s. 1.

18. There is hereby created an Examining Board to be appointed by the Lieutenant-Governor in Council on the recommendation of the Minister of Public Works, and to consist of three persons as follows:—

- (a) The secretary of the Bureau of Labour;
- (b) One representative of the moving picture machine operators;
- (c) One representative of the moving picture exhibitors. 1919, c. 80, s. 2.

18a. The duties of the Examining Board shall be:

(a) to prescribe rules and regulations respecting the qualification and examination of persons applying for licenses as moving picture machine operators or as assistants or apprentices to such operators; for granting such licenses and determining the terms and conditions under which they may be renewed, revoked or suspended and for the regulation of the terms and conditions under which moving picture operators and their assistants and apprentices shall be employed;<sup>1</sup>

(b) to grant, renew, revoke, and suspend such licenses;

(c) to fix and collect such fees as the Board may determine for such examinations and such licenses or renewals thereof and remit the same to the Minister. 1919, c. 80, s. 2.

18b. The rules and regulations of the Examining Board when approved by the Lieutenant-Governor in Council on the recommendation of the Minister of Public Works and published in one issue of "The Manitoba Gazette" shall have the force of law in Manitoba. 1919, c. 0, s. 21.

21. Every operator who has been duly examined and who has received a license to operate a moving picture machine or similar apparatus, shall, subject to the provisions of this Act, be entitled to operate any such machine in any part of the Province.

23. Every person having a license issued under this Act shall on demand exhibit said license to any inspector appointed under this Act or to the manager or proprietor of any theatre where any film or slide is to be exhibited.

#### Fair Wages to Employees on Public Works.

Chapter 121 with amendment.—Whereas it is desirable that the minimum wage and maximum hours of all classes of workmen employed in the construction of public works of the Province should be determined from time to time, and that the earnings of such workmen should be assured,

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of Manitoba, enacts as follows:—

1. This Act may be cited as "The Fair Wage Act, 1916."

<sup>1</sup>Regulations have been issued under this section respecting the various points mentioned therein.

2. In this Act, except where the context otherwise requires:

- (a) "Minister" means the Minister of Public Works of the Province;
- (b) "Board" means the Board created by this Act for the purposes therein stated;
- (c) "The Bureau of Labour" or "Bureau" means the Bureau of Labour created by chapter 6 of 5 George V of the Statutes of Manitoba, or any Act substituted therefor;
- (d) "Employer" means and includes every person, firm or corporation, agent, manager, representative, contractor, sub-contractor or principal, or the person responsible directly or indirectly for the wages of another in the execution of a public work or public works;
- (e) "Employee" means and includes every person who is in receipt of or is entitled to compensation for labour, performed for any such employer;
- (f) "Public work" or "public works" mean and include any public work or public works authorized by the Minister, for the execution of which a contract has or contracts have been entered into between the Minister and an employer.
- (g) "Wage" and "wages" each mean any compensation for the labour of an employee measured by time.

3. (1) For the purposes of this Act, as hereinafter set forth, there is hereby created a Board, to be called "The Fair Wage Board," to consist of not less than three members, to be appointed by the Lieutenant-Governor in Council on the recommendation of the Minister.

(2) The persons to comprise the Board shall be so selected that two of such persons shall be representative of the employers, two shall be representative of the employees, and the fifth one who shall be an official of the Department of Public Works and one who, in the opinion of the Minister, is not associated with or concerned respecting either of said interests and will be fair and impartial between the employers and employees. Amended 1918, c. 100, s. 1.

(3) The representatives of the employers on the Board shall be or shall have been *bona fide* employers of labour and the representatives of the employees on such Board shall be or shall have been actually employed by an employer of labour. 1918, c. 100, s. 2.

(4) Appointments as members of the Board shall, subject to the pleasure of the Lieutenant-Governor in Council, which may be exercised at any time, be for three years, but any member thereof may on the expiration of his term of office be reappointed thereto.

(5) The chairman of the Board, who shall be a member thereof, shall be named by the Lieutenant-Governor in Council.

(6) Any vacancy that may occur in the membership of the Board shall be filled by the Lieutenant-Governor in Council, such vacancy, however, if it relates to one of the classes set forth in paragraph three shall be filled by the selection of a person representing the same class as the person superseded.

(7) The majority of the members of the Board shall constitute a quorum for the transaction of the business thereof and any act, decision or determination of such quorum shall be deemed to be the act, decision or determination of the Board with respect to the matters dealt with.

(8) The Board may hold meetings for the transaction of any of its business at such times and places as it may prescribe.

(9) The members of the Board shall be paid such compensation for their services and expenses as may be determined by the Lieutenant-Governor in Council.

(10) The Lieutenant-Governor in Council may, if deemed necessary, appoint and provide for the payment of the salary of a secretary of the Board, and the person so appointed shall perform such services as may be prescribed by the Board.

(11) Prior to any member of the Board entering upon the duties of his office he shall take and subscribe before a commissioner for affidavits, or a police magistrate, or justice of the peace an oath that he will faithfully exercise and discharge the powers and duties of his office without fear of or favour to any person. Every such declaration shall be filed in the office of the Minister.

4. The Board shall have the power and authority and it shall be its duty to determine and report in writing to the Minister not later than the first day of March in each year respecting all and singular the subject matters set forth in the recital to this Act and in the manner hereinafter provided. Amended 1918, c. 100, s. 3.

5. For the purpose of conducting the necessary inquiries and investigations respecting all matters and things appertaining to or in any way connected with the subjects required by this Act to be determined and reported upon by the Board to the Minister as aforesaid, the Bureau of Labor, by its secretary, or other officer thereof authorized by the Minister, shall be and is hereby empowered to procure, and shall procure, and transmit to the Board all possible procurable data and statistics then relating to or affecting said subjects, to the extent that the Board may be fully informed with regard thereto and enabled to make its determination and report at the times provided in the last preceding section, and in the manner hereinafter set forth: Provided, however, that the board shall not be wholly limited to the information furnished by the Bureau of Labour as aforesaid, for the purpose of basing its determination and report upon the said subjects, but it may, if deemed necessary or advisable, procure other or further information relating thereto, in which case all the powers given to the Bureau by the next succeeding section may be invoked and exercised by the Board.

6. (1) The Bureau of Labour, by its secretary or other officers thereof authorized by the Minister, shall have full power and authority to inspect and examine any and all books and pay-rolls and records of any employer of labour that in any way appertain to or have a bearing upon

the question of wages or hours of labour or conditions of labour of employees, and to require from such employer full and true statements of the wages paid to and the hours of labour and conditions of labour of all employees in his employment during the preceding twelve months.

(2) The Bureau of Labour, by its secretary or other officers thereof authorized by the Minister, may hold public hearings at such times and places as it may prescribe for the purpose of investigating any matters it is authorized to investigate by this Act, and at any such public hearings all persons interested may appear and shall be heard.

(3) The Bureau of Labour, by its secretary or other officers authorized by the Minister, shall have power to subpoena and compel the attendance of witnesses at any such public hearing and to compel them to give their evidence under oath and to produce, if required, all documents or writings in their possession or power relating to any of the matters under investigation; and for any or all such purposes the said secretary or other authorized officers of the Bureau shall have all the powers of a judge of the Court of King's Bench, including the power to administer oaths to witnesses.

7. (1) After all such inquiries and investigations shall have been made and consideration given respecting the matters authorized to be investigated by this Act, the Board shall make transmit or deliver its report to the Minister containing its findings and recommendations with regard thereto.

(2) Accompanying the recommendations of the Board there shall be embraced in or attached to the report by way of schedule a statement in tabular form, specifically setting forth:

(a) the minimum or lowest wages or rate per hour that shall be payable to any employee engaged on any public work or works by any employer (distinguishing between the different classes of employees and giving the said information according to trade or calling);

(b) the maximum number of hours per day during which such employees should be required to work.

8. Notwithstanding any provision or provisions of this Act it is declared to be the intention and meaning thereof, and to be a cardinal principle governing any findings or recommendations made by the Board thereunder, or any order made by the Minister based thereupon, or otherwise made by him, that the minimum or lowest wages or rate per hour that shall be fixed and determined as payable, and that shall be payable, to any employee engaged on any public works by any such employer for the then next succeeding twelve months and the maximum numbers of hours per day during which such employees shall be required to labour on such works during such period, shall not be less favorable to the respective classes of employees affected than the wages and hours of labour mutually agreed upon by employers and trade societies for the next succeeding twelve months, as evidenced by the production of working agreements duly executed by the respective parties thereto, or in the absence of such working agreements, such other evidence of mutual agreement as may be deemed conclusive by the Board failing which, the average of those which in practice prevailed amongst good employers of labour in said district during the last preceding twelve months. Amended, 1918, c. 100, s. 4.

9. Upon receiving the report of the Board, as provided in section 7 hereof, the Minister shall consider and review the recommendations contained therein and he may:—

(a) approve of any or all of said recommendations;

(b) disapprove of any or all of said recommendations and re-submit same to the Board for further consideration and report, or

(c) amend the same as this Act or exigencies may require

10. (1) If the Minister shall finally approve of the recommendations of the Board, or as the same may be amended by him, he shall publish a notice not less than twice a week for two successive weeks, in not less than two daily newspapers published in the City of Winnipeg, that he will on a date and at a place named in said notice hear all persons in favour of or opposed to the approved recommendations or amended recommendations of the board (stating specifically what such approved recommendations or amended recommendations comprise).

(2) After said publication and hearing, as aforesaid, the Minister may, in his discretion, make and render such an order as may be proper or necessary to adopt such recommendations or amended recommendations and carry the same into effect and require all employers in the occupation affected, or that may thereafter be affected thereby, to observe and comply with such recommendations or amended recommendations and the said order of the Minister.

(3) Said order shall become effective after two publications thereof in two successive issues of the Manitoba Gazette and be and remain in full force and effect throughout the Province as affecting public works, from the first day of May following for twelve months, or until another order shall have been made by the Minister, based on the recommendations of the board. Amended, 1918, c. 120, s. 5.

(4) After said order shall have become effective, and while it shall remain effective, it shall be unlawful for any employer of labour on public works to violate or disregard any of the terms or provisions thereof.

(5) The Minister shall, as far as practicable, mail a copy of any such order to every employer affected thereby; and every employer affected by any such order shall keep copies thereof posted in the most conspicuous places throughout the public works upon which he is engaged so that the same may be readily seen and read by all employees.

(6) Upon any questions of fact or otherwise arising from any recommendations of the Board pursuant to the provisions of this Act, the same shall be determined by the Minister, and there shall be no appeal from any decision or order made by him with respect to any such question.

(7) The production of a copy of The Manitoba Gazette containing what purports to be a true copy of any order made by the Minister under this Act shall be conclusive evidence of its accuracy and validity without the production of the original thereof.

11. (1) Every contract hereafter made for the erection, construction, remodelling or repairing of any public building, or public work of whatsoever nature or kind, to which the Minister is a party and which involves the employment of mechanics, workmen and labourers shall contain a provision or provisions setting forth substantially the terms of any order of the Minister made by him pursuant to the provisions of the last preceding section of this Act and then in full force and effect, and also a stipulation that no mechanic, workman, or labourer, then or that may thereafter be in the employ of the contractor, agent or other person, doing or contracting to do all or a part of the work contemplated by the contract, shall be employed or be permitted to work upon any of the works aforesaid on any terms and conditions other than those specified and set forth in such order.

(2) In addition there shall be inserted a provision or provisions in every such contract prohibiting any contractor to whom any contract shall be let, or awarded, from assigning, transferring, conveying, subletting or otherwise disposing of the same, or of his right, title or interest therein, or his power to execute such contract to any other person, company or corporation without the previous consent in writing of the Minister.

12. If any contractor to whom any such contract is hereafter let or awarded shall, without the previous written consent above specified, assign, transfer, convey, sub-let, or otherwise dispose of the same, or his right, title or interest therein, to any other person, company or other corporation, the Minister may revoke and annul such contract and the Minister and the Province shall then be relieved and discharged from any and all liability and obligations growing out of said contract to such contractor and to the person, company or corporation to whom he shall assign, transfer, convey, sub-let or otherwise dispose of the same, and the said contractor, and his assignee, transferee, or sub-lessee shall forfeit and lose all moneys theretofore earned under said contract, except so much as may be required to pay his employees, provided that nothing herein contained shall be construed to hinder, prevent, or affect an assignment by such contractor for the benefit of his creditors made pursuant to the Statutes of this Province.

13. It shall be the duty of the Minister, or some one representing him by his authority, from time to time, or as frequently as may be necessary in his opinion, to visit and inspect all public works under construction for the purpose of ascertaining and seeing whether:—

(a) employees are working under proper conditions and healthy surroundings;

(b) all the terms and conditions of any order made by the Minister under this Act, and then in effect, as to the minimum rate of wages required to be paid by the employer to employees and their hours of labour, and in all other respects, are being fully and faithfully complied with and observed by the employer of such employees.

14. Any contractor, sub-contractor, corporation, co-partnership, firm or person, or any agent thereof, who, after entering into a contract for the doing and performance of public works, shall allow, sanction or permit any person in his, its, or their employ, or in the employment of any contractor, sub-contractor, agent, or other person under his, its, or their control, to commit any violation of the provisions contained in any order of the Minister made pursuant to the provisions of this Act, and then in effect, shall be deemed to have violated the provisions of this Act and shall be subject to the penalty hereinafter provided.

15. If any contractor with the Minister, or any subcontractor in the construction of any public work let under contract by the Minister, makes default in the payment of the wages of any foreman, workman, or labourer employed on such work, or in the payment of any sum due by him for the labour of any such foreman, workman or labourer, or of any team employed on such work, a claim therefor may be filed in the office of the Minister not later than one month after the same becomes due, and if satisfactory proof thereof is furnished the Minister may pay such claim to the extent of the amount of all moneys or securities in the hands of the Minister for securing the performance of the contract at the time of the filing of the claim and deduct such amount from any moneys thereafter payable to such contractor by his Majesty.

16. The Minister may, in writing, require any such contractor or sub-contractor to file in the office of the Minister not later than the fifteenth day of each month, a list showing the names, rates of wages, amounts paid and amounts due and unpaid for wages or labour done by any foreman, workman, labourer or team employed by the contractor or sub-contractor during the previous calendar month and such list shall be attested upon the oath of the contractor or sub-contractor or his authorized agent.

17. (1) Every contractor or sub-contractor who makes default in forwarding such list, if required, shall incur a penalty, on summary conviction before a justice of the peace, of not less than \$10 or more than \$100 for every day during which such default continues.

(2) The amount of such penalty, within the above limits shall be determined by the Minister, and may be deducted out of the money in the hands of the Crown deposited by or owing to such contractor and shall thereafter become part of the Consolidated Revenue Fund of the Province.

18. Where default is made by a sub-contractor in furnishing such list, when required, the penalty for such default, hereinbefore provided, may also be recovered, with costs, at the suit of the Minister in any court of competent jurisdiction.

19. Any person, firm, or corporation, agent, or manager of any corporation, who, whether for himself or for such firm or corporation, or by himself or through agents, servants, or foreman, shall violate or fail to comply with any of the provisions of this Act, where a penalty is not herein otherwise provided, shall be deemed to be guilty of an offence and, upon summary conviction thereof before a justice of the peace, shall be liable to a fine of not less than fifty dollars nor more than one hundred dollars for each offence and in default of payment to imprisonment for any term not exceeding three months.

20. This Act shall come into force on the day it is assented to.

## STATUTES OF 1917.

### Examination and Licensing of Electricians.

Chapter 29 with amendments—1. This Act may be cited as "The Electrician's License Act."

2. In this Act, unless the context otherwise requires—

- (a) "Minister" shall mean the Minister of Public Works;
- (b) "Board" shall mean the Board of Examiners appointed as hereinafter provided;
- (c) "Department" shall mean the Department of Public Works;
- (d) "Contractor" shall mean and include any person firm, or corporation having a regular place of business, who or which, by the employment of journeymen, performs the work of installing wires, conduits, apparatus, fixtures, and other appliances for the carrying or using of electricity for light, heat or power purposes, within the meaning of this Act;
- (e) "Journeyman" means a person who has had three years practical experience as an apprentice and who holds a license issued under the provisions of this Act and who does any work in installing, repairing, or making alterations to wires, conduits, apparatus, fixtures, or other appliances for the carrying or using of electricity for light, heat or power purposes within the meaning of this Act, for hire. 1919, c. 29, s. 1; amended 1920, c. 36, s. 1.

(f) "License" shall mean the certificate of qualification issued to a contractor or journeyman under the provisions of this Act;

(g) "Inspector" shall mean a person appointed under the provisions of this Act, as hereinafter provided;

(h) "Apprentice" shall mean a person who works as an assistant to a journeyman for the purpose of qualifying himself to become a journeyman. 1920, c. 36, s. 2.

3. (a) This Act applies to all contractors and journeymen engaged within the Province in the business of placing, installing, maintaining, repairing or replacing, in or on any class of structure, any conduits of any description, designed for the purpose of enclosing or carrying any electrical conductor, upon which is impressed an E.M.F. of more than fifty volts, between any two conductors and ground, independent of the characteristics of the current; of placing, installing, maintaining, repairing or replacing in or on such structures, of any conductor switch, attachment, fitting or any element whatsoever of an equipment designed for the purpose of supplying such electrical service, or for any purpose in connection with such an electrical service.

(b) This Act shall not apply to such work within power houses, sub-stations or other places wherein the business of generating or distributing electrical power is carried on by public service corporations or by municipal departments, and where such work is installed by employees under the direction of officers of such public corporations or municipal departments, except in structures wherein the public, other than employees of such public service corporation or municipal department have free access on business.

(c) No apprentice or helper or other person shall perform any electrical work or install any electrical material or appliances within the meaning of this Act, except as an assistant to, in the presence of, and under the direct personal supervision of a journeyman continuously employed on the same contract or job and licensed under this Act. 1919, c. 29, s. 2.

(d) This Act does not apply to such work on street railway cars or locomotives, or on railway cars or locomotives, which are the property of municipal departments or of public service corporations, and where such work is installed by employees under the direction of officers of such municipal departments or public service corporations.

(e) Nothing in this section shall be taken to the insertion of incandescent lamps in sockets or receptacles, or the replacement of such lamps, the carboning, trimming or operation of arc lamps, the lawful connection of utilization equipment to supply circuits by means of attachment plugs or the use or operation of the same, or the lawful replacement of fuses controlling circuits or equipment.

(f) A disabled returned soldier who has taken and completed a course in electrical work under the Department of Soldiers' Civil Re-establishment shall be considered to have completed his probationary period, and thereafter may sit as a candidate at examinations held under the provisions of this Act. He shall then be entitled to work at the trade as a third-year apprentice for the remainder of a period of eighteen months, such eighteen months to date from the com-

mencement of the said course. If successful at the examination he shall not be required to take a further examination, but shall at the conclusion of the eighteen months aforesaid be granted on, the recommendation of the Board, a journeyman's license. 1920, c. 36, s. 3.

4. All electrical contractors and journeymen carrying on their work in the Province of Manitoba shall be subject to examinations before a Board of Examiners, appointed under the provisions of this Act; and upon the fitness of such contractors and journeymen being established before such Board of Examiners, licenses as provided for under this Act shall be issued to such contractors and journeymen.

5. The Lieutenant-Governor-in-Council, upon the recommendation of the Minister, may appoint a Board of Examiners, consisting of three members, who shall be qualified in electrical engineering and construction, and who are conversant in a practical degree with the qualifications necessary to be held by a person described as an electrical contractor or an electrical journeyman, who shall hold office during pleasure and who, subject to the regulations mentioned in the next following section, and to the approval of the Lieutenant-Governor in Council, shall prescribe the subjects in which candidates for a contractor's or journeyman's license shall be examined, and conduct and provide for and supervise the examinations of candidates and report thereon to the Department. Amended 1920, c. 36, s. 4.

6. The Lieutenant-Governor in Council, on the recommendation of the Minister, may appoint inspectors, one of whom may be chief inspector, and such other officer or officers, as may be deemed advisable for carrying out the provisions of this Act, and such inspectors shall be persons who hold a license under this Act, and who in the opinion of the Minister, have had the necessary practical experience to qualify them for the positions. Amended 1919, c. 29, s. 3.

7. The Lieutenant-Governor in Council, upon the recommendation of the Minister, may make regulations for—

(a) the examination of candidates for contractor's and journeyman's licenses, the granting of licenses, and the evidence to be furnished by candidates for contractor's or journeymen's licenses as to previous experience;

(b) determining time and duration of licenses, and their renewals;

(c) fixing the fees to be paid to the Government by the contractors and journeymen for licenses and examinations;

(d) prescribing causes for which a license may be revoked, cancelled or suspended;

(e) defining the duties of inspectors, and making rules governing their operations;

(f) fixing the salaries or other remuneration to be paid to the examiners and inspectors so appointed.

8. Upon it being established to the satisfaction of the Minister, that any of the prescribed causes for which a license may be revoked, cancelled, or suspended exists, he may revoke, cancel or suspend the same accordingly.

9. Any person, firm or corporation in the Province of Manitoba desiring to carry on the business of installing any element of electrical service, in any structure as described and defined in section 3 of this Act, shall be described as an electrical contractor, and said person or some member of said firm or some officer of said corporation shall apply for examination, and after passing same and paying the fees therefor as provided for under sub-section (c) of section 7, of this Act, shall be given a license enabling such work of electrical contracting to be carried on, such license being subject to regulations provided for by paragraphs (b) and (d) of section 7 of this Act.

10. Every person or some member of a firm or some officer of a corporation, desiring to carry on the business of an electrical contractor in the Province of Manitoba shall, in addition to the possession of a license to carry on such business, be required to apply for, and pass, the examination for journeyman's license, and to take out the same before engaging in such business, and such license shall be subject to the same regulations as a contractor's license.

11. Any person or corporation, who or which, after the first day of January, 1918, carries on such business of electrical contracting without authority of a valid and subsisting license therefor issued under this Act shall be guilty of an offense punishable, on summary conviction before a justice of the peace, by a fine of not less than fifty dollars nor more than two hundred dollars, and, in default of immediate payment, by not more than three months' imprisonment.

12. Any person in the Province of Manitoba desiring to secure employment as an electrical journeyman, as described under section 3 of this Act, shall apply for examination, as provided under paragraph (a) of section 7 of this Act, and after passing such examination and paying the prescribed fees a license shall be issued him under this Act.

13. Any person, who after the first day of January, 1918, engages in the work of an electrical journeyman in the Province of Manitoba, without authority of a valid and subsisting license therefor, shall be guilty of an offense punishable, on summary conviction before a justice of the peace, by a fine of not less than five dollars nor more than fifty dollars, and, in default of immediate payment, by not more than two months' imprisonment.

14. The possession of a first or second class stationary engineer's certificate, issued under "The Steam Boiler Act," being chapter 103, Manitoba Statutes, 6 George V, or of any other certificate which may be issued under the said Act, of a grade not lower than such first or second class certificate, shall entitle the holder of any such certificate to perform the work of a journeyman electrician as described in this Act in or about the premises wherein he is employed as a stationary engineer, but not elsewhere.

15. In the case of industries where workmen are engaged in repair or maintenance of electrical equipment, solely in or upon the premises upon which such industries are carried on, any such workman shall be granted a special license to do such work in or upon such premises upon demonstrating to the satisfaction of the Board of Examiners that he possesses sufficient qualification for the work intended to be performed in such premises. No such special license shall entitle the holder to perform any electrical work outside the premises described in the license nor shall such license be transferable.

16. Each member of any firm and the managing director or other responsible officer of any corporation carrying on the business of an electrical contractor in the Province of Manitoba, who or which, after the first day of January, 1918, has not, as a member of the firm or officer of the corporation or in its employ at least one person in possession of a valid and subsisting journeyman's license, shall be guilty of an offense punishable, on summary conviction before a justice of the peace, by a fine of not less than fifty dollars nor more than two hundred dollars, and, in default of immediate payment, by not more than three months' imprisonment.

17. If, on demand from any duly appointed inspector of the Department, any person, performing the work of an electrical contractor, or an electrical journeyman, does not produce satisfactory evidence of his being in possession of a valid and subsisting license therefor he shall be guilty of an offense punishable, on summary conviction before a justice of the peace, by a fine of not less than fifty dollars and not more than two hundred dollars, and, in default of immediate payment, by not more than three months' imprisonment.

18. This Act shall come into force on the day it is assented to.

### Employment of Women in Bars.

Chapter 42, with amendment.—18. (4) No person shall employ any woman or girl not the wife or daughter of a licensee under this [The Hotel] Act in any capacity in any bar, place or room in which fermented or malt beverages are sold or publicly consumed without a special permit from the director, which permit the director is hereby authorized to grant.

(5) Any person who violates or fails to comply with any of the provisions of this section shall be liable, on summary conviction before a police magistrate or justice of the peace, to a penalty not exceeding one hundred dollars, and costs, and, in default of payment thereof, to imprisonment for one month. 1919, c. 41, s. 2.

### STATUTES OF 1918.

#### Employment Offices.

Chapter 25. 1. This Act may be cited as The Employment Bureau Act.

2. There shall be a branch of the public service of Manitoba, to be known as "The Government Employment Bureau," which shall be attached to the Department of Agriculture and Immigration, and shall be under the direction and control of the Minister in charge of that Department.

3. The purpose of the Bureau shall be to provide facilities for finding employment and for the distribution of male and female labour throughout the Province.

4. (1) The Lieutenant-Governor in Council may appoint an officer to be known as the Superintendent of the Employment Bureau, and such other officers and clerks as may be required for carrying on the work of the Bureau, and fix their salaries or other remuneration.

(2) The salaries of persons appointed as aforesaid, and also all the expenses of the adequate maintenance of the said Bureau, shall be paid out of the Consolidated Revenue Fund of the Province, and charged against any appropriation in the said Department.

5. (1) The Lieutenant Governor in Council may also appoint an advisory board of five members whose services are to be given without remuneration, except their actual travelling expenses whilst away from home in the discharge of the duties of their office.

(2) Three of the members of the advisory board shall be selected, one from each of the following: The Trades and Labour Council, the Organized Farmers and the employers of non-agricultural labour, and the fourth member shall be the secretary of the Provincial Bureau of Labour.

6. It shall be the duty of the Bureau to:—

(a) establish and maintain one or more employment bureaus in the city of Winnipeg and at such other places within the Province as may be designated by the Lieutenant-Governor in Council.

(b) put employers who want workpeople, and workpeople who want work within the province of Manitoba, into communication with one another free of charge.

(c) collect such statistical and other information respecting employment and unemployment in Manitoba as may be deemed necessary or expedient from time to time.

(d) enquire and report as to the establishment of new industries in Manitoba in any case where by reason of the production of raw material for such industry, or the immigration of persons skilled in the particular industry or other circumstances, it appears that such industry might be profitably carried on.

(e) prepare and transmit to the Lieutenant-Governor in Council annually a report upon the work of the Bureau during the preceding year, together with such statistical and other information, as may have been collected by the Bureau.

(f) to co-operate with the Federal Labour Exchange.

7. The duties of the advisory board shall be:—

(a) to receive, examine and decide upon complaints of employees and employers seeking the assistance of the Bureau, whenever the board considers such action necessary.

(b) to act in a general advisory capacity in framing regulations to be made under this Act, and advise and co-operate with the superintendent of the Bureau in promoting the efficiency of the said Bureau.

8. The Lieutenant-Governor in Council may from time to time make regulations respecting the duties and working of the Government Employment Bureau, and all such regulations not inconsistent with this Act shall have the same force and effect as if they were set forth in this Act.

9. (1) From and after the coming into force of this Act no person, corporation or association, shall collect or receive, directly or indirectly, any fee or compensation for sending or persuading, enticing, inducing, procuring or causing to be sent from or to any place within the Province, to or from any place outside the Province, or between any two places within the Province, any person seeking employment, or for giving or furnishing any information regarding employers seeking workers or workers seeking employment.

(2) In case of a strike of employees in any industry at any place, no bureau shall, with knowledge of such strike, send or assist in the sending of persons to take the places of the strikers without informing such persons of the existence of such strike.

10. Every person guilty of a contravention of the last preceding section of this Act shall be liable to a fine of not less than \$10 and not more than \$25 upon summary conviction thereof before a police magistrate or two or more justices of the peace, and in default of payment of such fine and costs of prosecution, he shall be liable to imprisonment for a period not exceeding three months.

11. This Act shall come into force on the day of proclamation by Lieutenant-Governor in Council.

### Minimum Wage.

Chapter 38, with amendment.—Whereas it is expedient to create and provide for a Minimum Wage Board to investigate and fix in accordance with conditions in Manitoba standard minimum wages and standard hours of employment and standard conditions of labour for female workers employed in shops, factories and mail order houses in cities in Manitoba.

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of Manitoba, enacts as follows:

1. This Act may be cited as "The Minimum Wage Act."

2. In this Act, unless the context otherwise requires:

(a) "Minister" means the Minister of Public Works for the Province of Manitoba.

(b) "Board" means the Board created by this Act for the purposes herein stated.

(c) "Bureau of Labour" means the Bureau of Labour created under Chapter 6 of 5 George V, Statutes of Manitoba, or any Act substituted therefor.

(d) "Employer" means and includes every person, firm or corporation, agent, manager, representative, contractor, sub-contractor or principal, or the person responsible directly or indirectly for the payment of the wages of one or more female workers in any shop, office, place of amusement, mail order house or factory in any city in Manitoba. Amended 1919, c. 54, s. 1.

(e) "Employee" means and includes every female worker employed in any mail order house, shop, office, place of amusement or factory in any city in Manitoba who is in receipt of or is entitled to compensation for labour performed for any such employer. Amended 1919, c. 54, s. 1.

(f) "Shop" means and includes any barber shop and any building or portion of a building, booth, stall or place where goods are exposed or offered for sale by retail and without limiting the generality of the foregoing means and includes all places where the trade or business carried on is that of a tobacconist, news-agent, messenger service, hotel, inn, tavern, victualling house, restaurant, or refreshment house, and sale by retail shall be deemed to include sale by auction.

(g) "Factory" means the same as in "The Manitoba Factories Act."

(h) "Occupation" means and includes any and every vocation, pursuit, trade and industry in any mail order house, shop or factory in any city in Manitoba.

(i) "Wage" or "Wages" means any compensation for the labour of an employee.

(j) "Place of amusement" means the same as in "The Amusements Taxation Act," being chapter 1 of 8 George V, Statutes of Manitoba. 1919, c. 54, s. 1.

(k) "Office" means and includes any place in which any business, trade, calling or profession is carried on, directed or controlled, but not a private house, apartment or room used as a dwelling, or for the purposes of a religious, charitable, political or patriotic institution, or a hospital, nurses' training school or a branch of any municipal or other government. 1919, c. 54, s. 1.

3. (1) For the purposes of this Act there is hereby created a Board, to be called "The Minimum Wage Board," to be appointed by the Lieutenant-Governor in Council, on the recommendation of the Minister, and to consist of five persons, as follows:

(a) Two representatives of employers, one of whom shall be a female.

(b) Two representatives of employees, one of whom shall be a female.

(c) One disinterested person to be chairman of the Board, who shall not be directly or indirectly connected with employers or employees.

(2) The members of the Board shall be paid such compensation for their services and expenses as may be determined by the Lieutenant-Governor in Council.

4. The said Board is hereby authorized and empowered to ascertain and declare, and to make all necessary orders relative to:

(a) Standards of minimum wages for employees, and what wages are adequate to supply the necessary cost of living to employees, and maintain them in health.

(b) Standards of hours of employment for employees, and what are reasonable hours for employees in any occupation within the meaning of this Act.

(c) Standards of conditions of labour for employees, and what surroundings or conditions, sanitary or otherwise, are essential to the health or morals of employees in any such occupation.

Any order or orders made hereunder shall become effective, and shall be in full force and effect one month after the publication of same in the "Manitoba Gazette."

5. For the purpose of carrying out this Act the Bureau of Labour, by its secretary or other officers, shall, from time to time, at the request of the Board, procure and transmit to the Board all possible procurable data and statistics in the possession of said Bureau. Provided, however, that the Board shall not be limited to the information furnished by the Bureau of Labour as aforesaid, but it may procure such other or further information as it deems necessary.

6. The Lieutenant-Governor in Council, on the advice of the Minister, may from time to time authorize the expenditure of such moneys of the Province of Manitoba as may be necessary to enable this Act to be carried out, and as may be appropriated by the Legislature for the purposes of the Bureau of Labour.

7. The Board shall have the power to conduct all necessary inquiries and investigations respecting all matters and things appertaining to or in any way connected with the subject matter of this Act, and shall, for the purposes of its investigations under this Act, have, in addition to the special powers herein provided, all such powers, rights and privileges as are vested in the Court of King's Bench of Manitoba, or in any judge thereof in civil cases, in respect of the following matters:

(a) Enforcing the attendance of witnesses and examining them on oath, affirmation or otherwise.

(b) Compelling the production of such documents and things as are necessary to effectually complete any inquiry or investigation.

(c) Punishing persons guilty of contempt of said Board.

(d) A summons or subpoena signed by one or more of the members of the Board may be substituted for and shall be equivalent to any form of process capable of being issued in any action for enforcing the attendance of witnesses or compelling the production of such documents and things as are necessary to effectually complete the said inquiries and investigations.

8. If any person who has been served with a summons or subpoena under this Act fails without reasonable excuse to appear according to the tenor thereof, the Board or a majority thereof shall have power to issue a warrant for the arrest of such person, so as to have him brought before the Board to give evidence or produce documents or other things.

9. The Board may at its discretion make an order extending the provisions of this Act to any portion of Manitoba not in any city, and any such order when made shall have the same force and effect as if such portion of Manitoba were part of a city.

10. The Board may issue to any employee physically defective, or to a female learner in such class of occupation as usually requires to be learned, a special license authorizing the employment of the licensee under such rules and regulations as may be made under this Act.

11. Every employer shall keep a register of the names and addresses, and the actual earnings of all his employees, and shall on request permit any member of, or any representative of, the Board to inspect and examine such register.

12. The said Board is hereby authorized and empowered to prepare, adopt and promulgate rules and regulations for the carrying into effect of the provisions of this Act, which shall have the same force and effect as if incorporated herein, after same have been published in "The Manitoba Gazette."

13. The Board shall from time to time ascertain and determine whether employers are obeying the provisions of this Act and of any order made by the Board.

14. If any employee be paid by her employer less than the minimum wage to which she is entitled she may recover in a civil action the full amount of her said minimum wage less any amount actually paid to her by the employer together with such costs as may be allowed by the court, and any agreement made by any employee to work for less than the fixed minimum wage shall be no defence in any such action.

15. After any order of the Board becomes effective and while it is effective, it shall be unlawful for any employer to violate or disregard any of the terms or provisions of the said order.

16. It shall be unlawful for any employer to discharge or threaten to discharge, or in any other manner discriminate against any employee because such employee has testified, or is about to testify, or because such employer believes that said employee may testify in any investigation or proceedings relative to the enforcement of this Act.

17. Any employer who violates any of the provisions of this Act or of any order, rule or regulation of the Board, shall be guilty of an offence and upon conviction thereof, before a police magistrate shall be punished by a fine of not less than \$25, nor more than \$100, and in default of payment by imprisonment for not less than ten days nor more than three months or by both such fine and imprisonment in the discretion of the police magistrate trying the charge.

18. In case of conflict between this Act or any orders made thereunder, and any other Act or any order or regulation made under the authority of said other Act, the provisions of this Act and of the orders made thereunder shall supersede and repeal any such other conflicting provisions.

19. This Act shall come into force on a day to be fixed by proclamation of the Lieutenant-Governor in Council.

## STATUTES OF 1919.

### Examination and Licensing of Barbers.

Chapter 8.—1. This Act may be cited as "The Barbers' Act."

2. (1) The Lieutenant-Governor in Council shall have power from time to time to make orders, rules and regulations for,—

(a) the examination of candidates for barbers' licenses, the granting of licenses and respecting the evidence to be furnished by candidates for licenses as to previous experience and qualification;

(b) determining the duration of such licenses, and renewals thereof;

(c) fixing the fees to be paid by barbers for licenses and renewals thereof and for examinations;

(d) prescribing the area or areas within which this Act shall or shall not apply;

(e) prescribing causes for which a license may be revoked, cancelled or suspended;

(f) appointing and defining the duties of inspectors to carry out the provisions of this Act;

(g) fixing the salaries or other remuneration to be paid to the examiners and inspectors so appointed.

(2) Such orders, rules and regulations, upon publication in "The Manitoba Gazette," shall have the same force and effect as if contained in this Act.

3. The Lieutenant-Governor in Council may appoint a Board of Examiners, consisting of the secretary of the Bureau of Labour, who shall be the chairman thereof, and two other members and may fix the remuneration to be paid such members and the length of time they shall hold office. The Board of Examiners shall, subject to the regulations mentioned in the next preceding section and to the approval of the Lieutenant-Governor in Council, prescribe the subjects in which candidates for licenses shall be examined and conduct and provide for and supervise the examinations of candidates.

4. This Act and the rules and regulations made hereunder shall be enforced by the Bureau of Labour.

5. Every person desiring to secure employment as a barber or to engage in business as a barber shall apply to the Bureau of Labour for examination as provided under paragraph (a) of section 2 of this Act, and after passing such examination and paying the prescribed fees a license shall be issued to him by the Bureau of Labour under this Act.

6. Upon it being established to the satisfaction of the secretary of the Bureau of Labour that any of the prescribed causes for which a license may be revoked, cancelled or suspended exists, he may revoke, cancel or suspend the same accordingly.

7. Any person who for hire, after the first day of July, A.D. 1919, engages in the business of or works as a barber within the area within which this Act shall apply as prescribed by the Lieutenant Governor in Council without the authority of a valid and subsisting license therefor, shall be guilty of an offence punishable on summary conviction before a justice of the peace by a fine of not more than fifty dollars, and in default of immediate payment by imprisonment for a period not exceeding two months.

8. If on demand from any duly appointed inspector of the Bureau of Labour any person performing for hire the work of a barber does not produce satisfactory evidence of his being in possession of a valid and subsisting license therefor he shall be guilty of an offence punishable on summary conviction before a justice of the peace by a fine of not less than five dollars and not more than fifty dollars, and in default of immediate payment by imprisonment for a period not exceeding two months.

9. Nothing in this Act shall prevent any person who is a student at any barber college from performing the work of a barber under the supervision of an instructor of such college.

10. This Act shall come into force on the day it is assented to.

### Regulation of Elevators—Licensing of Operators.

Chapter 31.—1. This Act may be cited as "The Elevator and Hoist Act."

2. The Lieutenant-Governor in Council is hereby empowered to appoint a Board to consist of not fewer than three and not more than five persons, to hold office during the pleasure of the Lieutenant-Governor in Council, and to be known as "The Elevator and Hoist Board," hereinafter referred to as the "Board."

3. The Board shall have power to adopt rules and regulations respecting the construction, operation, maintenance and carrying capacity of elevators, hoists, dumb-waiters and all other hoisting appliances installed in buildings in Manitoba, and providing for the inspection, from time to time, of all such appliances and the licensing of such appliances and the operators thereof, and the prohibition of the operation thereof, unless the same are licensed and in charge of licensed operators, and imposing penalties for the breach of such rules and regulations, and without restricting the generality of the foregoing respecting any and all matters and requirements which the Board may consider necessary in order to render elevators, hoists dumb-waiters and other hoisting appliances safe for use or likely to prevent the occurrence of injuries by accident in connection with the use thereof.

4. The Board shall have power by order to except from the operation of any such rules and regulations, for such time as may seem proper, any elevator, hoist, dumb-waiter or hoisting appliance installed in any building whenever the same is of such a character or used under such circumstances that in the opinion of the Board there is no danger from injury by accident to any person in connection with the operation thereof.

5. The Board may also make rules and regulations respecting the holding of its meetings, the remuneration of its members, the conduct of its business, and the administration and enforcement of its rules and regulations.

6. The Board shall give public notice of all meetings at which rules and regulations are to be made and such meetings shall be open to the public and the Board shall hear any person desiring to be heard.

7. All rules and regulations passed by the Board shall after approval by the Lieutenant-Governor in Council have the effect of law in Manitoba, and shall immediately thereafter be published in at least three issues of "The Manitoba Gazette."

8. The enforcement of all rules and regulations of the Board which become law and the appointment of the officers necessary to carry the same into effect and generally all the administrative work rendered necessary by the rules and regulations of the Board and the meetings of the Board, shall be done and performed by the Bureau of Labour.

9. Chapter 39 of 6 George V, being "The Passenger and Freight Elevator Act," is hereby repealed.

10. This Act shall come into force on a date to be named by proclamation of the Lieutenant-Governor in Council.

### Industrial Disputes—Working Conditions.

Chapter 43 with amendment. Whereas, it has been made to appear that industrial development in Manitoba tends to be retarded by disputes between employers and employees respecting conditions of employment;

And whereas the public interest requires that such disputes be prevented whenever possible, and if they cannot be prevented, be settled speedily and as far as practicable without interruption to industry;

And whereas it has been made to appear that the public interest requires that certain trade regulations respecting conditions of employment shall be enacted to the end that unjust and unfair conditions of employment may be prevented;

And whereas it appears that the appointment of a permanent joint council of industry may aid in the accomplishment of the objects above set out;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of Manitoba, enacts as follows:

1. This Act shall be known as "The Industrial Conditions Act."

#### Interpretation.

2. In this Act unless the context otherwise requires:

(a) "Conditions of employment" includes all matters and circumstances in any way generally affecting employers and employees in respect of employment in any industry, and includes rates of pay, hours of labor, regulations, arrangements, practices and customs;

(b) "An individual contract of employment" means a contract of service made between an individual employee and some other person or persons who employ him:

(c) "An organization" means an association of employers or employees for the purpose of acting together to secure the establishment or alteration of conditions of employment;

(d) "Industry" includes any business or occupation giving rise to the relation of employer and employee, but shall not apply to agricultural pursuits, or railways operating under the Railway Act of Canada;

(e) "Industrial dispute" means any disagreement between any employer and any employees regarding conditions of employment.

### The Joint Council of Industry.

3. (a) The Lieutenant-Governor in Council may appoint a council to be called "The Joint Council of Industry," to consist of five persons; one shall be chairman and shall be an impartial person so far as employers and employees are concerned; two shall be selected as representatives of employers engaged in industry in Manitoba and two shall be selected as representatives of employees connected with industry in Manitoba; and organizations existing in the Province may be invited to submit names of persons suitable in their opinion for such appointment. The members of the Council shall hold office during the pleasure of the Lieutenant-Governor in Council. The members selected shall not be disqualified to act on the Council by reason of their being interested in any matter dealt with by the Council. If in the opinion of the Lieutenant-Governor in Council any member of the Council is specially interested so that it is inadvisable for him to act in respect of any special matter which may come before the Council, or if any member of the Council is unable to act, any organization existing in the Province may be invited to submit names of persons suitable in their opinion for such appointment, the Lieutenant-Governor in Council may appoint some other person to act in his stead until such matter is disposed of, and any person so appointed may complete any unfinished business in which he has taken part, even if the member whom he has replaced has become able to act. The members of the Council shall receive such remuneration as the Lieutenant-Governor in Council may from time to time determine. Each member of the Council shall, before entering upon his duties, take an oath that he will duly, faithfully and impartially and according to his best judgment deal with all matters coming before him.

(b) The Lieutenant-Governor in Council shall provide the Council with offices, furniture and facilities for the purpose of holding its sittings and transacting its business, and the Council may hold sittings at the offices so provided, or at any other place which the Council may consider advisable. The Lieutenant-Governor in Council may, upon recommendation of the Council, from time to time appoint persons having technical or special knowledge of any matter which the Council may have to deal with, for the purpose of enabling inquiries and reports to be made for its assistance, in respect of any matter which may come before it, and may appoint such other officers and employees as the Council may deem necessary and recommend and generally may authorize and defray all expenditures necessary or advisable to enable the Council properly to deal with any matter which may come before it.

### Jurisdiction and Powers of the Council.

4. Whenever it is made to appear to the Council upon complaint of any person or organization, or wherever the Council has reason to believe that an industrial dispute exists or seems likely to arise the Council shall have jurisdiction to hold such investigation into all matters relating thereto, and to make such report thereon as seems to be just and reasonable, having regard to all the interests involved in such dispute and the special circumstances existing or likely to come into existence in the industry affected.

5. The Council shall, from time to time, make such investigations as to the cost of living to employees engaged in industry as it may deem necessary or advisable and may publish every month a report as to such cost of living for the preceding month.

6. Whenever an investigation by the Council as to the cost of living indicates that any commodity or service necessary to maintain a fair standard of living costs more than seems fair and reasonable, having regard to all the interests involved, the Council shall make a special investigation and report thereon.

7. The Council shall make investigations from time to time into the numbers of persons employed in industry and the several rates of wages paid, and into the numbers of additional employees required, or likely to be required, in industry, and the numbers likely to be dispensed with, and into the number of persons desiring employment in industry and unable to obtain the same, and into the number of persons in each trade who are members of organizations, and the number who are not members of such organizations, and shall encourage the formation of organizations and shall within one month publish a report showing the result of the investigations into the above matters.

8. The Council shall from time to time investigate the conditions of employment in industry and the conditions under which employees live, having regard to housing, home conditions of women and children, sanitary conditions, use made of educational facilities, apprenticeship, opportunities for recreation, and as to what extent prevailing rates of wages enable employees to make provision for the future of themselves and their dependants or result in conditions of living below a fair standard of living.

9. Whenever the Council has reason to believe that any employer or group of employers in any industry are making unfair profits by maintaining rates of wages which are not fair and reasonable as between them and their employees, having due regard to all the interests involved in or connected with the industry, the Council shall forthwith investigate and make a report thereon.

10. Whenever any person complains that any employer has committed a breach of an individual contract of employment between the complainant and such employer, or has acted oppressively or unfairly to such employee or has unfairly discriminated against him, the Council shall forthwith investigate all the circumstances connected with the subject matter of such complaint, and if in the opinion of the Council such employee is entitled to relief, the Council shall render such assistance as it may deem necessary to enable the employee to secure redress in a court of competent jurisdiction.

11. Whenever a complaint is made to the Council by any person that any law has been violated which affects employers or employees as such, or that any agreement or arrangement between employers and employees injuriously affects the public, the Council shall forthwith investigate the said complaint, and if the Council is of the opinion that a violation of law exists, or has existed, it shall direct its officers to lay a formal complaint or complaints against the person or persons who appear to be guilty of such violation before a court of competent jurisdiction and shall endeavor to procure a conviction for such violation. Amended 1920, c. 57, s. 2.

12. The Council shall have power to investigate at the request of the Lieutenant-Governor in Council any existing law or proposed law which affects directly or indirectly the conditions of employment, and the Council may on its own initiative recommend to the Legislature proposed laws designed to better conditions of employment, and it shall be the duty of the Council to bring specially to the attention of the Lieutenant-Governor in Council any instances in which classes of persons desirous of securing employment are unable to do so, and to recommend measures designed to prevent unemployment.

13. The Council shall have power to do generally all such things and take all such proceedings as shall be necessary in the performance of its duties under this Act.

14. Whenever a complaint is made to the Council with respect to any matter within its jurisdiction, the Council shall as soon as possible summon the complainant and require him to state the grounds on which his complaint is based, and may thereupon if deemed advisable further investigate the matter of such complaint.

15. The Council shall make public all its reports and decisions, but in no case shall a decision be finally adopted by the Council until after a duly advertised public hearing shall have been held at which any party interested in the matter or any citizen shall be free to appear. The Council shall give due notice to employers and employees or their organizations of any hearing at which matters affecting such employers or employees are to be dealt with.

16. For the purpose of investigations under this Act, the Council shall have in addition to the special powers herein provided, all such powers, rights and privileges as are vested in the Court of King's Bench of Manitoba, or in any judge thereof in civil cases, in respect of the following matters:

(a) Enforcing the attendance of witnesses and examining them on oath, affirmation or otherwise, and compelling them to answer questions;

(b) Compelling the production of such documents and things as are necessary to effectually complete any inquiry or investigation;

(c) Punishing persons guilty of contempt of said Council.

17. A summons or subpoena signed by the chairman or acting chairman on the recommendation of the Council may be substituted for and shall be equivalent to any form of process capable of being issued in any action for enforcing the attendance of witnesses or compelling the production of such documents and things as are necessary to effectually complete the said inquiries and investigations.

18. If any person who has been served with a summons or subpoena under this Act fails without reasonable excuse to appear according to the tenor thereof, the Council or a majority thereof, shall have power to issue a warrant for the arrest of such person so as to have him brought before the Council to give evidence or produce books, papers, documents and other things.

19. At the request of the parties to any industrial dispute the Council shall act as a board of arbitration, and when so acting shall exercise all the powers conferred on them by sections 16, 17 and 18 of this Act.

20. The right of employers and employees to organize for any lawful purpose is hereby recognized. 1920, c. 57, s. 1.

21. Employers and employees shall have the right to bargain with one another individually, or collectively, through their organizations or representatives, provided that in case of any dispute between employers and any such organization of employees or its representatives as to the method or manner or the terms and conditions of such bargaining such dispute shall be submitted to the Joint Council of Industry, and dealt with by it in the manner prescribed by this Act. 1920, c. 57, s. 1.

22. The Joint Council of Industry shall proceed to investigate such dispute forthwith after the same has arisen or come to the notice of the Council and not more than five days thereafter. And such investigation shall be carried on with all reasonable despatch, with no postponements or adjournments except such as are absolutely necessary to render the enquiry complete, or are otherwise unavoidable, and the report of the said Joint Council of Industry shall be made within ten days after the completion of such investigation. 1920, c. 57, s. 1.

23. This Act shall come into force on a day to be fixed by proclamation of the Lieutenant Governor in Council.

## STATUTES OF 1920.

## Workmen's Compensation.

Chapter 159.—1. This Act may be cited as "The Workmen's Compensation Act."

2. (1) In this Act, unless the context otherwise requires, the expression:

(a) "Accident" means a fortuitous event occasioned by a physical or natural cause and includes a wilful and intentional act not being the act of the injured workman;

(b) "Accident fund" means the fund provided for the payment of compensation, outlays and expenses under Part I of this Act;

(c) "Board" means "The Workmen's Compensation Board" as created by this Act;

(d) "Construction" includes reconstruction, repair, alteration and demolition;

(e) "Dependants" means such of the members of the family of a workman as were wholly or partly dependent upon his earnings at the time of his death or who, but for the incapacity due to the accident, would have been so dependent.

(f) "Employer" includes every person having in his service under a contract for hiring or apprenticeship, written or oral, expressed or implied, any person engaged in any work in or about an industry, including the Crown in the right of the Province as well as municipal corporations, boards and commissions, having the management and conduct of any work or service owned by or operated for a municipal corporation or by or for the Province of Manitoba and where the services of a workman are temporarily let or hired to another person by the person with whom the workman has entered into such contract, the latter shall be deemed to continue to be the employer of the workman whilst he is working for that other person;

(g) "Employment" shall include employment in an industry or any part, branch or department of an industry;

(h) "Industrial disease" means any of the diseases mentioned in the schedule 2 to this Act and any other disease which by regulations is declared to be an industrial disease;

(i) "Industry" includes establishment, undertaking, trade and business;

(j) "Invalid" means physically or mentally incapable of earning;

(k) "Manufacturing" includes altering, making, preparing, ornamenting, printing, finishing, packing, assembling the parts of and adapting for use or sale any article or commodity;

(l) "Medical referee" means a medical referee appointed by the Board;

(m) "Member of the family" means and includes wife, husband, parent, grand-parent, step-parent, child, grand-child, step-child, brother, sister, half-brother, and half-sister and a person who stood *in loco parentis* to the workman or to whom the workman stood *in loco parentis* whether related to him by consanguinity or not so related and, where the workman is the parent or grand-parent of an illegitimate child, includes such child, and, where the workman is an illegitimate child, includes his parents and grand-parents;

(n) "Out-worker" means a person to whom articles or materials are given out to be made up, cleaned, washed, altered, ornamented, finished, repaired or adapted for sale in his own home or on other premises not under the control or management of the person who gave out the articles or materials;

(a) "Person" includes females as well as males and any body corporate or politic;

(p) "Physician" means and includes any person registered under The Medical Act and lawfully and regularly engaged in the practice of his profession in Manitoba;

(q) "Regulations" means rules and regulations made by the Board under the authority of this Act;

(r) "Workman" includes a person, whether under the age of twenty-one years or not, who has entered into or works under a contract of service or apprenticeship, written or oral, expressed or implied, whether by way of manual labour or otherwise, but when used in Part I shall not include an out-worker or a person engaged in purely clerical work and not exposed to the hazards incident to the nature of the work carried on in the employment.

(2) The exercise and performance of the powers and duties of:

(a) A municipal corporation;

(b) The Greater Winnipeg Water District;

(c) Any commission or board having the management and conduct of any work or service owned or operated by a municipal corporation or by or for the Province of Manitoba;

(d) A school board;

shall for the purposes of this Act be deemed the trade or business of the corporation, commission, board or school board, but the obligation to pay compensation under this Act shall apply only to such part of the trade or business as, if it were carried on by a company or an individual, would be an industry for the time being included within this Act and to workmen employed in or in connection therewith.

## PART I.

## Compensation.

3. (1) Where, in any industry within the scope of this Part, personal injury by accident arising out of and in the course of the employment is caused to a workman, compensation as provided by this Part shall be paid by the Board out of the accident fund, subject to the following sub-sections.

(2) If the injury does not disable the workman longer than three days from earning full wages at the work at which he was employed, no compensation, other than medical aid, shall be payable under this Part. If the injury disables the workman longer than three days, no compensation, other than medical aid, shall be payable for the first three days of disability.

(3) Where the injury is attributable solely to the serious and wilful misconduct of the workman, no compensation shall be payable unless the injury results in death or serious and permanent disability.

(4) Where the accident arose out of the employment, unless the contrary is shown, it shall be presumed that it occurred in the course of the employment; and, where the accident occurred in the course of the employment, unless the contrary is shown, it shall be presumed that it arose out of the employment.

(5) This section shall not apply to a person whose employment is of a casual nature and who is employed otherwise than for the purposes of the employer's trade or business.

(6) No compensation shall be payable under this Part where the accident to the workman happened elsewhere than in Manitoba, except in a case where the accident happens on a steam-boat, ship or vessel or on a railway and the workman is a resident of Manitoba and the nature of the employment is such that, in the course of the work or service which the workman performs, it is required to be performed both within and without Manitoba and the workman elects to claim compensation hereunder.

(7) The Board may award compensation under this Part in respect of the permanent disability suffered by a workman but without temporary total disability.

4. (1) Where a dependant is not a resident of Manitoba he shall not be entitled to compensation unless, by the law of the place or country in which he resides, the dependants of a workman to whom an accident happens in such place or country if resident in Manitoba would be entitled to compensation; and, where such dependants would be entitled to compensation under such law, the compensation to which the non-resident dependant shall be entitled under this Part shall not be greater than the compensation payable in the like case under that law.

(2) Notwithstanding the provisions of sub-section (1), the Board may award such compensation or sum in lieu of compensation to any such non-resident dependant as may be deemed proper and may pay the same out of the accident fund.

5. (1) Where an accident happens to a workman in the course of his employment under such circumstances as entitle him or his dependants to an action against some person other than his employer, the workman or his dependants, if entitled to compensation under this Part, may claim such compensation or may bring such action.

(2) If an action is brought and less is recovered and collected than the amount of the compensation to which the workman or his dependants are entitled under this Part, the difference between the amount recovered and collected and the amount of such compensation shall be payable as compensation to such workman or his dependants; provided that the board shall have the right to require that any money recovered and collected in such action shall, when it is less than the amount of the compensation to which the workman or his dependants are entitled under this Part, be paid over to and deposited with the Board, to be kept and applied in or towards payment of the monthly or other periodical sums awarded or to be awarded, as compensation under this Part.

(3) If any workman or dependant makes an application to the Board claiming compensation under this Part, the Board shall be subrogated to the rights of the workman or dependant as against such other person for the whole or any outstanding part of the claim of the workman or dependant against such other person.

(4) In any case within the provisions of sub-section (1), neither the workman nor his dependants nor the employer of such workman shall have any right of action in respect of such accident against an employer in any industry within the scope of this Part (unless such accident occurred otherwise than in the conduct of the operations usual in or incidental to the industry carried on by such employer); and in any such case where it appears to the satisfaction of the Board that a workman of an employer in any class is injured owing to the negligence of an employer or of the workman of an employer in another class within the scope of this Part, the Board may direct that the compensation awarded in such case shall be charged against the last-mentioned class.

(5) In case the person required to make an election under this section is under the age of twenty-one years his official guardian may make the election for him without the necessity of applying to any court or judge for directions in respect thereto.

6. Where a person, whether carrying on an industry included within the scope of this Part or not, in this section referred to as the principal, contracts with any other person for the execution by or under the contractor of the whole or any part of any work for the principal, it shall be the duty of the principal to see that such contractor files the statements and declarations required by this Part and, if any such principal fails to do so, he shall be liable to the penalties provided by section 60 hereof.

7. A member of the family of an employer or the dependants of such member shall not be entitled to compensation under this Part unless it is established to the satisfaction of the Board that such member was a *bona fide* employee of such employer at the time of the accident, nor, for the purpose of determining the compensation, shall his earnings be taken to be more than the amount of his wages as shown by his employer's pay roll and statement.

8. No action shall lie for the recovery of the compensation but all claims for compensation shall be heard and determined by the Board without the intervention of counsel or solicitors on either side except with the express permission of the Board.

9. (1) The right to compensation provided by this Part shall be in lieu of all rights and rights of action, statutory or otherwise, to which a workman or his dependants are or may be entitled against the employer for or by reason of any accident which happens to him arising out of and in the course of his employment, and no action in any court of law against the employer in respect thereof shall thereafter lie.

(2) A workman under the age of twenty-one years and working at an age and in an employment permitted under the laws of the Province shall be deemed *sui juris* for the purpose of this Part, and no other person shall have any cause of action or right to compensation for an injury to such workman except as expressly provided in this Part.

10. It shall not be competent for a workman to agree with his employer to waive or forego any of the benefits to which he or his dependants are or may become entitled under this Part and every agreement to that end shall be absolutely void.

11. Except as provided in this Act it shall not be lawful for an employer, either directly or indirectly, to deduct from the wages of his workmen any part of any sum which the employer is or may become liable to pay into the accident fund or otherwise under this Part or to require or to permit any of his workmen to contribute in any manner towards indemnifying the employer against any liability which he has incurred or may incur under this Part.

12. Every person who contravenes any of the provisions of the last preceding section shall for every such contravention incur a penalty not exceeding fifty dollars and shall also be liable to repay to the workman any sum which has been deducted from his wages from which he has been required or permitted to pay in contravention of the last preceding section.

13. (1) In every case of injury to a workman by accident in any industry within the scope of this Part, it shall be the duty of the workman, or in case of his death the duty of a dependant, as soon as practicable after the happening of the accident, to give notice thereof to the employer. The notice shall be in writing and contain the name and address of the workman, and state in ordinary language the nature and cause of the injury and the time when and place where the accident occurred, and shall be signed by the injured workman or some person on his behalf, or, in case of death, by any one or more of his dependants or by a person on their behalf.

(2) In the case of an industrial disease, the employer to whom notice of death, disability or suspension from employment is to be given shall be the employer who last employed the workman in the employment to the nature of which the disease was due.

(3) The notice may be served upon the employer, or upon any one employer if there are more employers than one, or upon any officer or agent of the corporation if the employer be a corporation, or upon any agent of the employer in charge of the business in the place where the injury occurred, by delivering the same to the person upon whom it is to be served, or leaving it at his residence or place of business, or by sending it by registered mail addressed to him at his last-known residence or place of business.

(4) Failure to give the notice required by virtue of this section, unless excused by the Board, either on the ground—

(a) that notice for some sufficient reason could not have been given; or

(b) that the employer or his superintendent or agent in charge of the work where the accident happened had knowledge of the injury; or

(c) that the Board is of opinion that the claim is a just one and ought to be allowed, shall be a bar to any claim for compensation under this Part.

14. (1) In case of accident to a workman in his employment, it shall be the duty of every employer, within three days after its occurrence, to report the accident and the injury resulting therefrom to the Board, and also to any local representative of the Board at the place where the accident occurred. The report shall be in writing, and state—

(a) the name and address of the workman and the nature of the industry in which he was employed;

(b) the time when and place where the accident occurred;

(c) the cause and nature of the accident and injury;

(d) the name and address of the physician by whom the workman was or is being attended for the injury; and

(e) any other particulars required by the Board; and may be made by mailing copies thereof addressed to the Board and to the local representative at their usual addresses respectively, postage prepaid.

(2) It shall be the duty of the employer to make such further and other reports respecting the accident and workman as may be required by the Board.

(3) Every employer who fails to make any report required by virtue of this section, unless excused by the Board on the ground that the report for some sufficient reason could not have been made, shall incur a penalty not exceeding \$500.

15. (1) Where a workman or dependant is entitled to compensation under this Part, he shall file with the Board an application for the compensation, together with the certificate of the physician (if any) who attended the workman in the form prescribed by the Board for that purpose, and such further or other proofs of his claim as may be required by the regulations or by the Board.

(2) Unless application for the compensation is filed—

(a) within one year after the day upon which the injury occurred; or

(b) in case the applicant is a dependant, then within one year after the death, no compensation in respect of any injury shall be payable under this Part.

16. It shall be the duty of every physician attending or consulted upon any case of injury to a workman by accident in any industry within the scope of this Part:

(a) to furnish from time to time such reports in respect of the injury in such form as may be required by the regulations or by the Board; and

(b) to give all reasonable and necessary information, advice, and assistance to the injured workman and his dependants in making application for compensation, and in furnishing in connection therewith such certificates and proofs as may be required, without charge to the workman.

(c) for the certificates required by the Board in respect to an injured workman, who is a claimant for compensation, the physician furnishing same shall be paid by the Board, out of the accident fund, a fee of two dollars.

17. Every workman who applies for or is in receipt of compensation under this Part, if required by the Board, shall submit himself to medical examination in accordance with the regulations at a place reasonably convenient for the workman to be fixed by the Board. If the workman fails to submit himself to the examination, or obstructs the same, his right to compensation shall be suspended until the examination has taken place, and no compensation shall be payable during the period of such suspension unless the Board otherwise orders.

18. If an injured workman persists in unsanitary or injurious practices which tend to imperil or retard his recovery, or refuses to submit to such medical or surgical treatment as in the opinion of the Board is reasonably essential to promote his recovery, the Board may, in its discretion, reduce the compensation of such workman to such sum, if any, as would in its opinion be payable were such practices not persisted in or if such treatment had been submitted to.

19. No sum payable as compensation or by way of commutation of any periodical payment in respect of it shall be capable of being assigned, charged or attached, nor shall it pass by operation of law except to a personal representative, nor shall any claim be set off against it.

20. Any periodical payment to a workman may be reviewed from time to time by the Board, and on such review the Board may put an end to or diminish or may increase such payment to a sum not beyond the maximum hereinafter prescribed.

21. Where the workman was, at the date of the accident, under twenty-one years of age, the amount of the weekly or other periodical payment may be fixed by the Board by its first order, or at any subsequent review, on the basis the earnings of an average workman aged twenty-one years, employed at a similar class of work, or on any lower basis, provided the same be not lower than: (a) in the case of a first order, his average earnings at the date of the accident, and (b) in the case of a subsequent review, the average earnings which, if he had not been injured, he would probably have been earning at the date of the review.

22. (1) Payments of compensation shall be made periodically at such times and in such manner and form as the Board may deem advisable; and, in the case of minors or persons of unsound mind, payments may be made to such persons as, in the opinion of the Board, are best qualified in all the circumstances to administer such payments, whether or not the person to whom the payment is made is the legal guardian of such minor or person of unsound mind.

(2) The Board may, with the consent of the workman or dependant to whom it is payable, but not otherwise—

(a) commute the whole or any part of the periodical payments due or payable to the injured workman or any dependant to one or more lump sum payments to be applied as directed by the Board;

(b) or divide into periodical payments any compensation payable in a lump sum.

23. (1) In addition to the other compensation provided by this Part, the Board shall have authority to provide for the injured workman such medical, surgical, and hospital treatment, transportation, nursing, medicines, crutches, and apparatus, including artificial members, as it may deem reasonably necessary at the time of the injury, and thereafter during the disability to cure and relieve from the effects of the injury, and the Board shall have full power to adopt rules and regulations with respect to furnishing medical aid to injured workmen entitled thereto and for the payment thereof.

(2) Where in a case of emergency, or for other justifiable cause, a physician is called in to treat the injured workman, if the Board finds there was such justifiable cause and that the charge for the services of such physician is reasonable, it shall be paid by the Board.

(3) Where in any case, in the opinion of the Board, the provision of a special surgical operation, or other special medical treatment for a workman, and the furnishing of the same by the Board, will be a means of avoiding heavy payment for a permanent disability, the amount of the cost thereof shall be payable as compensation, in addition to the amounts hereinafter mentioned.

(4) If an autopsy is deemed by the Board necessary to enable it to determine the cause of any death, the board may direct that such autopsy be made within a time to be fixed by the Board, and, if the dependant or dependants refuse to permit the same, the Board may reject any claim for compensation under this Part. The expenses of such autopsy shall be paid out of the accident fund.

(5) The Board may in its discretion authorize employers to furnish or provide medical aid at the expense of the Board and upon terms fixed by it.

(6) Any plan for providing medical aid in force between an employer and his workmen or otherwise, available to the workmen at the time of the coming into force of this Part, or which is hereafter put into force, or made available to the workmen, and which in the opinion of the Board, after investigation of the facts is found on the whole to be not less efficient in the interests both of the employer and of the general body of his workmen than the provisions for medical aid contained in this section, may by order of the Board, subject to such conditions as the Board may require, be declared to be a plan approved by the Board.

(7) Medical aid furnished or provided under any of the preceding subsections of this section shall at all times be subject to the supervision and control of the Board; and the Board shall have full power and authority to contract with doctors, nurses, hospitals, and other institutions for any medical aid required, and to agree on a scale of fees or remuneration for such medical aid.

(8) Without in any way limiting the power of the Board under this section to supervise and provide medical aid in every case where the Board is of the opinion that the exercise of such power is expedient, the Board may permit medical aid to be administered, so far as the selection of a physician is concerned, by the physician who may be selected or employed by the injured workman or his employer, to the end that so far as possible any competent physician may be employed and be available to injured workmen.

(9) Employers in any industries in which it is deemed proper may be required by the board to maintain such first-aid appliances and service as the Board may direct, and the Board may make such order respecting the expense thereof as may be deemed just.

24. (1) Where death results from any injury the amount of compensation shall be—

(a) The necessary expenses of the burial of the workman not exceeding one hundred dollars;

(b) Where the widow or an invalid widower is the sole dependant, a monthly payment of thirty dollars for life,

(c) Where the dependants are a widow or an invalid widower and one or more children, a monthly payment of thirty dollars with an additional payment of seven dollars and fifty cents for each child under the age of sixteen years, not exceeding in the whole sixty dollars;

(d) Where the dependants are orphan children, a monthly payment of fifteen dollars for each child under the age of sixteen years, not exceeding in the whole sixty dollars. Payments in respect of a child shall cease when the child attains the age of sixteen years or dies, provided that, in case the child at the time of attaining the age of sixteen years is an invalid, the payments shall continue until the child ceases to be an invalid. Payments in respect of an invalid child over the age of sixteen years shall cease when the child ceases to be an invalid or dies;

(e) Where in the opinion of the Board the furnishing of further or better education to a child approaching the age of sixteen years appears advisable the Board in its discretion may extend the period to which compensation shall be paid in respect to such child for such additional period as is spent by such child in the furthering or bettering of his education but in no case beyond the age of eighteen years.

(f) Where there are dependants other than those mentioned in the preceding paragraphs, a sum reasonable and proportionate to the pecuniary loss to such dependants occasioned by the death to be determined by the Board and not exceeding to any one such dependant twenty dollars per month, and not exceeding in the whole forty dollars a month.

(2) In the case provided for by paragraph (f) of sub-section (1), the payments shall continue only so long as in the opinion of the Board it might reasonably have been expected, had the workman lived, that he would have continued to contribute to the support of such dependants.

(3) Where the Board is of the opinion that for any reason it is necessary or desirable that a payment in respect of a dependent child shall not be made directly to his parent, the Board may direct that the payment may be made to such person or be applied in such manner as the board may direct for the advantage of the child.

25. No compensation shall be paid under this Part to or for the benefit of any dependant resident in any of the countries that were enemy countries during the recent great war at the date of the death in respect of which compensation would otherwise be payable under this Part.

26. Where a payment to any one of a number of dependants ceases, the Board may in its discretion readjust the payments to the remaining dependants, so that the remaining dependants shall thereafter be entitled to receive the same compensation as though they had been the only dependants at the time of the death of the workman.

27. (1) If a dependent widow marries, the monthly payment to her shall cease, but she shall be entitled in lieu of that to a lump sum equal to the monthly payments for two years.

(2) Sub-section 1 shall not apply to payments to a widow in respect of her dependent child or children.

28. The Board may from time to time require such proof of the necessities, condition and existence of any dependants in receipt of compensation payments as may be deemed necessary by the Board and pending the receipt of such proof may withhold further payments.

29. Where permanent total disability results from the injury, the amount of the compensation shall be a periodical payment during the life of the workman, equal to sixty-six and two-thirds per centum of his average earnings; provided that such compensation shall not be less

than six dollars per week, except in such cases where the average earnings of the employee are less than six dollars per week, when he shall receive as compensation the total amount of his average earnings.

30. (1) Where permanent partial disability results from the injury, the compensation shall be a periodical payment of sixty-six and two-thirds per centum of the difference between the average earnings of the workman before the accident and the average amount which he is earning or is able to earn in some suitable employment or business after the accident, and the compensation shall be payable during the lifetime of the workman.

(2) Notwithstanding the provisions of sub-section (1), where, in the circumstances, the amount which the workman was able to earn before the accident has not been substantially diminished, the Board may, in case the workman is seriously and permanently disfigured about the face or head, or otherwise permanently injured, recognize such injury as an impairment of earning capacity, and allow a lump sum in compensation therefor.

31. Where temporary total disability results from the injury, the compensation shall be the same as that prescribed by section 29, but shall be payable only so long as the disability lasts. And, in case the period of disability appears in the opinion of the Board to be unnecessarily prolonged, it may reduce temporarily or permanently the percentage of wages allowed as compensation by said section 29 with power to restore the full percentage at any time.

32. Where temporary partial disability results from the injury, the compensation shall be the same as that prescribed by section 30, but shall be payable only so long as the disability lasts.

33. The average earnings and earning capacity of a workman shall be determined with reference to his average earnings and earning capacity at the time of the accident, and may be calculated upon the daily, weekly or monthly wages and other regular remuneration which the workman was receiving at the time of the accident, or upon the average yearly earnings of the workman for one or more years prior to the accident, or upon the probable yearly earning capacity of the workman at the time of the accident, as may appear to the Board best to represent the actual loss of earnings suffered by the workman by reason of the injury, but not so that his average earnings shall be deemed in any case to exceed the rate of two thousand dollars per year.

34. In fixing the amount of a periodical payment of compensation regard shall be had to any payment, allowance or benefit which the workman may receive from his employer during the period of his disability, including any pension, gratuity or other allowance provided wholly at the expense of the employer, and any sum so paid by the employer may be paid to the employer out of and deducted from the compensation.

#### The Workmen's Compensation Board.

35. There is hereby constituted a commission for the administration of this Part, to be called "The Workmen's Compensation Board," which shall consist of a Commissioner and two Directors to be appointed by the Lieutenant-Governor in Council, and shall be a body corporate and politic.

36. By resolution of the Board one of the Directors may act as Commissioner during the temporary absence of the Commissioner from any cause.

37. The Commissioner shall, subject to section 38, hold office during good behaviour, but may be removed at any time for cause.

38. Unless otherwise directed by the Lieutenant-Governor in Council a Commissioner shall cease to hold office when he attains the age of seventy-five years.

39. The Commissioner shall devote the whole of his time to the discharge of his duties under this Part.

40. The salary of the Commissioner shall be six thousand dollars per annum, and of each of the directors one thousand dollars per annum, and such salaries shall be payable out of the accident fund.

41. (1) The Board shall have all the powers which may be conferred upon commissioners under "An Act respecting Commissioners to make Enquiries concerning Public Matters," being chapter 34 of the Revised Statutes, 1913, for compelling the attendance of witnesses and of examining them under oath and of compelling them to answer questions, and compelling the production of books, papers, documents and other things.

(2) The Board may cause depositions of witnesses residing within or without the Province to be taken before any person appointed by the Board in a similar manner to that prescribed by the rules of the Court of King's Bench for the taking of like depositions in that Court before a commissioner.

42. (1) A member of the Board shall not directly or indirectly have, purchase, take or become interested in any industry to which this Part applies, or any bond, debenture or other security of any person or corporation owning or carrying it on.

(2) If any such industry, or interest therein, or any such share, bond, debenture, security, or thing comes to or becomes vested in a member of the Board by will or by operation of law and he does not within three months thereafter sell and absolutely dispose of it, he shall cease to hold office.

43. The offices of the Board shall be situated in the city of Winnipeg, and its sittings shall be held there, except where it is expedient to hold sittings elsewhere, and in that case sittings may be held in any part of Manitoba.

44. (1) The Board shall sit at least once in each week, and at such other times as may be necessary, and shall conduct its proceedings in such manner as it may deem most convenient for the proper discharge or speedy dispatch of business.

(2) The presence of two members of the Board shall be necessary to constitute a quorum of the Board.

45. (1) The Board shall appoint such officers and other employees as the Board may deem necessary for carrying out the provisions of this Part and may prescribe their duties and, subject to the approval of the Lieutenant-Governor in Council, may fix their salaries, which shall be paid out of the accident fund.

(2) Every person so appointed shall hold office during the pleasure of the board.

46. (1) The Board shall have exclusive jurisdiction to examine into, hear and determine all matters and questions arising under this Part and as to any matter or thing in respect of which any power, authority, or discretion is conferred upon the Board, and the action or decision of the Board thereon shall be final and conclusive and shall not be open to question or review in any court, and no proceedings by or before the Board shall be restrained by injunction, prohibition or other process or proceeding in any court or be removable by *certiorari* or otherwise into any court,

(2) Without hereby limiting the generality of the provisions of sub-section (1), it is declared that the exclusive jurisdiction of the Board shall extend to determining—

(a) whether any injury or death in respect of which compensation is claimed was caused by an accident within the meaning of this Part;

(b) the question whether any injury has arisen out of or in the course of an employment within the scope of this Part;

(c) the existence and degree of disability by reason of any injury;

(d) the permanence of disability by reason of any injury;

(e) the degree of diminution of earning capacity by reason of any injury;

(f) the amount of average earnings;

(g) the existence, for the purpose of this Part, of the relationship of any member of the family of a workman as defined by this Act;

(h) the existence of dependency;

(i) whether or not any industry or any part, branch or department of any industry is within the scope of this Part, and the class to which any industry or any part, branch or department of any industry within the scope of this Part should be assigned.

(j) whether or not any workman in any industry is within the scope of this Part and entitled to compensation thereunder.

(3) Nothing in sub-section (1) shall prevent the Board from reconsidering any matter which has been dealt with by it or from rescinding, altering or amending any decision or order previously made, all of which the Board shall have authority to do.

(4) The decisions of the Board shall always be given upon the real merits and justice of the case, and it shall not be bound to follow strict legal precedent.

47. No action for damages shall be brought in any court of law against the Board, or any of its members, in respect of anything done by it or them beyond their jurisdiction, as conferred by this Act, if the same was done in the *bona fide* belief that it was within their jurisdiction.

48. The Board may award such sum as it may deem reasonable to the successful party to a contested claim for compensation or to any other contested matter as compensation for the expenses he has been put to by reason of or incidental to the contest, and an order of the board for the payment of any sum so awarded, when filed in the manner provided by section 64, shall become a judgment of the court in which it is filed and may be enforced accordingly.

49. (1) The Board may act upon the report of any of its officers and any inquiry or examination which it shall be deemed necessary to make may be made by any one of the officers of the board or by a commissioner, a medical referee or some other person appointed to make the inquiry or examination

(2) The person appointed to make the inquiry or examination shall for the purposes thereof have all the powers conferred upon the board by section 41.

50. (1) The Board may make such regulations as may be deemed expedient or requisite for the due administration and carrying out of the provisions of this Part and to meet cases not specially provided for by this Part, and may likewise prescribe the form and use of such pay-rolls, records, reports, certificates, declarations and documents as may be requisite, and a certified copy of every regulation so made shall be transmitted forthwith to the Attorney-General, but any such regulation may within one month after it has been received by the Attorney-General, be disallowed by the Lieutenant-Governor in Council.

(2) Every regulation which is approved by the Lieutenant-Governor in Council shall, immediately after approval or on the day named by him for that purpose, become effective, and after the period for disallowance has expired every regulation which has not been disallowed shall become effective and every regulation which has become effective shall be forthwith published in the "Manitoba Gazette."

(3) Every person who contravenes any such regulation after it has become effective shall for every contravention incur a penalty not exceeding \$50.

(4) Where an action is respect of an injury is brought against an employer by a workman or a dependant, the Board shall have jurisdiction upon the application of any party to the action to adjudicate and determine whether the action is one the right to bring which is taken away

by this Act; and such adjudication and determination shall be final and conclusive, and if the board determines that the action is one the right to bring which is taken away by this Part, the action shall be for ever stayed.

51. The accounts of the Board shall be audited by the Comptroller-General or by an auditor appointed by the Lieutenant-Governor in Council for that purpose, and the salary or remuneration of the last mentioned auditor shall be paid by the Board.

52. The Board shall on or before the 31st day of January in each year make a report to the Lieutenant-Governor in Council of its transactions during the last preceding calendar year and such report shall contain a statement of the accounts required to be kept under section 66 of this Act, and such particulars as the Lieutenant-Governor in Council may prescribe.

53. Every such report shall be forthwith laid before the Legislative Assembly if such assembly is then in session, and, if it is not then in session, within fifteen days after the opening of the next session.

#### Contribution by the Province.

54. To assist in defraying the expenses incurred in the Administration of this Part there shall be paid to the Board out of the Consolidated Revenue Fund such annual sum as the Lieutenant-Governor in Council may direct.

#### Accident Fund.

55. For the purpose of assessment in order to create and maintain a fund to be called the "Accident Fund" for the payment of the compensation, outlays and expenses under this Part, all the following industries shall be within the scope of this Part and shall, subject to sections 59 and 70, be divided into the following classes:

Class A—The Canadian Pacific Railway company and its subsidiary companies;

Class B—The Grand Trunk Pacific Railway company and its subsidiary companies;

Class C—The Canadian National Railway company;

Class D—The Crown in the right of the Province of Manitoba;

Class E—The City of Winnipeg;

Class F—All other municipalities in Manitoba;

Class G—All industries set out in schedule 1 hereto and not included in the above classes.

56. Any industry or workman not within the scope of this Part may on the application of the employer be admitted by the Board as being within the scope of this Part subject to such terms and conditions and for such period as the Board may deem adequate and proper.

57. This Part shall apply to any employment by or under the Crown in the right of the Province of Manitoba to which this Part would apply if the employer were a private person.

58. (1) The Board may, by regulations—

(a) create new classes in addition to those mentioned in section 55;

(b) consolidate or rearrange from time to time any of the existing classes; and

(c) withdraw from a class any industry included therein and transfer it wholly or in part to any other class, or form it into a separate class.

(2) In case of any rearrangement of the classes, or the withdrawal of an industry from any class, the Board may make such adjustment and disposition of the funds, reserves, and accounts of the classes affected as may be deemed just and expedient.

59. The Board shall assign every industry within the scope of this Part to its proper class; and, where any industry includes several departments assignable to different classes, the Board may either assign such industry to the class of its principal or chief department, or may, for the purpose of this Part, divide such industry into two or more departments, assigning each of such departments to its proper class.

60. (1) Every employer shall, on or before the first day of January, 1921, or whenever thereafter he becomes an employer within the meaning of this Part, and at such other times as may be required by regulations or by the Board, cause to be furnished to the Board an estimate of the probable amount of the pay-roll of each of his industries within the scope of this Part for the year next following, together with such further and other information as may be required by the Board for the purpose of assigning each industry to the proper class and of making the assessments hereunder; and every such employer shall, at the close of each calendar year, and at such other times as may be required by the Board, furnish certified copies or reports of his pay-rolls, verified by statutory declaration.

(2) In computing the amount of the pay-roll of any industry for the purpose of assessment, regard shall be had only to such portion of the pay-roll as represents workmen and employment within the scope of this Part; and where the wages of any workman exceed the rate of two thousand dollars per year, a deduction shall be made in respect of the excess.

(3) If an employer does not comply with the provisions of sub-section (1), or if any statement made in pursuance of its provisions is not a true and accurate statement of any of the matters required to be set forth in it, the employer for every such non-compliance and for every such inaccurate statement shall incur a penalty not exceeding \$500.

61. (1) For the purpose of creating and maintaining an adequate accident fund, the Board shall every year assess and levy upon and collect from the employers in each class by an assessment or by assessments made from time to time rated upon the pay-roll, or in such other manner as the Board may deem proper, sufficient funds, according to an estimate to be made by the Board:—

(a) to meet all amounts payable from the accident fund under this Part during the year;

(b) to provide in each year capitalized reserves sufficient to meet the periodical payments of compensation accruing in future years in respect of all accidents which occur during the year; except that in cases where future payments are guaranteed by the governments of the Dominion of Canada or the Province of Manitoba, the Board may dispense with the setting up of reserves; and

(c) to provide a surplus or equalization fund to be used to meet the losses arising from any disaster or other circumstance which, in the opinion of the Board, would unfairly burden the employers in any class.

(2) Assessments may be made in such manner and form and by such procedure as the Board may deem adequate and expedient, and may be general as applicable to any class or sub-class, or special as applicable to any industry or part or department of an industry.

(3) Assessments may, wherever it is deemed expedient, be collected in half-yearly, quarterly, or monthly instalments, or otherwise; and, where it appears that the funds in any class are sufficient for the time being, any instalment may be abated or its collection deferred.

(4) In case the estimated assessments in any class prove insufficient, the Board may make such further assessments and levies as may be necessary, or the Board may temporarily advance the amount of any deficiency out of any fund provided for that purpose, and add such amount to any subsequent assessments.

(5) The Board shall give notice to each employer of the amount of each assessment due from time to time in respect of his industry and the time when such is payable. The notice may be sent by post to the employer, and shall be deemed to be given to him on the day on which the notice is posted.

62. The Board shall establish such sub-classifications, differentials and proportions in the rates as between the different kinds of employment in the same class as may be deemed just; and, where in the opinion of the Board any particular industry is shown to be so circumstanced or conducted that the hazard differs from the average of the class or sub-class to which the industry is assigned, the Board may confer or impose upon such industry a special rate, differential, or assessment to correspond with the relative hazard of that industry; and for such purpose may adopt a system of rating in such a manner as to take account of the peculiar hazard of the individual plant or undertaking of each employer.

63. (1) Where an employer engages in any of the industries within the scope of this Part, and has not been assessed in respect of it, the Board, if it is of opinion that the industry is to be carried on only temporarily, or that it is for some other reason expedient, may require the employer to pay or to give security for the payment to the Board of a sum sufficient to pay the assessment for which the employer would be liable if the industry had been in existence when the last preceding assessment was made.

(2) Every employer who makes default in complying with any requirement of the Board under sub-section (1) shall incur a penalty not exceeding \$500.

64. (1) If any assessment or part thereof or deficiency is not duly paid in accordance with the terms of the assessment and levy, the Board shall have a right of action against the defaulting employer in respect of the amount unpaid, together with costs of such action.

(2) Where default is made in the payment of any assessment or any part of it, the Board may issue a certificate stating that the assessment was made, the amount remaining unpaid on account of it, and the person by whom it is payable, and such certificate, or a copy of it, certified by the secretary under the seal of the Board to be a true copy, may be filed with the clerk of the county court of the judicial division in which such person resides or carries on business, and when so filed shall become an order of that court, and may be enforced as a judgment of the court against such person for the amount mentioned in the certificate.

65. (1) If any assessment levied under any provision of this Part is not paid at the time when it becomes payable, the defaulting employer shall be liable to pay and shall pay as a penalty for his default such a percentage upon the amount unpaid as may be prescribed by regulations or may be determined by the Board.

(2) Any employer who refuses or neglects to make or transmit any pay-roll, return or other statement required to be furnished by him under the provisions of sub-section (1) of section 60, or who refuses or neglects to pay any assessment, or the provisional amount of any assessment, or any instalment or part thereof, shall, in addition to any penalty or other liability to which he may be subject, pay to the Board the full amount or capitalized value, as determined by the Board, of the compensation payable in respect of any accident to a workman in his employ which happens during the period of such default, and the payment of such amount may be enforced in the same manner as the payment of an assessment may be enforced.

(3) The Board, if satisfied that such default was excusable, may in any case relieve such employer in whole or in part from liability under this section.

66. Separate accounts shall be kept of the amounts collected and expended in respect of every class and of every fund set aside by way of reserve or as a special fund for any purpose, but for the purpose of paying compensation the accident fund shall, nevertheless, be deemed one and indivisible.

67. (1) On or before the thirty-first day of March in each year the amount of the assessment for the preceding calendar year shall be adjusted upon the actual requirements of the class

and upon the correctly ascertained pay-roll of each industry, and the employer shall forthwith make up and pay to the Board any deficiency, or the Board shall refund to the employer any surplus, or credit the same upon the succeeding assessment as the case may require.

(2) Where in any industry a change of ownership or employer ship has occurred, the Board may levy any part of such deficiency on either or any of the successive owners or employers, or pay or credit to any one or more of such owners such surplus as the case may require, but as between or amongst such successive owners the assessments in respect of such employment shall, in the absence of an agreement between the respective owners or employers determining the same, be apportionable, as nearly as may be, in accordance with the proportions of the pay-rolls of the respective periods of ownership or employment.

68. Where any work within the scope of this Part is performed under contract for any municipal corporation, or for any board or commission having the management of any work or service operated for the municipal corporation, any assessment in respect of such work may be paid by such corporation, board or commission, as the case may be, and the amount of such assessment deducted from any moneys due the contractor in respect of such work.

69. (1) Where any work within the scope of this Part is undertaken for any person by a contractor, both the contractor and the person for whom such work is undertaken shall be liable for the amount of any assessment made under this Act in respect thereof, and such assessment may be levied upon and collected from either of them or partly from one and partly from the other: Provided that, in the absence of any term in the contract to the contrary, the contractor shall, as between himself and the person for whom the work is performed, be primarily liable for the amount of such assessment.

(2) Where any work within the scope of this Part is performed under sub-contract, both the contractor and the sub-contractor shall be liable for the amount of the assessments in respect of such work; any such assessments may be levied upon and collected from either, or partly from one and partly from the other.

70. The Board shall have jurisdiction and authority to exclude or include by regulation any industry from or within the application of this Part.

71. (1) Subject to sub-sections (2) and (3) of this section, the Provincial Treasurer shall be custodian of all moneys and securities belonging to the accident fund, and the Province shall be liable for the safe-keeping thereof. All moneys belonging to the accident fund collected or received by the Board shall be delivered to the Provincial Treasurer, or may be deposited to his credit in such banks throughout the Province as he may designate, and all moneys so delivered or deposited shall be credited to the accident fund, and shall be accounted for as part of the Consolidated Revenue Fund of the Province. No moneys collected or received on account of the accident fund shall be expended or paid out without first passing into the Provincial treasury and being drawn therefrom as provided in this Part. In like manner all securities belonging to the accident fund shall be delivered to the Provincial Treasurer and held by him until otherwise disposed of for the purpose of this Part.

(2) The Board shall submit each month to the Comptroller-General an estimate of the amount necessary to meet the current disbursements from the accident fund during the succeeding calendar month, and, when the estimate is approved by the Comptroller-General, the Provincial Treasurer shall pay the amount thereof to the Board. At the end of each calendar month the Board shall account to the Comptroller-General for all moneys so received.

(3) The Board shall cause all moneys in the accident fund in excess of current requirements to be invested and reinvested in any securities which are under the "Trustee Act" a proper investment for trust funds. The Board shall from time to time submit to the Comptroller-General an estimate of the amount required by it for investment, which estimate shall be accompanied by a full description of the kind and character of the investments proposed to be made, and, when the estimate and investments are approved by the Comptroller-general and by the Provincial Treasurer he shall pay out the amount thereof for the purpose of such investments. At the end of each calendar month the Board shall account to the Comptroller-General for all moneys so invested, furnishing proper vouchers therefor.

(4) All investments shall be made in the names of the Board and the Provincial Treasurer jointly, and all interest on investments shall be payable to the Board and form part of the accident fund.

(5) Interest on all moneys belonging to the accident fund in the custody of the Provincial Treasurer in excess of current requirements and not invested shall, subject to the certificate of the Comptroller-General, be paid by the Provincial Treasurer to the Board at a rate not less than three and one-half per centum per annum, payable quarterly, and shall form part of the accident fund.

72. Where at any time there is not sufficient money in the hands of the Board available for payment of the compensation which may become due, the Lieutenant-Governor in Council shall direct that the same be advanced to the Board out of the Consolidated Revenue Fund and in that case the amount advanced shall be repaid by the board to the Provincial Treasurer out of the accident fund when sufficient funds are available.

73. (1) Where an industry coming within this Part is established or commenced after the date prescribed by the Board pursuant to section 60 of this Acts it shall be the duty of the employer forthwith to notify the Board of the fact and to furnish to the Board an estimate of the probable amount of his pay-roll for the remainder of the year, verified by statutory declaration.

(2) For default in complying with the provisions of sub-section (1) the employer shall incur a penalty not to exceed \$500.

74. (1) The Board, and any officer or person authorized by it for that purpose, shall have the right to examine the books and accounts of the employer and to make such other inquiry as the Board may deem necessary for the purpose of ascertaining whether any statement furnished to the Board is an accurate statement of the matters which are required to be stated therein or of ascertaining the amount of the pay-roll of any employer or of ascertaining whether any industry or person is under the operation of this Part, and for the purpose of any such examination and inquiry the Board and the person so appointed shall have, in addition to all the powers conferred by this Act, all the powers which may be conferred on a commissioner under "An Act respecting commissioners to Make Inquiries Concerning Public Matters," Revised Statutes of Manitoba, 1913, chapter 34, and amendments thereto.

(2) For the purpose of any such examination or inquiry, the Board or person authorized to make the examination or inquiry may give to the employer or his agent notice in writing requiring him to bring or produce before such Board or person, at a place and time to be mentioned in the notice, which time shall be at least ten days after the giving of the notice, all documents, writings, books, deeds, and papers in the possession, custody, or power of the employer touching or in anywise relating to or concerning the subject-matter of the examination or inquiry referred to in the notice and, every employer and every agent of the employer named in and served with any such notice shall produce at the time and place required all such documents, writings, books, deeds, and papers according to the tenor of the notice.

(3) Any employer and every other person who obstructs or hinders the making of the examination and inquiry mentioned in sub-section (1), or refuses to permit it to be made or fails to comply with the terms of any notice given under sub-section (2) hereof, shall incur a penalty not exceeding \$500.

(4) The Board and every officer or person authorized by it to make any examination or inquiry under this section shall have power and authority to require and take affidavits, affirmations, or declarations as to any matter of such examination or inquiry and to take statutory declarations required under this Part and in all such cases to administer oaths, affirmations and declarations and certify to the same having been made.

75. (1) The Board and any officer or person authorized by it for that purpose shall have the right at all reasonable hours to enter into the establishment of any employer who is liable to contribute to the accident fund under this Part, and the premises connected with it, and every part of them, for any purpose which the Board may deem necessary.

(2) Any employer and every other person who obstructs or hinders the making of any inspection under the authority of sub-section (1), or refuses to permit it to be made shall incur a penalty not exceeding \$500.

76. (1) No officer of the Board and no person authorized to make an inquiry under this Part shall divulge or allow to be divulged, except in the performance of his duties or under the authority of the Board, any information obtained by him or which has come to his knowledge in making or in connection with an inspection or inquiry under this Part.

(2) Every person who contravenes any of the provisions of sub-section (1) shall incur a penalty not exceeding \$500.

77. The penalties imposed by or under the authority of this Part shall be recoverable under "The Manitoba Summary Convictions Act," and when collected shall be paid over to the Provincial Treasurer and shall become part of the Consolidated Revenue Fund.

78. In the case of a work or service performed by an employer in any of the industries included under this Part for which the employer will be entitled to a lien under "The Mechanics and Wage-earners' Lien Act," it shall be the duty of the owner, as defined by that Act, to use all due diligence to see that statements are filed by such employers as required in this Part, and if such owner fails to do so he shall incur a penalty not exceeding \$50.

79. Subject to any statute of the Dominion of Canada, there shall be included among the debts which, under "The Assignments Act," "The Manitoba Trustee Act" and "The Companies' Winding-Up Act," are, in the distribution of the property in the case of an assignment or death or of the assets of a company being wound up, under the said Acts respectively, to be paid in priority to all other debts, the amount of any assessment the liability for which accrued before the date of the assignment or death or the commencement of the winding up respectively.

#### Industrial Diseases.

80. (1) Where a workman suffers from an industrial disease and is thereby disabled from earning full wages at the work at which he was employed or his death is caused by an industrial disease and the disease is due to the nature of any employment in which he was engaged at any time within twelve months previous to the date of his disability, whether under one or more employments, the workman or his dependants shall be entitled to compensation as if the disease were a personal injury by accident and the disability were the happening of the accident, subject to the modifications herein mentioned, unless at the time of entry into the employment he had wilfully and falsely represented himself in writing as not having previously suffered from the disease.

(2) The Board may by regulation require every physician treating a patient who is suffering from any industrial disease to report to the Board such information relating thereto as it may require.

(3) If the workman, at or immediately before the date of the disability, was employed in any process mentioned in the second column of Schedule 2 hereto, and the disease contracted is the disease in the first column of the said Schedule set opposite to the description of the process, the disease shall be deemed to have been due to that employment unless the contrary is proved.

(4) Nothing in this section shall affect the right of the workman to compensation in respect of any disease to which this section does not apply, if the disease is the result of an injury in respect of which he is entitled to compensation under this Part.

(5) Except where the Board is satisfied that the disease is not due to any other cause than his employment in Manitoba, no compensation shall be payable under this section unless the workman has been a resident of Manitoba for the three years next preceding his first disability.

## PART II.

81. Subject to section 85, sections 82 to 84 shall apply only to the industries to which Part I does not apply and to the workmen employed in such industries, but outworkers and persons engaged in clerical work and not exposed to the hazards incident to the nature of the work carried on in the employment and persons whose employment is of a casual nature and who are employed otherwise than for the purposes of the employer's trade or business, who are employed in industries under the operation of Part I, but who are excluded from the benefit of the provisions of Part I, shall not by this section be excluded from the benefit of the provisions of sections 82 and 83 hereof.

82. (1) Where personal injury is caused to a workman by reason of any defect in the condition or arrangement of the ways, works, machinery, plant, buildings or premises connected with, intended for or used in the business of his employer or by reason of the negligence of his employer or of any person in the service of his employer acting within the scope of his employment, the workman or, if the injury results in death, the legal personal representatives of the workman, and any person entitled in case of death, shall have an action against the employer, and if the action is brought by the workman he shall be entitled to recover from the employer the damages sustained by the workman by or in consequence of the injury; and, if the action is brought by the legal personal representatives of the workman or by or on behalf of persons entitled to damages under an Act respecting Compensation to Families of Persons Killed by Accident, Revised Statutes of Manitoba, 1913, chapter 36, they shall be entitled to recover such damages as they are entitled to under that Act.

(2) Where the execution of any work is being carried into effect under any contract, and the person for whom the work is done owns or supplies any ways, works, machinery, plant, buildings or premises and by reason of any defect in the condition or arrangement of them personal injury is caused to a workman employed by the contractor or by any sub-contractor, and the defect arose from the negligence of the person for whom the work or any part of it is done or of some person in his service and acting within the scope of his employment, the person for whom the work or that part of the work is done shall be liable to the action as if the workman had been employed by him, and for that purpose shall be deemed to be the employer of the workman within the meaning of this Part, but any such contractor or sub-contractor shall also be liable to the action as if this sub-section had not been enacted, but not so that double damages shall be recoverable for the same injury.

(3) Nothing in sub-section (2) shall affect any right or liability of the person for whom the work is done and the contractor or sub-contractor as between themselves.

(4) A workman shall not, by reason only of his continuing in the employment of the employer with knowledge of the defect or negligence which caused his injury, be deemed to have voluntarily incurred the risk of the injury.

83. A workman shall hereafter be deemed not to have undertaken the risks due to the negligence of his fellow workman, and contributory negligence on the part of the workman shall not be hereafter a bar to recovery by him or by any person entitled to damages under the Act respecting Compensation to Families of Persons Killed by Accident, Revised Statutes of Manitoba, 1913, chapter 36, in an action for the recovery of damages for an injury sustained by or causing the death of the workman while in the service of his employer for which the employer would otherwise have been liable.

84. Contributory negligence on the part of the workman shall nevertheless be taken into account in assessing the damages in any such action.

85. This Act shall not apply to farm labourers or domestic or menial servants, except that any such employees may on application of their employer and approved by the Board be brought under Part I of this Act.

86. The Board now constituted under "The Workmen's Compensation Act," chapter 125 of 6 George V, and amendments, shall continue as the Board to be constituted under this Act unless and until it is abolished by the Lieutenant-Governor in Council under the powers conferred by this Act, and such Board shall administer the said Act as amended as long as any part of it remains in force as well as this Act.

87. "The Workmen's Compensation Act," being chapter 125 of 6 George V, and all amendments thereto, are hereby repealed except in so far as it shall be necessary to apply their provisions to any business arising thereunder and except that the scale of compensation provided for thereunder shall apply in all cases of accidents arising before this Act comes into force.

88. This Act shall come into force on the proclamation of the Lieutenant-Governor in Council.

#### SCHEDULE I—(Section 55)

1. Lumbering; logging, river-driving, rafting, booming, saw-mills, shingle-mills, lath-mills; manufacture of veneer, excelsior, staves, spokes, or headings; lumber yards (including the delivery of lumber) carried on in connection with saw-mills; the creosoting of timbers.

2. Pulp and paper mills.

3. Manufacture of furniture, interior woodwork, organs, piano actions, pianos, canoes, small boats, coffins, wicker and rattan ware, mattresses, bed-springs, artificial limbs, cork articles, cork carpets or linoleum, upholstering, picture framing and cabinet work.

4. Planing mills, sash and door factories, manufacture of wooden and corrugated paper boxes, cheese boxes, mouldings, window and door screens, window shades, carpet sweepers, wooden toys, articles and wares or baskets, matches or shade rollers; lumber yards (including the delivery of lumber) carried on in connection with planing mills or sash and door factories; cooperage, not including the making of staves or headings. Retail lumber yards (no mill or factory in connection).

5. Mining; reduction of ores and smelting; preparation of metals or minerals; boring and drilling, including sinking of artesian wells (except when done by an employer coming under paragraph 13); manufacture of calcium carbide, carborundum or alundum.

6. Sand, shale, clay or gravel pits; marble works, stone cutting or dressing; manufacture of brick, tile, terra-cotta, fire-proofing, paving blocks, sewer pipe, roof tile, plaster blocks, plaster boards, slate or artificial stone.

7. Quarries, stone crushing, lime kilns; manufacture of cement.

8. Manufacture of glass, glass products, glassware, porcelain or pottery.

9. Iron, steel, or metal foundries; rolling mills; manufacture of castings, forgings, heavy engines, locomotives, machinery, safes, anchors, cables, rails, shafting, wires, tubing, pipes, shot, sheet metal, boilers, furnaces, stoves, structural steel, iron or metal.

10. Manufacture of small castings or forgings, metal wares, utensils and articles, hardware, nails, wire goods, screens, bolts, metal beds, sanitary, water, gas or electric fixtures, light machines, typewriters, cash registers, adding machines, carriage mountings, bicycles, metal toys, tools, cutlery, instruments, sheet metal products, buttons of metal, ivory, pearl, or horn, dry batteries, storage batteries for autos and lighting plants, cameras, sporting goods, firearms, windmills, ivory articles, rubber stamps, pads or stencils, machine shops, not elsewhere included in Schedule 1, the industry of carrying on a blacksmith shop.

11. Manufacture of agricultural implements, threshing machines, traction engines, wagons, carriages, sleighs, vehicles, automobiles, motor trucks, toy wagons, sleighs or baby carriages; car shops, aeroplanes and hydroplanes (no flying).

12. Manufacture of gold and silverware, plateware, watches, watch-cases, clocks, jewellery or musical instruments.

13. Manufacture of chemicals, corrosive acids, or salts ammonia, gasoline, petroleum, petroleum products, celluloid, gas, charcoal, artificial ice, including the handling and delivery thereof; wood alcohol, celluloid articles; the manufacture, transmission and distribution of natural or artificial gas and operations connected therewith; the cutting, storing, handling and delivery of natural ice.

14. The manufacture of fireworks, gun-powder, ammunition, nitro-glycerine, dynamite, gun-cotton or other high explosives.

15. Manufacture of paint, color, varnish, oil, japans, turpentine, printing ink, printers' rollers, tar, tarred, pitched or asphalted paper.

16. Distilleries, breweries, bottling works; manufacture of spirituous or malt liquors, malt, alcohol, wine, vinegar, cider, mineral water, soda waters, or methylated spirits.

17. Manufacture of non-hazardous chemicals, drugs, medicines, dyes, extracts, pharmaceutical or toilet preparations, soaps, candles, perfumes, non-corrosive acids or chemical preparations; shoe-blackening or polish, yeast, baking powder or mucilage.

18. Milling; manufacture of cereals or cattle foods, warehousing or handling of grain or operation of grain elevators.

19. Manufacture or preparation and wholesale distribution of meats or meat products.

20. Packing houses, abattoirs, cold storage warehouses, manufacture of fertilizers, glue and all work incidental thereto (not incidental to any other industry). The operation of stock yards with railway entry.

21. Tanneries.

22. Manufacture of leather goods and products, belting, whips, saddlery, harness, trunks, valises, trusses, imitation leather, boots, shoes, gloves, umbrellas, rubber goods, rubber shoes, tubing, tires, or hose.

23. Sugar refineries; manufacture of dairy products, butter, cheese, condensed milk or cream biscuits, confectionery, spices, condiments, salt or any kind of starch; bakeries.
24. Canning or preparation of fruit, vegetables, fish or food-stuffs; pickle factories.
25. Manufacture of tobacco, cigars, cigarettes or tobacco products.
26. Flax mills, manufacture of textiles or fabrics, spinning, weaving, and knitting manufactures, manufacture of yarn, thread, hosiery, cloth, blankets, carpets, canvas, bags, shoddy felt, cordage, ropes, fibre, brooms or brushes; asbestos goods, hair cloth and other hair goods; work in manila or hemp; tents, awnings and articles not otherwise specified made from fabrics or cordage; the erection of awnings by the manufacturer.
27. Manufacture of men's and women's clothing, whitewear, shirts, collars, corsets, hats, caps, furs, robes, feathers or artificial flowers.
28. Power laundries, dyeing, cleaning or bleaching.
29. Printing, photo-engraving, engraving, lithographing, book-binding, embossing, manufacture of stationery, paper, cardboard boxes, bags, wall-paper, or papier-mache.
30. Heavy teaming or cartage; safe-moving or moving of boilers, heavy machinery, building stone and the like; warehousing, storage, teaming and cartage, including the hauling for hire by means of any vehicle, howsoever drawn or propelled, of any commodity or material; scavenging, street cleaning or removal of snow or ice; deliveries from wholesale establishments; the shipping, receiving and packing departments of wholesale establishments; coal, wood, lumber; and builders' supply industries.
31. The operation of coaling plants or stations.
32. Steel building and bridge construction; installation of elevators, fire escapes, boilers, engines or heavy machinery; bridge building, not included elsewhere in Schedule 1, erection of windmills.
33. Bricklaying, mason work, stone setting, concrete work, plastering, manufacture of concrete blocks; structural carpentry, lathing, installation of pipe organs; house wrecking or house moving.
34. Painting, decorating or renovating; sheet metal work and roofing.
35. Plumbing, sanitary or heating engineering, gas and steam fitting; the work of artisans and mechanics employed for their whole time at their trade in an industry not classified herein; operation of theatre stage or moving pictures; operation of passenger or freight elevators which are not operated in connection with an industry included in another class, including the operation of elevators used in connection with an industry to which this Schedule does not apply or in connection with a warehouse or shop or an office or other building or premises.
36. Sewer construction, tunnelling, shaft-sinking and well-digging, the maintenance and operation of a waterworks system; excavation work for cellars, foundations and canals; trenching less than six feet deep, for gas pipes, water pipes or wire conduits; and all excavation work where the depth is more than six feet and the width is less than half the depth.
37. Construction, installation or operation of electric power lines or appliances and power transmission lines, electric wiring of buildings and installation of lighting fixtures; construction or operation of an electric light system, construction or operation of an electric light works not included elsewhere in Schedule 1, construction or operation of telegraph or telephone lines, construction or operation of telephone lines and works for the purpose of the business of a telephone company or used or to be used in connection with its business when constructed or operated by the company.
38. Construction or operation of railways, road making or repair of roads with machinery; making and repairing of roads of all kinds not included elsewhere in Schedule 1, manufacture of asphalt material and paving material; this class shall not include the making or repairing of roads in rural municipalities unless the work is done through a contractor.
39. Ship-building, dredging, subaqueous construction or pile-driving, fishing, stevedoring, operation of and work upon wharves, operation of dry docks, not included elsewhere in Schedule 40.
40. If not included elsewhere in Schedule 1, any trade or business connected with the industries of:
  - Lumbering, mining, quarrying, fishing, manufacturing, building, construction, engineering, transportation, operation of electric power lines, waterworks, and other public utilities, navigation, operation of boats, ships, tugs and dredges, operation of grain elevators and warehouses, teaming, scavenging and street cleaning, painting, decorating and renovating, dyeing and cleaning, or any occupation incidental thereto or immediately connected therewith.
41. The trade or business, as defined by sub-section (2) of section 2, of a municipal corporation, a public utilities commission, or any other commission having the management and conduct of any work or service owned by or operated for a municipal corporation or a board of school trustees, and policemen, firemen or ferrymen employees of such a corporation.
42. The construction or operation of railways operated by steam, electric or other motive power, street railways and incline railways, but not their construction when constructed by any person other than the company which owns or operates the railway.
43. The construction or operation of car shops, machine shops, steam and power plants and other works for the purposes of any such railway or used or to be used in connection with it when constructed or operated by the company which owns or operates the railway.

44. The construction or operation of steam vessels and works for the purpose of the business of a navigation company or used or to be used in connection with its business when constructed or operated by the company and all other navigation, towing, operation of vessels, and marine wrecking.

45. The operation of the business of an express company which operates on or in conjunction with a railway, or of sleeping, parlor or dining cars, whether operated by the railway company or by an express, sleeping, parlor or dining car company.

46. The operation as an industry (otherwise than on tracks) on streets, highways or elsewhere of cars, trucks, wagons or other vehicles and rollers and engines propelled by steam, gas, gasoline, electric, mechanical or other power or drawn by horses or mules. (This paragraph does not include the operation of aircraft.)

47. Auto garages, including sale of gasoline, oil, accessories and storage of cars (not including manufacture of cars).

---

SCHEDULE 2—(SECTION 80.)

| Description of disease                     | Description of process                                                        |
|--------------------------------------------|-------------------------------------------------------------------------------|
| Anthrax.....                               | Handling of wool, hair, bristles, hides, and skins.                           |
| Lead poisoning or its sequelae.....        | Any process involving the use of lead or its preparations or compounds.       |
| Mercury poisoning or its sequelae.....     | Any process involving the use of mercury or its preparations or compounds.    |
| Phosphorous poisoning or its sequelae..... | Any process involving the use of phosphorus or its preparations or compounds. |
| Arsenic poisoning or its sequelae.....     | Any process involving the use of arsenic or its preparations or compounds.    |
| Ankylostomiasis.....                       | Mining.....                                                                   |

## SASKATCHEWAN.

## REVISED STATUTES OF 1920.

**Protection of Employees as Voters—Time to Vote—Advance Polls.**

Chapter 3.—154. Every day on which polling takes place shall from and after one o'clock in the afternoon be a public holiday in that electoral division except in the case of those days for which special voting is provided by sections 183 to 192.

"183. Sections 184 to 192 shall apply only to railway employees, commercial travellers and other persons whose employment or calling is such as to necessitate from time to time their absence from their places of residence, who are qualified electors under this Act in the electoral divisions or portions of electoral divisions mentioned in form 47, and who have reason to believe that they will be absent from their places of residence on the day fixed by the writ for the election.

"184. For the purpose of enabling every such person to vote at any election held in the said electoral divisions the returning officer shall establish a special polling place in the city or town mentioned in form 47 as forming the whole or part of such division, which polling place shall be centrally located so as to suit the convenience of the voters.

"185. Except as hereinafter provided, the poll to be held at every such polling place shall be conducted in the same manner as is provided by this Act for the conduct of other polls in an election.

"186. The poll at each such polling place so established shall be open between the hours of seven and ten o'clock in the afternoon on the three days exclusive of Sunday immediately preceding the day of election.

"187. Every person applying to vote at such polling place, before being permitted to do so, shall be required by the deputy returning officer in charge of the poll to make and sign the following declaration, which shall be kept by the deputy returning officer with the other records of the poll:—

I, ..... of ..... do hereby declare that I am at present employed as (state nature of employment) and that I expect in the course of my employment (or calling) to be absent from the place where I am entitled to vote at this election on election day.

..... Name of voter.  
Dated at this day of 19....  
Witness.....

Deputy Returning Officer  
"(2) A person signing any such declaration knowing that the statements therein are false shall be liable to a penalty of not less than \$25 nor more than \$100.

188. In the case of the electoral divisions and portions of electoral divisions referred to in section 16 of this Act, [those included within the limits of cities or towns of 2,000 inhabitants or over,] a person applying to vote at such special polling place shall not be permitted to do so unless his or her name appears in the voters' list for such division or portion thereof.

190. The deputy returning officer, every candidate and the agent of every candidate may require any such voter before being handed a ballot to take any other oath which may be required of voters under this Act.

253. Every person who directly or indirectly, himself or by any person on his behalf uses or threatens to use force, violence or restraint or inflicts or threatens to inflict injury, damage, harm or loss or in any manner practices intimidation upon or against a voter in order to induce or compel him to vote or refrain from voting or on account of his having voted or refrained from voting or who by abduction, duress or false or fraudulent pretence, device or contrivance impedes, prevents or otherwise interferes with the free exercise of the franchise of a voter or thereby compels, induces or prevails upon a voter to vote or refrain from voting shall be guilty of a corrupt practice and shall be liable to a penalty of \$200 or to imprisonment for a term not exceeding one year.

(2) It shall be a false pretence within the meaning of this section to represent to a voter directly or indirectly that the ballot to be used or the mode of voting at an election is not secret.

**Fair Wages on Provincial Public Works.**

[Chapter 18. "The Public Works Act," which establishes a Department of Public Works to have charge of the construction and maintenance of all public work and to superintend asylums, prisons, and other such institutions, contains the following fair wage clause:—]

37. In every case where public works are carried on, whether by contract, or by order or commission, or under the direction of the officers of the Department, all mechanics, labourers, or other persons who perform labour on such works shall be paid such wages as are generally accepted as current for competent workmen in the district in which the work is being performed,

and if there be no current rate in such district, then they shall be paid wages at a fair and reasonable rate; and in the event of a dispute arising as to what is the current or a fair and reasonable rate, it shall be determined by the fair wage officer of the Government, whose decision shall be final.

### Fair Wages on Provincial Public Works.

[Chapter 21, The Highways Act, which establishes a Department of Highways to control the construction and maintenance of public improvements and public highways, has a fair wage clause identical with that contained in the Public Works Act, R.S.S. 1920, Chapter 18. (See P. 533 of this Report)].

### Bureau of Labour.

Chapter 24.—1. This Act may be cited as "The Bureau of Labour and Industries Act." 1919-20, c. 56.

2. In this Act, unless the context otherwise requires, the expression—

1. "Bureau" shall mean the Bureau of labour and industries established by this Act;

2. "Commissioner" means the Commissioner of the Bureau appointed under the provisions of this Act;

3. "Minister" means the member of the Executive Council to whom for the time being is assigned the administration of this Act.

3.—(1) There shall be a permanent Bureau under the Minister to be called the Bureau of Labour and Industries and the Lieutenant-Governor in Council may appoint thereto a chief officer to be called the Commissioner of Labour and Industries and such other officers, clerks and employees as may be necessary for the proper conduct of the Bureau.

(2) The persons so appointed shall, under the direction of the Minister, carry out the provisions of this Act and perform such other duties as may be assigned to them by the Lieutenant-Governor in Council.

4. The salaries of the Commissioner and all other officials and the expenses of the Bureau may be paid out of such moneys as may from time to time be appropriated by the Legislature for the purpose.

5.—(1) The Bureau shall collect, assort, systematise and publish information and statistics relating to:

(a) employment, wages and hours of labour throughout the Province;

(b) strikes or other labour difficulties;

(c) trades unions and labour organizations;

(d) the relations between capital and labour and other subjects connected with industrial problems;

(e) the commercial industrial, and sanitary conditions of employment;

(f) the natural resources of Saskatchewan and their industrial possibilities;

(g) such other matters as may be related to industrial development in the Province.

(2) The Bureau shall also provide facilities for finding employment and for the distribution of male and female labour throughout the Province.

6. It shall be the duty of the Bureau and it shall have power to—

(a) establish and maintain one or more employment offices at such places within Saskatchewan as may be designated by the Lieutenant-Governor in Council;

(b) put employers who want workpeople, and workpeople who want work within Saskatchewan, into communication with one another free of charge;

(c) cause to be made surveys of and inquiries into the natural resources of Saskatchewan to ascertain their extent and how the same may be best utilised in the extension of the industries of the Province;

(d) inquire and report as to the establishment of new industries in Saskatchewan, in any case where by reason of the production of raw material for such industry, or the immigration of persons skilled in the particular industry, or other circumstances, it appears that such industry might be profitably carried on;

(e) co-operate with the Federal Labour Exchange.

7. The Bureau shall administer the following Acts and such other Acts as may be from time to time assigned by the Executive Council to the administration of the Bureau;

(a) The Factories Act;

(b) The Building Trades Protection Act;

(c) The Electrical Workers' Protection Act;

(d) The Employment Agencies Act;

(e) The Mines Act; and

(f) The Minimum Wage Act.

### Earnings of Minors—Suits for Wages.

Chapter 39—26 (13) Minors may sue for wages in the same way as if of full age.

### Workmen's Compensation.

Chapter 39—26 (14) It shall not be a good defence in law to any action against an employer or the successor or legal representative of an employer for damages for the injury or death of an employee of such employer, that such injury or death resulted from the negligence of an employee engaged in a common employment with the injured employee, any contract or agreement to the contrary notwithstanding.

### Wages as Preferred Claims —In Executions.

Chapter 54 with amendment.—18. All persons employed by an execution debtor at the time of the seizure under which money has been levied upon any execution, and of which levy notice has been given as prescribed in clause (a) of section 3, or within one month before such seizure, who, prior to the expiration of the time fixed for the distribution of such moneys under such seizure, shall have filed in the office of the sheriff their claims for wages or salary, with particulars thereof proved by affidavit (form C) shall, subject as hereinafter provided, be entitled to be paid out of the money so levied the amount of wages or salary due to them by such execution debtor, not exceeding three months' wages or salary, in priority to the claims of the other creditors of the execution debtor, and shall be entitled to share *pro rata* with such other creditors as to the residue, if any, of their claims; such wages or salary to be for arrears only then owing or accrued and not for any unearned portion. The provisions of this section shall apply to wages or salary whether the employment in respect of which the same may be payable is by day, week, month or year:

Provided, however, that in the event of any such claim being received by him, the sheriff may act thereon and shall have the same right to interplead in respect thereof as if such claim had been made to moneys taken by him under execution.

### Exemption of Wages from Attachment.

Chapter 59—18(1) Subject to the other provisions contained in this section, no debt due or accruing due to a mechanic, workman, labourer, servant, clerk or employee, for or in respect of his wages or salary shall be liable to attachment unless such debt exceeds the sum of \$75 and then only to the extent of the excess.

(2) Where the debt due or accruing due is wages or salary for a period of less than one month the part thereof exempt from attachment shall be that sum which bears the same proportion to \$75 as the period for which the wage or salary is due or accruing due bears to one month of four weeks.

(3) Nothing in this section contained shall apply where the debt sued for, or in respect of which the judgment was recovered, has been contracted for board and lodging.

(4) If the said amount of \$75 or any portion thereof is paid into court it shall not be necessary for the debtor to claim the same but he shall be entitled to have it paid out to him at any time on application to the local registrar; but in the event of no such application being made until the expiration of two months after such payment, in or after judgment is recovered against the debtor whichever is later, the judgment creditor shall be entitled, on application to the court or a judge, to have the said sum or so much thereof as may be sufficient to satisfy his judgment paid out to him. 1919-20, c. 82, s. 18.

### Liability of Directors of Companies for Employees' Wages.

Chapter 76-108. The directors of a company shall be jointly and severally liable to the clerks, labourers, servants and apprentices thereof for all debts not exceeding six months' wages due for services performed for the company while they are such directors; but no director shall be liable for an action therefor unless the company is sued therefor within one year after the debt becomes due, nor unless such director is sued therefor within or year from the time when he ceased to be such director, nor unless an execution against the company is returned unsatisfied in whole or in part; and the amount unsatisfied on such execution shall be the amount recoverable with costs from the directors.

### Liability of Directors for Wages of Employees.

Chapter 77—54. (1) The directors of the (trust) company shall be jointly and severally, liable to the clerks and servants thereof for all debts, not exceeding three months' salary or wages, due for services performed for the company whilst they are such directors respectively.

Provided that no director shall be liable to an action therefor, unless the company is sued therefor within one year after the debt became due, nor unless such director is sued therefor within one year from the time when he ceased to be such director, nor unless an execution against the company at the suit of such officer or servant is returned unsatisfied in whole or in part.

(2) The amount unsatisfied on such execution shall be the amount recoverable with costs from the directors.

### Railways—Definition of Terms.

Chapter 79.—2. In this Act and in the special Act incorporating any railway company to which this Act applies unless the context otherwise requires, the expression:

(2) "Highways" means any public road, street, lane or other public way or communication;

(3) "Inspecting engineer" means an engineer who is directed by the Lieutenant-Governor in Council or by the Minister to examine any railway and includes two or more engineers when two or more are so directed;

(9) "Minister" means the Minister of Railways;

(12) "Rolling Stock" means and includes any locomotive, engine, motor car, tender, snow plough, flanger and every description of car or of railway equipment designed for movement on its wheels over or upon the rails or tracks of the company;

(13) "Shareholder" means every subscriber to or holder of stock in the undertaking and shall extend to and include the personal representatives of the shareholder;

(14) "Special Act" means any Act under which the company has authority to construct or operate a railway or which is enacted with special reference to such railway and includes all such Acts;

(17) "The Railway" means the railway or street railway which by the special Act the company is authorized to construct or operate and includes all branches, sidings, stations, depots, wharves, rolling stock, equipment, stores, property (real or personal), and works connected therewith, and also any railway bridge, tunnel or other structure which the company is authorized to construct;

(21) "Train" includes any engine, locomotive or other rolling stock.

### Railways—Application of Act.

Chapter 79.—3. The provisions of this Act shall apply to all railways authorized to be constructed by any special Act of the Province and said provisions shall in so far as they are applicable to the undertaking and unless they are expressly varied or excepted therefrom by the special Act be incorporated with the special Act, form part thereof and be construed therewith as forming one Act.

Provided that sections 166, 170, 176, 177, 178, 182 and 227 shall not apply to street railways.

(4) Any section of this Act may by any special Act be excepted from incorporation therewith or may thereby be extended, limited or qualified, and it shall be sufficient for the purposes of this section to refer to any section of this Act by its number merely; and unless otherwise expressly provided in this Act where the provisions of this Act and of any special Act of the Province relate to the same subject matter the provisions of the special Act shall be taken to override the provisions of this Act in so far as is necessary to give effect to such special Act.

### Telegraph Wires, etc., across Railways.

Chapter 79.—139. (1) Subject to the provisions of subsections (2) and (3) the company may construct and operate an electric telegraph line and a telephone line throughout and along the whole line of railway and the branches thereof or any part of the said railway or branches for the purposes of its undertaking.

Provided that no poles shall be erected in the construction of either of the said lines in or through any city, town or village without the consent of the council of the said city, town or village being first obtained by the company;

Provided also that such telegraph and telephone lines shall be used exclusively for the purposes of the business of the company.

(2) No lines or wires for telegraphs, telephones or the conveyance of light, heat, power or electricity shall be erected, placed or maintained across the railway without leave of the Minister.

### Railway Bridges, Tunnels, etc.

Chapter 79.—149. (1) Every bridge, tunnel or other erection or structure over, through or under which any railway passes shall be so constructed and if need be reconstructed or altered within such time as the Minister may order, and shall thereafter be so maintained as to afford at all times an open and clear headway of at least seven feet between the top of the highest freight car used on the railway and the lowest beams, members or portions of that part of such bridge, tunnel, erection or structure, which is directly over the space liable to be traversed by such car in passing thereunder; but in no case shall the space between the rail level and such beams, members or portions of any such structure be less than twenty-two feet six inches unless by leave of the Minister.

(2) If in any case it is necessary to raise, reconstruct, or alter any bridge, tunnel, erection or structure not owned by the company, the Minister upon application of the company and upon notice to all parties interested or without any application, may make such order allowing or requiring such raising, reconstruction or alteration upon such terms and conditions as to him shall appear just and proper and in the public interest.

(3) The Minister may exempt from the operation of this section any bridge, tunnel, erection or structure over, through or under which no trains are run except such as are equipped with air brakes.

(4) Every company or owner shall incur a penalty not exceeding \$50 for each day of wilful neglect, omission or refusal to obey the provisions of this section.

150. (1) With respect to all bridges, tunnels, viaducts, trestles or other structures through, over or under which the company's trains are to pass the span or proposed span or spans or length of which exceeds eighteen feet, the company shall not commence the construction or reconstruction of or any material alteration in any such bridge, viaduct, tunnel, trestle or other structure until leave therefor has been obtained from the Minister unless such construction, reconstruction or alteration is made in accordance with standard specifications and plans approved of by the Minister.

(2) Upon any application to the Minister for such leave the company shall submit to the Minister the detail plans, profiles, drawings and specifications of any such work proposed to be constructed and such other plans, profiles, drawings and specifications as the Minister may in any case or by regulation require.

### Fair Wages on Railways.

Chapter 79.—151. In every case in which the Legislature grants financial aid by way of subsidy or guarantee towards the cost of railway construction, all mechanics, labourers or other persons who perform labour in such construction or in the operation of the railway so constructed, shall be paid such wages as are generally accepted as current for competent workmen in the district in which the work is being performed; and if there is no current rate in such district then a fair and reasonable rate; and in the event of a dispute arising as to what is the current or a fair and reasonable rate it shall be determined by the Minister whose decision shall be final.

### Inspection of Railways.

Chapter 79.—154. (1) Whenever any complaint is made to the Minister or the Minister receives information that any railway or any portion thereof is dangerous to the public using the same from want of renewal or repair or insufficient or erroneous construction or from any other cause, or whenever circumstances arise which in his opinion render it expedient, the Minister may direct an inspecting engineer to examine the railway or any portion thereof; and upon the report of the inspecting engineer may order any repairs, renewal, reconstruction, alteration or new work, materials or equipment to be made, done or furnished by the company upon, in addition to or substitution for any portion of the railway which may from such report appear to the Minister necessary or proper and may order that until such repairs, renewals, reconstruction, alteration and work, materials or equipment are made, done and furnished to his satisfaction no such portion of the railway in respect of which such order is made shall be used or used otherwise than subject to such restrictions, conditions and terms as the Minister may in such order impose; and the Minister may by such order condemn and thereby forbid further use of any rolling stock which from such report he may consider unfit to repair or use further.

(2) If after notice of any such order made by the Minister the company shall use any rolling stock after the same has been so condemned by the Minister or shall disobey or fail to comply with any order of the Minister made under this section, the company shall for each act of disobedience forfeit to His Majesty the sum of \$1,000; and any person wilfully and knowingly aiding or abetting any such violation shall be guilty of an offence and on conviction thereof shall be liable to a penalty of not less than \$20 nor more than \$200.

155. (1) If in the opinion of an inspecting engineer it is dangerous for trains to pass over a railway or any portion thereof until alterations, substitutions or repairs are made thereon, or that any of the rolling stock should be run or used, the said engineer may by notice forthwith either forbid the running of any train over such railway or portion of railway or require that the same be run only at such times, under such conditions and with such precautions as he by notice specifies and he may forbid the running or using of any such rolling stock by serving upon the company owning, running or using such railway or any officer having the management or control of the running of trains on such railway a notice in writing to that effect with his reasons therefor in which he shall distinctly point out the defects or the nature of the danger to be apprehended; and for every act of non-compliance therewith such company shall forfeit to His Majesty the sum of \$1,000.

(2) The inspecting engineer shall forthwith report the same to the Minister who may either confirm, modify or disallow the act or order of such engineer and notice of such confirmation, modification or disallowance shall be duly given to the company.

156. No prosecution for any penalty under sections 154 and 155 shall be instituted without the authority of the Minister first had and obtained.

### Operation of Trains—Safety Appliances.

Chapter 79.—157. (1) Every company shall provide and cause to be used on all trains modern and efficient apparatus, appliances and means—

(a) to provide immediate communication between the conductor, while in any car of any passenger train, and the engine driver;

(b) to check at will the speed of the train and bring the same safely to a standstill as quickly as possible, and, except under circumstances of sudden danger or emergency, without causing undue discomfort to passengers, if any, on the train; and

(c) to securely couple and connect the cars composing the train, and to attach the engine to such train with couplers which couple automatically by impact and which can be uncoupled without the necessity of men going in between the ends of the cars.

(2) Such apparatus, appliances and means for the checking of speed or the stopping of a train shall include a power drive wheel brake and appliances for operating the train brake system upon the locomotive.

(6) Every company shall adopt and use upon all its rolling stock such height of drawbars as the Minister determines in accordance with any standard from time to time adopted by competent railway authorities.

(7) The cars of every street railway shall be equipped with efficient and serviceable fender devices, headlights, gongs and sand boxes of approved design. Fenders shall not be used to carry advertising devices which may reduce their efficiency.

(8) Heaters of approved type shall be used and the same shall be of sufficient capacity to keep the cars heated at a suitable temperature to be regulated as closely as possible to suit the condition of the weather and the comfort of passengers. Each car shall contain a standard thermometer appropriately placed to enable passengers to see that this provision is observed.

(9) Every company which fails to comply with any of the provisions of this section shall forfeit to His Majesty a sum not exceeding \$200 for every day during which such default continues and shall as well be liable to pay to all such persons as are injured by reason of non-compliance with these provisions, or to their representatives, such damages as they are legally entitled to, notwithstanding any agreement to the contrary with regard to any such person unless such agreement is conformable to the law of the Province and is authorized by regulation of the Minister.

Provided, however, that no proceedings shall be instituted to enforce or recover any forfeiture to His Majesty under this section without the consent of the Minister first obtained.

158. (1) The Minister may upon application order that any apparatus or appliance specified in such order shall, when used upon the train in the manner and under circumstances in such order specified, be deemed a sufficient compliance with the provisions of section 157, but the Minister shall not by such order allow any exception to or modification of the requirements of such section; but the Minister may, by general regulation or in any particular case on good cause shown, from time to time extend the period within which such appliance shall be used.

(2) The Minister shall endeavour to provide for uniformity in the construction of rolling stock to be used upon the railway and for a uniformity of rules for the operation and running of trains; and may make regulations designating the number of men to be employed upon trains or providing that coal instead of wood shall be used on all locomotives in any district, and generally providing for the protection and safety of the public, of property and of the employees of the company with respect to the running and operation of trains by the company.

159. Every locomotive engine shall be equipped and maintained with a bell of at least thirty pounds weight and with a steam whistle, and shall while in use be equipped with a proper headlight which shall be lighted half an hour before dark and kept lighted during darkness.

### **Railway Employees to wear Badges.**

Chapter 79.—162. Every servant of the company employed in a passenger train or at a station for passengers shall wear upon his hat or cap a badge which shall indicate his office, and he shall not without such badge be entitled to demand or receive from any passenger any fare or ticket or to exercise any of the powers of his office or meddle or interfere with any passenger or his baggage or property.

### **Transportation of Explosives.**

[Chapter 79, sections 167 and 168, deals with the transportation of explosives on railways.]

### **Negligence of Railway Employees.**

Chapter 79.—169. (1) When any railway passes over any navigable water or canal by means of a draw or swing bridge which is subject to be opened for navigation, every train shall before coming on or crossing over such bridge be brought to a full stop and shall not proceed until a proper signal has been given for that purpose, and in default the company shall be liable to a penalty not exceeding five hundred dollars; any employee failing to comply with the rules of the company as to compliance with the provisions of this section shall be liable to the like penalty or to six months' imprisonment or to both.

(2) Wherever there is adopted or in use on any railway at any such bridge an interlocking switch and signal system, or other device which in the opinion of the Minister renders it safe to permit engines and trains to pass over such bridge without being brought to a stop the Minister may by order permit engines and trains to pass over such bridge without stopping, under such regulations as to speed and other matters as the Minister deems proper.

170. (1) When any train is approaching a highway crossing at rail level (except within the limits of cities or towns where the municipal authority may pass bylaws prohibiting the same) the engine whistle shall be sounded at least eighty rods before reaching such crossing, and then the bell shall be rung continuously until the engine has crossed such highway, and the company shall for each neglect to comply with the provisions of this section incur a penalty of \$20 and shall also be liable for all damage sustained by any person by reason of such neglect; and every employee of the company who neglects to comply with this section shall for each offence be subject to a like penalty.

(2) For the better compliance with the provisions of this section the company shall erect and maintain on its right of way and at points eighty rods on each side of all highway crossings, whistle posts, which shall be painted white and shall be not less than six feet high and on which shall be painted with black paint the letter "W" and such letter shall be not less than ten inches in length and the company shall also equip each of its engines with an automatic bell ringer.

175. (1) Whenever a railway crosses any highway at rail level, the company shall not nor shall its officers, agents or employees wilfully permit an engine, tender or car or any portion thereof to stand on any part of such highway for a longer period than five minutes at one time or in slunting to obstruct public traffic for a longer period than five minutes at any one time.

(2) In every case of a violation of this section every such officer, agent or employee who has directly under or subject to his control, management or direction any engine, tender or car which, or any portion of which, is allowed to stand on such highway longer than the time specified in this section, is liable on summary conviction to a penalty not exceeding \$50 and the company is also liable for each such violation to a like penalty:

Provided that, if such alleged violation is in the opinion of the court excusable, the action for the penalty may be dismissed and costs shall be in the discretion of the court.

#### Safety Provisions—Packing.

Chapter 79.—176. (1) In this section the expression "packing" means a packing of wood or metal or some equally substantial or solid material of not less than two inches in thickness extending to within one and a half inches of the crown of the rails, which packing shall be neatly fitted so as to come against the web of the rails and shall be well and solidly fastened to the ties on which the rails are laid.

(2) The spaces behind and in front of every railway frog or crossing and between the fixed rails of every switch where such spaces are less than four inches in width shall be filled with packing up to the under side of the head of the rail.

(3) The spaces between any wing rail and any railway frog and between any guard rail and the track rail alongside of it shall be filled with packing at their splayed ends so that the whole splay shall be so filled where the width of the space between the rails is less than four inches; such packing not to reach higher than the under side of the head of the rail:

Provided, however, that the Minister may allow the filling and packing mentioned in this section to be left out from the month of December to the month of April in each year, both months included, or between any such dates as the Minister by regulation or in any particular case determines.

#### Railways—Suits for damages.

Chapter 79.—189. (1) All actions for indemnity for damages sustained by reason of the construction or operation of the railway shall be commenced within one year next after the time when the damage was sustained, or, if there is continuation of damage within one year next after the doing or committing of such damage ceased and not afterwards; and the defendants may plead the general issue and give this Act and the special Act and the special matter in evidence at any trial to be had thereupon, and may prove that the same was done in pursuance of and by the authority of this Act or of the special Act.

(2) Nothing in this section shall apply to an action brought against the company upon a breach of contract express or implied in the carriage of traffic, nor to an action against the company for damages under any section of this Act respecting tolls.

(3) No inspection had under this Act and nothing in this Act contained and nothing done or ordered or omitted to be done or ordered under or by virtue of the provisions hereof, shall relieve or be construed to relieve a company of or from any liability or responsibility resting upon it by law either towards His Majesty or towards any person or the wife or husband, parent or child, executor or administrator, tutor or curator, heir or personal representative of any person, for anything done or omitted to be done by such company or for any wrongful act, neglect or default, misfeasance, malfeasance or nonfeasance of such company, or in any manner or way to lessen such liability or responsibility, or in any way to weaken or diminish the liability or responsibility of any such company under the laws in force in the Province.

#### Liability of Employers for Injuries to Employees—Waivers.

Chapter 79.—190. (1) No company owning or operating a railway or street railway in whole or in part in this Province shall adopt or promulgate any rule or regulation for the government of its servants or employees, or make or enter into any contract or agreement with any person engaged in or about to engage in its service, in which such employee directly or indirectly promises

or agrees to hold such company harmless on account of any injury he may receive by reason of any accident to, breakage, defect, or insufficiency in the cars, motors, locomotives or machinery or attachments thereto belonging, and any such rule, regulation, contract or agreement shall be void.

(2) No such company shall demand, accept, require or enter into any agreement with any person about to enter or in the employ of the company whereby such person agrees to surrender or waive any right to damages for personal injury or death thereafter arising; and all such contracts and agreements shall be void.

(3) Every company violating or aiding in the violation of this section shall for each offence be liable to a penalty of not exceeding five hundred dollars to be recovered in any court of competent jurisdiction by any person suing therefor.

(4) No such company shall knowingly or negligently use or operate any car, motor or locomotive that is defective or any car, motor or locomotive upon which the machinery or attachments thereto belonging are in any manner defective.

### Protection of Railway Employees—Enclosed Vestibules.

Chapter 79.—194. All street cars shall be equipped with inclosed vestibules to protect the motorman from wind and weather; such vestibules shall be suitably heated when necessary, and shall be so arranged and maintained as not to permit of obstruction to the motorman's range of vision.

### Rules for Railway Employees.

Chapter 79.—195. The company may, subject to the provisions and restrictions in this and in the special Act contained, make by-laws, rules and regulations respecting:

(g) The employment and conduct of the officers and employees of the company.

196. All by-laws, rules and regulations whether made by the directors or the company shall be reduced to writing, be signed by the chairman or person presiding at the meeting at which they are adopted, have affixed thereto the common seal of the company and be kept in the office of the company.

197. All such by-laws, rules and regulations, except such as are or a private or domestic nature not affecting the public generally, shall be submitted for approval to the Lieutenant-Governor in Council who may, on the report of the Minister, sanction them or any of them, and from time to time withdraw his sanction. No such by-law, rule or regulation shall take effect until so approved.

198. (2) A printed copy of so much of any by-law, rule, or regulation as relates to the conduct of or affects the officers or employees of the company shall be given to every officer and employee of the company thereby affected.

199. Such by-laws, rules and regulations when so approved shall be binding upon and observed by all persons and shall be sufficient to justify all persons acting thereunder.

200. If the violation or non-observance of any by-law, rule or regulation is attended with danger or annoyance to the public or hindrance to the company in the lawful use of the railway, the company may summarily interfere, using reasonable force if necessary, to prevent such violation or to enforce observance without prejudice to any penalty incurred in respect thereof.

201. A copy of any by-law, rule or regulation certified as correct by the president, secretary or other executive officer of the company and bearing the seal of the company shall be evidence thereof in any court.

### Intoxication of Railway Employees.

Chapter 79.—214. Every person who is intoxicated while he is in charge of a locomotive engine or acting as the conductor of a car or train of cars shall be guilty of an offence against this Act.

215. Every person who sells, gives or barter any spirituous or intoxicating liquor to or with any servant or employee of a company while on duty is liable on summary conviction to a penalty not exceeding \$50 or to imprisonment with or without hard labour for a period not exceeding one month or to both.

216. Every officer, servant or employee of the company who wilfully or negligently violates any of the provisions of this Act or any by-law, rule or regulation of the company lawfully made and enforced, or any order or notice of the Lieutenant-Governor in Council or of the Minister of which a copy has been delivered to him, or which has been posted up or open to his inspection in some place where his work or his duties or any of them are to be performed if such violation causes injury to any person or to any property or exposes any person or any property to the risk of injury or renders such risk greater than it would have been without such violation although no actual injury occurs, shall be guilty of an offence against this Act and shall in the discretion of the court before which the conviction is had and according as such court considers the offence proved to be more or less grave or the injury or risk of injury to person or property to be more or less great be punished by fine or imprisonment or both; but no such fine shall exceed \$400 and no such imprisonment shall exceed the term of five years.

217. Such penalty shall belong to His Majesty for the public uses of the Province.

218. The company may in all cases under sections 215 and 216 pay the amount of the penalty and costs and recover the same from the offender or deduct it from his salary or pay.

### Safety Provisions on Railways.

Chapter 79—238. The company shall provide and at all times maintain proper safety chains or other safety appliances between each of its engines and the accompanying tender sufficiently strong to withstand any usual strain which may be put upon the same by reason of the drawbar breaking; any company failing to comply with provisions of this section shall in addition to any claims for damages to which it may be liable by reason of injury to any of its employees lawfully upon such engine or tender be liable to a penalty not exceeding \$500.

238. All engines of the company shall be equipped with dump ash pans to enable the engine men to empty ashes without the necessity of going under the engine; any company failing to comply with the provisions of this section shall in addition to any claims for damages by reason of injury to any engine man in the lawful pursuit of his duty be liable to a penalty not exceeding \$500.

240. Stock chutes, mail cranes and elevator spouts, if maintained along the company's right of way, shall not be maintained nearer than two feet from the side of the widest cab on any engine of the company; any company or person whose duty it is to observe the requirements of this section shall, upon neglect or failure to do so, in addition to any claims for damages by reason of injury to any of the company's employees lawfully in pursuit of his employment be liable to a penalty not exceeding \$500.

241. The company shall not operate on its railway any engine known as a "Mother Hubbard" engine, by which term is meant an engine with two separate cabs, one for the driver and the other for the fireman, unless the company provides for the services of a third employee to be present in the driver's cab during all the times when the same is operated.

242. The company shall not permit any person to have charge of any of its engines as a driver unless such person shall in addition to the qualifications required of the company's employees under the general rules of the company have had at least three years' experience as a locomotive fireman.

### Sunday Street Cars.

Chapter 79—243. No company or municipal corporation operating a street railway, tramway or electric railway shall operate the same or employ any person thereon on the first day of the week commonly called Sunday except for the purpose of keeping the track clear of snow or ice or for the purpose of doing other work of necessity. For every train or car run or operated in violation of this section the company or municipal corporation shall forfeit and pay the sum of \$400 to be recovered in any court having jurisdiction in civil cases for the amount by any person suing for the same under this section and for the purpose thereof. The action for the recovery of the said sum shall be brought before a court having jurisdiction as aforesaid in the place from which such train or car started or through which it passed or at which it stopped in the course of such operation. All moneys recovered under the provisions of this section shall be paid to the Provincial Treasurer and shall form part of the Consolidated Fund.

### Examination of Railway Employees—Colour Blindness.

Chapter 79—244. Every street car shall be in charge and under control of at least two competent men, a motorman and a conductor.

245. (1) The council of any city or town may pass a referred by-law declaring that section 244 shall cease to apply to any street railway, tramway or electric railway operating within the municipality; and from the time when such by-law comes into force the said section shall cease to apply to the operations of any such street railway, tramway or electric railway, whether within or without the municipality, until repealed as hereinafter provided.

(2) The council of any city or town shall also have power to pass a referred by-law repealing any by-law passed in accordance with subsection (1), and after such repealing by-law comes into force the said section 244 shall again apply to every street railway, tramway or electric railway operating within the municipality.

(3) Every by-law provided for by this section shall receive the assent of the majority of the persons voting thereon.

(4) The persons qualified to vote upon any such by-law shall be the persons whose names appear on the last revised voter's lists of the municipality.

(5) All the provisions of The City Act or The Town Act, as the case may be, respecting bylaws requiring the assent of the electors shall, in so far as they are not inconsistent with the provisions of this section, apply *mutatis mutandis* to the proceedings upon a vote under the provisions of this section.

246. (1) No person shall be employed as a motorman until he has been subjected to a thorough examination by an examiner or examiners as to his intelligence, habits, and physical ability.

(2) Should the applicant upon such examination prove to be qualified he shall, before being appointed be placed under tuition on the shops and on the cars of the company, and when the examiner is satisfied as to the applicant's capability for the position of motorman he may be so appointed. If appointed the applicant shall so far as is reasonably possible first serve on the lines of least travel.

(3) The company shall pay for the services of the examiner.

247. (1) No company shall employ any person in a position which requires him to distinguish form or colour signals unless within two years next preceding his appointment he has been examined for colour blindness and also as to his eyesight generally, by some competent person to be employed for the purpose by the company, and has received a certificate that he is not disqualified for such position by colour blindness or otherwise in respect of his eyesight.

(2) Nothing in this section contained shall prevent the company from continuing in its employment any employee having defective sight in cases where the same can be fully remedied by the use of glasses or by other means satisfactory to the examiner.

(3) The company shall cause such employees to be re-examined for colour blindness and otherwise in respect of their eyesight at least once in every two years.

### Wages as Preferred Claims—In Liquidations.

Chapter 82.—10. In distributing the assets of a company under the provisions of this Act the liquidator shall pay in priority to the claims of the ordinary or general creditors of the company, the wages or salary of all persons other than directors in the employment of the company at the time of the making of the winding up resolution or order or within one month before the making thereof, not exceeding three months' wages or salary, and such persons shall be entitled to rank as ordinary or general creditors of the company for the residue, if any, of their claims.

### Protection of Employees as Voters—Advance Polls.

[Chapter 86, The City Act, was amended by Chapter 34 of the Statutes of 1920 by adding after section 159 provisions for special polls for absentees similar to those contained in The Election Act, R.S.S. 1920, c. 3 sections 183–190, see p. 533 of this Report. A similar amendment was made to The Town Act, C. 87, by Chapter 35 of the Statutes of 1920.]

### Early Closing of Shops.

Chapter 86.—207. The council [of a city] may by by-law require that during the whole or any part of the year any class of shops within the city shall be closed, and remain closed on each or any day of the week, during any time between six o'clock in the afternoon and five o'clock in the morning of the next following day, or that any class of shops shall be closed and remain closed on any one day of the week after the hour of 12 o'clock noon or such later hour as may be deemed advisable.

(2) No such by-law shall be passed unless upon petition, and unless the council is satisfied that such petition is signed by not less than three-fourths in number of the occupiers of shops throughout the city belonging to the class to which such petition relates.

(3) The council may also upon receipt of a petition therefor, and upon being satisfied that such petition is signed by not less than two-thirds in number of the occupiers of shops throughout the city, require by by-law that all shops shall be closed and remain closed on any one day of the week after the hour of 12 o'clock noon or such later hour as may be deemed advisable.

(4) No by-law passed under this section shall be repealed unless it appears to the council that more than one-third in number of the occupants of a class of shops affected thereby are opposed to its continuance, in which case the council may repeal the by-law in so far as it relates to such class.

(5) A pharmaceutical chemist or chemist and druggist shall not be liable to fine, penalty or punishment under any such by-law for supplying medicines, drugs or medical appliances after the hour appointed by such by-law for the closing of shops.

(6) Nothing in such by-law contained shall render the occupier of any premises liable to fine, penalty or punishment for supplying any article required for immediate use by reason or because of an emergency arising from sickness or death.

(7) "Shop" means any building or portion of a building, booth, stall or place where goods are exposed or offered for sale by retail, and barbers' shops; but not where the only trade or business carried on is that of a tobacconist, news agent, hotel, inn, tavern, victualling house or refreshment house.

(8) "Closed" means not open for the serving of customers.

[The Town Act, chapter 87, and The Village Act, chapter 88, contain provisions similar to the above except that one o'clock in the afternoon instead of 12 noon is named as the closing hour.]

### Sunday Street Cars.

Chapter 86.—252. The council of any city may pass a referred by-law declaring that section 243 of The Saskatchewan Railway Act shall cease to apply to the operation within the city of any street railway, tramway or electric railway; and on, from and after the coming into force of such by-law until the same is repealed as provided by subsection (2) hereof, the said section 243 of The Saskatchewan Railway Act shall cease to apply to the operation within the said city of any street railway, tramway or electric railway.

(2) The council of any city shall also have power to pass a by-law repealing any by-law provided for by subsection (1); and on, from and after the coming into force of such by-law the

said section 243 of The Saskatchewan Railway Act shall apply to the operation within the said city of any street railway, tramway, or electric railway.

(3) Every such by-law provided for by this section shall receive the assent of the majority of the persons voting thereon.

(4) The persons qualified to vote upon any by-law provided by this section shall be the persons whose names appear in the last revised voters' list of the city.

(5) All the provisions of this Act respecting by-laws requiring the assent of the burgesses shall, in so far as they are not inconsistent with the provisions of this section, apply *mutatis mutandis* to proceedings upon a vote under the provisions of this section.

#### **Employers to Furnish Names of Employees to Assessor—Liability of Employers for Taxes of Employees.**

[Chapter 86, The City Act, contains provisions respecting the assessment and collection of municipal taxes. Section 438 provides for the furnishing of information by employers on demand of the assessor as follows:]

438. It shall be the duty of every person employing any other person in his trade, manufacture, business or calling, to give to the assessor, on demand, information concerning the names, places of residence and remuneration of all persons employed by him. 1920, c. 34, s.19 (1).

(2) Any employer who refuses or neglects to furnish within a reasonable time information required by the assessor shall be guilty of an offence and liable, on summary conviction, to a penalty not exceeding \$5 for every day during which the default continues.

(3) Any employer who wilfully furnishes the assessor with false information shall be guilty of an offence and liable, on summary conviction, to a penalty not exceeding \$100. Amended 1920, c. 34, s. 19 (2).

[Section 443 provides for a poll tax of \$3 on every male resident of full age, with certain specified exceptions. The mode of collection is set forth in section 444 as follows:]

444. A poll tax may be collected in the same manner as other municipal taxes, or may be recovered on summary conviction with costs against the person neglecting or refusing to pay the same; and the persons appointed to collect the tax may also demand the same from the employer of the person liable to pay it and the employer shall deduct the same from the salary or wages which are then or shall first thereafter during the then current year become owing by him to the person liable to pay such poll tax, and shall pay the same as soon as the amount of the tax is earned by his said employee to the person appointed to collect it and in default may on summary conviction be ordered to pay the same together with costs and in default of payment to imprisonment for a period not exceeding thirty days.

[Chapter 87, The Town Act, contains provisions identical with those given above except that the amount of the poll tax is fixed at \$2.]

#### **Sunday Street Cars.**

[Chapter 87, The Town Act, section 243, authorizes the municipal council of a town to pass a referred by-law declaring that section 243 of The Saskatchewan Railway Act (R.S.S. 1920, c. 79), shall cease to apply to the operation within the town of any street railway, tramway or electric railway. The council is also empowered to repeal any such by-law. Chapter 89, section 182, confers similar powers upon the council of a rural municipality. Section 243 of The Railway Act forbids the operation of a street railway on Sunday except for the purpose of doing work of necessity, and fixes a penalty of \$400 for every train or car operated in violation of this section.]

#### **Employers to furnish Names of Employees to Assessors.**

Chapter 88. [The Village Act.]—233. It shall be the duty of every person employing any other person in his trade, manufacture, business or calling to give to the assessor on demand information concerning the names and places of residence of all persons employed by him whose wages, salary or remuneration exceed \$1,500 per annum in the case of married persons and widows and widowers with children or \$1,000 per annum in the case of all other persons. 1919-20, c. 25, s. 233.

#### **Vocational Training—Industrial Classes.**

Chapter 110—184. The board [of trustees] of any district, subject to the regulations of the Department [of Education] in that behalf, shall have power—

(1) To make such provision as it deems advisable for giving instruction in its schools in manual training, industrial training, domestic science and physical training;

(2) To make such provision as it deems advisable for industrial evening schools in which persons employed during the day may receive theoretical and practical instruction in the trades or occupations, with related instruction, in English, mathematics, drawing, science, history and geography.

(3) To appoint an advisory committee of at least seven members, the persons so appointed to be resident ratepayers of the district and to be selected on the ground of competence to give

advice and other assistance in the management of such classes or schools as are established under the foregoing subsections.

185. Subject to the approval of the Minister, the board shall have authority,—

(a) To provide suitable accommodation and equipment for such schools and classes as may be established under clauses 1 and 2 of section 184;

(b) To prescribe subjects of study; and

(c) To make provision for examinations and diplomas.

186. The board shall have authority to employ and dismiss teachers and fix their salaries; to fix the fees payable by students in attendance; and to do all things necessary for carrying out paragraphs (1) and (2) of section 184 according to their true object and intent with respect to any schools established thereunder.

### Employment of Children—School Attendance.

Chapter 111.—3. (1) Every parent, guardian or other person, having charge of a child over seven and under fourteen years of age, shall send such child to the school of the district in which he resides for the whole period during which the school is in operation each year:

(2) Any parent, guardian or other person who fails to observe the foregoing provisions shall be guilty of an offence and subject to the penalties hereinafter provided.

(3) The provisions of this section apply to a person who has received into his house as a resident another person's child of the specified age, but the duty and responsibility of the child's parent in the premises shall not thereby be affected.

4. A parent, guardian or other person shall not be liable to any penalty imposed by this Act in respect of a child,—

(a) if the child is under efficient instruction at home or elsewhere;

(b) if the child is unable to attend school by reason of sickness or other unavoidable cause and the teacher is kept advised; Amended 1919-20, c. 40, s. 3.

(c) where in the opinion of the magistrate or board of trustees, it is necessary for such child to absent himself from school to maintain himself or some person dependent upon him;

(d) if there is no school which the child has the right to attend within two and one-half miles, as measured by the nearest highway, from the nearest point of the quarter section or lesser parcel of land upon which the child resides, if he is under twelve years of age, or within three and one-half miles if he is over that age:

Provided that this exception shall not apply in the case of districts conveying children in accordance with sections, 207, 208 or 209 of the school Act;

(e) if, according to a written statement from the principal or teacher, there is not sufficient accommodation in the school which the child has a right to attend; or

(f) if the child has passed the grade VIII examination prescribed by the Department of Education, or has completed a course which entitles him to an equivalent standing.

5. In the case of a prosecution under section 3, where the defence is that the child is receiving sufficient instruction at home or elsewhere, the magistrate shall adjourn the hearing for such time as is necessary and forthwith report the facts of the case to the Minister, who shall cause inquiry to be made and direct that a certificate be issued by the person making the inquiry showing whether or not such instruction is given and is efficient. If the certificate establishes the truth of the defence, the magistrate shall dismiss the case; if not, he shall impose a penalty. Amended 1919-20, c. 40, s. 4.

6. (1) No child under the age of fourteen years, who has not a valid excuse under this Act shall be employed by any person during school hours while the school of the district in which the child resides is in session, and any person who employs a child in contravention of this section shall incur a penalty not exceeding \$50 for each offence. Amended 1919-20, c. 40, s. 5 (1).

(2) Where in the opinion of the board of trustees the services of a child over the age of thirteen years who has passed grade V of the public school course of study are required in husbandry or in urgent or necessary household duties such board of trustees; by certificate setting forth the reasons therefor and issued only by resolution at a regular or special meeting of the board may relieve such child from attending school for such period or periods as such board deems proper but not for more than thirty teaching days in any year. 1919-20, c. 40, s. 5. (2).

[Sections 7-10 provide for the appointment of school attendance officers.]

11. An attendance officer shall, for the purposes of this Act, be vested with the powers of a peace officer, and shall have authority to enter theatres playhouses, places of public amusement and entertainment, factories workshops, stores, shops, and all other places where children may be employed or congregated, and to perform such duties as are necessary for the enforcement of this Act.

### Vocational Training—Industrial Evening Schools.

Chapter 113.—3. (4) To every district making provision for industrial evening schools in which persons employed during the day may receive instruction in the trades or occupations with related instruction in English, mathematics, drawing, science, history and geography as provided for in paragraph 2 of section 184 of The School Act [see R. SS. c., 110, Section 184, P. 543 of this Report], an annual grant equal to forty per cent of the cost of tuition up to a maximum of \$250.

### Vocational Education.

Chapter 115—1. This Act may be cited as "The Vocational Education Act 1920."

2. In this Act, unless the context otherwise requires, the expression:

1. "Board" means any board of trustees of schools established under the provisions of The School Act or of The Secondary Education Act;
2. "Council" means the council of the city or town in which the school is established;
3. "Department" means the Department of Education;
4. "Minister" means the Minister of Education;
5. "Regulations" mean regulations made under the provisions of this Act.

3. With the approval of the Minister the board of trustees of a town district or of a high school district may provide for the instruction of pupils in the following classes of schools:—

(a) Day schools, which shall have an independent organization or be constituted as a department of an existing educational institution, the purpose of such schools or departments being to train adolescents for greater efficiency in industrial pursuits and for the duties of citizenship;

(b) Evening schools, in which adolescents and adults may receive theoretical and practical instruction in such occupations as they may be engaged in during the day.

### Conditions of Admission.

4. For admission to a day school applicants shall hold Grade VI or equivalent standing, or be at least fourteen years of age.

5. For admission to an evening school applicants shall be at least fifteen years of age and shall satisfy the principal that their general education is such that they will benefit by the instruction for which application is made.

### Vocational Education Committee.

6. (1) To assist in the establishment and management of any school or department organized under this Act there shall be appointed annually a vocational education committee with the powers hereinafter specified. This committee shall be composed of ten members, four of whom shall be nominated by the board, three being members thereof; of the remaining members three shall be employers of labour and shall be nominated by the council; the remaining three shall be employees and shall be nominated by such local organizations as the board may determine.

(2) The members of the committee shall be British subjects and shall be resident rate-payers of the district.

7. Subject to the approval of the board the vocational education committee shall have authority:—

- (a) to provide suitable accommodation and equipment;
- (b) to arrange for conducting the school or any class thereof in any school or other suitable building in the district;
- (c) to employ and dismiss teachers and fix their salaries;
- (d) to visit and report to the board on the schools under its charge; and
- (e) generally to do all other things necessary for carrying out the true object and intent of this Act with respect to any school or class which may be established thereunder.

8. Each vocational education committee shall submit annually to the board for approval an estimate of the amount of money required for the next academic year and the board shall meet all expenditures made in carrying out the work which has been approved.

9. Subject to such regulations as may be approved by the Lieutenant-Governor in Council, the Minister shall apportion any moneys available for the support of vocational and technical education and for the establishment and maintenance of schools authorized by this Act.

10. For the proper administration of this Act the Minister shall make regulations governing:—

- (a) the character of the accommodation and equipment;
- (b) the qualifications of teachers or instructors;
- (c) the courses of study;
- (d) the fees that may be charged to pupils; and
- (e) any other matters relating to vocational education not herein provided for.

### Earnings of Married Women.

Chapter 153.—4. All the wages and personal earnings of a married woman and any acquisitions therefrom and all proceeds or profits from any occupation or trade which she carries on separately from her husband or derived from the exercise of any literary, artistic or scientific skill and all investments of such wages, earnings, money or property as well as all property real or personal held and enjoyed by a married woman on the third day of April, 1907, or which shall thereafter be acquired by her shall be free from the debts or disposition of her husband and shall be held and enjoyed by her and disposed of without her husband's consent as fully and freely as if she were unmarried.

## Inspection and Regulation of Factories, Construction Camps, Etc.—Sanitation.

Chapter 174.—1. This Act may be cited as "The Public Health Act."

2. In this Act, unless the context otherwise requires, the expression—

(7) "Common use" means use by more than one person;

(15) "House" includes a.....factory.....

(20) "Laundry" means a building or part of a building used for the washing, ironing or dressing of clothes, linens or other fabrics and materials where such work is carried on as a trade or business;

(29) "Public place" means a.....factory, office, store.....

9. The Commissioner [of Public Health] shall—

(e) Make sanitary investigations and inquiries, respecting.....the effects of.....employments.....upon the health of the people.

10. The Commissioner may, subject to the approval of the Lieutenant-Governor in Council, make and issue such rules, orders and regulations consistent with the law as he may deem necessary for the prevention, treatment, mitigation and suppression of disease and the relief of destitution, and without prejudice to the said general powers for all or any of the following purposes:—

(j) House to house visitations and inspection;

(k) The inspecting, cleaning, purifying, ventilating and disinfecting of houses.....laundries.....at the expense of the owner, occupier or other person having the care or ordering thereof.....

(y) The sanitary control of lumbering, mining, construction, threshing and other camps;

(bb) The imposition, levying and recovery of penalties upon and from every person who violates any of the rules, orders or regulations made hereunder.

46. No manufacturer of or dealer in food or in foodstuffs of any kind intended to be used as food, and no owner, employee or person in charge of a store, hotel, shop, bakery, restaurant or other place in which meat, fish, flesh, fowl, game, fruit, vegetables, biscuits, crackers, pretzel, pies, cakes, bread, flour, meal, cereals, confectionery, candy, popcorn, ice cream, ice cream cones, groceries, pickles, jams, butter, milk, cream, or other kind of food, provisions, or merchandise is manufactured, prepared, stored, sold or offered for sale, shall employ or continue in his employment after being aware of the fact, any person affected with open consumption of the lungs, or with an infectious disease, or with a communicable skin affection, or continue in his employment, without permission of the medical health officer, any person coming from an infected house or premises.

47. No person owning or controlling a public place shall provide drinking cups for common use or allow drinking cups for common use to be in or upon the premises.

48. Persons owning or controlling a public place where drinking water is supplied for the public use shall furnish for such use sanitary drinking fountains, or individual drinking cups.

51. (1) No person owning or controlling a public place shall furnish towels for common use or permit towels intended for common use to be upon the premises.

## Inspection and Regulation of Factories.

Chapter 176.—1. This Act may be cited as The Factories Act.

### Interpretation.

2. In this Act, unless the context otherwise requires, the expression:—

1. "Child" means a male person under the age of fourteen years or a female under the age of fifteen years. 1920, c. 66, s. 1 (1).

2. "Court" or "court of summary jurisdiction" means the justices of the peace or police magistrate, as the case may be, to whom jurisdiction is given to hear and determine prosecutions under this Act;

3. "Employer" means any person who, in his own behalf or as the manager, superintendent, overseer or agent for any person, firm, company or corporation, has charge of any factory and employs persons therein;

4. "Factory" means:—

(a) any building, workshop, structure or premises of the description mentioned in schedule A, together with such other building, structure or premises as the Lieutenant-Governor in Council may add to the said schedule; and the Lieutenant-Governor in Council may from time to time by proclamation, notice of which shall be published in The Saskatchewan Gazette, add to or remove from the said schedule such description of premises as he deems necessary or proper;

(b) any other premises, building, workshop, structure, room or place wherein or within the precincts of which steam, water or other mechanical power is used to move or work any machinery employed in preparing, manufacturing or finishing or in any process incidental to the preparing, manufacturing or finishing of any article, substance, material, fabric or compound, or is used to aid the manufacturing process carried on therein;

(c) any other premises, building, workshop, structure, room or place wherein the employer of the persons working therein has the right of access or control and in which or within the

precincts of which any manual labour is exercised by way of trade or for the purposes of gain in or incidental to the following purposes or any of them, that is to say: the making of any article or part of an article; the altering, repairing, ornamenting or finishing of any article; or the adapting for sale of any article;

5. "Inspector" means any one of the inspectors appointed by order of the Lieutenant-Governor in Council under the authority and for enforcing the provisions of this Act;

6. "Mill gearing" includes every shaft whether upright, oblique or horizontal, and every wheel, drum or pulley, by which the motion of the first moving power is communicated to any machine appertaining to a manufacturing process;

7. "Minister" means the member of the Executive Council who may be intrusted by the Lieutenant Governor in Council with the administration of this Act;

8. "Night" or "night time" means the interval between nine o'clock in the afternoon and six o'clock in the forenoon of the following day; and "day" or "day time" means the interval between six o'clock in the forenoon and nine o'clock in the afternoon of the same day;

9. "Parent" means a parent or guardian of, or a person having the legal custody of or the control over, or having direct benefit from the wages, of a child, youth or young girl;

10. "Week" means the period between midnight on Sunday night and midnight on the succeeding Saturday night;

11. "Woman" means a female person of eighteen years of age and upwards.

12. "Youth" means a male person of the age of fourteen years and under the age of sixteen years;

13. "Young girl" means a female person of the age of fifteen years and under the age of eighteen years. Amended 1920, c. 66 s. 1 (2).

3. Where not more than three persons are employed in a factory or where children, youths young girls or women are employed at home, that is to say in a private house, place or room used as a dwelling wherein neither steam, water nor other mechanical power is used in aid of the manufacturing process carried on therein and wherein the only persons employed are members of the same family dwelling therein the provisions of this Act shall not apply.

4. (1) A part of a factory may for the purposes of this Act be taken to be a separate factory and a place used as dwelling shall not be deemed to form part of the factory for the purposes of this Act.

(2) Where a place situate within the close or precincts forming a factory is used solely for some purpose other than the manufacturing process or handicraft carried on in the factory such place shall not be deemed to form part of that factory for the purposes of this Act but shall if otherwise it would be a factory be deemed to be a separate factory and be regulated accordingly.

(3) Any premises or place shall not be excluded from the definition of a factory by reason only that such premises or place are or is in the open air.

5. (1) Where any owner, tenant or occupier of any premises, building, workshop, structure, room or place who has the right of access thereto and control thereof lets or hires out or contracts for work or labour to be done therein by any person and such other person engages or employs therein any workman, child, youth, young girl or woman in or for carrying out or performing such work or labour or any part thereof every such workman, child, youth, young girl or woman shall for all the purposes of this Act be deemed to be in the service and employment of such owner, tenant or occupier.

(2) In computing the number of persons employed in any place in order to ascertain whether such place is a factory every such workman, child, youth, young girl or woman shall be taken into account.

#### Regulations as to Employees.

6. No child shall be employed in any factory.

7. The Lieutenant-Governor in Council may from time to time by Order in Council, notice of which shall be published in the Saskatchewan Gazette, prohibit the employment of youths and young girls in factories the work in which is deemed by the Lieutenant-Governor in Council to be dangerous or unwholesome.

8. (1) Any person found in a factory except during meal hours or while all the machinery of the factory is stopped, or when present for the sole purpose of bringing food to any person employed in the factory, shall, until the contrary is proved, be deemed for the purposes of this Act to have been then employed in the factory.

(2) Yards, playgrounds and places open to the public view, waiting rooms and other rooms belonging to the factory in which no machinery is used or manufacturing process carried on shall not be taken to be any part of the factory within the meaning of this section.

(3) Where any person is in the opinion of the court apparently of the age alleged by the informant it shall lie on the defendant to prove that such person is not of that age.

9. (1) A child, youth, young girl or woman who works in a factory, whether for wages or not, either in a manufacturing process or handicraft, or in cleaning any part of the factory used for any manufacturing process or handicraft, or in cleaning or oiling any part of the machinery, or in any other kind of work whatsoever incidental to or connected with the manufacturing process or handicraft or connected with the article made or otherwise the subject of the manufacturing process or handicraft therein shall save as is herein otherwise provided, be deemed to be employed in such factory within the meaning of this Act; and for the purposes of this Act an apprentice shall be deemed to work for hire.

(2) Young girls and women in factories shall, during working hours, wear their hair rolled or plaited and fastened securely to their heads or confined in a close fitting cap or net so as to avoid contact with working machines or shafting or material being handled. It shall be the duty of managers, superintendents, foremen and others in charge to see that employees are fully notified of the provisions of this section.

10. It shall be unlawful to employ in a factory any youth, young girl or woman so that the health of such youth, young girl or woman is likely to be permanently injured.

11. (1) No youth, young girl or woman shall be employed in any factory for more than forty-eight hours in any one week; and the hours of working in any one day shall not be later than half past six o'clock in the afternoon unless a special permit in writing has been obtained from an inspector. 1919-20, c. 10, s. 2.

(2) In every factory the employer shall allow every youth, young girl and woman therein employed not less than one hour at noon of each day for meals; but such hour shall not be counted as part of the time herein limited as respects the employment of youths, young girls and women.

(3) If an inspector so directs in writing the employer shall not allow any youth, young girl or woman to take meals in any room wherein any manufacturing process is then being carried on; and if the inspector so directs in writing the employer shall at his own expense provide a suitable room or place in the factory or in connection therewith for the purpose of a dining and eating room for persons employed in the factory.

(4) Any contravention of the provisions of this section is for greater certainty and not so as to restrict the generality of the provisions of section 10 hereby declared to be an employing within the prohibition contained in the said section 10.

12. (1) In the following cases, namely:—

(a) where any accident which prevents the working of any factory happens to the motive power of any machinery; or

(b) where from any other occurrence beyond the control of the employer the machinery or any part of the machinery of any factory cannot be regularly worked; or

(c) where the customs or exigencies of certain trades require that the youths, young girls or women working in a factory or in certain processes in a factory shall be employed for a longer period than as herein provided;

an inspector may, subject to any regulations which may be made in that behalf by the Lieutenant-Governor in Council and on due proof to his satisfaction of such accident, occurrence, custom or exigency of trade grant such exemption from the observance of the foregoing provisions of this Act as will in his judgment, fairly and equitably to the proprietors of such factory and to the youths, young girls or women employed therein, make up for any loss of labour from such accident or occurrence or meet the requirements of such custom or exigency of trade.

(2) Whenever such exemption is granted:—

(a) No youth, young girl or woman shall be employed before the hour of seven o'clock in the morning or after the hour of ten o'clock in the afternoon; and

(b) The hours of labour for youths, young girls and women shall not be more than twelve and a half in any one day nor more than seventy-two and a half in any one week; and

(c) Such exemptions shall not comprise more than thirty-six days in the whole in any year; and in reckoning such period of thirty-six days every day on which any youth, young girl or woman has been employed overtime shall be taken into account; and

(d) During the continuance of such exemption there shall in addition to the hour for the noon-day meal provided for by section 11 be allowed to every youth, young girl or woman so employed in the factory on any day to an hour later than seven o'clock in the afternoon not less than forty-five minutes for another or evening meal between five and eight of the clock in the afternoon; and

(e) In every factory with respect to which any such exemption is so granted there shall, in compliance with the provisions of section 41, be affixed a notice specifying the extent and particulars of such exemption.

13. When under the exemptions provided for in this Act any youth, young girl or woman is employed in any factory on any day for a longer period than is allowed under section 11, the duration of such employment shall be daily recorded by the employer in a register which shall be in such form as may be required by any regulations made in that behalf by the Lieutenant-Governor in Council.

14. Notice of the hours between which youths, young girls or women are to be employed in any factory shall be made in such form as may be required by the regulations made in that behalf by the Lieutenant-Governor in Council, and the form of such notice shall be signed by an inspector and by the employer and shall be hung up during the period affected by such notice in such conspicuous place or places in the factory as the inspector requires.

15. (1) A young girl shall not be allowed to clean any part of the machinery in a factory while the same is in motion by aid of steam, water or other mechanical power.

(2) A young girl or woman shall not be allowed to clean any mill gearing in a factory while the same is in motion for the purpose of propelling any part of the manufacturing machinery.

(3) A young girl shall not be allowed to work between the fixed and traversing part of any self-acting machine while such machine is in motion by the action of steam, water or other machinery power.

(4) A young girl or woman allowed by an employer to clean or to work in contravention of this section shall be deemed to be employed by him contrary to the provisions of section 10.

## Conditions and Equipment in Factories.

16. (1) Every owner of a factory shall provide a sufficient number and description of privies, earth or water closets and urinals for the employees of such factory, including separate sets for the use of male and female employees, and shall have separate approaches to the same, the recognised standard being one closet for every twenty-five persons employed in the factory.

(2) Every owner of a factory shall be responsible for remedying any effluvia arising from a drain or from defective plumbing and for repairs required to keep the building in a safe and habitable condition.

(3) Every owner of a factory shall arrange for a supply of pure drinking water available for each tenant in the factory.

(4) Every owner of a factory who for thirty days refuses or neglects to comply with any of the foregoing requirements after being notified in writing in regard to the same by an inspector, shall be guilty of an offence.

17. (1) Every employer shall keep his factory in a clean and sanitary condition and free from effluvia arising from refuse of any kind.

(2) Every employer shall keep privies, earth or water closets and urinals in good repair and in a sanitary condition and shall be responsible for keeping separate closets for male and female employees.

(3) Every employer shall heat each compartment used by him and regulate the temperature so as not to be injurious to the health and comfort of the employees and so as to be consistent with the work performed therein, but in no case shall the temperature be less than 60 degrees Fahrenheit unless specially authorized by an inspector in writing.

(4) Every employer shall be responsible for ventilating the factory in such a manner as to keep the air reasonably pure so as to render harmless, as far as reasonably practicable, all gases, vapours, dust or other impurities originating in the course of the manufacturing process or handicraft carried on therein injurious to the health.

(5) An employer shall not allow overcrowding while work is carried on therein so as to be injurious to the health of the persons employed therein, the standard to be allowed being 300 cubic feet of room space for each employee.

(6) An inspector may require the employer to provide a sufficient number of spittoons and to place the same in different parts of the factory and keep the same clean.

(7) In every factory where any process is carried on by which dust is created and may be inhaled by the workers to an injurious extent, the inspector may, if such inhalation can by mechanical means be prevented or partially prevented and subject to such regulations as may be made in that behalf by the Lieutenant-Governor in Council, direct that such means shall be provided within a reasonable time by the employer who in such cases shall be bound to provide them.

(8) Every employer shall provide for employees proper drinking cups and a supply of wholesome drinking water which shall be at least eight feet distant from water closets and urinals.

(9) Where grinding, polishing or buffing is carried on in any shop subsection (7) shall apply irrespective of the number of persons employed therein.

(10) Every employer who for thirty days refuses or neglects to comply with any of the above requirements or conditions after being notified in writing in regard to the same by an inspector shall be guilty of an offence.

18. Where two or more persons occupy or use the same room or premises for carrying on any work or business within the meaning of this Act and employ in the aggregate five persons or more, no one of such persons employing so many as five, each of the several employers shall be responsible for providing proper and sufficient water closets and other requirements set forth in section 17, but the said section shall apply to each of such employers as if they were partners in all the work or business of the said room or premises.

19. Every inspector may for the purposes of sections 16, 17 and 18 take with him into a factory any legally qualified medical practitioner, or any health officer or sanitary inspector appointed pursuant to The Public Health Act.

20. No person shall keep a factory so that the safety of any person employed therein is endangered or so that the health of any person employed therein is likely to be permanently injured.

21. (1) There shall not be a bed room or sleeping place on the same floor of a building as a shop, bake house or factory, nor shall there be, save with the written consent of an inspector, any bed room or sleeping place in the same building as a shop, bake house or factory.

(2) No stable shall be under the same roof as a factory unless there is between the stable and the factory a sufficient brick or other partition wall approved by an inspector separating one from the other.

## Protection of Employees.

22. In every factory:—

(a) All dangerous parts of mill gearing, machinery, vats, pans, cauldrons, reservoirs, wheel races, flumes, water channels, doors, openings in the floors or walls, bridges, and all other like dangerous structures or places, shall be so far as practicable securely guarded;

(b) No machinery other than steam engines shall, if an inspector so directs by written notice, be cleaned while in motion.

23. (1) In every factory:—

(a) The openings of every hoistway, hatchway and well hole used for power elevators shall be at each floor, including the basement, provided with and protected by good and sufficient trap doors or self-acting hatches or gates closing automatically, which gates shall be not less than five feet six inches high and may be in sections if desired;

(b) The sides of the shaft not guarded by gates, shall on all floors including the basement, be protected by inclosures at least six feet high, approved by an inspector;

(c) Where the elevator is enclosed in a tower having walls over six inches thick, it may be provided with an extra operating rope outside the tower;

(d) In every case the elevator shall be provided with a lock to secure the operating rope;

(e) In case of elevators operated by hand power the gates shall be not less than three feet in height and shall be automatic closing gates, and the sides not protected by gates shall be protected by inclosures not less than four feet in height approved by an inspector.

(f) A clearly painted sign marked "dangerous" having letters not less than four inches in height shall be affixed or stencilled on the bottom rail of every gate where it will be plainly visible from the outside;

(g) The top of every elevator platform shall be provided with a guard sufficient to protect the occupants and approved by an inspector.

(2) All elevator cabs or cars, whether used for freight or passengers, shall be provided with some suitable mechanical device approved by an inspector whereby the cab or car will be securely held in the event of accident to the shipper, rope or hoisting machinery or otherwise howsoever.

24. Any part of a factory other than those specified in sections 22 and 23 which an inspector considers dangerous in any particular and in regard to which he gives notice to that effect to the employer shall likewise, so far as practicable, be secured or securely guarded.

25. Inflammable material such as coal oil, petroleum, benzine or naphtha and explosives of all kinds shall be kept stored, when not in actual use, in a building separated from the other parts of the factory or in a fireproof compartment of the factory approved by an inspector.

26. (1) A factory in which there is a contravention of any of the provisions of sections 22, 23, 24 or 25, or of any regulations made for the enforcement thereof, shall be deemed to be kept unlawfully within the meaning of section 20.

(2) For the purpose of sections 22, 23, 24 and 25 the expression "factory" shall include a grain elevator, notwithstanding that less than four persons are employed therein. 1919-20, c. 10, s. 3.

(3) Notwithstanding anything contained in this Act, the Lieutenant-Governor in Council may make regulations specifying the buildings, machinery, bins or other things, or the parts thereof, which shall be kept guarded and the nature of the guards which shall be used. 1919-20, c. 10, s. 3.

#### Fire Protection.

27. (1) In every factory:—

(a) There shall be such means of extinguishing fire as an inspector, acting under regulations made in that behalf by the Lieutenant-Governor in Council, directs in writing;

(b) The main inside and outside doors shall open outwardly and any door leading to or being the principal or main entrance to the factory or to any tower stairways or fire escapes therein or belonging thereto shall not be bolted, barred or locked at any time during the ordinary and usual working hours in the factory.

(2) The owner of every factory exceeding two storeys in height, and, where deemed necessary by the inspector, the owner of every factory over one storey in height, shall provide the factory with one or more systems of fire escapes as follows and shall keep the same in good repair;

(a) A sufficient number of tower stairways with iron doorways within reach of or having easy communication with all the working rooms of the factory; or

(b) A sufficient number of iron or other unflammable fire escapes on the outside of the building, such fire escapes to consist of stairways with railing or, in case the special approval of the inspector is given in writing then, of iron ladders and every such stairway or ladder shall be connected with the interior of the building by iron or tinued doors or windows with iron shutters and shall have suitable landings at every storey including the attic if the attic is occupied as a workroom and the said stairways shall start at a distance of not more than eight feet from the ground or pavement; or

(c) Any other system or form of fire escape that may be sanctioned under this Act by the Lieutenant-Governor in Council on the recommendation of the inspector.

(3) A factory in which there is a contravention of any of the provisions of this section shall be deemed to be kept unlawfully within the meaning of section 20.

#### Accidents.

28. In case of a fire or accident in a factory occasioning bodily injury to any person employed therein, whereby he is prevented from working for more than six days next after the fire or accident, a notice in writing shall be sent to the inspector by the employer forthwith after the expiration of the said six days.

29. In case of an explosion occurring in a factory, whether any person is injured thereby or not, notice in writing of the fact of such explosion having occurred shall be sent to the inspector by the employer within twenty-four hours next after the explosion occurred.

30. Where in a factory any person is killed from any cause or is injured from any cause in a manner likely to prove fatal, notice in writing of the fact shall be sent to the inspector by the employer within twenty-four hours next after the occurrence.

#### Owner or Lessee of Machinery.

31. Where in a factory the owner or hirer of a machine or implement moved by steam, water or other mechanical power in or about or in connection with which machine or implement children, youths, young girls or women are employed is some person other than the employer as defined by this Act and such children, youths, young girls or women are in the employment and pay of the owner or hirer of such machine or implement, in any such case such owner or hirer shall so far as respects any offence against this Act which may be committed in relation to such children, youths, young girls or women be deemed to be the employer.

#### Application of Act in Certain Cases.

32. The provisions of this Act which relate;—

(a) to the cleanliness, freedom from effluvia or overcrowding or ventilation of a factory; and

(b) to youths, young girls and women being employed in a factory during any part of the times allowed for meals, or allowed to remain in a room; and

(c) to the affixing of any notice or abstract in a factory, or specifying any matter in the notice so affixed save and except where such notice is a notice of the name and address of an inspector; and

(d) to the sending notice of accidents;

shall not apply where persons are employed at home, that is to say, to a private house, room or place which, though used as a dwelling, might by reason of the work carried on therein be a factory within the meaning of this Act, and in which neither steam, water nor other mechanical power is used and in which the only persons employed are members of the same family dwelling therein.

33. The provisions of this Act which relate:—

(a) to youths, young girls and women being employed in a factory during any part of the times allowed for meals, or allowed to remain in a room; and

(b) to the affixing of any notice or abstract in a factory or specifying any matter in the notice so affixed, save and except where such notice is a notice of the name and address of an inspector;

shall not apply to a factory which is conducted on the system of not employing youths or young girls therein and the occupier of which has served on the inspector notice of his intention to conduct his factory upon that system.

34. Where an employer has given to the inspector notice in writing of his intention to conduct his factory on the system of not employing youths or young girls therein the factory shall be deemed for all the purposes of this Act to be conducted on the said system until the employer changes it, and no changes shall be made until the employer has given to the inspector notice in writing of his intention to change the system; and until the change a youth or young girl employed in a factory shall be deemed to be employed contrary to the provisions of this Act; a change in the said system shall not be made oftener than once in every three months unless for special cause allowed in writing by the inspector.

35. Nothing in this Act shall extend to a mechanic, artisan or labourer working only in repairing any part of a factory or the machinery therein.

#### Inspectors.

36. The Lieutenant-Governor in Council may appoint one or more inspectors, male or female, and fix their salaries or compensation and appoint their duties.

37. (1) Every inspector shall for the purposes of this Act and of enforcing any regulations made under the authority thereof have power to do all or any of the following things, namely:—

(a) To enter, inspect and examine at all reasonable times by day or night any factory and any part thereof when he has reasonable cause to believe that any person is employed therein and to enter by day any place which he has reasonable cause to believe to be a factory;

(b) To require the production of any register, certificate, notice or document required by this Act to be kept, and to inspect, examine and copy the same;

(c) To take with him in either case a constable into a factory in which he has reasonable cause to apprehend any serious obstruction in the execution of his duty.

(d) To make such examination and inquiry as may be necessary to ascertain whether the provisions of this Act are complied with so far as respects the factory and the persons employed therein;

(e) To examine, either alone or in the presence of any other person, as he thinks fit, with respect to matters under this Act, every person whom he finds in a factory or whom he has reasonable cause to believe to be or to have been within the two next preceding months employed in a factory and to require such person to be so examined and to sign a declaration of the truth of the matters respecting which he is so examined;

(f) For the purposes of any investigation, inquiry or examination made by him under the authority of this Act to administer an oath to and to summon any person to give evidence;

(g) To inspect and examine at all reasonable times, by day and night, any elevator in or about any building (and for the purposes of this clause and of subsections (2) and (3) every building in or about which an elevator is installed shall be deemed to be a "factory") and to prohibit the use or operation of any elevator for the carriage of passengers which has been found by the inspector to be unsafe for that purpose; Amended 1919-20, c. 10, s. 4 (1).

(h) To exercise such other powers as may be necessary for carrying this Act into effect.

(2) No person under the age of sixteen years shall operate, nor shall an employer permit any such person to operate, an elevator used in or about any building for the carriage of passengers. Amended 1919-20, c. 10, s. 4 (3).

(3) Notwithstanding the provisions of clause (g) of subsection (1) the Lieutenant Governor in Council may make regulations respecting the construction, operation, maintenance and carrying capacity of elevators, hoists, dumb waiters or other hoisting appliances installed in or about any building and may except from the operation of all or any of such regulations, for such time as may seem proper, any such elevator, hoist, dumb waiter or hoisting appliance whenever the same is of such character or used under such circumstances that in his opinion there is no danger of accident by injury to any person in connection with the operation thereof. Amended 1919-20, c. 10, s. 4 (3).

(4) The employer, his agents and servants shall furnish the means required by an inspector as necessary for an entry, inspection, examination, inquiry or the exercise of his powers under this Act in relation to such factory.

(5) Every person who wilfully delays an inspector in the exercise of any power under this section, or who fails to comply with a requisition or summons of an inspector in pursuance of this section, or to produce any certificate or document which he is required by or in pursuance of this Act to produce, or who conceals or prevents from appearing before or being examined by an inspector a child, youth, young girl or woman, or attempts so to conceal or prevent a child, youth, young girl or woman, shall be deemed to obstruct an inspector in the execution of his duties under this Act.

38 (1) An inspector before entering in pursuance of the powers conferred by this Act without the consent of the occupier any room or place actually used as a dwelling as well as for a factory shall on an affidavit or statutory declaration of the facts and reasons obtain written authority to do so from the Minister or such warrant as is hereinafter mentioned from a justice of the peace or police magistrate.

(2) The affidavit or statutory declaration above mentioned may be inspected or produced in evidence in the same manner and with the same effect in all respects as an information on oath before a justice.

(3) A justice of the peace or police magistrate if satisfied by information on oath that there is reasonable cause to suppose that any provision of this Act is contravened in any such room or place as aforesaid may in his discretion, grant a warrant under his hand authorizing the inspector named therein to enter at any time within the period named therein but not exceeding one month from the date thereof the room or place named in the warrant, and exercise therein the powers of inspection and examination conferred by this Act and the provisions of this Act with respect to obstruction of the inspector shall apply accordingly.

39. Every inspector shall be furnished with a formal certificate of his appointment and on applying for admission to a factory shall, if required, produce to the employer the said certificate.

40. (1) Every person shall within one month after he begins to occupy a factory and in the case of factories existing on the fourth day of April, 1910, within one month after the said date send to the inspector a written notice containing the name of the factory, the place where it is situated, the address to which he desires his letters to be addressed, the nature of the work, the nature and amount of the moving power therein and the name of the firm under which the business of the factory is to be carried on.

(2) In every factory the employer shall keep in the form and with the particulars prescribed by any regulation made by the Lieutenant-Governor in Council in that behalf a register of the youths, young girls and women employed in that factory and of their employment and of other matters under this Act and shall send to the inspector named in the notice referred to in section 42 of this Act such extracts from any register kept in pursuance of this Act as the inspector from time to time requires for the execution of his duties hereunder.

41. Every employer shall cause to be affixed at the entrance of a factory and in such other parts thereof as an inspector directs and to be constantly kept so affixed in the form directed by the inspector and in such position as to be easily read by the persons in the factory:

(1) Such notices of the provisions of this Act and of any regulations made hereunder as the Minister deems necessary to enable the persons employed in the factory to become acquainted with their rights, liabilities and duties hereunder;

(2) A notice of the name and address of an inspector;

(3) A notice of the clock, if any, by which the period of employment and time for meals in the factory are regulated;

(4) Every other notice and document, if any, required by this Act to be affixed in the factory.

42. A notice of the name and address of an inspector shall in compliance with such directions as an inspector may give under the provisions of section 41 be affixed in every factory.

43. Any notice, order, requisition, summons and document required or authorized to be served or sent for the purposes of this Act may be served or sent by delivering the same to or at the residence of the person on or to whom it is to be served or sent or where that person is an employer within the meaning of this Act by delivering the same or a true copy thereof to his agent or to some person in the factory of which he is employer; it may also be served or sent by a prepaid registered letter and if served or sent by post shall be deemed to have been served and received respectively at the time when the letter containing the same would be delivered in the ordinary course of post and in proving such service or sending it shall be sufficient to prove that it was properly addressed and put into the post; and, where it is required to be served on or sent to an employer it shall be deemed to be properly addressed if addressed to him at the factory in respect of which he is an employer with the addition of the proper postal address but without naming the person who is the employer.

#### Offences and Penalties.

44. Every person who acts in contravention of section 6 or 10 shall be liable to a penalty not exceeding \$100 and in default of payment forthwith to imprisonment for a period not exceeding six months, or to imprisonment for a period not exceeding six months without the option of a fine.

45. Every person who acts in contravention of section 20 or section 34 shall be liable to a penalty not exceeding \$500 and in default of payment forthwith to imprisonment not exceeding twelve months, or to imprisonment for a period not exceeding twelve months without the option of a fine.

46. Every person who refuses, neglects or omits to comply with any of the provisions of sections 28, 29, 30, 40 or 41 shall be liable to a penalty of \$30.

47. The owner or proprietor of any factory who refuses, neglects or omits to provide the means of safe exit in case of fire prescribed by section 27 shall be liable to a penalty not exceeding \$500 and in default of payment forthwith to imprisonment for a period not exceeding twelve months, or to imprisonment for a period not exceeding twelve months without the option of a fine.

48. Where an inspector is obstructed in the execution of his duties the person so obstructing him shall be liable to a penalty not exceeding \$30; and where an inspector is so obstructed in a factory the employer shall where the offence is committed during the day be liable to a penalty not exceeding \$30 or where the offence is committed at night to a penalty not exceeding \$100.

49. Every person who wilfully makes a false entry in any register, notice, certificate or document required by this Act to be left or served or sent or who wilfully makes or signs a false declaration under this Act or who knowingly makes use of any such false entry or declaration shall be liable to a penalty not exceeding \$100 and in default of payment forthwith to imprisonment for a period not exceeding six months, or to imprisonment for a period not exceeding six months without the option of a fine.

50. The parent of any child, youth or young girl employed in a factory in contravention of this Act shall unless such employment is without the consent, connivance or wilful default of such parent be guilty of a contravention of this Act and shall be liable to a penalty not exceeding \$50.

51. If any of the provisions of this Act or of any of the regulations, rules or orders made by virtue thereof by the Lieutenant-Governor in Council are contravened and no other penalty is herein provided for such contravention the person guilty of such contravention shall be liable to a penalty not exceeding \$50.

52. If a factory is not kept in conformity with this Act the court of summary jurisdiction in addition to or instead of inflicting a fine, penalty or other punishment upon the employer may order certain means to be adopted by the employer within the time named in the order for the purpose of bringing his factory into conformity with this Act; the court may also upon application enlarge the time so named but if after the expiration of the time as originally named or enlarged by subsequent order the order is not complied with the employer shall be liable to a penalty not exceeding \$10 for every day that such noncompliance continues.

53. Where the employer is charged with an offence against this Act he shall be entitled upon information duly laid by him to have any other person whom he charges as the actual offender brought before the court at the time appointed for hearing the charge; and if after the commission of the offence has been proved to the satisfaction of the court the employer proves that he has used due diligence to enforce compliance with the provisions of this Act and that the said other person has committed the offence in question without the knowledge and consent or connivance of him the employer such other person shall be summarily convicted of such offence and the employer shall be exempt from any fine, penalty or imprisonment.

54. Where it is made to appear to the satisfaction of an inspector at the time of discovering the offence that the employer has used all due diligence to enforce compliance with the provisions of this Act and also by what person such offence was committed and also that it was committed without the knowledge, consent or connivance of the employer and in contravention of his orders, the inspector shall proceed against the person whom he believes to be the actual offender in the first instance without first proceeding against the employer.

55. Where an offence for which an employer is liable under this Act to a fine has in fact been committed by some agent, servant, workman or other person such agent, servant, workman or other person shall be liable to the same fine, penalty or punishment for such offence as if he were the employer.

56. A person shall not be liable in respect to a repetition of the same kind of offence from day to day to any larger fine, penalty or punishment than the highest fine, penalty or punishment fixed by this Act for the offence except:

(1) Where the repetition of the offence occurs after an information has been laid for the previous offence; or

(2) Where the offence is one of employing a child, youth, young girl or woman contrary to the provisions of this Act.

#### Prosecutions.

57. All prosecutions under this Act shall be heard summarily before any two justices of the peace or a police magistrate.

58. The following provisions shall have effect with respect to prosecutions under this Act.

(1) The information shall be laid within two months, or, where the offence is punishable at discretion by imprisonment, within three months after the offence has come to the knowledge of the inspector.

(2) It shall be sufficient to allege that a factory is a factory within the meaning of this Act, without more;

(3) It shall be sufficient to state the name of the ostensible employer or the title of the firm by which the employing person in the factory is usually known.

59. No conviction, judgment or order made in respect of any offence against this Act shall be removed by *certiorari* or otherwise into the Court of King's Bench.

60. Where an inspector is called as a witness he shall be entitled acting by the direction and on behalf of the Attorney-General to object to giving evidence as to any factory inspected by him in the course of his official duty.

#### General.

61. Such annual or other report of the Minister as the Lieutenant-Governor directs shall be laid before the Legislative Assembly within twenty-one days after the commencement of the session.

62. Unless and until otherwise ordered or directed by any regulation in that behalf made by the Lieutenant-Governor in Council:

(a) The register mentioned in and required by section 40 shall so far as the same relates to youths and young girls be according to form A in schedule B and so far as the same relates to women be according to form B.

(b) The register mentioned in and required by section 13 shall be according to form C.

(c) On the first page of any register kept by an employer pursuant to this Act or to any rule, order or regulation made in that behalf by the Lieutenant-Governor in Council shall be printed form D or a form to the like effect; and the same shall be properly filled up and signed by an inspector and the employer when such register is commenced to be kept;

(d) Notice of the hours between which youths, young girls or women are to be employed in any factory as required by section 14 shall be according to form E;

(e) Notice to the inspector under sections 28 to 30 may be in form F;

(f) Notice to the inspector under section 33 or 34 may be according to such of the forms G and H as the case requires; and

(g) Notice to the inspector under section 40 may be in the form I.

#### SCHEDULE A.

##### (Section 2.)

Abattoirs.  
Agricultural implement factories.  
Bakehouses and bakeshops.  
Baking powder and yeast factories.  
Barrel factories.  
Bicycle factories.  
Biscuit factories.  
Blanket factories.  
Boiler factories.  
Bookbinding factories.  
Boot and shoe factories.  
Box factories.  
Brass foundries.  
Breweries.

Brick factories.  
Broom factories.  
Brush factories.  
Canning factories.  
Car shops.  
Carpet factories.  
Carriage factories.  
Carriage goods (iron) factories.  
Carriage, woodwork factories.  
Cartridge factories.  
Cement factories.  
Chemical works.  
Cigar factories.  
Clock factories.

SCHEDULE A—*Con.*

|                                                |                                         |
|------------------------------------------------|-----------------------------------------|
| Clothing factories.                            | Ornamental moulding factories.          |
| Coffin factories.                              | Paint works.                            |
| Concentrated egg factories.                    | Paper bag factories.                    |
| Confectionery factories.                       | Paper box factories.                    |
| Coopers' workshops.                            | Paper and pulp mills.                   |
| Cider factories.                               | Paraffin factories.                     |
| Distilleries.                                  | Patent fertilizer factories.            |
| Domestic utensils factories.                   | Patent medicine factories.              |
| Dressmaking establishments.                    | Picture frame works.                    |
| Dress shield factories.                        | Planing mills.                          |
| Dye works.                                     | Plated metal works.                     |
| Edge tool factories.                           | Potteries.                              |
| Electric machinery factories.                  | Printing and publishing establishments. |
| Electrotype foundries.                         | Pulp factories.                         |
| Elevators (grain).                             | Rag-sorting workshops.                  |
| Envelope factories.                            | Rolling mills.                          |
| Extracts and essential oil factories.          | Rope works.                             |
| Felt factories.                                | Saddlery hardware factories.            |
| Flax mills.                                    | Safe works.                             |
| Foundries.                                     | Salt drying works.                      |
| Fruit desiccating factories.                   | Sash and door factories.                |
| Furniture factories.                           | Saw mills.                              |
| Furriers' workshops.                           | Sewer pipe factories.                   |
| Galvanized and pressed iron-work factories.    | Sewing machine factories.               |
| Gun and small arm factories.                   | Shirt factories.                        |
| Hair cloth factories.                          | Show case factories.                    |
| Hames factories.                               | Skate works.                            |
| Harness and leather factories.                 | Soap works.                             |
| Hosiery factories.                             | Soda water factories.                   |
| Iron bridge works.                             | Stained glass factories.                |
| Jams, jellies and pickle works.                | Starch factories.                       |
| Jewellery factories.                           | Steel wire factories.                   |
| Knitting factories.                            | Straw works.                            |
| Knitting machine factories.                    | Sugar refineries.                       |
| Laundries.                                     | Syrup factories.                        |
| Laundry, bluing and washing crystal factories. | Tailor shops.                           |
| Lithographers' workshops.                      | Tanneries.                              |
| Locomotive works.                              | Tin box factories.                      |
| Machine shops.                                 | Tobacco factories.                      |
| Marble works.                                  | Trunk factories.                        |
| Matting factories.                             | Tub and pail factories.                 |
| Mattress factories.                            | Type foundries.                         |
| Meat packing establishments.                   | Vinegar works.                          |
| Metallic factories.                            | Wagon and sleigh factories.             |
| Millinery shops.                               | Window shade factories.                 |
| Oil refineries.                                | Woollen factories.                      |

## FORM F.

(Sections 28, 29, 30 and 62.)

## The Factories Act.

To .....

You are hereby notified pursuant to section 28 (or as the case may be) of The Factories Act, of the happening of an accident in the factory hereunder mentioned whereof the following are particulars:

1. Name of person injured (or killed),
2. Factory in which accident happened,
3. Date of accident,
4. Age of person injured (or killed),
5. Residing on ..... street in the ..... of
6. Cause of injury (or death),
7. Extent of injury,
8. Where injured or killed person sent,
9. Remarks.

Dated this ..... day of ..... , 19 .....

.....  
Signature of Employer or Agent.

(Forms A-E and G-I omitted).

## Inspection and Regulation of Steam Boilers.

Chapter 177.—1. This Act may be cited as "The Steam Boilers Act".

### Interpretation.

2. In this Act, unless the context otherwise requires, the expression:—

1. "Boiler" does not include boilers of less capacity than two horse-power, or boilers used for heating water for domestic purposes or generating steam solely for heating private dwelling-houses which carry less than fifteen pounds pressure, or railway locomotives belonging to and operated by a railway company incorporated under a Dominion charter, or steamboat boilers, but means and includes steam heating boilers of over twenty-horse-power in public buildings, office, blocks, stores, hotels, apartment blocks where there are more than two families living or other buildings used for public purposes or in which the public from time to time congregate, and also includes all other steam boilers or batteries of boilers and every part thereof or thing connected therewith, and all apparatus and things attached to or used in connection with any such boiler;

2. "Certificate" means the interim provisional or final certificate of qualification issued to an engineer under the provisions of this Act;

3. "Dealer" includes every person engaged in the business of buying, selling or exchanging steam boilers;

4. "Department" means the Department of Public Works;

5. "Engineer" means any person having charge of or operating a steam boiler, or a steam boiler and the steam engine connected therewith under the provisions of this Act;

6. "Inspection certificate" means the annual certificate of the inspection of any boiler issued by an inspector;

7. "Inspector" means the Provincial Chief Inspector of Steam Boilers or an inspector of steam boilers appointed under the provisions of this Act;

8. "Minister" means the Minister of Public Works;

9. "Owner" means and includes any person, firm or corporation the owner or lessee of a boiler and the manager or other officer in charge of the business of any such firm or corporation;

10. "Portable" as applied to a boiler, means mounted on wheels or on a truck or carriage so as to enable it to be readily moved from place to place;

11. "Province" means the province of Saskatchewan;

12. "Semi-portable" as applied to a boiler, means mounted on skids or otherwise so as to enable it to be moved from place to place, and includes semi-fixed boilers and boilers used for temporary purposes which are not set in brickwork or other permanent setting;

13. "Traction", as applied to a boiler, means mounted on wheels so that it can be moved from place to place by means of its own power.

### PART I.

#### REGISTRATION AND LICENSE.

3.—(1) Every owner of a portable, traction or semi-portable boiler shall pay to the Department a registration fee of \$5, and thereafter an annual fee of \$5, and the Department shall issue for each boiler so registered:—

(a) a numbered license showing that such boiler is registered in accordance with this Act; and

(b) a numbered license plate bearing the license number of the boiler, the year during which the license is in force and the letters "SASK."; and shall cause the name and address of the owner, the number of the license and a description of the boiler to be kept on record.

(2) No portable, traction or semi-portable boiler which is not so registered, or which does not display thereon the numbered license plate provided by the Department, shall be used or operated, except as hereinafter provided.

(3) The purchaser of a second-hand boiler for which the owner has paid the license fee for the current year may operate it for not more than six days from the date of transfer of ownership, before re-registering the boiler with the Department.

(4) Every license shall expire on the thirty-first day of December in each year.

(5) The departmental receipt for the annual fee shall be accepted by all constables, magistrates and others as an interim license for a period of ten days from the date thereof, pending the issue of the numbered license plate.

(6) The numbered license plate shall be kept free from dirt and obstruction of any kind, and shall be so affixed as to be at all times plainly visible.

(7) In case of the loss of a number plate, the owner shall forthwith apply to the Department for re-registration of his boiler and shall thereupon receive a new number plate for the sum of \$1.

(8) Any person neglecting or violating any of the provisions of this section shall be guilty of an offence, and liable on summary conviction to a fine of not less than \$10 and not more than \$50.

4. (1) A dealer may, instead of registering each portable, traction or semi-portable boiler owned or controlled by him, make application for a general distinguishing number or mark, and the Department may issue a certificate of registration containing the name, place of business and address of the applicant and the general distinguishing number or mark allotted to him, and any such boiler owned or controlled by a dealer shall until delivered to a purchaser be regarded as sufficiently registered under such number or mark.

(2) Nothing in this section shall be construed to apply to a portable, traction or semi-portable boiler used or operated by a dealer or his employees otherwise than for the purpose of his business.

(3) The annual license fee for a dealer shall be \$15, which shall entitle him to receive four distinguishing number plates, and for every additional four number plates a further fee of \$15 shall be paid.

5. A non-resident of this Province who brings into the Province a portable, traction or semi-portable boiler shall, before operating it, make application to the Department for registration and pay the prescribed registration fee of \$5;

Provided, however, that where such non-resident has complied with the laws relative to the said boiler of the province, state or country whence the boiler has been brought in, and holds a certificate from the boiler inspection department of the said province, state or country or other competent authority that the boiler may be safely operated, he may operate the same within this Province, at a working pressure not exceeding the working pressure authorized by the certificate, for a period not exceeding four days from the date of its so being brought in.

6. A steam boiler license shall not be transferable.

7. The Minister may at any time upon due cause being shown cancel or suspend any license issued under this Act.

8. The issue of a license under this Part shall not be taken as evidence that the steam boiler is in condition to be safely operated, and shall not exonerate any owner from responsibility in connection with its operation.

## PART II.

### INSPECTION.

#### Inspectors.

9. The Lieutenant-Governor in Council may appoint an officer who shall be styled Chief Inspector of Steam Boilers for Saskatchewan, and such other inspectors of steam boilers as may be necessary from time to time for the purposes of this Act, and may fix their remuneration.

10. No person shall hold the office of chief inspector or of an inspector unless he—

- (a) is a British subject;
- (b) has had at least four years' experience as a practical machinist or boiler-maker;
- (c) is the holder of a Saskatchewan first-class engineer's certificate; and
- (d) has passed a satisfactory examination before a board of examiners composed of inspectors or such other persons as the Minister may direct;

nor shall any person holding such office be either directly or indirectly interested in the sale of boilers or steam machinery.

11. The chief and every other inspector shall before entering upon the performance of the duties of his office take and subscribe an oath that he will faithfully and impartially perform them.

#### Duties of Inspectors.

12. (1) It shall be the duty of every inspector to inspect at any time when in his opinion such examination is necessary, all boilers within his district, and also all boilers reported to him as unsafe, or which he may have reason to believe have become unsafe from any cause, and to notify the owner of such boiler of any defect discovered and what repairs are necessary.

(2) An inspector when making an inspection shall—

- (a) satisfy himself by a thorough examination that the rules and regulations for construction, maintenance and operation of steam boilers as prescribed by the Minister are properly carried out, and that the boiler and its connections may be safely used without peril to life;
- (b) see that all flywheels, pulleys and belting in the engine and boiler rooms are properly protected and operated at safe speeds.

3. If a defect is discovered in a boiler which is under steam pressure and if in the opinion of the inspector such defect may cause immediate danger, he shall order the engineer or person in charge of the boiler to draw the fire and blow off the steam, and the engineer or other person in charge shall obey such instructions without reference to anyone else.

(4) An inspector shall, upon completion of a first inspection, stamp upon every boiler a number.

(5) If an owner desires a special inspection or any other special service from an inspector, he shall be entitled to the same upon application, but he shall be liable to the Minister for all expenses connected with the making of such inspection or the performance of such other services.

(6) In the case of boilers not exceeding twenty horse power used for heating purposes in hotels, stores, office buildings, theatres, churches, apartment buildings or other buildings used

for public purposes, or in which the public from time to time congregate, the inspector shall without fee lock and seal the pop and safety valve on the boiler so as to permit of no greater steam pressure in the boiler than fifteen pounds to the square inch unless the owner desires to use a greater pressure, in which case all the provisions of this Act in respect to the operation of steam boilers shall apply.

13. (1) Inspectors shall rate the working pressure of all boilers in accordance with the formulæ set forth in the regulations of the Department, taking into account the workmanship of the boiler, the material of which it is constructed and its condition at the time of inspection.

(2) The hydrostatic test pressure to which a boiler may be subjected at the time of the inspection shall be in the ratio of one hundred and fifty pounds hydrostatic test pressure to one hundred pounds working pressure as determined by this section.

14. Every inspector shall keep a true record of all boilers inspected and all repairs ordered by him, of all boilers condemned by him as unsafe, of all accidents to boilers in his district whether by explosion or otherwise, and of all casualties in connection with boilers in his district.

15. Every inspector shall, annually, on or before the last day of April in each year, furnish a concise report to the Minister of all inspections made by him during the preceding year and of all accidents and casualties connected with the operation of steam boilers within his district.

### Powers of Inspectors.

16. For the purposes of this Act an inspector may at any reasonable hour enter upon lands or into any building where a steam boiler is operated.

17. (1) An inspector may by notice in writing signed by him require the attendance of any person before him, at a time and place to be named in such notice, and may examine such person on oath regarding any matter connected with the inspection or operation of any boiler or any accident thereto.

(2) Any person wilfully neglecting or refusing to comply with the notice of an inspector or to be examined as aforesaid shall be guilty of an offence and liable on summary conviction thereof to a fine of \$25 and on non-payment of such fine forthwith after conviction to imprisonment for one month.

18. Inspectors shall have the right at all reasonable hours to examine boilers in course of construction or undergoing repair, and to refuse to grant a certificate of inspection for any boiler found to be improperly constructed or repaired or of which permission to make such inspection has been refused.

19. In order to satisfy himself as to the thickness of the plate or the internal or external condition of any boiler the inspector may cut holes in the same or remove the covering or any part of the covering, or may order holes to be cut or the whole or any part of the covering to be removed, and in the latter case the owner shall forthwith see that such orders are complied with.

20. The inspector may require any boiler under inspection to be steamed up and the engine put in motion to test the governor or the safety valve or any other part of the boiler or engine.

21. When an inspector has to enter a steam boiler which it is possible to connect with another boiler containing steam, he may before doing so request the owner or his agent to place a man at his disposal to prevent the danger of steam being turned into the boiler which he enters during the time he is inside it, and if this request, is not granted he may refuse to enter the boiler or go on with the inspection, or he may insist upon blank flanges being placed in the connecting pipes.

22. If the owner of a boiler proves to the satisfaction of the inspector that his boiler has not been operated since the date of the previous inspection and is in as good condition as when inspected, the inspector may issue a new inspection certificate without inspecting the boiler and may remit the fee for inspection hereinafter provided for.

### Duties of Owner.

23. (1) The owner or operator of a steam boiler shall allow the inspector free access to the same; and shall furnish water and fill the boiler to permit of the hydrostatic test being made, and when necessary shall remove any jacket or covering from the boiler as directed by the inspector; he shall also assist the inspector in making his inspection and shall point out any defect that he may know of or believe to exist in the boiler or the machinery connected therewith, and shall fully and truly answer any pertinent questions concerning the same.

(2) Before a stationary boiler is subjected to the hydrostatic test the owner or operator shall see that it is opened for inspection, the man hole and hand hole plates removed, the flues cleaned and all soot removed; and in the case of a portable boiler that the furnace grates and straw burners are taken out and the fire box thoroughly cleaned.

(3) Should an owner refuse or neglect to have the above provisions complied with the inspector may have the work done at the expense of the owner.

24. If the owner or operator of a boiler knows or believes that the boiler has any defect which might render it unsafe to operate, he shall at once notify the Department.

## Inspection Certificate and Fees.

25. (1) Upon the completion of an inspection and payment of the prescribed fee, the inspector shall issue to the owner of the boiler an inspection certificate, stating the maximum steam pressure at which such boiler may be operated.

(2) The fees payable for the inspection of each boiler shall be as follows:

- |                                                                                          |      |
|------------------------------------------------------------------------------------------|------|
| (a) Boilers not exceeding 75 horse-power.....                                            | \$ 5 |
| (b) Boilers exceeding 75 horse-power.....                                                | 10   |
| (c) Heating boilers exceeding 20 horse-power but carrying less than 15 pounds pressure.. | 3    |

(3) In the case of portable, traction or semi-portable boilers no fee shall be payable for an inspection provided the owner has paid the annual license fee to the Department for the then current year, or in case the owner of the boiler is the holder of a dealer's license for the current year, provided such boiler is on the owner's premises.

(4) An owner who neglects or refuses to pay an inspection fee shall be guilty of a breach of this Act.

26. An inspection certificate shall be *prima facie* evidence of the due inspection of the boiler and of its fitness to be operated, and the possession of such certificate shall authorize the operation of such boiler from the date of such certificate until its inspection in the following year, or for such shorter period as the inspector may direct, subject to payment of the appropriate license fee, if any under Part 1.

27. (1) The inspection certificate shall be exposed in a conspicuous place in the boiler or engine room of every stationary boiler, and shall be produced at any time by the owner or operator of any portable boiler upon demand of the inspector.

(2) Every owner who neglects or refuses to post up or produce an inspection certificate shall be guilty of an offence and liable on summary conviction to a penalty not exceeding \$25.

28. (1) No boiler which has been in use for two or more seasons shall be sold or exchanged for subsequent use as a boiler unless accompanied by an inspection certificate issued within one year next preceding the date of sale or exchange.

(2) Notwithstanding the prohibition contained in subsection (1) in case a traction, portable or semi-portable boiler has not been inspected within twelve months and the owner, not being a dealer, has registered it for the current year as required by section 3, he may sell or exchange such boiler without being deemed guilty of a breach of this Act, provided he notifies the Department within seven days of such sale or exchange.

(3) Nothing in subsection (1) shall affect any arrangement made between a manufacturer and a purchaser in respect of an exchange of an old boiler in part payment for a new one, or the retaking possession of a boiler under a lien.

(4) Any person, company or agent who sells or exchanges a boiler shall within thirty days after such sale or exchange notify the Minister thereof in writing by registered mail, stating the name and address of the person to whom such boiler has been sold or exchanged, and in case such boiler has been inspected by an inspector on or after the twenty-eighth day of February, 1907, shall state the number stamped on such boiler by the inspector.

## PART III.

## OPERATION OF BOILERS.

## Prohibitions and Requirements.

29. A boiler declared unsafe by an inspector shall not be used until the repairs ordered by the inspector have been made and the certificate required hereunder duly issued; and any person operating a boiler declared unsafe by an inspector, before the repairs are completed and the certificate issued, shall be guilty of an offence and on summary conviction thereof liable to a penalty of \$50.

30. When more than one boiler is connected to a main steam pipe and the maximum allowable working pressure of one or more of them is reduced, the safety valves on the other boilers so connected shall be set to correspond with the safety valve on the boiler carrying the lowest working pressure, unless otherwise specially permitted by the chief inspector.

31. An owner who operates or causes a boiler to be operated without having in his possession an inspection certificate shall be guilty of an offence and liable on summary conviction to a penalty of not less than \$25:

Provided that the owner of a portable, traction or semi-portable boiler which has not been inspected within twelve months, who has paid to the Department the annual registration fee for the current year, may operate such boiler until an inspection is made.

32 (1) All boilers which do not comply in every particular with the regulations issued by the Department shall be subject to such reduction in the working pressure allowed as may be desirable in the opinion of the inspector.

(2) For the purposes of this Act boilers shall be rated at one horse-power for each twelve feet of heating surface on all stationary return tubular and water tube boilers, or for each nine square feet of heating surface on vertical boilers, or on boilers of locomotive, or marine type.

(3) The fee for examination of specifications and blue prints required under the foregoing regulations shall be fixed by the Minister from time to time.

33 (1). Every boiler shall be provided with an approved fusible plug to be inserted at a point to be determined by the inspector unless he shall decide that in certain cases a fusible plug is not necessary.

(2) Any person who inserts a solid plug in place of the fusible plug referred to in this section or who otherwise tampers with the fusible plug in such manner as to render it inoperative, or who operates or being the owner allows to be operated, a boiler not provided with an efficient steam gauge, shall be guilty of an offence and liable on summary conviction to a penalty of not less than \$10 and not more than \$50, and if the person so found guilty is an engineer his certificate may be suspended or cancelled at the discretion of the Minister.

34. (1) Every boiler shall be provided with a lock pop safety valve of approved make which shall be set by the inspector at the time of his inspection and properly locked and sealed.

(2) Any person removing, destroying, or in any way interfering with the lock or sealing device in any lock pop safety valve, after it has been locked or sealed by an inspector, shall be guilty of an offence and liable on summary conviction to a penalty of \$50.

#### Report of Accidents.

35. (1) On the occurrence of an explosion of a boiler notice thereof shall be sent at once by telegraph to the chief inspector by the owner or by some person acting on his behalf stating the precise locality and the number of persons killed or injured.

(2) After an explosion no part or parts of a boiler shall without the written permission of an inspector be removed or their positions altered by any person unless with a view to the rescue of injured persons or the removal of the bodies of persons killed.

(3) Any person neglecting or violating any of the provisions of this section shall be guilty of an offence and liable on summary conviction to a fine of not less than \$50 and not more than \$100 or to imprisonment for a term not exceeding three months.

(4) On receipt of any such report the chief inspector shall cause a full investigation to be made as to the cause and circumstances of the explosion.

#### Engineers' and Firemen's Certificates.

36. (1) All examinations held under this Act, the fees payable for each grade of examination, and the issue of certificates to such candidates as may pass, shall be conducted and made in accordance with regulations from time to time prescribed by the Minister.

(2) All certificates shall be issued on the recommendation of the examining inspector.

(3) A candidate who considers that he has been unfairly dealt with by an inspector may appeal in writing to the Minister, setting forth his grievance, and the Minister shall forthwith cause investigation to be made and give his decision, which shall be final.

(4) If a candidate does not understand the English language the inspector may employ an interpreter whose services shall be paid for by the candidate; and in such case the inspector shall sign a certificate (Form A) and the interpreter shall subscribe a declaration (Form B).

#### Engineers' Certificates.

37. Engineers' certificates under this Act shall be divided into two kinds, final and provisional.

38. (1) There shall be four classes of engineers' final certificates, namely:—

- (a) first class;
- (b) second class;
- (c) third class; and
- (d) traction engineers' certificates.

(2) Before issuing a recommendation for the registration and issue of a final certificate, the inspector shall satisfy himself of the candidate's competency by thoroughly examining him as to his knowledge of the construction, care and operation of stationary steam boilers and engines.

(3) After he has issued a recommendation for a final certificate an inspector may grant an interim certificate pending receipt of the certificate from the Department.

(4) If a candidate for a final certificate is unable to write legibly, the inspector may employ an amanuensis whose services shall be paid for by the candidate, and in such case the inspector shall sign a certificate (form C) and the interpreter shall subscribe a declaration (form D).

(5) Any person who fails at an examination for a final certificate shall, before presenting himself for re-examination, serve three months or one threshing season as chief or assistant engineer according to the requirements, other than the period of service, of sections 39, 40, 41 or 42, as the case may be, and shall produce a statement from the owner by whom he was employed during that time showing that his services were satisfactory.

39. (1) Any person may present himself for examination for a first class certificate, who, having attained the age of twenty-one years and not being disqualified by sub-section (5) of section 38;—

(a) is the holder of a second-class certificate and has since its receipt, for a period of twelve months, either operated a steam engine and boiler of not less than 100 horse-power, or acted as assistant in the operation of a steam engine or battery of boilers of not less than 300 horse-power; or

(b) satisfies the Minister that he has operated a steam engine and boiler of not less than 100 horse-power for a period of five years; or

(c) satisfies the Minister that he has served three years in a workshop in the manufacture or repairing of engines or boilers, and has, for a further period of twelve months, either operated an engine and boiler of not less than 100 horse-power, or acted as assistant in the operation of a steam boiler and engine or battery of boilers of not less than 300 horse-power in the aggregate.

(2) A first-class certificate may be issued to every candidate who receives 60 per cent of the aggregate marks obtainable on the written examination.

(3) Such certificate shall during its currency entitle the holder to have charge of boilers of any capacity.

(4) A candidate receiving less than 60 per cent, but not less than 35 per cent of the aggregate number of marks on the written examination may be granted a second class certificate, if not then in possession of one.

40. (1) Any person may present himself for examination for a second-class certificate who having attained the age of twenty-one years,—

(a) is the holder of a third-class certificate and has since its receipt, for a period of at least twelve months, either operated a stationary steam boiler and engine of not less than 35 horse-power or acted as assistant in the operation of a steam boiler of not less than 100 horse-power; or

(b) satisfies the Minister that he has operated a stationary boiler and engine of not less than 50 horse-power for a period of at least four years; or

(c) satisfies the Minister that he has served three years in a workshop in the manufacture or repairing of steam engines or boilers and has, for a period of twelve months, either operated a steam boiler and engine of more than 50 horse-power or acted as assistant in the operation of a steam boiler and engine of not less than 100 horse-power.

(2) A second-class certificate may be issued to every candidate who receives 50 per cent of the marks obtainable on the written examination.

(3) Such certificate shall during its currency entitle him to have sole charge of a boiler or boilers having a capacity not exceeding 300 horse-power in the aggregate or having a total capacity of not more than 500 horse-power when used for heating purposes only, or to act as assistant in the operation of a boiler or boilers of any capacity under an engineer holding a first-class certificate.

41. (1) Any person may present himself for examination for a third-class certificate who, having attained the age of eighteen years—

(a) holds or has held a provisional or traction engineer's certificate, and has since its receipt fired a stationary steam boiler or operated a stationary engine for not less than three months; or

(b) satisfies the Minister that he has operated a stationary boiler and engine for a period of not less than twelve months; or

(c) satisfies the Minister that he has served two years in a workshop employed in the manufacture or repairing of engines or boilers and has fired a stationary boiler for a further period of three months.

(2) A third-class certificate may be issued to every candidate who receives 50 per cent of the aggregate marks obtainable on the examination paper.

(3) Such certificate shall entitle the holder to have sole charge of any boiler, of not more than 100 horse-power, or to act as assistant in the operation of a boiler or boilers of a total capacity of not more than 300 horse-power under an engineer holding a first or second-class certificate, or to have sole charge of a boiler or boilers of a total capacity of not more than 300 horse-power when used for heating purposes only.

(4) An illiterate candidate or one who cannot understand the English language may, in addition to the written examination, be examined orally, and the Department may grant a certificate on the recommendation of the examining inspector who is then satisfied as to the candidate's qualifications.

42. (1) Any person may present himself for examination for a traction engineer's certificate who—

(a) holds or has held a provisional certificate and since its receipt has operated a steam engine for one threshing or ploughing season; or

(b) satisfies the Minister that he has had extensive experience as operator of traction, portable or semi-portable engines.

(2) An illiterate candidate or one who cannot understand the English language may, in addition to the written examination, be examined orally, and the Department may grant a certificate on the recommendation of the examining inspector who is then satisfied as to the candidate's qualifications.

(3) A certificate may be issued to every candidate receiving 50 per cent of the aggregate marks obtainable on the examination paper.

(4) A traction engineer's certificate shall entitle the holder to have sole charge of a boiler of not more than 50 horse-power or to act as assistant in the operation of a boiler of not more than 100 horse-power under an engineer holding a first, second or third-class certificate.

43. The holder of a certificate of qualification as an engineer from—

(a) an incorporated body authorized to grant such certificates of qualification for operating steam, boilers and engines; or

(b) the Dominion Government; or

(c) any Provincial Government; or

19564—36

(d) any competent authority in any other portion of the British Empire or the United States of America; upon making application to the Minister accompanied by evidence satisfactory to the Minister of his qualifications and identity, and upon payment of the prescribed fee, may obtain a certificate of qualification as an engineer in the class determined by the Minister and be registered under the provisions of this Act.

44. (1) Any person may be granted a provisional certificate, valid for the period of one year from its date, who having paid the prescribed fee, produces a certificate of uniform good conduct and sobriety from the owner or owners by whom he was employed or some other reliable person, and;

(a) satisfies the Minister that he has had at least one year's or three threshing seasons' experience in the operation of a steam boiler or boilers; or

(b) has served at least a three years' apprenticeship in an establishment for the manufacture of steam engines or boilers, and has sufficient knowledge of the theory and practice of operating a steam boiler; or

(c) produces the certificate of an inspector that he has been examined in the theory and practice of operating a steam boiler and has been found duly qualified.

(2) The Minister may upon the recommendation of an inspector grant to any candidate who upon examination has failed to receive a recommendation for a final certificate, a provisional certificate valid for a period of one year from its date.

(3) The holder of a provisional certificate may secure another of the same class upon payment of the prescribed fee and producing to the Minister a satisfactory recommendation from an owner by whom he has been employed while holding such certificate, or if unable to secure such recommendation then upon the recommendation of an inspector after satisfactory investigation has been made.

(4) A provisional certificate shall entitle the holder to operate a boiler not exceeding 40 horse-power.

#### Firemen's Certificates.

45. Any person who satisfies an inspector that he has sufficient knowledge and experience of the operation of heating boilers may, upon payment of a fee of \$2, obtain a fireman's certificate valid for one year from date of issue entitling him to operate any such boiler exceeding 40 horse-power at a working pressure not exceeding 15 pounds per square inch.

46. Any person who satisfies an inspector that he has sufficient knowledge and experience to operate high pressure heating boilers may, upon payment of a fee of \$2, obtain a fireman's special certificate valid for one year from date of issue entitling him to operate any such boiler not exceeding 25 horse-power, though carrying a steam pressure exceeding 15 pounds per square inch, if used for heating purposes only, or to act as night watchman in charge of high pressure boilers of greater capacity while such boilers are under banked fires or are being used only for maintaining the heat of the building to which they are attached.

#### General.

47. Any person not hereinbefore provided for who desires to qualify for registration and obtain a certificate entitling him to operate steam boilers and engines connected therewith, shall, upon filing with the inspector satisfactory evidence that he has served twelve months or three threshing seasons as assistant to the holder of a certificate issued under this Act, be entitled so to qualify upon examination as hereinbefore provided, subject to all the rules and regulations connected therewith.

48. (1) In case an owner shows to the satisfaction of an inspector that he is unable, by some unforeseen occurrence, to secure immediately the services of a duly qualified person, the inspector may grant a permit to operate such boiler, valid for a period of thirty days from its date, to any person producing satisfactory evidence of good conduct, sobriety and knowledge of operating steam boilers.

(2) The fee for a permit shall be prescribed from time to time by regulations of the Minister.

49. (1) Every person holding a certificate under this Act shall expose it in some conspicuous place in the engine or boiler room in which he is employed, or cause it to be attached to the engine or boiler of which he is in charge; and in default shall be liable on summary conviction to a penalty of not less than \$5 and not more than \$20.

(2) If such person be in charge of a portable engine and boiler he shall produce his certificate for inspection on being required to do so by an inspector, constable or peace officer.

(3) The absence of a certificate or its non-production on demand shall be *prima facie* evidence that the person operating the engine or boiler has no certificate.

50. Any person who, not being the holder of a final, provisional or interim certificate of qualification as an engineer or a permit under this Act, at any time operates a steam boiler or is in charge of a steam boiler while in operation, whether as owner or as engineer, shall be liable on summary conviction to a penalty of not less than \$5 and not more than \$50:

Provided that heating boilers not exceeding 40 horse-power and carrying not more than 15 pounds steam pressure may be operated by any person without a certificate of qualification.

51. Any person who employs another to operate a steam boiler, when such other person is not the holder of a certificate or permit granted in accordance with this Act, shall be guilty of a breach of its provisions.

#### PART IV.

##### Operation of Threshing Engines.

52. (1) The following provisions shall be observed in and about the management and operation of steam portable and traction engines used for threshing and other purposes, but shall not apply to railway locomotive engines or engines inclosed in a suitable building:

1. No part of the engine when placed for the purpose of working shall be within thirty feet of any building or stack;

2. A suitable metal pan of adequate size shall be provided and so adjusted as to receive the ashes and cinders which shall be properly quenched before being deposited on the ground.

3. A sprinkling hose for the purpose of quenching the ashes, and wetting the surrounding soil shall be connected with the boiler feed pipe, injector delivery pipe, or an independent pump;

4. All cinders and ashes shall be extinguished before the engine is removed from the place where it has been in operation;

5. A barrel of water and two buckets shall be provided and placed conveniently near to any stacks or combustible material near the engine;

6. A spark arrester having meshes not less than three-sixteenths of an inch square, or equivalent area in the clear shall be provided and used. It shall be kept in good repair, and shall not be opened while the engine is in operation.

(2) Every steam traction engine and gasolene tractor, when travelling along or standing on a public highway, shall have displayed from one hour after sunset to one hour before sunrise a light throwing a bright light in the direction in which the steam traction engine or gasolene tractor is travelling, and shall also exhibit on the rear of the machine, or in case the steam traction engine or gasolene tractor is drawing a load, on the rear of the load, a light so as to be plainly visible to any person or persons overtaking the said steam traction engine or gasolene tractor.

(3) Any person contravening or failing to comply with any of the provisions of this section shall be guilty of an offence, and liable on summary conviction to a penalty not exceeding \$10.

#### PART V.

##### Miscellaneous Provisions.

53. The Minister may upon due cause being shown cancel any certificate issued under the provisions of this Act.

54. The Minister may from time to time make such regulations as he may deem necessary for properly carrying into effect the provisions of this Act.

55. The Minister may from time to time alter or amend any forms prescribed by this Act or by regulations made thereunder, and may authorize or require the use of new and additional forms.

56. The Minister shall have power to arrange with the examining board or other competent authority of any other province for the granting after examination or otherwise of interprovincial engineers' certificates upon such terms and conditions as may be agreed on.

57. The Lieutenant-Governor in Council may make rules and regulations for the inspection, construction, operation and maintenance of refrigerating plants, compressed air tanks, oxy-acetylene plants, gas tanks and all and any other tanks or reservoirs used for holding liquid or gaseous substances under a pressure exceeding fifty pounds per square inch, and all such rules and regulations shall after publication in "The Saskatchewan Gazette" have the like force and effect as if herein enacted.

58. The fees payable under this Act shall be paid into the Consolidated Fund.

59. Any person interfering with or obstructing an inspector in the exercise of his powers or the performance of his duties under this Act shall be guilty of an offence and liable on summary conviction to a penalty not exceeding \$50.

60. A person guilty of a breach of any of the provisions of this Act for which no penalty is herein otherwise provided, shall on summary conviction be liable to a penalty not exceeding \$50.

(Schedules omitted.)

##### Inspection and Regulation of Mines.

Chapter 178.—1. This Act may be cited as The Mines Act.

##### Interpretation.

2. (1) In this Act, unless the context otherwise requires, the expression—

1. "Agent" when used in relation to a mine means any person superior to the manager having on behalf of the owner the care or direction of the mine or any part thereof;

2. "Commissioner" means the Commissioner of the Bureau of Labour and Industries;

3. "Inspector" means an inspector appointed under the provisions of this Act;

19564—36½

4. "Manager" means a manager holding a certificate of competency under the provisions of this Act;

5. "Mine" includes every shaft in the course of being sunk and every level and inclined plane in the course of being driven for commencing or opening any mine, and all the shafts, levels, planes, works, machinery, tramways and sidings, both below ground and above ground, in and adjacent to a mine, and any such shaft, level and inclined plane belonging to such mine;

6. "Minister" means the member of the Executive Council to whom for the time being is assigned the administration of this Act;

7. "Owner" when used in relation to a mine, means any person who is the immediate proprietor or lessee or occupier of a mine or of any part thereof, and does not include a person who merely receives a royalty, rent or fine from a mine or is merely the proprietor of a mine subject to a lease, grant or license for the working thereof or is merely the owner of the soil and not interested in the minerals;

8. "Pit boss" and "fire boss" mean respectively a pit boss and fire boss holding certificates as such issued under the provisions of this Act;

9. "Plan" includes a map and cross section and a correct copy or tracing of any original plan as so defined;

10. "Shaft" includes pit;

(2) A contractor for the working of a mine or any part thereof shall be subject to this Act in like manner as if he were an owner, but this shall not exempt the owner from liability.

## PART I.

### OPERATION AND MANAGEMENT.

#### Managers.

3. (1) Every mine shall, except as hereinafter provided, be under the control and daily supervision of a manager and a pit boss.

(2) If a mine is worked for more than thirty days without a manager and a pit boss, the owner and agent of such mine shall each be guilty of an offence against this Act.

(3) A mine in which less than twenty persons are ordinarily employed below ground shall be exempt from the provisions of this section unless the Minister, by notice in writing served on the owner or agent, requires the same to be under the control of a manager, but a mine in respect of which such exemption is granted shall be under the daily supervision of a pit boss.

(4) The underground workings of every mine in which six or more persons are employed shall be under the daily supervision of a pit boss, or manager.

4. (1) No person shall act as manager in a mine unless he holds a certificate as such issued under the provisions of this Act, and any person so acting without such certificate shall be guilty of an offence.

(2) No mining contractor or person employed by such contractor shall act as manager.

(3) A certificate of competency as manager in form approved by the Minister may be issued to any person entitled thereto under the provisions of this Act; but no such certificate shall be issued to a person who has had less than five years' practical experience of mining operations under ground.

(4) Every person to whom a certificate of competency as a manager is issued shall upon payment of the prescribed fee, be duly recorded as the holder of such certificate.

5. Candidates for certificates of competency as manager or pit boss, shall be examined in accordance with the following regulations:—

(1) The examination of—

(a) candidates desiring to obtain certificates of competency as managers, but who are not qualified for such certificates under the provisions of section 7; and

(b) persons desiring to qualify as pit bosses.

shall be conducted by an inspector at such times and places as may be decided upon;

(2) Candidates intending to present themselves for examination shall notify an inspector in writing one week before the date of examination;

(3) Candidates shall before the commencement of the examination deposit with the inspector a fee of fifteen dollars in the case of the examination for mine manager, and five dollars for that of pit boss;

(4) The inspector may grant to any candidate who successfully passes the examination for mine manager a certificate reciting the facts and recommending the issue to him by the Commissioner of a certificate of competency as such;

(5) Upon receipt of a certificate of recommendation as a manager issued by an inspector together with the fee of fifteen dollars, the Commissioner shall issue to the holder of such certificate, a certificate of competency as manager, and shall make an entry to that effect in the register of holders of certificates;

(6) When the certificate of a manager is cancelled or suspended in pursuance of section 6 the Commissioner shall cause such fact to be recorded in the register of holders of certificates;

(7) The inspector may sign and issue to any candidate who successfully passes an examination as pit boss a certificate authorizing him to act in such capacity;

(8) Any candidate who considers he has been unfairly dealt with by an inspector may appeal in writing to the Minister setting forth the facts. The Minister shall at once cause the matter to be investigated and his decision shall be final;

(9) At the close of an examination the examining inspector shall forthwith make a return to the Commissioner of all certificates issued and shall transmit to him all fees collected in connection therewith.

6. (1) Candidates for certificates as managers shall be examined both as to their practical experience and theoretical knowledge of the operation and management of mines.

(2) The Commissioner may, in his discretion, and on cause shown, cancel or suspend any certificate granted under this Act, and may likewise renew or restore any certificate which has been cancelled or suspended by him.

7. (1) The holder of a first class certificate of competency as a manager of mines obtained by examination in any part of His Majesty's Dominions or in the United States of America may apply to the Commissioner for a certificate of competency under the provisions of this Act.

(2) Such application shall be accompanied by—

(a) the certificate or certificates held by the applicant; and

(b) such further proof as to his practical experience and character as the Minister may require.

(3) If such certificates and the further proof are satisfactory the Commissioner may issue a certificate of competency to the applicant and record him as the holder upon payment of a fee of \$5.

8. (1) No person shall act as pit boss in a mine unless he is the holder of a mine manager's certificate or a pit boss certificate issued under this Act, and any person so acting without such certificate shall be guilty of an offence.

(2) An inspector may grant a provisional certificate authorizing the holder to act as pit boss for a period of not more than sixty days, but such certificate shall not be renewed nor shall a second or further such certificate be granted to the same person. The fee payable for such certificate shall be three dollars.

#### Registration of Employees.

9. (1) The owner, agent or manager of every mine shall keep in the office at the mine a register, shall cause to be entered therein the name, age, residence and date of first employment of all persons employed in connection with the mine, shall produce such register to any inspector under this Act at all reasonable times when required by him, and shall allow him to inspect and copy the same.

(2) In case of a contravention or failure to comply with the provisions of this section, the owner, agent and manager shall each be guilty of an offence.

#### Precautions for Safety.

10. No boy under the age of fourteen years and no woman or girl of any age shall be employed or be permitted to be in the workings of a mine.

11. (1) When there is a shaft or inclined plane or level in a mine, whether as an entrance to or a means of communication from one part of such mine to another and persons are taken up or down or along such shaft, plane or level by means of an engine, windlass or gin driven by steam or mechanical or manual power or by an animal, no person shall be placed or shall be in actual charge of such engine, windlass or gin or of any part of the machinery ropes, chains or tackle connected therewith who is not at least eighteen years of age.

(2) In case of any person contravening or failing to comply with the provisions of this section, such person and the owner, agent and manager shall each be guilty of an offence.

12. If any person employed in a mine or about an engine, windlass or gin connected therewith was so employed on the representation of his parent or guardian that he had attained an age at which his employment would not be in contravention of this Act, and under the belief in good faith that he was of that age, then, in case the person so employed was not of such age the owner, agent or manager of the mine and employer shall be exempt from punishment, but the parent or guardian making such false representation shall be guilty of an offence.

13. Subject to the provisions of section 15, in every mine the following provisions respecting shafts or outlets shall be complied with:—

(1) Every seam which is being worked shall have at least two shafts or outlets, affording means of ingress and egress to the persons employed therein;

(2) Such shafts or outlets shall be separated by natural strata of not less than thirty feet, and there shall be a communicating passage between them of not less than four feet wide and four feet high;

(3) Proper and sufficient appliances, by means of which persons can be raised or lowered, shall be kept constantly available for use at each of said shafts or outlets.

(4) Any owner, agent or manager contravening or failing to comply with the provisions of this section shall be guilty of an offence against this Act.

14. (1) The Court of King's Bench or a judge thereof, whether other proceedings have or have not been taken, may upon the application of the Minister prohibit by injunction the work-

ing of any mine in which the provisions of section 13 are not complied with, but without prejudice to any other legal remedy for enforcing the provisions of this Act.

(2) Written notice of the intention to apply for such injunction shall be given to the owner, agent or manager of the mine not less than ten days before the application is made.

15. The provisions of section 13 shall not apply to:—

(1) A new mine opened for the purpose of searching for or proving minerals or any working for the purpose of making a communication between two or more shafts, so long as not more than twenty persons are employed below ground at any one time in the whole of the different seams in connection with each shaft or outlet;

(2) Any mine exempted in writing by the Minister on the ground either:

(a) that it is free from inflammable gas, and that sufficient provision has been made against danger from other causes than explosions of gas by using stone, brick or iron in the place of wood for the lining of the shaft and the construction of the midwall; or

(b) that the workings in any seam have reached the boundary of the property or other extremity of the mineral field of which such seam is a part, and that it is expedient to work away the pillars formed in course of the ordinary working;

and that there are not employed below ground at any one time in the whole of the different seams in connection with the shaft or outlet more than ten persons, or (if free from inflammable gas) then such larger number as may for the time being be allowed by the Minister.

#### Reports, Returns and Notices.

16. (1) The owner, agent or manager of every mine shall annually on or before the first day of February send to the Minister a correct return containing, with respect to the year ending on the preceding thirty-first day of December, such information as may be required by the Minister.

(2) Such returns shall be in such forms as may be from time to time prescribed by the Minister, who shall furnish blank forms on request.

17. (1) Every owner, agent or manager of a mine shall, at any time when required by the Minister or Secretary, furnish him with such information relating to the mine as may be deemed to be in the public interest.

(2) Every owner, agent or manager of a mine who fails to comply with this or section 16 or makes any return prescribed thereby which is to his knowledge false in any particular shall be guilty of an offence.

18. (1) Where loss of life or personal injury to any person employed in or about a mine occurs by reason of an explosion or other accident, the owner, agent or manager shall within twenty-four hours next after the explosion or accident send notice thereof and of the loss of life and personal injury occasioned thereby to the Commissioner in writing, setting forth the character of the explosion or accident and the number of persons killed and injured respectively.

(2) In case of the death of any person so injured after notice of the accident has been given; a further notice thereof in writing shall be sent to the Minister within twenty-four hours after such death comes to the knowledge of the owner, agent or manager.

(3) Every owner, agent or manager who fails to comply with this section shall be guilty of an offence.

19. In any of the following cases, namely:—

(a) where any working is commenced for the purpose of opening a new shaft;

(b) where a shaft is abandoned or the working thereof discontinued;

(c) where the working of a shaft is recommenced after abandonment or discontinuance for a period exceeding two months; or

(d) where any change occurs in the name of a mine or in the name of the owner, agent or manager thereof or in the officers of an incorporated company owning a mine; the owner, agent or manager shall give notice thereof to the Minister within two months after such commencement, abandonment, discontinuance, recommencement or change; failing which the owner, agent or manager shall be guilty of an offence.

20. (1) Where two or more parts of a mine are worked separately, the owner, agent or manager shall give notice in writing to that effect to the Minister, and thereupon each such part shall for all the purposes of this Act be deemed to be a separate mine.

(2) If the Minister is of opinion that the working of a mine in such manner will prevent the carrying of this Act into effect or permit the evasion of its provisions, he may prohibit such working by notice served on the owner or agent of the mine.

#### Plans.

21. The owner, agent or manager of a mine shall keep in the office at the mine an accurate plan of its workings showing the workings up to at least six months previously, shall produce such plan to any inspector for examination when called for by him and shall at his request mark thereon the progress of the workings of the mine up to the time of such production, but no inspector shall make a copy of any part of such plan.

22. (1) Every owner, agent or manager of a mine who fails to keep such plan or wilfully refuses to produce it or allow it to be examined, or wilfully withholds any portion of a plan or conceals any part of the workings of the mine or knowingly produces an imperfect or inaccurate plan shall be guilty of an offence.

(2) An inspector may by notice in writing (whether penalty for such offence has or has not been inflicted) require an owner, agent or manager so in default to furnish an accurate plan within a reasonable time at the expense of the owner, on a scale of not less than one hundred feet to one inch, or on the scale of the plan then used in the mine, and if the owner, agent or manager fails within twenty-one days after such notice or such further time as may be shown to be necessary to furnish such plan he shall be guilty of an offence.

23. (1) The owner of an abandoned mine shall at the time of abandonment or within three months thereafter send to the Minister an accurate plan on a scale of not less than one hundred feet to one inch, or on the scale of the plan used in the mine at the time of abandonment, showing the boundaries of the workings of such mine up to the time of the abandonment; but no person except an inspector or other government official shall be entitled, without the consent of the owner of the mine, to see such plan until after the lapse of ten years from the time of such abandonment.

(2) Every owner who fails to comply with this section shall be guilty of an offence.

## PART II.

### Inspection.

#### INSPECTORS.

24. The Lieutenant-Governor in Council may from time to time appoint any persons holding certificates of competency as mine managers under this Act to be inspectors of mines and assign to them their duties, fix their remuneration and remove them from office for cause.

25. (1) An inspector shall have power—

(a) to make such examination and inquiry respecting any mine as may be necessary to ascertain whether the provisions of this Act are complied with;

(b) to enter, inspect and examine any mine and every part thereof at all reasonable times by day or night;

(c) to examine into and inquire respecting the state and condition of any mine or any part thereof, the ventilation, the sufficiency of the special rules for the time being in force, and all matters and things connected with or relating to the safety of the persons employed in or about the mine or any mine contiguous thereto;

(d) to examine and inquire into the competency of all managers and pit bosses in charge of mines, and report upon the same to the Minister;

(e) to exercise such other powers as may be necessary for carrying this Act into effect.

(2) Every person who wilfully obstructs an inspector in the execution of his duty, and every owner, agent and manager of a mine who refuses or neglects to furnish an inspector with the means necessary for making any entry, inspection, examination or inquiry under this Act in relation to such mine or manager thereof, shall be guilty of an offence.

26. (1) In every case which is not herein expressly provided for, if an inspector finds any mine or any part thereof or any matter, thing or practice in or connected with any mine to be dangerous or defective so as in his opinion to threaten or tend to the bodily injury of any person, he shall forthwith give notice in writing thereof to the owner, agent or manager and shall state in such notice the particulars in which he considers such mine or any part thereof or any matter, thing or practice, to be dangerous or defective and require the same to be remedied; if the same cannot be remedied he may require the men to be withdrawn from the mine or part thereof, and unless the same is forthwith remedied or the men withdrawn he shall report the same to the Commissioner.

(2) If the owner, agent or manager of the mine objects to remedy the matter complained of or to withdraw the men, he shall within ten days after the receipt of such notice from the inspector forward his objections in writing, stating the grounds thereof, to the Commissioner who may within ten days after the receipt thereof forward same by registered mail to the Chief Justice of Saskatchewan and thereupon the matter including the costs in connection therewith shall be decided by arbitration by the said Chief Justice and two other arbitrators, one of whom shall be appointed by the inspector and the other by such owner, agent or manager, and the award of the said Chief Justice with one of the other arbitrators shall be final; a copy of the award shall be sent by registered mail to the persons affected thereby.

(3) Five days' notice of the time and place at which the arbitrators will hear such matter shall be given to the parties interested.

(4) When no objection is forwarded as aforesaid by the owner, agent or manager, he shall comply with the terms of the notice within ten days after the expiration of the time for objection.

(5) Where there has been an arbitration the owner, agent or manager shall forthwith comply with the terms of the award made thereunder.

(6) No person shall be precluded by any agreement from doing such acts as are necessary to comply with the provisions of this section or be liable under any contract to any penalty or forfeiture for doing such acts.

#### Check-weighers.

27. (1) The employees in any mine whose wages are regulated by the weight of the mineral recovered may, at their own cost, appoint one of their number (herein called a "check-weigher") who shall be a practical working miner of at least three years' experience and resident in the Province, and may station him at the place appointed for the weighing of such mineral to check the weight thereof on their behalf.

(2) A check-weigher shall be granted every facility by the owner, agent or manager for so checking the weight, including facilities for examining and testing the weighing machine and checking the taring of the tubs and boxes when necessary; and also for counting boxes and tallies in order that the number of boxes, weights or quantities credited to each person may be ascertained. A shelter from the weather and a desk or table at which to write shall be furnished him by the owner, agent or manager, and he shall have access to all parts of the bankhead necessary for the fulfilment of his duties.

28. The check-weigher shall not in any way impede, interrupt or interfere with the working of the mine, or interfere with the weighing, his duty being to check the weight as aforesaid only, and his absence shall not be a reason for interrupting or delaying such weighing.

29. (1) A check-weigher may recover from any of the persons for whom he has so acted, the proportion of his wages or recompense due by such person, notwithstanding that any of the persons by whom the check-weigher was appointed have left the mine or others have entered the same since his appointment, any rule of law to the contrary notwithstanding.

(2) When requested to do so by a majority of the miners employed in a mine, the owner, agent or manager shall withhold from the wages due the miners represented by the check-weigher a *pro rata* amount sufficient from time to time to meet the wages due him, and shall pay the same in like manner as the wages of the said miners are paid.

30. (1) The owner, agent or manager of a mine who desires the removal of a check-weigher on the ground that he has impeded or interrupted the working of the mine or improperly interfered with the weighing or has otherwise misconducted himself, may complain in writing to a judge of the district court, who, if of the opinion that said complaint should be investigated, shall issue a summons to the check-weigher to appear at a time and place to be therein named.

(2) Such summons and a copy of the complaint shall be served personally on the check-weigher, or if, after diligent efforts, it is found impossible to personally serve him, may be left with some grown-up person residing at his last known place of residence, in either case at least five days before the return of the summons.

(3) In default of appearance to answer the complaint, proof of service of the summons shall be furnished to the satisfaction of the judge.

(4) Whether the check-weigher appears or not, the judge shall hear the case at the time fixed by the summons, and if he finds the complaint well founded may summarily order the removal of the check-weigher, who shall thereupon be removed without prejudice to the stationing of another in his place.

(5) The judge may in every case make such order as to the costs of the proceedings as he thinks just, and such costs may be recovered by a judgment in the district court.

(6) The judgment shall be final, and there shall be no appeal.

31. (1) In any mine in which the wages of the employees are regulated otherwise than according to the weight of the mineral recovered by them, the employees may, at their own cost, and in their behalf, employ one or more practical working miners of at least three years' experience, resident in the Province, who shall at all times have power and be afforded the necessary facilities to check the correctness of the manner, method, measure, measurements or quantities according to which such employees are paid; and also to count boxes and tallies once daily, in order that the number of boxes, weights or quantities credited to such employees may be ascertained.

(2) The provisions of this Act with respect to the powers and duties of a check-weigher and the facilities to be afforded him and for his removal from office shall apply to all persons appointed under this section.

### 'PART III.

#### GENERAL.

#### Offences and Penalties.

32. Every person employed in or about a mine, other than the owner agent, or manager, who is guilty of any act or omission which in the case of the owner, agent or manager would be an offence against this Act, shall be deemed to be guilty of an offence.

33. (1) Every person offending against this Act shall on summary conviction be liable to a penalty not exceeding, if an owner, agent or manager, one hundred dollars and, if not an owner agent or manager, ten dollars for each offence; and, after written notice of an offence given by an inspector, to a further penalty for every day that such offence continues to be committed, not exceeding in the case of an owner agent or manager one hundred dollars nor less than ten dollars, and in case of other persons not exceeding five dollars.

(2) Where the offence, in the opinion of the court, was committed wilfully by the personal act, default or negligence of the accused, and was one reasonably calculated to endanger the safety of, or cause serious bodily injury to, persons employed in or about the mine, or to cause a dangerous accident, the accused, if the court is also of opinion that a pecuniary penalty will not meet the circumstances of the case, shall be liable to imprisonment with or without hard labour for a period not exceeding three months.

### Fencing Unused Mines.

34. (1) Whenever a mine is abandoned or the working thereof discontinued, the owner shall cause the top of the shaft and all side entrances from the surface to be and to be kept securely fenced.

(2) Subject to any contract to the contrary the owner, shall as between himself and any other person interested in the minerals, be liable to carry into effect this section and to pay any costs incurred by such other person in carrying it into effect.

(3) Nothing in this section shall exempt any person from liability under any other Act or otherwise.

(4) If any person fails to act in conformity with this section he shall be guilty of an offence

35. Any such shaft or side entrance not so fenced, if within fifty yards of a highway, road, footpath or place of public resort or in open or uninclosed land, shall be deemed to be a nuisance.

### Burning Slack.

36. Whenever slack deposited in the neighbourhood of a pit mouth is unfenced and burning, the Minister may instruct the owners of the mine to inclose such slack with a fence and take such other precautions as he may require.

### Notices.

37. All notices under this Act shall be in writing or print or partly in writing and partly in print, and all notices and documents required by this Act to be served or sent by or to the Minister or Commissioner may be delivered personally or sent by post by prepaid letter, and if sent by post shall be deemed to have been served and received respectively at the time when a letter containing the same would be delivered in the ordinary course of post; and in proving such service or sending it shall be sufficient to prove that the letter containing the notice was properly addressed and posted.

### General Rules.

38. The rules set forth in the schedule to this Act shall be observed so far as is reasonably practicable in every mine, and said rules may be altered, amended or added to by order of the Lieutenant-Governor in Council at any time.

### Special Rules.

39. There shall be established in every mine such rules (referred to in this Act as special rules) for the conduct and guidance of the manager and employees as appear best calculated to prevent accidents and provide for safety and proper discipline. Such rules shall be approved by the Minister, and shall be strictly observed.

## SCHEDULE.

### Section 38.

#### General Rules for All Mines.

1. The working places of the shafts, levels, stables and travelling roads shall be kept sufficiently ventilated, not less than 100 cubic feet of pure air per minute and as much more as an inspector may direct being allowed for each person and animal.

2. (1) Every mine shall be divided into districts or splits of not more than seventy men. Each district shall be supplied with a separate current of fresh air, and every place shall be bratticed up within four yards of the face.

(2) The provision of this clause shall not apply to mines where safety lamps are not necessarily used, but in such mines narrow working places shall not be driven so far ahead of ventilation that the air therein becomes visibly foul, and in no case more than forty yards.

3. Intake air shall travel free from contamination by stagnant water, stables and old workings.

4. On all main roads where a door is required, an inspector may order two to be furnished, so that when one is open the other shall remain closed.

5. (1) Where inflammable gas has been found within the preceding twelve months, a pit boss shall, immediately before work is commenced in any part of the mine, so far as is reasonably practicable, inspect with a safety lamp that part of the mine and the roadways leading thereto where workmen are employed, and shall make a true report of its condition as regards ventilation. No workman shall go to work in such part until it and the roadway leading thereto are reported safe.

(2) Where one shift of workmen is employed during any twenty-four hours, such inspection shall be made once for every such period, and where two or more shifts are employed, once for every twelve hours

(3) Where inflammable gas has not been found within the preceding twelve months, a pit boss shall once in every twenty-four hours, immediately before the time for commencing work in any part of the mine, make an inspection and report with regard to that part similar to the inspection and report provided for in subclause (1) of this regulation, and no workman shall go to work in such part until it and the roadways leading thereto are reported safe.

(4) Every such report shall be entered forthwith in a book to be kept at the mine for the purpose, and where so recorded shall be signed by the pit boss or other competent person.

6. The entrance to all places not actually being worked or extended shall be securely fenced across the whole width.

7. There shall be a station or stations at the entrance of a mine, or to different parts thereof, as the case may require, and a workman shall not pass beyond any such station until the mine beyond the same has been inspected and declared safe.

8. (1) If on account of the prevalence of noxious gases or other cause, a mine or any part thereof becomes dangerous, every workman shall be immediately withdrawn from the mine or such part, and the manager or a pit boss shall inspect the same, and shall make a true report thereon.

(2) When the danger arises from the prevalence of inflammable gas the inspection shall be made with a locked safety lamp.

(3) No workman shall be allowed to enter such mine or part thereof until the same is reported safe, unless necessary—

(a) for inquiring the cause of danger;

(b) removing the danger; or

(c) for exploration purposes in connection therewith.

(4) Every such report shall be recorded and signed in the same manner as is provided in regulation 5 (4).

9. On approaching a place where an accumulation of explosive gas is likely to be found, no lamp or light other than a locked safety lamp shall be allowed or used in a working.

10. (1) Where safety lamps are by any rule or regulation in force required to be used, a competent person shall be appointed for the purpose, who shall examine every such lamp immediately it is taken into the workings for use, and ascertain that it is secure and properly locked.

(2) No such lamp shall, when required, be used until so examined, nor shall it be unlocked without due authority, and no person, unless appointed for the purpose, shall, where such lamps are in use, have in his possession any key or contrivance for unlocking any such lamp, or any lucifer match or other means of striking a light.

(3) Where it is necessary to work coal in any part of a ventilating district with safety lamps, it shall not be allowable to work with a naked light in another part of the same ventilating district situated between the place where such safety lamps are being used and the return airway.

11. (1) Gunpowder or other explosive or inflammable substance shall be stored in a properly constructed magazine and shall be used in the mine underground only as follows:—

(a) It shall not be stored in the mine;

(b) It shall not be taken into the mine except in a case or canister containing not more than five pounds.

(c) A workman shall not have in use at any one time in any one place more than one of such cases or canisters;

(d) In charging holes for blasting an iron or steel pricker shall not be used, and no person shall have in his possession in the mine under ground any iron or steel pricker nor shall an iron or steel tamping rod or stemmer be used for ramming either the wadding or the first part of the tamping or stemming on the powder;

(e) No explosive shall be forcibly pressed into a hole of insufficient size, and when a hole has been charged the charge shall not be unrammed. No hole shall be bored for a charge at a distance of less than twelve inches from any hole where the charge has missed fire but where a space of twelve inches from the first hole cannot be obtained the explosive may be unrammed under the sanction and supervision of the pit boss;

(f) It shall only be used in accordance with the following subclauses of this regulation during three months after any inflammable gas has been found in a mine.

(2) A pit boss shall immediately before firing the shot examine the place and all places contiguous thereto within a radius of twenty-five yards and shall not allow the shot to be fired until he finds it safe to do so nor shall it be fired except by or under his direction, but the provision of this subclause shall not apply to mines in which safety lamps are unnecessary unless the Minister by notice in writing served on the owner, agent or manager shall otherwise require.

(3) If the place where the shot is to be fired is dry and dusty then it shall not be fired unless:—

(a) the place of firing and all contiguous and accessible places within a radius of twenty yards are at the time of firing in a wet state from a thorough watering or other treatment equivalent to watering in all parts where dust is lodged whether roof, floor or sides; or

(b) in the case of places in which watering would injure the roof or floor, the explosive is so used with water or other contrivance as to prevent it from inflaming gas or dust or is of such a nature that it cannot inflame gas or dust; and

(c) all hauling or other roads that are dry and dusty are watered sufficiently often to allay the dust.

(4) If inflammable gas issues so freely that it shows a blue cap on the flame of the safety lamp explosives shall be used only:

(a) in those cases of stone drifts, stone work and sinking of shafts in which the ventilation is so managed that the return air from the place where the powder is used passes into the main return air course without passing any place in actual course of working; or

(b) when the persons ordinarily employed in the mine are out of the mine or out of the part of the mine where it is used.

(5) Where a mine is divided into separate panels each with an independent intake and return airway from the main aircourse and the main return aircourse, the provisions of this regulation with respect to gunpowder or other explosive inflammable substance shall apply to each such panel in like manner as if it were a separate mine.

12. Where any place adjoining a working is likely to contain a dangerous accumulation of water, the workings approaching it shall not exceed eight feet in width and there shall be constantly kept at a sufficient distance, as an inspector may direct, and in the case of coal not less than five yards in advance, at least one borehole near the centre of the working and sufficient flank boreholes on each side.

13. (1) In every road on which both persons and vehicles travel underground, whether the vehicles are self-acting or driven by mechanical or manual power or by an animal, there shall be, not more than twenty yards apart, sufficient manholes or places of refuge.

(2) Every manhole or place of refuge shall be at least three feet in depth between the sides of the cars running on the plane or road and the back of the manhole, three feet in width and five feet in height or the height of the seam, but in any case not less than four feet.

(3) Every underground plane which exceeds thirty yards in length shall be provided with proper means of signalling between the stopping places and the ends of the plane.

(4) Every manhole or place of refuge shall be white-washed and constantly kept clean, and no person shall place anything therein so as to prevent access thereto.

14. The top of every shaft, which for the time being is out of use or used only as an airshaft, shall be securely fenced.

15. The top and all entrances between the top and bottom of every working or pumping shaft shall be properly fenced, but the fencing may be temporarily removed while repairs or other operations are being carried out if other sufficient precautions are taken.

16. Where the natural strata are not safe every working or pumping shaft shall be securely cased, lined or otherwise made secure.

17. The roof and sides of every travelling road and working place shall be made secure, otherwise no person shall unless appointed for the purposes of exploration or repair travel or work therein.

18. Where both downcast and furnace shafts are equipped with apparatus for raising and lowering persons, and are in use, every employee shall upon giving reasonable notice have the option of using the downcast shaft.

19. A competent person of the age required by The Mines Act shall be appointed in all mines where the employees are raised and lowered by means of machinery to work the same and shall attend for that purpose during the whole time that any person is below ground.

20. Every working shaft shall, if exceeding fifty feet in depth and not exempted in writing by an inspector, be provided with guides and proper means of signalling distinctly from the bottom to the surface and from the surface to the bottom, and from the surface to every entrance for the time being in work, and from such entrance to the surface.

21. A sufficient cover overhead shall be used when lowering or raising persons in every working shaft except where—

(a) it is worked by a windlass; or

(b) the person is employed about the pump or some work of repair in the shaft; or

(c) a written exemption is given by the inspector.

22. A single link chain shall not be used for lowering or raising persons in a working shaft or plane except the short coupling chain attached to the cage or load.

23. There shall be on the drum of every machine used for lowering or raising persons such flanges, horns and other appliances as shall prevent the rope from slipping.

24. Every machine worked by steam, water or mechanical power used for lowering and raising persons shall be fitted with an adequate brake and in addition to any marking on the rope a proper indicator showing the person manipulating such machine the position of the cage or load in the shaft.

25. Every fly wheel and all exposed and dangerous parts of the machinery used in or about a mine shall be kept securely fenced, or guarded.

26. If dangerous gas is found in a mine a barometer and a thermometer shall be placed above ground in a conspicuous position near the entrance thereto.

27. No person shall wilfully damage or without proper authority remove or render useless any fence, fencing, casing, lining, guide, means of signalling, signal, cover, chains, flange, horn, brake, indicator, steam gauge, water gauge, safety valve or other appliance or thing provided in any mine in compliance with this Act.

28. Every person shall observe such directions with respect to working as may be given to him with a view to comply with these regulations or the special rules in force in the mine;

29. The manager or a pit boss shall examine or cause to be examined:

(a) once at least every twenty-four hours the external parts of the machinery and the state of the head gear, working places, levels, planes, ropes, chains and other works of the mine in actual use; and

(b) once at least every week the state of the shafts by which persons ascend or descend and the guides or conductors therein;

and shall make a true report of the result of such examination which shall be recorded in a book to be kept at the mine for the purpose signed by the manager or pit boss.

30. (1) The employees in a mine may from time to time at their own cost appoint one or two from among themselves to inspect the mine and such persons shall be allowed once or oftener in every shift, day, week or month to go to every part of the mine and inspect the shafts, level planes, working places, return airways, ventilating apparatus, old workings and machinery and they shall be afforded every facility for so doing.

(2) A true report of such inspection shall be made and recorded in a book to be kept at the mine for the purpose and the record signed by the persons who made the same.

(3) If the report states the existence or an apprehension of danger, the owner, agent or manager shall forthwith cause a true copy to be sent to the Minister.

(4) If the owner, agent or manager thinks fit he or one or more officers of the mine may be present at such inspection.

31. The books mentioned in these regulations or a copy thereof shall be kept at the office of the mine, and any inspector under The Mines Act and any person employed in the mine may at all reasonable times inspect and take copies and extracts therefrom.

32. (1) Every cage except self-dropping cages used in a mine shall be stationary, and shall rest upon chairs or catches before any person is allowed to enter upon or to leave it.

(2) No person shall enter or leave a cage without the consent of the banksman or onsetter.

33. No person unable to speak and read English shall be appointed or shall occupy any position as banksman, onsetter, signalman, brakesman, pointsman, furnaceman or engineer or be employed at the windlass of a sinking pit in or about a mine.

34. If any person contravenes or fails to comply with any of these regulations he shall be guilty of an offence and the owner, agent and manager shall each likewise be guilty of an offence unless he shall prove that he took all reasonable means by publishing and to the best of his power enforcing the said regulations.

35. It shall be the duty of every miner to examine carefully the place where he is working on entering in the morning, on re-entering after firing a shot and when leaving at night, and he shall immediately report to the manager any defects or existing dangers.

36. It shall be the duty of every person employed in a mine to report immediately to the manager or pit boss any defect or danger known to him in any part of the mine.

37. (1) Every miner requiring props or timbers and cap pieces shall notify the manager or pit boss at least one day in advance, giving the length and number required, but in cases of emergency they may be ordered immediately.

(2) The place and manner of leaving the order shall be designated in the special rules of each mine.

### Protection of Employees on Buildings and Excavations.

Chapter 180.—1. This Act may be cited as The Building Trades Protection Act.

2. In this Act:

(1) "Building" shall include any structure roofed in or intended to be roofed in and capable when completed of affording protection and shelter;

(2) "Inspector" means an inspector appointed by a municipal council or by the Lieutenant-Governor in Council for the purpose of enforcing the provisions of this Act;

(3) "Excavation" means any trench in the ground at a depth of more than four feet.

3. The Lieutenant-Governor in Council may appoint inspectors to enforce this Act in any part of Saskatchewan.

4. The council of every city shall by a by-law appoint a sufficient number of persons to be inspectors for the purpose of enforcing the provisions of this Act within the limits thereof.

5. Where an inspector appointed under this Act finds that any provision of this Act is being violated he may give such orders in writing as may in his opinion be required to secure due compliance with such provision and thereupon and until the order is carried out, work upon that part of the building or excavation in which the default occurs shall be suspended.

6. In the erection, alteration, repair, improvement or demolition of a building or the making, deepening, widening, alteration, improvement or repair of an excavation no scaffolding, hoists, stays, ladders, flooring or other mechanical and temporary contrivances shall be used which are unsafe, unsuitable or improper or which are not so constructed, protected, placed and operated as to afford reasonable safety from accident to persons employed or engaged upon the building or excavation.

7. The following regulations shall be complied with in the erection, alteration, repair, improvement or demolition of a building:—

(1) The floors of all scaffolding, whether standing or suspended from overhead, shall be at least one and three-quarters inches thick, four feet wide and there shall be a railing or guard not less than three feet nor more than four feet from the flooring on the outside of the scaffolding for the protection of persons working thereon;

(2) Where the scaffolding or staging is swung or suspended from an overhead support it shall be so secured as to prevent its swaying to and fro;

(3) Where poles are used in scaffolding the poles shall be securely lashed at every point of contact and where square timber is used in scaffolding the same shall be securely spiked or bolted at every point of contact.

(4) No lumber or timber shall be hoisted in a single sling;

(5) Where hoists are used for raising materials for use in buildings the shafts or openings shall be protected at each floor by a barrier not less than three feet nor more than four feet from the level of the floor and the barrier shall be placed not less than two feet from the edge of the shaft or opening in which the hoist is operated;

(6) All ladders used in the construction of buildings shall reach to a distance of at least three rungs above the platform or scaffolding against which they are placed.

8. Where the plans and specifications require the floors to be arched between the beams thereof or where the floors or filling in between the floors are of fireproof material the flooring or filling in shall be completed as the building progresses to a height not less than within three tiers of beams below that on which the iron work is being erected.

(2) Where the plans and specifications do not require filling in between the beams of floors with fireproof material or brick work the contractor for the carpenter work shall as the building progresses lay the underflooring of the building on each storey to a height not less than within two storeys below the one to which the building has been erected.

(3) Where double floors are not to be used such contractor shall keep the floors two storeys below the storey where the work is being performed planked over.

(4) If the floor beams are of iron or steel the contractor for the iron or steel work of a building in course of construction or the owner shall thoroughly plank over the entire tier of iron or steel beams on which the structural iron or steel work is being erected except such spaces as may be reasonably required for the proper construction of such iron or steel work and for raising or lowering materials to be used in the construction and such spaces as may be designated by the plans and specifications for stairways and elevator shafts.

9. In the case of what are known as skeleton steel frame buildings compliance with the following regulations shall be sufficient and it shall not be necessary to comply with the requirements of section 8:

(1) As soon as the steel frame of a building is erected to the first column splice above the first floor level, a flooring of two-inch planking shall be laid over floor beams on the floor immediately below the first column splice making a temporary floor over that part of the area of the building inside columns at that level except in places where it is necessary to have openings for the passage of material for building above that point. When erection has reached a point level with the next column splice the planking used as temporary floor at first column splice shall be removed and placed as before at second splice and so on to the top of the building;

(2) A double flooring of two inch planking shall be laid down immediately under any derrick for a sufficient space about the derrick to protect workmen on the floors below that on which the derrick is working and to hold with safety the materials hoisted by the derrick;

(3) Riveters' staging shall be so constructed as to secure the reasonable safety of the riveters and a temporary floor must be provided on the girders and floor beams immediately below the portion of the floor upon which the riveters are working sufficient for the protection of workmen engaged below that floor;

(4) The steel work may be carried on in advance of the construction of permanent floors.

10. In cities and towns the following regulations shall govern the erection, alteration or repair of a building:

(1) When the work is erected on the line of street or within three feet of the inside line of the sidewalk, there shall, before work is commenced, be erected along the sidewalk or passage way, at least three feet distant from the work, a fence or barricade not less than four feet high; and when the work of erection extends beyond twenty feet high there shall be erected over the sidewalk or footway of the street a covered passage way or independent structure not less than eight feet high at the lowest side above the level of the sidewalk or footway and of sufficient strength to protect the public using the sidewalk or footway.

(2) If a building or excavation is to be erected or made within seven feet of the inside line of the sidewalk a strongly constructed close boarded fence or barricade not less than six feet high shall be erected along such line.

(3) No person shall place any stone, brick, lumber or any building material, fence, barricade or temporary sidewalk so as to obstruct the free passage of water in the drains, gutters, or water courses; and the roofs of all covered ways shall be kept clear of any material whatever.

(4) All sewers, ditches, drains or any other excavation of whatever nature shall be properly shored up so as to prevent the caving in of the ground after a depth of four feet has been excavated from the ground level.

(5) Where a building has been destroyed by fire the owner of the property shall protect the excavation, if any, by a strongly constructed board fence or barricade not less than six feet high, and the walls of the excavation or cellar shall be shored up when necessary.

11. Nothing in this Act shall affect any bylaw relating to the matters mentioned herein lawfully passed by a municipal council or the authority of a municipal council to pass any such bylaw imposing additional or more stringent requirements than those prescribed by this Act.

12. Every person to whom the order of an inspector under this Act is directed who disobeys or who knowingly permits any person under his direction and control to disobey the same or to carry on work in violation of the provisions of section 5 before the order is carried out or neglects or refuses to comply with any of the other provisions or requirements of this Act shall upon summary conviction be liable to a penalty not exceeding \$50 for every day upon which any violation as aforesaid occurs and in default of payment to imprisonment for a term not exceeding three months.

13. Sections 7, 8 and 9 of this Act shall not apply to any building not more than twenty feet in height nor to any farm building nor to any work being done upon a building or excavation by the owner or occupant thereof in person.

14. Nothing in this Act contained shall in any way decrease or lessen the liability or obligations of any person or corporation under The Workmen's Compensation Act.

### **Examination and Licensing of Moving Picture Machine Operators.**

Chapter 181—4. The Lieutenant-Governor in Council may from time to time make regulations for—

(f) examining, regulating and licensing [moving picture machine] operators.<sup>1</sup>

### **Licensing of Chauffeurs.**

Chapter 182—15. Every person who desires to operate a motor vehicle as a chauffeur shall obtain from the Provincial Secretary a chauffeur's license, first satisfying the Provincial Secretary or some person appointed for the purpose, that he is a fit and proper person and well skilled and capable of operating a motor vehicle.

16. No chauffeur's license shall be granted to any person under the age of 18 years.

Provided that upon proving to the satisfaction of the Provincial Secretary or some person appointed for the purpose by special examination test that he is skilled and capable, any applicant under the age of 18 years but over the age of 16 years may be granted a chauffeur's license.

17. (1) The Provincial Secretary shall issue with every license to a chauffeur, a numbered metal badge, which shall be worn pinned upon the cap or clothing in a conspicuous place at all times while the holder is operating a motor vehicle upon the public highway.

(2) If any person other than the licensee to whom a badge was issued shall wear the same while driving a motor vehicle, the license with which the badge was issued may be cancelled by the Provincial Secretary.

(3) If a licensee drives a motor vehicle without displaying his badge, or displays any badge other than that issued with his license, his license may be cancelled by the Provincial Secretary.

(4) No motor vehicle for public hire shall be driven by any person except a licensed liveryman.

(5) A non-resident chauffeur driving a visiting motor vehicle shall be exempt from registration under this Act, provided he wears the badge assigned to him in the province or country of his residence.

(6) If the employer of a chauffeur operating a motor vehicle is present in the motor vehicle at the time of the violation by such chauffeur of any of the provisions of this Act, such employer as well as the chauffeur shall be liable to conviction therefor.

(7) Every chauffeur who loses the chauffeur's badge issued to him shall forthwith apply to the Provincial Secretary for a new badge, returning his license and accompanying his application with an affidavit that the original badge has been lost or destroyed. He shall thereupon and upon payment of the prescribed fee receive a new badge and the license duly altered shall be returned to him.

41. (2) The Provincial Secretary may at any time suspend or revoke a license on account of the misconduct of the owner or operator of the motor vehicle for which such license is issued or on account of an infraction by such owner or operator of the provisions of this Act or the regulations provided for thereunder, or of "The Criminal Code" or of "The Saskatchewan Temperance Act."

(3) In case a license is revoked, the Provincial Secretary may refuse to issue to the offender a further license either in the same or in any subsequent year. 1920, c. 68, s. 7.

### **Private Employment Offices.**

Chapter 184.—1. This Act may be cited as the Employment Agencies Act.

2. No person, firm, corporation or association shall collect or receive, directly or indirectly, any fee or compensation for sending or persuading, enticing, inducing, procuring or causing to be sent from or to any place within the Province, to or from any place outside the Province, or between any two places within the Province, any person seeking employment, or for giving or furnishing information regarding employers seeking workers or workers seeking employment.

3. Any person contravening the terms of the preceding section shall, upon summary conviction thereof before a police magistrate or two or more justices of the peace, be liable to a fine of not less than \$10 and not more than \$25.

4. The provisions of this Act shall not apply to persons whose agency is confined to supplying positions in connection with educational institutions.

<sup>1</sup>Regulations have been issued governing the licensing of operators and apprentices and prescribing their duties.

### Employment of Women in Restaurants and Laundries.

Chapter 185.—1. This Act may be cited as the Female Employment Act.

2. No person shall employ a white woman or girl in any capacity requiring her to reside or lodge in or to work in any restaurant or laundry, without obtaining a special license for the purpose from the municipality in which such restaurant or laundry is situated, which license the council of every municipality is hereby authorized to grant.

3. Any employer guilty of any violation of this Act shall upon summary conviction be liable to a penalty not exceeding \$100 and in default of payment to imprisonment for a term not exceeding two months.

### Minimum Wage.

#### Short Title.

Chapter 186.—1. This Act may be cited as The Minimum Wage Act.

#### Interpretation.

2. In this Act, unless the context otherwise requires, the expression—

(1) "Board" means the Minimum Wage Board hereby created.

(2) "Employee" includes every female worker employed in a shop or factory in any city in Saskatchewan who works for hire.

(3) "Employer" includes every person, firm or corporation, agent, manager, representative, contractor, sub-contractor or principal, or the person responsible directly or indirectly for the payment of the wages of one or more female workers in a shop or factory in any city in Saskatchewan.

(4) "Factory" has the same meaning as in The Factories Act.

(5) "Minister" means the member of the Executive Council to whom for the time being is assigned the administration of this Act.

(6) "Shop" means a building or portion of a building, booth, stall or place where goods are exposed or offered for sale by retail, and includes a mail order house, a hotel, a restaurant, a refreshment room and a place where the trade or business carried on is that of a tobacconist or newsagent, and sale by retail includes sale by auction. 1919-20, c. 78, s. 2.

(7) "Wage" or "wages" means any compensation for the labour of an employee.

3. (1) There shall continue to be a Board, called the Minimum Wage Board, to be appointed by the Lieutenant-Governor in Council and consisting of five persons, two of whom shall be females.

(2) The members of the Board shall hold office during pleasure and shall be paid such compensation for their services and expenses as may be determined by the Lieutenant-Governor in Council.

(3) The Lieutenant-Governor in Council may appoint such clerical and other assistants as may be necessary to carry out the provisions of this Act.

4. (1) The Board shall have authority,—

(a) to ascertain and declare what wages are adequate to furnish the necessary cost of living to employees; and, subject to the provisions of The Factories Act, what are reasonable hours and proper sanitary conditions and requirements for those employed in any occupation to which this Act applies;

(b) to establish standards of minimum wages, of hours of employment and, subject to the provisions of The Factories Act, of sanitary conditions and requirements for such employees, to determine what number or proportion of the employees in a shop or factory may be apprentices, and for the purposes of this section to make all necessary orders. 1919-20, c. 78, s. 3.

(2) Orders made under this section shall be published in two successive issues of The Saskatchewan Gazette and shall become effective on the expiration of thirty days from the date of the first publication.

5. (1) The Board may make all necessary inquiries and investigations respecting matters and things appertaining to or in any way connected with the subject matter of this Act, and shall for this purpose have all such powers, rights and privileges as are vested in the Court of King's Bench in civil cases, in respect of the following matters:—

(a) enforcing the attendance of witnesses and examining them on oath, affirmation or otherwise;

(b) compelling the production of such documents and things as are necessary to effectually prosecute an inquiry or investigation;

(c) punishing persons guilty of contempt.

(2) A summons signed by one or more of the members of the Board shall be of the same force and effect as a subpoena in a civil action for compelling the attendance of witnesses and the production of documents.

6. If any person served with a summons fails without reasonable excuse to appear according to the tenor thereof, the Board or a majority of the members may issue a warrant to bring such person at a time and place to be therein mentioned before the Board to give evidence or produce documents, and such warrant shall be obeyed by all constables and peace officers into whose hands it may come.

7. The Bureau of Labour and Industries shall, from time to time, when requested so to do, obtain and transmit to the Board such data and statistics with regard to the matters with respect to which the Board is empowered to deal as the Bureau is able to procure. The Board may also obtain from any source such further or other information as it deems necessary.

8. Every employer shall keep a register of the names and addresses the working hours and the actual earnings of all his employees, and shall on request permit any member or representative of the Board to inspect and examine the same. Amended 1919-20, c. 78, s. 4.

9. The Bureau of Labour and Industries may, under the direction of the Board, issue to a physically defective employee or to a female learner or apprentice a special license authorizing the employment of the licensee under such regulations as may be made under this Act.

10. If an employee is paid by her employer less than the minimum wage to which she is entitled, she may recover in a civil action the full amount of such wage less any amount actually paid to her by the employer, with such costs as may be allowed by the court, and no agreement made by an employee to work for less than the fixed minimum wage shall avail as a defence to such action.

11. No employer shall discharge or threaten to discharge or in any other manner discriminate against an employee because such employee has testified or is about to testify in an investigation or proceedings relative to the enforcement of this Act.

12. An employer who violates the provisions of this Act or of any order or regulation of the Board, shall be guilty of an offence and liable upon summary conviction before a police magistrate to a fine of not less than \$10 nor more than \$100, and in default of payment to imprisonment for not less than ten days nor more than three months.

13. The Bureau of Labour and Industries shall from time to time ascertain and determine whether employers are obeying the provisions of this Act and of any order made by the Board.

14. This Act shall apply to the cities of Saskatchewan, but the Board may at its discretion make an order extending its provisions to any portion of the Province not contained within a city, and thereupon the Act shall apply to the prescribed area in all respects as if it were part of a city.

15. (1) The Board may make regulations for carrying into effect the provisions of this Act, and such regulations, when published as hereafter mentioned, shall have the same force and effect as if incorporated herein.

(2) Regulations shall be published in two successive issues of the Saskatchewan Gazette and shall name a date subsequent to the second publication upon which they shall come into force.

16. The Lieutenant-Governor in Council may from time to time authorize the expenditure of such of the moneys appropriated by the Legislature for the purposes of the Bureau of Labour and Industries as may be required for the administration of this Act.

17. In case of conflict between this Act or any order made hereunder, and any other Act or any order or regulation made thereunder, the provisions of this Act and of the orders made hereunder, shall supersede and repeal the conflicting provisions.

### Payment of Wages—Truck System.

Chapter 187. 1. This Act may be cited as the Workman's Wage Act

2. In every contract for the hiring of a workman in any of the occupations contained in the schedule to this Act the wages of such workman shall be made payable in Canadian currency or in the notes of a chartered bank doing business in Canada or by cheques drawn upon and duly accepted by a chartered bank having a branch or agency at or within five miles of the place where the workman is employed; any contract providing for payment in any other manner shall be illegal and void.

3. If in any contract hereafter to be made between any such workman and his employer any provision is contained respecting the place where or the manner in which or the person with whom the whole or any part of the wages of such workman shall be expended such contract shall be illegal and void.

4. The entire amount of the wages of every such workman shall be paid him in Canadian currency or in the notes of a chartered bank doing business in Canada or by accepted cheque as aforesaid at the end of every seven days if his employment does not sooner cease, or at the time it ceases if the employment is for a period of less than seven days; and every payment made in respect of such wages by the delivery to the workman of goods or otherwise than as before mentioned shall be illegal and void.

5. Every such workman shall be entitled to recover from his employer in the manner by law provided for the recovery of servants' wages or by any other lawful means so much of his wages as has not been paid to him in the manner authorized by this Act; and in any action, suit or other proceeding to be hereafter brought by a workman against his employer for the recovery of money due as the wages of labour, the defendant shall not set off nor claim any reduction of the plaintiff's demand by reason of the delivery to him of goods, wares or merchandise on account of wages, or by reason of goods, wares or merchandise sold, delivered or supplied to such workman at any shop or warehouse of the employer or in the profits of which such employer has an interest.

6. No employer shall maintain a suit or action against a workman for or in respect of goods, wares or merchandise sold, delivered or supplied to such workman whilst in his employment on account of wages or for goods, wares or merchandise sold, delivered or supplied to such workman at a shop or warehouse of the employer or in the profits of which he has an interest.

7. Any employer who enters into a contract hereby declared illegal or makes payment in a manner hereby declared illegal or who refuses or neglects to pay his workmen as provided by this Act, shall on summary conviction be liable to a penalty not exceeding \$50 and costs for the first offence and in default of payment forthwith to imprisonment for a period not exceeding twenty days; for a second or any further offence to a penalty in each case not exceeding \$100 and costs and in default of payment forthwith to imprisonment for a period not exceeding twenty days.

8. In this Act the expression "employer" shall include a person, partnership or corporation engaged in any of the occupations referred to in the schedule, and in the case of an infringement of the Act such expression shall include the partners in a partnership, the president or other chief officer of a corporation as well as the business manager whose duty it is to see to the payment of employees.

#### SCHEDULE.

##### Persons to whom the Act Applies.

1. Persons employed by contractors at an hourly, daily or weekly wage in the construction of any building, side-walk, pavement, sewer, drain, subway, bridge, street railway, telephone, telegraph or electric light or power plant.

2. Persons employed at a daily or weekly wage in any shop or store or in any establishment which comes under The Factories Act.

##### Protection of Employees on Electrical Works.

Chapter 188. 1. This Act may be cited as The Electrical Workers' Protection Act

2. The Lieutenant-Governor in Council may make regulations governing the construction maintenance and use of electric wires, wiring apparatus and appliances, poles, cables and fixtures for electric light, heat or power, telegraph, telephone or other purposes.

3. Every Order in Council containing such regulations shall fix the date upon which the regulations shall come into force, and such regulations shall be published in two consecutive issues of The Saskatchewan Gazette prior to such date.

##### Mother's Pensions.

Chapter 189. 1. This Act may be cited as The Mothers' Pensions Act.

2. The Lieutenant-Governor in Council may set aside during each fiscal year out of the Consolidated Fund of the Province such sum or sums, not to exceed in the whole the amount voted for that purpose by the Legislature, to provide support or partial support for any mother who is a widow, or whose husband is either an inmate of an institution for incurables or for the feeble-minded or insane or is permanently incapacitated by incurable disease, feebleness of mind or insanity, and who on account of poverty is unable to take proper care of her child or children and who is otherwise a proper person to have the custody of such child or children. 1919-20, c. 74, s. 1.

3. The Lieutenant-Governor in Council may make regulations for the administration of this Act and the control of all expenditures to be made thereunder, and the appointment of all necessary officials.

##### Employment of Children at Night or in Street Trades, Theatres, etc.

Chapter 192.—2 (1) "Child" means a boy or girl actually or apparently under the age of 16 years.

(10) "Place of safety" includes an industrial school or house of industry for boys or girls, or a shelter or temporary home established by a children's aid society, or any institution established for the care and protection of children, or any other place which is designated by the superintendent or other officer, but not a gaol, prison, police station, lockup or guard room;

(11) "Public place" means a street, highway or lane, whether a thoroughfare or not, a place of public resort, and generally, any place to which the public have or are permitted to have access.

8. Any officer, peace officer, probation officer, constable or policeman may apprehend without warrant and take to a place of safety any child who is within any of the following descriptions:—

(f) who is employed anywhere between the hours of ten o'clock in the evening of one day and six o'clock in the morning of the following day.

20. (1) Municipal councils in cities, towns and incorporated villages may pass by-laws regulating and controlling and licensing children engaged as:

- (a) express or despatch messengers;
- (b) vendors of newspapers and smallwares;
- (c) bootblacks.

(2) No license fee imposed hereunder shall exceed the sum of 50 cents per annum, and no child engaged in two or more of the said occupations shall be compelled to take out more than one license, nor pay more than one license fee.

(3) No such license shall be granted to a female child of any age nor to a male child under the age of 12 years, nor to a male child of the age of 12 years but under the age of 14 years, unless in the latter case such child shall present written authority from his parent or guardian authorizing him to make application for a license for the purpose of engaging in any of the above named occupations.

(4) No licensee under this section shall be permitted to engage in any occupation for which he is licensed within the limits of the municipality after the hour of eight o'clock in the evening in the months of December, January and February, or after the hour of nine o'clock in the evening throughout the rest of the year, or during school hours.

22. (1) Any person who—

(a) causes or procures a child to be in any public place for the purpose of begging or receiving alms, or of inducing the giving of alms, whether under the pretence of singing, playing, performing, offering anything for sale, or otherwise; or

(b) causes or procures a child to be in any public place for the purpose of singing, playing, or performing for profit, or offering anything for sale, or procures or causes a child to be employed between ten p.m. of one day and six a.m. of the following day; or

(c) subject to the provisions of subsection (2) causes or procures any child to be at any time in any circus or other place of public amusement to which the public are admitted by payment, for the purpose of singing, playing, or performing for profit, or offering anything for sale; shall be guilty of an offence under this Act, and on conviction shall incur a penalty not exceeding \$100, and in default of payment of the penalty, or in addition thereto, shall be liable to imprisonment for a term not exceeding one year.

(2) In the case of any entertainment or series of entertainments to take place in premises used for public entertainment or in any circus or other place of public amusement where it is shown that proper provision has been made to secure the health and kind treatment of a child proposed to be employed thereat, the mayor of any city or town or overseer of a village may grant a license for such time and during such hours of the day, between ten p.m. of one day and six a.m. of the following day, such employment not to exceed seven hours in any day of twenty-four hours, and subject to such restrictions and conditions as he may think fit, for any child over ten years of age of whose fitness to take part in such entertainment or series of entertainments without injury he is satisfied; and such license may at any time be varied, added to or revoked by him.

(3) The municipal council shall assign to some person the duty of seeing that the restrictions and conditions of any license granted under authority of this section are duly complied with and such person shall have power to enter, inspect and examine any place at which the employment of a child is for the time being licensed. This duty shall be discharged by the chief constable of the municipality until some other person is appointed.

### Non-Payment of Wages.

Chapter 205.—1. This Act may be cited as The Masters and Servants Act.

2. Every hiring or contract of personal service shall be subject to the provisions of this Act. If such contract is for a period of more than one year it shall be in writing and be signed by the contracting parties, otherwise it shall be void and of no effect.

3. Any person engaged, bound, or hired, whether as clerk, journeyman, apprentice, servant, labourer, or otherwise howsoever, who is guilty of,—

(a) drunkenness;

(b) absenting himself by day or night without leave from his proper service or employment;

(c) refusing or neglecting to perform his just duties or to obey the lawful commands of his master; or,

(d) dissipating his employer's property or effects;

shall be guilty of a violation of his contract and upon summary conviction forfeit and pay a sum not exceeding \$30 with costs, and in default of payment forthwith shall be liable to imprisonment for a period not exceeding one month unless such fine and costs together with the costs of commitment and conveying such convicted person to the place of imprisonment be sooner paid.

4. (1) Any master or employer who,—

(a) neglects after demand to pay wages due to; or

(b) ill uses; or

(c) improperly dismisses;

a servant or employee, shall be guilty of a violation of his contract and upon the oath of any such servant or employee a justice of the peace having the necessary jurisdiction as provided by section 6 may summon the master or employer to appear before him at a reasonable time to be stated in the summons.

(2) At the time and place appointed the justice shall examine into the matter of the complaint, whether the master or employer appears or not, and, upon due proof of the personal service of the summons and the cause of complaint, may discharge such servant or employee and direct payment to him of any wages found to be due not exceeding the sum of \$100 together with costs, and in default of payment forthwith may issue his warrant for the distress and sale of the goods and chattels of such master or employer.

(3) Should the justice determine that the employee or servant has been improperly dismissed, he may, in addition to directing the payment of any wages found to be due, not exceeding the sum of \$100 exclusive of costs, direct the employer or master to pay to such employee or servant such further amount as to him seems reasonable but not exceeding in any event four weeks' wages at the rate at which he was being paid by his employer or master when improperly dismissed as aforesaid, together with costs, and in default of payment forthwith may issue his warrant for the distress and sale of the goods and chattels of such master or employer.

5. Proceedings may be taken under this Act within three months after the engagement or employment has ceased or been terminated, or within three months after the last instalment of wages under the agreement of hiring has become due whichever date may be the later.

6. Such proceedings shall be taken before a justice of the peace residing within the municipality in which the master or employer resides; or, if the master or employer resides in a rural municipality or local improvement district, before a justice residing either in such municipality or district or in a city, town or village situated within the outer boundaries thereof, provided in either case there is a justice so residing. Where there is no justice so residing they may be taken before any justice of the peace in the judicial district within which the master or employer resides.

7. The provisions of this Act shall be held to apply to contracts and agreements made out of Saskatchewan in respect of service or labour performed in Saskatchewan.

8. Nothing in this Act shall in anywise curtail, abridge or defeat any civil or other remedy for the recovery of wages by a servant or employee from his master or employer, or for the recovery of damages by a master or employer, from his servant or employee, except in so far as any complaint under this Act has been determined by the order of a justice.

9. The term "master" or "employer" whenever used in this Act shall include a corporation as well as an individual or partnership.

### Mechanics' Liens.

Chapter 206.—1. This Act may be cited as The Mechanics' Lien Act.

#### Interpretation.

2. In this Act unless the context otherwise requires, the expression:

(1) "Clerk of the court" means the clerk of the district court;

(2) "Contractor" means a person contracting with or employed directly by the owner or his agent for the doing of work or placing or furnishing materials for any of the purposes mentioned in this Act;

(3) "Court" means the district court of the judicial district wherein the property in respect of which the lien is claimed is situated;

(4) "Judge" means a judge of the said district court;

(5) "Material" or "materials" includes every kind of movable property;

(6) "Owner" extends to and includes any person, firm, association, body corporate or politic having any interest or estate in the lands upon or in respect of which the work or service is done or materials are placed or furnished at whose request and upon whose credit or on whose behalf or with whose privity or consent or for whose benefit any such work or service is performed or materials are placed or furnished and all persons claiming under him or them whose rights are acquired after the work or service in respect of which the lien is claimed is commenced or the materials furnished have been commenced to be furnished;

(7) "Person" extends to and includes a body corporate or politic, a firm, a partnership or association.

(8) "Registrar" means the registrar of land titles for the land registration district within which the property in respect of which the lien is claimed, is situated.

(9) "Registered" means registered under the Land Titles Act and includes "filed," when no certificate of title is issued for the land affected by the lien.

(10) "Subcontractor" means a person not contracting with or employed directly by the owner or his agent for the purposes aforesaid but contracting with or employed by a contractor or under him by another subcontractor;

(11) "Wages" means money earned by a workman, servant, labourer, mechanic or other person mentioned in section 3, for work done whether by time or as piece work.

#### Creation, Effect and Registration of Liens.

3. Every agreement or bargain verbal or written, express or implied entered into on the part of any workman, servant, labourer, mechanic or other person employed in any kind of manual labour intended to be dealt with in this Act by which it is agreed that this Act shall not apply or that the remedies provided by it shall not be available for the benefit of any person entering into such agreement is and shall be null and void and of no effect as against any such workman, servant, labourer, mechanic or other person.

4. Unless he signs an express agreement to the contrary and in that case subject to the provisions of section 3, any person who performs any work or service upon or in respect of, or places or furnishes any materials to be used in the making, constructing, erecting, fitting, altering, improving or repairing of any erection, building, land, wharf, pier, bulkhead, bridge, trestlework or mine or the appurtenances to any of them for any owner, contractor or subcontractor shall by virtue thereof have a lien for the price of such work, service or materials upon the erection, building, wharf, pier, bulkhead, bridge, trestlework or mine or the appurtenances thereto and the lands occupied thereby or enjoyed therewith or upon or in respect of which the said service is performed or upon which such materials are placed or furnished to be used, limited however in amount to the sum justly due to the person entitled to the lien and to the sum justly owing (except as hereinafter provided) by the owner.

5. Where work or service is done or materials are furnished upon or in respect of the lands of any married woman with the privity and consent of her husband he shall be conclusively presumed to be acting for himself so as to bind his own interest and also as the agent of such married woman for the purposes of this Act unless the person doing such work or service or furnishing such material shall have had actual notice to the contrary before doing such work or furnishing such materials.

6. No agreement shall be held to deprive any one otherwise entitled to a lien under this Act and not a party to the agreement of the benefit of the lien but the lien shall attach notwithstanding such agreement.

7. (1) The lien shall attach upon the estate or interest of the owner as defined by this Act in the erection, building, land, wharf, pier, bulkhead, bridge, trestlework or mine and the appurtenances thereto upon or in respect of which the work or service is performed or the materials placed or furnished to be used and the lands occupied thereby or enjoyed therewith.

(2) In cases where the estate or interest charged by the lien is leasehold the land itself may also with the consent of the owner thereof be subject to the said lien provided such consent is testified by the signature of such owner upon the claim of lien at the time of the registering thereof and duly verified.

8. Where any of the property upon which a lien is given by this Act is wholly or partly destroyed by fire any money received or receivable by reason of any insurance thereon by an owner or prior mortgagee or chargee shall take the place of the property so destroyed and shall be subject to the claims of all persons for liens to the same extent as if such moneys were realized by the sale of such property in an action to enforce a lien.

9. Save as herein provided the lien shall not attach so as to make the owner liable for a greater sum than the sum payable by the owner to the contractor.

10. Save as herein provided where the lien is claimed by any other person than the contractor the amount which may be claimed in respect thereof shall be limited to the amount owing to the contractor or subcontractor or other person for whom the work or service has been done or the materials have been placed or furnished.

11. (1) In all cases the person primarily liable upon any contract under or by virtue of which a lien may arise under the provisions of this Act shall as the work is done or materials furnished under the contract deduct from any payments to be made by him in respect of the contract and retain for a period of thirty days after the completion or abandonment of the contract twenty per cent of the value of the work, service and materials actually done, placed or furnished as mentioned in section 4 and such values shall be calculated on the basis of the price to be paid for the whole contract; and the liens created by this Act shall be a charge upon the amount directed to be retained by this section in favour of the subcontractors whose liens are derived under persons to whom such moneys so required to be retained are respectively payable.

(2) All payments up to eighty per cent of such value made in good faith by an owner to a contractor or a contractor to a subcontractor or by one subcontractor to another subcontractor before notice in writing of such lien given by the person claiming the lien to the owner, contractor or subcontractor, as the case may be, shall operate as a discharge *pro tanto* of the lien created by this Act.

(3) Payment of the percentage required to be retained under subsection (1) may be validly made so as to discharge all liens or charges under this Act in respect thereof after the expiration of the said period of thirty days mentioned in subsection (1), unless in the meantime proceedings shall have been commenced under this Act to enforce any lien or charge against such percentage as provided by sections 23 and 24.

12. In case an owner or contractor chooses to make payments to any person referred to in section 4 for or on account of any debts justly due to him for work or service done or for materials placed or furnished to be used as therein mentioned and forthwith gives by letter notice in writing of such payment to the contractor or his agent or to the subcontractor or his agent, as the case may be, such payments shall as between the owner and the contractor or as between the owner and the subcontractor, as the case may be, be deemed to be payments to the contractor or the subcontractor, as the case may be, on his contract generally but not so as to affect the percentage to be retained by the owner as provided by section 11.

13. (1) The lien created by this Act shall have priority over all judgments, executions, assignments, attachments, garnishments and receiving orders recovered, issued or made after such lien arises and over all conveyances or mortgages registered after registration of such lien as in this Act provided.

(2) In case of an agreement for the purchase of land where the purchase money or part thereof is unpaid and no conveyance has been made to the purchaser, the purchaser shall for the purposes of this Act and within the meaning thereof be deemed a mortgagor and the seller a mortgagee whose mortgage was registered on the date of the execution of the agreement of sale.

(3) Excepting where it is otherwise declared by this Act no person entitled to a lien on any property or to a charge on any moneys under this Act shall be entitled to any priority or preference over another person entitled to a lien or charge on such moneys or property under this Act and all lienholders except where it is otherwise declared by this Act shall rank *pari passu* for their several amounts and the proceeds of any sale shall, subject as aforesaid, be distributed among them *pro rata*.

14. (1) Every mechanic or labourer whose lien is for wages shall to the extent of thirty days' wages have priority over all other liens derived through the same contractor or subcontractor to the extent of and on the twenty per cent of the contract price directed to be retained by section 11 to which the contractor or subcontractor through whom such lien is derived is entitled and all such mechanics and labourers shall rank thereon *pari passu*.

(2) Every wage earner shall be entitled to enforce a lien in respect of a contract not completely fulfilled.

(3) In case of the contract not having been completely fulfilled when the lien is claimed by wage earners the percentage aforesaid shall be calculated on the work done or materials furnished by the contractor or subcontractor by whom such wage earners are employed.

(4) Where the contractor or subcontractor makes default in completing his contract the percentage aforesaid shall not as against a wage earner claiming a lien under this Act be applied to the completion of the contract or for any other purpose by the owner or contractor nor to the payment of damages for the non-completion of the contract by the contractor or the subcontractor nor in payment or satisfaction of any claim of any kind against the contractor or subcontractor.

(5) Every device by any owner, contractor or subcontractor adopted to defeat the priority given to wage earners for their wages by this Act shall as respects such wage earners be null and void.

15. Nothing in this Act contained shall apply to make legal any payment made for the purpose of defeating or impairing a claim for a lien arising or existing under this Act and all such payments shall be null and void.

16. During the continuance of a lien no portion of the materials affected thereby shall be removed to the prejudice of the lien and any attempt at such a removal may be restrained on application to the court or to a judge having power to try an action to realize a lien under this Act.

(2) The court or judge to whom any such application is made may make such order as to the costs of and incidental to the application and order as he deems just.

(3) When any material is actually brought upon any land to be used in connection with such land for any of the purposes enumerated in section 4, the same shall not be subject to execution or other process to enforce any debt (other than for the purchase thereof) due by the person furnishing the same.

17. (1) Subject to the provisions of subsection (3) a claim for lien applicable to the case may be registered in the land titles of the land registration district in which the land is situated and shall set out:—

(a) The name and residence of the person claiming the lien and of the owner of the property to be charged and of the person for whom and upon whose credit the work or service was or is to be done or materials furnished or placed and the date upon which the contract or service was completed the last material furnished or the last work done; or, where the claim is registered before the contract, service, furnishing of material or work, has been completed, the time or period within which the same was to be performed or completed; Amended 1920, c. 72 s. 1 (1).

(b) A short description of the work or service done or the materials furnished or placed or to be furnished or placed;

(c) The sum claimed as due or to become due;

(d) A description of the property to be charged;

(e) An address for service on the party claiming the lien.

(2) The claim may be in form A, B, C or D, and shall be verified by the affidavit of the person claiming the lien or of his agent or assignee having a personal knowledge of the matters required to be verified and the affidavit of the agent or assignee shall state that he has such knowledge.

(3) No such claim shall be registered, nor shall any such claim which is not registered at the date when this subsection becomes operative be capable of enforcement under the provisions of this Act, where the amount claimed as due, or the aggregate of the amounts claimed as due by a number of persons uniting in accordance with section 18, does not exceed \$50. 1920, c. 72 s. 1 (2).

18. A claim for lien may include claims against any number of properties and any number of persons claiming liens upon the same property may unite therein; but where more than one lien is included in one claim each lien shall be verified by affidavit as provided in section 17.

19. (1) A substantial compliance only with sections 17 and 18 shall be required and no lien shall be invalidated by reason of failure to comply with any of the requirements of the

said sections unless in the opinion of the court or judge who has power to try an action under this Act the owner, contractor or subcontractor, mortgagee or other person, as the case may be, is prejudiced thereby and then only to the extent to which he is thereby prejudiced.

(2) Nothing in this section contained shall be construed as dispensing with registering of the lien required by this Act.

20. The registrar upon payment of the prescribed fee shall register the claim so that the same may appear as an incumbrance against the land therein described.

21. Where a claim is so registered the person entitled to the lien shall be deemed a purchaser *pro tanto*.

22. A claim for lien by a contractor or subcontractor may in cases not otherwise provided for be registered before or during the performance of the contract or within thirty days after the completion thereof.

(2) A claim for lien for materials may be registered before or during the furnishing or placing thereof or within thirty days after the furnishing or placing of the last material so furnished and placed.

(3) A claim for lien for services may be registered at any time during the performance of the service or within thirty days after the completion of the service.

(4) A claim for lien for wages may be registered at any time during the performance of the work for which such wages are claimed or within thirty days after the last day's work for which the lien is claimed.

(5) In the case of a contract which is under the supervision of an architect, engineer or other person upon whose certificate payments are to be made the claim for a lien by a contractor may be registered within the time mentioned in subsection (1) or within seven days after the said architect, engineer or other person has given his final certificate or has upon application to him by the contractor refused to give a final certificate.

#### Duration of Lien.

23. Every lien, a claim for which is not duly registered under the provisions of this Act, shall cease to exist at the expiration of the time hereinbefore limited for the registration thereof unless in the meantime an action is commenced to realize the claim or in which the claim may be realized under the provisions of this Act and, a certificate thereof (form F) signed by the clerk of the court is duly registered in the land titles office of the land registration district wherein the property in respect of which the lien is claimed is situated:

Provided however that claims may be registered and actions commenced after the time hereinbefore limited for so doing and that the failure to register such claim or to commence such action within the times mentioned in this and section 22 shall not defeat such lien except as against intervening parties becoming entitled to a lien or charge upon such land whose claim with respect to said land is registered prior to the registration of such lien or as against an owner in respect of payments made in good faith to a contractor after the expiration of said period of thirty days and before any claim of lien is registered or notice thereof given to the owner.

24. Any person claiming any right, title or interest in and to any property in respect of which any claim of lien is registered as hereinbefore provided, may at any time after thirty days have expired since the filing of such lien require the registrar to notify the lienholder by notice in writing (form E) forwarded by registered mail to the address for service of the said lienholder that unless an action to realize such claim or lien in which such claim may be realized is instituted and a certificate that such action has been so instituted which certificate (form F) shall be signed by the clerk of the court in which such action is so instituted is deposited in the said land titles office within thirty days from the date of such notice such lien shall cease to exist; and if such action is not so instituted and the certificate aforesaid so filed within thirty days from the date of the mailing of such notice such lien shall thereupon cease to exist and the registrar shall vacate the registration thereof unless prior to the expiration of the said thirty days there is registered in the said land titles office an order of a judge extending the time for instituting such action.

#### Transmission of Lien.

25. In the event of the death of the lienholder his right of lien shall pass to his personal representatives and the right of a lienholder may be assigned by any instrument in writing.

#### Discharge and Vacating Lien.

26. A lien may be discharged by a receipt signed by the claimant or his agent duly authorized in writing acknowledging payment and verified by affidavit and registered with the registrar; such receipt shall be numbered and entered by the registrar like other instruments; the fees shall be the same as for registering a claim of lien.

(2) Upon application the court or judge may receive security or payment into court in lieu of the amount of the claim and may thereupon vacate the registration of the lien.

(3) The court or such judge may vacate the said registration upon any other ground.

## Effect of Taking Security on Lien.

27. The taking of any security for or the acceptance of any promissory note for or the taking of any other acknowledgment of the claim or the giving of time for the payment of the claim or the taking of any proceedings for the recovery of the claim or the recovery of any personal judgment therefor shall not merge, waive, pay, satisfy, prejudice or destroy any lien created by this Act unless the lienholder agrees in writing that it shall have that effect.

## Lienholder Entitled to Information and Inspection of Contract.

28. Any lienholder may at any time demand from the owner or his agent the terms of the contract or agreement with the contractor for and in respect of which the work, services or materials is or are performed or furnished or placed and if such owner or his agent does not at the time of such demand or within a reasonable time thereafter inform the person making such demand of the terms of such contract or agreement or the amount due and unpaid upon such contract or agreement or makes any false statement or knowingly falsely states the terms of the said contract or agreement or the amount due or unpaid thereon and if the person claiming the lien shall sustain loss by reason of such refusal or neglect or false statement the said owner shall be liable to him in an action therefor to the amount of such loss.

## Power of Court to Order Inspection.

29. The court or a judge may on a summary application at any time before or after any action is commenced for the enforcement of such lien make an order requiring the owner or his agent to produce and allow any lienholder to inspect any such contract and may make such an order as to the costs of such application and order as is just.

## Enforcement of Liens.

30. Notwithstanding anything contained in The King's Bench Act and The District Courts Act all actions to realize under a lien shall, irrespective of the amount involved or the fact that the title to land is called in question be brought, tried and determined in the district court in the same manner and subject to the same right of appeal as ordinary actions in the court.

31. It shall not be necessary to make any lienholders parties defendant to the action, but all lienholders served with the notice of trial shall for all purposes be deemed parties to the action.

32. The party setting an action down for trial shall at least ten days before the opening of the sitting of the court at which the action is to be tried serve notice of trial (form G) upon all lienholders who have filed their claims as required by this Act, or who are known to him; such service shall be personal, unless otherwise directed by the judge, who may direct in what manner the notice of trial may be served.

33. Any number of lienholders claiming liens on the same property may join in an action and any action brought by a lienholder shall be taken to be brought on behalf of all other lienholders on the property in question.

34. (1) Upon the trial of any action to realize under a lien the judge shall decide all questions which arise therein or which are necessary to be tried in order to completely dispose of the action and to adjust the rights and liabilities of all parties concerned and shall take all accounts, make all inquiries and give all directions and do all other things necessary to try and otherwise finally dispose of the action and of all matters, questions and accounts arising in the action or at the trial and to adjust the rights and liabilities of and give all necessary relief to all parties concerned and shall embody all results in the judgment.

(2) The judge who tries the action may order that the estate or interest charged with the lien may be sold and when by the judgment a sale is directed of the estate or interest charged with the lien the judge who tries the action may direct the sale to take place at any time after judgment allowing however a reasonable time for advertising such sale and may make all necessary orders for the completion of the sale and vesting the property in the purchaser.

(3) The judge who tries the action may also direct the sale of any materials and authorize the removal of the same.

(4) Any lienholder who has not proved his claim at the trial of an action to enforce a lien on application to the judge who tried the action on such terms as to costs and otherwise as may be just may be let in to prove his claim at any time before the amount realized in the action for the satisfaction of liens has been distributed and where such a claim is proved and allowed the judge shall amend the judgment so as to include such claim therein.

(5) When a sale is held the judge shall direct to whom the moneys in court shall be paid and may add to the claim of the person conducting the sale his actual disbursements in connection therewith and where sufficient to satisfy the judgment and costs is not realized from the sale he shall certify the amount of the deficiency and the names of the persons with their amounts who are entitled to recover the same and the persons by the judgments adjudged to pay the same; and such persons shall be entitled to enforce the same by execution or otherwise as a judgment of the court.

35. When more actions than one are brought to realize liens in respect of the same property a judge may on the application of any party to any one of such actions or on the application of any other person interested consolidate all such actions into one action and may give the conduct of the consolidated action to any plaintiff he sees fit.

36. Any lienholder entitled to the benefit of the action may apply for the carriage of the proceedings and the judge may thereupon make an order giving such lienholder the carriage of the proceedings and such lienholder shall for all purposes thereafter be the plaintiff in the action.

37. Where a lien is discharged or vacated under section 26 or where in an action judgment is given in favour of or against a claim for a lien in addition to the costs of an action the judge may allow a reasonable amount for costs of drawing and registering the lien or for vacating the registration of the lien.

(2) Where the amount found due in respect of a claim of lien does not exceed \$100, the costs of action shall be such costs only as are recoverable in an action brought under the provisions of the small debt procedure of the district courts. 1920, c. 72, s. 2.

38. The costs of and incidental to all applications and orders made under this Act and not otherwise provided for shall be in the discretion of the judge to whom the application of by whom the order is made.

39. All judgments in favour of lienholders shall adjudge that the person or persons personally liable for the amount of the judgment shall pay any deficiency which may remain after sale of the property adjudged to be sold and whenever on a sale of any property to realize a lien under this Act sufficient to satisfy the judgment and costs is not realized therefrom the deficiency may be recovered by execution against the property of such person or persons.

40. Whenever in an action brought under the provisions of this Act any claimant shall fail for any reason to establish a valid lien he may nevertheless recover therein a personal judgment against any party or parties to the action for such sum or sums as appear to be due to him and which he might recover in an action on contract against such party or parties.

41. Where in this Act a time is limited for registering a document or taking a proceeding, and through accident, mistake or inadvertence the time thus limited has been allowed to expire without such document being registered or proceeding taken, the judge may nevertheless, upon such terms as seem just, extend the time so limited; such enlargement shall be subject to the rights of third persons accrued by reason of the failure or omission to register the document or take the proceeding within the time limited.

#### Liens for Improvement of Chattels.

42. (1) Every mechanic or other person who has bestowed money or skill and materials upon any chattel or thing in the alteration and improvement of its properties or for the purpose of imparting an additional value to it so as thereby to be entitled to a lien upon such chattel or thing for the amount or the value of the money or skill and materials bestowed, shall, while such lien exists but not afterwards in case the amount to which he is entitled remains unpaid for three months after the same ought to have been paid, have the right in addition to all other remedies provided by law to sell the chattel or thing in respect of which the lien exists.

(2) One month's notice of the sale shall be given by advertisement in a newspaper published in the locality in which the work was done, or in case there is no newspaper published in such locality or within ten miles of the place where the work was done, then by posting up not less than five notices in the most public places within the locality for one month stating—

- (a) the name of the person indebted;
- (b) the amount of the debt;
- (c) a description of the chattel or thing to be sold;
- (d) the time and place of sale and the name of the auctioneer;

and leaving a like notice in writing at the residence or last known place of residence, if any, of the owner, as the case may be, or by mailing the same to him by registered letter if his address be known.

(3) Such mechanic or other person shall apply the proceeds of the sale in payment of the amount due to him and the costs of advertising and sale and shall upon application pay over any surplus to the person entitled thereto.

(Forms omitted).

#### Woodmen's Liens.

Chapter 207. —1. This Act may be cited as The Woodmen's Lien Act.

2. In this Act unless the context otherwise requires the expression:

(1) "Logs and timber" includes logs, timbers, telegraph poles, railway ties, pulpwood, shingle bolts or staves, or any of them, and fence posts and cordwood while lying piled for shipment by rail or water;

(2) "Labour" includes cutting, skidding, felling, hauling, scaling, banking, driving, running, rafting or booming any logs or timber and any work done by cooks, blacksmiths, artisans and others usually employed in connection therewith;

(3) "Judge" means a judge of any of the district courts in Saskatchewan.

3. (1) Every agreement or bargain, verbal or written, expressed or implied made or entered into on the part of any workman, servant, labourer, mechanic or other person employed in any kind of manual labour intended to be dealt with in this Act by which it is agreed that this Act shall not apply or that the remedies provided by it shall not be available for the benefit of any person entering into such agreement is hereby declared to be null and void and of no effect as against any such workman, servant, labourer, mechanic or other person.

(2) This section shall not apply to any foreman, manager, officer or other person whose wages are more than \$3 a day exclusive of board and lodgings.

4. Any person performing any labour in connection with any logs or timber within this Province shall have a lien thereon for the amount due for such labour; and the same shall be deemed a first lien or charge on such logs or timber and shall have priority over all other claims or liens thereon except any lien or claim which the Crown has upon such logs or timber for or in respect of any dues or charges.

5. (1) The lien provided for in section 4 shall not continue to be a charge on the logs or timber after the time within which the statement of claim hereinafter provided for is required to be filed unless such statement verified upon oath by the person claiming such lien or some one duly authorized on his behalf is filed as hereinafter provided.

(2) Such statement shall be in writing and shall be filed in the office of the clerk of the district court of the judicial district in which the labour or some part thereof has been performed;

Provided that when such labour has been performed upon any logs or timber got out to be run down or which have been run down any of the rivers or streams within or partly within Saskatchewan such statement may, at the option of the claimant, be filed in the office of the clerk of the district court of the judicial district wherein the drive terminates or reaches its destination.

6. Such statement (form A) shall set out briefly the nature of the debt, demand or claim, the amount due to the claimant as near as may be over and above all legal set off or counter-claim and a description of the logs or timber upon or against which the lien is claimed.

7. If such labour, or any part thereof is performed between the first day of October and the first day of April next thereafter, the statement of claim shall be filed on or before the thirtieth day of the said month of April; but if such labour or any part thereof is performed on or after the first day of April and before the first day of October in any year then such statement shall be filed within thirty days after the last day upon which such labour or some part thereof was performed.

8. No mortgage, sale or transfer of the logs or timber upon which a lien is claimed under this Act made during the time limited for the filing of such statement of claim and previous to the filing thereof, or after the filing thereof and during the time limited for enforcement thereof, shall in any wise affect such lien; but such lien shall remain and be in force against such logs or timber in whosoever possession the same are found.

9. Any person or persons having a lien upon or against any logs or timber under this Act may enforce the same by action in the district court where such statement of lien is filed; and such action may be commenced to enforce such lien if the same is due immediately after the filing of such statement or if credit has been given immediately after the expiry of the period of credit; and such lien shall cease to be a lien upon the property named in such statement unless the proceedings to enforce the same are commenced within thirty days after the filing of the statement of claim or within thirty days after the expiry of the period of credit. In all such actions the person, company or corporation liable for the payment of such debt or claim shall be made the party defendant.

10. There shall be attached to or indorsed upon the writ of summons a copy of the lien claim as hereinbefore provided; and no other statement of claim shall be necessary unless ordered by the judge; and except as herein otherwise provided the practice shall be that of the district courts; writs may be served anywhere in the Province in the same manner as in other cases and the judgment shall declare that the same is for labour, the amount thereof and costs and that the plaintiff has a lien thereon on the property described when such is the case.

11. When an execution has issued and has been placed in the sheriff's hands for execution and no attachment has been issued the proceedings for the enforcement of the lien shall be by sale under the execution and the proceedings relating to proof of other claims and the payment of other money into court and the distribution of money and otherwise shall as far as practicable be the same as hereinafter provided for proceedings upon and subsequent to an attachment.

12. (1) The judge may direct that any action brought to enforce a lien under the provisions of this Act shall be disposed of summarily by him in chambers without waiting for the regular sittings of the court upon such terms as to notice and otherwise as the order provides and the same may be so heard and disposed of.

(2) The judge may also entertain in chambers any application to set aside an attachment or seizure or to release logs or timber that have been seized and may summarily dispose of the same.

13. Where the amount of any claim whereon action has been commenced as aforesaid is not less than \$10 upon the filing of a copy of the said claim and affidavit and of an affidavit made and sworn by the claimant of the amount of the claim due and owing and showing that the same has been filed as aforesaid and stating that:

(a) he has good reason to believe and does believe that the logs or timber are about to be removed out of Saskatchewan; or

(b) that the person indebted for the amount of such lien has absconded from the Province with intent to defraud or defeat his creditors; or

(c) that the logs or timber are about to be cut into lumber or other timber, so that the same cannot be identified.

(d) and that he is in danger of losing his said claim if an attachment do not issue; and if an affidavit corroborating the affidavit of the plaintiff in respect of clauses (a), (b) and (c) is also filed, the judge of the proper district court may, on application made to him *ex parte*, direct the clerk to issue a writ of attachment directed to the sheriff of such court commanding him to attach, seize, take and safely keep such logs or timber or a sufficient portion thereof to secure the sum mentioned in the said writ and the costs of the action and of the proceedings to enforce the lien and to return the writ forthwith to the court out of which the same is issued.

14. Where additional claims are made or the amount of claim is increased or a sufficient seizure has not been made, a second or subsequent seizure may be made under either execution or attachment.

15. A copy of the writ of attachment shall be served upon the defendant; and if the defendant is not the owner of the logs or timber described in the writ of attachment a copy of the writ shall also be served upon the owner of said logs or timber or upon the agent or person in whose possession, custody or control for him they may be found; the owner may, on his own application or by the direction of a judge, be made at the trial a party defendant.

16. In case the defendant or owner cannot be found within the Province or the owner cannot be ascertained and no agent or person is in possession for the owner, the writ may be served in such manner as the judge by order directs.

17. No sheriff shall seize upon or detain any logs or timber under the provisions of this Act when in transit by water from the place where cut to the place of destination.

18. In case of an attachment if the owner of the logs or timber or any person in his behalf executes and files with the clerk of the court out of which the attachment has issued a good and sufficient bond to the person claiming the lien executed by two sureties and conditioned for the payment of the claim and of all damages, costs, charges, disbursements and expenses that may be recovered by the claimant in such proceedings together with the amount for which a lien is claimed in any other action, if any, the judge may upon application *ex parte* if satisfied as to the sufficiency of the bond, issue an order to the sheriff having in charge the logs or timber directing their release; and upon service of such order upon the sheriff he shall release the same.

19. Any person who shall have been served with a copy of the writ of attachment under this Act and who may desire to dispute the same shall within twenty days after such service enter in the court in which proceedings are pending a notice that he or they dispute the claim upon the lien in whole or in part or file a statement of defence as the practice of the district courts may require.

20. The defendant may, at any time after service of the writ of attachment and before the sale of the logs or timber, pay into court the amount for which a lien is claimed in the action together with the amount for which a lien is claimed in any other action, if any, together with the costs of the proceedings thereon to the date of such payment taxed by the clerk of the court if so required; and the person making such payment shall thereupon be entitled to a certificate vacating such lien or liens; and upon the certificate being filed with the clerk of the district court in which the original statement or statements of claim was or were filed, such lien or liens shall be vacated and all further proceedings thereon shall cease and the person making such payment shall further be entitled to an order directing the delivery up of the logs or timber seized under the attachment or the cancellation of any bond given under section 18.

21. After the expiration of the time hereinbefore named within which notice of dispute may be entered or statement of defence filed, the judge shall in chambers as provided by section 12 or at the next sitting of the court after due notice to all parties to the action and to all persons claiming liens on the logs or timber and whose liens are duly filed as aforesaid or to their solicitors, hear all such parties and claimants and take all accounts necessary to determine the amounts, if any, due to them or any of them or to any other holders of liens who may be called by the judge to prove their liens and shall tax them their costs and determine by whom the same shall be payable and settle their priorities and generally determine all such matters as may be necessary for the adjustment of the rights of the several parties.

22. At the conclusion of the inquiry the judge shall make his report and order which shall state his findings and direct the payment into court in which proceedings are pending of the amounts, if any, so found due and the costs within ten days thereafter; and in default of such payment that the logs or timber shall be sold by the sheriff for the satisfaction of the amounts found due to the several parties upon the inquiry and costs.

23. In default of payment into court under section 22 within the time named therein the said logs or timber shall within twenty days thereafter be sold by the sheriff holding the same in the manner and subject to the same provisions of law as goods and chattels seized or taken in execution unless the judge shall direct that additional publicity be given to the sale; and the amount realized by such sale, shall after deducting expenses thereof payable to the sheriff, be paid into the court in which the proceedings are pending and shall upon the application of the several parties found to be entitled thereto under the order of the judge, be paid out to them by the clerk of the court:

Provided that where the amount realized upon the sale is not sufficient to pay the claims in full and costs the judge shall apportion the amount realized *pro rata* among the different claimants.

24. If after such sale and distribution of the proceeds thereof under section 23 any balance remains due to any person under the order of the judge, judgment may be entered therefor against the person or persons by whom the claim was directed to be paid and execution may be issued thereupon as in the case of other judgments in the district court.

25. Where nothing is found due upon the several claims filed under this Act or upon the lien or liens in respect to which proceedings have been taken, the judge may direct by his said order that the lien or liens be discharged and the logs or timber released or the security given therefor be delivered up and cancelled and shall also by such order direct payment forthwith of any costs which are found due to the defendant or owner of the said logs or timber.

26. Where more money is paid into court as the proceeds of the sale of logs or timber than is required to satisfy the liens which have been proved and the interest and costs the remaining moneys shall be paid over to the party entitled to the same unless the judge otherwise orders.

27. Any person affected by proceedings taken under this Act may apply to the judge to dismiss the same for want of prosecution and the judge may make such order upon the application as to costs or otherwise as may be just.

28. The judge may, at any stage of such proceedings on the application of any party or as he sees fit, order that any person who may be deemed a necessary party to any such proceedings be added as a party thereto or be served with any process or notice provided for by this Act; and the judge may make such order as to the costs of adding such person or corporation or as to such service as is just.

29. Nothing in this Act contained shall be deemed to disentitle any person to any other remedy than that afforded by this Act for the recovery of any amount due in respect of labour or any part thereof performed upon or in connection with any logs or timber; and where action is brought to enforce a lien but no lien is found to exist judgment may be directed for the amount found due as in an ordinary case.

30. Any number of lienholders may join in taking proceedings under this Act or may assign their claims to any one or more persons; but the statement of claim to be filed under section 5 shall include particular statements of the several claims of persons so joining and shall be verified by the affidavits of such persons so joining, or separate statements of claim may be filed and verified as by this Act provided and one attachment or writ of summons issued on behalf of all the persons so joining.

31. Where suits are brought in more than one district court respecting liens or claims upon the same logs or timber the proceedings after the issue of the first summons or attachment shall be had in the district court out of which such summons or attachment first issued unless the judge otherwise orders.

32. The forms necessary to be used in any action or proceeding under this Act, the cost to be taxed to any party therein and the procedure regulating the practice in actions brought and other proceedings taken under the provisions of this Act shall, so far as the same are not inconsistent with this Act, be as nearly as may be according to the forms, tariff of costs and procedure in force in the district courts.

(Schedule omitted.)

### Protection of Thresher Employees' Wages.

Chapter 209.—1. This Act may be cited as The Thresher Employees' Act.

#### Interpretation.

2. In this Act unless the context otherwise requires the expression:

(1) "Employer" includes any person or body of persons corporate or unincorporate with whom an employee as defined by this Act has entered into a contract of service whether such employer is the owner, lessee or bailee of the threshing machine on or about which such contract of service is performed;

(2) "Employee" includes every person who is engaged in an employment of threshing on or about any threshing machine and means any person who has entered into or works under a contract of service with an employer as defined by this Act whether the contract is expressed or implied, is oral or in writing;

(3) "Court" means the district court of the judicial district within which the threshing or some part thereof has been performed; and "judge" means the judge of the said court.

3. (1) Any employee who works for wages on or about any threshing machine shall, to the extent of his wages, have a claim against the earnings of his employer in the hands of a third person for whom such threshing has been done by his employer and in the course of which such employee was engaged; and such claim shall have priority over all assignments, attachments or garnishments of such earnings whensoever made and over every claim or right of every kind and description whatsoever.

(2) No such third person shall be liable to any action or proceeding by such employer or his assigns in respect of such earnings while retained by him pursuant to the provisions of this Act.

4. (1) Such claim shall cease to exist unless such employee serves a claim and proceeds as provided by this Act.

(2) When an employee is unable to effect prompt personal service, he may apply to the judge of the district court of the judicial district in which is situated the land upon which the work was done, and the judge may make such order, for substituted or other service or for the substitution for service of notice by letter, public advertisement, or otherwise, and upon such evidence as appears just.

5. (1) Such claim (form A) shall be in writing and shall set out:—

(a) The full name and post office address of such employee together with the post office address and full name of such employer where practicable with as much certainty and particularity as possible;

(b) A short description of the work or service done together with a statement of the length of time worked by such employee;

(c) The sum of money claimed as due.

(2) Such claim shall be verified by the affidavit of such employee.

(3) Such claim shall within twenty days after such threshing is completed be served on such third person and on such employer.

6. Every such third person for whom such threshing has been done shall hold in his possession until the expiration of the said twenty days the sum of money earned by such employer:

Provided, however, that in case a claim under this Act has within the said twenty days been served upon him, such third person shall continue to hold in his possession such sum of money until the expiration of thirty days from the completion of such threshing or for such further time as is provided by this Act;

Provided further that such third person shall, on default so to hold in his possession such sum of money be, to the extent thereof liable for the wages due to every employee in respect of such threshing.

7. (1) Subject to the provisions of section 8 such third person shall after the expiration of said thirty days pay to such employee upon demand the amount of his claim unless within the said thirty days such employer has served upon such third person a notice of contest as herein provided.

(2) All payments lawfully made under this Act by such third person shall be deemed to be payment *pro tanto* to such employer.

(3) In case such third person neglects or refuses to pay such wages upon demand as provided by this section he may be proceeded against by such employee under The Masters and Servants Act, the provisions whereof are hereby declared to be applicable to any proceedings taken by such employee under this section.

8. In case the total sum of money in respect of which such claims have been served on such third person exceeds the total sum of money earned by such employer in threshing for such third person, such third person shall, after the expiration of twenty days and not later than thirty days after such threshing was completed, pay into the district court such total sum of money which payment shall be a valid discharge to him against such employer to the amount paid, and shall at the same time deliver or transmit by registered letter to the clerk of such court all claims, notices of contest and all other documents served upon him relating to such sum of money.

9. Whenever the provisions of section 8 do not apply to the circumstances of the case such third person shall in case within the said thirty days he has been served with a notice of contest by such employer in respect of any claim as herein provided, forthwith but not later than forty days after such threshing was completed and subject to the provisions of section 8 pay into the district court the sum of money claimed in such claim which payment shall be a valid discharge to him against such employer to the amount paid and he shall at the same time deliver or transmit by registered letter to the clerk of such court the claim, notice of contest and all other documents served upon him and relating to the said sum of money:

Provided, however, that in case the provisions of section 8 do apply to the circumstances of the case such third person shall forthwith after being served with any notice of contest of such employer but not later than forty days after such threshing was completed, deliver or transmit by registered letter to the said clerk all claims, notices of contest and all other documents served upon him and relating to the said sum of money.

10. The person so paying money into court under the provisions of sections 8 or 9 shall be entitled to deduct therefrom his necessary disbursements and costs (not exceeding five dollars) excepting when such sum of money is larger than the amount of the claim of the employee in which case the person so paying money into court may deduct such costs and disbursements out of the balance in his hands, but if such balance is not sufficient to cover such disbursements and costs he may deduct the difference from the amount to be paid into court.

11. The notice of contest (form B), shall contain a brief statement of the nature or grounds of contest and the post office address of such employer and be verified by the affidavit of the employer.

12. The clerk of the court shall from time to time:—

(a) forthwith after receipt by him of money paid into court pursuant to section 8 or 9 notify by registered letter such employer and all employees claiming in respect of such money; and

(b) forthwith after receipt by him of notice of contest under this Act notify by registered letter every employee in respect of whose claim such notice of contest is given;

Provided that if an employer shall in his notice of contest omit to state his post office address the notice to him shall be mailed to the address stated by the employee in his claim as required by section 5.

13 (1) Where a sum of money is paid into court under this Act any employee claiming under this Act (or in case there are more than one claiming then any one of such employees) may sue out an interpleader summons (form C) to determine, adjust and finally settle the rights of the several claims and parties to such sum of money paid into court and in such proceedings between employees and employers the former shall be plaintiff and the latter defendant; and in the event of such interpleader summons not being sued out by any such employee within twenty days after such sum of money has been paid into court such sum of money shall be paid out only in pursuance of an order of the judge of the said court to such employer or his assigns or to such other person as entitled thereto.

(2) Any number of claimants may be joined in such interpleader summons.

14. Upon the return of such interpleader summons the judge shall summarily determine the rights of the said several parties to the moneys so paid into court and may make such order in the premises and as to costs as shall to him appear just.

15. Where a sum of money has been paid into court by such third person and an order has been made for the payment of the sum out of court to such employees or any of them and such sum of money is not sufficient to satisfy in full the claims of such employees, such sum of money shall be distributed rateably among such employees subject to any order of the court as to costs;

Provided, however, that any sum of money so paid into court as to which no order of payment out to such employees or any of them has been made shall be paid out as provided by section 13.

16. Every employer shall, upon demand at any time of any employee or of any third person for whom threshing has been done, forthwith furnish to such employee or to such third person a written statement setting forth the length of time for which such employee is entitled at the time of such demand to be paid for such work and setting forth the sum of money earned by such employee for such work up to that time, which written statement shall be signed by such employer or by his foreman or agent acting for him; and if such employer or his foreman or agent refuses or neglects to furnish such written statement on demand he shall be liable upon summary conviction to a penalty of \$5 for every day during which such statement is withheld.

Provided, however, that any contravention of this section by the foreman or agent of any such employer shall be presumed to be the act of such employer, but such presumption may be rebutted by proof of explicit instructions to the contrary by such employer and any such foreman or agent contravening the provisions of this section and disobeying such explicit instructions shall be liable to the penalty provided by this section.

17. The following fees shall be paid to the clerk of the district court in respect of the following matters herein provided for and may be by him retained as to paragraphs 1 and 2 out of the money paid into court pursuant to section 8 or 9:

- (1) Filing claim, twenty-five cents;
- (2) Filing notice of contest, twenty-five cents;
- (3) Interpleader summons, fifty cents.

18. Any order or conviction by a justice of the peace under this Act against a member of a partnership shall be deemed to be an order or conviction against each member of such partnership.

### Workmen's Compensation.

Chapter 210.—1. This Act may be cited as The Workmen's Compensation Act.

#### Application of Act.

2. This Act shall apply only to employment by the principal on or in or about a railway, factory, mine, quarry, or engineering work; or in or about any building which is either being constructed or repaired or being demolished.

#### Interpretation.

3. In this Act, unless the context otherwise requires, the expression—

(1) "Court" or "district court" means the district court of the judicial district in which the defendant resides or in which the accident out of which the matter arose occurred or a judge of such district court;

(2) "Dependants" means such of the members of the workman's family as were wholly or in part dependent upon the earnings of the workman at the time of his death or would, but for the incapacity due to the accident, have been so dependent and where the workman being the parent or grandparent of an illegitimate child leaves such a child so dependent upon his earnings or being an illegitimate child leaves a parent or grandparent so dependent upon his earnings includes such an illegitimate child and parent or grandparent respectively;

(3) "Employer" includes the Crown in the right of Saskatchewan, any body of persons corporate or unincorporate, any municipality and the legal personal representative of a deceased employer; and, where the services of a workman are temporarily lent or let on hire to another person by the person with whom the workman has entered into a contract of service or apprenticeship the latter, shall for the purpose of this Act be deemed to be the employer of the workman while he is working for that other person; Amended 1920, c. 73, s. 1. (1).

(4) "Engineering work" means any work of construction or alteration or repair of a railway, harbour, dock, canal, sewer or system of waterworks; and outside electrical construc-

tion of all kinds, including the alteration and repair of outside wires, cables, apparatus and appliances; and includes any other work for the construction, alteration or repair of which machinery, driven by steam, water or other mechanical power is used;

(5) "Factory" means a building, workshop or place where machinery driven by steam, water or other mechanical power is used and includes mills where manufactures of wood, flour, meal, pulp or other substances are being carried on; smelters where metals are sorted, extracted or operated on; laundries worked by steam, water or other mechanical power, and docks wharves, quays, warehouses and ship-building yards where goods or materials are stored, handled, transported or manufactured.

(6) "Member of a family" means wife or husband, father, mother, grandfather, grandmother, stepfather, stepmother, son, daughter, grandson, granddaughter, stepson, stepdaughter, brother, sister, half-brother, half-sister, adopted child, foster parent.

(7) "Mine" means any kind of mine and includes every shaft in the course of being sunk and every level and inclined plane in the course of being driven for commencing or opening any mine or for searching for or proving minerals and all the shafts, levels, planes, works, machinery, tramways, railways and sidings, both below ground and above ground, in and adjacent to a mine and any such shaft, level and inclined plane of and belonging to the mine;

(8) "Principal" in the case of a railway means the person or company owning or operating the railway; in the case of a factory, mine or quarry, means the owner, occupier or operator thereof; in the case of an engineering work or other work specified in this Act, means the person undertaking the construction, alteration, repair or demolition;

(9) "Quarry" means an open cut from which rock is cut or taken;

(10) "Railway" means a road whether owned or operated by a private person, public company or municipal corporation on which carriages run over metal rails and shall include railways or tramways worked by the force and power of steam, electricity or of the atmosphere or by mechanical power or any combination of them;

(11) "Workman" means every person who is engaged in any employment to which this Act applies whether by way of manual labour or otherwise and whether his agreement is one of service or apprenticeship or otherwise and is expressed or implied, is oral or in writing, but does not include any person employed otherwise than by way of manual labour whose remuneration exceeds \$2,000 a-year. Amended 1920, c. 73, s. 1 (2).

4. If in any employment to which this Act applies personal injury by accident arising out of and in the course of the employment is caused to a workman his employer shall be liable to pay compensation in accordance with the provisions of this Act:

Provided that the employer shall not be liable under this Act in respect of any injury which does not disable the workman for a period of at least one week from earning wages at the work at which he was employed.

(2) Any contract whereby a workman relinquishes any right to compensation from the employer for personal injury arising out of and in the course of his employment, shall, for the purposes of this Act, be void and of no effect.

5. Such compensation may be recovered by action in the district court.

6. Such employer shall be liable to pay such compensation whether or not:

(a) the injury or death resulted from the negligence of any person engaged in a common employment with the injured employee; or

(b) the injury or death was caused by the negligence of the employer or of any person in his service, or by reason of any defect in the condition or arrangement of the ways, works, machinery, plant, building or premises connected with, intended for or used in the business of the employer; or

(c) the workman contributed to or was the sole cause of the injury or death by reason of his own negligence or misconduct; or

(d) the injury or death resulted from a risk arising out of or incidental to the nature of the employment and which the workman expressly or impliedly assumed.

7. If such injury results in death the action shall be brought by and in the name of the executor or administrator of the deceased workman and shall be for the benefit of the dependants of the deceased.

8. If within the time limited for bringing an action under this Act an action is brought to recover damages independently of this Act for injury caused by an accident, and it is determined in such action that the injury is one for which the employer is not liable in such action, but that he would have been liable to pay compensation under this Act the action shall be dismissed; but the judge before whom such action is tried shall, if the plaintiff so chooses, either immediately or in case of an unsuccessful appeal upon notice to the opposite party within thirty days after the disposition of such appeal, proceed to assess such compensation and to adjudge the same to the plaintiff, and he shall be at liberty to deduct from such compensation all or part of the costs which in his judgment have been caused by the plaintiff bringing his action independently of this Act instead of proceeding under the same, and also, in cases where there has been an appeal, the costs of the appeal.

9. (1) Where in any employment to which this Act applies the principal contracts with any person (in this section called "the contractor") for the execution by or under such contractor of any work in the way of the principal's trade or business the principal shall be liable to pay any workman employed in the execution of the work any compensation under this Act which he would have been liable to pay if that workman had been immediately employed by him:

Provided that the principal shall be entitled to be indemnified by any other person who would have been liable independently of this section.

(2) This section shall not apply to any contract with any person for the execution by or under such person of any work which is merely ancillary or incidental to and is no part of or process in the trade or business carried on by such principal.

(3) Nothing in this Act shall be construed as preventing a workman recovering compensation under this Act from the contractor instead of the principal.

10. (1) Where any employer has entered into a contract with any insurers in respect of any liability under this Act to a workman, then in the event of the employer making a composition or arrangement with his creditors, or, if the employer is a company, in the event of the company having commenced to be wound up, the rights of the employer against the insurers as respects that liability shall be transferred to and vest in the workman, and upon any such transfer the insurers shall have the same rights and remedies and be subject to the same liabilities as if they were the employer, provided, however, that the insurers shall not be under any greater liability to the workman than they would have been under to the employer.

(2) If the liability of the insurers to the workman is less than the liability of the employers to the workman the workman may prove for the balance in the liquidation proceedings.

(3) There shall be included among the debts which under The Companies Winding Up Act are in the distribution of the assets of a company being wound up to be paid in priority to all other debts, the amount not exceeding in any individual case five hundred dollars due in respect of any compensation the liability wherefor accrued before the date of the commencement of the winding up and the said Acts shall have effect accordingly.

(4) The provisions of this section with respect to preferences and priorities shall not apply where the company being wound up has entered into such a contract with insurers as aforesaid.

(5) This section shall not apply where a company is wound up voluntarily merely for the purposes of reconstruction or of amalgamation with another company.

11. An action under this Act shall not be maintainable unless it is commenced within six months from the occurrence of the accident causing the injury or in case of death within six months from the time of death.

12. In the case of any injury for which compensation is payable under this Act the plaintiff may at his option proceed either under this Act against the employer or independently of this Act against the said employer or any other person from whom he is entitled at law to recover damages; but the plaintiff shall not be at liberty to proceed both under and independently of this Act.

13. Where compensation is paid under this Act by an employer for an injury caused under circumstances creating a legal liability in some person other than the employer, the employer shall be entitled to be indemnified by the said other person.

14. (1) Notwithstanding anything hereinbefore contained this Act shall not apply to the employment of agriculture nor to any work performed or machinery used on or about a farm or homestead for farm purposes or for the purpose of improving such farm or homestead, and, for greater certainty but so as not to restrict in any degree the generality of the foregoing words of this section, this Act shall not apply to any of the following employments on a farm:

(a) Threshing, cleaning, crushing, grinding or otherwise treating grain, sawing wood, posts, lumber or other wooden material or otherwise treating the same, pressing hay by any kind of machinery or motive power whether such machinery or motive power is portable or stationary and whether the same is owned and operated by the farmer or farmers for whose purpose the same is being used or by any other farmer or other person for gain, profit or reward;

(b) The construction, repair or demolition of any farm building, windmill, derrick or other structure.

(2) The word "factory" as defined in this Act shall not be held to include any building, workshop, place or mill on a farm used for the purposes of such farm.

(3) The words "mine" or "quarry" as defined in this Act shall not be held to include any mine or quarry on a farm used for the purposes only of such farm.

(4) The words "engineering work" as defined in this Act shall not be held to include any ditch, drain, well or other excavation on a farm being constructed or repaired for the purpose of such farm or any adjoining farm or farms.

(5) Notwithstanding anything contained in this section any person undertaking the construction, repair, or demolition of any building upon any farm under contract with the owner or occupant of such farm shall be liable to the workmen employed by him for the compensation for injuries provided by this Act.

15. The amount of compensation recoverable under this Act shall not exceed either such sum as is found to be equivalent to the estimated earnings during the three years preceding the injury of a person in the same grade employed during those three years in a like employment or the sum of \$2,000 whichever is larger but shall not exceed in any case the sum of \$2,500. Amended 1920. c. 73, s. 2.

16. The amount of compensation recoverable under this Act shall not be subject to any deduction or abatement by reason or on account or in respect or any matter or thing whatsoever save in respect of any sums of money which have been paid by the employer to the workman on account of the injury received by the workman, which sum or sums shall be deducted from the amount of said compensation.

17. Save in respect of indebtedness incurred for care and treatment in an hospital, which receives and from the Consolidated Fund of the Province, the amount of compensation recover-

able under this Act shall not be capable of being assigned, charged or attached and shall not pass to any other person by operation of law nor shall any claim be set off against the same.

18. Where the action is brought on behalf of the dependants of a workman for an injury resulting in death, the amount of the compensation awarded after deducting costs shall be divided among the said dependants in such shares as the court determines.

19. Every action for recovery of compensation under this Act shall be tried by a judge sitting without a jury, and an appeal may be taken from the decision of such judge to the Court of Appeal upon any question of law or mixed question of law and fact.

20. (1) It shall be the duty of every employer forthwith after the happening of any accident whereby any workman in his employ has become wholly or partially incapacitated from work to make a report (form A) of such accident to the Commissioner of the Bureau of Labour and Industries at Regina, together with all the details of the injury caused thereby as the same are set out in form A, and unless such employer has complied with the requirements of this section within ten days after the happening of such accident he shall be deemed guilty of an offence and liable upon summary conviction to a penalty not exceeding \$300 and to a further penalty not exceeding \$10 for each day subsequent to the expiration of the said interval during which he neglects to make such report, and in default of payment to imprisonment for a term not more than three months.

(2) No report required by this section to be made nor any part thereof shall be admitted in evidence or referred to at the trial of any action or in any judicial proceeding whatever except a prosecution for a violation of this Act.

22 (1) Where an action is maintainable under the foregoing provisions of this Act, in respect of an accident from which death has resulted, and the executor or administrator of the person deceased, acting on behalf of the dependants of the said deceased, has agreed either before or after the commencement of an action on a settlement of said claim or action, either the said executor or administrator or the other person against whom such claim or action is made or brought may, on ten days' notice to the opposite party, and, in case any of such dependants are minors, to the Official Guardian, apply to a judge in chambers of the district court of the judicial district in which the defendant resides or in which the accident out of which the matter arose occurred, for an order confirming the said settlement.

(2) The judge may on such application confirm or disallow the said settlement, but if the said settlement is confirmed by him, the party against whom the said claim is made or action brought shall be discharged from all further claims thereunder.

(3) The judge may also on such application order the money or a portion thereof to be paid into court or otherwise apportioned and distributed as he deems best in the interests of those entitled thereto.

### Sunday Labour.

[Chapter 69, R.S.S. 1909, an act to prevent the Profanation of the Lord's Day, was omitted from the Revision of 1920 and was repealed at the 1920 session of the Legislature.]

## ALBERTA.

## CONSOLIDATED ORDINANCES OF THE NORTHWEST TERRITORIES, 1898.

## Early Closing in Shops.

Chapter 70.—95. The council of every municipality may pass by-laws for:

(74) The enforcement of closing at any specified hour of all wholesale and retail shops, stores or other places where any mercantile business is carried on, provided the council is requested to do so by a petition signed by three-quarters of the rate-payers of the municipality who are engaged in any such line of business.

## Liability of Employers for Taxes of Employees.

Chapter 70.—148. In case any person neglects or refuses to pay any income tax when demanded by the secretary-treasurer the secretary-treasurer shall then demand from the employer or employers of the person so neglecting or refusing the amount due for such income tax and the person paying the same shall deduct the amount so paid from the salary or wages due the person so neglecting or refusing and the said employer or employers are hereby rendered liable for the amount or amounts demanded by the secretary-treasurer if they fail to deduct the same from the salary or wages due to the person employed.

165. Except members of Her Majesty's naval or military force on full pay or on actual service or of the Northwest Mounted Police force or of a fire company duly organized by by-law of the municipality, every male inhabitant of a town municipality of the age of twenty-one years and upwards who has resided in the said town for a period of two months or more and has not been assessed on the assessment roll of the municipality shall be taxed at \$2 yearly.

(2) Persons residing within two miles of a town municipality who have a place of business therein and whose names are not on the assessment roll or who receive employment and are paid wages or salary therein are hereby liable to pay poll tax subject to the provisions of this Ordinance.

166. Any person liable to pay taxes imposed by the next preceding section shall pay the same to a collector appointed by bylaw of the council of the municipality to collect the same, within three days after the demand thereof by the said collector, and in case of neglect or refusal to pay the same within such time the said collector may levy the same by distress and sale of the goods and chattels of the defaulter with costs of the distress and sale:

Provided that in case any person neglects or refuses to pay the poll tax when demanded by the collector the collector shall then demand from the employer or employers of the person so neglecting or refusing, the amount due for such poll tax and the person paying the same shall deduct the same so paid from the salary or wages due to the person so neglecting or refusing and the said employer or employers are hereby rendered liable for the amount or amounts demanded by the collector if they fail to deduct the same from the salary or wages due to the person employed.

## Payment of Wages or Cashing Cheque on Licensed Premises—Employment of Women and Minors in Bar Rooms—Licensing of Bar Tenders.

[Chapter 89, The Liquor License Ordinance, as amended by 1907, chapter 9, and 1909, chapter 5, contains provisions prohibiting the payment of wages or the cashing of pay cheques on licensed premises, and the employment of women and minors to serve intoxicants. It also provides for the licensing of bar tenders. This Ordinance, with all amendments thereto, was repealed, however, by The Liquor Act, chapter 4, 1916, which is a prohibition measure.]

## Sunday Labour.

Chapter 91.—1. No merchant, tradesmen, artificer, mechanic, workman, labourer or other person whatsoever shall on the Lord's day sell or publicly show forth or expose or offer for sale or purchase any goods, chattels, or other personal property or any real estate whatsoever, or do or exercise any worldly labour, business or trade of his ordinary calling; travelling or conveying travellers or Her Majesty's mails, selling drugs and medicines and other works of necessity and works of charity only excepted.

4. Any person violating any of the provisions of this Ordinance shall be guilty of an offence and upon summary conviction thereof be liable to a fine not exceeding \$100 and costs of prosecution.

## ORDINANCES OF 1901.

**Liability of Directors of Companies for Employees' Wages.**

Chapter 20.—54. The directors of a company shall be jointly and severally liable to the clerks, labourers, servants and apprentices thereof for all debts not exceeding six months' wages due for services performed for the company whilst they are such directors respectively; but no director shall be liable to an action therefor unless the company is sued therefor within one year after the debt becomes due nor unless such director is sued therefor within one year from the time when he ceased to be such director nor unless an execution against the company is returned unsatisfied in whole or in part; and the amount unsatisfied on such execution shall be the amount recoverable with costs from the directors.

**Liability of Employers for Taxes of Employees.**

Chapter 30, with amendments.—35a. Subject to the approval of the Minister, any school board may by resolution fix a minimum tax to be paid by any person assessed upon the assessment roll, at the sum of four dollars (\$4) and may require that every male resident of the district of the full age of twenty-one years who has resided therein for a period of one month or over, and has not been assessed on the assessment roll, shall pay an annual tax of \$4 for school purposes to be collected at any time after the first day of January in each and every year, and such school tax shall be payable by such resident, whether he has resided in the district before the date of the completion of the last revised assessment roll or not; but in the case of the collection of such tax, the name of such resident so paying, shall be added to the assessment roll. 1918, c. 39, s. 2.

(2) Any person liable to pay such tax shall pay the same to the secretary-treasurer of the district, or to such person as is appointed by the board to collect the same within three days after the demand thereof, but in case of neglect or refusal to pay levy may be made by distress and sale of goods and chattels of the person in default as provided in this Ordinance. 1918, c. 39, s. 2.

(3) It shall be the duty of every employer to furnish the secretary of the school district in each and every month, and within three days after receipt of a request in writing to that effect from the said secretary, a list of the names of all persons in his employ, and residing within the said district. Every employer failing to comply with the provisions of this subsection shall be guilty of an offence, and liable on summary conviction before a justice of the peace to a penalty not exceeding the sum of \$50 and costs for each such offence. 1919, c. 32, s. 2.

(4) The secretary by notice in writing, may require such employer or employers to pay to the district the tax due and payable by any of his or their employees, which tax shall be paid by the employer or employers within one month after notice by the secretary as aforesaid, and may be deducted by the employer or employers from the wages or salary of the employee whether said tax has been previously demanded from such employee or not as hereinbefore provided; provided however that where the employee has paid a tax under the provisions of this section to a school district, he shall not be liable to a similar tax in another district for the same calendar year. Amended, 1919, c. 32, s. 3.

## ORDINANCES OF 1903, FIRST SESSION.

**Wages as Preferred Claims—In Liquidations.**

Chapter 13.—10. In distributing the assets of a company under the provisions of this Ordinance the liquidator shall pay in priority to the claims of the ordinary or general creditors of the company the wages or salary of all persons other than directors in the employment of the company at the time of the making of the winding up resolution or order, or within one month before the making thereof not exceeding three months wages or salary, and such persons shall be entitled to rank as ordinary or general creditors of the company for the residue, if any, of their claims.

## ORDINANCES OF 1904.

**Employment of Labour—General Provisions.**

Chapter 3 with amendment.—1. Every contract or hire of personal service shall be subject to the provisions of this Ordinance and if such contract is for any period more than one year it shall be in writing and signed by the contracting parties.

2. Any person engaged, bound or hired whether as clerk, journeyman, apprentice, servant, labourer, or otherwise howsoever, guilty of drunkenness or of absenting himself by day or night without leave from his proper service or employment or of refusing or neglecting to perform his just duties or to obey the lawful commands of his master or of dissipating his employer's property or effects shall be deemed guilty of a violation of his contract and upon summary conviction of one or more of the said violations forfeit and pay such sum of money not exceeding \$30 as to the justice or magistrate seems meet together with costs of prosecution; and in default of payment

thereof forthwith shall be imprisoned for any period not exceeding one month unless the fine imposed and costs together with the costs of commitment and conveying such convicted person to the place of imprisonment be sooner paid.

3. Any justice, upon oath of any employee, servant or labourer, complaining against his master or employer concerning any non-payment of wages (not exceeding two months' wages, the same having been first demanded), illusage or improper dismissal by such master or employer may summon the master or employer to appear before him at a reasonable time to be stated in the summons and the justice shall examine into the matter of the complaint whether the master or employer appears or not; and upon due proof of the cause of complaint the justice may discharge the servant or labourer from the service or employment of the master and may direct the payment to him of any wages found to be due (not exceeding two months' wages as aforesaid), together with costs of prosecution the same to be levied by distress and sale of the goods and chattels of such master or employer.

(2) In the event of the said justice determining that the servant or labourer has been improperly dismissed from the service of the master or employer he may in addition to directing the payment to him of any wages found to be due (not exceeding two months' wages as aforesaid), direct such master or employer to pay such servant or labourer such further amount as to him may seem reasonable, but not exceeding in any event four weeks' wages at the rate at which he was being paid by his master or employer when improperly dismissed as aforesaid, or an amount equal to the wages which would have been earned by such servant or labourer between the date of his dismissal and the date of the determination of the matter of the complaint by such justice had such servant or labourer continued in such employment at the rate at which he was being paid when improperly dismissed as aforesaid, whichever shall be greater, together with the costs of prosecution the same to be levied by distress and sale of the goods and chattels of such master or employer. 1911-12, c. 4, s. 11.

(3) In the event of the said justice determining that the servant or labourer has, for good and sufficient cause, been dismissed from the service of the master or employer he may in addition to directing the payment to him of any wages found to be due (not exceeding two months' wages as aforesaid), direct such master or employer to pay such servant or labourer an amount not exceeding the wages which would have been earned by such servant or labourer between the date of his dismissal and the date of the determination of the matter of the complaint by such justice had such servant or labourer continued in such employment at the rate at which he was being paid when dismissed as aforesaid, together with the costs of prosecution; which amount may be levied by distress and sale of the goods and chattels of such master or employer. 1911-12, c. 4, s. 11.

(4) If upon the inquiry by the justice it is made to appear by the oath of the master or employer or some person acquainted with the facts that such master or employer would or might be entitled, in a civil action by the complainant, for the recovery of the wages claimed to be due for the services rendered or for improper dismissal or both, to a claim by way, of set off or counter-claim such justice shall in a summary manner inquire into such set off or counter-claim, and if he determines that the right to such set off or counter-claim is established, direct the payment to the complainant of the wages determined to be due to him after deducting therefrom the amount for which such justice is of the opinion that the employer or master is entitled to such set off or counter-claim, together with the costs of prosecution, or if such amount is equal to or greater than the wages determined to be due to the complainant the justice shall dismiss such complaint. 1911-12, c. 4, s. 11.

(5) Nothing herein contained shall be deemed to prejudice or in any way affect the right of any master or employer, or his administrators, executors, or assigns, to any civil remedy to which he or they might be entitled against such servant or labourer by reason of such set off or counter-claim. 1911-12, c. 4, s. 11.

4. Proceedings may be taken under this Ordinance within three months after the engagement or employment has ceased or been terminated or within three months after the last instalment of wages under the agreement of hiring has become due whichever shall last happen.

5. The provisions of this Ordinance shall be held to apply in the Territories to contracts and agreements made at any place outside the same.

6. Nothing in this Ordinance shall in any wise curtail, abridge or defeat any civil or other remedy for the recovery of wages or damages which employers or masters may have against servants or employees or which servants or employees may have against their masters or employers.

7. The term "master," or "employer," wherever used in this Ordinance shall include a corporation as well as an individual or partnership.

8. Chapter 50 of the Consolidated Ordinances, 1898, and all amendments thereto are hereby repealed.

## STATUTES OF 1906.

## Mechanics' Liens.

Chapter 21 with amendments.—1. This Act may be cited as The Mechanics' Lien Act.

## Interpretation.

2. In the construction of this Act—

(1) "Court" or "judge" shall mean the court within the Province exercising jurisdiction in civil causes to the amount claimed in the action or proceeding whether brought in respect of one lien or more than one lien, and the interpretation herein given shall for all purposes be deemed to have been included in the original Act. 1908, c. 20, s. 12 (1).

(2) "Contractor" shall mean a person employed directly by the owner for doing the work or placing or furnishing materials for any of the purposes mentioned in this Act.

(3) "Subcontractor" shall mean a person not contracting with or employed directly by the owner for the purpose aforesaid, but contracting with or employed by the contractor or under him, by another subcontractor, to do all or a certain portion of the work or to place or furnish material, but a person doing manual or mental labour for wages shall not be deemed a "subcontractor."

(4) "Owner" shall extend to and include a person having any estate or interest, legal or equitable, in the lands upon or in respect of which the work is done or materials are placed or furnished, at whose request and upon whose credit or on whose behalf, or with whose privity or consent, or for whose direct benefit any such work is done or materials are placed or furnished, and all persons claiming under him whose rights are acquired after the work in respect to which the lien is claimed is commenced or the materials furnished have been commenced to be furnished.

(5) "Works or improvements" shall include every act or undertaking for which a lien may be claimed under this Act.

(6) "Labourer" shall mean, extend to and include every mechanic, miner, artisan, builder or other person doing labour for wages.

(7) "Material" shall include every kind of moveable property.

(8) "Wages" shall mean money earned by a labourer, for work done whether by time or as piece work.

## Application.

3. This Act shall apply to any contract made or work begun previous to the passage hereof, but only so far as regards any moneys remaining unpaid and as respects any such unpaid moneys.

## Nature of Liens.

4. Unless there is an agreement in writing to the contrary signed by the person claiming the lien, every contractor, subcontractor, labourer, and furnisher of material doing or causing work to be done upon or placing or furnishing any materials to be used in or for the construction, erection, alteration or repairs, either in whole or in part of, or addition to, any building, tramway, railway, erection, wharf, bridge or other work, or doing or causing work to be done upon, or in connection with, or the placing or furnishing of materials to be used in or for the clearing, excavating, filling, grading, track-laying, draining, or irrigating of any land in respect of a tramway, railway, mine, sewer, drain, ditch, flume, or other work, or improving any street, road or sidewalk adjacent thereto, at the request of the owner of such land, shall by virtue thereof, have a lien or charge for the price of such work, and the placing or furnishing of such materials upon such building, erection, wharf, machinery, fixture, or other works, and all materials furnished or produced for use in constructing or making such works or improvements so long as the same are about to be in good faith worked into or made part of the said works or improvements, and the land, premises, and appurtenances thereto, occupied thereby or enjoyed therewith, but limited in amount as hereinafter mentioned:

Provided such lien shall affect only such interest in the said land, premises and appurtenances thereto as is vested in the owner at the time the works or improvements are commenced, or any greater interest the owner may acquire during the progress of the works or improvements, or have at any time during which the lien stands as an incumbrance against said land.

5. When any material is brought upon any land to be used in connection with such land for any of the purposes enumerated in the last preceding section hereof, the same shall be subject to a lien for the unpaid price thereof in favour of any person supplying the same until it is put or worked into the building, erection or work as part of the same.

6. No agreement shall be held to deprive any one otherwise entitled to a lien under this Act and not a party to the agreement of the benefit of the lien and the lien shall attach notwithstanding such agreement.

7. The taking of any security for, or the acceptance of any promissory note for, or cheque which on presentation is dishonoured, or the taking of any other acknowledgment of the claim, or the taking of any proceedings for the recovery of the claim or the recovery of any personal

judgment for the claim, shall not merge, waive, pay, satisfy, prejudice, or destroy any lien created by this Act, unless the lienholder agrees in writing that it shall have that effect:

Provided, however, that a person who has extended the time for payment of any claim for which he has a lien under this Act to obtain the benefit of this section shall institute proceedings to enforce such lien within the time limited by this Act, but no further proceedings shall be taken in the action until the expiration of such extension of time:

Provided further, that notwithstanding such extension of time, such person may, where proceedings are instituted by any other person to enforce a lien against the same property, prove and obtain payment of his claim in such suit or action as if no such extension had been given.

8. Such lien shall be limited in amount to the sum actually owing to the person entitled to the lien.

9. Where works or improvements are put upon mortgaged premises, the liens by virtue of this Act shall be prior to such mortgage, as against the increase in value of the mortgaged premises by reason of such works or improvements, but not further, unless the same is done at the request of the mortgagee in writing; and the amount of such increase shall be ascertained upon the basis of the selling value upon taking of the account, or by the trial of an action or issue as provided herein, and thereupon the judge may, if he shall consider the works or improvements of sufficient value to justify the proceedings, order the mortgaged premises to be sold at an upset price equal to the selling value of the premises immediately prior to the commencement of such works or improvements (to be ascertained as aforesaid) and any sum realized in excess of such upset price shall be subject to the liens provided for by this Act. The moneys equal to the upset price as aforesaid shall be applied towards the said mortgage or mortgages, according to their priority. Nothing, however, in this section shall prevent the lien from attaching upon the equity of redemption or other interest of the owner of the land subject to such mortgage or charge.

(a) "Mortgage" in this section shall not include any part of the principal sum secured thereby not actually advanced to the borrower at the time the works or improvements are commenced, and shall include a vendor's lien and an agreement for the purchase of land, and for the purposes of this Act and within the meaning thereof the purchaser shall be deemed a mortgagor and the seller a mortgagee.

10. Without prejudice to any liens which he may have under the preceding sections every mechanic, labourer or other person who performs labour for—wages upon the construction, alteration or repairs of any building or erection, or in erecting or placing machinery of any kind in, upon or in connection with any building, erection or mine shall to the extent of the interest of the owner have upon the building, erection or mine and the land occupied thereby or enjoyed therewith a lien for such wages, not exceeding the wages of six weeks or a balance equal to his wages for six weeks.

(2) The lien for wages given by this section shall attach when the labour is in respect of a building, erection or mine on property belonging to the wife of the person at whose instance the work is done, upon the estate or interest of the wife in such property as well as upon that of her husband.

11. Every building or other improvement mentioned in the fourth section of this Act, constructed upon any lands with the knowledge of the owner, or his authorized agent or the person having or claiming any interest therein, shall be held to have been constructed at the request of such owner, or person having or claiming any interest therein, unless such owner or person having or claiming an interest therein shall, within three days after he shall have obtained knowledge of the construction, alteration or repair, give notice that he will not be responsible for the same, by posting a notice in writing to that effect in some conspicuous place upon said land or upon the building or other improvement thereon.

(2) Whenever such owner or such person, not having contracted for or agreed to such construction, alteration, repair, works or improvements being done or made, but who has failed to give said notice within the said three days, shall post a notice in writing in some conspicuous place upon said land, or upon the buildings or improvements thereon, to the effect that he will not be responsible for the works or improvements, no works or improvements made after such posting shall give any right as against such owner or person, or his interest in said land, to a lien under this Act.

12. Where any of the property upon which a lien is given by this Act is wholly or partly destroyed by fire, any insurance receivable thereon by the owner, prior mortgagee or chargee, shall take the place of the property so destroyed, and shall after satisfying any prior mortgage or charge in the manner and to the extent set out in section 9 hereof be subject to the claims of all persons for liens to the same extent as if such moneys were realized by the sale of such property in an action to enforce a lien.

13. Every lien upon such building, erection, mine works, or improvements, or land, shall absolutely cease to exist after the expiration of thirty-five days, except in the case of a claim for wages owing for work in, at or about a mine, in which case the lien shall cease after the expiration of sixty days after the claimant has ceased from any cause to work thereon, or place or furnish the materials therefor: provided, however, that any labourer shall not be held to have ceased work upon any building, erection, mine, works or improvements until the completion of the same, if he has in the meantime been employed upon any other work by the same contractor, unless in the meantime the person claiming the lien shall file in the Land Titles Office of the

Land Registration in which the land is situate or in the office of the Clerk of the Superior Court of the Province in the judicial district in which the land lies, an affidavit, sworn before any person authorized to take oaths, stating in substance: Amended, 1915, c. 2, s. 27.

(a) The name and residence of the claimant, and of the owner of the property or interest to be charged;

(b) The particulars of the kind of works or improvements done, made or furnished;

(c) The time when the works or improvements were finished or discontinued;

(d) The sum claimed to be owing and when due;

(e) The description of the property to be charged;

(f) The address for service of the claimant;

which affidavit shall be received and filed as a lien against the property, interest or estate. Every registrar under the Land Titles Act, and every such clerk shall be supplied with printed forms of such affidavits in blank, which may be in the form or to the effect of Schedule A to this Act, and which shall be supplied to every person requesting the same and desiring to file a lien. Every such registrar and clerk shall keep an alphabetical index of all claimants of liens, and the persons against whom such liens are claimed, which index shall be open for inspection during office hours, and it shall be the duty of such registrar and clerk to decide whether his is or is not the proper office for the filing of such affidavits, and to direct the applicant accordingly; and no affidavit shall be adjudged insufficient on the ground that it was not filed in the proper registry office or clerk's office. The said claim of lien may be described as a Mechanic's Lien:

Provided, however, that no lien shall be filed unless the claim or joined claims shall amount to or aggregate \$20 or more. 1915, c. 2, s. 27.

(2) Upon the filing of such affidavit in any such Land Titles Office the registrar shall enter and register the claim as an encumbrance against the land or the estate or interest in the land therein described as provided in The Land Titles Act.

(3) Upon the filing of such affidavit in the office of any such clerk the clerk shall forthwith transmit to the registrar of the Land Registration District in which the land lies a certificate of the filing of such lien in his office, and specifying the particulars in the affidavit contained, and upon the receipt by the said registrar of such certificate he shall enter and register the claim as an encumbrance against the land or the estate or interest in the land therein described as provided in The Land Titles Act.

14. A substantial compliance only with section 13 of this Act shall be required and no lien shall be invalidated by reason of failure to comply with any of the requisites thereof, unless in the opinion of the court or judge adjudicating upon the lien under this Act the owner, contractor, subcontractor, mortgagee or other person is prejudiced thereby, and then only to the extent to which he is prejudiced, and the court or judge may allow the affidavit and statement of claim to be amended accordingly.

15. In the event of the death of a lien holder his lien shall pass to his personal representatives, and the right of a lien holder may be assigned by any instrument in writing subject to the limitations contained in section 17 hereof.

16. During the continuance of any lien no portion of the property affected thereby shall be removed to the prejudice of such lien and any attempt at such removal may be restrained on application to the court or judge.

17. No contractor, or subcontractor shall be entitled to demand or receive any payment in respect of any contract, where the contract price exceeds \$500, until he or some person in charge of the works or improvements shall post upon the works or improvements a copy of the receipted pay-roll, from the hour of 12 m. to the hour of 1 p.m. on the first legal day after pay day, and shall have delivered to the owner, or other person acting on his behalf, the original pay-roll containing the names of all labourers who have done work for him upon such works or improvements, with a receipt in full from each of the said labourers, with the amounts which were due and had been paid to each of them set opposite their respective names, which pay-roll may be in the form of Schedule C hereto, and no payment made by the owner without the delivery of such pay-roll shall be valid for the purpose of defeating or diminishing any lien upon such property, estate or interest in favour of any such labourer. No assignment by the contractor or any subcontractor of any moneys due in respect to the contract shall be valid as against any lien given by this Act. As to all liens, except that of the contractor, the whole contract price shall be payable in money, and shall not be diminished by any prior or subsequent indebtedness, offset or counterclaim in favour of the owner against the contractor.

Provided, however, that the failure to comply with the provisions of this section respecting the posting of the receipted pay roll and delivery of the same shall not prejudice the right of lien of the contractor or subcontractor so in default, or his right to maintain an action or other proceeding to enforce the same, but the court or judge on application may at any stage before trial order a stay of proceedings until proof be made to his satisfaction that all workmen employed by such contractor or subcontractor on such works or improvements have been paid in full, and may in such order limit the time within which such proof may be furnished, and if the same be not furnished to the satisfaction of such court or judge, such action may be dismissed and in any such action or proceeding the court or judge may in his discretion award costs against the plaintiff in any event and notwithstanding that he may have successfully maintained his action to judgment. Amended 1908, c. 20, s. 12 (2).

## Enforcement.

18. Any number of lienholders may be joined in one suit and all suits or proceedings brought by a lienholder shall be taken to be brought on behalf of all lienholders who may be made parties to such suits or proceedings within the time mentioned in section 35 hereof.

Provided that the moneys realized in such suit shall be distributed amongst the lienholders, parties to such suit or proceedings, in the order and manner provided in section 30 of this Act. Any lienholder not originally joined may be made a party to such suit or proceedings by order of a judge, upon *ex parte* application supported by an affidavit stating the particulars of the claim, and any lienholder so joined in any such suit or proceedings shall be deemed to have complied with section 35 of this Act as fully as if he had instituted a suit in his own behalf.

19. If more than one suit is commenced in respect of the same contract, the owner or contractor shall apply to have the causes consolidated, and failing to do so he shall pay the costs of such additional suit or suits. Save as hereinafter mentioned the owner complying with the provisions of this Act shall not be liable for any greater sum than he has agreed to pay by contract.

20. If two or more actions are brought in respect of the same contract or work the court or judge may, by order, on the application of any person interested, consolidate all the actions, and may make such order as to costs as he shall think fit.

21. Proceedings to enforce a lien or liens under this Act may be taken before the court or a judge in a summary way by originating summons subject to the provisions in that behalf of The Judicature Ordinance, and of the rules of court, which are now or which shall hereafter be in force in the province. The court or judge upon the return of the summons may either proceed to take the accounts and make the necessary inquiries for the purpose of determining the matter, or he may try or direct the trial of any issue or issues in relation thereto as he shall think necessary, and he may give directions as to the conduct of any such issue, the parties thereto, pleadings, particulars, production and discovery therein (if any such proceedings be by him thought necessary) and any other directions he shall deem advisable for the proper disposal and trial thereof; and in default of payment of any amount that shall be found to be due the court or a judge may direct the sale of the estate or interest charged and such further proceedings may be taken for the purposes aforesaid as the court or judge may think proper, and any conveyance under the seal of such court or judge shall be effectual to pass the estate or interest sold and the fees and costs in all proceedings so taken shall be such as are payable according to the ordinary procedure of the said court, and except as herein otherwise provided the proceedings shall be as nearly as possible according to the practice and procedure in force in the said court. 1909, c. 4, s. 10.

22. Proceedings to enforce a lien or liens under this Act may also be taken by suit in the ordinary way, provided, however, that the court or judge before whom such action is tried may in dealing with the question of the costs of such action take into consideration the difference in costs occasioned by reason of an action having been brought instead of proceedings having been taken by originating summons as provided in section 21 hereof, and may make such order as to costs therein, both as between solicitor and client as well as between party and party as to him shall seem just. 1909, c. 4, s. 10.

23. There shall be an appeal to the Supreme Court *en banc* from the decision of the court or a judge hereunder in all matters where the amount of the lien or the total amount of the liens joined in one action or proceedings is \$200 or over, but where the amount of the lien or the total amount of the liens so joined is less than \$200 the decision of the court or judge or first instance shall be final. 1909, c. 4, s. 10.

24. Upon the hearing of any claim for a lien the court or judge may so far as the parties before him, or any of them, are debtor and creditor, give judgment against the former in favour of the latter for any indebtedness or liability arising out of the claim in the same manner and to the same extent as if such indebtedness or liability had been sued upon in the said court in the ordinary way, without reference to this Act.

25. Any person against whose property a lien has been registered under the provisions of this Act may apply to the court or judge on an affidavit setting forth the registry of the same, and that hardship or inconvenience is experienced, or is likely to be experienced thereby, with the reasons for such statement, for a summons calling upon the opposite party to show cause why such lien should not be cancelled upon sufficient security being given. Such summons, together with a copy of the affidavit on which the same is granted, shall be served on the opposite party and made returnable in three days after the issuing thereof, or in such greater or less time as the judge may direct.

26. On the return of such summons the court or judge may order the cancellation of such lien, either in whole or in part, upon the giving of security by the party against whose property the said lien is registered to the opposite party, in an amount satisfactory to the said court or judge, and upon such other terms, if any, as the court or judge may see fit to impose.

27. The registrar in whose office the said lien is registered shall, on the production of such order, file the same and cause the said lien to be cancelled as to the property affected by the order.

28. When it shall appear to the court or judge in any proceedings to enforce a lien or liens under this Act that such proceedings have arisen from the failure of any owner or contractor to fulfil the terms of his contract or engagement for the work in respect of which the liens are sought to be enforced or to comply with the provisions of this Act such court or judge may order

the said owner or contractor, or either of them to pay all the costs of such proceedings, in addition to the amount of the contract, or subcontract, or wages due by him or them to any contractor, subcontractor, or labourer, and may order a final judgment against such contractor or owner, or either of them in default, for such costs, with execution as provided in section 21 of this Act.

29. If the property sold in any proceedings under this Act shall be a leasehold interest, the purchaser at any such sale shall be deemed to be the assignee of such lease.

30. All moneys realized by proceedings under this Act shall be applied and distributed in the following order:—

First. The costs of all the lienholders of and incidental to the proceedings, and of registering and proving the liens;

Second. Six weeks' wages (if so much be owing) of all labourers employed by the owner, contractor or subcontractor;

Third. The several amounts owing for material, placed or furnished, in respect of the works or improvements;

Fourth. The amounts owing the subcontractor and other persons employed by the owner and contractor;

Fifth. The amount owing the contractor.

(2) Each class of lienholders shall rank *pari passu* for their several amounts, and the portions of said moneys available for distribution shall be distributed among the lienholders *pro rata* according to their several classes and rights.

(3) Any balance of said moneys remaining after all the above amounts have been distributed shall be payable to the owner or other person legally entitled thereto:

Provided, however, that when any labourer has more than six weeks' wages owing to him by any subcontractor, contractor or owner, the court or judge shall cause the extra sum beyond six weeks' wages to be deducted out of any sum actually coming under the above distribution to such subcontractor, contractor or owner, and shall order the same to be paid to such labourer.

31. Every device by an owner, contractor or subcontractor, adopted to defeat the priority given to wage-earners for their wages by this Act shall, as against such wage-earners, be null and void.

32. No lien, except for not more than six weeks' wages in favour of labourers, shall attach so as to make the owner liable for a greater sum than the sum owing by the owner to the contractor at the time of the receipt by the owner or person having superintendence of the work on behalf of the owner, of notice in writing of such lien and of the amount thereof; or which may become owing by the owner to the contractor at any time subsequent thereto while such lien is in effect.

(2) Where more than one such notice is given by a lienholder to the owner in regard to material furnished to the same contractor the lienholder shall in the latest notice so given state the total amount or balance owing at the time of the giving of such latest notice by the contractor to the lienholder, and in default of such total amount or balance being so stated it shall, with respect to any payments made by the owner, be taken to be the amount of the lien mentioned in the said latest notice and no lien or liens of such lienholder shall attach so as to make the owner liable for more than the amount or the total amount or balance so ascertained.

(3) Where notice of a lien has been given as in this section provided the lienholder shall upon request furnish to the contractor or owner a statement in writing of the amount or balance due and payable in respect of the material, for the supplying or furnishing of which such lien is claimed, and no lien or liens of such lienholder for material supplied or furnished up to the time of giving of such statement shall attach so as to make the owner liable for any greater sum than is so stated.

(4) The contractor or owner may apply to the court by originating summons as set out in The Judicature Ordinance, to compel any lienholder who refuses or neglects to do so, to furnish such a statement as in the next preceding subsection required or with respect to the accuracy of any statement furnished in accordance with the provisions of this section, and the court may upon such application make such order in the premises and as to the costs of the application as to the court shall seem just. 1908, c. 20, s. 12 (4).

33. Where any mechanic, artisan, machinist, builder, miner, contractor or any other person has furnished or procured materials for use in the construction, alteration or repair of any building, erection or mine at the request of and for some other person, such materials shall not be subject to execution or other process to enforce any debt (other than for the purchase thereof) due by the person furnishing or procuring such materials, and whether the same have or have not been in whole or in part worked into or made part of such building or erection.

34. Every mechanic or other person who has bestowed money or skill and materials upon any chattel in the alteration and improvement of its properties, or increasing its value, so as thereby to become entitled to a lien upon such chattel or thing for the amount or value of the money, skill, or materials bestowed, shall, while such lien exists but not afterwards, in case the amount to which he is entitled remains unpaid for three months after the same ought to have been paid, have power to sell the chattel in respect of which the lien exists, on giving two weeks' notice by advertisement in a newspaper published in the city, town or judicial district in which the work was done, or in case there is no newspaper published in such city, town or judicial district, then in a newspaper published nearest thereto, stating the name of the person indebted, the amount of his indebtedness, a description of the chattel to be sold, the time and place of

sale; and after such sale such mechanic or other person shall apply the proceeds of such sale in payment of the amount due to him, and the costs of advertising and sale, and shall pay over the surplus (if any) to the person entitled thereto on application being made to him therefor and a notice in writing of the results of the sale shall be left at or posted to the address of the owner at his last known place of abode or business.

### Expiration, Cancellation and Discharge.

35. Every lien in respect of which an affidavit has been filed against the title of any land or any interest therein shall be deemed to have lapsed after the expiration of thirty days after service, in the manner in which service of process is usually made and proved to the satisfaction of the registrar of land titles for the district in which the said affidavit has been filed, of a notice in form A in the schedule D to this Act, or to the like effect, shall have been made upon the lienholder, unless before the expiration of the said period of thirty days the lienholder shall have taken proceedings in court to enforce his lien and shall have filed or caused to have been filed a certificate thereof in form B in the schedule D to this Act, or to the like effect, in the land titles office for the said district.

Provided that the court or judge may, upon an *ex parte* application shorten the said period of thirty days to such period as he shall specify in such order, and a copy of such order shall be served with the notice in this section referred to. 1915, c. 2, s. 27 (2). Amended. 1916, c. 3, s. 19.

2. Such certificate may be granted by the court or judge in which or before whom proceedings are instituted or by the clerk of such court. 1915, c. 2, s. 27 (2).

36. The registrar of the land registration district shall, on receiving a certificate under the seal of the clerk of the court wherein any action in respect of any lien registered in the Land Titles Office within the jurisdiction of such registrar is pending, stating the names of the lienholders, parties to such action and that the amount due by the owner in respect of such liens has been ascertained and paid into court in pursuance of an order of such court or judge or that the property has been sold to realize such liens or that such lien has been improperly filed, or that such lien has otherwise ceased to exist, or, on receiving a statement in writing signed by the claimant or his agent that the lien has been satisfied, cancel all liens registered by such parties.

37. Every person making or entering into any contract, engagement or agreement with any other person for the purpose of furnishing, supplying or obtaining timber or logs, by which it is requisite or necessary to engage and employ workmen and labourers in the obtaining, supplying and furnishing such logs or timber as aforesaid, shall, before making any payment for, or on behalf of or under such contract, engagement or agreement, of any sum of money, or by kind, require such person to whom payment is to be made to produce and furnish a pay roll or sheet of the wages and amount due and owing and of the payment thereof, which pay roll or sheet may be in the form of Schedule C annexed to this Act, or if not paid, the amount of wages or pay due and owing to all the workmen or labourers employed or engaged on or under such contract, engagement or agreement, at the time when the said logs or timber is delivered or taken in charge for or by or on behalf of the person so making such payment and receiving the timber or logs.

38. Any person making any payment under such contract, engagement or agreement without requiring the production of the pay roll or sheet as mentioned in section 37 of this Act shall be liable at the suit of any workman or labourer so engaged under said contract, engagement, or agreement, for the amount of pay so due and owing to said workman, or labourer, under said contract, engagement or agreement.

39. The person to whom such pay roll or sheet is given shall retain, for the use of the labourers or workmen whose names are set out in such pay roll or sheet, the sums set opposite their respective names which have not been paid, and the receipt or receipts of such labourers or workmen shall be a sufficient discharge therefor.

40. The judges of the said court, or any two of them, may make general rules and regulations not inconsistent with this Act, for expediting and facilitating the business before such court under this Act, and for the advancement of the interest of suitors therein.

41. Nothing in this Act contained shall be construed to affect any mechanics' lien filed or registered or the rights or liabilities of any person by or against whose property any mechanics' lien has been filed or registered prior to the coming into force of this Act; and all such liens may be enforced in the same manner as though this Act had not been passed.

42. Save as herein provided The Mechanics' Lien Ordinance of the Northwest Territories and all amendments thereto are hereby repealed.  
(Schedule omitted.)

### STATUTES OF 1907.

#### Wages as Preferred Claims—In Assignments.

Chapter 6.—28. In case of an assignment under this Act the assignee shall pay in priority to the claims of the ordinary or general creditors of the person making the same the wages or salary of all persons in the employ of such person at the time of the making of such assignment or within one month before the making thereof, not exceeding three months' wages

or salary, such wages or salary to be for arrears only and not for any unearned portion; and such persons shall be entitled to rank as ordinary or general creditors for the residue, if any, of their claims for arrears of such wages or salary; the provisions of this section shall apply to wages or salary whether the employment in respect of which the same may be payable by the day, week, month or year.

(2) The wages in respect of which priority is herein conferred shall become due and be payable by the assignee within one month from the time when the estate which is being wound up or distributed shall have been received by or placed under the control of such assignee unless it shall appear to him that the said estate is not of sufficient value to pay the ordinary expenses and disbursements of winding up and distributing the said estate; but such ordinary expenses shall not include the cost of litigation or other unusual expenses concerning the estate or any part thereof, unless the persons entitled to the said preferential claim for wages shall have consented in writing to such proceedings being taken before they were commenced or shall afterwards have adopted or ratified in writing such proceedings.

### Railways—Definition of Terms.

Chapter 8 with amendment.—1. This Act may be cited as The Railway Act.

2. In this Act and in the special Act incorporating any railway company to which this Act applies where the following words occur they shall be construed in the manner herein-after mentioned unless a contrary intention appears:

(1) The expression "special Act" means any act under which the company has authority to construct or operate a railway or which is enacted with special reference to such railway and includes all such Acts;

(6) "Minister" means the Chairman of the Executive Council of Alberta. Amended 1909, c. 5, s. 1<sup>st</sup>, ss. (1).

(11) "Highways" shall mean any public road, street, lane or other public way or communication;

(14) "The Company" shall mean the company or person authorized by the special Act to construct the railway and shall include all persons or corporations leasing or operating any railway;

(15) "The railway" means the railway which by the special Act the company is authorized to construct or operate and includes all branches, sidings, stations, depots, wharves, rolling stock, equipment, stores, property real or personal and works connected therewith and also any railway bridge, tunnel or other structure which the company is authorized to construct;

(17) "Train" includes any engine, locomotive or other rolling stock;

(23) "Board" shall mean the Board of Public Utility Commissioners. 1919, c. 4, s. 17 (3).

### Railways—Application of Act.

Chapter 8.—3. The provisions of this Act shall apply to all railways heretofore or hereafter authorized to be constructed by any special Act of the Province and said provisions shall in so far as they are applicable to the undertaking and unless they are expressly varied or excepted therefrom by the special Act be incorporated with the special Act, form part thereof and be construed therewith as forming one Act.

4. Any section of this Act may by any special Act be excepted from incorporation therewith or may thereby be extended, limited or qualified, and it shall be sufficient for the purposes of this section to refer to any section of this Act by its number merely; and unless otherwise expressly provided in this Act where the provisions of this Act and of any special Act of the Province relate to the same subject matter the provisions of the special Act shall be taken to override the provisions of this Act in so far as is necessary to give effect to such special Act.

### Telegraph Wires, etc., over Railways.

Chapter 8.—139. Subject to the provisions of subsection (2) and (3) of this section the company may construct and operate an electric telegraph line and a telephone line throughout and along the whole line of railway and the branches thereof or any part of the said railway or branches for the purposes of its undertaking.

Provided that no poles shall be erected in the construction of either of the said lines in or through any city, town or incorporated village without the consent of the council of the said city, town or village being first obtained by the company:

Provided also that such telegraph and telephone lines shall be used exclusively for the purposes of the business of the company.

(2) No lines or wires for telegraphs, telephones or the conveyance of light, heat, power or electricity shall be erected, placed or maintained across the railway without leave of the Board.

(3) Upon any application for such leave the applicant shall submit to the Board a plan and profile of the part of the railway proposed to be affected showing the proposed location of such lines and wires and works contemplated in connection therewith; and the Board may grant such application and may order by whom, how, when and on what terms and conditions

and under what supervisions such work shall be executed; and upon such order being made such lines and wires may be erected, placed, and maintained across the railway, subject to and in accordance with such order. Amended 1916, c. 3, s. 22 (2).

### Railway Bridges, Tunnels, etc.

Chapter 8.—151. Every bridge, tunnel or other erection or structure over, through or under which any railway now or hereafter passes shall be so constructed and if need be reconstructed or altered within such time as the Board may order and shall thereafter be so maintained as to afford at all times an open and clear headway of at least seven feet between the top of the highest freight car used on the railway and the lowest beams, members or portions of that part of such bridge, tunnel, erection or structure which is directly over the space liable to be traversed by such car in passing thereunder; but in no case shall the space between the rail level and such beams, members or portions of any such structure hereafter constructed be less than twenty-two feet six inches unless by leave of the Board.

(2) If in any case it is necessary to raise, reconstruct, or alter any bridge, tunnel, erection or structure not owned by the company the Board upon application of the company and upon notice to all parties interested or without any application may make such order allowing or requiring such raising, reconstruction or alteration upon such terms and conditions as to him shall appear just and proper and in the public interest.

(3) The Board may exempt from the operation of this section any bridge, tunnel, erection or structure over, through or under which no trains are run except such as are equipped with air brakes.

(4) Every company or owner shall incur a penalty not exceeding fifty dollars for each day of wilful neglect, omission or refusal to obey the provisions of this section. Amended 1918, c. 4, s. 23.

152. With respect to all bridges, tunnels, viaducts, trestles or other structures through, over or under which the company's trains are to pass the span or proposed span or spans or length of which exceeds eighteen feet the company shall not commence the construction or reconstruction of or any material alteration in any such bridge, viaduct, tunnel, trestle or other structure until leave therefor has been obtained from the Board unless such construction, reconstruction or alteration is made in accordance with standard specifications and plans approved of by the Minister.

(2) Upon any application to the Board for such leave the company shall submit to the Board the detail plans, profiles, drawings and specifications of any such work proposed to be constructed and such other plans, profiles, drawings and specifications as the Board may in any case or by regulation require. Amended 1918, c. 4, s. 23.

### Fair Wages for Labourers on Subsidized Railways.

Chapter 8.—153. In every case in which the Legislative Assembly grants financial aid by way of subsidy or guarantee towards the cost of railway construction all mechanics, labourers or other persons who perform labour in such construction shall be paid such wages as are generally accepted as current for competent workmen in the district in which the work is being performed; and if there is no current rate in such district then a fair and reasonable rate; and in the event of a dispute arising as to what is the current or a fair and reasonable rate it shall be determined by the Board whose decision shall be final. Amended 1916, c. 3, s. 22 (2).

### Liability of Railway Companies for Injuries to Employees.

Chapter 8.—154. No railway company within the jurisdiction or legislative power or control of the Legislature of Alberta shall be relieved from liability for damages for personal injury to any workman, employee or servant of such company, nor shall any action or suit by such workman, employee or servant, or in the event of his death by his personal representatives, against the company be barred or defeated by reason of any notice, condition or declaration made or issued by the company, or made or issued by any insurance or provident society or association of railway employees formed, or purporting to be formed under such Act; or by reason of any rules or by-laws of the company, or rules or by-laws of the society or association; or by reason of the privity of interest or relation established between the company and the society or association, or the contribution or payment of moneys of the company to the funds of the society or association; or by reason of any benefit, compensation or indemnity which the workman, employee or servant, or his personal representatives, may become entitled to or obtain from such society or association or by membership therein; or by reason of any express or implied acknowledgment, acquittance or release obtained by the company or the society or association prior to the happening of the wrong or injury complained of, or the damage accruing, to, the purport or effect of relieving or releasing the company from liability for damages for personal injuries as aforesaid.

### Inspection of Railways.

Chapter 8.—157. Whenever any complaint is made to the Board or the Board receives information that any railway or any portion thereof is dangerous to the public using the same from want of renewal or repair or insufficient or erroneous construction or from any other cause or whenever circumstances arise which in his opinion render it expedient the Board may

direct an inspecting engineer to examine the railway or any portion thereof; and upon the report of the inspecting engineer may order any repairs, renewal, reconstruction, alteration or new work, materials or equipment to be made, done or furnished by the company upon, in addition to or substitution for any portion of the railway which may from such report appear to the Board necessary or proper and may order that until such repairs, renewals, reconstruction, alteration and work, materials or equipment are made, done and furnished to his satisfaction, no such portion of the railway in respect of which such order is made shall be used or used otherwise than subject to such restrictions, conditions and terms as the Board may in such order impose; and the Board may by such order condemn and thereby forbid further use of any rolling stock which from such report it may consider unfit to repair or use further.

(2) If after notice of any such order made by the Board the company shall use any rolling stock after the same has been so condemned by the Board or shall disobey or fail to comply with any order of the Board made under this section the company shall for each act of disobedience forfeit to His Majesty the sum of one thousand dollars; and any person wilfully and knowingly aiding or abetting any such violation shall be guilty of an offence and on conviction thereof shall be liable to a penalty of not less than twenty dollars nor more than two hundred dollars. Amended 1918, c. 4, s. 23.

158. If in the opinion of any inspecting engineer it is dangerous for any trains to pass over any railway or any portion thereof until alterations, substitutions or repairs are made thereon or that any of the rolling stock should be run or used the said engineer may by notice forthwith either forbid the running of any train over such railway or portion of railway or require that the same be run only at such times under such conditions and with such precautions as he by notice specifies and he may forbid the running or using of any such rolling stock by serving upon the company owning, running or using such railway or any officer having the management or control of the running of trains on such railway a notice in writing to that effect with his reasons therefor in which he shall distinctly point out the defects or the nature of the danger to be apprehended; and for every act of non-compliance therewith such company shall forfeit to His Majesty the sum of one thousand dollars.

(2) The inspecting engineer shall forthwith report the same to the Board who may either confirm, modify or disallow the act or order of such engineer, and notice of such confirmation, modification or disallowance shall be duly given to the company. Amended 1918, c. 4, s. 23.

159. No prosecution for any penalty under the last two preceding sections shall be instituted without the authority of the Board first had and obtained. Amended 1918, c. 4, s. 23.

### Operation of Trains—Safety Appliances.

Chapter 8.—160. Every company shall provide and cause to be used on all trains modern and efficient apparatus, appliances and means:

(a) To provide immediate communication between the conductor while in any car of any passenger train and the engine driver;

(b) To check at will the speed of the train and bring the same safely to a standstill as expeditiously as possible and, except under circumstances of sudden danger or emergency, without causing undue discomfort to the passengers if any on the train, including a power drive wheel brake and appliances for operating the train brake system upon the locomotive and having a sufficient number of cars in every train so equipped with power or train brakes so that the engineer on the locomotive drawing such train can control its speed or bring it to a stop in the quickest and best manner possible without requiring brakemen to use the common hand brake for that purpose; and on all trains carrying passengers such system of brakes shall comply with the following requirements:

(i) The brakes shall be continuous and must be instantaneous in action and capable of being applied at will by the engine driver or any brakeman;

(ii) The brake must be self-applying in the event of any failure in the continuity of its action;

(c) To securely couple and connect the cars composing the train and to attach the engine to such train with couplers which couple automatically by impact and which can be uncoupled without the necessity of men going in between the ends of the cars.

(2) All box freight cars of the company built after the passing of this Act shall be equipped with the following attachments for the security of railway employees:

(a) Outside ladders on two of the diagonally opposite ends and sides of each car projecting below the frame of the car with one step or rung of the ladder below the frame, the ladders being placed close to the ends and sides to which they are attached;

(b) Hand grips placed anglewise over the ladders of each box car and so arranged as to assist persons in climbing on the roof by means of the ladder.

(3) Every company shall adopt and use upon all its rolling stock such height of draw bars as the Board determines in accordance with any standard from time to time adopted by competent railway authorities.

(4) Every company which fails to comply with any of the provisions of this section shall forfeit to His Majesty a sum not exceeding two hundred dollars for every day during which such default continues and shall as well be liable to pay to all such persons as are injured by reason of the non-compliance with these provisions or to their representatives such damages

as they are legally entitled to notwithstanding any agreement to the contrary with regard to any such person unless such agreement is conformable to the law of the Province and is authorized by regulation to the Board:

Provided, however, that no proceedings shall be instituted to enforce or recover any forfeiture to His Majesty under this section without the consent of the Board first obtained. Amended 1916, c. 3, s. 22 (2).

161. The Board may upon application order that any apparatus or appliance specified in such order shall when used upon the train in the manner and under circumstances in such order specified be deemed sufficient compliance with the provisions of the last preceding section but the Board shall not by such order allow any exception to or modification of the requirements of such section; but the Board may by general regulation or in any particular case on good cause shown from time to time extend the period within which such appliance shall be used.

(2) The Board shall endeavour to provide for uniformity in the construction of rolling stock to be used upon the railway and for a uniformity of rules for the operation and running of trains; and may make regulation designating the number of men to be employed upon trains or providing that coal shall be used on all locomotives instead of wood in any district and generally for the protection of property and the protection, safety, accommodation and comfort of the public and the employees of the company with respect to the running and operation of trains by the company. Amended 1916, c. 3, s. 22 (2).

162. Every locomotive engine shall be equipped and maintained with a bell of at least thirty pounds weight and with a steam whistle and shall while in use be equipped with a proper headlight which shall be lighted half an hour before dark and kept lighted during darkness.

163. The company shall provide and at all times maintain proper safety chains or other safety appliances between each of its engines and the accompanying tender sufficiently strong to withstand any usual strain which may be put upon the same by reason of the drawbar breaking; any company failing to comply with the provisions of this section shall in addition to any claims for damages to which it may be liable by reason of injury to any of its employees lawfully upon such engine or tender be liable to a penalty not exceeding \$500.

164. All engines of the company shall be equipped with dump ash pans to enable the engine men to empty ashes without the necessity of going under the engine; any company failing to comply with the provisions of this section shall in addition to any claims for damages by reason of injury to any engine man in the lawful pursuit of his duty be liable to a penalty not exceeding \$500.

165. Stock chutes, mail cranes and elevator spouts if maintained along the company's right of way shall not be maintained nearer than two feet from the side of the widest cab on any engine of the company; any company or person whose duty it is to observe the requirements of this section shall upon neglect or failure to do so in addition to any claims for damages by reason of injury to any of the company's employees lawfully in pursuit of his employment be liable to a penalty not exceeding \$500.

166. The company shall not operate on its railway any engine known as a "Mother Hubbard" engine by which term is meant an engine with two separate cabs, one for the driver and the other for the fireman, unless the company provides for the services of a third employee to be present in the driver's cab during all the times when the same is operated.

### Qualifications of Railway Employees.

Chapter 8.—167. The company shall not permit any person to have charge of any of its engines as a driver unless such person shall in addition to the qualifications required of the company's employees under the general rules of the company have had at least three year's experience as a locomotive fireman.

### Railway Employees to Wear Badges.

Chapter 8.—170. Every servant of the company employed in a passenger train or at a station for passengers shall wear upon his hat or cap a badge which shall indicate his office and he shall not without such badge be entitled to demand or receive from any passenger any fare or ticket or to exercise any of the powers of his office or meddle or interfere with any passenger or his baggage or property.

### Transportation of Explosives.

[Chapter 8, sections 175 and 176, deals with the transportation of explosives on railways.]

### Negligence of Railway Employees.

Chapter 8.—177. When any railway passes over any navigable water or canal by means of a draw or swing bridge which is subject to be opened for navigation every train shall before coming on or crossing over such bridge be brought to a full stop and shall not proceed until a proper signal has been given for that purpose and in default the company shall be liable to a penalty not exceeding five hundred dollars; any employee failing to comply with the rules of the company as to compliance with the provisions of this section shall be liable to the like penalty or to six months imprisonment or to both.

(2) Wherever there is adopted or in use on any railway at any such bridge an interlocking switch and signal system or other device which in the opinion of the Board renders it safe to permit engines and trains to pass over such bridge without being brought to a stop the Board may by order permit engines and trains to pass over such bridge without stopping under such regulations as to speed and other matters as the Board deems proper. Amended 1916, c. 3, s. 22 (2).

178. When any train is approaching a highway crossing at rail level (except within the limits of cities or towns where the municipal authority may pass by-laws prohibiting the same) the engine whistle shall be sounded at least eighty rods before reaching such crossing and then the bell shall be rung continuously until the engine has crossed such highway and the company shall for each neglect to comply with the provisions of this section incur a penalty of twenty dollars and shall also be liable for all damage sustained by any person by reason of such neglect; and every employee of the company who neglects to comply with this section shall for each offence be subject to a like penalty.

(2) And for the better compliance with the provisions of this section the company shall erect and maintain on its right of way and at points eighty rods on each side of all highway crossings whistleposts, which shall be painted white and shall be not less than six feet high and on which shall be painted with black paint the letter "W" and such letter shall be not less than ten inches in length and the company shall also equip each of its engines with an automatic bell ringer.

183. Whenever any railway crosses any highway at rail level the company shall not nor shall its officers, agents or employees wilfully permit any engine, tender or car or any portion thereof to stand on any part of such highway for a longer period than five minutes at one time or in shunting to obstruct public traffic for a longer period than five minutes at any one time or in the opinion of the Board unnecessarily interfere therewith.

(2) In every case of a violation of this section every such officer, agent or employee who has directly under or subject to his control, management or direction any engine, tender or car which or any portion of which is allowed to stand on such highway longer than the time specified in this section is liable on summary conviction to a penalty not exceeding fifty dollars and the company is also liable for each such violation to a like penalty:

Provided always that if such alleged violation is in the opinion of the court excusable the action for the penalty may be dismissed and costs shall be in the discretion of the court. Amended 1916, c. 3, s. 22 (2).

#### Safety Provisions—Packing.

Chapter 8.—184. In this section the expression "packing" means a packing of wood or metal or some equally substantial and solid material of not less than two inches in thickness and which where by this section any space is required to be filled in shall extend to within one and a half inches of the crown of the rails in use on any such railway, shall be neatly fitted so as to come against the web of such rails and shall be well and solidly fastened to the ties on which such rails are laid.

(2) The spaces behind and in front of every railway frog or crossing and between the fixed rails of every switch where such spaces are less than four inches in width shall be filled with packing up to the under side of the head of the rail.

(3) The spaces between any wing rail and any railway frog and between any guard rail and the track rail alongside of it shall be filled with packing at their splayed ends so that the whole splay shall be so filled where the width of the space between the rails is less than four inches; such packing not to reach higher than to the under side of the head of the rail:

Provided however that the Board may allow the filling and packing mentioned in this section to be left out from the month of December to the month of April in each year, both months included, or between any such dates as the Board by regulation or in any particular case determines. Amended 1916, c. 3, s. 22 (2).

#### Accidents on Railways.

[Section 189 deals with the reporting of accidents].

#### Rules for Railway Employees.

Chapter 8.—199. The company may subject to the provisions and restrictions in this and in the special Act contained make by-laws, rules and regulations respecting:

(f) The travelling upon or the use or working of the railway:

(g) The employment and conduct of the officers and employees of the company;

200. All by-laws, rules and regulations whether made by the directors or the company shall be reduced to writing, be signed by the chairman or person presiding at the meeting at which they are adopted, have affixed thereto the common seal of the company and be kept in the office of the company.

201. All such by-laws, rules and regulations except such as are of a private or domestic nature and do not affect the public generally shall be submitted to the Lieutenant-Governor in Council for approval; the Lieutenant-Governor in Council having first obtained the report of the Board thereon, which report it shall be the duty of the Board to make, may sanction them or

any of them or any part thereof and may from time to time rescind the sanction of any such by-law, rule or regulation or any part thereof; except when so sanctioned no such by-law, rule or regulation shall have any force or effect. Amended 1916, c. 3, s. 22 (2).

202. A printed copy of so much of any by-law, rule or regulation as affects any person other than the shareholders or the officers or employees of the company shall be openly affixed and kept affixed to a conspicuous part of every station belonging to the company so as to give public notice thereof to the persons interested therein or affected thereby.

(2) A printed copy of so much of any by-law, rule or regulation as relates to the conduct of or affects the officers or employees of the company shall be given to every officer and employee of the company thereby affected.

203. Such by-laws, rules and regulations when so approved shall be binding upon and observed by all persons and shall be sufficient to justify all persons acting thereunder.

204. If the violation or non-observance of any by-law, rule or regulation is attended with danger or annoyance to the public or hindrance to the company in the lawful use of the railway the company may summarily interfere using reasonable force if necessary to prevent such violation or to enforce observance without prejudice to any penalty incurred in respect thereof.

205. A copy of any by-law, rule or regulation certified as correct by the president, secretary or other executive officer of the company and bearing the seal of the company shall be evidence thereof in any court.

### Negligence of Railway Employees.

Chapter 8.—215. Every officer or servant of any company or any person employed by it who directs or knowingly permits any freight, merchandise or lumber car to be placed in the rear of a passenger car shall be guilty of an offence against this Act.

### Intoxication of Railway Employees.

Chapter 8.—216. Every conductor, locomotive engineer, train despatcher, telegraph operator, station agent, switchman, signal man, bridge tender, or any other person who is intoxicated, or under the influence of liquor, while on duty, in charge of or in any employment having to do with the movement of trains upon any railway is guilty of an offence, and upon summary conviction, shall be punished by fine, not exceeding four hundred dollars, or imprisonment, not exceeding six months, or both, in the discretion of the court before which the conviction is had, and according as such court considers the offence proved to be more or less grave as causing injury to, or as exposing or likely to expose to injury, although no actual injury occurs to any person or property.

(2) Every person who sells, gives, or barter any spirituous or intoxicating liquor to or with any servant or employee of any company, while on duty, is liable on summary conviction to a penalty not exceeding fifty dollars, or to imprisonment with or without hard labour for a period not exceeding one month, or to both.

### Negligence of Railway Employees.

Chapter 8.—217. Every officer or servant of and every person employed by the company who wilfully or negligently violates any of the provisions of this Act or any by-law, rule or regulation of the company lawfully made and enforced or any order or notice of the Lieutenant-Governor in Council or of the Minister or the Board of which a copy has been delivered to him or which has been posted up or open to his inspection in some place where his work or his duties or any of them are to be performed if such violation causes injury to any person or any property or exposes any person or any property to the risk of injury or renders such risk greater than it would have been without such violation although no actual injury occurs, shall be guilty of an offence against this Act and shall upon summary conviction in the discretion of the court before which the conviction is had and according to such court considers the offence proved to be more or less grave or the injury or risk of injury to person or property to be more or less great be punished by fine or imprisonment or both; but no such fine shall exceed four hundred dollars and no such imprisonment shall exceed the term of six months. Amended 1916, c. 3, s. 22 (4).

218. Such penalty shall belong to His Majesty for the public uses of the Province.

219. The company may in all cases under the last three preceding sections pay the amount of the penalty and costs and recover the same from the offender or deduct it from his salary or pay.

### Sunday Street Cars.

Chapter 8.—241. No company or municipal corporation operating a street railway, tramway or electric railway, shall operate the same or employ any person thereon on the first day of the week commonly called Sunday, except for the purpose of keeping the track clear of snow or ice, or for the purpose of doing other work of necessity. For every train or car run or operated in violation of this section, the company or corporation shall forfeit and pay the sum of \$400, to be recovered in any court having jurisdiction in civil cases, for the amount, by any person suing for the same under this section and for the purpose thereof. The action for the recovery of the said sum shall be brought before a court having jurisdiction as aforesaid in the place from

which such train or car started, or through which it passed or at which it stopped in the course of such operation. All moneys recovered under the provisions of this section shall be paid to the Provincial Treasurer and shall form part of the general revenue of the Province.

[The above section] shall cease to apply to any street railway, tramway, or electric railway operated within the municipal limits of any one or more of the cities of Calgary, Edmonton or Strathcona upon the ratepayers or burgesses of such city or cities respectively determining by a majority vote taken upon a plebiscite to determine if a majority of the said ratepayers or burgesses are desirous that the company or municipal corporation operating such railway shall be permitted so to operate their said street railway, tramway or electric railway on the first day of the week commonly called Sunday, that the said company or municipal corporation shall be permitted so to operate their said street railway, tramway or electric railway on Sunday and the council of any of the said cities may provide by by-law or resolution for the taking of a plebiscite under the provisions of this section, in such manner and form and at such time or times as shall be set out in the said by-law or resolution, and may by any such by-law or resolution, or by any other by-law or resolution, provide for the payment out of the funds of such city of the expenses necessary for the taking of such plebiscite. 1909, c. 4, s. 16.

## STATUTES OF 1908.

### Prison Labour.

Chapter 15 with amendment.—7. The Lieutenant-Governor in Council may direct or authorize the employment beyond the limits of the common gaol upon any work or duty, the nature of which is specified in the Order in Council, of any person who is sentenced to be imprisoned with hard labour in such gaol under the authority of any statute of Alberta, or for the breach of a by-law of any city, town, village or municipality. 1913, c. 9, s. 19.

## STATUTES OF 1909.

### Protection of Employees as Voters—Time to Vote.

Chapter 3.—185. Every voter shall on the day of polling for the purpose of voting be entitled to absent himself from any service or employment in which he is then engaged or employed from the hour of noon until the hour of three o'clock next thereafter and a voter shall not because of his so absenting himself be liable to any penalty or suffer or incur any reduction from the wages or compensation to which but for his absence he would have been entitled:

Provided that this section shall not apply where a voter is by his employer permitted or allowed at any other period during the hours of polling reasonable and sufficient time and opportunity to vote.

260. Every person who directly or indirectly, himself or by any other person on his behalf uses or threatens to use force, violence or restraint or inflicts or threatens to inflict injury, damage, harm or loss or in any manner practices intimidation upon or against a voter in order to induce or compel him to vote or refrain from voting or on account of his having voted or refrained from voting, or who by abduction, duress or false or fraudulent pretence, device or contrivance impedes prevents, or otherwise interferes with the free exercise of the franchise of a voter or thereby compels, induces or prevails upon a voter to vote or refrain from voting shall be guilty of a corrupt practice and shall incur a penalty of \$200 or to imprisonment for a term not exceeding one year.

(2) It shall be a false pretence within the meaning of this section to represent to a voter directly or indirectly that the ballot to be used or the mode of voting at an election is not secret.

### Employment of Children in Street Trades.

Chapter 12 with amendments.—2. In this Act—

(a) "Child" shall mean a boy or a girl actually or apparently under eighteen years of age. Amended 1916, c. 3, s. 17(1).

(h) "Neglected child" shall mean a child who . . . is employed anywhere between the hours of ten o'clock p.m. of one day and six o'clock a.m. of the following day . . . and 'neglected children' shall mean two or more of such children.

(k) "Public place" shall mean a street, highway, or lane, whether a thoroughfare or not, and a tavern or other place of public resort, and generally any place to which the public have or are permitted to have access;

16a. Municipals council in cities, towns and incorporated villages may pass by-laws regulating and controlling and licensing children engaged as—

- (a) Express or dispatch messengers;
- (b) Vendors of newspapers and smallwares;
- (c) Bootblacks.

(2) No license fee imposed hereunder shall exceed the sum of 50 per cents per annum, and no child engaged in two or more of the said occupations shall be compelled to take out more than one license, nor pay more than one license fee.

(3) No such license shall be granted to any female child nor to any male child under the age of 12 years, nor to any male child of the age of 12 years but under the age of 14 years, unless such child shall present written authority from his parent or guardian authorizing him to make application for a license for the purpose of engaging in any of the above named occupations.

(4) No licensee under this section shall be permitted to engage in any occupation for which he is licensed within the limits of the municipality after the hour of 8 o'clock in the evening in the months of December, January and February, or after the hour of 9 o'clock in the evening throughout the rest of the year, or during school hours. 1911-12, c. 4, s. 34.

18. Any person who—

(a) causes or procures a child to be in any public place for the purpose of begging or receiving alms, or of inducing the giving of alms, whether under the pretence of singing, playing, performing, offering anything for sale, or otherwise; or

(b) causes or procures a child to be in any public place for the purpose of singing, playing or performing for profit, or offering anything for sale, or procures or causes a child to be employed between ten p.m. of one day and six a.m. of the following day; or. Amended 1910 second session c. 2, s. 23. (8).

(c) subject to the provisions of subsection (2) causes or procures any child to be at any time in any circus or other place of public amusement to which the public are admitted by payment, for the purpose of singing, playing, or performing for profit, or offering anything for sale; or

(d) is wilfully guilty of an act or omission producing, promoting or contributing to a child being or becoming a neglected child; shall be guilty of an offence under this Act, and on conviction shall incur a penalty not exceeding \$100 and, in default of payment of the penalty, or in addition thereto, shall be liable to imprisonment for a term not exceeding one year.

(2) In the case of any entertainment or series of entertainments to take place in premises used for public entertainment, or in any circus or other place of public amusement where it is shown that proper provision has been made to secure the health and kind treatment of a child proposed to be employed thereat, the mayor of any city or town or chairman of any village council may grant a license for such time and during such hours of the day, between ten p.m. of one day and six a.m. of the following day, such employment not to exceed seven hours in any day of twenty-four hours, and subject to such restrictions and conditions as he may think fit, for any child over ten years of age of whose fitness to take part in such entertainment or series of entertainments without injury he is satisfied; and such license may at any time be varied, added to or revoked by him. Amended 1910 second session c. 2, s. 23 (8).

(3) The municipal council shall assign to some person the duty of seeing that the restrictions and conditions of any license granted under authority of this section are duly complied with, and such person shall have power to enter, inspect and examine any place at which the employment of a child is for the time being licensed. This duty shall be discharged by the chief constable of the municipality until some other person is appointed.

19. If it appears to a police magistrate, or to a justice of the peace, on information laid before him on oath by any person who in the opinion of the magistrate or justice is *bona fide* acting in the interest of the child, that there is reasonable cause to suspect that a child has been or being ill-treated or neglected in any place within the jurisdiction of such magistrate or justice in a manner likely to cause the child unnecessary suffering or to be injurious to its health or morals, such magistrate or justice may issue a warrant authorizing any person named therein to search for such child and if it is found to have been or to be ill-treated or neglected to take it to and detain it in a place of safety until it can be brought before a judge, and the judge before whom the child is brought may cause it to be dealt with in the manner provided by section 25 or by section 26.

(2) The magistrate or justice may by the same warrant cause any person accused of an offence in respect of the child to be apprehended and brought before a judge to be dealt with according to law.

(3) Any person authorized by warrant under this section to search for a child and to take it to and detain it in a place of safety may enter (if need be by force) any house, building or other place specified in the warrant, and may remove the child therefrom.

(4) It shall not be necessary in any information or warrant laid or issued under the provisions of this section to describe a child by name.

## STATUTES OF 1910, SECOND SESSION.

### Wages as Preferred Claims—In Executions.

Chapter 4.—5. (13) All persons who are at the time of the seizure by the sheriff, or who within one month prior thereto have been in the employment of the execution debtor, and who shall become entitled to share in the distribution of money levied out of the property of a debtor, shall be entitled to be paid out of such money the wages or salary due to them by the execution debtor, not exceeding three months' wages or salary, in priority to the claims of the other creditors of the execution debtor, and shall be entitled to share *pro rata* with such other creditors as to the residue, if any, of their claims.

### Employment of Children—School Attendance.

Chapter 8 with amendment.—3. Every child who has attained the age of seven years and who has not yet attained the full age of fifteen years shall attend school for the full term or terms during which the school of the district in which he resides is open each year or in case such district operates more than one school then for the full term or terms during which the school therein which he has the right to attend is open each year unless excused for the reasons herein-after mentioned:

Provided, however, that if the board of any district has under the provisions of The School Ordinance entered into an agreement with the board of another district for the education of its children the school of such last mentioned district shall be deemed to be the school of the district in which such children reside for the purposes of this section. 1919, c. 32, s. 4 (1).

4. A person who has received into his house another person's child under the age of fifteen, who is a resident with him or is in his care or legal custody, shall be subject to the same duty with respect to the instruction of such child during such residence as a parent and shall be liable to be proceeded against as in the case of a parent, if he fails to cause such child to be instructed as required by this Act; but the duty of the parent under this Act shall not be thereby affected or diminished. Amended 1915, c. 10, s. 3 (2).

5. A parent, guardian or other person shall not be liable to any penalty imposed by this Act in respect of a child if—

(a) In the opinion of a school inspector, as certified in writing, bearing date within one year prior to the date of any complaint laid under this Act, the child is under efficient instruction at home or elsewhere;

(b) The child is unable to attend school by reason of sickness or other unavoidable cause;

(c) If the nearest public or separate school which the child has the right to attend is more than two and one-half miles distant from the nearest boundary of the quarter section or lesser parcel of land upon which the child resides measured by the nearest highway from such child's residence if he is under ten years of age:

Provided, however, that this clause shall not apply and no child shall be excused from attendance on account of distance from school in the case of pupils of a consolidated district or other district where conveyance has been provided or arrangements made with the parents or guardians for the conveyance of pupils of isolated families in accordance with the provisions of The School Ordinance;

Provided further that in computing distances for the purpose of this Act the Dominion Lands Survey shall be accepted as final and conclusive and all sections of land shall be deemed to be one mile square and no more and the width of road allowances shall be excluded from the computation and distance from school shall be deemed to mean the distance from the nearest boundary of the school site on which the school in question is situated; 1919, c. 32, s. 4 (2).

(d) There is not sufficient accommodation in the school which the child has a right to attend: or

(e) The child has passed the Grade VIII examination prescribed by the Department of Education or has completed a course which gives him an equivalent standing, and the district in which the child resides does not provide instruction in its school or schools for pupils above Grade VIII as classified by the regulations of the Department of Education. 1918, c. 39, s. 4 (2).

(f) The child has attained the full age of fifteen years and is regularly employed during school hours in some useful occupation; 1915, c. 10, s. 3 (3); amended 1918, c. 39, s. 4 (3).

6. No child under the age of fifteen years who has not a valid excuse under this Act shall be employed by any person during school hours while the public school of the district in which the child resides is in session, and any person who employs a child in contravention of this section shall incur a penalty not exceeding twenty dollars for each offence. Amended 1919, c. 32, s. 4 (3).

(2) Where in the opinion of a justice of the peace, police magistrate, commissioner of the juvenile court, or principal of the school attended by any child the services of such child are required in husbandry or in urgent and necessary household duties, or for the necessary maintenance of such child or of some person dependent upon him, such justice, police magistrate, commissioner of the juvenile court, or principal, upon application in writing being made by the parent or guardian of such child, may by certificate setting forth the reasons therefor relieve such child from attending school for any period not exceeding six weeks during each public school term:

Provided, however, that such certificate if granted by a commissioner of the juvenile court shall be granted by such commissioner in open court only and upon two days' notice of the application therefor being given to the secretary or attendance officer of the district in which the child resides. Amended 1918, c. 39, s. 4 (4); 1919, c. 32, s. 4 (4) (5).

7. (4) An attendance officer shall for the purposes of this Act be vested with the powers of a peace officer, and shall have authority to enter theatres, playhouses, places of public entertainment and amusement, factories, workshops, stores, shops and all other places where children may be employed or congregated and to perform such duties as may be necessary for the enforcement of this Act.

(5) The board making the appointment may make rules, not inconsistent with the provisions of the Act or with the regulations, for the direction of the attendance officer or officers and the enforcement of the Act, such rules to be subject to the approval of the Minister.

(6) In the event of any board failing to make rules and to submit the same to the Minister for approval as provided in the next preceding subsection, the Minister may make such rules as he may deem necessary, and the same shall have the same force and effect as if made by the board.

(7) Notice of every appointment made under this Act shall be given by the body making such appointment to the inspector within whose inspectorate the attendance officer has jurisdiction.

(8) Every attendance officer shall report monthly to the body appointing him as well as to the department according to the forms prescribed by the regulations. 1916, c. 9, s. 3.

(9) Every inspector shall inquire into the conditions existing in all districts under his supervision not included within any city or town school district, with respect to the observance of the provisions of this Act and he shall report to the Minister from time to time as the latter may direct.

8. It shall be the duty of every attendance officer to examine into all cases of violation of this Act which may come within his knowledge, or be brought to his attention, and except as hereinafter provided, to warn one of the parents or the guardian of any children not complying with the provisions of this Act by notice in writing in form provided in schedule A hereto, and generally to enforce the provisions of this Act. 1916, c. 9, s. 3; amended 1919, c. 32, s. 4 (6).

(2) An attendance officer appointed under this Act shall have the right to send a child suspected of truancy either home or to school and to accompany him thereto if deemed necessary.

(3) The notice provided for in this section may be served by registered letter, postpaid, delivered at any post office and addressed to the party at the post office situated nearest to his or her place of residence and the production of an affidavit in the form provided in schedule B hereto of the person posting the said letter to which are attached and marked as exhibits the registration receipt from the post office where the said letter was registered and a copy of said notice shall be *prima facie* evidence that such notice was duly received by the party to whom the same was addressed within four days after the posting and registration of the same. 1914, c. 13, s. 3; amended 1918, c. 39, s. 4 (5).

9. Any parent, guardian or other person having the charge or control of any person between the ages mentioned in section 3 of this Act, who within five days after having been notified as provided in the preceding section neglects or refuses to cause such child to attend school and continue in regular attendance thereat unless such child be excused from attendance as provided by this Act shall upon summary conviction be subject to a penalty not exceeding \$10 for a first offence, \$25 for a second offence, and \$50 for a third or every offence subsequent to a second offence, and in default to imprisonment for a term not exceeding ten days:

Provided, however, that if any parent, guardian or other person as aforesaid has been served with a notice as provided in the preceding section it shall not be necessary within a period of twelve months thereafter to serve such parent, guardian or other person with any other notice because of any further non-compliance with the provisions of this Act; and if such parent, guardian or other person within the said period of twelve months fails to cause the same child or any other child of whom he has charge or control between the ages mentioned in section 3 of this Act to attend school and continue in regular attendance thereat as required by this Act, such parent, guardian or other person shall be liable to prosecution and subject to the penalties imposed under this section as fully and completely as if he had been served with notice in every case. 1913 second session, c. 16, s. 3; amended 1919, c. 32, s. 4 (7); 1920, c. 13, s. 4 (1).

(2) The justice of the peace or police magistrate trying a complaint under this section may instead of imposing a penalty require a person convicted of an offence under this section to give a bond in the penal sum of one hundred dollars, with one or more sureties to be approved by him conditioned that the person convicted shall after the expiration of five days cause the child to attend school as required by this Act.

10. Every attendance officer shall institute, or cause to be instituted proceedings against a parent, guardian or other person having charge or control of a child, or against any other person violating any of the provisions of this Act.

11. The teacher or the principal of every public or separate school shall once in each week of the school year report to the attendance officer of the city, town or district in which the school is situated, the names, ages and residences of all pupils on the school register who have not attended school as required by this Act together with such other information as the attendance officer may require for enforcing the provisions of this Act.

(2) The teacher or principal, as the case may be, shall also forthwith report to the attendance officer every case of expulsion.

13. The penalties imposed by this Act shall be recoverable on summary conviction before a justice of the peace or a police magistrate.

14. The provisions of part XV of chapter 146 of the Revised Statutes of Canada, 1906 (known as The Criminal Code), in reference to summary conviction, shall be applicable to all proceedings under this Act;

Provided, however, that it shall not be necessary that the attendance officer who gives or serves the notice in writing prescribed in section 8 hereof shall be the same person as the one who lays the information before the magistrate and the following shall constitute *prima facie* evidence of an offence under subsection 1 of section 9 hereof; filing with the magistrate the

affidavit prescribed in subsection 3 of section 8 hereof and the production of the school register the entries in which show the absence from school of the child on the days specified in the information or complaint.

Provided further that the person serving the summons shall be entitled to the sum of ten cents for every mile necessarily travelled to serve the same and to return. Amended 1918, c. 39, s. 4 (6). 1920, c. 13, s. 4 (2).

16. Where a person is charged with an offence under this Act in respect to a child who is alleged to be within the ages mentioned in section 3 of this Act and the child appears to the court to be within such ages, the child shall for the purposes of this Act be deemed to be within such ages unless the contrary is proved.

### Inspection and Regulation of Factories—Sanitation.

[The Public Health Act, Chapter 17.—Section 2. (21) defines "Public places" as including restaurants, barber shops, manufacturing plants and stores.

Section 6 empowers the Provincial Board of Health to make investigations respecting various matters including the effect of localities, employment and conditions upon the health of the people. The said board may also direct officers of the Government and local boards of health as to the location, drainage, ventilation, etc., to be adopted in respect of any factory or building.

Section 7 empowers the Board, with the approval of the Lieutenant-Governor in Council, to make regulations regarding the cleansing, ventilating, etc., and the inspection, of factories, buildings and places of assembly; the methods of preventing, and remedying industrial and occupational diseases; the prevention and control of the employment of persons suffering from venereal diseases or tuberculosis, and of persons known to be carriers of communicable diseases; and of the use by the public of common drinking-cups and towels.]

### STATUTES OF 1911-12.

#### Early Closing of Shops.

Chapter 2.—163. The council of every town may pass by-laws not inconsistent with any Statute of Canada or Act of the Province or with any rules or regulations having the force of law made pursuant to any such Statute or Act for—

(77.) Subject to the provisions of The Early Closing Act the enforcement of closing at any specified hour of all retail shops as the same are defined by the said Act.

#### Liability of Employers for Taxes of Employees.

Chapter 2, with amendment—270b. Subject to the approval of the Minister of Education, the council may by resolution fix a minimum tax to be paid by any person assessed upon the assessment roll at the sum of \$4 and may require that every male resident of the district, of the full age of twenty-one years, who has resided therein for a period of one month or over, and has not been assessed on the assessment roll, shall pay an annual tax of \$4 for school purposes, to be collected at any time after the first day of January in each and every year, and such school tax shall be payable by such resident whether he has resided in the district before the date of the completion of the last revised assessment roll or not; but in the case of the collection of such tax the name of such resident so paying shall be added to the assessment roll.

(2) Any person liable to pay such tax shall pay the same to the secretary-treasurer of the town, or to such person as is appointed by the council to collect the same within three days after the demand thereof, but in case of neglect or refusal to pay, levy may be made by distress and sale of goods and chattels of the person in default as provided in this Act.

(3) It shall be the duty of any employer or employers to furnish from month to month, upon request, to the secretary-treasurer of the town, the names of all persons in his or their employ and the secretary-treasurer, by notice in writing may require such employer or employers to pay to the town the tax due and payable by any of his or their employees, which tax shall be paid by the employer or employers within one month after notice by the secretary-treasurer as aforesaid, and may be deducted by the employer or employers from the wages or salary of the employee whether said tax has been previously demanded from such employee or not as hereinbefore provided; provided, however, that where the employee has paid a similar tax under the provisions of the School Ordinance to a school district, he shall not be liable to a tax hereunder in a town for the same calendar year. 1918, c. 46, s. 10.

#### Examination and Licensing of Chauffeurs.

Chapter 6.—15. Any application for a license to operate motor vehicles as a chauffeur shall be made to the Provincial Secretary upon blank forms to be prepared under his authority. Every such application shall be accompanied by a fee of three dollars.

(2) Before such application shall be granted the applicant shall pass such examination as to his qualifications as the Provincial Secretary may require; and no license shall be issued to any such applicant until the said Provincial Secretary is satisfied that he is a fit and proper person to receive the same.

(3) For the purpose of conducting the examinations aforesaid the Provincial Secretary shall appoint examiners and cause examinations to be held at convenient points throughout the Province, and as often as may be necessary.

(4) Upon the Provincial Secretary being satisfied as to the qualifications of the applicant he shall register his name as a chauffeur licensed to operate motor vehicles in this Province, and deliver to him a certificate of such registration, and assign and furnish to him a suitable metal badge which shall have stamped thereon the words "Alberta Licensed Chauffeur," and the number assigned to the applicant, which said badge shall thereafter be worn by him in a conspicuous place on the front of his outer garment at all times while he is operating a motor vehicle upon any public highway.

(5) All licenses issued under the provisions of this section shall remain in force, unless suspended or revoked as hereinafter provided, for one year from the first day of January preceding the date of issue.

(6) No chauffeur's license shall be issued to any person under the age of eighteen years.

(7) Upon any licensed chauffeur being convicted under the provisions of the "The Liquor Act" of selling or having for sale any intoxicating liquor, the justice or magistrate shall forthwith notify the Provincial Secretary, who may thereupon revoke or suspend the license issued hereunder to such chauffeur. 1919, c. 4, s. 28 (1).

16. No chauffeur having registered as provided in the foregoing section shall operate a motor vehicle without displaying his badge in the manner prescribed by this Act, nor voluntarily permit any person to use his badge or certificate, nor shall any person while operating a motor vehicle use any badge or certificate belonging to any other person nor a fictitious badge or certificate.

50. No chauffeur shall operate a motor vehicle without having been registered under this Act or while his license is suspended or revoked.

### Hours of Labour—Early Closing in Shops.

Chapter 23, with amendments.—1. This Act may be cited as the Early Closing Act.

2. In this Act, unless the context otherwise requires—

(1) The expression "shop" shall mean and include any premises or place where retail trade is carried on. It shall also include the premises or place in which a barber or a blacksmith or other artisan carries on his trade. 1917, c. 3, s. 7 (1).

(2) The expression "council" means the council of a city, town, or village. 1918, c. 4, s. 47 (2).

(3) "Closing by-law" means a by-law passed under the provisions of this Act;

(4) "Closing hour" means the hour for closing of shops, fixed by any such by-law.

3. The council of any city, town or village, may, in the manner provided by this Act, fix the hours of the several days of the week at and after which, either throughout the whole area of the city or in any specified part thereof, all shops, or shops of any specified class, are to be closed for serving customers. Amended 1918, c. 4, s. 47 (1).

4. The hour fixed by any such closing by-law shall not, except as hereinafter provided, be earlier than six o'clock in the evening on any day of the week;

Provided, however, that on any one specified day of the week such closing hour may be an hour not earlier than twelve o'clock noon.

Provided also that in the case of blacksmith shops the hour fixed by any such closing by-law may be any hour of the day not earlier than 5 o'clock in the evening, Amended 1917, c. 3, s. 7 (2).

5. A closing by-law may prohibit, either absolutely, or subject to such exemptions and conditions as may be therein contained, the carrying on of any retail trade, or business, after the closing hour in any place not being a shop within the area of the city or town to which such by-law applies, if, under the terms of said by-law, or any other by-law passed under the provisions of this Act, it would be unlawful at such time to keep a shop open for the purpose of the carrying on of any such trade or business.

6. Any such by-law may—

(a) define the shops and trades to which it applies;

(b) authorize sales after the closing hour in cases of emergency, and under such other conditions as the council may deem advisable.

7. A closing by-law shall not be deemed to apply to sales made at any fair or exhibition lawfully held, or at a bazaar for charitable or church purposes, not to any shop where the only trades or businesses carried on are one or more of the trades or businesses mentioned in the schedule hereto.

8. If several trades or businesses are carried on in the same shop, and if the closing by-law does not apply to any one or more of such trades or businesses, such shop may be, on such terms and conditions as may be specified in the closing by-law, kept open after the closing hour for the purposes of those trades and businesses only.

Provided that the terms and conditions of any closing by-law in regard to post office business shall be subject to the approval of the Postmaster General of the Dominion of Canada.

9. If a petition for a closing by-law is presented to the council, signed by the occupiers of at least two-thirds in number, of the shops to be affected by the proposed by-law, the council shall give notice, in the manner and form hereinafter prescribed, of their intention to pass a closing by-law, specifying therein a period to be fixed, in the manner hereinafter prescribed, within

which any objections to the petition upon the ground that it is insufficiently signed or otherwise affecting the validity or sufficiency thereof will be received; if there are no such objections, or if after hearing any such objections, the council deem them to be not well founded, such council shall forthwith pass a closing by-law.

10. (Repealed 1920, c. 4, s. 12.)

11. If at any time it appears to the satisfaction of the council that the occupiers of a majority of any class of shops, to which a closing by-law applies, are opposed to the continuance of the by-law, such council shall repeal the by-law in so far as it affects that class of shops:

Provided, however, that any such repeal shall be without prejudice to the right of the council at any time to pass a new closing by-law in the manner herein provided affecting such class of shops.

12. Any person violating any of the provisions of a closing by-law shall be liable on summary conviction—

(a) For a first offence, to a fine not exceeding \$5 and costs;

(b) For a second offence, to a fine not exceeding \$25 and costs; and

(c) For a third or subsequent offence, to a fine not exceeding \$100 and costs:

Provided that no person shall be deemed guilty of an offence against any closing by-law who serves after the closing hour any customer who was in the shop at such hour. Amended 1913, second session, c. 2 s. 23.

13. The Lieutenant-Governor in Council may from time to time make regulations for prescribing the form, in which and the period for which notice of the intention to pass any closing by-law must be given, the manner in which such notice shall be given, and the manner of ascertaining the opinion of occupiers of shops, and generally the means for carrying into effect the provisions of this Act.<sup>1</sup>

#### SCHEDULE.

Post office business.

The sale of medicines and medical and surgical appliances.

The sale of intoxicating liquors for consumption on or off the premises.

The sale of refreshments for consumption on the premises.

The sale of tobacco and other smokers' requisites.

The sale of newspapers.

The business carried on a railway bookstall or at a railway refreshment room.

#### Licensing of Moving Picture Machine Operators.

Chapter 25.—3. The Lieutenant-Governor in Council shall have power to make regulations for—

(a) Licensing, controlling and governing the use and operation of cinematographs, moving picture machines or similar apparatus;

4. The owner, user or exhibitor of every cinematograph, moving picture machine, or other similar apparatus . . . and the person operating such cinematograph, moving picture machine or other similar apparatus shall each pay in advance to the Provincial Secretary an annual license fee, the amount of which may from time to time be fixed by the Lieutenant-Governor in Council.<sup>2</sup>

#### STATUTES OF 1913, FIRST SESSION.

##### Inspection and Regulation of Mines.

Chapter 4 with amendments.—This Act may be cited as "The Mines Act."

#### APPLICATION.

2. This Act shall apply to mines of coal, stratified ironstone, shale, clay and other minerals.

3. If any question arises (other than in legal proceedings) as to whether a mine is a mine to which this Act applies, the question shall be referred to the Minister, whose decision thereon shall be final.

#### INTERPRETATION.

4. In this Act and in any regulations made thereunder, unless the context otherwise requires—

(a) "Mine" means a mine to which this Act applies, and includes all places where any operations incidental to the extraction of coal by removing the overlying strata are carried on and every shaft in the course of being sunk and every level and inclined plane in the course of being driven for commencing or opening any mine, or for searching for or proving any minerals, or for the operation of same and all the shafts, levels, planes, workings, machinery, tramways, railways, and sidings, both below ground and above ground in and adjacent to a mine, and any such shaft, level and inclined plane of and belonging to the mine; Amended 1918, c. 38, s. 51.

<sup>1</sup>Regulations have been issued under this section respecting the points mentioned therein.

<sup>2</sup>Regulations regarding the licensing of operators have been issued under this section.

(b) "Shaft" means a vertical opening through the strata that is or may be used for the purpose of ventilation or drainage or for the ingress or egress of persons, animals or materials to or from a mine or any part thereof;

(c) "Inclined plane" includes a slope, and means an incline or opening driven on an angle through the strata and which is or may be used for the same purposes as a shaft;

(d) "Tunnel or level" means an excavation in the earth or strata driven horizontally or at such an inclination as may be necessary for drainage, ventilation or haulage purposes or which is or may be used for the ingress or egress of persons, animals or materials to or from a mine or any part thereof;

(e) "Outlet" includes any shaft, inclined plane, tunnel, level or any other means of ingress or egress to or from a mine;

(f) "Plan" includes a map and section or a correct copy or tracing of any original plan as so defined;

(g) "Minister" means the Minister of Public Works for the Province;

(h) "Chief Inspector" means the Chief Inspector of Mines appointed under this Act;

(i) "District Inspector" means a district inspector of mines appointed under this Act;

(j) "Inspector" means the Chief Inspector of Mines or a district inspector of mines appointed under this Act;

(k) "Owner" when used in relation to any mine, means any person or body corporate who is the immediate proprietor or lessee, or occupier of any mine or of any part thereof and does not include a person or body corporate who merely receives a royalty or rent from a mine or is merely the proprietor of a mine subject to any lease, grant or license for the working thereof, or is merely the owner of the soil and not interested in the minerals of the mine; but any contractor for the working of any mine or part thereof shall be subject to this Act in like manner as if he were an owner, but so as not to exempt the owner from liability;

(l) "Agent" means any person having on behalf of the owner the care or direction of any mine or part thereof;

(m) "Manager" means the chief officer having the control and daily supervision of any mine;

(n) "Overman" means any person in charge of any mine or any portion of a mine next in authority to the manager;

(o) "Examiner" means an examiner as provided for under this Act;

(p) "Shot-lighter" means a shot-lighter as provided for under this Act;

(q) "Board" means a Board of Examiners as provided for under this Act;

(r) "Workman" means for the purpose of Sections 9, 10, 11 and 12, any person employed in a mine below ground who is not an official of the mine or a furnace man, fan man, cager or onsetter, horse keeper or pumpman; and any body or workmen whose hours for beginning and terminating work in the mine are approximately the same shall be deemed to be a shift of workmen;

(s) The "Supreme Court" means the Supreme Court of Alberta;

(t) "District" or "split" means any part of a mine or seam having an independent intake airway commencing from a main intake airway, and an independent return airway terminating at a main return airway. 1918, c. 38, s. 1.

#### Employment of Persons.

5. The owner, agent or manager of every mine to which this Act applies shall keep in the office at the mine a book in which shall be entered the name, age, residence, and date of first employment of every person employed in connection with the mine and such book shall be produced to an inspector for inspection by him when demanded. Amended 1918, c. 38, s. 2.

6. No boy under the age of sixteen years shall be permitted or allowed to work in any mine below ground.

(2) Where there is a shaft, an inclined plane or level in any mine whether for the purpose of entrance to same or for communication from one part to another part of same and persons are taken up or down or along such shaft, plane or level by means of an engine, windlass or gin, driven or worked by steam, manual labour or other power, no person shall have or be allowed to have charge of such engine, windlass or gin or any part of the machinery, ropes, chains or tackle connected therewith unless he is a male person of at least eighteen years of age:

Provided that when the engine, windlass or gin is worked by a horse, mule or other animal, the person under whose direction the driver of such animal acts, shall, for the purposes of this subsection, be deemed to be the person in charge of such engine, windlass or gin, but such driver shall not be under sixteen years of age.

(3) No boy under the age of fourteen years shall be employed or permitted to work in or about any mine above ground, and no boy under the age of sixteen years and over the age of fourteen years shall be employed or permitted to work in or about any mine above ground unless he is able to read and write and is familiar with the rules of arithmetic, and furnishes a certificate to that effect from a duly qualified school teacher in this Province actually engaged as such at the time of granting such certificate.

(4) No woman or girl of any age shall be employed or permitted to work in or about any mine above or below ground.

(5) Nothing however contained in this section shall prevent any person from working in an office above ground connected with any mine.

7. Every school teacher shall, without payment of any fee, upon application by any boy, examine him and grant such certificate if he is found to be entitled to the same.

8. If any boy has been employed on the representation of his parent or guardian, that he was of the proper age under this Act, the owner, agent or manager shall, notwithstanding that such boy was not of the proper age, be exempt from liability in respect of such employment; but the parent or guardian who made such misrepresentation shall be guilty of an offence against this Act.

9. Subject to the provisions of this Act, a workman shall not be below ground in a mine for the purpose of his work or of going to or from his work, or be allowed to be below ground for that purpose, for more than eight hours during any consecutive twenty-four hours.

(2) It shall not be deemed to be a contravention of this section if—

(a) The period between the times at which the first workman in a shift leaves the surface and the first workman in the shift returns to the surface, and the period between the times at which the last workman in the shift leaves the surface and the last workman in the shift returns to the surface, do not exceed the time fixed by this section; or

(b) A workman is below ground for the purpose of rendering assistance in the event of accident, or for meeting any danger, or for dealing with any emergency or exceptional work which requires to be dealt with without interruption in order to avoid serious interference with ordinary work in the mine.

(3) The owner, agent or manager of every mine shall fix for each shift of workmen in the mine, the times at which the lowering of workmen to the mine is to commence and to be completed, and the times at which the raising of workmen from the mine is to commence and to be completed and the same shall be fixed in such manner that every workman shall have an opportunity of returning to the surface without contravention of the foregoing provisions of this section, and shall post at the pit-head, a conspicuous notice of the times so fixed, and shall make all arrangements necessary for the observance of those times in lowering and raising the workmen;

(4) The interval between the times fixed for the commencement and for the completion of the lowering and raising of each shift of workmen to and from the mine shall not exceed the time reasonably required for the purpose and the same shall be approved by the chief inspector.

(5) A repairing shift of workmen may, notwithstanding the provisions of this section, for the purpose of avoiding work on Sunday, commence their period of work on Saturday before twenty-four hours have elapsed since the commencement of their last period of work so long as at least eight hours have elapsed since the termination thereof.

(6) In the event of any contravention of this section no person shall be deemed to be guilty of an offence if he can prove that he has taken all reasonable means to prevent same.

10. The owner, agent or manager of every mine shall appoint a person or persons to direct at the pit-head the lowering and raising of workmen to and from the mine, and shall cause a book to be kept, in which shall be entered the times at which workmen are lowered into and raised from the mine, and the cases in which any workman is below ground for more than the time fixed by this Act and the cause thereof. Amended 1918, c. 38, s. 3.

(2) The workmen in a mine may, at their own cost, appoint and station one or more persons whether holding the office of check-weigher or not, to be at the pit-head at all times when workmen are to be lowered or raised, for the purposes of observing the times of lowering and raising, and the provisions of this Act relating to the appointment of the check-weigher, and to the relations of the owner, agent or manager of the mine to the check-weigher shall apply to any person appointed under this subsection.

(3) No person shall wilfully make a false entry in the said book which is to be kept under this section, nor wilfully cause nor wilfully permit any such false entry to be made.

11. The Lieutenant Governor in Council may, in the event of great emergency, or of any grave economic disturbance due to the demand for coal exceeding the supply available at the time, suspend the operation of this Act so far as it relates to the limiting of hours of work below ground to such extent and for such period as may be named in the order either in respect to all mines or any class of mines.

12. In the application of this Act to mines which are entered otherwise than by shafts, and to workmen who are not lowered to or raised from the mine by means of machinery, the words "the admission of workmen to the mine" shall be substituted for the words "the lowering of workmen to the mine," and the words "the return of workmen from the mine," shall be substituted for the words "the raising of workmen from the mine" and the times fixed by the owner, agent or manager of the mine, under section 9 hereof shall be substituted for the times so fixed under this section.

#### Single Outlets.

13. The owner, agent or manager of a mine shall not employ any person therein, nor permit any person to be therein for the purpose of employment unless the following conditions respecting outlets to the surface are complied with, that is to say:

(2) Every seam which is for the time being at work shall have at least two outlets to afford proper means of egress available to the persons employed in such seam.

(3) Such outlets shall not at any point be nearer to one another than one hundred feet and there shall be between such outlets a communication not less than four feet wide and four feet high:

Provided, however, that nothing in this subsection shall apply to mines in operation before the first day of March, 1908, which have outlets not at any point nearer to one another than forty-five feet.

(4) Proper apparatus or ladders for the descent and ascent of persons at such outlets shall be kept on the works belonging to the mine and such apparatus or ladders shall be constantly available for use.

(5) Every part of a mine in which ten or more persons are employed at the same time, shall be provided with at least two ways affording proper egress to the surface; but this provision shall not apply when the same is exempt by written order of the Minister.

(6) The Supreme Court or any judge thereof, whether any other proceedings have been taken or not, may upon the application of the Attorney-General prohibit by injunction the working of any mine in which any person is employed or is permitted to be for the purpose of employment, in contravention of this section and may award such costs in the matter of the injunction as the Court or judge thinks just; but this provision shall be without prejudice to any other remedy permitted by law for enforcing the provisions of this Act.

(7) Written notice of the intention to apply for such injunction in respect to any mine shall be given to the owner, agent or manager of the mine, not less than ten days before the application is made.

14. No person shall be precluded by any agreement from doing such acts as are necessary for providing a second outlet to a mine, where the same is required by this Act, or be liable under any contract to any penalty or forfeiture for doing such acts as are necessary to comply with the provisions of this Act with respect to outlets.

15. The foregoing provisions of this Act with respect to outlets shall not apply to—

- (a) A new mine or seam being opened;
- (b) Any working for the purpose of making a communication between two or more outlets;
- (c) Any working for the purpose of searching for or proving minerals. Amended 1918, c. 38, s. 4.

(2) Any proved mine which is exempt by order of the Minister on the ground either—

(a) That the quantity of mineral proved is not sufficient to repay the outlay which would be occasioned by sinking or making a second outlet, or by establishing communication with a second outlet in any case where such communication existed and has become unavailable; or

(b) That the workings of any seam of the mine have reached the boundary of the property or the extremity of the mineral field of which that seam is a part, and that it is expedient to work away the pillars already formed in course of ordinary working notwithstanding that one of the outlets may be cut off by so working away the pillars of the same. Amended 1918, c. 38, s. 4.

(3) Any mine while an outlet is being made therefrom or where one of the outlets of which has become by reason of some accident unavailable for the use of the persons employed in the mine so long as the mine is exempt by order of the Minister.

(4) The provisions of subsections 1 and 2 of this section shall apply or pertain so long as not more than twenty persons are employed below ground at any one time in the whole of the different seams in connection with a single outlet. 1918, c. 38, s. 4.

#### Board of Examiners.

16. For the purposes of this and the next succeeding section, the Province shall be divided into districts, the number and limits of which shall be fixed and defined from time to time by the Minister.

17. For the purpose of granting certificates under this Act, the Lieutenant Governor in Council may appoint a Board of Examiners having jurisdiction over all said districts.

(2) The Board appointed under this section shall consist of—

- (a) The chief inspector or a district inspector appointed by him;
- (b) Two managers;
- (c) Two working miners.

(3) The Board shall make arrangements for the conducting of all examinations for the granting of certificates. 1918, c. 38, s. 5.

18. The Board of Examiners shall prepare rules for its guidance under this Act and may from time to time amend or revoke same for the conduct of such examinations and for determining the qualifications of all applicants, so, however, that in every such examination, regard shall be made to such knowledge as is necessary for the practical working of mines in the Province and for the determination of the qualifications of applicants for certificates and shall do such other things as are necessary for the proper discharge of their duties under this Act. Amended 1918, c. 38, s. 6.

(2) Such rules or regulations and all amendments thereto shall, before coming into force be approved by the Minister.

(3) The Lieutenant Governor in Council may at any time alter or revoke any rules or regulations made by the Board of Examiners.

19. The fees and travelling expenses to be paid to the Board of Examiners and the fees to be paid by applicants for certificates, may be determined by the Lieutenant-Governor in Council.

20. In no case shall a certificate be granted to any applicant until he has satisfied the Board of Examiners as follows:

(2) If an applicant for a manager's certificate, that he has had at least five years' practical experience in a coal mine, either in Canada or partly in Canada and partly elsewhere, or is the holder of a diploma in scientific and mining training after a course of study of at least two years at an educational institute approved by the Minister, or has taken a degree in scientific and mining subjects at a university so approved, together with three years' practical experience in a coal mine part of which has been in Canada, and that he is at least twenty-five years of age, and throughout this Act such certificate may be referred to as a first-class certificate.

(3) If an applicant for an overman's certificate, that he has had at least three years' practical experience in a coal mine and is at least twenty-five years of age, and throughout this Act such certificate may be referred to as a second-class certificate.

(4) If an applicant for an examiner's certificate, that he has had at least three years' practical experience in a coal mine and is at least twenty-three years of age, and throughout this Act such certificate may be referred to as a third class certificate.

(5) In addition thereto, every applicant mentioned in this section shall produce to the Board, satisfactory evidence of sobriety, experience and general good conduct, and shall produce a certificate from a duly qualified medical practitioner, or from a recognized ambulance society showing that he has taken a course in ambulance work fitting him to give first aid to persons injured in or about a mine.

21. All examination papers shall be set, prescribed and examined by such person or persons as the Minister may appoint or nominate; and such person or persons shall submit to the Board results of said examinations together with the papers so examined and the successful applicants shall be recommended by the Board to the Minister for certificates under this Act.

(2) The chief inspector shall sign and deliver to every successful applicant the certificate to which he may be entitled.

(3) The chief inspector may sign and deliver a certificate without examination to an applicant who is the holder of a certificate granted in this or any other country, if the board reports that the standard of training and examination required for the granting of such certificate is equivalent to that required for the granting of a corresponding certificate under this Act.

22. The qualifications of applicants for second and third class certificates shall be of a standard suitable for practical working miners; examinations for second class certificates shall be partly written and partly oral and examination for third class certificates shall be oral:

Provided, however, that each applicant shall satisfy the Board that he is able to read and write the English language.

23. A register of the holders of certificates shall be kept by such person and in such manner as the Minister may direct.

24. The chief inspector shall make a return and transmit to the Minister all fees collected by him.

#### Certificated Persons.

25. No person shall act or be permitted to act as manager in any mine unless he is the holder of a first class certificate granted under this Act.

26. No person shall act or be permitted to act as overman in any mine unless he is the holder of a first or second class certificate granted under this Act, or unless he is the holder of a provisional certificate granted by the chief inspector authorizing him to act in such capacity for a period not more than sixty days after the next examination is held for the district in which the mine is situated for which the provisional certificate is granted. Amended 1918, c. 38, s. 8.

27. No person shall act or be permitted to act as examiner or shot-lighter in any mine where locked safety lamps are required to be used unless he is the holder of a first, second or third class certificate granted under this Act, or unless he is the holder of a provisional certificate granted by the chief inspector authorizing him to act in such capacity for a period not more than sixty days after the next examination is held for the district in which the mine is situated for which the provisional certificate is granted. Amended 1918, c. 38, s. 9.

28. The chief inspector may grant a provisional certificate for the period mentioned therein to any person who has had at least five years' practical experience authorizing him to act as overman in any mine. Amended 1918, c. 38, s. 10.

29. Every mine shall be under the control and supervision of one manager who shall hold a first class certificate under this Act and who shall examine and initial at the mine all report books at least once in every seven days and the owner or agent of every mine shall nominate himself or some other person to be manager thereof, and shall within thirty days after such nomination is made, send written notice to the Minister and to the district inspector of the name and address of such manager and the number of his certificate. Amended 1918, c. 38, s. 11.

(2) The underground workings of every mine shall be under the daily charge of an overman holding a first or second class certificate under this Act.

(3) No mine shall be worked for more than thirty days without the appointment of a manager as provided in subsection 1 of this section, but such owner or agent shall not be guilty of an offence if he can prove that he has taken all reasonable means to appoint a manager under said subsection.

(4) If for a reasonable cause there is for the time being no manager of a mine qualified as required by this section, the owner or agent of such mine may, subject to the written approval of the chief inspector, appoint any person holding a second class certificate under this Act to be manager for a period not exceeding thirty days or such longer period as elapses before such person has an opportunity of obtaining by examination a first class certificate under this Act, and the said owner or agent shall immediately send to the Minister and to the district inspector a written notice of the name and address of such overman and the reason for such appointment.

(5) A mine in which less than thirty persons are employed under ground shall be exempt from the provisions of this Act in so far as it relates to the appointment of a manager, unless the chief inspector, by notice in writing served on the owner or agent requires the same to be under the control of a manager; but the operations under ground shall be under the daily charge of a person holding a second class certificate under this Act unless permission is given by the Minister that the operations under ground may be under the daily charge of a competent person known to the chief inspector.

(6) Any person employed as an overman under this Act shall devote his whole time to the supervision of the mine or part thereof and the fulfilling of his statutory duties but nothing in this section shall be taken to mean that he cannot do such acts as are necessary for the safety of the mine or of the persons employed therein.

(7) After the first day of January, 1914, no person who is manager of a mine shall, without the approval in writing of the chief inspector, be manager of any other mine required to be under the control of a manager unless all said mines are within a distance of ten miles of the mine for which he was first appointed.

(8) When any person is appointed to be manager of two or more mines required to be under the control of a manager, there shall be an overman appointed at each mine.

(9) The provisions of this section shall not apply to mines, where coal is extracted by the process of removing all the overlying strata. 1919, c. 4, s. 42. (1).

30. If at any time complaint is made to the Minister that any person holding a certificate under this Act is by reason of incompetency or gross negligence unfit to discharge his duty or has been convicted of an offence against this Act, the Minister may make inquiry touching the said complaint and for the purposes thereof, the following provisions shall have effect:

1. The inquiry shall be public and shall be held at such place as the Minister directs.

2. The Minister shall, before commencing the inquiry furnish the person against whom the complaint is made with a statement of same and such person may attend the inquiry or be represented thereat by agent or solicitor, and he may, if desired, be sworn and examined as a witness in the case.

3. The Minister shall have power to cancel or suspend the certificate of the person against whom said complaint is made if he finds that he is by reason of incompetency or gross negligence or of his having been convicted of an offence against this Act unfit to discharge his duty.

4. The Minister may require the person against whom the complaint has been made to deliver up his certificate to the Minister; the Minister may hold said certificate until the conclusion of the inquiry and he may then either return, cancel or suspend the same.

5. The Minister may also by summons under his hand require the attendance of any person or persons and examine them for the purpose of the inquiry, and every person so summoned shall be allowed such fees as are allowed to a witness attending on a subpoena in proceedings before the Supreme Court.

6. The Minister may make such order as he may think fit, respecting the costs and expenses of the inquiry and such order shall, on the application of any person entitled to the benefit of the same, be enforced by any court of summary jurisdiction as if such costs and expenses were a penalty imposed by such court.

31. When a certificate is cancelled or suspended in pursuance of this Act, the Minister shall cause such cancellation or suspension to be recorded in the register of holders of certificates.

32. The Minister may, in his discretion at any time, renew, revive or restore on such terms as he may think fit, any certificate which has been cancelled or suspended in pursuance of this Act.

33. Whenever any person proves to the satisfaction of the Minister that he has, without fault on his part, lost or been deprived of any certificate previously granted to him, the Minister may cause a duplicate of the certificate to which the applicant appears by the register to be entitled, to be made out and certified by the person who keeps the register and delivered to the applicant; and every copy which purports to be so made and certified shall have all the effect of the original certificate.

#### Payment of Wages.

34. All wages earned by any person or persons employed in or about a mine from the first day to the fifteenth day of each month, both days inclusive, shall be paid on the last Saturday of the same month, and all wages earned from the sixteenth day to the last day of each month, both days inclusive, shall be paid on the first Saturday after the ninth day of the following month:

Provided, however, that if any of the said Saturdays is a holiday the wages payable on such Saturday shall be paid on the Friday next preceeding such Saturday. Amended 1919, c. 4, s. 42 (2); 1920, c. 4, s. 10.

35. When the amount of wages paid to any of the persons employed in a mine depends on the amount of mineral gotten by them, such persons shall be paid according to the weight or measurement of the mineral gotten by them and such mineral shall be truly weighed accordingly at a place as near to the mine entrance as is reasonably practicable or measured at the working face.

(2) Nothing in this section shall preclude the owner, agent or manager of any mine from agreeing with the persons so employed and paid that deductions shall be made in respect of stones or material other than mineral contracted to be gotten which are sent out of the mine with the mineral contracted to be gotten, or in respect to any tubs or cars being improperly filled in those cases where they are filled by the getter of the mineral, or by the loader, or by any person immediately employed by him, and no such deductions shall be made until such agreement is made in writing on behalf of both parties.

(3) If such deductions are not mutually agreed upon, they shall be determined as follows:—

(a) In any special manner agreed upon between the owner, agent or manager of the mine on the one hand, and the persons so employed and paid on the other; or

(b) By some person appointed for that purpose by the owner, agent or manager and by a person appointed by such employees who may be the check-weigher if any check-weigher has been appointed as in this Act provided; or

(c) If the persons appointed under the preceding subsection fail to agree, then by a third person to be chosen by the persons so appointed and if they cannot agree upon such appointment then by some person appointed by the Minister.

(4) If any owner, agent or manager, or the persons so employed in any mine, fail to appoint a person to agree upon such deduction, a person may be appointed on his or their behalf by the Minister.

#### Check-Weigher.

36. The persons who are employed in a mine and are paid according to the weight of the mineral gotten by them may, at their own cost, appoint a person (in this Act called a "check-weigher") who is resident in the Province and station him at the place appointed for the weighing of such mineral in order to take an account of the weight thereof on behalf of the persons by whom he is so stationed. The check-weigher must be a practical working miner of at least three years' experience and may be appointed by the aforesaid persons employed from time to time in the mine.

(2) A check-weigher shall have every facility afforded him by the owner, agent or manager to take correct account of the weighing for the persons by whom he is so stationed, including facilities for examining and testing the weighing machine and checking the taring of the tubs and boxes when necessary; and also for counting boxes and tallies in order that the number of boxes, weights or quantities credited to each person may be ascertained, and also including a shelter from the weather and a desk or table at which to write, all to be furnished by the owner, agent or manager, and he shall have access to all parts of the mine and bankhead necessary for the fulfilment of his duties.

37. The check-weigher shall not in any way impede or interrupt the working of the mine or interfere with the working of the mine or interfere with the weighing, his duty being to take such account as aforesaid only, and the absence of the check-weigher shall not be a reason for interrupting or delaying such weighing.

38. When a check-weigher has been appointed by the persons employed in a mine who are paid according to the weight of mineral gotten out by them and has acted as such, he may recover from any person for the time being employed at such mine and so paid, his proportion of the check-weigher's wages or recompense, notwithstanding that any of the persons by whom the check-weigher was appointed have left the mine or others have entered the same since the check-weigher's appointment, any rule of law or equity to the contrary notwithstanding.

(2) Whenever a majority of the miners who are employed in a mine to which this Act applies who have engaged a check-weigher shall request in writing of the owner, agent or manager, that the wages of such check-weigher be paid direct from the offices of the mine, the said owner, agent or manager shall withhold from the wages due the miners aforesaid, a *pro rata* amount sufficient from time to time to meet the wages due the check-weigher, and shall pay the same to him in a like manner as the wages of the said miners are paid.

39. If an owner, agent or manager of a mine desires the removal of a check-weigher on the ground that the check-weigher has impeded or interrupted the working of the mine or improperly interfered with the weighing or has otherwise misconducted himself, he may complain in writing to a judge of the district court, who, if of the opinion that said complaint should be investigated, shall issue a summons to the said check-weigher to appear at a certain time and place therein named.

(2) Such summons and a copy of the complaint shall be served personally on the check-weigher at least five days before the return of such summons; if, after diligent efforts, it is found impossible to personally serve said check-weigher the said summons may be left with some grown-up person residing in the home or last known place of residence of said check-weigher at least five days before the return of said summons.

(3) In default of appearance of the check-weigher to answer the complaint, service of the said summons on him shall be furnished to the satisfaction of said judge.

(4) Whether the check-weigher appears or not, said judge shall hear the case at the time fixed in the summons and if he deems sufficient ground is shown by the owner, agent or manager to justify the removal of the check-weigher, he shall make a summary order for his removal, and the check-weigher shall thereupon be removed without prejudice to the stationing of another check-weigher in his place.

(5) Said judge may in every case make such order as to the costs of the proceedings he thinks just and such costs may be recovered as a judgment in the district court.

(6) The judgment of said judge shall be final and there shall be no appeal therefrom.

40. In any mine in which the persons employed are paid by mutual agreement otherwise than according to the weight of the mineral gotten by them they may, at their own cost, employ one or two practical working miners of at least three years' experience, resident in the Province who shall at all times have power and necessary facilities to check the correctness of the manner, method, measure, measurements or quantities according to which persons are paid, on behalf of the persons by whom he is employed; and also for counting boxes and tallies once daily, in order that the number of boxes, weights or quantities credited to such persons may be ascertained.

(2) The provisions of this Act with respect to the powers and duties of a check-weigher and the facilities to be afforded him and for his removal from office shall apply to every person appointed under this section.

41. Any person employed in or about a mine may by order in writing authorize his employer to apply the whole or part of the moneys due to him to the payment of any debt due by such person employed in or about a mine, but any such order shall be effective only for an amount specified therein.

(2) Any such employer may without any order retain out of the moneys due any such person employed in or about a mine any sums due by such person in respect of powder, coal, oil, rent, or other supplies. Amended 1919, c. 4, s. 42 (3).

#### Returns and Notices.

42. The owner, agent or manager of every mine shall on or before the fifteenth day of each month send or cause to be sent to the Minister correct returns showing the quantity of coal or other material wrought or mined in such mine for the preceding calendar month, together with such other information as the Minister may demand. 1918, c. 38, s. 13.

(2) Said returns shall be in such forms as are from time to time prescribed by the Minister who shall from time to time on application furnish forms for the purpose of such returns.

43. When any mine is abandoned, the owner of same shall send or cause to be sent to the Minister within fifteen days thereafter, correct returns showing the quantity of coal or other material wrought or mined in such mine from the last day of the preceding quarter to the date of abandonment together with such other information as the Minister may demand.

(2) Said returns shall be in such forms as are from time to time prescribed by the Minister who shall on application furnish forms for the purpose of such returns. 1918, c. 38, s. 14.

44. In or about any mine whether above or below ground when—

1. Loss of life occurs to any person, the owner, agent or manager shall immediately thereafter send notice of the death by telegram to the Minister and to the district inspector and within twenty-four hours thereafter shall make a return to the Minister and to the district inspector according to schedule A;

2. Serious personal injury occurs to any person, the owner, agent or manager shall within twenty-four hours thereafter make a return to the Minister and to the district inspector according to schedule A;

3. Any personal injury whatever occurs to any person by reason of any explosion of gas or coal-dust or any explosive or any explosion whatever, the owner, agent or manager shall immediately thereafter send notice of such explosion by telegram to the Minister and to the district inspector and within twenty-four hours thereafter shall make a return to the Minister and to the district inspector according to schedule A;

4. Any personal injury whatever occurs to any person by electricity or by overwinding or by or from such other cause or means as the Minister may designate, the owner, agent or manager shall within twenty-four hours thereafter make a return to the Minister and to the district inspector according to schedule A;

5. Any personal injury, of which notice has been sent under this section, results in the death of the person injured, subsequent to the sending of such notice, then notice in writing of the death shall be sent to the Minister and to the district inspector within twenty-four hours after such death has reached the knowledge of the owner, agent or manager;

6. Loss of life or serious personal injury has immediately resulted from an accident, the place where the accident occurred shall be left in the same condition as it was at the time of the accident for at least three days after sending notice as aforesaid to the Minister and to the district inspector or until the visit to the place by an inspector, whichever event happens first, unless compliance with this subsection would tend to increase or continue a danger, or would impede the working of the mine.

45. A weekly record of the amount of ventilation passing in each district or split in every mine required to be under the control of a manager, shall be sent monthly to the district inspector

on or before the twelfth day of each month for the preceding calendar month. 1918, c. 38, s. 15.

46. When any change occurs in the name of any mine not exempt from compliance with this section by the Minister, or in the name of the owner, agent or manager of such mine, or in the officers of any incorporated owner of such mine, or when any working is commenced for opening a mine or seam, or when any mine is abandoned or the working thereof discontinued, or when the working of a mine is commenced after an abandonment or discontinuance for a period not exceeding one month the owner, agent or manager of such mine shall within one month after such change, commencement, abandonment, discontinuance or recommencement truly and correctly advise the Minister and the district inspector thereof in writing. Amended 1918, c. 38, s. 16.

#### Abandoned Mines.

47. Where any mine is abandoned or the working thereof discontinued, at whatever time such abandonment or discontinuance occurs, the owner thereof and every other person interested in the mineral of such mine, shall at all times cause the top of every shaft and every entrance from the surface to be kept securely fenced for the prevention of accidents:

Provided that subject to any contract to the contrary, the owner of the mine shall, as between himself and any other person interested in the minerals of the mine, be liable to carry out the provisions of this section and to pay any costs incurred by any other persons interested in the minerals of the mine in carrying out the provisions of this section.

(2) Nothing in this section shall exempt any person from liability under any other Act or otherwise.

48. When any mine is abandoned, the owner of the mine at the time of its abandonment, shall within three months thereafter forward to the Minister a proper and correct plan of the mine, showing—

(a) The boundaries of the workings of the mine showing the working faces, up to the time of abandonment;

(b) The pillars of coal or other mineral remaining unworked;

(c) The position, direction and extent of every known fault of every seam in the mine with its vertical throw and of every known washout and dyke;

(d) The position of the workings with regard to the surface;

(e) The general direction and rate of dip of the strata;

(f) The depth of every shaft and the depth from the surface to every seam;

(g) A section of every seam in the mine.

(2) Every such plan shall be on a scale of not less than one hundred feet to the inch.

(3) When more than one seam has been worked, a separate plan of each seam shall be forwarded.

(4) Such plans and sections shall be kept by the Minister:

Provided that if an abandoned mine is reopened, the owner shall be entitled to have the plans and sections returned to him on depositing with the Minister copies thereof or of such portions of same as the Minister may require, certified to be correct by a competent draughtsman.

(5) No person except an inspector shall be entitled, without the consent of the owner for the time being of a mine or authority from the Minister, to see any plan or section while in his possession but such authority shall not be given unless the Minister is satisfied that the inspection of such plan is necessary in the interests of safety.

(6) When a mine has not been worked for a period of twelve months, it shall be deemed to have been abandoned unless the roadways and workings of same are maintained in an accessible condition; if any dispute shall arise as to whether or not a mine is abandoned under this Act, the same shall be decided by the Minister whose decision shall be final and there shall be no appeal therefrom.

(7) A complaint or information for an offence under this section may be made or laid within six months after abandonment of the mine or within six months after service on the owner aforesaid of a notice to comply with the requirements of this section whichever last happens.

(8) The Supreme Court may, on application by or on behalf of the Minister, make an order requiring any person who has for the time being the custody or possession of any plan or section of an abandoned mine or seam, to produce same to the Minister for the purpose of inspection or copying.

#### Inspection.

49. The Lieutenant-Governor in Council may from time to time appoint any person holding a first class certificate to be chief inspector under this Act and assign his duties and fix his remuneration.

(2) The Lieutenant-Governor in Council may also from time to time appoint any person holding a first class certificate to be a district inspector under this Act and may assign his duties and fix his remuneration. Amended 1918, c. 38, s. 17.

(3) Notice of the appointment of every such inspector shall be published in The Alberta Gazette.

(4) An inspector shall not act as a mining engineer or mine manager within the Province.

50. An inspector shall visit every mine in his district as often as his duties permit, or the exigencies of the case require.

(2) Every inspector shall make an annual report of his proceedings during the preceding year to the Minister.

(3) Immediately after completion of each inspection the district inspector shall cause to be posted in some conspicuous place at or near the mine a copy or duplicate of his report.

51. In addition to any other powers or duties with which he may be vested, an inspector shall have power to—

1. make such examination and inquiry as is necessary to ascertain whether the provisions of this Act relating to matters in or about any mine are complied with;

2. enter, inspect and examine any mine or any part thereof at all times by day or night;

3. examine into and make inquiry respecting the state and condition of any mine or any part thereof and the ventilation of the mine, and all matters and things connected with or relating to the safety of the persons employed in or about the mine or any mine contiguous thereto;

4. exercise any such powers as are necessary for carrying this Act into effect.

52. No person shall obstruct an inspector in the execution of his duties under this Act and no owner, agent or manager of a mine shall refuse or neglect to furnish to an inspector the means necessary for making an entry, inspection, examination or inquiry under this Act in relation to any mine.

53. In every case which is not expressly provided against in this Act, if a district inspector finds any mine or any part thereof or any matter, thing or practice in or connected with any mine to be dangerous or defective so as in his opinion to threaten or tend to the bodily injury of any person, he shall forthwith give notice in writing thereof to the owner, agent or manager of such mine and shall state in such notice the particulars in which he considers such mine or any part thereof or any matter, thing or practice to be dangerous or defective and require the same to be remedied; if the same cannot be remedied he may require the men to be withdrawn from the mine or part thereof and unless the same is forthwith remedied or the men withdrawn he shall report the same to the chief inspector.

(2) If the owner, agent or manager of the mine objects to remedy the matter complained of or to withdraw the men, he shall within ten days after the receipt of such notice from the district inspector forward his objections in writing, stating the grounds thereof to the Minister who may within ten days after receipt thereof, forward same by registered mail to the Chief Justice of Alberta and thereupon the matter including the costs in connection therewith shall be decided by arbitration by the said Chief Justice and two other arbitrators, one of whom shall be appointed by the chief inspector and the other by such owner, agent or manager and the award of the said Chief Justice with one of the other arbitrators shall be final; a copy of the award shall be sent by registered mail to the persons affected thereby.

(3) Five days' notice of the time and place at which the arbitrators will hear such matter shall be given to the parties interested.

(4) When no objection is forwarded as aforesaid by the owner, agent or manager, he shall comply with the terms of the notice within ten days after the expiration of the time for objection.

(5) When there has been an arbitration the owner, agent or manager shall forthwith comply with the terms of the award made thereunder.

(6) No person shall be precluded by any agreement from doing such acts as are necessary to comply with the provisions of this section or be liable under any contract to any penalty or forfeiture for doing such acts.

54. Where it appears to the Minister that a formal investigation of any accident in any mine or any matter connected with the working of any mine is expedient, the Minister may direct an inspector to hold such investigation and with respect to same, the following provisions shall apply:

(2) The Minister may appoint any person or persons possessing legal or special knowledge to act with the inspector in holding the investigation.

(3) The inspector shall make said investigation in such manner and under such conditions as he thinks most effectual.

(4) In addition to his other powers the inspector shall for the purpose aforesaid have—

(a) power to enter and inspect any mine building or place, the entry or inspection of which appears to him expedient;

(b) power by summons signed by himself to require the attendance of any person and to require of such person such answers or returns to inquiries as he thinks fit.

(c) power by such summons to require the production of any book, paper or document which he thinks necessary upon such investigation;

(d) power to administer the oath.

(5) Any person attending before an inspector in obedience to any such summons shall be allowed such fees as are allowed to a witness attending on a subpoena before the Supreme Court.

(6) Every person served with a summons under this section, and who has been tendered the proper witness fees, shall forthwith obey and comply with the terms of the said summons.

(7) The inspector shall make a report upon such investigation, which the Minister may cause to be made public at such time and in such manner as he thinks fit.

(8) Any expenses incurred in connection with such investigation shall be paid out of the General Revenue Fund of the Province by Order in Council.

## Plans.

55. The owner, agent or manager of every mine shall keep in the office at the mine a correct plan of the mine or copy thereof showing the workings of the mine on a scale of not less than one hundred feet to the inch or on the same scale as the plan then used at the mine and showing the workings up to a date not more than three months previous and showing the position of the entrances to the mine with regard to a section post on the surface.

(2) Said plan or copy shall also show the general direction and rate of dip of the strata and the depth of every shaft.

(3) The owner, agent or manager of every mine shall post in some conspicuous place at the mine a plan showing the principal ways of ingress and egress to and from the various outlets with the travelling roads leading thereto.

(4) The owner, agent or manager of every mine shall produce at the mine to an inspector the plan of the workings thereof and shall, if requested by him mark on such plan the progress of the workings of the mine up to the time of such production and shall allow him to examine the same and shall furnish to the chief inspector for his information a correct copy of such plan when requested by him.

(5) The chief inspector may in addition by notice in writing (whether a penalty for such offence has been inflicted or not) require the owner, agent or manager within thirty days thereafter to have made a correct plan as prescribed by this section.

## Coroners' Inquests.

56. When an inquest is to be held on the body of any person whose death may have been caused by an explosion, or accident of which notice is required by this Act to be given to the Minister or to the district inspector, the coroner shall immediately notify the district inspector of his intention to hold such inquest and in the absence, non-arrival or non-attendance of an inspector, the coroner shall adjourn such inquest whenever practicable to enable an inspector or some other properly qualified person appointed by the Minister to be present at the inquest.

(2) The coroner before such adjournment may take evidence to identify the body and may order the interment thereof.

(3) The coroner at least four days before holding the adjourned inquest shall send to the Minister and to the district inspector notice in writing of the time and place of holding such adjourned inquest.

(4) The inspector or such other person appointed by the Minister and a person appointed by the workmen of the mine and a person appointed by the owner, agent or manager of the mine at which the accident occurred shall be at liberty at any such inquest to examine any witnesses.

(5) Where evidence is given at an inquest, of any neglect or default as having caused or contributed to the explosion or accident, the coroner shall forthwith send to the district inspector notice in writing of such neglect or default.

(6) No person having a personal interest in, or in the management of the mine in which the explosion or accident occurred, or any official of any workmen's or owners' association, or any relative of the deceased person upon whose body the inquest is to be held shall serve on the jury empanelled for such inquest or act as coroner thereat.

(7) If in the opinion of the inspector it will lead to a more thorough investigation and will be more conducive to the ends of justice he may require the coroner to summon as jurymen not more than three workmen employed at any other mine than that at which the accident occurred and such workmen shall form part of the jury sworn for such inquest.

(8) No coroner shall act either as physician to any mine or in any other capacity in connection therewith. 1918, c. 38, s. 18.

## General Provisions.

57. The provisions of sections 58 to 91 inclusive shall be observed so far as is reasonably practicable in or about every mine.

58. An adequate amount of ventilation shall be constantly produced in every mine to dilute and render harmless noxious gases to such an extent that the working places of the shafts, levels, stables and workings of the mine and the travelling roads to and from such working places shall be in a fit state for working and passing therein.

(2) An adequate amount of ventilation shall mean not less than two hundred cubic feet of pure air per minute for each person, horse and mule employed in the mine and as much more as the district inspector may direct.

(3) Every mine shall be divided into districts or splits of not more than seventy men in each district and each district shall be supplied with a separate current of fresh air.

(4) All intake air shall travel free from all stagnant water, stables and old workings.

(5) On all main roads where a door is required the district inspector may order that two doors shall be placed in order that while one is open, the other shall remain closed.

(6) The amount of ventilation passing in every mine shall be measured at least once every week by the overman or his assistant and the same shall be recorded in a book kept at the mine for that purpose.

59. In every mine in which inflammable gas has been found within the preceding twelve months, an examiner appointed for that purpose shall inspect with a locked safety lamp that part of the mine being or intended to be worked and the roadways leading thereto within four hours before the time of each shift commencing work and if inflammable gas has been found within the preceding three months, then within three hours before the time of commencing work and he shall make a true report to the manager or overman at the time in charge of the mine, of the condition thereof as far as safety and ventilation is concerned; every such report shall be recorded without delay in a book which shall be kept at the mine for that purpose and shall be signed by the person making the inspection and a copy of such report shall be posted immediately in a conspicuous place at the mine.

(2) No workman shall go to work in such part until said part and the roadways leading thereto are reported to be safe.

(3) For the purpose of this section two or more shifts succeeding one another so that work is carried on without any interval, are to be deemed to be one shift and it shall not be considered an interval if the times fixed for a shift of workmen to return from work coincide with the times fixed for the oncoming shift to go to work in accordance with this Act.

(4) A similar inspection of all parts of the mine in which workmen are to work or pass during that shift shall be made at least once during each eight hour shift.

(5) After dangerous gas has been found in any mine, a barometer and thermometer shall be placed above ground in a conspicuous position near the entrance to the mine and the readings shall be taken every day before the commencement of inspection and a record of such readings made in a book kept at the mine for that purpose and it shall be signed by the person or persons making said inspection.

60. In every mine in which inflammable gas has not been found within the preceding twelve months, a competent person or persons appointed for that purpose shall once in every twenty-four hours within four hours before the time of starting work inspect that part of the mine being or intended to be worked and the roadways leading thereto, and shall make a true report of the conditions thereof as far as safety and ventilation is concerned.

(2) No workman shall go to work in such part until the same and the roadways leading thereto are reported to be safe; every such report shall be recorded without delay in a book which shall be kept at the mine for that purpose and the same shall be signed by the person making the inspection and a copy of such report shall be posted immediately in a conspicuous place at the mine.

61. In every mine, all entrances to any place therein not in actual course of working and extension, shall be properly fenced around the whole width of such entrance so as to prevent persons inadvertently entering the same.

62. One or more stations shall be appointed at the entrance to a mine or to the different parts thereof as the case requires and no workman shall pass beyond such station until the mine or part of the mine beyond the same has been inspected and reported to be safe.

63. If at any time it is found by the person for the time being in charge of the mine or any part thereof that by reason of noxious gases prevailing in such mine or such part thereof, or from any cause whatever the mine or the said part is dangerous, every workman shall be withdrawn from the mine or such part thereof so found to be dangerous and a competent person who shall be appointed for that purpose shall inspect the mine or such part thereof so found dangerous and if the danger arises from inflammable gas he shall inspect the mine with a locked safety lamp and in every case shall make a true report of the condition of the mine or part thereof and every such report shall be recorded without delay in a book which shall be kept at the mine for that purpose and shall be signed by the person making said inspection.

(2) Except when necessary for inquiring into the cause of danger or for the removal thereof or for exploration, no person shall be readmitted to the mine or such part thereof so found dangerous until the same is subsequently stated in said report not to be dangerous.

64. In every working approaching any place in a mine where there is likely to be an accumulation of inflammable gas or in any place in a mine in which there is likely to be any such quantity of inflammable gas as to render the use of naked lights dangerous, no lamp or light other than a locked safety lamp shall be allowed or used.

(2) When safety lamps are so required to be used, a person holding a first, second or third class certificate under this Act who shall be appointed for that purpose shall inspect every such lamp immediately before it is taken into the workings, to ascertain if it is secure and securely locked and no such safety lamp shall be used until it has been so examined and found secure and securely locked and the same shall not be unlocked without authority from the owner, agent or manager and in the said part of the mine no person shall, without authority from the owner, agent or manager have in his possession any key or contrivance for opening the lock of such safety lamp. Amended 1918; c. 38, s. 19; 1919, c. 4, s. 42 (4.)

(3) In any mine in which safety lamps are required to be used no person shall carry or have in his possession any lucifer match or apparatus of any kind for striking a light or any pipe for smoking tobacco, or any tobacco for smoking in any form.

(4) Nothing in this section shall be construed to prevent the use of a safety lamp provided with a relighting apparatus within the tube thereof of a pattern approved and permitted by the chief inspector, nor to prevent the use of any shot-igniter, electrical firer or other appliance for such purpose of a pattern approved and permitted by the chief inspector.

(5) For the purpose of ascertaining whether any person is contravening any of the provisions of subsections 2 and 3 hereof, the owner, agent or manager may appoint one or more persons to make such inspection as he deems necessary.

(6) When safety lamps are used in any part of a mine no naked lights shall be used in any other part of the mine situated between the place where said safety lamps are so used and the return airway.

(7) When more than forty safety lamps are used at any one time in a mine, one or more competent persons shall be appointed by the owner, agent or manager to see that such lamps are properly cleaned, put together and in good order before being given out to the workmen.

65. No explosive shall be stored in any mine nor shall it be taken into any mine except in a secure case or canister containing not more than five pounds.

(2) There shall not be at any one time in any one place in a mine more than one case or canister; but for the driving of rock tunnels, the chief inspector may grant permission in writing for a sufficient amount of explosive to be taken into the mine by one or more persons in secure cases or canisters containing not more than twenty-five pounds in each such case or canister.

(3) In the process of charging or stemming for blasting, a person shall not use or have in his possession any iron or steel to be used as a pricker, charger, tamping rod, scraper or stemmer and nothing but clay or other noninflammable substance or material shall be used for stemming and such clay or other noninflammable substance or material shall be provided by the owner of the mine.

(4) No explosive shall be forcibly pressed into a hole of insufficient size and when a hole has been charged the explosive shall not be unstemmed or unrammed and no hole shall be bored for a charge at a distance of less than twelve inches from any hole where a charge has missed fire.

(5) Every charge of explosive where possible shall be placed in a properly drilled shot-hole and shall be sufficiently stemmed.

(6) Only one class, grade or quality of explosive shall be used in any one shot.

(7) In any place, in which the use of a locked safety lamp is for the time being required under this Act or in any place which is dry and dusty, no shot shall be fired except by a shot-lighter appointed for the purpose and he shall, immediately before charging any shot-hole, examine same and shall see that the coal is well prepared, the shot properly placed, and the bore-hole well cleaned; he shall examine the character of explosive and shall regulate the quantity of such explosive to be used in such hole, and such hole shall be loaded according to his instructions; he shall examine all places contiguous thereto within a radius of sixty feet and shall not fire the shot unless he finds it safe to do so and the cables shall not be coupled up nor the shot fired except by him; the explosive shall not be fired except by some form of electrical firer or other means approved by the chief inspector.

(8) After a shot has been fired, the shot-lighter shall inspect the place and the workmen shall not resume work in such place until it has been so inspected and pronounced safe by the shot-lighter.

(9) Not more than one shot shall be fired at any one time in any working face in coal unless such shots are fired simultaneously by electricity.

(10) Detonators shall not be used in any mine nor taken therein except under the following conditions—

(a) Detonators shall be under the control of the owner, agent or manager of the mine or some person or persons appointed in writing by him for that purpose and they shall be given only to shot-lighters or other persons authorized by the owner, agent or manager in writing:

Provided, however, that where an electrical firer is used, the workmen may carry their own supply of detonators, but a shot-lighter shall be the only person in the mine who shall have in his possession or use, an electrical firer;

(b) All detonators given or issued under this subsection shall, until they are about to be used, be kept in a secure box or case separate from any other explosive.

(11) No shot shall be fired in any place in which at the last inspection inflammable gas has been found—

(a) Unless the person appointed under subsection 7 hereof has examined the place where gas has been so reported to be present, and has found that such gas has been cleared away, and that there is not at or near such place, sufficient gas issuing or accumulated to render it unsafe to fire the shot; or,

(12) No shot shall be fired in any place which is dry and dusty except one of the following conditions is observed, namely:

(a) Unless the place where the shot is to be fired and all contiguous accessible places within a radius of sixty feet thereof including roof, floor and sides are at the time of firing in a wet state from thorough watering or other treatment equivalent to watering.

(13) Any mine which is divided into districts in such a manner that each district has an independent intake and return airway from the main air-course, for the purpose of this section, each of such districts shall be considered a separate mine.

(14) No explosive shall be thawed in any mine under ground and when it is necessary to thaw same at any mine, a proper thawing apparatus on the surface shall be provided by the owner of the mine.

66. When any working has approached within one hundred and twenty feet of a place which is likely to contain a dangerous accumulation of water or gas, the working approaching

such place shall not exceed eight feet in width or height and there shall be constantly kept at a sufficient distance not being less than fifteen feet in advance at least one bore-hole near the centre of the working face and sufficient flank bore-holes on each side. Amended 1918, c. 38, s. 20.

67. Every working shaft used for the purpose of drawing minerals or for the lowering or raising of persons, if of a greater depth than fifty feet and not exempt in writing by the chief inspector, shall be provided with guides and some proper means of communicating distinct and definite signals from—

- (a) The surface to the bottom of the shaft;
- (b) The bottom of the shaft to the surface;
- (c) Every entrance for the time being in use off the shaft to the surface;
- (d) Every entrance for the time being in use off the shaft to the bottom of the shaft.

Amended 1918, c. 38, s. 21.

68. Every underground plane on which persons travel which is self-acting or worked by an engine, windlass or gin shall be provided, if exceeding ninety feet in length, with some proper means of communicating distinct and definite signals between the stopping places and the ends of the plane and every back or counter balance used for raising or lowering coal or other minerals if exceeding ninety feet in length, unless exempt in writing by the chief inspector shall be provided with some proper means of communicating distinct and definite signals between the lower end and between the entrance of every working place thereon for the time being in work and the upper end thereof.

69. Every underground plane on which persons travel which is self-acting or worked by an engine, windlass or gin, if exceeding sixty feet in length shall be provided with sufficient man-holes or places of refuge at intervals of not more than sixty feet.

(2) Every road on which persons travel underground where the produce of the mine in transit exceeds ten tons in any one hour over any part thereof, and where the load is drawn by a horse or other animal, shall where there is not standing room of at least two feet, be provided with manholes or places of refuge at intervals of not more than seventy-five feet.

(3) Where the load is drawn by machinery or other mechanical power at a speed exceeding two miles per hour and there is not standing room of at least two feet, there shall at intervals of not more than sixty feet be provided man-holes or places of refuge.

(4) Every man-hole or place of refuge shall be at least three feet in depth between the sides of the cars running on the plane or road and the back of the man-hole, three feet in width and five feet in height or the height of the seam, but in any case not less than four feet.

(5) Every man-hole and place of refuge shall be constantly kept clear and frequently white-washed and no person shall place anything in a man-hole or place of refuge so as to prevent access thereto.

(6) Whenever in the opinion of the chief inspector the provisions of this section are not sufficient for the safety of the persons travelling thereon, he may require the owner, agent or manager of such mine to provide a separate travelling road.

70. The top of every shaft which for the time being is out of use or used only as an airshaft shall be kept securely fenced for the prevention of accidents.

(2) The top and all entrances between the top and bottom of every working, ventilating or pumping shaft shall be properly fenced for the prevention of accidents but this shall not prevent the temporary removal of the fence to make repairs or for other operations if proper precautions for safety are used in the meantime.

71. Where one portion of a shaft is used for the lowering or raising of persons by ladders or otherwise, and another portion is used for raising the material gotten in the mine, no person shall travel or be permitted to travel in the shaft when the same is in operation, unless the first mentioned portion is either cased or otherwise securely fenced from the last mentioned portion.

72. Where the natural strata is not safe, every working or pumping shaft shall be securely cased, lined or otherwise made secure.

73. The roof and sides of every travelling road or working place shall be made secure and no person except those appointed for the purpose of exploring or repairing shall travel or work in any such travelling road or working place which is not so made secure.

74. A sufficient supply of suitable timber shall be constantly kept in each working place as near the working face as is practicable and in no case shall it be further away than the nearest crosscut to the working face, or other convenient place in the vicinity thereof.

75. All coal during the operation of holing or undercutting by hand shall be supported by coal or wooden props.

76. Every cage or tub employed in lowering or raising persons in any working shaft shall have a sufficient and proper covering overhead, but this shall not apply where the cage or tub is worked by a windlass nor where persons are employed at work in the shaft, nor where a written exemption is given by the chief inspector.

77. No single link chain shall be used for lowering or raising persons in any working shaft or place except for the short coupling chain attached to the cage or load.

78. The drum of every machine used for lowering or raising persons shall have attached or fastened thereto proper flanges or horns and if the drum is conical in shape it shall have such other appliances as are sufficient to prevent the rope from slipping.

79. Every machine worked by steam, water or other mechanical power used for lowering or raising persons shall have attached thereto an adequate brake and in addition to any mark

on the rope it shall also have a proper indicator showing the position of the cage or load at all times.

80. Every fly-wheel and all exposed and dangerous parts of the machinery used in or about any mine shall be kept securely fenced for the prevention of accidents.

81. Every steam boiler shall be provided with a proper steam gauge, water gauge and safety valve.

82. A competent person or persons appointed for the purpose shall at least once in every twenty-four hours inspect the external parts of all machinery, headgear, ropes and chains of the mine which are in actual use and shall without delay make true reports of such inspections in a book which shall be kept at the mine for that purpose, a copy or duplicate of which shall be posted at the mine and such reports shall be signed by the person making the inspections.

83. A competent person appointed for the purpose shall at least once in every week inspect the shafts and the guides or conductors therein by which persons are lowered or raised and shall without delay make true reports of such inspection in a book which shall be kept at the mine for that purpose, a copy or duplicate of which shall be posted at the mine and such reports shall be signed by the person making the inspections.

84. A ladder used permanently for ingress or egress to or from a mine shall not be fixed in a vertical or overhanging position, but shall be inclined at the most convenient angle which the space in which the ladder is fixed allows and every such ladder shall have substantial platforms at intervals of not more than forty feet.

85. Properly constructed ambulances or stretchers with splints and bandages shall be kept at every mine ready for immediate use in case of accident.

86. No person shall wilfully damage or without proper authority remove or render useless any fence, fencing, casing, lining, guides, means of signalling, signal, cover, chain, flange, horn, brake indicator, ladder, platform, steam gauge, water gauge, safety valve or other appliance or thing provided at the mine.

87. If more than twenty persons are employed in any mine below ground, sufficient accommodation shall be provided for enabling the persons employed in the mine to conveniently wash themselves and dry and change their clothes and such accommodation shall not be in the engine house or boiler house.

88. No person shall without lawful authority enter any mine, building or premises without first having obtained permission from the owner, agent or manager, overman or outside foreman.

89. For the purpose of complying with the provisions of this Act, every person shall observe such careful directions with respect to working as are given to him.

90. The workmen employed in a mine may, at their own cost, appoint two any persons, resident in the Province and who are not mining engineers, and who are or have been practical working miners and have had not less than five years' experience of underground work, to inspect the mine, and the persons so appointed shall be allowed once at least in every month, accompanied, if the owner, agent, or manager of the mine thinks fit, by himself or one or more officials of the mine, to go to every part of the mine, and to inspect the shafts, roads, levels, workings, airways, ventilating apparatus, old workings, and machinery, and shall, where an accident has occurred in a mine of which notice is required under this Act to be given, be allowed to go, accompanied as aforesaid, to the place where the accident occurred, and to make such inspection as may be necessary for ascertaining the cause of the accident, subject, however, to the provisions of this Act requiring the place where an accident has occurred to be left as it was immediately after the accident. Amended 1919, c. 4, s. 42 (5).

(2) Every facility shall be afforded by the owner, agent and manager and all persons in the mine for the purpose of such inspection, and the persons appointed shall, except where the inspection is an inspection for the purpose of ascertaining the cause of an accident, forthwith make and sign a full and accurate report of the result of the inspection in a book to be kept at the mine for the purpose and shall forth with cause a true copy of the report to be sent to the district inspector.

91. All books required to be kept by the foregoing general provisions shall be provided by the owner, agent or manager, and the same or a correct copy thereof shall be kept at the office of the mine and an inspector or any person employed in the mine, or anyone having the written authority of the chief inspector may at all reasonable times inspect and take extracts or copies from such books; but nothing in this Act shall be construed to impose an obligation to keep any book or copy thereof for more than twelve months after same has ceased to be used for entries therein under this Act; and any report by this Act required to be recorded in a book may be partly in print or lithograph and partly in writing.

#### Special Provisions.

92. The provisions of sections 93 to 124 inclusive shall be observed as far as is reasonably practicable in or about every mine.

93. Before commencing work in or about any mine every person shall personally attend at the office and be registered in accordance with the provisions of this Act.

94. Every person shall at all times obey the lawful demands or orders of the person under whose charge he may be.

95. No person occupying a position of trust shall delegate his work to another person without the sanction of the person under whose charge he is and no person occupying a position of trust

shall absent himself from duty without legitimate cause or without having previously obtained permission from the person under whose charge he is.

96. Where work is carried on continuously for more than one shift, no person having charge of other persons, machinery, signals or ventilating apparatus shall leave work until relieved, unless authorized by the persons under whose charge he is.

97. No person in or about any mine shall commit an act likely to cause danger to the mine or to any person.

98. Any person receiving personal injury in or about any mine shall, if able, before leaving the mine, report same to the manager, overman, examiner or outside foreman.

99. When any person becomes aware of any contravention of this Act, he shall as soon as possible report same to the manager, overman, examiner or outside foreman.

100. Intoxicating liquor shall not be taken in or about any mine without the consent of the manager, nor shall any person in a state of intoxication enter or be allowed to remain in or about any mine.

101. No person without proper authority shall interfere with any notice, timber, door, fence, aircourse, brattice, stopping or other appliances nor shall he leave open any door which he found shut nor shall he do anything to interfere with the ventilation of the mine, to impede the working thereof or damage the property of the owner.

102. No person shall enter or remain in any place in or about any mine where he is not absolutely required by duty to be.

103. No person shall ride on any car in or about any mine without the permission of the manager.

104. No person with an open light shall enter or remain in any stable and any person who finds an open light in a stable shall at once extinguish it.

(2) Every person shall see that all unnecessary lights under his charge are extinguished.

105. Every person shall use great care and precaution in handling cars so that no injury will occur.

106. A workman shall use great care and precaution in handling explosives and when making a cartridge he shall not keep his lamp on his head nor have a pipe or cigarette or cigar in his mouth; he shall place his lamp at least four feet away and at a point where the air will carry a spark from him.

107. No person shall take into or allow to remain in any building about any mine any explosive or explosive substance, unless authorized to do so by the owner, agent or manager.

#### Manager.

108. The manager shall take all reasonable means to enforce the provisions of this Act; he shall have supervision and control of the mine and shall be responsible for the appointment of a sufficient number of persons whose duty it shall be to carry out the provisions of this Act and to see that the mine is worked with all reasonable provisions for safety.

#### Overman.

109. The overman shall—

(1) Be subject to the control of the manager and shall direct and supervise all work underground; in the absence of the manager, or at any mine where a manager is not required by this Act, he shall have the same responsibility and be subject to the same liabilities as the manager.

(2) He shall examine all working places in the mine as often as possible particularly with reference to safety and proper working and generally he shall exercise that direction over the workmen and work that will conduce to their safety and the best interests of the mine.

(3) He shall see that all roadways, headings, airways and breasts are kept as straight as possible and that all pillars and stumps are of uniform and sufficient thickness.

(4) He shall see that all stoppings are properly built and kept in good repair.

(5) Immediately after it has come to his notice, he shall cause all dangerous places to be made secure.

(6) He shall see that all doors are hung in such a manner that they will close of their own accord and he shall see that all doors not in actual use are taken off their hinges and shall not allow any door to be propped or fastened back or opened except for the passage of persons, animals, cars or locomotives.

(7) He shall not allow a trapper while on duty to leave any door under his charge under any pretext whatever.

(8) He shall see that all entries are driven the proper height and width, that all roads are kept properly cleaned and as well drained as possible and in a safe condition for all animals.

(9) He shall see that all horses and mules under his charge are not overworked or unnecessarily whipped or abused by the drivers, and that the stableman properly attends to his duties.

(10) He shall see that no coal or other material is lost by premature or improper drawing of pillars or stumps and that the coal is properly mined.

(11) He shall see that all tools and materials furnished to the workmen are properly used.

(12) He shall examine and initial daily at the mine, all report books in the department under his charge and shall see that all reports are properly recorded therein.

(13) He shall see that all airways and all accessible old workings are inspected once at least in every week and that reports of such inspections are recorded immediately in a book kept at

the mine for that purpose, and that the same are signed by the person or persons making said inspections.

#### Examiner.

110. The examiner shall—

(1) Be subject to the orders and control of the overman whose instructions shall not conflict with this Act.

(2) He shall when making his inspection before work commences, chalk his initials and date of inspection at the face of every working place in the district under his charge and shall see that all entrances to any place which may be found unsafe are fenced off at such a distance from the point of danger so as to prevent any person inadvertently approaching same.

(3) He shall inspect at least once in every twenty-four hours all airways in the district under his charge and on his becoming aware of anything requiring attention shall report the same to the manager or overman.

(4) He shall keep a careful watch over all working places in the district under his charge and in the event of danger he shall withdraw all persons who may be exposed to such danger and immediately report the same to the manager or overman and shall also make and sign a report of such danger in a book kept at the mine for that purpose.

(5) He shall before commencing his shift read the reports of the last preceding inspection and insert his initials thereto and note if gas or any other dangerous condition has been reported to be present in any part of the district under his charge.

(6) He shall see that the provisions of this Act are strictly observed and shall report any non-observance of the same to the manager or overman immediately after the same comes to his attention.

#### Shot-Lighter.

111. The shot-lighter shall be subject to the control of the overman whose instructions shall not conflict with this Act.

(2) Before firing a shot, the person about to fire the same shall see that all persons are out of reach of danger from the probable effect of such shot in that or any adjoining place and he shall take such precautions as may be necessary to prevent any person inadvertently approaching until the shot is fired.

(3) When electric batteries are used for firing shots and a shot has missed fire, no person shall enter any place where the shot has missed until the battery has been disconnected and permission is given for such entry by the person in charge of the firing.

(4) Where fuse is used for firing shots, no person shall enter any place where a shot has missed without authority or permission from the manager, overman or examiner.

(5) A record of all shots which have missed fire shall be kept in a book provided at the mine for that purpose.

(6) In all places where locked safety lamps are required to be used, the shot-lighter shall not be a contractor nor any person in the employ of a contractor unless permission in writing is first obtained from the chief inspector.

(7) Before leaving a place where a shot has missed fire, a warning board or fence shall be erected or fixed across the whole width of said place by the person who attempted to fire same to prevent anyone inadvertently entering said place.

(8) After a shot has been fired, the person who fired same shall, as soon as practicable thereafter, inspect the place and take all necessary steps to ensure safety before work is resumed,

#### Lampman.

112. The lampman shall see that every safety lamp given out for use in the mine is thoroughly cleaned and properly put together in safe working order and securely locked, and he shall also see that no safety lamp gauze is used with less than twenty-eight parallel wires to the inch with equal spaces between.

(2) He shall see that all oil, gasoline, naphtha, spirits or other inflammable materials are carefully and properly stored and used and that no greasy waste or other refuse is allowed to accumulate in or about the lamp house.

(3) He shall not allow any person to be in the lamp house except those whose business requires them to be there and he shall keep the lamp house neat and clean and all appliances in proper working order.

(4) Whenever the lampman receives any defective or damaged lamp from any person, he shall report same to the manager or overman and he shall keep same in the state in which it was received by him until inspected by the manager or overman.

(5) No one except a person authorized by the manager or overman shall take a safety lamp from the lamp house or give one out for use in the mine.

#### Safety Lamps.

113. Every person on receiving a safety lamp shall inspect it to see that it is secure and securely locked.

(2) Every person who has a safety lamp in his possession shall pay frequent attention to same and if oil is spilled on the gauze or glass, if the gauze is punctured so as to make a hole larger than that allowed in an ordinary safety lamp gauze, if the glass is cracked or if said lamp becomes unsafe from fire-damp or from the foregoing or any other causes, he shall at once extinguish the light by drawing the wick within the tube and forthwith take it to the overman, examiner or to the lamp house outside.

(3) No person shall improperly use or damage any safety lamp or blow out or attempt to blow out any flame in any safety lamp.

(4) No person shall place a safety lamp on its bottom unless it is necessary to do so for the safe performance of his work and in all cases it shall be at least two feet from the swing of any tool.

(5) Every person receiving one or more safety lamps before going on shift shall personally return them at the end of the shift to the lamp house.

(6) No person shall without authority have in his possession in any mine, any explosive and in mines where locked safety lamps are required to be used if any explosive remains in the possession of a workman at the end of his shift he shall bring same out of the mine and return it at once to the place of storage provided for that purpose.

(7) Every person authorized to use explosives shall use the greatest precaution in the care and handling of same.

(8) No person shall fire any shot without authority from the manager or overman.

#### Underground Work.

114. All persons employed underground shall be subject generally to the control of the manager, overman, examiner and any other person properly appointed.

(2) No person shall walk up or down a hoisting slope without permission from the manager or overman and every person in or about a slope or shaft bottom shall obey the orders of the onsetter or cager.

(3) No person in or about any mine shall improperly use or remove any signal, signal wire or signal apparatus and no person without proper authority shall give any signal.

(4) Before commencing work, every person in charge of a working place shall satisfy himself that the same is in a safe condition to work in; he shall also inspect his working place carefully at frequent intervals during his shift and he shall set sufficient timber to safely support the roof and sides of said place; he shall remove or renew same when necessary and shall take down all dangerous or doubtful pieces of loose material; if, however, said person finds it impossible to make said place safe, he shall fence same off and at once report same to the manager, overman or examiner and he shall at no time leave his working place until it is made safe or fenced off.

(5) When any person finds that he has not sufficient timber or other material to make his place safe, he shall immediately withdraw from such place and report same to the manager, overman or examiner.

(6) Any person in charge of a place shall work same according to the directions or orders of the manager, overman or examiner.

(7) When any person discovers any stoppage or disarrangement of ventilation, damage to any air-crossing, cloth, door, stopping, brattice or air-pipe, or observes any obstruction in any air-course weakness in the roof, deficiency of timber weight or creeping of roof in any working place or roadway, accumulation of gas or water or any other danger, he shall immediately give notice to every person exposed to such danger and to the manager, overman or examiner.

(8) When any person finds fire-damp or other noxious gases in dangerous quantities in any mine, he shall immediately report the same to the manager, overman or examiner before leaving the mine and before leaving the mine he shall see that a record of the same is made in a book kept at the mine for that purpose.

#### Stablemen and Drivers.

115. The stableman shall not allow any animal under his charge to do any work while not in proper condition, and he shall report to the manager or overman any injury received by any animal under his charge.

(2) The stableman shall see that all animals receive proper attention and he shall attend daily or when required by the overman or manager to all animals suffering from any cause or illness; he shall not administer any medicine to any animals except for sore shoulders, cuts or bruises unless authorized to do so by the manager or overman and shall have all animals harnessed with proper fitting harness and in good condition for their work before allowing them to leave the stable.

(3) Every person in charge of an animal shall take proper care of same; he shall not abuse it or allow anyone else to do so and he shall not leave same at any time without securing or fastening it safely from any possible danger.

(4) When any person in charge of an animal finds that it cannot pass along any road without rubbing against the roof, sides or timbering, he shall at once report same to the manager, overman or examiner.

(5) Sufficient and suitable sprags shall be provided and every person shall exercise great care while running or drawing cars and if necessary shall use sufficient sprags to prevent said cars from getting beyond control.

#### Driver Boss.

116. When a driver boss is appointed he shall, inside the mine, have charge of all drivers, chute-loaders, spraggers, trappers and others engaged in hauling coal.

#### Trappers.

117. When a trapper has charge of a door, he shall open same only for the passage of persons, animals, locomotives or cars and he shall instantly close the same when they have passed through; he shall not allow said door to remain open or to be propped or fastened back and he shall not leave same until the work of his shift is finished.

#### Haulage Roads.

118. Any person in charge of any haulage road, plane or incline, or any cars or machinery thereon shall at all times pay strict attention to signals and to any deviation from the regular course of said cars or machinery and when he finds anything defective, he shall forthwith stop the cars and the machinery until the defect is repaired or remedied; he shall also report to the manager, overman or person under whose charge he may be, forthwith, any danger, weakness or defect he may find.

(2) Any person whose duty it is to couple any car to any rope or chain or to any other car, shall see that the couplings are secure, properly made, in good order and not twisted.

(3) Stop blocks or some other efficient appliance to prevent cars from accidentally going down, shall be provided and used at the top of all self-acting inclines, slopes and shafts.

(4) Where a drag or other appliance is required to be used by the manager or overman, the person in charge of same shall in all cases attach the drag or other appliance to the cars before hoisting begins.

#### Cagers and Onsetters.

119. The cager or onsetter shall have the general direction of the work at the pit bottom and he shall see that all persons, animals, cars and material are properly caged consistent with safety.

(2) He shall also see that no person is allowed to be raised in or on any cage or trip if the opposite cage or trip contains material of any description nor shall he allow any person to ascend in or on any cage which contains any car; nothing in this subsection shall, however, be taken to mean that a person may not be raised in a cage or trip where material is required to be placed on the opposite cage or trip, for the purpose of acting as a back balance:

Provided such material is securely fixed in such a manner that it cannot move on such cage or trip.

#### Outside Foreman.

120. The outside foreman shall be subject to the control of the manager or a person appointed by him, and he shall direct and supervise all operations outside the mine.

(2) He shall see that every person under his charge performs his duty in a manner to insure the greatest possible safety to others and to the property of the owner.

(3) Unless some other person is appointed for the purpose, he shall receive all orders for supplies and shall see that they are properly filled.

(4) He shall see that all explosives and other inflammable materials are handled with the greatest possible care, and at no time shall he allow a naked light to be in the powder magazine.

(5) He shall see that all unnecessary fires are extinguished or properly damped before he leaves the mine at the close of each day.

#### Ventilating Fans.

121. No person shall stop or cause to be stopped or change or cause to be changed the speed of any ventilating fan without first having complied with the provisions of section 14. of The Boilers Act, being chapter 22 of the Statutes of Alberta 1918. Amended 1919, c. 4, s. 42 (6).

#### Banksmen.

122. The banksman shall have the general direction of the work at the bankhead and he shall see that all persons, animals, cars and materials are properly caged consistent with safety.

(2) He shall also see that no person is allowed to be lowered in or on any cage or trip if the opposite cage or trip contains material of any description nor shall he allow any person

to descend on any cage which contains any car; nothing in this subsection shall, however, be taken to mean that a person may not be lowered against a cage or trip where material is required to be placed on the opposite cage or trip for the purpose of acting as a back balance.

Provided that such material used for the purpose of a back balance is securely fixed in such manner that it cannot move on such cage or trip.

(3) He shall report to the master mechanic or outside foreman any defect he may notice in the stop-blocks or other appliances.

#### Wash-House.

123. No person shall at any time take explosives, detonators, igniters or any explosive substance of any kind into any wash-house.

(2) Every person shall leave his clothes where directed by the manager or some person appointed by him.

#### Shaft Sinking.

124. The banksman shall in all cases steady the tub, or anything about to be lowered before it leaves the top of the shaft and shall see that all bricks and other small materials are kept below the level of the top of the tub; he shall see that nothing is sticking to the bottom of the tub, and that all tools, gear or timber are properly placed and secured, and in no case shall he permit any material to be filled into a tub hanging over an uncovered shaft.

(2) The banksman shall, in every case see that the tub is lifted by the engine off the landing wagon or other cover and that it is steadied over and into the shaft.

(3) When a landing wagon is used, the banksman shall secure same by a catch when "off" and "on"; when landing he shall not signal to lower the tub on to the wagon until the latter is in position over the shaft and properly secured, and when work is ceased the landing wagon shall be left so that it will not impede the ventilation nor leave the shaft unfenced.

(4) The banksman shall not leave the top of the shaft while men are ascending or descending same.

(5) The shift boss shall be under the control of the manager or overman and he shall have full charge of the sinking operations; he shall at least once in every shift or more frequently if necessary inspect the shaft and remove any loose stones and if anything is found to be unsafe he shall stop sinking until everything is made secure; he shall immediately after such inspection make and sign a true report of the condition of the shaft in a book provided for that purpose.

(6) The shift boss shall see that the tub at the bottom of the shaft is so filled that the contents, if consisting of brick or other small materials, shall be below the level of the top of the tub; he shall see that stones are properly packed therein and that nothing is sticking to the bottom thereof; he shall also see that all tools, gear and timber are properly placed and secured and that the tubs are in line with the rope and properly steadied before being sent away.

(7) Every shot shall be fired under the supervision of the shift boss only and he shall see that the same is fired by an electric battery from the surface and that such battery is not coupled to the cables until every person is out of the shaft.

(8) After every cessation of work, whether caused by the withdrawal of the workmen for shot-firing or other purposes, the shift boss, accompanied at least by one other person, shall descend and inspect the shaft and he shall satisfy himself that the same is safe before allowing any other person to descend; after firing any shot, when inflammable gas is likely to be present, such inspection shall be made with a locked safety lamp and after an intermission of four hours in working, the shaft shall not be entered until a safety lamp has been lowered and it has been found that no gas is present.

(9) The shift boss shall descend in the first tub and shall ascend in the last tub in each shift.

(10) When walling or bricking is being done, the shift boss shall see that the shaft under the bricking scaffold is properly ventilated, that the scaffold is not over-weighted with material, and that the brickwork is of the strength specified by the manager.

(11) Explosives shall not be taken into or kept in a shaft until immediately before they are required to be used.

(12) When directed by the manager or overman, no lamp but a locked safety lamp shall be used in the shaft.

(13) When ascending or descending by a tub, every person shall keep within same and no person shall ascend or descend on a loaded tub.

#### Orders not Provided for.

125. The owner, agent or manager or a person appointed by him may give any orders or instructions not expressly provided for by this Act:

Provided that such orders or instructions do not in any way conflict with the provisions of this Act.

126. The owner, agent or manager shall cause a copy of this Act with the name of the mine and the name and address of the chief inspector and of the district inspector, and the name of the owner or agent, and of the manager appended thereto, to be posted up in some conspicuous place at or near the mine, where the same may be conveniently read or seen by any person employed; and so often as the same becomes defaced, obliterated or destroyed shall cause them to be renewed or replaced with all reasonable despatch.

(2) Said copy of this Act shall be kept separate from any regulations which refer to any contract made between the owner, agent or manager and any person or persons employed in or about a mine.

(3) If an owner, agent or manager has taken all reasonable means in his power to comply with this section, he shall not be guilty of an offence against same.

#### Notices: How to be Sent.

127. All notices and documents required by this Act shall be in writing, print or lithograph.

(1) All notices and documents required by this Act to be served or sent to the Minister or chief inspector may be either delivered personally or sent addressed to him to the Department of Public Works at the seat of government by prepaid registered letter, and all notices and documents required by this Act to be served or sent to the district inspector may be either delivered personally or sent by prepaid registered letter addressed to his last known place of abode.

(3) All notices and documents required by this Act to be sent by the Minister or an inspector, may be either served personally upon the parties affected thereby or sent by prepaid registered letter to their last known place of abode.

(4) Said notices if served or sent by post shall be deemed to have been served and received respectively at the time when the letter containing the same would be delivered in the ordinary course of post; and in proving such service or sending, it shall be sufficient to prove that the letter containing the notice was properly addressed, registered and put into the post.

127A. All books, returns, notices, reports, forms and copies thereof required to be kept, posted or forwarded in accordance with this Act shall be in a form approved of by the Minister. 1918, c. 38, s. 22.

#### Penalties.

128. Every owner, agent, manager, overman or examiner who violates any of the provisions of this Act, or of the regulations, rules or orders made thereunder shall on summary conviction be liable to a penalty not exceeding one hundred dollars and costs.

(2) Every other person who violates any of the provisions of this Act, or of the regulations, rules or orders made thereunder, shall on summary conviction be liable to a penalty not exceeding fifty dollars and costs. Amended 1918, c. 38, s. 23.

129. When any person is found guilty of an offence against this Act, or of any regulations, rules or orders made thereunder which might reasonably have been expected to cause a serious accident or to result in personal injury, the tribunal adjudicating thereon shall be entitled to impose imprisonment with hard labour for a period not exceeding three months in addition to any other penalty imposed if it is shown that the offence was committed either wilfully or so negligently as to amount to a wilful violation of this Act, or of any regulations, rules or orders made thereunder. Amended, 1918, c. 38, s. 24.

#### Prosecutions.

130. All penalties imposed by this Act shall when collected form part of the General Revenue Fund of the Province.

131. Where any prosecution is instituted for violation of any of the provisions of this Act by or with the consent in writing of the Minister, the provisions of Part XV of chapter 146 of the Statutes of Canada (The Criminal Code) in reference to summary convictions shall be applicable.

(2) In case any prosecution is instituted for violation of any of the provisions of this Act without the consent in writing of the Minister, such proceedings shall be brought summarily before a judge of the district court of the judicial district in which such violation was committed, sitting and acting as a justice of the peace under the provisions of Part XV of chapter 146 of the Statutes of Canada (The Criminal Code), which provisions shall apply *mutatis mutandis* to such proceedings. 1918, c. 38, s. 25.

132. The penalties imposed for a breach of any of the provisions of this Act shall be in addition to any penalty imposed by any other law, Statute or Ordinance for the same offence or matter.

133. Where any prosecution is instituted for violation of any of the provisions of this Act, the person instituting such prosecution shall within fifteen days after the hearing of the case report the result thereof to the Minister. 1918, c. 38, s. 26.

134. In any prosecution or other proceedings for an offence against this Act, an alleged offender shall be discharged if he proves to the satisfaction of the tribunal before which the

same is tried that he took all reasonable means to prevent the commission of such offence.

135. Any complaint or suit made or brought in pursuance of this Act shall be made or brought within six months from the time when the matter of such complaint or suit came to the knowledge of the prosecutor or complainant.

#### Information for Minister.

136. The owner, agent or manager of every mine shall at any time when required by the Minister, send to him such information and facts relating to his mine as asked.

137. The Minister may publish the aggregate results of any returns made to him.

#### Regulations and Forms.

138. The Lieutenant Governor in Council may from time to time—

(a) grant leases to any person covering the rights for mining coal under road allowances;

(b) make arrangements for the installation and operation of mine rescue stations and cars;

(c) determine what is sufficient accommodation as provided for in section 87 of this Act;

and make regulations in regard thereto and for the provision of emergency hospitals by the owner, agent or manager of any mine and make such further or additional regulations, rules or orders as may be deemed necessary and proper in the interests of safety;

(d) make and prescribe such forms and regulations as may be deemed necessary for the purpose of carrying out the provisions of this Act. 1918, c. 38, s. 27.

#### Repeal.

139. Chapter 25 of the Statutes of Alberta, 1906, intituled "The Coal Mines Act," all amendments thereto; all Rules, Orders and Regulations made thereunder, and Chapter 17 of the Statutes of Alberta, 1908, being "An Act to amend the Coal Mines Act for the Purpose of Limiting Hours of Work Below Ground" and amendments thereto, are hereby repealed:

Provided, however, that nothing in this repeal shall affect any certificate of competency issued by the Commissioner of Public Works for the North-West Territories or by the Minister or Provincial Inspector previous to the coming into force of this Act, but every such certificate shall have effect as if made or granted under this Act, and the register of holders of certificates, and other registers which at the commencement of this Act are kept in pursuance of the Acts hereby repealed shall be deemed to be registers or parts of registers kept in pursuance of this Act.

140. Nothing in this Act shall be construed to mean that any work done or performed according to any law in force at the time of the coming into force of this Act shall by reason of the passing of this Act be required to be done over again.

#### Commencement of Act.

141. This Act shall, except as otherwise provided, come into operation on the first day of August, nineteen hundred and thirteen.

#### SCHEDULE A.

Form of Notice of Explosion or Accident to be sent to Minister of Public Works and District Inspector of Mines.

Name and postal address of owner.....

Name of Mine.....

Date.....

To the Minister of Public Works, Edmonton, Alberta, or to the District Inspector (if to the District Inspector, insert the last known place of abode of such inspector).

In pursuance of The Mines Act, I beg to give you notice that an explosion or accident (as the case may be) has occurred at this mine, of which the following are the particulars:

Name of person(s) killed.....

Name of person(s) injured.....

Occupation.....

Age.....

Date of accident.....

Time of accident.....

Place of accident.....

Date of first employment.....

Nature of injuries.....

Causes with full description of accident.....

.....

I am, Sir,

Your obedient servant,

Owner, Agent or Manager.

Other remarks.....

### Co-operative Associations.

[Chapter 12 deals with the formation of Co-operative Associations.]

### Protection of Employees on Buildings and Excavations.

Chapter 14.—1. This Act may be cited as The Building Trades Protection Act.

2. In this Act—

(a) "Building" shall include any structure roofed in or intended to be roofed in, and capable when completed of affording protection and shelter;

(b) "Excavation" shall mean any trench in the ground at a depth of more than four feet;

(c) "Inspector" shall mean an inspector appointed by a municipality or by the Lieutenant-Governor in Council for the purpose of enforcing the provisions of this Act;

(d) "Municipality" means and includes any incorporated municipality, whether a city, town, village or rural municipality.

3. Every municipality shall appoint an inspector or inspectors to enforce this Act within the limits of the municipality.

(2) The Lieutenant-Governor in Council may appoint an inspector or inspectors to enforce this Act in territory outside of municipalities.

4. Where any inspector appointed under this Act finds that any provision of this Act is being violated in the case of any building or excavation he may give such orders in writing as may, in his opinion, be required to secure due compliance with such provision, and upon any such order being made and until the same is carried out the work upon that part of the building or excavation in which the default occurs shall be suspended.

(2) Every person to whom the order of the inspector is directed who disobeys or knowingly permits any person under his direction and control to disobey any such order or to carry on work in violation of subsection (1) hereof before the order is complied with shall be guilty of an offence and liable on summary conviction to payment of a penalty not exceeding \$50 for every day upon which such default occurs.

5. In the erection, alteration, repair, improvement or demolition of any building, no scaffolding, hoists, stays, ladders, flooring or other mechanical and temporary contrivances shall be used which are unsafe, unsuitable or improper, or which are not so constructed, protected, placed and operated as to afford reasonable safety from accident to persons employed or engaged upon the building or excavation.

6. The following regulations shall be complied with in the erection, alteration, repair, improvement or demolition of every building.

(1) The floors of all scaffolding suspended from overhead shall be at least two and one-half feet wide and the floors of all standing scaffolding shall be at least four feet wide; all such scaffolding shall, unless the same is dispensed with by written authority of the inspector, have a railing or guard not less than three nor more than four feet from the flooring on the outside of the scaffolding for the protection of persons working thereon.

(2) Where scaffolding or staging is "swung" or suspended from an overhead support it shall be so secured as to prevent its swaying to and fro.

(3) Where poles are used in scaffolding the poles shall be securely lashed at every point of contact, and where square timber is used in scaffolding, the same shall be securely spiked or bolted at every point of contact.

(4) No lumber or timber shall be hoisted in a single sling.

(5) Where hoists are used for raising materials for use in buildings, the shafts or openings shall be protected at each floor by a barrier not less than three feet nor more than four feet from the level of the floor and the barrier shall be placed not less than two feet from the edge of the shaft or opening in which the hoist is operated; provided that upon the level or floor in actual use by such hoist such barrier shall not be placed across the openings used for entrance or exits to or from such hoists.

(6) All ladders shall extend at least four feet above any scaffold, staging or floor.

7. Where the plans and specifications require the floors to be arched between the beams thereof, or where the floors or filling in between the floors are of fireproof material the flooring or filling in shall be completed as the building or excavation progresses to not less than within three storeys below that on which the iron work is being erected.

(2) Where the plans and specifications do not require filling in between the beams of floors with fireproof material or brick work, the contractor for the carpenter work, in the course of construction, shall lay the under flooring of the building on each storey as the building or excavation progresses to not less than within two storeys below the one to which the building has been erected.

(3) Where double floors are not to be used, such contractor shall keep planked over, with planks properly secured, the floor two storeys below where the work is being performed.

(4) If the floor beams are of iron or steel, the contractor for the iron or steel work of a building or excavation in course of construction, or the owner of such a building or excavation shall thoroughly plank over the entire tier or iron or steel beams on which the structural iron or steel work is being erected, except such spaces as may be reasonably required for the proper construction of such iron or steel work and for the raising or lowering of materials to be used in the construction of such building and such spaces as may be designated by the plans and specifications for stairways and elevator shafts.

8. In the case of what are known as skeleton steel frame buildings, compliance with the following regulations shall be sufficient, and it shall not be necessary to comply with the requirements of section 7.

(1) As soon as the steel frame of a building is erected to the first column splice above the first floor level, a flooring of two-inch planking shall be laid over floor beams on the floor immediately below the first column splice, making a temporary floor over that part of the area of the building or excavation inside columns at that level, except in places where it is necessary to have openings for the passage of material for building above that point. When erection has reached a point level with the next column splice the planking used as a temporary floor at first column splice shall be removed and placed as before at second splice, and so on to the top of the building.

(2) A double flooring of two-inch planking shall be laid down immediately under any derrick for a sufficient space above the derrick to protect the workmen on the floors below that on which the derrick is working and to hold with safety the materials hoisted by the derrick.

(3) Riveters' staging shall be so constructed as to secure the reasonable safety of the riveters and a temporary floor must be provided on the girders and floor beams immediately below the portion of the floor upon which the riveters are working, sufficient for the protection of workmen engaged below that floor.

(4) The steel work may be carried on in advance of the construction of permanent floors.

9. In cities and towns the following regulations shall be complied with in erecting, altering or repairing any building, provided such city or town has not by by-law made regulations applicable to itself regarding such matters:

(1) When the work is located on the line of any street or within three feet of the inside line of the sidewalk of any street, before any of the work above the sidewalk or footway is commenced, there shall be erected over the sidewalk or footway of the street a covered passageway or independent structure not less than eight feet high at the lowest side above the level of the sidewalk or footway and of sufficient strength to protect the public using the sidewalk or footway.

(2) If a building or excavation is to be erected or made within seven feet of the inside line of the sidewalk on any street, a strongly constructed close-boarded fence or barricade, not less than six feet high, shall be erected along the inside of such sidewalk.

(3) No person shall place any stone, brick, lumber or any building material, fence, barricade or temporary sidewalk so as to obstruct the free passage of water in the drains, gutters or water courses; and the roofs of all covered ways shall be kept clear of any material whatever.

(4) All sewers, ditches, drains or any other excavation of whatever nature shall be properly shored up, so as to prevent the caving in of the ground, after a depth of four feet has been excavated from the ground level.

10. The provisions of this Act shall be read and applied as supplementary to the by-laws of every municipality in this Province, where any such exist, but where no by-law has been passed dealing with the matters covered by this Act then the provisions herein shall apply.

11. Sections 6, 7 and 8 of this Act shall not apply to any building not more than two storeys in height or to any excavation less than four feet deep, nor to any farm, building or excavation, nor to any work being done upon a building or excavation by the owner or occupant thereof in person.

12. Nothing in this Act contained shall in any way decrease or lessen the liability or obligations of any person or corporation under The Workmen's Compensation Act, 1908.

### Thresher Employees' Liens.

Chapter 17.—1. This Act may be cited as The Thresher Employees' Lien Act.

#### Interpretation.

2. In this Act unless the context otherwise requires—

(1) "Employer" includes any person or body of persons corporate or unincorporate with whom an employee as defined by this Act has entered into a contract of service whether such employer is the owner, lessee or bailee of the threshing machine on or about which such contract of service is performed;

(2) "Employee" includes every person who is engaged in an employment of threshing on or about any threshing machine and means any person who has entered into or works under a contract of service with an employer as defined by this Act whether the contract is expressed or implied, is oral or in writing;

(3) "Court" means the district court of the judicial district within which the threshing or some part thereof has been performed and "judge" means the judge of the said court.

3. Any employee who works for wages or or about any threshing machine shall to the extent of his wages have a claim against the earnings of his employer in the hands of a third person, for whom such threshing has been done by his employer and in the course of which such employee was engaged, provided he notifies the said third person, while such threshing is being done that he has such claim; and such claim shall have priority over all assignments, attachments or garnishments of such earnings whensoever made and over every claim or right of every kind and description whatsoever accruing either before or after the passing of this Act.

(2) No such third person shall be liable to any action or proceeding by such employer or his assigns in respect of such earnings while retained by him pursuant to the provisions of this Act.

4. Such claim shall cease to exist unless such employee shall serve a claim and proceed as provided by this Act; provided, however, that within ten days after such threshing has been completed any employer and one or more employees may sign an agreement showing the amount due as wages by the employer to such employee or employees, and any third person for whom the threshing has been done by said employer may sign said agreement and undertake to pay to the employee or employees the amount so shown to be due. The execution of such agreement and undertaking shall be a release to the employer of such indebtedness to his employee or employees and a discharge *pro tanto* of the indebtedness of the said third person to the employer; and each employee may collect from said third person such sum as is so shown to be due him. The said amounts so due shall have priority over all assignments, attachments and garnishments whensoever made and over every claim or right of every kind or description. The said agreement and undertaking may be in the form A in the schedule of this Act.

5. Such claim shall be in writing and shall set out—

(a) the full name and post office address of such employee together with the post office address and full name of such employer where practicable with as much certainty and particularity as possible;

(b) a short description of the work or service done together with a statement of the length of time worked by such employee;

(c) the sum of money claimed as due.

(2) Such claim may be in the form B in the schedule to this Act or to the like effect and shall be verified by the affidavit of such employee.

(3) Such claim shall within ten days after such threshing is completed be served on such third person and on such employer.

6. Provided any employee notifies the third person for whom such threshing shall have been done as provided in section 3 and the employee's claim has not been paid, the said third person shall hold in his possession until the expiration of the said ten days the sum of money earned by such employer;

Provided, however, that in case a claim under this Act has within the said ten days been served upon him and such third person shall continue to hold in his possession such sum of money until the expiration of thirty days from the completion of such threshing or for such further time as may be provided by this Act:

Provided further that such third person shall if he fail to hold in his possession such sum of money, be to the extent thereof liable for the wages due to every employee in respect of such threshing.

7. Subject to the provisions of section 8 of this Act such third person shall after the expiration of said thirty days pay to such employee upon demand the amount of his claim unless within the said thirty days such employer shall have served upon such third person a notice of contest as herein provided.

(2) All payments lawfully made under this Act by such third person shall be deemed to be payment *pro tanto* to such employer.

(3) In case such third person neglects or refuses to pay such wages upon demand as provided by this section he may be proceeded against by such employee under The Ordinance respecting Masters and Servants, the provisions whereof are hereby declared to be applicable to any proceedings taken by such employee under this section.

8. In case the total sum of money in respect of which such claims have been served on such third person exceeds the total sum of money earned by such employer in threshing for such third person such third person shall after the expiration of ten days and not later than thirty days after such threshing was completed pay into the district court such total sum of money which payment shall be a valid discharge to him against such employer to the amount paid and shall at the same time deliver or transmit by registered post letter to the clerk of such court all claims, notices of contest and all other documents served upon him relating to such sum of money.

9. Wherever the provisions of the next preceding section shall not apply to the circumstances of the case such third person shall, in case within the said thirty days he shall have been served with a notice of contest by such employer in respect of any claim as herein provided, forthwith but not later than forty days after such threshing was completed and subject to the provisions of the next preceding section, pay in to the district court the sum of money claimed in such claim which payment shall be a valid discharge to him against such employer to the amount paid and he shall at the same time deliver or transmit by registered post letter to the clerk of such court the claim, notice of contest and all other documents served upon him relating to the said sum of money:

Provided, however, that in case the provisions of the next preceding section shall apply to the circumstances of the case such third person shall forthwith after being served with any notice of contest of such employer, but not later than forty days after such threshing was completed deliver or transmit by registered post letter to the said clerk all claims, notices of contest and all other documents served upon him and relating to the said sum of money.

10. The person so paying money into court under the provisions of sections 8 or 9 of this Act shall be entitled to deduct therefrom his necessary disbursements and costs (not exceeding five

dollars) excepting when such sum of money is larger than the amount of the claim of the employee in which case the person so paying money into court may deduct such costs and disbursements out of the balance in his hands but if such balance is not sufficient to cover such disbursements and costs he may deduct the difference from the amount to be paid into court.

11. The notice of contest provided by this Act shall be in form C in the schedule to this Act or to the like effect, shall contain a brief statement of the nature or grounds of contest and the post office address of such employer and be verified by the affidavit of the employer.

12. The clerk of the court shall from time to time—

(a) Forthwith after receipt by him of money paid into court pursuant to section 8 or 9 hereof, notify by registered post letter such employer and all employees claiming in respect of such money; and

(b) Forthwith after receipt by him of notice of contest under this Act, notify by registered post letter every employee in respect to whose claim such notice of contest is given:

Provided that if an employer shall in his notice of contest omit to state his post office address the notice to him shall be mailed to the address stated by the employee in his claim as required by section 5 hereof.

13. Where a sum of money is paid into court under this Act, any employee claiming under this Act (or, in case there are more than one claiming, then any one of such employees) may sue out an interpleader summons to determine, adjust and finally settle the rights of the several claims and parties to such sum of money paid into court, and in such proceedings between employees and employers the former shall be plaintiff and the latter defendant; and in the event of such interpleader summons not being sued out by any such employee within twenty days after such sum of money has been paid into court, such sum of money shall be paid out only in pursuance of an order of the judge of the said court to such employer or his assigns or to such other person as may be entitled thereto.

(2) Such interpleader summons shall be in form D in the schedule to this Act and any number of claimants may be joined therein.

14. Upon the return of such interpleader summons the judge shall summarily determine the rights of the said several parties to the moneys so paid into court and may make such order in the premises and as to costs as shall to him appear just.

15. Where a sum of money has been paid into court by such third person and an order has been made for the payment of the sum out of court to such employees or any of them and such sum of money is not sufficient to satisfy in full the claims of such employees, then in such case such sum of money shall be distributed rateably among such employees subject to any order of the court as to costs:

Provided however that any sum of money so paid into court, as to which no order of payment out to such employees or any of them shall have been made, shall be paid out as provided by section 13 of this Act.

16. Every employer shall upon demand at any time of any employee or of any third person for whom threshing has been done, forthwith furnish to such employee or to such third person a written statement setting forth the length of time for which such employee is entitled at the time of such demand to be paid for such work and setting forth the sum of money earned by such employee for such work up to that time, which written statement shall be signed by such employer or by his foreman or agent acting for him; and if such employer or his foreman or agent refuses or neglects to furnish such written statement on demand he shall be liable on summary conviction before a justice of the peace to a penalty of five (\$5) for every day during which such statement is withheld together with the costs of the prosecution.

Provided however that any contravention of this section by the foreman or agent of any such employer shall be presumed to be the act of such employer, but such presumption may be rebutted by proof of explicit instructions to the contrary by such employer, and any such foreman or agent contravening the provisions of this section and disobeying such explicit instructions shall be liable to the penalty provided by this section.

17. The following fees shall be paid to the clerk of the district court in respect of the following matters herein provided for and may be by him retained as to clauses (1) and (2) of this section out of the money paid into court pursuant to section 8 or 9 of this Act:

(1) Filing claim, twenty-five cents.

(2) Filing notice of contest, twenty-five cents.

(3) Interpleader summons, fifty cents.

18. For the purposes of the consequences of any order or conviction by a justice of the peace under this Act an order or conviction against a member of a partnership shall be deemed to be an order or conviction against each member of such partnership.

(Schedule omitted).

## STATUTES OF 1913—SECOND SESSION.

## Vocational Education—Manual Training—Home Economics.

Chapter 15. [The School Grants Act as amended makes provision for the following grants:—]

3—5. To any district employing more than 30 teachers and providing instruction in household economics, manual training, commercial work, music, art or technical subjects, 1919, c. 32, s. 3; amended, 1920, c. 13, s. 3.

(a) An annual grant equal to 40% of the salaries of approved teachers giving instruction in commercial, technical or industrial subjects, the grant not to exceed six hundred dollars (\$600) for any teacher so employed. 1920, c. 13, s. 3.

(b) An annual grant equal to 20% of the salaries of approved teachers giving instruction in household economics, manual training, music or art, the grant not to exceed three hundred dollars (\$300) for any teacher so employed, 1920, c. 13, s. 3.

(c) A grant equal to twenty-five per cent. of the expenditure on approved equipment especially provided in any year for instruction in commercial work, technical or industrial subjects, the grant not to exceed four thousand dollars (\$4,000) in any year. 1920, c. 13, s. 3.

5a. To any district employing fewer than thirty teachers and providing instruction in household economics, manual training, commercial work, music, art or technical subjects:

(a) An annual grant equal to 50% of the salaries of special teachers giving instruction in these subjects whose qualifications have been approved by the Department, up to a maximum grant of twelve hundred dollars (\$1,200.00). In the case of such special teachers giving part-time instruction in such subjects the amount of the grant payable will be based upon the proportion of time of such teachers devoted to instruction in these subjects.

(b) A grant equal to 50% of the expenditure on approved equipment especially provided in any year, and used in giving instruction in such subjects, up to a maximum grant of twelve hundred dollars (\$1,200). 1920, c. 13, s. 3.

6. When any two or more districts have entered into an agreement under the provisions of section 95c of The School Ordinance for the purpose of providing instruction in manual training, household economics or commercial work—

(a) An annual grant equal to fifty per cent (50%) of the salaries and travelling expenses of teachers of approved qualifications giving instruction in such subjects up to a maximum grant of \$2,000; provided that the Minister may apportion the payment of such grant among the districts having entered into such agreement;

(b) A grant equal to fifty per cent (50%) of the cost of approved equipment for the first equipment provided to give instruction in such subjects up to a maximum grant of \$1,000;

(c) An annual grant of fifty per cent (50%) of the cost of all additional equipment provided for giving instruction in such subjects after the first equipment up to a maximum grant of \$100 a year;

(d) When in any of the above mentioned districts the board of school trustees has provided efficient instruction in music or art, throughout the grades, by one of its regular teachers or a special teacher, whose qualifications are approved by the Department of Education, an annual grant of \$50 to each teacher giving instruction in such subjects, who has been teaching in the district for one year; provided that in case such teacher has been employed in the district for less than one year a proportional amount of such grant may be paid on the recommendation of an inspector of schools. 1919, c. 32, s. 3.

7. To any district having one or more graded schools where the board of school trustees has provided efficient instruction in either household economics, manual training, music or art, throughout the grades, by one of its regular teachers whose qualifications are approved by the Department—

(a) A grant of fifty per cent (50%) of the value of approved equipment used in giving instruction in such subjects up to a maximum grant of \$250; and

(b) An annual grant of \$50 to each teacher giving instruction in any one of such subjects who has been teaching in the district for one year; provided that in case such teacher has been employed in the district for less than one year a proportional amount of such grant may be paid on the recommendation of an inspector of schools. 1919, c. 32, s. 3. Amended 1920, c. 13, s. 3.

8. To any village, consolidated or town district not employing more than thirty teachers—

(a) When night class instruction in the ordinary school subjects only is given by teachers of approved qualifications an annual grant equal to fifty per cent (50%) of the cost of tuition up to a maximum grant of \$200.

(b) When approved instruction in vocational and technical subjects in addition to ordinary school subjects is given, an annual grant equal to sixty per cent (60%) of the cost of tuition up to a maximum grant of \$250. 1919, c. 32, s. 3.

9. To any district employing more than thirty teachers, an annual grant equal to forty per cent (40%) of the cost of tuition in approved night class instruction up to a maximum grant of \$1,500. 1919, c. 32, s. 3.

10. To any village, consolidated or town district giving approved instruction in science and agriculture and related school gardening, an annual grant of fifty per cent (50%) of the board's expenditure on improvement and up-keep of a school garden and the value of approved equipment for such instruction up to a maximum grant of \$100. 1919, c. 32, s. 3.

11. To any village, consolidated or town district employing not more than thirty teachers, a sum not exceeding 5 cents per day, and to any such district employing more than thirty teachers, a sum not exceeding 3 cents per day for each day the school is kept open to be paid in proportion to grading as based upon the inspector's report or reports as prescribed by the regulations of the Department; provided, however, that the Department may in lieu of such sum or sums as are provided for in this subclause or any portion thereof, supply to each of such districts for its school library or libraries books of equal value selected from the list authorized by the Department of Education for library purposes or school flags or other equipment approved by the Minister. 1919, c. 32, s. 3, amended 1920, c. 13, s. 3.

12. To each district providing means of conveyance for the children of the district to the school of another district under the provisions of section 165 of The School Ordinance such amount as the Minister may determine, but not to exceed the amount the district would have earned had it kept its own school open for the number of days such conveyance was used with a minimum attendance of five:

Provided, however, that where a separate school district has been established within the area of a public school district, such public and separate school districts shall for the purpose of classification under clauses 2, 4, 5, 8, 9 and 11 above, be deemed to be one district only, but in apportioning the grant payable to the public and separate schools respectively there shall be no discrimination:

Provided, further, that the increase in the number of teachers employed in the schools of any town or city shall not have the effect of reducing the total amount of grant payable to the schools in such town or city; and where a separate school district has been established within the area of a public school district the total amount payable to the schools of such public and separate school districts shall be divided between the two districts in proportion to the number of teachers employed in each. 1919, c. 32, s. 3.

5. No grant shall be paid to any district under the provisions of section 3 hereof unless an average attendance of five is maintained in its school for the term immediately preceding the time when the payment of the grant may be due:

Provided, however, that upon the recommendation of an inspector a district whose school has not maintained an average attendance of five for any term may be paid a grant, the amount of which shall bear the same proportion to the amount which would have been paid had the said average been maintained that the actual average attendance for the term bears to five. Amended 1914, c. 13, s. 4.

6. And every amount payable to any district under section 3 hereof shall not, unless otherwise provided, be payable for more than 200 days in any calendar year.

7. In any district where more than one teacher is employed each room shall rank as a district under the provisions of clauses 1, 2, 3, 4 and 11 of section 3 hereof, when the average attendance of the whole school shall at least equal twenty pupils to each teacher employed, or when the employment of teachers in such numbers as to reduce such average attendance below twenty has been made on the recommendation in writing of an inspector. Amended 1914, c. 13, s. 4.

11. The grant earned by any district under subclause (h) of clause 1 and clause 11 of section 3 hereof shall be paid to such district at the end of the school year and in case the school of any district is not inspected during the year, the district shall be paid for such year such grant as it may be entitled to upon the basis of the grading its school attains on the first inspection in the following year.

### Protection of Wages of Thresher Employees.

[Chapter 26. The Threshers' Lien Act, provides for giving threshers a lien upon the grain threshed in certain cases. Section 5 of the Act enumerates conditions to which the right to exercise the said lien is subject, among which is the following:—]

5. (3) All claims for wages from employees of the thresher for such threshing shall be satisfied.

### Woodmen's Liens.

Chapter 28.—1. This Act may be cited as The Woodman's Lien Act.

2. In this Act, unless the context otherwise requires—

(a) The expression "logs and timber" means and includes logs, timber, poles, ties, bolts, staves, posts, tanbark and wood;

(b) The expression "labour, service or services" means and includes cutting, skidding, felling, hauling, scaling, banking, driving, running, rafting, or booming any logs or timber, and any work done by cooks, blacksmiths, artisans, and others usually employed in connection therewith whether performed by wage-earners or others;

(c) The expression "person" in the third section of this Act shall be interpreted to include clerks, timekeepers, storekeepers, cooks, blacksmiths, artisans and all others usually employed in connection with such labour, service or services;

(d) The expression "judge" means a judge of any of the district courts in this Province, or any deputy lawfully acting for him or any judge of the Supreme Court.

## How Lien Arises and When Same Attaches.

3. Any person performing any labour, service or services in connection with any logs or timber within this Province shall have a lien thereon and upon any logs or timber belonging to the same owner with which any such logs or timber or any portion thereof may have become mixed for the amount due, for such labour, service or services and the same shall be deemed a first lien or charge on such logs or timber, and shall have precedence of all other claims or liens thereon, except any lien or claim which the Crown may have upon such logs or timber for or in respect of any dues or charges and no contract hereinbefore or hereafter entered into shall deprive such person of such lien.

4. The lien provided for in the last preceding section shall not remain a charge on the logs or timber, unless a statement thereof in writing verified upon oath by the person claiming such lien, or some one duly authorized on his behalf, and bearing indorsed thereon the name and address of the claimant or his solicitor, shall be filed in the office of the clerk of the district court or of the Supreme Court (according to the amount of the claim) of the judicial district in which the labour or services, or some part thereof, has been performed:

Provided that, when such labour or services have been performed upon any logs or timber got out to be run down or run down any of the rivers or streams, within or partly within the Province of Alberta, such statement may, at the option of the claimant, be filed in the office of the clerk of the district court or of the Supreme Court of the judicial district wherein the drive terminates or reaches its destination.

5. Such statement shall set out briefly the nature of the debt, demand or claim, the amount due to the claimants as near as may be, over and above all legal set-offs or counterclaims and a description of the logs or timber upon or against which the lien is claimed, and may be in the form set out in schedule A to this Act or to the like effect.

6. If such labour, service or services be performed between the first day of October and the first day of June next thereafter, the statement of claim shall be filed on or before the thirtieth day of said month of June, but if such labour or services be done or performed on or after the first day of June and before the first day of October in any year, then such statement shall be filed within thirty days after the last day such labour, service or services were performed:

Provided that no mortgage, sale or transfer of the logs or timber upon which a lien is claimed under this Act during the time limited for the filing of such statement of claim and previous to the filing thereof, or after the filing thereof and during the time limited for the enforcement thereof, shall in anywise affect such lien, but such lien shall remain and be in force against such logs or timber, no matter in whose possession the same shall be found.

## Enforcement of Lien.

7. Any person or persons having a lien upon or against any logs or timber under this Act may enforce the same by the regular practice and procedure of the courts according to the amount of the claim either in the district court, or in the Supreme Court in the district within whose jurisdiction the said logs or timber, or any part thereof, may be situated at the time of the commencement of the suit; and such suit may be commenced to enforce such liens, if the same be due, immediately after the filing of such statement, or if credit has been given, immediately after the expiry of the period of credit, and such lien shall cease to be lien upon the property named in such statement, unless the proceedings to enforce the same be commenced within thirty days after the filing of the statement of claim or within thirty days of the expiry of the period of credit. In all such suits the person, company or corporation liable for the payment of such debt or claim shall be made the party defendant.

8. In any case, whether commenced by writ of summons or attachment, the judge may order that the same shall be disposed of summarily in chambers, upon such terms as to notice and otherwise as the order shall provide, and the same may be so heard and disposed of.

9. The judge may also entertain in chambers any application to set aside an attachment or seizure or to release logs or timber that have been seized, and may summarily dispose of the same.

10. When the amount of any claim filed as aforesaid is not less than ten dollars, upon the production and filing of a copy of said claim and affidavit, and of an affidavit made and sworn by the claimant as to the correctness of the amount of the claim due and owing, and showing that the same has been filed as aforesaid and stating that—

(a) He has a good reason to believe and does believe that the logs or timber are about to be removed out of the Province of Alberta; or

(b) That the person indebted for the amount of such lien has absconded from the Province with the intent to defraud or defeat his creditors; or

(c) That the logs or timber are about to be cut into lumber or other timber, so that the same cannot be identified.

(d) And that he is in danger of losing his said claim if an attachment do not issue; and

(e) If an affidavit corroborating the affidavit of the plaintiff in respect of subsections (a), (b), or (c) of this section be also filed, then the clerk of the proper court within whose jurisdiction the logs or timber are, shall issue a writ of attachment, directed to the sheriff or bailiff of such court, commanding such sheriff or bailiff to attach, seize, take and safely keep such logs or timber,

or a sufficient portion thereof to secure the sum mentioned in the said writ, and the costs of the suit and of the proceedings to enforce the lien, and to return the writ forthwith to the court out of which the same issued.

11. Where additional claims are made or the amount of a claim is increased or a sufficient seizure has not been made, a second or subsequent seizure may be made either under execution or attachment.

12. The said writ of attachment shall also, where no writ of summons has issued, summon the defendant to enter an appearance in the court out of which the attachment has issued, and a copy of the writ of attachment shall be served upon the defendant, and if the defendant in such attachment is not the owner of the logs or timber described in the writ of attachment then a copy of the writ shall also be served upon the owner of the said logs or timber, or upon the agent or person in whose possession, custody or control they may be found for him. The owner may on his own application or by direction of a judge be made a party defendant at the trial.

13. Where the service has not been personal upon either the defendant or owner, and where proper defence has not been filed, the judge may in his discretion admit them or either of them to make full defence and may make such order as to service and otherwise in the premises as may be reasonable and must to all parties.

14. No sheriff or bailiff shall seize upon or detain any logs or timber under the provisions of this Act when in transit by water from the place where cut to the place of destination.

15. In case of an attachment, if the owner of said logs or timber, or any other person in his behalf, shall execute and file with the clerk of the court out of which the attachment has issued a good and sufficient bond to the person claiming the lien, executed by two sureties and approved by the said clerk, and conditioned for the payment of all damages, costs, charges, disbursements and expenses that may be recovered by the claimant in such proceedings, together with the amount for which a lien is claimed in any other suit, if any, the clerk shall issue an order to the sheriff or bailiff having in charge the logs or timber directing their release, and upon service of such order upon the bailiff, he shall release the same.

16. Any person who shall have been served with a copy of the writ of attachment under this Act, and who may desire to dispute the same, shall, within ten days after such service, file in the court in which proceedings are pending a statement of defence.

17. If no statement of defence is filed under the last preceding section, judgment may be entered as in the case of default, and the practice or procedure may be the same as in a suit begun by writ of summons.

18. The defendant may, at any time after service of the writ of attachment and before the sale of the logs or timber, pay into court the amount for which a lien is claimed in the suit, together with the amount for which a lien is claimed in any other suit (if any), and together with costs of the proceedings thereon to the date of such payment taxed by the clerk of the court if so required, and the person making such payment shall thereupon be entitled to a certificate vacating such lien; and upon said certificate being filed with the clerk of the court in which the original statement of claim was filed, the said lien shall be vacated and all further proceedings thereon shall cease and the person making such payment shall further be entitled to an order directing the delivery up of the logs or timber seized under the attachment and the cancellation of any bond given under the eighteenth section of this Act.

19. If any case commenced by writ of attachment, after the expiration of the time hereinbefore named within which a statement of defence may be filed and provided a statement of defence has been filed, the judge shall, in chambers as provided by section 11 of this Act, or at the next sitting of the court after due notice has been given to all parties to the suit and to all persons claiming liens on the logs or timber and whose liens are duly filed as aforesaid, or to their solicitors, hear all such parties and claimants, and take all accounts necessary to determine the amounts, if any, due to them or any of them or to any other holders of liens who may be called by the judge to prove their liens, and shall fix or cause to be taxed by the clerk their costs and determine by whom the same shall be payable and settle their priorities and generally determine all such matters as may be necessary for the adjustment of the rights of the several parties.

20. At the conclusion of the inquiry the judge shall make his report and order, which shall state his findings and direct the payment into court in which proceedings are pending of the amounts, if any, so found due and costs, within eight days thereafter, and, in default of such payment that the logs or timber shall be sold by the sheriff or bailiff for the satisfaction of the amounts found due to the several parties upon the inquiry and costs.

21. In default of payment into court under the last preceding section within the said eight days the said logs or timber shall, within twenty days thereafter be sold by the sheriff or bailiff, in the same manner and subject to the same provisions of law as goods and chattels seized or taken in execution, unless the judge shall direct that additional publicity be given to the sale; and the amount realized by such sale shall, after deducting the expenses thereof payable to the sheriff or bailiff, be paid into the court in which the proceedings are pending, and shall upon the application of the several parties found to be entitled thereto under the order of the judge, be paid out to them by the clerk of the said court.

Provided that where the amount realized upon the sale shall not be sufficient to pay the claims in full and costs, the judge shall apportion the amount realized *pro rata* among the different claimants.

22. If, after such sale and distribution of the proceeds thereof under the preceding section, any balance shall remain due to any person under the said order of the judge, the clerk of the court shall, upon the application of such person, give to him a certificate that such amount remains due, which certificate may be entered as a judgment in the court having jurisdiction, against the person or persons by whom the claim was directed to be paid, and execution may be issued thereupon as in the case of other judgements in the courts.

23. Where nothing shall be found due upon the several claims filed under this Act or upon the lien or liens in respect to which proceedings have been taken, the judge may direct by his said order that the lien or liens be discharged and the logs or timber released or the security given therefor be delivered up and cancelled, and shall also by such order direct payment forthwith of any costs which may be found due to the defendant or owner of the said logs or timber.

24. Where more money shall be paid into court as the proceeds of the sale of logs or timber than shall be required to satisfy the lien which shall have been proven and the interest and costs, the remaining moneys shall be paid over to the party entitled to the same unless the judge otherwise orders.

25. Any person affected by the proceedings taken under this Act may apply to the judge to dismiss the same for want of prosecution, and the judge may make such order upon the application as to costs or otherwise as may be just.

26. The judge may at any stage of such proceedings on application of any party, or as he may see fit, order that any person who may be deemed a necessary party to any such proceedings be added as a party thereto or be served with any process or notice provided for by this Act, and the judge may make such order as to the costs of adding such person or corporation or as to such service as may be just.

27. Nothing in his Act contained shall be deemed to disentitle any person to any other remedy than that afforded by this Act for the recovery of any amount due in respect of labour, service or services performed upon or in connection with any logs or timber; and where a suit is brought to enforce a lien, but no lien shall be found to exist, judgment may be directed for the amount found due as in an ordinary case.

28. Any number of lienholders may join whether by writ of attachment or otherwise in taking proceedings under this Act, or may assign their claims to any one or more persons but the statement of claim shall include particular statements of the several claims of persons so joining.

29. The practice and procedure of the district courts and of the Supreme Court (according to the amount of the claim) shall be followed as nearly as may be, as also the tariff of costs of the said courts.

(Schedule omitted.)

#### STATUTES OF 1915.

##### Protection of Employees on Public Utilities—Accidents on Public Utilities.

[Chapter 6, The Public Utilities Act, empowers the Lieutenant-Governor in Council to appoint a Board composed of three members to be known as the Board of Public Utility Commissioners. The powers of the Board as set forth in section 23 include the following:—]

(f) To impose and enforce regulations for the safety and protection of employees of any public utility;

(g) To impose and enforce regulations in case of accidents, howsoever happening, in or about a public utility or the operation thereof, and for the remedying of the cause thereof and prevention of recurrence.

27. The Board shall have power, after hearing, upon notice, by order in writing, to require every public utility as herein defined—

(g) To give such notice to the Board as it may by order require of any and all accidents which may occur within this Province and upon the property of any public utility as herein defined or directly or indirectly arising from or connected with its maintenance or operation and to investigate any such accident, and the Board may make such order or recommendation with respect thereto as in its judgment may be just and reasonable.

#### STATUTES OF 1917.

##### Inspection and Regulation of Factories.

Chapter 20, with amendments.—1. This Act may be cited as "The Factories Act."

2. In this Act—

(a) "Bake-shop" shall mean any building, premises, workshop, structure, room, or place wherein is carried on the manufacture or sale of confectionery, or bread, biscuits, cakes or any other food product made from flour or from meal or from both, in whole or in part, and shall include any room or rooms used for storing the confectionery, bread, biscuits, cakes and other food products and materials;

(b) "Child" shall mean a person under the age of fifteen years;

(c) "Court" shall mean the justices of the peace or police magistrates, as the case may be, to whom jurisdiction is given by this Act to hear and determine prosecutions under this Act;

(d) "Employer" as applied to a factory or shop shall mean any person who in his own behalf, or as the manager, superintendent, overseer or agent has charge of any factory, shop or

bake-shop and employs persons therein, and in the case of an office building shall include the superintendent or manager thereof; and shall include contractor or sub-contractor;

(e) "Factory" shall mean—

(1) Any building, workshop, structure or premises of the description mentioned in schedule A together with such other buildings, structures or premises as the Lieutenant-Governor in Council may by proclamation declare to be factories within the meaning of this Act.

(2) Any other building, workshop, structure, premises, room or place wherein, or within the precincts of which, steam, water, electrical power or energy or other power is used to move or work any machinery employed in preparing, manufacturing or finishing, or in any process incidental to the preparing, manufacturing or finishing of any article, substance, material, fabric or compound, or is used to aid the manufacturing process carried on there.

(3) Any other building, workshop, structure, premises, room or place wherein the employer of the persons working therein has the right of access and control, and in which or within the precincts of which any manual labour is exercised by way of trade or for purposes of gain in or incidental to the making of any article or part of any article, the altering, repairing, ornamenting or finishing of any article, or the adapting for sale of any article.

(f) "Inspector" shall mean an inspector appointed by the Lieutenant-Governor in Council for enforcing the provisions of this Act and shall include the chief inspector.

(g) "Mill-gearing" shall include every shaft, whether upright, oblique or horizontal, and every wheel, drum, pulley or other appliance by which the motion of the first moving power is communicated to any machine appertaining to a manufacturing process;

(h) "Minister" shall mean the member of the Executive Council charged for the time being with the administration of this Act;

(i) "Office" shall include a building or that part of a building occupied and under the control of a separate employer and used for office purposes;

(j) "Office building" shall mean a building used or occupied for office purposes and not as a shop or factory, and shall include a part of a building when so used or occupied;

(k) "Owner" shall mean the person for the time being entitled in his own right or as a trustee, mortgagee in possession, guardian, committee, agent or otherwise to receive the rents, issues and profits of any premises used as a factory, shop, bake-shop, or office building so far as such rents, issues and profits are not payable solely in respect of the use or occupancy of land apart from any buildings or other improvements erected or situate thereon;

(l) "Regulations" shall mean regulations made by the Lieutenant-Governor in Council under the authority of this Act;

(m) "Shop" shall mean any building or warehouse or a portion of a building, warehouse booth, stall or place where goods are handled or exposed or offered for sale, and any such building or portion of a building, booth, stall or place where goods are manufactured and which is not a factory to which this Act applies, but shall not include any place where the only trade or business carried on is that of an hotel or a boarding house but shall include restaurants;

(n) "Week" shall mean the period between midnight on Sunday night and midnight on the succeeding Saturday night;

(o) "Woman" shall mean a female person of fifteen years of age and upwards;

(p) "Outworking" means the giving out of articles or materials to be made up, cleaned washed, altered, ornamented, finished, or repaired or adapted for sale in the home of the employee or elsewhere;

(q) "Day shift" refers to the hours between 7 o'clock in the forenoon and 6 o'clock in the afternoon, and "night shift" refers to any other hours of the day; where any part of a shift is before 7 a.m. or after 6 p.m. it shall be deemed a night shift;

(r) "Apprentice" shall mean a person who has not for a period of one year been engaged in the particular line of work in which he seeks employment or is employed.

#### Application of Act.

3. Nothing in this Act shall in any way conflict or interfere with the powers and duties of local boards of health or the officer appointed under The Public Health Act.

(2) For the purposes of this Act in respect to sanitary measures the Chief Officer of Health or any health officer may act jointly with, or independently of the inspector under this Act.

4. Nothing in this Act shall extend to a mechanic, artisan or labourer working only in repairing either the machinery in or any part of a factory, shop, bake-shop or office building, or to watchman, or to any person temporarily engaged in such repairing.

5. A part of a building, used as a factory, shop, bake-shop or office building may, with the written approval of an inspector, for the purposes of this Act be taken to be a separate factory, shop, bake-shop or office building.

(2) Where a place situate within the close or precincts forming a factory is solely used for some purpose other than the manufacturing process or handicraft carried on in the factory such place shall not be deemed to form part of that factory, for the purposes of this Act, but shall, if otherwise it would be a factory be deemed to be a separate factory and be regulated accordingly.

(3) Any premises or place shall not be excluded from the definition of a factory by reason only that such premises or place are or is in the open air.

6. Every shop, building or room in which one or more persons are employed in doing public laundry work by way of trade or for the purpose of gain shall be deemed a factory to which this Act applies.

(2) This section shall not apply to a dwelling in which a female is engaged in doing custom laundry work at her home for a regular family trade.

7. Nothing in this Act contained shall apply to any shop in which the main business carried on is that of a chemist and druggist. 1918, c. 32, s. 1.

8. Where any owner, occupier or tenant of any premises, building, workshop, structure, room or place who has the right of access thereto and control thereof contracts for work or labour to be done therein by any other person or lets or hires out any part thereof for that purpose, and such other person engages or employs therein any employee, child or woman in or for the carrying out or performing of such work or labour, or any part thereof, every such employee, child or woman shall, for all the purposes of this Act, be deemed to be in the service and employment of such owner, occupier or tenant.

(2) In computing the number of persons employed in any place in order to ascertain if such place is a factory to which this Act applies every such employee, child or woman shall be counted.

9. Every person found in a factory, except at meal times or except while all the machinery of the factory is stopped, or for any other purpose than that of bringing food to the persons employed in the factory, shall, until the contrary is proved, be deemed for the purposes of this Act to have been then employed in the factory.

(2) Yards, playgrounds and places open to public view, waiting rooms and other rooms belonging to the factory in which no machinery is used or manufacturing process carried on shall not be taken to be part of the factory for the purposes of this section.

10. Any person who works in a factory either in a manufacturing process or handicraft, or in cleaning any part of the factory used for any manufacturing process or handicraft, or in cleaning or oiling any part of the machinery, or in any other kind of work whatsoever incidental to or connected with the manufacturing process or handicraft, or connected with the article made, or otherwise the subject of the manufacturing process or handicraft therein shall, save as herein otherwise provided, be deemed to be employed in such factory.

11. In every factory and shop the employer shall keep a register of the employees employed in the factory and shop and of their employments in form 1 in schedule B, and shall send to the inspector such extracts from any register kept in pursuance of this Act as the inspector from time to time requires for the execution of his duties, and shall permit the inspector at all times to inspect such register.

(2) For every contravention of this section the employer shall incur a penalty not exceeding \$30.

12. Where, in a factory or shop, the owner or hirer of a machine or implement moved by steam, water, electrical power or energy or other power in or about or in connection with which machine or implement any person is employed, is some person other than the employer, and such person is in the employment and pay of the owner or hirer of such machine or implement he shall, so far as respects any offence against this Act which may be committed in relation to such person, be deemed to be the employer.

13. Before erecting any building or altering any existing building which it is intended thereafter to use as a factory the owner shall submit the plans of such building or of the proposed alterations to the inspector, and the inspector shall examine the same, and if he finds that the plans provide for the fulfilment of the requirements of this Act as to the construction of factories, he shall certify his approval thereon, and the owner shall not proceed with the erection or alteration of such building without such approval.

14. The owner, proprietor or manager of any factory shall not begin operations until he has received from the inspector a certificate of inspection of the factory and a permit to operate the same. (Form 2).

(2) Any person who contravenes the provisions of this section shall incur the penalties provided for in section 58.

15. Every person shall, within one month after he begins to occupy a factory, transmit to the inspector a notice, form 3, schedule B, containing the name of the factory, the place where it is situate, the address to which he desires his letters to be addressed, the nature of the work, the nature and amount of the moving power therein, and the name of the firm under which the business of the factory is to be carried on, and in default shall incur a penalty not exceeding \$30 for every month or part thereof during which he is so in default.

#### Administration.

16. The provisions of this Act shall apply to shops, offices and office buildings in cities and towns having a population exceeding 5,000, and to all factories within the Province.

17. The Lieutenant-Governor in Council may for the purpose of carrying out this Act—

(a) Appoint as many inspectors, male or female, as may be deemed necessary, one of whom he may designate as chief inspector who shall have the general supervision and direction of the other inspectors and of the carrying out of the provisions of this Act;

(b) Make such regulations for carrying out the provisions of this Act as may be deemed necessary.

18. Every inspector shall have the powers of a constable and may, in the execution of this Act and for enforcing the regulations—

(a) enter, inspect and examine at all reasonable times by day or night any factory, shop, bake-shop or office building when he has reasonable cause to believe that any person is employed therein, and enter by day any place which he has reasonable cause to believe is a factory, shop, bake-shop or office building;

(b) require the production of any register, certificate, notice or document required by this Act to be kept, and inspect, examine and copy the same;

(c) make such examination and inquiry as may be necessary to ascertain whether the provisions of this Act are complied with so far as respects the factory, shop, bake-shop or office building and the persons employed therein;

(d) examine either alone or in the presence of any other persons as he thinks fit with respect to matters under this Act, every person whom he finds in a factory, shop, bake-shop or office building, or whom he has reasonable cause to believe to be, or to have been within the two preceding months, employed in a factory, shop, bake-shop or office building, and require such person to be so examined and to sign a declaration of the truth of his statements touching the matters respecting which he is so examined;

(e) for the purpose of any investigation, inquiry or examination made by him under the authority of this Act, administer an oath to and summon any person to give evidence and produce books, papers, documents, files, pay-rolls and records which shall be treated by the inspector as confidential except for the purposes of this Act;

(f) require a pay-roll to be kept by employers in factories and shops;

(g) exercise such other powers as may be necessary for the carrying out of the provisions of this Act.

(2) The owner and employer and his or their agents and servants shall furnish all necessary means in his or their power required by the inspector for any entry, inspection, examination, inquiry or the exercise of his powers in relation to such factory, shop, bake-shop, or office building.

(3) Every person who wilfully delays the inspector in the exercise of any power under this section or who fails to comply with a requisition or summons of the inspector in pursuance of this section, or to produce any certificate, books, papers, files, records or documents which he is required by or in pursuance of this Act to produce, or who conceals or attempts to conceal, or prevents or attempts to prevent any employee from appearing before or being examined by the inspector shall be deemed to obstruct an inspector in the execution of his duties under this Act.

(4) Where the inspector is obstructed in the execution of his duties, the person obstructing him shall incur a penalty not exceeding \$30; and where he is so obstructed in a factory, shop, bake-shop or office building, the employer shall incur a penalty not exceeding \$30, or where the offence is committed at night not exceeding \$100.

19. Every inspector shall be furnished with a certificate of his appointment under the hand and seal of the Minister and on applying for admission to any premises shall, if required, produce such certificate.

20. The inspector, wherever he deems it necessary, may take with him into any premises a legally qualified medical practitioner, medical officer of health or sanitary inspector.

21. The inspector before entering, in pursuance of the powers conferred by this Act, without the consent of the occupier, any room or place actually used as a dwelling, shall obtain such a warrant as is hereinafter mentioned from a justice of the peace.

(2) The justice, if satisfied by information on oath that there is reasonable cause to suppose that any provision of this Act is contravened in any such room or place, shall grant a warrant under his hand authorizing the inspector named therein, at any time not exceeding one month from the date thereof, to enter the room or place named in the warrant and exercise therein the powers of inspection and examination conferred by this Act; and the provisions of this Act with respect to obstruction of the inspector shall apply.

22. There shall be affixed at the entrance of a factory and in such other convenient parts of every factory, shop, bake-shop and office building, as the inspector directs, and be constantly kept so affixed in the form directed by the inspector and in such position as to be easily read by the persons employed—

(a) Such notices of the provisions of this Act and any regulations made thereunder as the inspector deems necessary to enable the persons employed therein to become acquainted with the rights, liabilities and duties under this Act;

(b) A notice of the name and address of the inspector;

(c) In the case of a factory a notice of the clock, by which the period of employment and times for meals in the factory are regulated;

(d) Every other notice and document required by this Act to be so affixed.

(2) In the event of a contravention of any provision or requirement of this section the employer shall incur a penalty not exceeding \$20; and any person who pulls down, alters or defaces any such notice shall incur a like penalty.

23. Any notice, order, requisition, summons or document required or authorized to be served or sent for the purposes of this Act may be served or sent by delivering the same to or at the residence of the person on or to whom it is to be served or sent, or where that person is an employer by delivering the same, or a true copy thereof, to his agent.

(2) Such notice, order, requisition, summons or document may also be served or sent by registered post, and if so served or sent shall be deemed to have been served and received respectively at the time when the letter containing the same would be delivered in the ordinary course of post, and in proving such service or sending it shall be sufficient to prove that it was properly

addressed and mailed; and where it is required to be served on or sent to any employer it shall be deemed to be properly addressed if addressed to the factory, shop, bake-shop or office building in respect of which he is employer with the addition of the proper postal address, but without naming the employer.

### Employment.

24. No child shall be employed in any factory, shop, office or office building.

(2) No person shall be employed by any employer in any factory, shop, office or office building at a wage less than \$1.50 per shift, except in the case of apprentices who may be paid a wage of not less than \$1.00 per shift:

Provided that the employer must, in case any apprentice leaves his service, give to such apprentice a certificate on a form to be furnished by the Minister, showing the length of time such apprentice has been employed in any particular line of work.

(3) No woman, except by special permission of an inspector, in writing, shall be employed in any factory, shop, office or office building between the hours of eleven o'clock in the evening and seven o'clock of the following day. 1918, c. 32, s. 2.

25. In any shop in which women are employed the employer shall at all times provide and keep therein a sufficient and suitable chair or seat for the use of every such woman permanently employed, and shall permit her to use such chair or seat when not necessarily engaged in the work or duty for which she is employed; and the employer shall not by any open or covert threat, rule or other intimation express or imply, or by any contrivance, prevent any female employee from using such chair or seat.

(2) Any person who contravenes any of the provisions of this section shall incur a penalty of not more than \$25.

26. The hours of labour for any person in any one day working day shift shall not be earlier than seven o'clock in the forenoon or later than six o'clock in the afternoon, and the hours of labour for any such person working night shift shall not exceed eight hours. No person shall be employed for more than one shift in one day. Provided that the inspector may permit employment for a longer period for reasons of trade, accident or war production necessities. Amended 1918, c. 32, s. 3.

(2) No employee who has been previously on any day employed within any factory or shop for the number of hours permitted by this Act shall, to the knowledge of an employer, be employed on the same day in any other factory or shop, and no such person who has been so employed in a factory or shop for less than eight hours shall be employed in any other factory or shop on the same day for a longer period than will complete such number of hours.

(3) The employer shall allow every employee not less than one hour between 11 and 2 o'clock of each day for meals.

(4) All wages earned by any person employed in or about any factory, office, office building, or shop between the first day and fifteenth day of a month, both days inclusive, shall be paid not later than on the first Saturday after the fifteenth day of such month and all wages earned by any person so employed between the sixteenth day and the last day of a month, both days inclusive, shall be paid not later than the first Saturday of the month following.

26a. The Lieutenant-Governor in Council shall appoint five persons, of whom two shall be representative of employers and two of employees, which said four persons, with a fifth person to be nominated by the Attorney-General, shall constitute an advisory committee, whose duty it shall be to investigate and determine the amount that shall be paid as a minimum wage to any person under the age of eighteen years, and to any female person employed in any factory, shop, office or office building to which this Act applies, and also the number of hours per day per week during which any person shall be required to work in any place within this Act, and also to determine what number or proportion of the employees in any shop or factory, office or office building may be apprentices.

(2) Such advisory committee shall be empowered to enforce the attendance of witnesses, to examine them under oath, affirmation or otherwise, and to compel the production of such documents and things as may be necessary.

(3) Such committee shall from time to time report to the Lieutenant-Governor in Council the result of its findings, whereupon the Lieutenant-Governor in Council may make an order or orders, which shall have the same force and effect as if incorporated herein, and in case of conflict between such order or orders and any part of this Act the provisions of such order or orders shall supersede and govern.

(4) The members of the committee shall be paid such compensation for their services and expenses as may be determined by the Lieutenant-Governor in Council.

(5) It shall be unlawful for any employer to discharge or threaten to discharge, or in any other manner endeavour to discriminate against any employee because such employee has testified or is about to testify, or because such employer believes that such employee may testify in any investigation or enquiry, or proceedings relative to the enforcement of this Act, or any enquiry thereunder.

(6) For the more effectual carrying out of any of the provisions of this Act the Lieutenant-Governor in Council may make such regulations as may be deemed necessary, which said regulations shall have the same force and effect as if incorporated herein. 1920, c. 40, s. 2.

27. Notice of the hours between which employees may be employed in a factory or shop shall be in form 4, schedule B, or in such other form as may be prescribed by the regulations, and shall be signed by the inspector and by the employer and shall be posted up during the period covered by such notice in such conspicuous place or places in the factory as the inspector requires.

#### Meals on Premises.

28. In a factory or shop—

(a) If the inspector so directs in writing the employer shall not allow any such person to take meals in any room in which any manufacturing process is then being carried on;

(b) After being directed by the inspector in writing so to do the employer shall, at his own expense, provide a suitable room or place in the factory or shop or in connection therewith for the purposes of a dining and eating room for persons employed in the factory or shop, no part of the expense of which shall be payable by or chargeable to the wages of the employees;

(c) No person shall take or be allowed to take food into any room where paint, varnish, dye, white lead, arsenic or any other poisonous substance is exposed or where deleterious fumes dust, or gases are known to be present, and drinking water in any such room shall be taken directly from taps or suitably closed receptacles.

29. Where a woman is employed in a factory or shop in which there is a contravention of any of the provisions of sections 24 to 27 inclusive, or of section 28, or of any permission given under section 25, or of any regulations made under section 28, such woman shall be deemed to be unlawfully employed and so that her health is likely to be injured.

#### HEALTH AND SAFETY.

##### Sanitary Regulations.

30. The owner of every building used as a factory, shop or office building shall—

(a) provide a sufficient number and description of privies, earth or water-closets and urinals for the employees of such factory, shop or office building, including separate sets for the use of male and female employees with separate approaches thereto, one closet for every twenty-five persons of each sex employed in the factory, shop or office building, and shall keep at the entrance to such a closet a clearly printed sign indicating for which sex the closets are provided;

(b) be responsible for the remedying of any effluvia arising from any drain or defective plumbing and for any repairs required to keep the building in a safe and habitable condition;

(c) arrange for a supply of pure drinking water available for each employee.

(2) The Lieutenant-Governor in Council may prescribe such additional regulations with respect to such conveniences as may be deemed proper.

(3) The owner of every factory, shop or office building who for thirty days, or such extended period as the inspector in writing allows, refuses or neglects to comply with the requirements of subsection 1 or of the regulations after being notified in writing in regard to the same by the inspector, shall incur a penalty of not more than \$100 and in default of payment shall be liable to imprisonment for any period of not more than three months.

31. The employer of every factory or shop shall—

(a) keep it in a clean and sanitary condition and free from any effluvia arising from refuse of any kind;

(b) keep privies, earth or water-closets and urinals in good repair and in a sanitary condition and keep closets separated for male and female employees, and provide conveniences to the satisfaction of the inspector for the employees using them;

(c) heat the premises throughout and regulate the temperature so as to be suitable for the work to be performed therein, and not to be injurious to the health or comfort of the employees; but in no case shall the temperature be less than 60 degrees Fahrenheit unless authorized by the inspector in writing;

(d) ventilate the factory or shop in such a manner as to keep the air reasonably pure and so as to render harmless, as far as reasonably practicable, all gases, vapours, dust or other impurities generated in the course of any manufacturing process or handicraft carried on therein that may be injurious to health;

(e) not allow overcrowding while work is carried on therein so as to be injurious to the health of the persons employed therein, the standard to be allowed being 300 cubic feet of room space for each employee;

(f) provide a wash-room, clean towels, soap and a sufficient supply of wholesome drinking water and proper drinking cups for employees, and water taps which shall be at least eight feet distant from any water-closet or urinal, and also in the case of a foundry, shower baths for the employees;

(g) if the manufacturing process carried on in any part of the premises renders the floor liable to be wet to such an extent that the health of any person employed therein is likely to be endangered, see that adequate means are provided for the proper draining of such floors;

(h) in printing offices where there are three or more type-setting machines (linotypes, intertypes, monotypes, monolines and the like) the melting pots of all type-setting, type-casting and similar machines and apparatus such as linotype machines, monotype casters, stereotype melting pots, and the like, shall be piped in a proper and efficient manner, so as to effectually carry off the noxious fumes and gases arising during their operation; and all melting pots of stereotyping and type-casting devices shall be properly provided with hoods extending over the melting pots

and connected with the aforesaid piping in such manner as to carry off the fumes from the molten metal as well as the burned gas fumes; provided, that exhaust fans, blowers or other suitable devices shall in such factories as the inspector orders also be installed for the purpose of further aiding in the discharge of all deleterious matter from composing and other rooms where any of the above machines may be in operation.

(2) The inspector may require the employer of any factory or shop to provide a sufficient number of spittoons and place the same in different parts of the premises and to keep the same clean.

(3) In every factory or shop where any process is carried on by which dust is generated and is inhaled by the workers to an injurious extent, then, subject to the regulations, the inspector may, if such inhalation can by mechanical means be prevented or partially prevented, direct that such means shall be provided within a reasonable time by the employer who shall be bound to provide them.

(4) Where grinding, polishing or buffing is carried on in any factory or shop, subsection 3 shall apply irrespective of the number of persons employed therein.

(5) No employer shall knowingly permit or suffer any person to work in a factory or shop in which food or food products or materials are manufactured, stored or kept for sale or sold, who is affected with pulmonary tuberculosis or with scrofula, or with any venereal disease or with any communicable skin disease, and every employer shall keep himself in a reasonably healthy condition and shall not employ or keep in his employ any person who, there is reason to believe, is not in a reasonably healthy condition, nor shall any person affected with any of said diseases work in any such factory or shop.

(6) The employer of a factory or shop who for thirty days refuses or neglects to comply with the requirements of this section or with the regulations after being notified in writing in regard to the same by the inspector shall incur a penalty of not more than \$100 except as to subsection 5, in which case the penalty shall not be more than \$500, and in default of payment shall be liable to imprisonment for a period of not more than three months as to subsections 1 to 4 inclusive and not more than twelve months as to subsection 5.

32. Every employer of an office shall—

(a) see that the office is kept in a clean and sanitary condition and properly ventilated, heated and lighted so as not to be injurious to the health or comfort of the persons employed therein;

(b) not allow overcrowding so as to be injurious to the health of the persons employed therein;

(c) provide a supply of clean towels, soap and water for washing and a sufficient supply of wholesome drinking water and proper drinking cups for the persons employed therein.

(2) Where in an office building the privies, closets or urinals or other conveniences are not situate in that part of the building occupied by and under the control of an employer it shall be the duty of the owner, and where such conveniences are situated in that part of the building occupied by and under the control of a separate employer, it shall be the duty of such employer to keep the same in good repair and in a sanitary condition.

(3) The owner of every office building shall at all times keep the same or such parts thereof as are used in common by the tenants or occupants thereof and are under his control in a clean and sanitary condition and so as not to be injurious to the health of persons employed in the building or using or having access to the same.

(4) Every owner or employer, who, for thirty days or for such extended period as the inspector allows, refuses or neglects to comply with the requirements of this section after being notified in writing in regard to the same by the inspector shall incur a penalty not exceeding \$100 and in default of payment shall be liable to imprisonment for any period of not more than three months.

33. Where an owner is required by or under the provisions of this Act to do anything which as between him and his tenant it is not his but the tenant's duty to do, he shall be entitled to recover from the tenant the amount of any expenditure incurred in doing it.

34. Where two or more persons occupy or use the same room or premises as a factory and employ in the aggregate six persons or more, no one of them employing so many as six, such room or premises shall for the purposes of sections 30 and 31 be deemed a factory to which this Act applies.

35. Without the written consent of the inspector no part of a factory shall be kept or used as a bedroom or sleeping place.

36. No public laundry work shall be done in a room used for a sleeping or living room or in a room used for cooking or preparing meals.

37. The provisions of section 36 shall not apply to a female engaged in doing custom laundry at her home for a regular family trade.

38. A stable shall not be kept or used under the same roof as a factory or bake-shop unless there is between the stable and the factory or bake-shop a sufficient brick or other partition wall approved by the inspector separating the one from the other.

#### Clothing Manufacturers.

39. Every person contracting for the manufacture of any garment, article of clothing or wearing apparel or any part thereof, or giving out the same to be wholly or partially altered or improved, or giving out for manufacture, alteration or improvement material from which the

same are to be made up or completed, shall keep a written register of the name and address serially numbered of every person so contracted with or to whom any such garment, article or material is so given out, and of the places where the work is to be done.

(2) The register shall at all times be open to inspection by the inspector, and the person required to keep it shall furnish a copy of the register to the inspector whenever demanded by him.

(3) No person shall knowingly sell or expose for sale any of the garments or articles mentioned in this section and made in any dwelling house, tenement house or building forming part of or in the rear of a tenement or dwelling house without a permit from the inspector stating that the place of manufacture is thoroughly clean and otherwise in a good sanitary condition.

(4) Such permit shall state the maximum number of persons allowed to be employed upon the premises and shall not be granted until an inspection thereof has been made by the inspector; and the permit may be revoked by the inspector at any time if, in his opinion, the protection of the health of the community or of those so employed upon the premises renders such revocation desirable.

(5) When any such garment or article is found by the inspector to be made under unclean or unhealthy conditions, or upon any premises not entered on the register, he shall seize and impound the same and affix thereto a label bearing the words "unsanitary" printed on a tag not less than four inches in length; and shall immediately notify the local board of health whose duty it shall be to disinfect it and thereupon remove such label.

(6) The owner of any such garment or article shall be entitled after it has been disinfected to have the same returned to him upon first paying the expense of such seizure and disinfection.

(7) If the inspector finds evidence of unclean or unhealthy conditions, or infectious or contagious disease present in any workshop or in any tenement or dwelling where any of the garments or articles hereinbefore mentioned are made, altered or improved, or in any goods manufactured or in process of manufacture on such premises, he shall forthwith report the facts to the local board of health which shall forthwith make such order as the public health may require, or may condemn and destroy all such garments or articles, or any garment or article made, altered or improved or in process of manufacture under unclean or unsanitary conditions.

#### Female Employees—Mode of Wearing Hair.

40. Women in a factory shall, during working hours, wear their hair rolled or plaited and fastened securely to their heads or confined in a close-fitting cap or net so as to avoid contact with machinery, shafting or belting or with the material being handled.

(2) The manager, superintendent, foreman or other person in charge shall see that employees are fully notified of the provisions of this section.

41. A woman shall not be allowed to clean such part of the machinery in a factory as is mill-gearing while the same is in motion.

(2) A woman allowed to clean or work in contravention of this section shall be deemed to be employed contrary to the provisions of this Act.

#### Guarding Machinery.

42. In every factory—

(a) All mill-gearing, vats, pans, cauldrons, reservoirs, wheel races, flumes, water-channels openings and doors opening in the floors or walls, bridges and dangerous machinery, shafting, or belting, and all other dangerous structures and places shall be as far as practicable securely fenced or guarded;

(b) No machinery other than steam engines shall be cleaned while in motion if the inspector gives written notice to the employer to that effect;

(c) Any matter or thing which the inspector considers dangerous, and in regard to which he gives notice in writing to that effect to the employer, shall be securely fenced or guarded to the satisfaction of the inspector.

(2) The Lieutenant-Governor in Council may make regulations prescribing the manner in which any of the matters, or things mentioned in subsection 1 shall be fenced or guarded and the class of fence or guard to be used on any such machinery or about any such structure or place in any factory or class of factories, and for such further precautions to be taken with respect to the matters mentioned in subsection 1 as he may deem necessary for preventing loss of life or personal injury.

(3) A factory in which a contravention of this section or of the regulations made thereunder occurs shall be deemed to be kept so that the safety of the persons employed therein is endangered.

43. Where coal oil, petroleum, benzine, naphtha, gasoline, ammonia or explosives of any kind or any combustible or inflammable material are kept or stored in a factory or shop they shall be kept stored when not in actual use in a building separate from the other parts of the factory or shop, or in a fireproof compartment of the factory or shop which shall be approved of by the inspector.

(2) The Lieutenant-Governor in Council may add to the articles mentioned in subsection 1 any inflammable or combustible material to which he deems it expedient that the provisions of subsection 1 should apply, and he may also prescribe the maximum quantity of any of the articles mentioned in subsection 1 or in the regulations which may at any time be in actual use in the factory or shop.

(3) A factory or shop in which a contravention of this section or of any regulations made thereunder occurs shall be deemed to be kept so that the safety of the persons employed therein is endangered.

#### Elevators and Hoists.

44. Subject to the regulations, in every factory, shop and office building—

(a) The openings of the hoistway, hatchway and well-hole used for every power elevator shall, at each floor, including the basement, be provided with and protected by good and sufficient trap doors or self-closing hatches, or, in the case of an elevator not operated by hand power, by gates closing automatically not less than five feet six inches high and which may be made in sections;

(b) The sides of the shafts on all floors including the basement not guarded by gates shall be protected by enclosures at least six feet high, approved by the inspector;

(c) Where any elevator is enclosed in a tower having walls over six inches thick, it may be provided with an extra operating rope outside the tower;

(d) In every case the elevator must be provided with a lock to secure the operating rope;

(e) Where an elevator is operated by hand power the gates shall not be less than three feet in height and shall be automatic closing gates, and the sides not protected by gates shall be protected by enclosures not less than four feet in height approved by the inspector;

(f) The top of every elevator platform shall be provided with a sufficient guard to protect the occupants, approved by the inspector;

(g) Every elevator, whether used for freight or passengers, shall be provided with some suitable mechanical device to be approved by the inspector whereby the car or cab will be stopped and held in case of accident to the elevator or to the tower, machinery or appliances connected therewith.

(2) The Lieutenant-Governor in Council may by regulation prescribe such requirements in addition to or in substitution for the requirements of subsection 1 with respect to the use of elevators and hoists in factories, shops or office buildings, or in any class of factories, shops or office buildings.

(3) Every owner or employer who after notice from the inspector uses or permits to be used any elevator or hoist in respect of which the provisions of this section are not complied with shall incur a penalty not exceeding \$500, and in default of payment thereof shall be liable to imprisonment for any period not exceeding twelve months.

(4) Nothing in this section shall take away, reduce or interfere with the powers possessed by municipal councils in respect of hoists or elevators.

#### Fire Prevention and Protection.

45. In every factory, shop or office building there shall be such means of prevention and protection from fire and of extinguishing fire as the inspector, acting under the regulations, directs in writing.

(2) In every factory and office building and in every shop in which more than fifteen persons are employed at any time during the year the main inside and outside doors for the use of the employees shall open outwardly, and any door leading to or being the principal or main entrance for employees or leading to any tower, stairway or fire-escape shall not be bolted, barred or locked at any time during the ordinary and usual working hours.

(3) The owner of every factory, shop or office building, over two storeys in height, and where deemed necessary by the inspector, the owner of every factory, shop or office building over one storey in height, shall provide one or more systems of fire escape and shall keep the same in good repair and to the satisfaction of the chief inspector, as follows:

(a) A sufficient number of tower stairways with iron doorways within reach of or having easy communication with all the working rooms;

(b) A sufficient number of iron or other unflammable fire escapes on the outside of the building consisting of stairways with railing or, if the approval of the inspector is given in writing, then of iron ladders; and every such stairway or ladder shall be connected with the interior of the building by iron or tinued doors or windows with iron shutters, and shall have suitable landings at every storey including the attic if the attic is occupied as a workroom, and the stairways shall start at a distance of not more than eight feet from the ground or pavement.

(4) The Lieutenant-Governor in Council may make regulations for the more effectual carrying out of the provisions of this section and for the adoption of any system of fire escape in substitution for those above mentioned.

(5) The owner or proprietor of any factory, shop or office building refusing or neglecting to provide the means of safe exit in case of fire prescribed in this section, or by the regulations made thereunder, shall incur, on summary conviction, a penalty of not more than \$500 and in default of immediate payment of the same shall be liable to imprisonment for a period of not more than twelve months.

(6) A factory, shop or office building in which a contravention of this section or of any regulation made thereunder occurs, shall be deemed to be kept so that the safety of the persons employed therein is endangered.

Notice of Accidents, Explosions and Deaths.

46. Where a fire or accident in any factory, shop or office building occasions any bodily injury to any person employed therein whereby he is prevented from working for more than six days next after the fire or accident, a notice in writing, form 5, schedule B, shall be sent to the chief inspector by the employer forthwith after the expiration of such six days, and if such notice is not so sent the employer shall incur a penalty not exceeding \$30.

47. Where an explosion occurs in a factory, shop or office building, whether any person is injured thereby or not, the fact of such explosion having occurred shall be reported to the Chief Inspector in writing by the employer, form 5, schedule B, within twenty-four hours next after the explosion takes place, and if such notice is not so sent the employer shall incur a penalty not exceeding \$30.

48. Where in a factory, shop or office building any person is killed from any cause, or is injured from any cause in a manner likely to prove fatal, written notice of the accident, form 5, schedule B, shall be sent to the chief inspector within twenty-four hours after the occurrence thereof, and if such notice is not so sent the employer shall incur a penalty not exceeding \$30.

Bake-Shops.

49. Every bake-shop shall be constructed and maintained as to lighting, heating, ventilation and drainage in such a manner as not to be dangerous or injurious to the health of any person working therein, and shall be kept at all times in a clean and sanitary condition, and so as to secure the manufacture and preservation of all food products and materials therein in a good and wholesome condition.

50. Every bake-shop which is not within the provisions of this Act relating to factories or shops shall be provided with a proper washroom and a sufficient supply of clean towels and soap, and a closet and other conveniences for the health and comfort of the persons employed therein.

(2) The washroom, closet and other conveniences shall be separate from the bake-shop and shall be kept clean and in a sanitary condition.

51. No bake-shop shall be kept in any basement or in any part of a building which is below the level of the street or road upon which the bake-shop is situate.

52. The sleeping places of the employees of every bake-shop shall be separate from the bake-shop, and no person shall sleep in a bake-shop.

53. Section 30 and subsection 5 of section 31 and section 54 shall apply to every bake-shop whether the same is or is not a factory or shop within the provisions of this Act relating to factories and shops.

54. Every bake-shop, not being a factory or shop to which section 45 applies, shall be provided with proper means and facilities of escape in case of fire to the satisfaction of the inspector.

Offences and Penalties.

55. No person shall keep a factory, shop or office building so that the safety of persons employed therein is endangered, or so that the health of the persons employed therein is likely to be injured, and every person who so keeps a factory, shop or office building shall be liable on summary conviction to a penalty not exceeding \$100 and costs or in default or in lieu thereof to imprisonment for a term not exceeding three months.

(2) The enumeration in this Act of cases in which it is declared that where an act or omission occurs a factory, shop or office building shall be deemed to be kept so that the safety of the persons employed therein is endangered shall not restrict or limit the generality of the provisions of subsection 1.

56. Every person who wilfully makes a false entry in any register, notice, certificate or document required by this Act to be kept or served or sent, or who wilfully makes or signs a false declaration under this Act, or who knowingly makes use of any such false entry or declaration, shall, on summary conviction, incur a penalty of not more than \$100 and in default of immediate payment of such penalty shall be liable to imprisonment for a period not exceeding three months.

57. The parent of any child employed in contravention of this Act, unless such employment is without the consent, connivance or wilful default of such parent, shall for each offence incur a penalty of not more than \$50.

58. If any of the provisions of this Act, or of the regulations, or any directions of the inspector are contravened and no other penalty is herein provided for such contravention the offender shall incur a penalty of not more than \$50.

59. Where an offence for which an employer is liable under this Act has in fact been committed by some agent, servant, workman or other person, such agent, servant, workman or other person shall also be liable to the same penalty or punishment for such offence as if he were the employer.

60. Where the employer is charged with an offence against this Act he shall be entitled upon information duly laid by him, to have any other person whom he alleges to be the actual offender brought before the police magistrate or justice of the peace at the time appointed for hearing the charge; and if, after the commission of the offence has been proved, the employer

proves to the satisfaction of the police magistrate or justice that he had used due diligence to enforce the execution of this Act, and that such other person had committed the offence without the knowledge, consent or connivance of the employer such other person may be summarily convicted of such offence and the employer shall be exempt from any penalty or punishment.

61. Where it appears to the satisfaction of the inspector that an employer had used all due diligence to enforce the execution of this Act, and also by what other person an offence against this Act was committed, and that it was committed without the knowledge, consent or connivance of the employer and on contravention of his orders the inspector shall proceed against the person whom he believes to be the actual offender in the first instance and not against the employer, and in case of his conviction the employer shall be exempt from any penalty or punishment.

All prosecutions under this Act may be brought on summary conviction.

(2) The information shall be laid within two months, or, where the offence is punishable, at discretion, by imprisonment, within three months after the offence has come to the knowledge of the inspector, or where the inspector has given notice to the offender to remedy the matter which is alleged to be an offence against this Act within three months after the expiry of the time given by the notice to remedy the same.

(3) It shall be sufficient to allege that a factory, shop or office building is a factory, shop or office building within the meaning of this Act.

(4) It shall be sufficient to state the name of the ostensible employer or the firm name by which the employer is usually known.

63. The provisions of sections 24 and 26 of this Act shall *mutatis mutandis* apply to work or employment given by employers to employees to be done by piece-work in the factory or elsewhere and to every other species of outworking.

#### SCHEDULE A.

|                                    |                                                 |
|------------------------------------|-------------------------------------------------|
| Abattoirs.                         | Edge tool factories.                            |
| Agricultural implement factories.  | Electric machinery factories.                   |
| Bake-houses and bake-shops.        | Electrotype foundries.                          |
| Baking powder and yeast factories. | Elevators (grain).                              |
| Barrel factories.                  | Envelope factories.                             |
| Bicycle factories.                 | Extracts and essential oil factories.           |
| Biscuit factories.                 | Felt factories.                                 |
| Blanket factories.                 | Flax mills.                                     |
| Boiler factories.                  | Flouring mills.                                 |
| Bookbinding factories.             | Foundries.                                      |
| Boot and shoe factories.           | Fruit desiccating factories.                    |
| Box factories.                     | Furniture factories.                            |
| Brass foundries.                   | Furriers' workshops.                            |
| Breweries.                         | Galvanized and pressed iron-work factories.     |
| Brick factories.                   | Gun and small arm factories.                    |
| Broom factories.                   | Hair cloth factories.                           |
| Brush factories.                   | Hames factories.                                |
| Canning factories.                 | Harness and leather factories.                  |
| Car shops.                         | Hosiery factories.                              |
| Carpet factories.                  | Iron bridge works.                              |
| Carriage factories.                | Jams, jellies and pickle works.                 |
| Carriage goods (iron) factories.   | Jewellery factories.                            |
| Carriage woodwork factories.       | Knitting factories.                             |
| Cartridge factories.               | Knitting machine factories.                     |
| Cement factories.                  | Laundries.                                      |
| Chemical works.                    | Laundry, blueing and washing crystal factories. |
| Cigar factories.                   | Lithographers' workshops.                       |
| Clay products.                     | Locomotive works.                               |
| Clock factories.                   | Machine shops.                                  |
| Clothing factories.                | Marble works.                                   |
| Coffin factories.                  | Matting factories.                              |
| Concentrated egg factories.        | Mattress factories.                             |
| Confectionery factories.           | Meat packing establishments.                    |
| Cooper's workshops.                | Metallic factories.                             |
| Cider factories.                   | Millinery shops.                                |
| Distilleries.                      | Oil refineries.                                 |
| Domestic utensils factories.       | Ornamental moulding factories.                  |
| Dressmaking establishments.        |                                                 |
| Dye works.                         |                                                 |

Paint works.  
Paper bag factories.  
Paper box factories.  
Paper and pulp mills.  
Paraffin factories.  
Patent fertilizer factories.  
Patent medicine factories.  
Picture frame works.  
Planing mills.  
Plated metal works.  
Potteries.  
Printing and publishing establishments.  
Pulp factories.  
Rag-sorting workshops.  
Rolling mills.  
Rope works.  
Saddlery hardware factories.  
Safe works.  
Salt drying works.  
Sash and door factories.  
Saw mills.  
Sewer pipe factories.

Sewing machine factories.  
Shirt factories.  
Show case factories.  
Skate works.  
Soap works.

Syrup factories.  
Tailor shops.  
Tanneries.  
Tin box factories.  
Tobacco factories.  
Trunk factories.  
Tub and pail factories.  
Type foundries.  
Vinegar works.  
Wagon and sleigh factories.  
Window shade factories.  
Woollen factories.

SCHEDULE B.

(Forms 1 to 4 inclusive omitted).

Form 5.

The Factories' Act.

To.....  
Factories Inspector.

You are hereby notified pursuant to section (or as the case may be) of The Factories' Act of the happening of an accident in the factory hereunder mentioned, whereof the following are particulars:

1. Name of person injured (or killed).
2. Factory in which accident happened.
3. Date of accident.
4. Age of person injured (or killed).
5. Residing on.....street in the.....of.....
6. Cause of injury (or death).
7. Extent of injury.
8. Where injured or killed person sent.
9. Remarks.

Dated this.....day of.....

.....  
(Signature of Employer or Agent.)

STATUTES OF 1918.

Workmen's Compensation.

Chapter 5, with amendments.—1. This Act may be cited as "The Workmen's Compensation Act, 1918."

Interpretation.

2. In this Act, and in the schedules hereto, unless the context otherwise requires—
- (a) "Accident" shall include a wilful and intentional act, not being the act of the workman, and shall also include a chance event occasioned by a physical or natural cause;
  - (b) "Accident funds" shall mean the funds provided for the payment of compensation, outlays and expenses and the cost of installation and operation of mine rescue stations under this Act;
  - (c) "Board" shall mean the commission as constituted under this Act;
  - (d) "Compensation" shall include medical aid except where such interpretation is inconsistent with the context;
  - (e) "Dependants" shall mean such of the members of the family of a workman as were wholly or partially dependent upon his earnings at the time of his death, or who but for the incapacity due to the accident would have been so dependent;

(f) "Employer" shall include every person having in his service under a contract of hiring or apprenticeship, written or oral, express or implied, any person engaged in any work in or about an industry to which this Act applies and includes municipal corporations, school boards, commissions and boards having the management of any work or service operated for a municipal corporation and shall include the Crown in the right of the Province, and any permanent board or commission appointed thereunder in respect of any employment whatsoever; and where the services of a workman are temporarily let or hired to another person by the person with whom the workman has entered into such a contract the latter shall be deemed to continue to be the employer of the workman while he is working for that other person. Amended 1919, c. 36, s. 1 (2).

(g) "Employment" means and includes employment in any establishment, undertaking, trade or business within the scope of this Act, and in the case of any undertaking not as a whole an industry within the scope of this Act, includes any department or part of such undertaking as would if carried on separately be an industry within the scope of this Act; 1919, c. 36, s. 1 (3);

(h) "Industry" in this Act shall include establishment, undertaking, trade and business as included in the schedules hereto;

(i) "Industrial disease" shall mean any of the diseases mentioned in the form hereto and any other disease which by the regulations is declared to be an industrial disease;

(j) "Invalid" shall mean physically or mentally incapable of earning;

(k) "Medical referee" shall mean medical referee appointed by the Board;

(l) "Member of the family" shall mean and include wife, husband, father, mother, grandfather, grandmother, stepfather, stepmother, son, daughter, grandson, grand-daughter, stepson, stepdaughter, brother, sister, half-brother, half-sister and a person who stood *in loco parentis* to the workman or to whom the workman stood *in loco parentis*, whether related to him by consanguinity or not so related and where the workman is the parent or grandparent of an illegitimate child shall include such child, and where the workman is an illegitimate child shall include his parents and grandparents;

(m) "Mine" shall mean mine as defined by An Act Respecting Mines, being chapter 4 of the Statutes of Alberta, 1913;

(n) "Regulations" shall mean regulations made by the Board under the authority of this Act;

(o) "Workman" shall include a person who has entered into or works under a contract of service or apprenticeship, written or oral, express or implied, whether by way of manual labour or otherwise, and shall also include any person engaged in training for mine rescue work or who, with the knowledge and consent of the management, is doing recovery work after an explosion, accident or catastrophe; 1919, c. 36, s. 1 (4);

(p) "Construction" shall include reconstruction, repair, alteration and demolition;

(q) "Outworker" shall mean a person to whom articles or materials are given out to be made up, cleaned, washed, altered, ornamented, finished, repaired or adapted for sale in his own home or on other premises not under the control or management of the person who gave out the articles or materials;

(r) "Manufacturing" shall include making, preparing, altering, repairing, ornamenting, printing, finishing, packing, assembling the parts of and adapting for use or sale any article or commodity. 1919, c. 36, s. 1 (5).

#### The Board.

3. There is hereby constituted a Commission for the administration of this Act, to be called The Workmen's Compensation Board, which shall consist of not more than three members to be appointed by the Lieutenant-Governor in Council and shall be a body corporate.

4. One of the Commissioners shall be appointed by the Lieutenant-Governor in Council to be chairman of the Board and he shall hold that office while he remains a member of the Board.

5. In case of death, illness or absence from Alberta of a Commissioner or of his inability to act from any cause the Lieutenant-Governor in Council may appoint some person to act *pro tempore* in his stead, and the person so appointed shall have all the powers and perform all the duties of a commissioner.

6. Each Commissioner shall hold office during good behaviour but may be removed at any time for cause.

7. The presence of two Commissioners shall be necessary to constitute a quorum of the Board.

8. A vacancy in the Board shall not if there remain two members of it impair the authority of such two members to act.

9. The office of the Board shall be situated in the City of Edmonton and its sittings shall be held there except where it is expedient to hold sittings elsewhere and in that case sittings may be held in any part of Alberta.

10. The members of the Board shall receive such salaries as may be fixed by the Lieutenant-Governor in Council.

11. The Board shall have like powers as the Supreme Court for compelling the attendance of witnesses and of examining them under oath, and compelling the production of books, papers, documents and things.

(2) The Board may cause depositions of witnesses residing within or without the Province to be taken before any person appointed by the board in similar manner to that prescribed by

the Rules of the Supreme Court for the taking of like depositions in that court before a commissioner.

12. The Board may appoint such officers as the Board may deem necessary for carrying out the provisions of this Act and may prescribe their duties and fix their remuneration.

(2) Every person so appointed shall hold office during the pleasure of the Board.

13. The Board shall have exclusive jurisdiction to examine into, hear and determine all matters and questions arising under this Act, and the action or decision of the Board thereon shall be final and conclusive and shall not be open to question or review in any court, and no proceedings by or before the Board shall be restrained by injunction, prohibition or other process or proceedings in any court or be removable by certiorari or otherwise into any court.

(2) Nothing in subsection 1 shall prevent the Board from reconsidering any matter which has been dealt with by it or from rescinding, altering or amending any decision or order previously made, all of which the Board shall have authority to do.

(3) The decisions of the Board shall be upon the real merits and justice of the case, and it shall not be bound to follow strict legal precedent. 1919, c. 36, s. 2.

(4) Without thereby limiting the generality of the provisions of subsection 1 it is declared that the exclusive jurisdiction of the Board shall extend to determining—

(a) the question whether an injury has arisen out of or in the course of an employment within the scope of this Act;

(b) the existence and degree of disability by reason of any injury;

(c) the permanence of disability by reason of any injury;

(d) the degree of diminution of earning capacity by reason of any injury;

(e) the amount of average earnings;

(f) the existence, for the purpose of this Act, of the relationship of any member of the family of a workman as defined by this Act;

(g) the existence of dependency;

(h) whether or not any industry or any part, branch, or department of any industry within the scope of this Act, as defined in the schedules hereto, and the class to which any industry or any part, branch or department of any industry within the scope of this Act should be assigned;

(i) whether or not any workman in any industry within the scope of this Act, as defined in the schedules hereto, is within the scope of this Act and entitled to compensation thereunder; 1919, c. 36, s. 2;

14. The Board may act upon the report of any of its officers and any inquiry which it shall be deemed necessary to make may be made by a commissioner, or by an officer of the Board or some other person appointed to make the inquiry and the Board may act upon his report as to the result of the inquiry.

(2) The person appointed to make the inquiry shall for the purposes of the inquiry have all the powers conferred upon the Board.

15. The Board may make such regulations and prescribe such forms as may be deemed expedient for carrying out the provisions of this Act and any such regulations shall come into force at the expiration of thirty days from the date of their publication in The Alberta Gazette.

16. The Board may add to, withdraw or re-arrange any industries which are or may be included in the schedules hereto.

(2) Any employer engaged in any industry which does not come within the scope of this Act may, upon application by him to the Board, have all his employees brought within the scope of the Act, subject to the approval of the Board and subject to the Board being satisfied that the majority of the employees are aware of the application and have not objected to being brought within the scope of the Act:

Provided, however, that this subsection shall not apply to employers in so far as any employees are concerned excluded from the provisions of this Act by Section 69. 1920, c. 39 s. 1.

(3) Such application shall be for a period of not less than twelve months; at the expiration of the said period for which the application was made the said employer, or a majority of his employees may on notice to the Board withdraw from the scope of the Act;

Provided always that in default of such notice being given, the said employer and employees shall be within the scope of the Act until they withdraw by notice to the Board in writing. 1920 c. 39, s. 1.

(4) The Board may require an employer to include in his pay-roll the wages of all workmen employed by him in any industry which if carried on separately would be an industry within the meaning of this Act, and upon the Board so requiring such workmen shall be deemed to be within the scope of this Act. 1920, c. 39, s. 1.

17. If any question arises as to whether an industry or any part thereof is an industry to which this Act applies, the question shall be decided by the Board, whose decision shall be final.

18. The accounts of the Board shall be audited by the Provincial Auditor.

19. The Board shall on or before the fifteenth day of February in each year make a report to the Lieutenant-Governor in Council of its transactions during the next preceding calendar year.

(2) Every such report shall be forthwith laid before the Legislature if the Legislature is then in session and if it is not then in session, within fifteen days after the opening of the next session.

## Assessment.

20. For the purposes of this Act and to cover the cost of the administration thereof the Board shall from time to time as it may deem expedient make an assessment of such amount as the Board may consider necessary or proper on each employer for the period which has elapsed since the next preceding assessment was made, but in no event shall the assessment be less than \$2.50. 1919, c. 36, s. 3. Amended 1920, c. 39, s. 2 (a).

(2) Where the pay-roll includes the wages or salary of a workman who has been paid more than at the rate of \$2,000 per annum, the excess shall be deducted from the amount of the pay-roll for that year, and the assessments shall be based on the amount of it as so reduced. 1919, c. 36, s. 3; amended 1920, c. 39, s. 2 (4).

(3) The assessment may be made in such manner and form as the Board may deem adequate and expedient. 1919, c. 36, s. 3.

(4) Upon the Board so requiring, an employer in any industry under this Act shall be entitled to and shall deduct from the wages of any workman in his employment and pay to the Board an amount fixed by the Board sufficient in the aggregate to meet the assessment upon any person or persons employed by such workmen in such industry. 1919, c. 36, s. 3.

21. Every employer shall pay to the Board the sum payable by him within fifteen days after the notice of the assessment of the amount so payable has been given to him.

(2) The notice may be sent by registered post to the employer and shall be deemed to have been given to him on the day on which the notice was posted.

22. If for any reason an employer liable to assessment is not assessed he shall nevertheless be liable to pay to the Board the amount for which he should have been assessed, and payment of that amount may be enforced in the same manner as the payment of an assessment may be enforced.

23. Notwithstanding that the deficiency arising from a default in the payment of the whole or part of any assessment has been made up by a special assessment, the defaulting employer shall continue liable to pay to the Board the amount of every assessment made upon him or so much of it as remains unpaid.

24. If in the opinion of the Board it is necessary to provide and maintain a reserve fund to meet the payments to be made in respect of compensation as they become payable and so as not unduly or unfairly to burden the employers in future years with payments which are to be made in these years in respect of accidents which have previously happened, the Board may from time to time set apart an amount from the assessments for that purpose and the amount so set apart shall form a reserve fund and may be invested by the Board in securities in which a trustee may by law invest moneys.

25. Any amount due the Board upon any assessment, or any amount which an employer is required to pay to the Board under any of the provisions of this Act or under any rules or regulations made thereunder, shall be collectable by action as a debt due by the employer to the Board, but this section shall not be deemed to take away the right of the Board to prosecute any person making default in the payment of any such amount for a violation of any of the provisions of this Act or of any rules or regulations made thereunder. 1920, c. 39, s. 3.

26. When any industry coming under the provisions of this Act is established or commenced the employer shall forthwith notify the Board of the fact and furnish to the Board an estimate of the probable amount of his payroll for the remainder of the year, verified by a statutory declaration, and shall pay to the Board a sum equal to that for which he would have been liable if his industry had been established or commenced before the last assessment was made or so much thereof as the Board may deem reasonable.

(2) The Board shall have the like powers and be entitled to the like remedies for enforcing payment of the sum payable by the employer under subsection 1 as it possesses or is entitled to in respect of assessments.

27. Subject to the regulations of the Board every employer included in this Act shall before the twentieth day of January in each year and at such other times as may be required by the Board, prepare and transmit to the Board a statement of the total amount of wages earned by all his workmen during the calendar year then last past and such statements shall be accompanied by such additional information as the Board may require and shall be verified by a statutory declaration of the employer, or his representative, or, where the employer is a corporation, by an officer of the corporation having a personal knowledge of the matter to which the declaration relates. Amended 1919, c. 36, s. 5. 1920, c. 39, s. 4 (1).

(2) If an employer does not make and transmit to the Board the prescribed statement or cause same to be done within the prescribed time the Board may, in addition to any other remedy provided in this Act, base any assessment thereafter made upon such sum as in its opinion is the probable amount of the pay-roll of the employer and the employer shall be bound thereby, but if it is afterwards ascertained that such amount is less than the actual amount of the pay-roll the employer shall be liable to pay to the Board the difference between the amount for which he was assessed and the amount for which he should have been assessed on the basis of his pay-roll. Amended 1920, c. 39, s. 4 (2).

28. The Board or any member of it or any officer or person authorized by it for that purpose shall have the right to examine the books and account of the employer and to make such other inquiry as the board may deem necessary for the purpose of ascertaining the amounts of the pay.

roll of any employer and for the purpose of any such examination and inquiry the Board and person so appointed shall have all the powers which may be conferred on a commissioner appointed under An Act respecting Inquiries Concerning Public Matters.

(2) No person shall obstruct or hinder the making of an examination or inquiry mentioned in subsection 1 or refuse to permit it to be made.

(3) If a statement is found to be incorrect the assessment shall be made on the true amount of the pay-roll as ascertained by such examination and inquiry or if an assessment has been made against an employer on the basis of his pay-roll being as shown by the statement, the employer shall pay to the Board the difference between the amount for which he was assessed and the amount for which he should have been assessed.

29. The Board shall have power—

(a) to investigate from time to time employments and places of employment within the province, and determine what suitable safety devices or other reasonable means or requirements for the prevention of accidents shall be adopted or followed in any or all employments or places of employment;

(b) to determine the requirements for the proper sanitation of the employers' premises;

(c) to determine what suitable devices or other reasonable means or requirements for the prevention of diseases shall be adopted or followed in any or all employments or places of employment;

(d) to make regulations whether of general or special application, and which may apply to both employers and workmen, for the prevention of accidents, and the prevention of diseases and provision for proper sanitation in employments or places of employment.

(2) The Board or any member of it or any officer or person authorized by it for that purpose shall have the right at any time to enter into the establishment of any employer who is liable to contribute to the accident fund, and the premises connected with it and every part of them for the purpose of ascertaining whether the ways, works, machinery or appliances therein are safe, adequate and sufficient and whether all proper precautions are taken for the prevention of accidents as to the workmen employed in or about the establishment or premises and whether the safety appliances or safeguards prescribed by law are used and employed therein, and whether the sanitary and health conditions are proper, or for any other purpose which the Board may deem necessary for the purpose of determining the proportion in which such employer should contribute to the accident fund.

(3) Where, in any employment or place of employment safety devices are, in the opinion of the Board, necessary for the prevention of accidents or of diseases the Board may order the installation or adoption of such appliances or devices and may fix a reasonable time within which they shall be installed or adopted and the Board shall give notice thereof to the employer.

(4) In any case where safety devices or appliances are, by order of the Board, required to be installed or adopted or are prescribed by the regulations and the employer fails, neglects, or refuses to install and adopt such safety devices or appliances in any employment or place of employment in accordance with the terms of the regulations and to the satisfaction of the Board, or, where under the circumstances, the Board is of the opinion that conditions of immediate danger exist in any employment or place of employment which would be likely to result in injury to any person, the Board may in its discretion, order the employer to forthwith close down the whole or any part of such employment or place of employment and the industry carried on therein, and the Board shall notify the employer of such order:

Provided always that nothing herein contained shall take away or abridge any of the powers and duties of the Provincial Board of Health or local boards of health, as constituted under The Public Health Act:

Provided further that the Workmen's Compensation Board, or any member of it, or any officer appointed by it, may forthwith report to the Provincial Board of Health any breach of The Public Health Act or regulation of the Provincial Board of Health passed thereunder. 1920, c. 39, s. 5 (2).

30. Every employer shall keep in such form and with such detail as may be required for the purposes of this Act a careful and accurate account of all wages paid to his employees and such account shall be kept within the Province and shall be produced to the Board or its officers when so required.

(2) Notwithstanding anything contained in any other Act or Ordinance, any amount due to the Board upon any assessment made under this Act or which the employer is required to pay to the Board under any of the Provisions hereof, or upon any judgment therefor, shall have priority as respects the property of the employer within this Province, over all the debts, liens, charges, mortgages or other encumbrances whatsoever, whenever created or to be created, excepting wages due to employees by their employer or employers. 1920, c. 39, s. 6.

#### Accident Fund.

31. A separate accident fund shall be provided for each schedule by contributions to be made in the manner herein provided, by all employers included in that schedule and compensation payable in respect of accidents under each schedule and the costs of administration shall be paid out of the accident fund provided for by that schedule.

32. Where at any time there is not money available in any accident fund for payment of the compensation which has become due, the Lieutenant-Governor in Council may direct that the same be advanced out of the Consolidated Revenue Fund and in that case the amount advanced shall be repaid to the Provincial Treasurer after the next assessment, together with interest at the rate of six per centum per annum.

33. Separate accounts shall be kept of the amounts collected and expended in respect of each employer, but for the purpose of paying compensation each accident fund shall nevertheless be deemed one and indivisible.

(2) Where in the opinion of the Board sufficient precautions are not taken for the prevention of accidents to workmen in the employment of any employer, or where the sanitary and health conditions are not proper, the Board may add to the amount of any contribution to the accident fund for which such employer is liable, such a percentage thereof as the Board may deem just and may assess and levy same upon such employer. 1920, c. 39, s. 7.

(3) The powers conferred by the preceding subsections herein may be exercised from time to time and as often as in the opinion of the Board occasion may require.

#### Compensation.

34. Where in any employment to which this Act applies personal injury by accident arising out of and in the course of the employment is caused to a workman compensation shall be paid in the manner and to the extent herein mentioned—

(a) If a workman is disabled for a period of ten days or more he shall be paid compensation from the day of the accident, but if he is disabled for a period of less than ten days he shall be paid for and from the fourth day after the accident;

(b) Except where the injury is attributable solely to the serious and wilful misconduct of the workman unless the injury results in death or serious disablement.

(2) Compensation shall not in general be payable out of the accident fund to an employer or a member of the family of an employer, but the Board may in its discretion deem an employer or member of his family to be a workman within the meaning of this Act, and may require the employer to pay such assessment as the Board may determine, and in such case the employer, member of his family or his or their dependants, as the case may be, shall be entitled to compensation under this Act upon compliance with section 21 hereof:

Provided, however, that where an employer or member of his family is at the time of the accident carried on the pay-roll of the employer, and his wages are included in the then last statement furnished to the Board under sections 26 and 27, such employer or member of his family shall be deemed to be a workman within the Act and shall upon the compliance of the employer with said section 21 be entitled to compensation accordingly. 1919, c. 36, s. 7.

35. In the case of any injury to a workman after the expiry of two years from his arrival in Canada, it shall be conclusively presumed that he has, at the time of such injury, no dependants other than his father and mother or either of them, save such dependants as are resident in Canada.

(2) The above period shall in the case of a workman who is not of British nationality be a period of one year in lieu of two years.

(3) This section shall not take effect until January 1st, 1920. 1919, c. 36, s. 8.

36. Employers to whom this Act applies shall be liable to contribute to the accident funds, as herein provided.

(2) Where any work within the scope of this Act is undertaken for any person, in this section referred to as the principal, by a contractor it shall be the duty of the principal to see that any sum which the contractor or any subcontractor is liable to contribute to the accident fund in respect of the work so undertaken is paid, and if any such principal fails to do so he shall be personally liable to pay it to the Board, and the Board shall have the like powers and be entitled to the like remedies for enforcing payment as it possesses or is entitled to in respect of an assessment.

(a) Where contribution to the accident fund is claimed from the principal, in this Act reference to the principal shall be substituted for reference to the employer.

(b) Where the principal is liable to contribute to the accident fund under this section, he shall be entitled to be indemnified by any person who should have paid the same, and all questions as to the right to and the amount of any such indemnity shall be determined by the Board.

(c) Nothing in this section shall prevent the Board from levying or collecting contribution to the accident fund on or from the contractor or any subcontractor instead of on or from the principal. 1919, c. 36, s. 9.

(3) Subject to the provisions of this Act it shall not be lawful for any employer, either directly or indirectly, to deduct from the wages of his workmen any part of any sum which the employer is or may become liable to pay to the Board or to require or to permit any of his workmen to contribute in any manner towards indemnifying the employer against any liability which he has incurred or may incur under this Act. 1919, c. 36, s. 9.

37. Where an accident happens while the workman is employed elsewhere than in the Province which would entitle him or his dependants to compensation under this Act if it had happened in the Province, the workman or his dependants shall be entitled to compensation under this Act—

(a) if the place or chief place of business of the employer is situate in the Province and the residence and the usual place of employment of the workman are in the Province and his employment out of the Province has immediately followed his employment by the same employer within the Province and has lasted less than six months; or

(b) if an accident happens to a workman who is a resident of the Province and the nature of the employment is such that in the course of the work or service which the workman performs it is required to be performed both within and without the Province.

(2) Except as provided by subsection 1 no compensation shall be payable under this Act where the accident to the workman happens elsewhere than in the Province.

(3) Where by the law of the country or place in which the accident happens the workman or his dependants are entitled to compensation in respect of it they shall be bound to elect whether they will claim compensation under the law of such country or place or under this Act and to give notice of such election and if such election is not made and notice given it shall be presumed that they have elected not to claim compensation under this Act.

(4) Where the compensation is payable out of the accident fund notice of the election shall be given to the Board within three months after the happening of the accident or in case it results in death within three months after the death or such longer period as either before or after the expiration of such three months the Board may allow.

38. No action shall lie for the recovery of compensation but all claims for compensation shall be heard and determined by the Board.

(2) The provisions of this Act shall be in lieu of all rights and rights of action, statutory or otherwise, to which a workman or his dependants are or may be entitled against the employer of such workman for or by reason of any accident happening to him while in the employment of such employer and no action in respect thereof shall lie.

39. If a workman receiving periodical payments ceases to reside in the Province he shall not thereafter be entitled to receive any such payments unless a medical referee certifies that the disability resulting from the injury is likely to be of a permanent nature and if a medical referee so certifies and the Board so directs the workman shall be entitled quarterly to the amount of the periodical payments accruing due if he proves in such manner as may be prescribed by the regulations his identity and the continuance of the disability in respect of which the same is payable; provided, that a workman who claims compensation or to whom compensation is payable under this section shall if so required by the Board submit himself for examination by a medical referee.

40. It shall not be competent for a workman to agree with his employer to waive or to forego any of the benefits to which he or his dependants may become entitled under this Act and every agreement to that end shall be absolutely void.

41. No sum payable as compensation or by way of commutation of any periodical payment in respect of it shall be capable of being assigned, charged or attached nor shall any claim be set off against it by operation of law or otherwise unless with the approval of the Board.

42. Subject to subsection 4 compensation shall not be payable unless notice of the accident is given to the employer or his representative before the injured person leaves the works on the date of the accident, if he is able to do so, and in every case before he has voluntarily left the employment in which he was injured.

(2) The notice shall give the name and address of the workman and shall be sufficient if it states in ordinary language the cause of the injury and where the accident happened.

(3) All claims for compensation shall be made to the Board within three months from the happening of the accident or in case of death within three months from the time of death.

(4) Failure to give the prescribed notice or to make such claim or any defect or inaccuracy in the notice shall not bar the right to compensation if in the opinion of the Board the claim for compensation is a just one and ought to be allowed.

43. A workman who claims compensation or to whom compensation is payable under this Act shall if so required by the Board submit himself for examination by a medical referee.

(2) A workman shall not be required to submit himself for examination otherwise than in accordance with the provisions of subsection 1 of this section.

(3) Upon the Board being satisfied that a workman's recovery from any injury coming within this Act has been prevented or retarded by his own misconduct, it may reduce, suspend or terminate any payment to such workman under this Act. 1919, c. 36, s. 10.

44. The medical referee who has examined a workman by direction of the Board under subsection 1 of section 43 shall certify to the Board as to the condition of the workman and his fitness for employment, specifying where necessary the kind of employment, and if unfit the cause of such unfitness and his certificate unless the board otherwise directs shall be conclusive to the matters certified.

(2) If a workman does not submit himself for examination by a medical referee as provided by subsection 1 of section 43 or in any way obstructs an examination his right to compensation or if he is in receipt of a periodical payment his right thereto shall be suspended until such examination has taken place.

45. Where in any case, in the opinion of the Board, it will be in the interest of the accident funds to provide a special surgical operation or other special medical treatment for a workman, and the furnishing of the same by the Board is in its opinion the only means of avoiding heavy payment for permanent disability the expense of such operation or treatment may be paid out of the accident fund.

(2) Where in the case of any claim for compensation the Board is of the opinion that the injury may be alleviated to some appreciable extent by the supplying of any apparatus usually provided in such cases, it may supply such apparatus to the workman, and the cost thereof may be taken from the accident fund, but any such action shall not affect in any way the payments made to the workman. 1919, c. 36, s. 11.

46. Any payment to a workman may be reviewed on the Board's own motion or at the request of the workman and on such review the Board may put an end to or diminish or may increase such payment to a sum not beyond the maximum hereinafter prescribed.

47. Where compensation is payable the Board may commute the payments payable to a workman or a dependant to a lump sum.

(2) The Board may in any case where in its opinion the interest or pressing need of the workman or dependant warrants it, advance or pay to or for the workman or dependant such lump sum as the circumstances warrant and as the Board may determine.

#### SCALE OF COMPENSATION.

##### Death.

48. Where death results from an injury the amount of compensation shall be:

(a) The necessary expenses of the burial of the workman not exceeding \$100;

(b) Where the widow or invalid husband is the sole dependant, a monthly payment of \$30;

(c) Where the dependants are a widow or an invalid widower and one or more children a monthly payment of \$30 with an additional monthly payment of \$7.50 for each child under the age of sixteen years to be increased upon the death of the widow or invalid widower to \$10, not exceeding in the whole \$60 per month;

(d) Where the only dependants are children a monthly payment of \$10 to each child under the age of sixteen years, not exceeding in the whole \$40 per month; provided that where there are more than four children the payments may be proportioned;

(e) Where the only dependants are persons other than those mentioned in the foregoing clauses, a sum reasonable and proportionate to the pecuniary loss to such dependants occasioned by the death, to be determined by the Board, but not exceeding to the parents or parent \$20 per month, and not exceeding in the whole \$30 per month. Amended 1919, c. 36, s. 12; 1920, c. 39, s. 8.

(2) In the case provided for by clause (c) of subsection 1 the payments shall continue only so long as in the opinion of the Board it might reasonably have been expected had the workman lived he would have continued to contribute to the support of the dependants.

(a) Compensation shall be payable to an invalid child without regard to the age of such child, and payments to such child shall continue so long as in the opinion of the Board it might reasonably have been expected had the workman lived he would have continued to contribute to the support of such child.

(3) Where there are both total and partial dependants the compensation may be allotted partly to the total and partly to the partial dependants.

(4) Where the Board is of the opinion that for any reason it is necessary or desirable that a payment in respect of a child should not be made directly to its parent, the Board may direct that the payment be made to such persons or be applied in such manner as it may deem most for the advantage of the child.

(5) Where a payment to any one of a number of dependants ceases the Board may in its discretion readjust the payments to the remaining dependants so that the remaining dependants shall thereafter be entitled to receive the same compensation as though they had been the only dependants at the time of the death of the workman.

(6) Wherever, since the coming into force of this Act, the amount payable under this section or under section 51 hereof, as compensation to a workman or his dependants in case of an accident, has been increased, any workman or his dependants who are in receipt of compensation in respect of an accident which occurred prior to such change shall be entitled from the time of such change to compensation in the same manner as if such accident had occurred subsequent to such increase having been made. 1920, c. 39, s. 8 (4).

49. Subject to the provisions of section 48 if a dependant widow marries the monthly payments to her shall cease, but she shall be entitled in lieu of them to a lump sum of \$480, and such lump sum shall be payable within one month after the date of her marriage. Amended 1920, c. 39, s. 8 (a).

(2) Subsection 1 shall not apply to payments to a widow in respect of a child but the payments provided in section 48 subsection 1 clause (c) in respect of a child shall cease when the child attains the age of sixteen years or dies.

50. Where a workman leaves no dependants such sum as the Board may deem reasonable for the expenses of his medical attendance, nursing, care and maintenance shall be paid to the persons to whom such expenses are due.

##### Permanent Total Disability.

51. Where permanent total disability results from the injury the amount of compensation shall be a weekly payment of \$10, and where there are dependants, the further sum of \$2 for the first dependant and \$1 for each additional dependant until the total weekly compensation reaches \$16. 1919, c. 36, s. 13. Amended 1920, c. 39, s. 9.

(a) For the purposes of this section, a dependant shall mean the husband, wife or child of a workman, dependent upon his earnings and no other. 1919, c. 36, s. 13.

(2) In the following cases it shall be conclusively presumed that the injury is permanent and results in total incapacity, to wit:

- (a) Total and permanent loss of sight of both eyes;
  - (b) The loss of both feet at or above the ankle;
  - (c) The loss of both hands at or above the wrist;
  - (d) The loss of one hand at or above the wrist and one foot at or above the ankle;
  - (e) Any injury to the spine resulting in permanent and complete paralysis of legs or arms or one leg and one arm;
  - (f) Any injury to the skull resulting in incurable imbecility or insanity;
- Provided that this enumeration shall not be conclusive but in other cases the Board shall find the facts.

#### Permanent Partial Disability.

52. Where permanent partial disability results from the injury the total compensation shall be:

- (a) For the loss by separation of one arm at or above the elbow joint or the permanent or complete loss of the use of one arm, \$1,000;
- (b) For the loss by separation of one leg at or above the knee joint or the permanent or complete loss of the use of one leg, \$860;
- (c) For the loss by separation of one foot at or above the ankle or the permanent or complete loss of the use of one foot, \$625;
- (d) For the permanent or complete loss of hearing, \$600;
- (e) For the permanent and irrevocable loss of sight of one eye, \$550;
- (f) For the loss by separation of a thumb, \$150;
- (g) For the loss by separation of a finger or a great toe, \$100;
- (h) For the loss by separation of any toe except the great toe, \$50;
- (i) The loss of one phalanx of a thumb or two phalanges of a finger shall be considered equal to the loss of half a thumb or of a finger and compensation shall be one-half that of the loss of a thumb or of a finger;
- (j) The loss of more than one phalanx of a thumb and more than two phalanges of a finger shall be considered as the loss of an entire thumb or finger.

(2) In all other cases of injury resulting in permanent partial disability the compensation shall be fixed by the Board and shall be as near as possible in proportion to the amounts fixed herein for specified cases.

#### Temporary Total Disability.

53. Where temporary total disability results from the injury the compensation shall be the same as that prescribed by section 51 subsection 1 but shall be payable only so long as the disability lasts.

(2) Provided that in the case of any person who is under the age of twenty-one years and has no person wholly dependent upon him the amount shall be \$7.50 per week.

#### Temporary Partial Disability.

54. Where temporary partial disability results from an injury and the workman is at work at reduced earnings which are less than 90 per cent. of the earnings he was receiving at the time of the injury he shall receive compensation equal to 55 per cent. of the difference between the average weekly earnings received at the time of the injury and the average weekly earnings at which he is actually employed computed in accordance with the provisions of this Act.

(2) For the purpose of the provisions of this section relating to "earnings" and "average weekly earnings" of a workman the following shall be observed:

(a) Average weekly earnings shall be computed in such manner as is best calculated to give the rate per week at which the workman was being remunerated: provided that where by reason of the shortness of the time during which the workman has been in the employment of his employer, or the casual nature of the employment, or the terms of the employment, it is impracticable at the date of the accident to compute the rate of remuneration, regard may be had to the average weekly amount which during the twelve months previous to the accident, was being earned by a person in the same grade employed at the same work by the same employer, or, if there is no person so employed, by a person in the same grade employed in the same class of employment and in the same district;

(b) Where the workman had entered into concurrent contracts of service with two or more employers under whom he worked at one time for one such employer and at another time for another such employer, his average weekly earnings shall be computed as if his earnings under all such contracts were earnings in the employment of the employer for whom he was working at the time of the accident;

(c) Employment by the same employer shall be taken to mean employment by the same employer in the grade in which the workman was employed at the time of the accident, uninterrupted by absence from work due to illness or any other unavoidable cause;

(d) Where the employer has been accustomed to pay to the workman a sum to cover any special expenses entailed on him by the nature of his employment, the sum so paid shall not be reckoned as part of the earnings.

55. In fixing the amount of a payment regard shall be had to any payment, allowance or benefit which the workman may receive from his employer during the period of his disability; including any pension, gratuity or other allowance provided wholly at the expense of the employer.

56. Where a workman or a dependant is under the age of twenty-one years or under any other legal disability the compensation to which he is entitled may be paid to such person or be applied in such manner as the Board may deem most for his advantage.

57. For the purpose of ascertaining the amount of compensation due, such amount may be computed on a daily basis. 1920, c. 39, s. 10.

#### Medical Aid.

58. No plan for providing medical aid to workmen coming within the provisions of this Act shall be valid, and after the passing of this section no employer shall be entitled to retain from the moneys earned by any such workman in his employment any sum as a contribution towards the cost of medical aid under any such plan, unless and until after investigation of the facts such plan is found on the whole to be efficient, and is approved of by the Board:

Provided that Board may at any time for cause withdraw its approval to any such plan, and no plan shall be valid after such approval has been withdrawn. 1919, c. 36, s. 14.

(2) Where any plan as mentioned in this section is approved of by the Board, an employer shall be entitled to retain from the moneys earned by any workman in his employment such sum as a contribution towards the cost of medical aid as may be provided therein. 1919, c. 36, s. 14.

(3) When no such plan has been approved of, the Board may from time to time as it deems necessary require any employer to retain from the moneys earned by any workman in his employment such sum to cover medical aid as may be determined by the Board, and to pay the sum so retained to the Board, and the moneys so received by the Board shall form part of the accident fund, and shall constitute a special fund to be used in defraying the cost of medical aid to the workmen so contributing. 1919, c. 36, s. 14.

(4) In the event of the employer failing to retain out of the moneys earned by the workman or workmen the amount he is empowered to retain under the provisions of subsections 2 and 3 hereof, the said employer shall be liable to personally pay the Board the amount which he should have retained and the Board shall have the like powers and be entitled to the like remedies for enforcing payment of such sum as it possesses or is entitled to in respect of an assessment. 1920, c. 39, s. 11.

(5) Employers in any industries shall when required by the Board install and maintain such first aid appliances and service as the Board may direct. 1920, c. 39, s. 11.

#### Industrial Diseases.

59. Where—

(a) a workman suffers from an industrial disease as defined by this Act and is thereby disabled from earning full wages at the work at which he was employed; or

(b) the death of the workman is caused by such industrial disease, and the disease is due to the nature of the employment in which the workman was employed at any time within the twelve months previous to the date of the disablement, whether under one or more employments, the workman or his dependants shall be entitled to compensation under this Act as if the disease were a personal injury by accident arising out of and in the course of that employment, subject to the following modifications;

(c) The disablement shall be treated as the happening of an accident; and

(d) If the workman has at the time of entering the employment wilfully and falsely represented himself in writing as not having previously suffered from the disease, compensation shall not be payable.

(2) If the workman at or immediately before the date of the disablement was employed in any process mentioned in the second column of the form hereto and the disease contracted is the disease in the first column of the form set opposite to the description of the process the disease shall be deemed to have been due to the nature of that employment unless the contrary is proved.

(3) The Board may by the regulations require every physician treating a patient who is suffering from an industrial disease to report to the Board such information relating thereto as it may require.

(4) Nothing in this section shall affect the right of a workman to compensation in respect of a disease to which this section does not apply, if the disease is the result of an injury in respect of which he is entitled to compensation under this Act.

#### Notices and Receipts.

60. Every employer included in this Act shall keep posted in a conspicuous place on the premises where the work is carried on where it may be seen a certificate or duplicate of his last assessment receipt issued by the Board.

(2) Every workman shall before entering into any employment to which this Act applies satisfy himself that his employer has paid his assessment and that the same is paid thereafter when due, so that he may receive compensation in case of injury.

(3) Any person knowing of any violation of the provisions of this Act shall immediately report same to the Board or to some person appointed by the Board.

(4) In any prosecution for a violation of any of the provisions of this Act or of any regulations made thereunder, whereby any person is required to transmit to the Board any statement or report or to pay to the Board any assessment or other amount, a certificate under the hand of the secretary and under the seal of the Board, certifying that such statement or report or payment has not been received by the Board, shall be *prima facie* evidence of the non-transmission of the statement or report or of the non-payment of the assessment or other amount. 1920, c. 39, s. 12.

61. No employer as defined by this Act shall keep or have in his employment any workman unless such employer has complied with the provisions of this Act.

(2) When an employer as defined by this Act ceases to be an employer he shall within ten days notify the Board by registered mail of his ceasing to be an employer within the meaning of this Act, and shall at the same time transmit a statement of the total amount of wages earned by all his workmen for the portion of the then current year during which he has continued in business. Amended 1920, c. 39, s. 13.

62. Every employer to whom this Act applies having knowledge of the happening of an accident to a workman in his employment by which the workman is disabled from earning full wages shall notify the Board by registered mail within twenty-four hours of such accident. Amended 1920, c. 39, s. 14 (1).

(2) The physician or surgeon who attends an injured workman shall forward to the Board a report within seven days after the date of his first attendance upon such workman. Amended 1920, c. 39, s. 14 (2).

(3) All books, returns, notices, reports, forms, or other documents or papers, and copies thereof required to be kept, posted or forwarded in accordance with the provisions of this Act or regulations made thereunder, shall be in a form approved of by the Board. 1920, c. 39, s. 14 (3).

#### Penalties.

63. Any person who violates any of the provisions of this Act or any regulations or orders made thereunder shall be liable on summary conviction to a penalty not exceeding five hundred dollars and costs and in default of payment to imprisonment for a period not exceeding three months. Amended 1920, c. 39, s. 15 (1).

(2) Any person being convicted for violating any of the provisions of this Act or any regulations made thereunder, and failing after such conviction to comply with the provisions of the Act or the regulations made thereunder for the breach of which he was convicted, shall be guilty of an additional offence and on summary conviction shall be liable to a penalty of \$25 a day for each day such failure or default continues, and in default of payment to imprisonment for a period not exceeding three months. 1920, c. 39, s. 15 (2).

64. The penalties imposed by or under the authority of this Act shall be recoverable on summary conviction before a justice of the peace or a police magistrate and the provisions of Part XV of chapter 146 of the Revised Statutes of Canada, 1906 (The Criminal Code), shall apply to all prosecutions under this Act.

(2) All penalties imposed by this Act shall when collected be paid over to the Board and form part of the accident fund.

65. The Supreme Court or any judge thereof, whether any other proceedings have been taken or not may upon the application of the Board prohibit by injunction the employment of any person in contravention of this Act and may award such costs in the matter of the injunction as the court or judge thinks just; but this provision shall be without prejudice to any other remedy permitted by law for enforcing the provisions of this Act.

66. No prosecution shall be instituted for a violation against this Act except by some person appointed by the Board.

67. This Act shall, except as provided in sections 20 and 27, come into force and effect on the first day of August, A.D., 1918, in so far as it applies to employment covered by the first schedule hereto, and on the first day of January, A.D. 1919, in so far as it applies to employment covered by the second schedule hereto.

68. On the coming into force of this Act, so far as it relates to any employment covered thereby the provisions of The Workmen's Compensation Act, being chapter 12 of the Statutes of Alberta, 1908, and any amendments thereto, are hereby repealed so far as the provisions thereof relate to such employment; provided that in the case of any accident occurring in any employment before the bringing of such employment within this Act the provisions of said chapter 12 of the Statutes of Alberta, 1908, relating to compensation and the recovery thereof, shall still apply. [See Labour Legislation in Canada, 1915, 1918, 1919.]

69. Subject to the provisions of section 16 this Act shall not apply to—

(a) Persons whose employment is of a casual nature and who are employed otherwise than for the purposes of the employer's trade or business, saving and excepting those which may be brought within the scope of the Act by section 16 as amended by this Act; 1919, c. 36, s. 15.

(b) Outworkers; 1919, c. 36, s. 15.

(c) Persons employed in an industry of an itinerant nature assessments with regard to whom it is impracticable or difficult to collect; 1919, c. 36, s. 15.

(d) Persons employed by—

The Canadian Pacific Railway Company.

The Canadian National Railways,

The Grand Trunk Pacific Railway Company,

The Edmonton, Dunvegan and British Columbia Railway Company,

The Central Canada Railway Company,

The Alberta and Great Waterways Railway Company,

The Lacombe and Blindman Valley Railway Company,

as locomotive engineers, locomotive firemen, wipers, hostlers, watchmen on locomotives, coal passers, conductors, trainmen, train baggage men, train brakemen, train flagmen, yard masters, assistant yard masters, yard agents, transfer men, yard conductors, yard foremen, switchmen, yardmen, ground switch tenders, pilots, engine herders, station masters, depot masters, station agents, assistant agents, despatchers and telegraphers, steam shovel and dredge men, steam shovel engineers, cranesmen, and firemen, watchmen on steam shovels, oilers, jackmen, ditcher engineers and firemen, watchmen on ditchers, dumpmen, Lidgerwood engineers, cablemen, locomotive crane engineers, rotary snowplow engineers, maintenance of way employees, sectionmen, section foremen, bridge and building foremen and men, towermen, signal maintainers and repairmen, pump repairmen, pumpmen, extra gang foreman, snowplow and flanger foremen, pile drivers, ditchers and hoisting engineers, track and bridge watchmen, signal men or watchmen on highway or railway crossings, nor to pipe fitters, blacksmiths, plumbers, painters, tinsmiths, masons, concrete foremen and men, bricklayers and plasterers employed in connection with maintenance of way of the said railways. 1919, c. 36, s. 15.

(e) Persons employed in the industry of farming or ranching. 1920, c. 39, s. 16 (4).

#### SCHEDULE 1.

Class 1.—Employment in or about coal mines.

Class 2.—Employment in or about coke ovens.

Class 3.—Employment in or about briquetting plants.

Class 4.—Employment in or about mines other than coal.

#### SCHEDULE 2.

Any trade or business connected with the industries of lumbering, fishing, manufacturing, building, construction, engineering, transportation, operation of electric power lines and power plants, waterworks and other public utilities, operation of municipal police forces, municipal fire departments; navigation; operation of boats, ships, tugs and dredges, operation of grain elevators, operation of warehouses, teaming, scavenging and street cleaning, painting, decorating and renovating, dyeing and cleaning, planing mills, flour milling, packing plants, printing, lithographing and engraving; telephone and telegraph systems, laundries run by mechanical power, excavation, well drilling, operation of gas and oil wells, quarrying, lumber yards, wood yards, coal yards; ice; and any occupation incidental to or connected with the industries enumerated in this schedule, also including moving pictures and theatres and by way of specific enumeration, but not so as in any way to interfere with or affect the generality of the preceding words thereof the following classes of industries. Amended 1919, c. 36, s. 16 (1).

#### Classification.

Added by 1919, c. 36, s. 16, (7).

Class 11. Lumbering, logging, river-driving, rafting, booming, rossing, bark peeling, saw-mills, shingle-mills, lath-mills, manufacture of veneer, excelsior, staves, spokes, or headings, lumber yards (including the delivery of lumber) carried on in connection with saw-mills, the creosoting of timbers, pulp and paper mills.

Class 12. Manufacture of furniture, fixtures, organs, pianos, piano actions, canoes, small boats, coffins, wicker and rattan ware, mattresses, bed-springs, artificial limbs, cork articles, cork carpets or linoleum, upholstering, picture framing.

Class 13. Planing mills, sash and door factories, manufacture of wooden and corrugated paper boxes, cheese boxes, mouldings, window and door screens, window shades, brooms or brushes, carpet sweepers, wooden toys, articles and wares or baskets, matches or shade rollers; lumber yards (including the delivery of lumber) carried on in connection with planing mills or sash and door factories; cooperage, not including the making of staves or headings; carpenter, joiner, or cabinet work in shop; lumber yards (including the delivery of lumber).

Class 14. Reduction of ores and smelting; preparation of metals or minerals; boring and drilling, including sinking of artesian wells; manufacture of calcium carbide, carborundum or alundum, abrasives, or abrasive articles other than stone.

Class 15. Sand, shale, clay or gravel pits; marble works, stone cutting or dressing; manufacture of brick, tile, terra-cotta, fire-proofing, sewer pipe, roof tile, plaster blocks, plaster board, slate or artificial stone; manufacture of brick, stone or artificial stone paving blocks, or cement or concrete blocks, quarries, stone crushing, lime kilns; manufacture of cement.

Class 16. Manufacture of glass, glass products, glassware, porcelain or pottery.

Class 17. Rolling mills; manufacture of heavy forgings, including ship anchors.

Class 18. Foundries; gas or electric welding; manufacture of stoves, furnaces, cast hot water boilers, radiators, or metal sanitary ware, water fixtures or bedsteads.

Class 19. Fabrication of structural steel, iron or metal; ship building or ship repairing, manufacture of boilers, engines, locomotives, riveted pipes, tubing or tanks, safes, heavy machinery, cranes, or metal siding, ceiling, roofing, shingles, window frames or the like.

Class 20. Machine shops, metal stamping works, or blacksmith shops; manufacture of light forgings, carriage mountings, wires, cables, bolts, nuts, nails, screws, tools, cutlery, hardware; tin, sheet metal or sheet metal enamelled wares or articles not otherwise specified; metal wares, instruments, utensils and articles; wire goods, screens, cold drawn shafting, cold drawn tubing, firearms, ammunition shells (without explosives), windmills, gas or electric light fixtures, light machinery, scales, cash registers, typewriters, adding machines, dry batteries, cameras, sporting goods, metal toys, buttons of metal, ivory, pearl or horn, ivory articles, rubber stamps, pads or stencils.

Class 21. Manufacture of agricultural implements, threshing machines, waggons, carriages, sleighs, vehicles, motorcycles, bicycles, tricycles, toy waggons or sleighs, baby carriages, or aeroplanes; car shops.

Class 22. Manufacture of gold or silverware, plated ware, watches, watch-cases, clocks, jewellery, or musical instruments.

Class 23. Manufacture of fire works, gunpowder, ammunition, nitro-glycerine, dynamite gun-cotton or other high explosives, torpedoes, fuses or cartridges.

Class 24. Manufacture of paint, color, varnish, oil, japans, turpentine, printing ink, printers rollers; manufacture of chemicals, corrosive acids; or salts, ammonia, gasoline, petroleum, petroleum products, celluloid, gas, charcoal, artificial ice, including the handling and delivery thereof; wood alcohol, celluloid articles; the manufacture, transmission and distribution of natural or artificial gas or oil, and all operations connected therewith; the cutting, storing, handling and delivery of natural ice.

Class 25. Distilleries, breweries; manufacture of spirituous or malt liquors; malt, alcohol, wine, vinegar, cider, mineral water, soda waters, or methylated spirits.

Class 26. Manufacture of non-hazardous chemicals, drugs, medicines, dyes, extracts, pharmaceutical or toilet preparations, soaps, candles, perfumes, non-corrosive acids or chemical preparations; shoe-blackening or polish, yeast, baking powder or mucilage; tar, or tarred, pitched or asphalted paper.

Class 27. Milling; manufacturing of cereals or cattle foods; warehousing or handling of grain or operation of grain elevators, threshing machines, clover mills, or ensilage cutters.

Class 28. Manufacture or preparation of meats or meat products or glue; packing houses, abattoirs; manufacture of fertilizers not incidental to any other industry.

Class 29. Tanneries.

Class 30. Manufacture of leather goods and products, belting, whips, saddlery, harness, trunks, valises, trusses, imitation leather, boots, shoes, gloves, umbrellas, rubber goods, rubber shoes, tubing, tires or hose.

Class 31. Sugar refineries; manufacture of dairy products, butter, cheese, condensed milk or cream, biscuits, confectionery, chewing gum, spices, condiments, salt or any kind of starch; bakeries; canning or preparation of fruit, vegetables, fish or food-stuffs; pickle factories.

Class 32. Manufacture of tobacco, cigars, cigarettes or tobacco products.

Class 33. Flax mills; manufacture of textiles or fabrics; spinning, weaving and knitting manufactories, manufacture of yarn, thread, hosiery, cloth, blankets, carpets, canvas, bags, shoddy, felt, felt hats, cordage, ropes, fibre, asbestos goods, hair cloth and other hair goods; work in manilla or hemp.

Class 34. Manufacture of men's or women's clothing, whitewear, shirts, collars, corsets hats other than felt, caps, furs, robes, feathers or artificial flowers, quilts, clothing pads, tents awnings, gloves, mittens, neckties, or other articles not otherwise specified made from fabrics; the erection of awnings.

Class 35. Power laundries; dyeing, cleaning or bleaching.

Class 36. Printing, photo-engraving, engraving, lithographing, book-binding, embossing; manufacture of stationery, paper, cardboard boxes, bags, wall-paper, or papier-mache.

Class 37. Heavy teaming or cartage; safe-moving or moving of boilers, heavy machinery, building stone and the like; warehousing, storage; teaming and cartage; scavenging, street cleaning or removal of snow or ice; scrap and junk dealers; wood yards (including the delivery of wool); coal yards (including the delivery of coal).

Class 38. Steel building and bridge construction; installation of elevators, fire-escapes, boilers, engines or heavy machinery; the erection of windmills.

Class 39. Bricklaying, mason work, stone setting; plastering; concrete or cement work in or connected with buildings; excavation work for or connected with buildings; structural carpentry; lathing; installation of pipe organs; house wrecking or house moving; painting, decorating or renovating; glazing or installation of plate glass; the business of window-cleaning; sheet metal

work; roofing; the erection of lightning rods; electric wiring of buildings or installation of lighting fixtures; plumbing, heating or sanitary engineering; gas or steamfitting.

Class 40. Road or street making or repairing; bridge or culvert construction not otherwise classified; manufacture of asphalt material or paving material not otherwise classified; concrete or cement work not otherwise classified; sewer construction, tunnelling, shaft sinking, well digging; construction or operation of a waterworks system; excavation work for foundations other than for or in connection with buildings; trenching, less than six feet deep, for gas pipes, water pipes or wire conduits; excavation work not otherwise classified where the depth is more than six feet and the width is less than half the depth.

Class 41. Construction, installation or operation of electric power lines or appliances, and power transmission lines, construction or operation of an electric light system; construction and operation of power plants and electric light work; construction or operation of telegraph or telephone lines, construction or operation of telephone lines and works for the purposes of the business of a telephone company or used or to be used in connection with its business when constructed or operated by the company.

Class 42. Construction or operation of railways or canals; construction or operation of dry-docks; construction of piers, wharves, breakwaters or other harbor improvements; stevedoring; operation of and work upon wharves; dredging, subaqueous construction or pile driving; fishing; operation of boats.

Class 43. Moving pictures and theatres.

Class 44. Manufacture of automobiles; motor trucks; repairs of same in public garages.

Class 45. The operation of the business of express companies which operate on or in conjunction with a railway.

Class 47. Irrigation operations.

Class 48. Operation of Boats.

Class 89. Municipal Corporations.

Class 90. The Lacombe and North Western Railway.

Class 91. The Canadian Pacific Railway.

Class 92. The Grand Trunk Pacific Railway.

Class 93. The Canadian National Railway.

Class 94. The Edmonton, Dunvegan & British Columbia Railway, The Central Canada Railway Co., The Alberta & Great Waterways Railway.

Class 95. Employment by Dominion Government.

Class 96. Employment by Provincial Government of Alberta.

Class 111. All industries, trades, businesses, and occupations mentioned in schedule 2 of the Act not otherwise classified.

#### FORM.

| Description of Disease.                | Description of Process.                                                       |
|----------------------------------------|-------------------------------------------------------------------------------|
| Anthrax.....                           | Handling of wool, hair, bristles, hides and skins.                            |
| Lead poisoning or its sequelae.....    | Any process involving the use of lead or its preparations or compounds.       |
| Mercury poisoning or its sequelae..... | Any process involving the use of mercury or its preparations or compounds.    |
| Miners' Phthisis.....                  | Mining.                                                                       |
| Phosphorus poisoning or its sequelae.. | Any process involving the use of phosphorus or its preparations or compounds. |
| Arsenic poisoning or its sequelae..... | Any process involving the use of arsenic or its preparations or compounds.    |
| Ankylostomiasis.....                   | Mining.                                                                       |

#### Fair Wages for Employees on Public Works.

[Chapter 14, The Public Highways Act, which provides for a system of highways in the Province, contains the following fair wage clause:—]

13. In carrying out any work in connection with any highway all mechanics, labourers and other persons engaged therein shall be paid such wages as are current for competent workmen of the class to which such persons respectively belong in the district in which the work

is being performed; and if there is no current rate in such district, then fair and reasonable wages shall be paid; and in the event of a dispute arising as to what the current or fair or reasonable wages are, it shall be determined by the Minister, whose decision shall be final.

### Inspection and Regulation of Boilers—Examination of Engineers and Firemen.

Chapter 22 with amendment.—1. This Act may be cited as The Boilers Act.

#### Interpretation.

2. In this Act, unless the context otherwise requires, the term or expression—

(1) "Boiler" means and includes any boiler carrying steam pressure, the engine or engines connected therewith, the pipes and connections and every part thereof or thing connected therewith and all apparatus attached to or used in connection therewith for generation or storage of steam or air; but does not include a boiler exclusively used for heating water for domestic purposes or for generating steam solely for the purpose of heating dwellings;

(2) "Portable" as applied to a boiler means mounted on wheels or on a truck or carriage so as to enable it to be readily moved from place to place;

(3) "Traction" as applied to a boiler means mounted on wheels so that it can be moved from place to place by means of its own power;

(4) "Semi-portable" as applied to a boiler means mounted on skids or otherwise so as to enable it to be moved from place to place, and includes semi-fixed boilers and boilers used for temporary purposes and which are not set in brickwork or other permanent setting;

(5) "Stationary" as applied to a boiler means any boiler within the meaning of the first paragraph of this section other than those included under the terms "portable," "traction" and "semi-portable" boilers;

(6) "Dealer" includes any person who is engaged in the business of manufacturing, buying, selling or exchanging boilers;

(7) "Owner" means and includes any person, firm or corporation, the owner or lessee of a boiler, and the manager or other officer in charge of the business of any such firm or corporation;

(8) "Engineer" means any person having charge of or operating a steam boiler or the engine connected therewith;

(9) "Firemen" means any person having charge of a boiler exclusively used for heating purposes and of a capacity limited under the provisions of section 41, subsection (3) (f).

(10) "Person" means any male of the full age of eighteen years;

(11) "Minister" means the Minister of Public Works for the province of Alberta;

(12) "Department" means the Department of Public Works for the province of Alberta;

(13) "Province" means the Province of Alberta;

(14) "Regulations" means regulations made by the Minister under the provisions of this Act;

(15) "Inspector" means the Chief Inspector of Boilers or an inspector of boilers appointed under the provisions of this Act;

(16) "Inspection Certificate" means the certificate issued by an inspector upon the last previous inspection of a boiler;

(17) "Certificate" means a provisional, final or interim certificate of qualification issued to an engineer or fireman under the provisions of this Act;

(18) "In charge" and "having charge" means the being in or having control and direction of the operation of a boiler or engine.

#### Application.

3. This Act shall apply to all boilers operated within the Province of Alberta except as hereinafter provided.

(2) The provisions of this Act shall not apply to any boiler or steam-heating plant with a capacity of two horsepower or under, nor to railway locomotives on railways under the supervision of the Government of Canada, nor to any boiler subject to inspection under The Dominion Steamboat Inspection Act, 1920, c. 4, s. 14 (1).

(3) Every boiler exclusively used for heating water for domestic purposes or for generating steam for heating dwellings shall be provided with such safety appliances as may be prescribed by the regulations and it shall be the duty of an inspector to inspect any such boiler upon the application of the owner thereof.

#### Licensing.

4. The owner of a portable, traction or semi-portable boiler shall, before operating the same in any year, forward to the Department an application for a license in the form prescribed by the Minister, together with the prescribed license fee, and the Department shall thereupon issue for such boiler a numbered license, which license shall be in form prescribed by the Minister.

(2) Every license issued in accordance with this section shall expire on the last day of the year in which the same was issued.

(3) Upon the licensing of any portable, traction or semi-portable boiler under the provisions of this section the Department shall issue and deliver to the owner thereof a plate having thereon the license number of such boiler, the year during which such license is in force and the letters "ALTA," and the owner shall affix such plate in a conspicuous place on the boiler so that the face thereof may be at all times plainly visible and shall keep the same clean and free of obstruction of any kind.

5. A dealer in traction boilers may, instead of registering each traction boiler owned or controlled by him, forward to the Department an application for registration in the form prescribed by the Minister, together with the registration fee, and the Department shall thereupon issue to the dealer a certificate of registration and two plates bearing the distinguishing number or marks allotted to the dealer and the letters "ALTA" and the year of issue.

(2) Any dealer in traction boilers may apply to the Department for the issue of additional plates and upon payment of the prescribed fee for each plate the Department may issue such additional plates as may be required by the owner.

(3) Every certificate of registration issued under the provisions of this section shall expire upon the last day of the year of issue.

(4) Every dealer registering under the provisions of this section shall at all times when operating any traction boiler owned or controlled by him have affixed in a conspicuous place thereon one of the plates issued to him as aforesaid, the same to be plainly visible and to be kept clean and free from obstruction of any kind.

6. Any person who shall use or operate a portable or semi-portable boiler which has not been licensed as provided by this Act or any traction boiler which has not been so licensed or which is not owned and controlled by a registered dealer or any portable traction or semi-portable boiler which has not displayed thereon in the manner prescribed by this Act the proper plate for the then current year shall be liable on summary conviction to a fine of not more than \$50.

(2) The issue of a license shall not be taken as evidence that any steam boiler is in a condition to be safely operated and shall not exonerate the owner from any responsibility in connection with the operation of such boiler.

7. The Department upon such evidence as may be deemed sufficient of the loss of a plate may issue to the owner or dealer a new plate and may charge therefor a fee of \$1.

8. The departmental receipt for a license fee shall, provided the boiler has been inspected within a period not exceeding one year from the date of application for a license therefor, be accepted by all persons whom it may concern as an interim license in force for a period of ten days from the date thereof, and during such period the owner or dealer may use or operate the boiler without having a plate affixed thereto as otherwise required by this Act.

(2) Providing the owner proves to the satisfaction of the Department that his boiler, for which he has paid the license fee in the last previous year, has not operated since the issue of the license plate, the Department then, upon the recommendation of an inspector, may issue to the owner a license plate for the current year without charging any fee therefor. 1920, c. 4, s. 14 (2).

9. A license issued under the provisions of this Act shall not be transferable.

10. The Minister may, whenever in his opinion it is advisable to do so, cancel or suspend any license issued under the provisions of this Act.

11. Any person who has installed or purposes to install any apparatus for receiving or containing compressed air at a maximum pressure exceeding seventy-five pounds to the square inch shall notify an inspector of the location thereof and shall prepare the same for inspection and no person shall use or cause or permit to be used any such apparatus unless and until the same has been inspected as hereinafter provided and a certificate of inspection has been issued by an inspector to the owner thereof. This provision shall not apply to any apparatus used for or attached to a steam locomotive or a street or railway car.

(2) No person shall install, use or operate any apparatus for receiving or containing compressed air to which the provisions of this section apply unless the same is fitted with a reliable pressure gauge, a safety valve of approved make having an area at the seat not less than the area of the intake opening, and at the lowest point a drain pipe and valve of ample size, nor shall hereafter install, use or operate any such apparatus unless the same is indelibly stamped with the name of the manufacturer, the tensile strength of the material of which the same is made, the date of manufacture and the pressure test to which the apparatus has been subjected.

(3) Every tank shall have indelibly stamped thereon by the manufacturer the following marks: "The manufacturer's name and address, the tensile strength of the material it contains, the date of manufacture and the test pressure to which it has been subjected."

(4) An inspector shall at least once in every two years inspect every such apparatus for receiving or containing compressed air and upon such inspection shall decide the maximum working pressure the receiver or container may carry. The inspector shall set and seal the safety valve and test the pressure gauge thereof and shall if he deems it necessary apply the hammer test and a hydrostatic test of at least one and one-half times the fixed working pressure and shall see that the whole apparatus is safely installed.

(5) Any person who shall violate any of the provisions of clause (1) or (2) of this section shall be liable on summary conviction to a fine of not less than \$10 and not more than \$25.

12. The Lieutenant-Governor in Council may appoint a Chief Inspector of Boilers and inspectors of boilers for the purpose of carrying out the provisions of this Act, and may fix the

remuneration of such chief inspector and inspectors and may assign to any inspector a particular portion of the Province within which he shall have jurisdiction under this Act.

(2) Any person appointed an inspector shall be a British subject, shall have had at least five years' experience as a practical machinist or boilermaker, shall be the holder of a first-class engineer's certificate as referred to in section 41, subsection (3) (a); shall not be interested directly or indirectly in the sale of boilers or machinery or accessories thereof, and shall have passed a satisfactory examination before a board of examiners composed of inspectors or such other persons as the Minister may direct.

(3) Every inspector, before entering upon the performance of his duties, shall take and subscribe the following oath:

I, ....., do swear that I will faithfully and honestly fulfil the duties which devolve upon me as inspector of boilers, and that I will not ask nor receive any sum of money, service, recompense, or matter, or thing whatsoever, directly or indirectly, in return for what I may do in the discharge of any of the duties of my said office, except my salary or what may be allowed me by law, or by an order of the Lieutenant-Governor in Council, and that I am not nor will be directly or indirectly interested in the sale of boilers or machinery or accessories thereof. So help me God."

(4) Every inspector shall keep a true and complete record of every boiler, and of every apparatus for receiving compressed air, which he has inspected, and of all repairs ordered by him, of every boiler condemned by him as unsafe, of all accidents to boilers and apparatus for receiving or containing compressed air, which have occurred in his district, whether by explosion or otherwise, and of all casualties in connection with boilers and apparatus for receiving or containing compressed air in his district.

#### Inspections.

13. An inspector shall at least once in every year and at such time as he may see fit inspect internally and externally or test by hydrostatic test at the ratio of 150 per cent of the maximum working pressure or both inspect and test every boiler in the Province which carries a steam pressure of twenty pounds or more to the square inch.

(2) An inspector shall at such time as he may see fit inspect or test in the manner referred to in clause (1) hereof or both test and inspect as aforesaid every boiler in the province which carried a steam pressure of less than twenty pounds to the square inch.

(3) No person shall operate a boiler or apparatus for receiving or containing compressed air at a pressure in excess of the maximum working pressure stated in the inspection certificate, which pressure shall be calculated by the inspector in accordance with the regulations.

(4) In addition to such yearly inspection it shall be the duty of an inspector to inspect at any time, when in his opinion such inspection is necessary, every boiler within his district, reported to him as unsafe or which he may have reason to believe has become unsafe from any cause, and to notify the owner of such boiler if a defect is discovered and what repairs are necessary.

(5) If the owner of any boiler proves to the satisfaction of the inspector that his boiler has not been operated since the date of the previous inspection, and is in as good condition as when inspected, the inspector may issue a new inspection certificate without inspecting the boiler and without charging any fee therefor.

14. If at any time the inspector discovers any defect in any boiler under pressure, which in the opinion of such inspector may cause immediate danger, he shall order the engineer to draw the fire and blow off the steam, and the engineer shall forthwith obey such instructions.

Provided, however, that no inspector shall order an engineer to draw the fire, or blow off steam from any boiler, upon which depends the continued operation of a ventilating fan, the stopping of which might endanger the life of any person engaged in a mine, without having first given sufficient notice to the manager to enable him to forthwith take all necessary precautions and steps for the removal or safety of all persons in and about the mine and for the adequate protection of the mine.

(2) Every engineer shall assist the inspector in making his examination of any boiler or boilers in his charge, and shall point out to him any defects that he may know or believe to exist in said boiler or boilers, and in default thereof the inspector may take possession of the certificate of such engineer, and forward it to the Minister, together with a report on the circumstances of the case.

15. The owner or operator of any boiler shall allow the inspector free access to the same, shall furnish the labour necessary for the inspection thereof, shall fill the boiler to permit all hydrostatic tests being made; shall, if required by the inspector, remove any jacket or covering from the boiler, and shall also bring to the attention of the inspector any defect which he knows or believes to exist in the boiler.

(2) The owner of the boiler which the inspector desires to inspect internally or externally shall cause it to be opened for inspection, scraped free from scale, the manhole and handhole plates thereof removed, and the flues therein cleaned and all soot or ashes removed from the inside and outside of setting therein. In the case of a traction or portable boiler the owner or person in charge shall cause the furnace grates and straw burners, firebox and all heating surfaces to be thoroughly cleaned.

(3) Any person violating any of the provisions of this section shall be guilty of an offence, and liable upon summary conviction thereof to a penalty of not less than \$25 and not more than \$100.

16. If any person desires a special inspection or test of any boiler or any other special services in relation thereto, he may make application to an inspector therefor, and such inspector may comply with such application, but the person so applying shall be liable to the Minister for all expense in connection with the making of such inspection or test or performance of such other special services by the inspector.

17. An inspector may, by notice in writing signed by him, require the attendance before him at the time and place to be mentioned in such notice of any person and may examine such person on oath regarding any matter in connection with the inspection or operation of any boiler or any accident thereto, and may also pay the person so summoned the same witness fees as he would be entitled to on a small debt case in the district court.

(2) Any person wilfully neglecting or refusing to comply with the notice of the inspector, or to take the oath or be examined as aforesaid shall be liable on summary conviction to a fine of not less than \$25 and not more than \$50.

(3) Any person so examined shall not be excused from answering any question on the ground that the answer may tend to criminate him or may tend to establish his liability to a civil proceeding, provided, however, that any evidence so given shall not be used or received in evidence against such person in any criminal or civil proceeding instituted against him other than a prosecution for perjury in giving such evidence.

(4) Every inspector shall on or before the thirty-first day of January in each year render a concise report to the Minister of all inspections made by him during the preceding year, and of all accidents and casualties that may have occurred in connection with the operation of boilers and apparatus for receiving and containing compressed air within his district.

18. In order to satisfy himself as to the thickness of a plate on any boiler or as to its internal condition, an inspector may cut holes or may order the owner or operator to cut holes therein, and in the latter case the owner or operator shall forthwith comply with the orders of the inspector.

19. Any owner or other person in charge of a boiler who shall fail to carry out the written instructions of an inspector for the safe operation thereof or for the washing out and cleaning of the interior thereof shall be liable to the penalty provided for a breach of this Act; provided that any such owner or other person in charge of a boiler may within thirty days of the receipt of such written instructions of an inspector appeal to the Minister for the disallowing or modification thereof; the decision of the Minister shall be final and, pending his decision, the owner or other person in charge of a boiler shall either cease to operate the same or shall observe the inspector's written instructions.

20. Any owner or other person in charge of a boiler who refuses or neglects to station a man to guard against steam being turned into a boiler which it is possible to connect with another boiler containing steam, during the period that any person is inside such first mentioned boiler, shall be liable upon summary conviction thereof to a penalty of not less than \$50 and not more than \$100.

#### Registration of Designs.

21. Every dealer shall forward to the Department for registration complete working drawings in triplicate and complete specifications in duplicate of any boiler intended for use in the Province, and also of any alterations in any drawings and specifications previously registered and approved as hereinafter provided.

(2) Every dealer in accessories for boilers shall forward to the Department for registration working drawings in triplicate of any safety valve, stop valve, water gauge, gauge cock, pressure gauge, or blow-off valves, and also of any alterations in any drawings previously registered and approved as hereinafter provided.

(3) The chief inspector may make an endorsement of his approval on any drawings or specifications registered under the provisions of this section, or may recommend to the dealer the amendment thereof and upon compliance with any such recommendation may make such endorsement.

(4) The dealer shall for the registration and approval or otherwise of any such drawings and specifications pay such fee as may be prescribed by the regulations.

(5) Any person who sells or otherwise disposes of a boiler not built according to approved drawings and specifications, or which does not conform with the regulations, or a boiler for which an inspection certificate has not been previously issued, or any boiler accessory which has not been made according to approved drawings or which does not conform with the regulations, shall be liable on summary conviction to the penalty provided by this Act:

Provided the owner of a boiler which has been in service outside the Province, who wishes to operate the same within the Province, shall apply to the Department for permission so to do, giving a complete description of the boiler and stating the exact location at which it is proposed that such boiler shall be operated; the Department may thereupon cause the boiler to be inspected and upon the issue of an inspection certificate stating that said boiler has been equipped with fittings and installed according to the regulations, the same may be operated; provided that the maximum working pressure to be allowed in any such case shall be computed by the formula contained in the regulations, with such further reduction as the inspector may direct.

(6) Any person violating the provisions of this section shall be liable on summary conviction thereof to a penalty of not less than \$25 and not more than \$50.

22. Any person who imports into the Province a new boiler shall notify the Department of such importation and shall forward to the Department either complete working drawings in triplicate and complete specifications in duplicate of the boiler or a declaration by any authorized person in the employ of the manufacturer that such boiler has been built according to certain drawings and specifications previously registered and approved by the Department, and such declaration shall also state that the boiler complies in all respects with the regulations, that a hydrostatic test has been applied in the ratio required by the regulations, that the steam gauge is correct, and that the safety valve has been tested and is properly set to the working steam pressure of the boiler in accordance with the regulations.

23. An inspector may, at any reasonable hour, enter upon any property for the purpose of inspecting any boiler situated thereon, or for the purpose of ascertaining whether the provisions of this Act are being complied with, and also shall have the right at any reasonable hour to examine boilers in course of construction or undergoing repairs.

24. Any person interfering with or obstructing any inspector in the performance of his duties under this Act shall be liable on summary conviction to a penalty of not less than \$50 and not more than \$100.

25. Any person who sells or exchanges a boiler shall within thirty days after such sale or exchange send to the Minister, by registered mail, a written notice of such sale or exchange stating the names of the vendor and purchaser or transferor and transferee, the license number or numbers, if any, of the boiler or boilers or the number stamped on the boiler by the inspector at the last inspection thereof.

(2) No person shall sell or exchange any boiler which has been in use for more than two years for subsequent use as a boiler unless the boiler has been inspected and licensed within the year next preceding the date of such sale or exchange and on any such sale or exchange the vendor or transferor shall hand to the purchaser or transferee the inspection certificate last issued for such boiler; but this provision shall not affect the right of a purchaser to transfer to a manufacturer an old boiler in part satisfaction of the price of a new boiler.

#### Inspection Certificate.

26. If, upon inspection, an inspector finds a boiler to be in safe working order, and properly set up, with fittings as prescribed by the regulations, he shall issue to the owner thereof an inspection certificate stating the maximum pressure at which the boiler may be operated, and such other instructions as he may think fit for the safe operation of the boiler, and thereupon the boiler mentioned in the certificate may be operated. Such certificate shall continue in force until the boiler is inspected in the following year, or for such shorter period as the inspector may direct.

(2) Any owner or other person operating any boiler before an inspection certificate therefor has been granted, shall be liable on summary conviction to a penalty of not less than \$50 and not more than \$250.

(3) The inspection certificate shall be placed so as to be easily read, in a conspicuous place in the boiler room, or engine room of every stationary boiler, and shall be produced at any time by the owner or operator of any traction or portable boiler upon demand of an inspector or upon demand of a member of any police force. Any owner refusing or neglecting to post up or produce the inspection certificate shall be liable upon summary conviction thereof to a penalty of not less than \$10 and not more than \$25.

27. Every person who makes, or procures to be made, or assists in making any false representation regarding any boiler, or who forges, assists in forging, or procures to be forged, or fraudulently alters, or assists in fraudulently altering, or procures to be fraudulently altered, any inspection certificate or license or any official copy of an inspection certificate or license or any plate, or who fraudulently makes use of any such inspection certificate, license or plate which is forged, altered, cancelled, suspended, or to which he is not justly entitled, or who fraudulently lends his inspection certificate, license or plate to, or allows any other person to use the same in connection with any other boiler than that for which such inspection certificate, license or plate was issued, shall be liable upon summary conviction thereof to a penalty of not less than \$50; and any owner or other person who refuses or neglects to deliver up to the Minister or inspector an inspection certificate which has been cancelled or suspended shall be liable upon summary conviction thereof to a penalty of not less than \$50 and not more than \$100.

#### Explosions.

28. Every owner or operator of a boiler shall within twenty-four hours after an explosion of any boiler send to the Minister by registered mail a written report thereof, which report shall state the exact place at which the explosion occurred, the number of persons killed or injured, if any, the probable cause and the effect of the explosion.

(2) After the explosion of any boiler no part or parts thereof shall, without the previous consent of the Minister or an inspector, be removed until an inspector has examined the same except in so far as may be necessary for the rescue of any persons injured or for the removal of the body of any person killed.

(3) Any person violating any of the provisions of this section shall be liable on summary conviction to a fine of not less than \$100 and not more than \$200.

29. On receipt of any report mentioned in the preceding section, the Minister shall appoint some person or persons to make an investigation as to the cause and circumstances of such explosion, which investigation shall be held at some convenient place near where the explosion occurred.

(2) The person or persons so appointed shall have all the powers which by section 2 of an Act respecting Enquiries Concerning Public Matters may be conferred upon a commissioner or commissioners appointed under the provisions of that Act.

30. If any loss or damage is incurred or sustained by any person by reason of the explosion of a boiler for which the owner has not obtained an inspection certificate, then in any suit or proceeding arising by reason of such explosion the onus of proof that such loss or damage did not arise from the negligence or improper conduct of the owner or person in charge of such boiler shall be upon the owner of the boiler.

31. Any owner who thinks himself aggrieved by any rule or order of an inspector, may appeal to the Minister who shall hear and determine such appeal and whose decision thereon shall be final.

(2) On the hearing of any appeal it shall be lawful for the Minister, if he thinks fit, to summon to his assistance any expert engineer.

32. Any charge of neglect of duty or other complaint against an inspector shall be addressed to the Minister, and shall state fully the particulars of such charge or complaint.

#### Boiler Fittings.

33. No person shall operate a boiler not previously inspected by an inspector unless the same is equipped with fittings as provided in the regulations.

34. Any person removing, destroying or in any way tampering with the sealing device of any safety valve after it has been sealed by an inspector, or changing a safety valve without permission of an inspector, shall be liable upon summary conviction to a penalty of not less than \$50 nor more than \$100.

35. It shall be the duty of the engineer in charge of a boiler to blow, or cause the safety valve to blow off steam, at least once each working day to satisfy himself that the valve is in good order, and it shall be his duty to report to an inspector any failure of such valve to operate; in case any such failure is not so reported, the certificate of the engineer having such boiler in charge may be suspended or cancelled by the Minister.

36. Any person who alters or otherwise tampers with the pressure gauge of a boiler so as to prevent the actual pressure of the boiler from being easily seen and ascertained, shall be liable on summary conviction to a penalty of not less than \$10 and not more than \$50.

#### Inspection Fees.

37. The owner of every boiler in the Province inspected under the provisions of this Act shall pay a fee for each and every boiler inspected as prescribed by the Lieutenant-Governor in Council.

(2) Where the owner of a portable, traction or semi-portable boiler has already paid to the Department the annual license fee of the current year, the inspector, upon production of the departmental receipt therefor or the license number plate for the current year, shall not charge any fee for the inspection of such boiler or for the issue of an inspection certificate.

(3) Any owner neglecting or refusing to pay the inspector the proper fee shall be guilty of a breach of this Act.

#### Engineers and Firemen.

38. Any person not holding a final, interim or provisional certificate of qualification as an engineer, or as a fireman of a heating plant, or a permit as hereinafter provided, who at any time operates any boiler exceeding two horse power and carrying a working pressure of twenty pounds or more, governed by this Act, or is in charge of any such boiler while in operation, whether as owner or engineer, or steam plant of a different or a higher class than is authorized by the certificate held by him, or fails to produce his certificate upon the demand of an inspector or member of any police force, shall be liable on summary conviction thereof to a penalty of not less than \$25 nor more than \$100. Amended 1920, c. 4, s. 14 (3).

(2) Provided that where an employee of any manufacturer of boilers is employed installing, testing, regulating, or otherwise superintending the installation or operation of a boiler, he may do so upon applying for and receiving written authority from the Minister or an inspector.

39. If any owner of a boiler furnishes to the Minister or inspector, an affidavit stating that he is unable by reason of some unforeseen occurrence to immediately secure the services of a person qualified to operate such boiler, the Minister, or inspector, may grant a permit to the owner authorizing the person named on the affidavit to operate such boiler for a period of thirty days from the date of such permit, providing such persons produce satisfactory evidence of experience, good conduct and sobriety, but no further or additional permit shall be issued in favour of the person named in the affidavit.

Provided, however, that notwithstanding anything to the contrary in this Act, when an application for such a permit has been made, the owner, manager or agent of a mine may allow the person named in the application to operate a boiler for the purposes of the mine for a period of six full days from the date of such application, or until such time as notice is received of the granting or refusing of the application, whichever is the shorter time.

40. The employer of any person who at any time operates any steam boiler governed by this Act, or is in charge of any such steam boiler while in operation who has not a certificate, or permit as required by this Act, or who fails to produce such certificate or permit upon demand by an inspector, or a member or any police force, shall be liable on summary conviction to a penalty of not less than \$50 and not more than \$150.

(2) The certificate or permit of any engineer in charge of an engine room or boiler room shall be exposed in a conspicuous place in such room.

(3) Any engineer who refuses or neglects to expose his certificate or permit, or to produce the same upon the demand of an inspector or a member of any police force shall be liable on summary conviction thereof to a penalty of not less than \$10 and not more than \$50.

(4) The absence of such certificate or its non-production upon demand shall be *prima facie* evidence that the person operating the engine or boiler has no certificate.

41. The Minister may from time to time nominate an inspector or inspectors to examine applicants for certificates hereinafter referred to and may decide the subjects of examination for each class of certificate and prescribe regulations governing the same.

(2) Every applicant for examination shall pay the prescribed fee therefor to the inspector.

(3) Certificates as follows will be granted according to the qualifications of the applicant as appears by examination:

(a) First Class: To have charge of and operate any steam plant.

(b) Second Class: To have charge of and operate a boiler or boilers of a total capacity not exceeding 500 horse-power, and to have charge of and operate an engine or engines of a total capacity not exceeding 500 horse-power, or to operate any steam plant of which an engineer holding a first-class certificate is in direct charge.

(c) Third Class: To have charge of and operate a boiler or boilers of a total capacity not exceeding 200 horse-power, and to have charge of and operate an engine or engines of a total capacity not exceeding 200 horse-power (unless the certificate is otherwise specially limited) or to operate a boiler or boilers of a total capacity not exceeding 500 horse-power under an engineer holding at least a second-class certificate.

(d) Traction engineer's final certificate: To have charge of and operate a traction boiler only.

(e) Provisional certificate: To have charge of and operate a boiler and engine of a capacity not exceeding 50 horse-power, for a period of one year.

(f) Fireman's final certificate: To have charge of and operate a heating boiler only, carrying a steam pressure of twenty pounds and not more than one hundred pounds per square inch.

(g) Provided the experience of an applicant for a certificate is limited to a steam shovel, or a hoisting or a portable boiler and engine only, a third-class, or provisional certificate may be issued under which the holder may be authorized to have charge of and operate a steam shovel or a boiler and engine of the category of which he has had experience.

42. An engineer's final certificate issued under The Steam Boilers Ordinance of the Northwest Territories shall entitle the holder thereof to operate in the Province of Alberta; provided that the holder of a second or third-class certificate issued under the said Ordinance shall not operate a boiler of a larger capacity than the boiler which under this Act may be operated by the holder of a second or third-class certificate respectively, issued under the provisions of this Act.

43. A candidate for a first-class certificate shall be at least twenty-five years of age, shall furnish proof that he has been employed as a machinist or boilermaker on the repairing or building of steam engines or boilers for a period of not less than twenty-four months, and has had charge of a steam plant in which he operated a battery of boilers aggregating not less than three hundred horse-power in capacity and that he has operated engines aggregating not less than three hundred horse-power in capacity, for a period of at least twelve months.

(2) A candidate for a second-class certificate shall be at least twenty-two years of age, and shall furnish proof that he has served four years in charge of and operated a boiler or boilers, and had charge of and operated an engine or engines of not less than fifty horse-power, or that he has served twenty-four months in a workshop employed in the manufacture of engines or boilers, and has served as engineer of a steam plant of not less than seventy-five horse-power for a period of at least twenty-four months.

(3) A candidate for a third-class certificate shall be at least twenty years of age, shall furnish proof that he has served as fireman of a boiler or boilers for a period of twelve months; has had charge of and operated a boiler or boilers and has had charge of and operated an engine or engines for a further period of twelve months, or that he has served twelve months in a workshop employed on the manufacture or repairing of engines or boilers, and as fireman of a steam boiler for a further period of twelve months.

44. The certificate referred to in section 41, subclause 3 (d) as a traction engineer's final certificate shall be granted to traction engineers upon satisfactorily passing a combined written and oral examination before an inspector.

45. Upon an applicant for a final certificate of qualification as an engineer completing the examination set by the inspector but before the results thereof are announced, the inspector may issue to such candidate an interim certificate of the class to which he would be entitled upon passing such examination, which certificate shall entitle the holder to operate as an engineer of the class therein specified, for a period to be specified in the certificate but which shall in no case exceed thirty days.

46. A final fireman's certificate shall be granted upon the applicant passing a written and oral examination such as is laid down by the Minister, and producing conclusive evidence of at least six months' experience as an engineer or fireman of a steam boiler.

47. Any person who has had over twelve months' experience as an engineer or fireman outside the Province, or any person who has served for twelve months in the Province as fireman to the holder or holders of a final engineer's certificate, may apply to the Minister or an inspector for a provisional certificate of qualification for operation of boilers or engines not having a capacity of more than 50-horsepower, and the Minister upon being satisfied that the applicant is a person of sufficient experience to justify the same, may cause the applicant to be orally examined by an inspector, and upon such applicant passing such examination satisfactorily he may be granted such provisional certificate, valid for a period of one year from the date of issue thereof.

(2) A provisional certificate for a traction or portable boiler may be renewed but the applicant for such renewal may be required to pass an oral examination to the satisfaction of an inspector.

48. The holder of a provisional certificate, or any one who in the opinion of an inspector has had sufficiently extensive experience in operating boilers and engines to justify the same, may be granted a final certificate of qualification as an engineer, or fireman of a heating plant, upon passing an examination which shall be conducted in accordance with regulations from time to time prescribed by the Minister.

49. The inspector shall determine according to the requirements of section 43 the class of examination which an applicant shall undergo, whether for first, second or third-class certificate, and after such examination, if found competent, the applicant shall receive a certificate graded according to the merits of his examination, irrespective of the grade of certificate for which he applied.

(2) Any candidate failing to pass the required examination for first or second-class certificate shall not be allowed to present himself for further examination for a period of one year, during which term he must operate as an engineer, and upon further application must show satisfactory evidence of additional experience.

50. Any person who holds a certificate of qualification as an engineer for operating boilers and engines, granted under the provisions of any Act of the Parliament of Great Britain and Ireland, or of the Dominion of Canada, or of any province therein, or of any other part of His Majesty's Dominions, may, upon making application to the Minister, accompanied by such evidence of qualification as may be required by the Minister, and upon satisfactorily passing an examination before an inspector if deemed necessary by the Minister, obtain a certificate of qualification as an engineer in the class determined by the Minister.

51. Every person who makes, or procures to be made, or assists in making any false representation for the purpose of obtaining for himself or for any other person a certificate of competency or service, or who forges, or assists in forging, or procures to be forged, or fraudulently alters, or assists in fraudulently altering, or procures to be fraudulently altered, any such certificate, or any official copy of any such certificate, or who fraudulently makes use of any such certificate which is forged, altered, cancelled, suspended, or to which he is not justly entitled, or who fraudulently lends his certificate to, or allows the same to be used by any other person, shall be liable upon summary conviction thereof to a penalty of not less than \$50 and not more than \$100, and any engineer or fireman who fails to deliver up his certificate when cancelled or suspended shall be liable to a penalty of not less than \$25 and not more than \$100.

(2) Any person other than the person whose name appears thereon becoming possessed of a certificate shall transmit it forthwith to the Minister.

52. If a candidate for a final certificate is unable to write, he may employ some person to write the examination therefor from his dictation, such person shall not be an engineer, and shall before performing any duties under the provisions of this section, take and subscribe before an inspector the following oath:

"I, A.B., of the . . . . ., in the Province of Alberta, . . . . . swear that I will truly, faithfully and accurately without alteration or interlineation of any kind transcribe the answers dictated to me by C.D. (here insert the name of the candidate), a candidate for a final certificate, under the provisions of the Boilers Act. So help me God."

(2) If such candidate should be unable to speak the English language, he may employ some person as interpreter, such person shall not be an engineer, and shall, before performing any duties under the provisions of this section, take and subscribe before an inspector the following oath:

"I, A.B., of the . . . . ., in the Province of Alberta, . . . . . swear that I will truly and faithfully interpret the questions and the answers given on the examination of C.D. (here insert the name of the candidate), a candidate for a final certificate under the provisions of the Boilers Act, and all other matters connected therewith, and the . . . . ."

language into the English language, and the English language into the . . . . . language, according to the best of my skill and ability. So help me God."

53. Any candidate may appeal in writing to the Minister from the decision of the inspector in regard to any examination, and the decision of the Minister in regard to such appeal shall be final.

54. If it becomes known to an inspector that an engineer or fireman is violating any of the provisions of this Act, or in any way negligently operating a steam plant in his charge, or under the influence of liquor while on duty, he may take possession of such engineer's or fireman's certificate, and transmit the same to the Minister together with a full report of the circumstances of the case.

(2) The Minister may, upon due cause being shown, cancel or suspend any certificate issued under the provisions of this Act, and any person whose certificate is so cancelled or suspended shall be deemed guilty of a breach of this Act, and liable to the penalties hereinafter imposed.

55. If any owner believes that his boiler or engine has been damaged through the negligence of the engineer in charge, he shall immediately report such negligence to an inspector, verifying the statements contained in such report by a statutory declaration.

(2) Such inspector shall thereupon immediately investigate the charge and may, if he deem proper, demand and obtain from such engineer in charge his certificate, and shall immediately forward a report of any investigation made under the provisions of this section to the Minister, together with the certificate, if any, which he has ordered to be delivered up by the engineer in charge; the Minister may thereupon order such certificate to be returned to such engineer, suspend the operation of such certificate for such period as he may deem just, cancel the certificate, or otherwise deal with the matter.

(3) Any engineer in charge refusing to deliver up his certificate when same is demanded by an inspector under the provisions of this section shall be liable on summary conviction to the penalty provided by this Act.

56. Upon satisfactory proof that a certificate is lost or destroyed, a duplicate may be issued by the Minister, upon receipt of one-half of the fee authorized by this Act for the issue of an original certificate of the same class.

57. The owner of a plant where there is a battery of boilers of a capacity exceeding five hundred horse-power and where such battery of boilers is contained in a building separate from the rest of the plant shall in addition to such engineers as he is otherwise required to employ under the provisions of this Act, employ engineers holding at least second-class certificates in charge of such battery of boilers on both day and night shifts.

58. No engineer or fireman in charge of a boiler or boilers shall absent himself from duty in connection therewith for more than ten minutes at a time while the same is in operation.

59. The Lieutenant-Governor in Council may from time to time fix the amount of any fees provided for under the Act and make such regulations and prescribe such forms as may be deemed necessary for the proper carrying into effect of the provisions of this Act, and such regulations shall have the same force and effect as if they were included in this Act and herein enacted.

60. Any person guilty of a breach of any of the provisions of this Act, or of any regulations made hereunder, for which no penalty is herein specified, shall on summary conviction thereof be liable to a penalty of not more than \$100.

61. The Steam Boilers Act, being chapter 9 of the Statutes of Alberta, 1911-12, and all amendments thereof are hereby repealed.

## STATUTES OF 1919.

### Earnings of Minors—Suits for Wages.

Chapter 3.—37. The law to be administered as to the matters next hereinafter mentioned shall be as follows:

(12) Minors may sue for wages in the same way as if of full age.

### Mothers' Pensions.

Chapter 6 with amendment—1. This Act may be cited as "The Mothers' Allowance Act."

2. In this Act, unless the context otherwise requires,—

(a) "Municipality" means any city, town, village or municipal district;

(b) "Council" means the council of any municipality.

(c) "Superintendent" means the Superintendent of Neglected and Dependent Children appointed under The Children's Protection Act of Alberta.

3. There shall be appointed by the council in every city and town in the Province one or more inspectors whose remuneration shall be fixed and paid by the council, and whose duty it shall be to receive applications for assistance under this Act, to enquire into any case brought to his or their attention, and generally to do and perform such matters and things as may be required by this Act or by any regulations passed hereunder.

4. Any woman who is a widow (or the wife of a person committed to a hospital for the insane under The Insanity Act, and actually an inmate thereof) and who was either a resident of the Province at the time of the passing of this Act, or whose husband was a resident of the Province at the time of his death or at the time of his entering the Hospital for the Insane, and who having in her custody a child or children under the age of fifteen years, in the case of boys, and sixteen years in the case of girls, is unable to take proper care of such child or children, may by herself or through any other person on her behalf, apply to an inspector of the city or town of which she is a resident for assistance under this Act. Amended 1920, ch. 4, s. 5 (1).

5. The inspector shall thereupon make a full and complete enquiry into the facts of the case, and shall forthwith report thereon to the superintendent, who, if satisfied that the case is a proper one for assistance under this Act, shall recommend to the Attorney-General the payment to such woman of such sum or sums in monthly instalments as to the said superintendent may seem fit and necessary. Amended 1920, c. 4, s. 5 (2).

(2) The superintendent, when satisfied upon enquiry that any woman in any city or town is entitled to and requires assistance under this Act, may make a recommendation under this section whether or not an application has been made by or on behalf of such woman to an inspector.

6. When any recommendation as aforesaid is approved by the Attorney-General, the woman mentioned therein may be paid out of the moneys appropriated by the Legislature for that purpose the sum or sums specified in the said recommendation.

7. Upon any subsequent recommendation for the termination, decrease or increase of any payments made under this Act being approved by the Attorney-General, such payments shall be discontinued, decreased or increased in accordance with such subsequent recommendation, and so as to any further recommendation of the superintendent.

8. The Attorney-General shall every three months forward or cause to be forwarded to the treasurer of each such city or town, a statement of all moneys expended under this Act during the next preceding three months in respect of any woman or women residing in such city or town; and the said city or town shall thereupon become liable to the Province for an amount equal to one-half of the moneys so expended, and the said amount shall be paid to the Provincial Treasurer within thirty days after such statement is so forwarded, failing which the Provincial Treasurer may sue for and recover the same as a debt by action in his name against the said city or town as defendant.

9. In municipalities other than cities or towns, the superintendent may make or cause to be made enquiry as to the necessity of rendering assistance under this Act to any woman who is a resident of such municipality, and who, if she were a resident of a city or town, would be entitled to apply for assistance under section 4 hereof; and may thereupon in any fit and proper case make the like recommendation to the Attorney-General as in the case of cities or towns, in which case the superintendent shall forthwith forward to the secretary of such municipality, by mail prepaid, a notice of the recommendation so made setting forth the date and substance thereof.

(2) Recommendations made under this section shall be dealt with in the same manner as recommendations made in respect of a woman residing in a city or town, and the council of the municipality of which such woman is a resident shall be liable to the Province for an amount equal to one-half of the sums expended by the Provincial Treasurer in respect of such woman as shown by the statement forwarded monthly to the treasurer of such municipality, and the said amount shall be paid to the Provincial Treasurer within three months after the forwarding of such statement, failing which the Provincial Treasurer may recover the same in like manner as in the case of a city or town.

10. Notwithstanding anything in any Act or Ordinance contained, all moneys required to be paid by any council under the provisions of this Act may be paid either out of the general tax fund of the municipality or out of a fund established by the levy of a special rate over and above the general rate of taxation of the municipality, and the council is hereby authorized to levy such special rate in each and every year, and the provisions of any such Act or Ordinance limiting the rates to be levied by such council shall not apply to any special rate levied under this section.

Provided, however, that the council may from time to time by by-law authorize its mayor (or reeve) and treasurer to raise by way of temporary loan such sum or sums as may be deemed necessary to meet all expenditures under this Act for the then current year, such loans to be made payable not later than the 31st day of December of the year following that in which such loan is made.

11. It shall be the duty of every inspector to make proper investigations as to all women within the territory over which he is appointed, receiving assistance under this Act, and upon any such woman ceasing to be a resident of the municipality or otherwise ceasing to be entitled to such assistance, the said inspector shall forthwith report the facts of the case to the superintendent.

(2) The liability of any city or town in respect of payments made by the Provincial Treasurer to any such woman shall not be affected by the fact of her having ceased to be entitled to assistance under this Act, if such fact has not been reported as aforesaid to the superintendent:

Provided, however, that in case any moneys so paid are subsequently reimbursed to the Provincial Treasurer, the council shall be entitled to reimbursement from the Provincial Treasurer of the amounts paid by it in respect of the payments so made.

(3) In municipalities, other than cities and towns, it shall be the duty of the council to report to the superintendent in the case of any woman so ceasing to reside therein, or to be entitled to assistance under this Act, failing which the said municipality shall be and remain liable in respect of payments made to such woman, subject to a right to reimbursement as aforesaid.

12. For the purposes of this Act, a woman shall be deemed a resident of the municipality when she lives therein, and has habitually lived therein for a period of one year last past, and in case of dispute as to whether or not a woman is a resident of a particular municipality, the superintendent shall decide, and his decision shall be final.

(2) A woman, having been a resident of any municipality, shall not be deemed to have ceased to be a resident thereof during such time as she shall remain or be in the Province unless and until she shall have become a resident of some other municipality under the provisions of the first subsection of this section.

13. The council of any city or town may appoint any person or persons or any association to inform and advise any inspector appointed under this Act in the carrying out of his duties thereunder.

14. The Lieutenant-Governor in Council may make such rules and regulations not inconsistent with the provisions of this Act as may be deemed necessary for the proper carrying out thereof.

### Public Employment Offices.

Chapter 14.— 1. This Act shall be cited as "The Alberta Government Employment Bureau Act."

2. In this Act—

- (a) "Bureau" shall mean the Alberta Government Employment Bureau;
- (b) "Director" shall mean Director of the Alberta Government Employment Bureau;
- (c) "Employment office" shall mean and include the business of procuring workmen, artificers, labourers, domestic servants and other persons for the performance of skilled or unskilled labour, and the business of procuring employment for such classes of persons or any of them.

3. There is hereby constituted a branch of the public service of the Province to be known as "The Alberta Government Employment Bureau."

4. The branch shall be attached to such one of the present departments of the Public Service as may be designated by the Lieutenant-Governor in Council, and shall be under the direction and control of the Minister in charge of that department.

5. The Lieutenant-Governor in Council may appoint a Director and such other employees as may be deemed advisable.

6. In respect to matters assigned to the Bureau the Director shall exercise such powers and perform such duties as may be assigned to him by the Lieutenant-Governor in Council or by the Minister.

7. The Lieutenant-Governor in Council may appoint an advisory council representative of employers and employees, whose duty it shall be to advise the Minister in directing the policy of the Bureau.

8. The Lieutenant-Governor in Council may divide the Province into such employment districts as may be deemed advisable; and establish an employment office in each and appoint officials and staff to manage same, and may appoint an advisory committee representative of employees and employers, to assist the official in charge in the discharge of his duties and in co-operating with the advisory council in the work of applying the national employment policy to the industries of the Province.

9. It shall be the duty of the Bureau to—

(a) establish a clearing house or clearing houses to provide facilities for finding employment and for the distribution of male and female labour throughout and without the Province;

(b) co-operate with the Dominion authorities for the interprovincial distribution of labour, and to enter into any arrangement with them for the purpose of carrying out any of the terms of "The Employment Offices Co-ordination Act."

(c) put employers who want workpeople and workpeople who want employment within Alberta into communication with one another free of charge;

(d) collect such statistical and other information respecting trades and industries in the Province as may be deemed necessary or expedient from time to time;

(e) inquire and report as to the establishment of new industries in Alberta in any case where, by reason of the production of raw material for such industries in the Province or of the immigration of persons skilled in such industries or other circumstances, it appears that such industries can profitably be carried on.

10. The Lieutenant-Governor in Council may from time to time make such regulations and prescribe such forms as may be deemed necessary for the proper carrying into effect of the provisions of this Act, and such regulations shall have the same force and effect as if they were included in this Act.

### Private Employment Offices.

Chapter 15.—1. On and after the coming into force of this Act it shall not be lawful for any person, firm corporation or association, to open, conduct, or carry on any employment agency or office for fee or reward, or to collect or receive, directly or indirectly, any fee or compensation for sending or persuading, enticing, inducing, procuring or causing to be sent from or to any place within the Province to or from any place outside the Province, or between any two places within the Province, or in any place within the Province, any person seeking employment.

2. Every person contravening the terms of the preceding section shall, upon summary conviction thereof before a police magistrate or two or more justices of the peace, be liable to a fine of not more than \$25, and in default of payment of such fine and of the costs of prosecution to imprisonment for a period not exceeding three months, unless the fine and costs are sooner paid.

3. This Act may be brought into force from time to time by proclamation of the Lieutenant-Governor in Council in respect of any one or more employment agencies enumerated therein, and into general force, on a day to be named by proclamation of the Lieutenant-Governor in Council to that effect.

Provided, however, that notice shall be published in the "Alberta Gazette" for three months of intention to make such proclamation before the same shall be made bringing into general force the said Act.

### Employment of Minors in Billiard-Rooms.

[Chapter 24 which regulates billiard-rooms and bowling-alleys contains the following sections regarding the employment of minors:—]

12. No person under the age of eighteen years shall be employed in or about a billiard-room for any purpose connected with the business thereof.

20. Any person who violates any of the provisions of this Act for which punishment is not herein expressly imposed or any regulation passed hereunder, shall be liable on summary conviction to a penalty of not more than \$50 and costs.

### Protection of Electrical Workers.

Chapter 27.—1. This Act may be cited as "The Electrical Protection Act."

2. "Board" in this Act shall mean the Workmen's Compensation Board.

3. The Board shall with regard to the generation, transmission, transformation, distribution and use of electrical energy in any place or class of places, from time to time, make and enforce such regulations as appear to it to be reasonable and practicable, or necessary to provide safety and protection for the workers engaged therein. Upon such regulations being made, the same shall be of the same force and effect as if they were incorporated in this Act.<sup>1</sup>

4. Before the Board makes any regulations under this Act it shall publish, in such manner as it may think best adapted for informing persons affected, notice of the proposal to make regulations, and of the place where copies of the proposed regulations may be obtained and, of the time (which shall be not less than thirty days) within which any objections made with respect to the proposed regulations by or on behalf of persons affected must be sent to the Board.

(2) Every objection must be in writing and state—

- (a) the proposed regulations or portions of proposed regulations objected to;
- (b) the specific grounds of objection; and
- (c) the omissions, additions or modifications asked for.

(3) The Board shall consider any objection made by or on behalf of any persons appearing to it to be affected, which is sent to it within the required time, and it may, if it thinks fit, amend the proposed regulations on thirty days' notice being given to all parties interested.

(4) Where the Board does not amend or withdraw any proposed regulations to which any objection has been made, then (unless the objection either is withdrawn or appears to it to be frivolous) it shall, before making the regulations, direct an inquiry and the manner of holding the same.

5. The Board may at any time amend any regulation which may be passed under the authority of this Act, and the method of receiving applications for amendment, the hearing of applications and the providing of notice to all parties interested, shall be the same as provided for objections to proposed regulations as set out in section 4 hereto:

Provided, however, that the Board shall not amend the first regulations passed hereunder for a period of one year.

6. All electrical plant in existence at the date of or established after the passing of this Act shall be subject to the regulations of the Board hereinbefore referred to; provided, however, that all electrical plant in existence at the date of the passing of this Act shall be exempted from

<sup>1</sup>Regulations have been issued under this section.

such regulations until the first day of March, 1924, but the Board may provide in its discretion for the application of said regulations, or any of them, to any dangerous class or portion of such existing plant, either absolutely or subject to condition.

7. Printed copies of all regulations for the time being in force under this Act shall be kept posted up in a conspicuous position in such places as the regulations of the Board shall direct and where they may be conveniently read by the persons employed therein. A printed copy of all such regulations shall be given by the Board to any person affected thereby on his or her application.

8. The Board shall have power to appoint such inspectors and other officials as may be necessary to ensure the due administration of this Act, and to assign their duties and fix their remuneration.

9. Any breach or non-observance of any provision of this Act or any regulation made thereunder shall be an offence, subjecting the offender to a penalty of not more than \$200 for each day during which such non-observance continues.

10. "The Electrical Workers' Protection Act" is hereby repealed.

## STATUTES OF 1920.

### Minimum Wage.

[Chapter 40, section 2, inserts in the Factories Act a new section, 26a, which provides for the appointment of a Minimum Wage Committee. See p. 648 of this Report.]

## BRITISH COLUMBIA.

## REVISED STATUTES OF 1911.

## Wages as Preferred Claims—In Assignments.

Chapter 13.—36. Whenever an assignment is made of any real or personal property for the general benefit of creditors, the assignee shall pay in priority to all claims of the ordinary or general creditors of the person making the same the wages or salary of all persons in the employment of such person at the time of making such assignment, or within one month before the making thereof, not exceeding three months' wages or salary, and such persons shall be entitled to rank as ordinary general creditors for the residue (if any) of their claims.

37. The last preceding section shall apply to wages or salary, whether the employment in respect of which the same shall be payable be by the day, by the week, by the job or piece, or otherwise.

## Inspection of Steam Boilers—Examination and Licensing of Stationary Engineers.

Chapter 24 with amendment.—1. This Act may be cited as the Boilers Inspection Act.

## Interpretation.

2. In the construction and for the purposes of this Act (if not inconsistent with the context or subject-matter), the following terms shall have the respective meanings hereinafter assigned to them:—

"Boiler" wherever the same occurs in this Act, includes the steam engine or engines, the steam-pipes and connections, and every part thereof, and all apparatus and things attached to and connected therewith, or used with reference to any such boiler or engine;

"Steam plant" means and includes any steam-boiler, steam engine or engines, and all apparatus mentioned in the previous paragraph;

"Owner" means and includes any person, firm, or corporation, the owner or lessee of the boiler, and the manager or other chief officer in charge of the business of any such firm or corporation;

"Engineer" means any person having charge of or operating a steam-boiler under this Act;

"Chief inspector" means a person appointed under this Act to inspect boilers and machinery, and to have general supervision over the inspectors, as well as all matters and things in connection with this Act;

"Inspector" means any inspector of steam-boilers appointed under this Act;

"Certificate" means a certificate of inspection given by the chief inspector or an inspector, as the case may be;

For the purpose of collecting the yearly rate or fee hereinafter imposed, the expression "year" means the calendar year, from the first day of January to the thirty-first day of December inclusive; and for the purpose of the inspection hereinafter rendered imperative, the expression "year" means twelve calendar months from the date of the first certificate of inspection, even when subsequent inspections are made before or after the anniversary of this date;

"Horse-power" means the power of boilers calculated as follows: by taking the square feet of heating surface and dividing by ten; Amended 1919, c. 9, s. 2.

"Low-pressure heating plant" means and includes all low-pressure heating boilers where all the water of condensation is returned to the boiler by gravity or by automatic apparatus; and in the case of steel boilers, where the maximum allowable working-pressure does not exceed thirty pounds per square inch; or in the case of cast-iron boilers, where it does not exceed five pounds per square inch.

## Extent and Application of Act.

3. (1) This Act shall apply to all steam-boilers and steam-heating plants operated within the Province, except as hereinafter exempted.

(2) This Act shall not apply to railway locomotives on railways under the supervision of the Dominion, nor to any boiler subject to inspection under the Dominion "Steamboat Inspection Act," nor to any boiler or steam-heating plant with a capacity of two horse-power or under, nor to any steam-heating plants in private residences; but rooming-houses and apartment-houses shall not be considered private residences.

<sup>1</sup>See the Canada Shipping Act, R.S.C. 1906, chapter 113, sections 565 to 687 inclusive, pages 63 to 74 of this Report.

(3) The Lieutenant-Governor in Council may constitute the Province into a steam-boiler inspection district, or any portion or portions of the Province into steam-boiler inspection districts, and may from time to time alter such districts.

#### Appointment and Qualifications of Inspectors.

4. The Lieutenant-Governor in Council may appoint a chief inspector and such other inspectors as may from time to time be deemed advisable, who shall hold office during pleasure, and whose duty it shall be to inspect boilers and machinery under the provisions of this Act.

5. No person shall be appointed an inspector of steam-boilers unless he has had five years' experience as a practical machinist or boilermaker, and he has passed a satisfactory examination before a Board of Examiners, such Board to be composed of the chief inspector and such other competent person or persons as the Minister of Public Works may direct.

6. Every inspector, before entering upon his duties as such, shall take and subscribe an oath before a justice of the peace, police magistrate, stipendiary magistrate, or commissioner for taking affidavits, well, faithfully, and impartially to perform the duties assigned to him by this Act, in the form or to the effect following:—

I, \_\_\_\_\_ do solemnly swear that I will well, faithfully, and impartially, to the best of my knowledge and understanding, execute the duties assigned to me as inspector of steam-boilers under the "Boilers Inspection Act," so help me God.

The oath taken by every inspector shall be forwarded to the Minister of Public Works without delay.

7. No person shall be appointed an inspector of steam-boilers who is interested in the sale or manufacture of boilers, nor shall an inspector act as agent for the sale of boilers, under penalty of removal by the Lieutenant-Governor in Council.

8. No person shall be appointed an inspector of steam-boilers unless he is a British subject.

#### Board of Steam-boilers Inspection.

9. The inspectors shall form a Board, to be called the "Board of Steam-boilers Inspection," of which Board the chief inspector shall be chairman. Three members shall form a quorum, one of whom shall be the chairman.

10. The chairman shall have the right to vote, and in the case of an equal division shall also have a casting vote.

11. The Minister of Public Works may appoint one of the inspectors to act as deputy chairman in the absence of the chairman.

12. The minutes of the proceedings of the Board shall be kept by the chairman or deputy chairman, and a copy thereof, certified by him, shall be sent to the Minister of Public Works forthwith after each meeting of the Board.

13. The Board shall meet at such times and at such places as may be determined by the Minister of Public Works; they shall have power to formulate rules and regulations for the uniform inspection of boilers and engines, and for the examination of candidates for certificate of competency as engineers under this Act. Such rules and regulations shall not come into force until they have been approved by the Lieutenant-Governor in Council.

#### Chief Inspector's Duties.

14. The chief inspector may inspect the boilers of any steam plant, and if he has reason to believe that an inspector has neglected his duty in relation to such boiler or boilers, or in any other respect, he may call a meeting of the Board to investigate the case, or he may himself investigate it; and the result of such investigation shall be at once forwarded to the Minister of Public Works.

15. The chief inspector shall receive and examine all specifications and drawings of new boilers to be built for the Province under this Act, and if such examination shows that the boiler or boilers under consideration do not comply with the requirements of this Act, he shall at once notify the manufacturer, pointing out the defects.

16. The chief inspector shall also receive and examine all reports and accounts of inspectors, and report fully to the Minister of Public Works upon all matters pertaining to his official duties, so as to insure a uniform and efficient administration of the inspection laws, rules, and regulations.

17. The chief inspector shall make an annual report to the Minister of Public Works, on or before the first day of January, giving the number of inspections, an account of all accidents and casualties to steam boilers, whether by explosion or otherwise, the number of defects observed, stating which defects were considered dangerous, the number of engineers examined, and the number and class of certificates issued to them.

#### Inspectors' Duties.

18. It shall be the duty of every inspector to make an internal and external examination of all steam boilers to be operated within the district within which he may from time to time

be required by the chief inspector to act, before the same shall be used, and at least once a year thereafter; he shall also see that competent men are in charge of all boilers before a certificate of inspection is granted.

19. In addition to the annual inspection, it shall be the duty of every inspector to examine, at any time when in his opinion, such examination is necessary, all such steam boilers within his district as are reported to him, or as he has reason to believe have become unsafe from any cause, and to notify the owner of such boiler if a defect is discovered, and what repairs are necessary in order to render them safe.

20. If a defect is discovered in a boiler which is under steam pressure, and if, in the opinion of the inspector, such defect may cause immediate danger, he shall order the engineer or person in charge to draw the fire and blow off the steam, and the engineer or other person in charge shall obey such instruction without reference to any one else.

21. Every inspector may, at all times when inspecting or visiting any boilers, ask the owners or engineers, or any other person in charge or appearing to be in charge of such boiler, any pertinent questions concerning the same, or concerning any accident that has happened thereto, as he may think fit; and every such person shall fully and truly answer every such question so put to him; and every person who refuses to answer or falsely answers such questions, or who attempts to prevent any such inspection or obstructs an inspector in any way, shall be liable to a penalty of not less than twenty dollars and not exceeding one hundred dollars.

22. The inspector may require the boiler under inspection to be steamed up and the engine put in motion to test the governor or the safety-valve or any other part of the boiler or engine.

23. Every inspector shall keep such records and make such reports to the chief inspector as may be ordered by him.

24. Any inspector who shall wilfully certify falsely regarding any steam boiler shall be liable to a penalty of not less than fifty dollars and not exceeding five hundred dollars.

#### Inspection.

25. On commencement of construction of every boiler built in the Province under this Act, the maker of such boiler shall notify the chief inspector that it is open for his inspection and at the same time shall supply him with a copy of the drawings, together with such information as will enable him to calculate the safe working-pressure.

26. The maker of every boiler to be used in the Province under this Act, but built elsewhere, shall supply the chief inspector with such drawings, and other information as are required by section 25 of this Act.

27. Every inspector shall have the right, at all reasonable hours, to examine boilers in course of construction or repair, as well as those in operation, and to refuse to grant a certificate for any steam-boiler found to be defective according to the provisions of this Act, or of which such examination has been refused.

28. (1) Agents of manufacturers, or importers of boilers, either new and second-hand, shall notify the chief inspector, of all boilers imported by them, and shall furnish particulars as required by section 25 of this Act.

(2) Any manufacturer, agent, or importer who neglects to make such report, or allows a boiler to pass from his control before such report is made, shall be liable to a penalty of not less than one hundred dollars and not exceeding five hundred dollars.

29. The owner of every steam-boiler liable to inspection under this Act shall notify the chief inspector when he has purchased a boiler, either new or second-hand, giving the name of the firm or person from whom it was purchased, and stating when and where it can be inspected; and any person installing and putting into operation such new or second-hand boiler without such notice to the chief inspector shall be liable to a penalty of not less than one hundred dollars and not exceeding five hundred dollars.

30. (1) It shall be the duty of owners, lessees, or managers of steam plants to allow the Inspector free access to the boilers and engines, and to furnish water and fill the boiler, to remove the jacket or covering when and where directed by the inspector, to remove any stays or braces that may obstruct the passage of the inspector in his internal examination of such boiler, to supply and make all connections for the hydrostatic test, and furnish men to operate the test-pump.

(2) All engineers operating such boilers shall assist the inspector in his examination, and shall point out to him any defects that they may know or believe to exist in the boilers or engines in their charge, and in default thereof the certificate of any such engineer or engineers so neglecting or refraining shall be revoked by the inspector.

31. In any case in which it has been arranged to make an inspection, and the boiler or boilers are not ready when the inspector is in the vicinity, or if from any other cause the inspector has to return to inspect the boiler, the expenses incurred by the inspector in returning to inspect or to complete the inspection, if the Minister of Public Works determines that such expenses were incurred through the fault or default of the owner of such boiler, shall be paid by the owner; and if not paid at once the inspector shall refuse to issue a certificate, or to allow the boiler to be operated until such expenses have been paid.

## Erection and Equipment.

32. Every return-tubular boiler set in brick work shall be suspended from the back end at least, from points at each side of the shell above the fire-line; the front end may be supported by brackets resting on a substantial wall; single suspensions along the centre of the top of the shell will not be allowed; the top of the back connection must be formed by cast-iron arch-plates, or a brick arch in the form of a quadrant springing towards and resting against the back head of the boiler in such a way as to allow of the free expansion of the boiler; all flues and back connections shall be constructed with doors arranged so as to be easily accessible for inspection.

33. Each boiler shall have a safety-valve of sufficient area and of an approved pattern, and all boilers built or imported for use under this Act shall be provided with spring loaded safety-valves constructed so as to give an increased lift by the operation of the steam after being raised from their seats, such valves to be placed directly on the boiler-shell and independent of the main steam-outlet, every such safety-valve to be provided with lifting-gear.

34. Where lever safety-valves are in use on existing boilers, they may be passed by the inspector, provided that the area of such valve is not less than one square inch for every three square feet of grate surface: that the distance between the centre of the valve and the fulcrum is not less than one-half the diameter of the valve, and the length of the lever does not exceed five times the diameter of the valve; that the valve, valve-seat, and pin in fulcrum be of brass, and that the efficiency of the valve under steam-test be not less than ninety per cent.

35. Every steam-boiler shall be provided with at least one correct steam-gauge, which shall be open to view from the boiler fronts, and shall be fitted in such a way and in such position as the inspector may direct.

36. Every steam-boiler shall be provided with a suitable water-gauge, capable of showing the correct water-level within each boiler at all times, and where a water-column is used the lower connection shall not be placed below the upper heating surface, or the lowest safe low-water line.

37. Each boiler shall also be provided with try-cocks.

38. Every boiler shall be provided with a suitable blow-off cock and connection, such connection to be placed so that the mud and loose scale may be blown out while the boiler is under pressure. In return-tubular boilers the blow-off connection is to be made in the bottom of the shell at the back end.

39. The arrangements for delivering the feed-water to the boilers shall be such that the boilers cannot be injured thereby; the delivery-pipe shall be provided with a stop-valve next to the boiler, and in the case of a battery of boilers each and every boiler shall have a feed-regulating valve in such a position that it can be operated from the boiler front, and each delivery branch shall have a separate check-valve.

40. In cases where boilers have brick flues, the flues shall be so constructed that the products of combustion cannot come in contact with the boiler-sheets above the water-line.

41. Every boiler shall be provided with a fusible plug, to be inserted at a point to be determined by the inspector, unless he shall determine that in certain cases such fusible plug is not necessary.

42. If the inspector approves of the boiler and equipment, and is satisfied that a competent man is in charge as engineer, he shall make and sign a certificate according to the form in the schedule, which certificate shall be delivered to the owner upon payment of the yearly fees.

43. A certificate may be issued for a period less than twelve months, should the inspector deem it advisable so to do.

44. (1) The said certificate, together with a copy of sections 51 and 52 of this Act, shall be posted up, and be kept posted up in a conspicuous place on the steam-boiler, or in the engine or boiler room where such boiler is being operated, in such place as the inspector shall direct, and no person operating such steam-boiler shall operate the same at a higher pressure than that authorized in the certificate.

(2) Any person violating the provisions of this section shall be liable to a penalty not exceeding one hundred dollars.

45. Nothing in this Act shall be construed to prevent the use of any boiler or steam-generator which is not constructed of riveted iron or steel plates, when the inspector has satisfactory evidence that such boiler or steam-generator is equal in strength and as safe from explosion as boilers of the best quality constructed of riveted iron or steel plates.

## Some Obligations and Penalties.

46. Any person who constructs a steam-boiler, or any part of a steam-boiler, or who makes any repairs to same, such construction or repairs being known to be defective, shall be liable to a penalty of not less than two hundred dollars and not exceeding five hundred dollars.

47. No person shall in any way alter the lever or weight of a safety-valve, or, if a spring-loaded safety-valve is used, no one shall alter the spring so as to carry a greater pressure than that allowed by the inspector, under a penalty of not less than two hundred dollars and not exceeding five hundred dollars.

48. It shall be the duty of the engineer in charge to blow, or cause the safety-valves to blow, off steam often enough to satisfy himself that the valves are in good order; and it shall be his duty to report to the inspector any failure of such valves to operate.

49. In case no such report is made, and a safety-valve is found to have been tampered with, or out of order, the certificate of the engineer having such boiler in charge shall be revoked; and the inspector shall have power to cancel the certificate of inspection for such boiler until another engineer has been placed in charge.

50. Any person who alters or conceals or otherwise tampers with the steam-gauge, so as to prevent the actual steam-pressure of the boiler from being seen and ascertained by any person, shall be liable to a penalty of not less than one hundred dollars and not exceeding five hundred dollars.

51. Any person operating a steam-boiler, as well as the owner or lessee thereof, in case the same is being operated with his consent, without there being an unexpired certificate of inspection thereof, shall be liable to a penalty of five dollars a day for each and every day that he shall operate such uncertificated boiler, except in such cases where the owner has made a request in writing to an inspector to have such boiler examined, but for good and valid reasons such inspection has not been made.

52. It shall be the duty of any person operating or owning any steam-boiler pronounced by the inspector as unsafe to cease to use the same until such repairs as are indicated by the inspector are made, and in case of failure to comply with the requirements of the inspector, the person owning or leasing, as well as the person operating, any such boiler shall be liable to a penalty of not less than one hundred dollars, and shall also be liable for any damage to person or property resulting therefrom.

53. (1) No person shall employ another as engineer, and no person shall act as engineer of any steam plant operating under this Act, unless the person so employed or acting holds a certificate of competency, a certificate of service, a special certificate, or a temporary certificate, granted under this Act: Provided, however, that in case of illness or other unavoidable cause the engineer in charge is absent from duty, without fault or collusion of the owners or of any person interested, then such deficiency may be supplied until an engineer holding such certificate can be obtained, and the inspector of the district in whose jurisdiction the steam plant is being operated shall be forthwith notified of the temporary change by the owner of the plant and by the person acting temporarily as engineer. Temporary engineers must not be employed for more than one month without the consent in writing of the chief inspector.

(2) Any person violating any provision of this section shall be liable to a penalty of not less than one hundred dollars and not exceeding three hundred dollars.

54. The amount of all fees for engineers' certificates, as well as all fines and penalties, shall be paid to the chief inspector, who shall account for and pay over all such fees, fines, and penalties in the same manner as provided in section 79 of this Act.

55. All penalties imposed under this Act shall be recoverable before a justice of the peace, a police magistrate, or a stipendiary magistrate. Such justice of the peace, police magistrate or stipendiary magistrate, in case the penalty awarded by him be not forthwith paid upon conviction, with such costs as shall be awarded, shall levy the same by distress and sale of the goods and chattels of the offender, by warrant under his hand and seal.

56. All penalties incurred under this Act may be recovered, in the name of His Majesty by any inspector appointed under this Act, or any chief constable of the Provincial Police Department; or by any person or persons aggrieved by any act, neglect, or omission; or by any person named by the Minister of Public Works, in writing, on the evidence of one credible witness, who may be any one of the persons before named for the purpose of recovering penalties.

57. Any information or complaint with respect to any offence against any of the provisions of this Act shall be laid or made within twelve months from the time when the matter of the information or complaint arose.

58. No conviction or warrant of commitment under this Act shall be vacated, quashed, or set aside for want of form or be removed by writ of certiorari or other process into the Supreme Court.

#### Accidents and their Investigation.

59. In case of an explosion taking place in any steam-boiler to which this Act applies, for which the owner or lessee thereof has not obtained a certificate of inspection, or if the certificate of inspection has expired, and any person be killed or injured thereby, or any property be destroyed or damaged, the owner or lessee of such boiler shall *prima facie* be deemed guilty of negligence and liable for any injury occasioned by such explosion, and the onus shall be on the owner or lessee of such boiler to show that all reasonable and proper precautions had been taken to prevent such explosion or accident, except in such cases as are exempt under section 51 of this Act.

60. (1) On the occurrence of an explosion of any boiler to which this Act applies, notice thereof shall be sent at once by telegraph to the chief inspector and to the inspector within whose jurisdiction the explosion took place, by the owner or lessee, or by some person acting on behalf of such owner or lessee, stating the precise locality, as well as the number of persons killed or injured; and after the explosion of any such boiler no part or parts of the same shall be removed or their positions altered, by any person, except to rescue persons injured, or to remove the bodies of persons killed, until such permission has been given in writing by the chief inspector.

(2) Any person neglecting or violating any of the provisions of this section shall be liable to a penalty not exceeding five hundred dollars, or to imprisonment for a term not exceeding twelve months.

61. On receipt of notice of a boiler explosion the chief inspector shall fully investigate the causes and circumstances attending such explosion, and the investigation shall be held at or near the place of the occurrence of such explosion.

62. On the occurrence of an accident to any boiler or engine or any part of the same, the engineer in charge shall report such accident in writing to the inspector in whose jurisdiction it took place, or in default the inspector may cancel his certificate.

63. The chief inspector may hold an investigation with respect to any accident to any part of a steam boiler or its equipment to which this Act applies, and with respect to any injury caused to any person or property by the alleged negligence or incompetence of an engineer, holding a certificate under this Act; and he may summon witnesses and compel their attendance before him by the same process as courts of justice, and may administer oaths and examine witnesses touching the cause of such accident, and he shall forthwith report in writing thereon to the Minister of Public Works.

64. An appeal shall lie from any ruling or decision of an inspector, to the chief inspector, and from him to the Minister of Public Works, whose decision shall be final; and the said Minister shall have power to order the payment of a reasonable sum for costs, the same to be recovered in any court of competent jurisdiction by the parties to whom awarded.

65. In any appeal it shall be lawful for the Minister of Public Works, if he think fit, to summon to his assistance any expert engineer, who shall attend and assist accordingly.

66. Any charge of neglect of duty or other complaint against an inspector shall be made in writing to the Minister of Public Works, stating the specific charge or charges.

#### Engineers.

67. (1) Any person who claims to be qualified to perform the duties of engineer of a steam plant may apply to the chief inspector, who will furnish him with an application form for a certificate, which must be properly filled out and returned to the chief inspector. After examination of the proofs which he produces in support of his claim, and if, upon full consideration, he is satisfied that the applicant's character, habits of life, knowledge, and experience are such as to authorize the belief that he is a suitable person to be intrusted with the powers and duties of such position, he shall examine the applicant or cause him to be examined by one of the inspectors, who shall certify as to his fitness, and the report of the inspector so certifying shall be forwarded to the Minister of Public Works, who may thereon grant the applicant a certificate of the grade mentioned in the report; but if the report of the said inspector does not certify the fitness of such applicant or is not approved, the fee paid by the candidate shall not be returned, but he may once more be examined without payment of further fee.

(2) The fees for examination shall be five dollars for any grade upon first examination, and two dollars and fifty cents upon examination to be advanced to a higher grade, or to obtain a temporary certificate, such fees to be enclosed with the application form; the fees will be returned to the applicant only in cases where an examination, or a temporary certificate, is not granted.

68. Every certificate, unless otherwise stated therein, shall be granted for life, or during good conduct; but if it be proven before the Board of Steam-boilers, Inspection that the holder of any certificate granted under the provisions of this Act is guilty of negligence, or has refused to comply with any of the provisions of this Act, such certificate may be suspended, marked or revoked as the Board may recommend, to the Minister of Public Works; or it may be cancelled in consequence of the findings of a coroner's inquest; and it may also be suspended or cancelled by the Minister of Public Works for any other cause, provided such cause is deemed sufficient by him and is so certified.

69. The chief inspector, upon the report of the inspector in whose district the steam plant is being operated, may grant a temporary certificate to an applicant who is considered sufficiently qualified, authorizing him to act as engineer for the plant specified: Provided, however, that no such steam plant shall be operated more than twelve months by an engineer holding a temporary certificate, and that no more than one temporary certificate shall be issued to one man.

70. All certificates, with the exception of temporary and special, shall be on parchment.

71. If any engineer proves, to the satisfaction of the Minister of Public Works, that he has, without fault on his part, lost his certificate, or that it has been destroyed, the said Minister may, upon payment of two dollars and fifty cents, cause a duplicate of the original certificate to be made, signed, and delivered to him.

72. Every engineer holding a certificate under this Act shall have it framed and protected by glass, and shall keep it posted up in some conspicuous place in the engine or boiler room, and any engineer neglecting to do so shall be liable to a penalty of temporary suspension.

73. It shall be the duty of an engineer, when he assumes charge of boilers and engines, to forthwith thoroughly examine the same, and if he finds any part thereof in bad condition, caused by neglect or inattention on the part of his predecessor, he shall immediately report the facts to the inspector, who shall thereupon investigate the matter, and if the predecessor has been negligent in his duty the inspector may suspend his certificate.

74. It shall be the duty of every engineer who assumes charge, or vacates his position as engineer, to notify the inspector of such fact, and any failure to comply with this provision shall be punishable by a suspension of his certificate for such period or periods as the Minister of Public Works may determine.

75. (1) Engineers shall be classified according to the following grades:—

- First-class engineers;
- Second-class engineers;
- Third-class engineers;
- Fourth-class engineers;
- Fifth-class engineers;
- Engineers with temporary certificates;
- Engineers with service certificates;
- Engineers with special certificates.

(2) A first-class engineer shall be qualified to take charge of any steam plant.

(3) A second-class engineer shall be qualified to take charge of any steam plant of not more than seven hundred and fifty horse-power, where condensing engines are used; he shall be qualified to take charge of any steam plant where simple high-pressure engines are used, and he shall also be qualified to act as second or assistant engineer of any steam plant. Amended 1919, c. 9, s. 3.

(4) A third-class engineer shall be qualified to take charge of any simple-high-pressure steam plant of not more than three hundred and seventy-five horse-power, or any steam fire-engine, or any condensing steam plant up to one hundred and fifty horse-power; he shall also be qualified to act as second or assistant engineer of any steam plant where high-pressure engines are used, or where a condensing steam plant is used up to five hundred horse-power. Amended 1919, c. 9, s. 3.

(5) A fourth-class engineer shall be qualified to take charge of any steam plant of not more than seventy-five horse-power (excepting steam fire-engines); he shall also be qualified to act as second or assistant engineer of any steam plant up to two hundred and fifty horse-power, except a plant where the engines are condensing-engines. Amended 1919, c. 9, s. 3.

(6) A fifth-class engineer may take charge of any logging engine or boiler, or any engine and boiler used for farming purposes, not exceeding thirty horse-power. Amended 1919, c. 9, s. 3.

(7) No fifth-class certificate will be issued unless the application therefor was received and accepted by the chief inspector before the first day of April, 1910, and further provided that after that date a fifth-class certificate may be exchanged for a special certificate without payment of further fees, if the holder of such fifth-class certificate produces the testimonials required and passes the special examination provided by the "Regulations relating to the Examination of Engineers."

(8) A temporary certificated engineer shall be qualified to take charge of the steam plant mentioned on the face of his certificate, and no other.

(9) An engineer with a certificate of service, given without examination, shall be qualified to act as second, third, or fourth-class engineer as if he were in possession of a certificate of competency of a similar grade.

(10) An engineer with a special certificate shall be qualified to take charge of any type of steam plant mentioned on the face of his certificate, such as:—

- Low-pressure heating plant;
- Creamery plant, not exceeding twenty-five horse-power;
- Logging-donkey;
- Logging-locomotive;
- Traction-engine or road-roller;
- Portable threshing-engine;

or any other type of steam plant for which special service and examination is from time to time provided for in the "Regulations relating to Engineers' Examination."

(11) A candidate for a service certificate must have been in charge of a steam plant, or an engineer in charge of a watch, in the Province for five years immediately preceding the tenth day of February, 1904; and

(a) For a second-class certificate must have been in charge of a steam plant (or in charge of a watch) where the actual horse-power is not less than one hundred and fifty;

(b) For a third-class certificate must have been in charge of a steam plant (or in charge of a watch) where the actual horse-power is not less than twenty-five;

(c) For a fourth-class certificate must have been in charge of a steam plant (or in charge of a watch).

(12) Service certificates shall be without fee and in the same form and description as those now issued by the Minister of Public Works to those entitled to a certificate of competency.

(13) No service certificates will be issued unless the application therefor was received by the chief inspector before the first day of January, 1905.

76. Any person who is in charge of, or responsible for, any steam boiler or engine while under steam-pressure or in motion, shall be deemed to be serving and employed as engineer while so in charge.

77. For the purpose of the classification of engineers, a compound engine up to twenty-five horse-power will be considered a simple engine.

## Inspection Fees.

78. The owner of every boiler in the Province to which this Act applies shall pay yearly and every year the following fees or dues: At the first inspection of all boilers, twenty cents per horse-power, with a minimum of five dollars and a maximum charge of forty dollars for each boiler, and at all subsequent yearly inspections according to the following scale:—

The minimum charges shall be five dollars;

For each boiler, from twenty-five horse-power to fifty horse-power, twenty cents per horse-power;

For each boiler, up to seventy-five horse-power, twenty cents up to fifty horse-power, and fifteen cents for each additional horse-power up to seventy-five horse-power;

For each boiler, up to one hundred horse-power, twenty cents for the first fifty, fifteen cents for the next twenty-five horse-power, and ten cents for each additional horse-power up to one hundred;

For each boiler, up to one hundred and fifty horse-power, twenty cents for the first fifty, fifteen cents for the next twenty-five, ten cents for the next twenty-five, and five cents for each additional horse-power up to one hundred and fifty; above this, two cents and a half for each additional horse-power.

The above-mentioned fees shall be liable to a reduction as follows:

For every two boilers belonging to the same plant and made ready for inspection at the same time, a reduction of ten per cent will be allowed;

For every three boilers belonging to the same plant and made ready for inspection at the same time, a reduction of twenty per cent will be allowed;

And for every four boilers, or over, belonging to the same plant and made ready for inspection at the same time, a reduction of thirty per cent will be allowed.

79. The amount of such fees or dues shall, in each case, be paid to and received by the inspector of steam-boilers at the time he makes such inspection, and the said inspector shall, at such times and in such manner as the Minister of Public Works shall from time to time direct, account for and pay over the same to the Minister of Finance and Agriculture, to form part of the Consolidated Revenue Fund. The inspector shall not make or deliver a certificate respecting any steam-boiler under this Act unless the fees or dues have been paid, as herein-before set forth.

## Power to make Rules and Regulations.

80. The Lieutenant-Governor in Council may make rules and regulations for the inspection of steam-boilers, and all matters connected with the construction and working thereof, including the examination of persons in charge of the same.<sup>1</sup>

81. All rules and regulations made under the authority of this section shall, after publication in the Gazette have like force and effect as if herein enacted.

(Schedule omitted.)

## Wages as Preferred Claims—In Liquidations.

Chapter 39.—250. (1) In a winding-up there shall be paid in priority to all other debts—

(a) all assessed taxes, rates, real property tax, personal property tax, wild land tax, coal land tax, timber land tax, or income tax assessed on the company up to the first day of January next before that date, and not exceeding in the whole one year's assessment; and

(b) all wages or salary of any clerk or servant in respect of services rendered to the company during three months before the said date, not exceeding two hundred and fifty dollars; and

(c) all wages of any workman or labourer, whether payable for time or for piece work, in respect of services rendered to the company during three months before the said date; and

(d) unless the company is being wound up voluntarily merely for the purposes of reconstruction or amalgamation with another company, all amounts (not exceeding in any individual case five hundred dollars) due in respect of compensation under the "Workmen's Compensation Act."

(2) The foregoing debts shall—

(a) rank equally among themselves and be paid in full, unless the assets are insufficient to meet them, in which case they shall abate in equal proportions; and

(b) in so far as the assets of the company available for payment of general creditors are insufficient to meet them have priority over the claims of holders of debentures under any floating charge created by the company, and be paid accordingly out of any property comprised in or subject to that charge.

(3) Subject to the retention of such sums as may be necessary for the costs and expenses of the winding-up, the foregoing debts shall be discharged forthwith so far as the assets are sufficient to meet them.

<sup>1</sup>Regulations have been issued under this section respecting designs, materials, and fittings to be used in the construction of boilers, and also prescribing the mode of inspecting boilers.

(4) In the event of the landlord or other person distraining or having distrained on any goods or effects of the company within one month next before the date of a winding-up order, the debts to which priority is given by this section shall be a first charge on the goods or effects so distrained on, or the proceeds of the sale thereof:

Provided that in respect of any money paid under any such charge the landlord or other person shall have the same rights of priority as the person to whom the payment is made.

(5) The date hereinbefore in this section referred to is—

(a) in the case of a company ordered to be wound up compulsorily which had not previously commenced to be wound up voluntarily, the date of the winding-up order; and

(b) in any other case, the date of the commencement of the winding-up.

### Earnings of Minors—Suits for Wages.

Chapter 53.—60. It shall be lawful for any person under the age of twenty-one years to prosecute any suit in any court holden under this Act, for any sum of money not greater than five hundred dollars which may be due to him for wages or piece-work, or for wages as a servant, in the same manner as if he were of full age.

### Exemption of Wages from Garnishment.

[Chapter 57, The Small Debts Court Act, contains sections (35-49) dealing with the attachment of debts. Section 35 has the following proviso:—]

Provided always that no debt due or accruing due to a mechanic, workman, labourer, servants, clerk or employee for or in respect of his salary or wages shall be liable to seizure or attachment under this Act, unless the debt exceeds the sum of forty dollars, in case the judgment debtor is a married person or one upon whom another or others is dependent for support, and the sum of twenty dollars should the judgment debtor be a single person, and then only to the extent of the excess: Provided further that nothing in the above proviso contained shall apply to any case where the debt has been contracted for board or lodging, and in the opinion of the judge or magistrate the exemption of twenty or forty dollars is not necessary for the support and maintenance of the debtor's family.

### Wages as Preferred Claims—In Executions.

Chapter 60.—33. (1) All persons who are at the time of the seizure by the sheriff, or who within one month prior thereto have been in the employment of the execution debtor and who shall become entitled to share in the distribution of money levied out of the property of a debtor within the meaning of this [Creditors' Relief] Act, shall be entitled to be paid out of such money the wages or salary due or accruing due to them by the execution debtor at the time of the seizure, not, however, exceeding three months' wages or salary, in priority to the claims of the other creditors of the execution debtor, and shall be entitled to share *pro rata* with such other creditors as to the residue (if any) of their claims.

(2) Where proceedings are taken for the distribution of the estate of an execution debtor under this Act, the provisions of this Act shall supersede the provisions of sections 7, 8 and 9 of the "Execution Act".

### Inspection and Regulation of Electrical Works, Appliances, etc.

Chapter 73 with amendment.—1. This Act may be cited as The Electrical Energy Inspection Act.

#### Inspectors, their Powers and Duties.

2. The Lieutenant-Governor in Council may appoint and authorize any proper person (hereinafter called "the inspector"), whose duty it shall be, and who shall have authority, at all reasonable times,—

(a) To enter upon any place, building, or structure, and inspect all machinery, plant, work, wires, and appliances, used for or in connection with the generation, transmission, or supply of electrical energy for power, lighting, heating, or telephonic or telegraphic communication purposes;

(b) To require the attendance of all such persons as he thinks fit to summon and examine, and to require answers or returns to be made to such inquiries as he thinks fit to make;

(c) To require the production of all books, papers, plans, specifications, drawings, or documents material for the purpose of such inspection.

3. The authority of the inspector shall be sufficiently evidenced by a paper in writing signed by the Provincial Secretary stating that the person named therein has been appointed an Inspector under the provisions of this Act.

4. Every person, and the officers, servants, employees, and agents of every person, whose premises, machinery, plant, works, wires, or appliances are being inspected under the provisions of this Act, shall afford to such inspector all information, and full and true explanations, so

<sup>1</sup>See R.S. 1911, Chapter 79, page 691 of this Report.

far as may be in their power or knowledge, on all matters inquired into by such inspector and shall produce and submit to the inspector all books papers, plans specifications, drawings and documents material for the purpose of the inspection being made.

5. The person whose premises, machinery, plant, works, wires, or appliances are being inspected, and the officers, servants, employees, and agents of such person, shall furnish the means required by the inspector that may be necessary for entry, inspection, examination, inquiry, or the exercise of any of his powers under this Act in relation to the premises, machinery, plant, works, wires, or appliances being inspected.

6. Every person who wilfully delays the inspector in the exercise of any of his powers under this Act, or fails to comply with the request or summons by the inspector, or to produce any book, paper, plan, specification, drawing, or document material for the purpose of any inspection under this Act which he is required to produce, shall be deemed to obstruct the inspector in the execution of his duties under this Act.

7. Any person who obstructs the inspector in the execution of his duties under this Act shall be liable to a fine not exceeding fifty dollars.

8. Any notice, order, requisition, summons, or documents under this Act may be in writing or print or partly in writing or partly in print.

9. When the inspector is of the opinion that any place, building or structure, or any machinery, plant, works, wires, or appliances, used for or in connection with the generation, transmission, or supply of electrical energy for any of the purposes mentioned in section 2 hereof, is for any reason dangerous to life or limb, he may give notice to the owner thereof to remedy such defect within a time to be specified in the said notice.

10. The inspector shall forthwith report the same to the Minister of Public Works, who shall submit the matter to the Lieutenant-Governor in Council, who may either confirm, modify or disallow the order of the inspector and such confirmation, modification or disallowance shall be duly notified to the person affected thereby. Amended 1917, c. 24, s. 2.

11. Should the person affected by such order, as confirmed or modified by the Lieutenant-Governor in Council neglect within one week after notice of the action of the Lieutenant-Governor in Council in the premises to comply therewith, he shall for each day such neglect continues be deemed guilty of an offence against the provisions of this Act, and shall for each of the said offences be liable to a fine not exceeding fifty dollars.

12. All orders or decisions of the Lieutenant-Governor in Council under this Act shall be considered as made known to the person affected thereby by a notice signed by the Provincial Secretary and delivered to the person affected by the order, or, where such person is a company, to the president, vice-president, chairman of directors, secretary, or superintendent of such company, or at the office of the company.

13. All prosecutions under this Act may be brought and heard before any two of His Majesty's justices of the peace or any stipendiary magistrate, and save as otherwise provided the procedure shall be governed by the Summary Convictions Act.

14. At the end of each calendar year the Minister of Public Works, shall ascertain the total sum expended during the year in the enforcement of this Act, including the salary of the inspector. The sum so found to have been expended shall be apportioned by the Attorney-General amongst the persons whose premises, machinery, plant, works, wires, or appliances have been inspected under the provisions of this Act during the year. Amended 1917, c. 24, s. 2.

15. Notice shall be given by the Minister of Public Works in the Gazette of such apportionment whereupon the sums so apportioned shall become debts forthwith due and payable to His Majesty the King by the persons respectively amongst whom they have been apportioned, and shall without any further deed or instrument in writing become a first charge and mortgage upon all the respective property and assets of the said persons. Amended 1917, c. 24, s. 2.

16. The Lieutenant-Governor in Council may from time to time, for the purpose of carrying out the provisions of this Act, make such rules, regulations, and orders for enforcing its provisions and for the conduct and the duties of the inspector as may be deemed necessary.

17. No inspection had under this Act nor anything in this Act contained or done or ordered, or omitted to be done or ordered, under or by virtue of the provisions of this Act, shall relieve or be construed to relieve any person of or from any liability or responsibility resting upon such person by law, either towards His Majesty or towards any person, or the wife or husband, parent, or child, executor or administrator, or other personal representative of any person for anything done or omitted to be done by or for any wrongful act, neglect, or default, misfeasance, malfeasance, or nonfeasance, of such person, or in any manner or way to lessen the liability or responsibility, or in any way to weaken or diminish the liability or responsibility of such person under the laws existing in the Province.

#### Wages as Preferred Claims—In Executions.

Chapter 79.—7. In case of seizure under any writ of execution against goods or order made for sale of lands, or in case of any sale of such goods or lands by a receiver under an order or decree of court or otherwise, any clerks, servants, labourers, or workmen, to whom the execution debtor or person against whom the process issues is indebted for salary or wages, may apply, or any

two or more may join in applying, by summons in chambers, to a judge of the court out of which the process issues, and it shall be lawful for such judge, upon such application, to order so much as shall be due or accruing due at the time of the seizure to such clerk, servant, labourer or workman from the execution debtor for salary or wages, not exceeding three months' arrears, and taxed costs of and incidental to such application, after paying the execution creditor his costs of obtaining judgment and execution, or of such order for sale of lands, to be retained by the sheriff out of the proceeds (if any) of the execution, or sale, or by the receiver, in preference to the remainder of the claim of the execution creditor, and such sheriff or other officer having charge of the execution, or such receiver, shall obey such order on pain of attachment.

### Inspection and Regulation of Factories.

Chapter 81 with amendments.—1. This Act may be cited as The Factories Act.

#### Interpretation.

2. In this Act, unless the context otherwise requires,—

"Factory" means—

(a) Any building, workshop, structure, or premises of the description mentioned in Schedule A to this Act, in which three or more persons are employed, together with such other building, workshop, structure, or premises as the Lieutenant-Governor in Council from time to time adds to the said Schedule. Amended, 1915, c. 25, s. 2.

(b) Any premises, building, workshop, structure, room, or place wherein, or within the precincts of which steam, water, or other mechanical power is used to move or work any machinery employed in preparing, manufacturing, or finishing, or in any process incidental to the preparing, manufacturing, or finishing of, any article, substance, material, fabric, or compound, or is used to aid the manufacturing process carried on there:

(c) Any premises, building, workshop, structure, room, or place where the employer of the persons working there has the right of access and control, and in which, or within the precincts of which, any manual labour is exercised by way of trade, or for the purposes of gain in or incidental to the following purposes, or any of them: that is to say, the making of any article or part of any article, the altering, repairing, ornamenting, or finishing of any article, or the adapting for sale of any article:

(d) A part of a factory may be taken to be a separate factory, and a place used as a dwelling shall not be deemed to form part of a factory:

(e) Where a place, situate within the close or precincts forming a factory, is solely used for some purpose other than the manufacturing process or handicraft carried on in the factory, such place shall not be deemed to form part of that factory, but shall, if otherwise it would be a factory, be deemed to be a separate factory and be regulated accordingly:

(f) Any premises or place shall not be excluded from the definition of a factory by reason only that such premises or place are or is in the open air:

(g) Where any owner, occupier, or tenant of any premises, building, workshop, structure, room, or place, who has the right of access thereto and control thereof, lets, or hires out, or contracts for, work or labour to be done therein by any other person, and such other person engages or employs therein any workman, child, young girl, or woman in or for the carrying-out or performing of such work or labour, or any part thereof, every such workman, child, young girl, or woman shall be considered and taken as being in the service and employment of the said owner, tenant, and occupier; and in computing the number of persons employed in any place in order to ascertain if such place comes within the definition of a factory according to the meaning and intent of this Act, every such workman, child, young girl, or woman shall be taken into account:

"Inspector" means the inspector appointed by order of the Lieutenant-Governor in Council under the authority of and for enforcing the provisions of this Act in and for the locality in reference to which such expression applies, and which locality shall be that designated in the order;

"Employer" means any person who, in his own behalf or as the manager, superintendent, overseer, or agent for any person, firm, company, or corporation, has charge of any factory and employs persons therein;

"Week" means the period between midnight on Sunday night and midnight on the succeeding Saturday night;

"Child" means a male person under the age of fourteen years and a female person under the age of fifteen years;

"Young girl" means a girl of the age of fifteen years or upwards and under the age of eighteen years;

"Woman" means a woman of eighteen years of age or upwards;

"Parent" means and includes a parent or guardian of, or a person having the legal custody of or control over, or having direct benefit from the wages of, a child or young girl;

"Court of summary jurisdiction" means the justices of the peace or stipendiary magistrate or police magistrate, as the case may be, to whom jurisdiction is given by this Act to hear and determine prosecutions under this Act;

"Mill-gearing" comprehends every shaft, whether upright, oblique, or horizontal, and every wheel, drum, or pulley by which the motion of the first moving-power is communicated to any machine appertaining to a manufacturing process.

### Application of Act.

3. Where children, young girls, or women are employed at home, that is to say, in a private house, place, or room used as a dwelling, wherein neither steam, water, nor other mechanical power is used in aid of the manufacturing process carried on there, and wherein the only persons employed are members of the same family dwelling there, this Act shall not apply.

(2) Every laundry run for profit, whether operated by manual, muscular, or mechanical power, or partly by manual or muscular power and partly by mechanical power, and whether or not any person is employed therein, shall be deemed a factory within the meaning of this Act; and the provisions of this Act shall apply to every such laundry; and, except in the case of persons employed only as watchmen or in the work of maintaining heat or steam, no person shall be employed in, or work in, or operate any laundry to which the provisions of this Act apply, except between the hours of seven o'clock in the forenoon and seven o'clock in the afternoon. 1919, c. 27, s. 2. Amended 1920, c. 28, s. 2.

### Employees.

4. No child or children shall be employed in any factory, except in the business of canning fish and the work incidental thereto, and fruit-packing, as provided for in section 6 of this Act:

(a) A factory in which the provisions of this section are not complied with by the employer shall be deemed to be kept unlawfully and so that the health of any child therein employed is likely to be permanently injured, and such employer shall, because thereof, be deemed to be guilty of a contravention of the provisions of this Act.

5. The Lieutenant-Governor in Council may from time to time, by order, notice of which shall be published in the Gazette, prohibit the employment of girls under the age of eighteen years and of boys under the age of sixteen years in factories, the work in which is deemed by the Lieutenant-Governor in Council to be dangerous or unwholesome.

6. Children may be employed in the business of canning or curing fish or fruit-packing, and the work incidental thereto, but only during the time of the several salmon-runs and runs of other classes of fish and during the respective fruit seasons: Provided further that the limitations upon the hours of labour, the hours of commencement and cessation of work, as set forth in this Act, shall not be binding upon the employers of any child, young girl, or woman in the business of canning or curing fish or fruit-packing within the time or times aforesaid, but in all other respects this Act shall be applicable to the employers of labour in the business of fish canning or curing, and the canneries operated in connection with any such business.

7. If a person is found in a factory except at meal-times or while all the machinery of the factory is stopped, or for the sole purpose of bringing food to the persons employed in the factory, such person shall, until the contrary is proved, be deemed for the purposes of this Act to have been then employed in the factory;

(a) Yards, playgrounds, and places open to the public view, waiting-rooms and other rooms belonging to the factory in which no machinery is used or manufacturing process carried on, shall not be taken to be any part of the factory within the meaning of this section.

8. A young girl or woman who works in a factory, whether for wages or not, either in the manufacturing process or handicraft, or in cleaning any part of the factory used for the manufacturing process or handicraft, or in cleaning or oiling any part of the machinery, or in any other kind of work whatsoever incidental to or connected with the manufacturing process or handicraft or connected with the article made, or otherwise the subject of the manufacturing process or handicraft therein, shall, save as otherwise provided by this Act, be deemed to be employed in such factory within the meaning of this Act; and for the purpose of this Act an apprentice shall be deemed to work for hire.

9. When an employer has served on an inspector notice of his intention to conduct his factory on the system of not employing children or young girls therein, the factory shall be deemed for all purposes of this Act to be conducted on the said system until the employer changes it, and no change shall be made until the employer changes it, and no change shall be made until the employer has served on the inspector notice of his intention to change the system, and until the change a child, young girl, or young girls employed in a factory shall be deemed to be employed contrary to the provisions of this Act; a change in the said system shall not be made oftener than once in every three months, unless for special cause allowed in writing by the inspector.

10. Nothing in this Act shall extend to any person, being a mechanic, artisan, or labourer, who shall be temporarily working only in repairing either the machinery in or part of a factory.

### Regulations respecting Female Employees.

11. It shall not be lawful to employ in a factory any young girl or woman, so that the health of such young girl or woman is likely to be permanently injured, and whoever so employs any young girl or woman shall, upon summary conviction thereof, incur and be liable to im-

prisonment in the common jail of the judicial district wherein the offence has been committed for a period not exceeding six months, or to a fine of not more than one hundred dollars with costs of prosecution; and in default of immediate payment of such fine and costs, then to imprisonment as aforesaid.

12. To employ in a factory any young girl or woman shall be deemed to be unlawful and to be employing so that the health of such young girl or woman is likely to be permanently injured, if in that factory there is any contravention of the following provisions of this section, that is to say:—

(a) It shall not be lawful for a young girl or woman to be employed for more than eight hours in one day, nor more than forty-eight hours in any one week, unless a different apportionment of hours of labour per day be made for the sole purpose of giving a shorter day's work on Saturday.

(v) In every factory the employer shall allow every young girl and woman therein employed not less than one hour at noon of each day for meals, but such hour shall not be counted as part of the time herein limited with respect to the employment of young girls and women;

(c) If the inspector so directs in writing, the employer shall not allow any young girl or woman to take meals in any room wherein any manufacturing process is then being carried on. And if the inspector so directs in writing, the employer shall, at his own expense, provide a suitable room or place in the factory, or in connection therewith, for the purpose of a dining and eating room for the persons employed in the factory.

13. Subject to any regulations which may be made in that behalf by the Lieutenant-Governor in Council, it shall be lawful for the inspector,—

(a) where any accident, which prevents the working of any factory, happens to the motive power of any machinery; or

(b) where, from any other occurrence beyond the control of the employer, the machinery, or any part of the machinery, of any factory cannot be regularly worked; or

(c) where the customs or exigencies of certain trades require that young girls or women working in a factory, or in certain processes in a factory, shall be employed for a longer period than as herein above provided,—

on due proof to his satisfaction of such accident, occurrence, custom, or exigency of trade, to give permission for such exemption from the observance of the foregoing provisions of the Act as will, in his judgment, fairly and equitably to the proprietors of, and to the women and young girls in, such factory make up for any loss of labour from such accident or occurrence, or meet the requirements of such custom or exigency of trade.

14. In the case of the inspector permitting such exemption as in the last preceding section mentioned,—

(a) No woman or young girl shall be employed before the hour of seven o'clock in the morning nor after the hour of eight o'clock in the evening; and

(b) The hours of labour for women and young girls shall not be more than nine in any one day, nor more than fifty-four in any one week; and

(c) Such exemption shall not comprise more than thirty-six days, in the whole, in any twelve months; and in reckoning such period of thirty-six days every day on which any young girl or woman has been employed overtime shall be taken into account; and

(d) During the continuance of such exemption, there shall, in addition to the hour of the noonday meal provided for by the twelfth section of this Act, be allowed to every woman and young girl so employed in the factory on any day to an hour later than seven of the clock in the afternoon not less than forty-five minutes for another or evening meal, between five and eight of the clock in the afternoon; and

(e) In every factory to, or with respect to, which any such permission for exemption is so given there shall in compliance with the provisions of the sixteenth section of this Act, be affixed a notice specifying the extent and particulars of such exemption.

15. When, under the exemptions allowed herein, any young girl or woman is employed in any factory on any day for a longer period than is allowed herein, the duration of such employment shall be daily recorded by the employer in a register, which shall be in such form as may be required by any regulations made in that behalf by the Lieutenant-Governor in Council, or, until such form is provided, in the form given by this Act.

16. Notice of the hours between which young girls or women may be employed shall be made in such form as may be required by the regulations made in that behalf by the Lieutenant-Governor in Council, or until such form is provided, in the form given by this Act, and shall be signed by the inspector, and by the employer, and shall be hung up, during the period affected by such notice, in such conspicuous place or places in the factory as the inspector requires.

17. A young girl shall not be allowed to clean any part of the machinery in a factory while the same is in motion.

18. A young girl or woman shall not be allowed to clean such part of machinery in a factory as is mill-gearing while the same is in motion.

19. A young girl shall not be allowed to work between the fixed and traversing part of any self-acting machine while the machine is in motion.

20. A young girl or woman, allowed by an employer to clean or work in contravention of any of the last three preceding sections, shall be deemed to be employed by him contrary to the provisions of this Act, and such employer shall be deemed to have contravened the said provisions.

## Provisions for insuring Health and Safety.

21. Every factory shall be kept in a cleanly state and free from effluvia arising from any drain, privy, or any nuisance.

22. A factory shall not be so overcrowded while work is carried on therein as to be injurious to the health of the persons employed therein, and a notice shall be posted in every room specifying the number of employees who shall be allowed to work in such room.

23. Every factory shall be ventilated in such a manner as to render harmless, so far as reasonably practicable by ventilation, all the gases, vapours, dust, or other impurities generated in the course of the manufacturing process or handicraft carried on therein that may be injurious to health.

(2) In printing offices where there are three or more type-setting machines (linotypes, intertypes, monotypes, monolines, and the like), the melting pots of all type-setting, type-casting, and similar machines and apparatus, such as linotype machines, monotype casters, stereotype melting pots, and the like, shall be piped in a proper and efficient manner, so as to effectually carry off the noxious fumes and gases arising during their operation; and all melting pots of stereotyping and type-casting devices shall be properly provided with hoods extending over the melting pots and connected with the aforesaid piping in such manner as to carry off the fumes from the molten metal as well as the burned gas fumes: Provided that exhaust fans, blowers, or other suitable devices shall be installed in composing and other rooms where any of the above machines may be in operation for the purpose of further aiding in the discharge of all deleterious matter therefrom. But, notwithstanding anything herein contained, any system of ventilation may be installed and used that includes mechanical exhaust fans, blowers, or other suitable and efficient devices that in the opinion of the inspector of factories are efficient and satisfactory. 1918, c. 28, s. 2.

(3) The composing and stereotype rooms of any printing and publishing establishment shall not be situated in the basement of any building unless it can be shown to the satisfaction of the inspector of factories that the air-spaces are sufficient and the ceiling or roof is of such height that an effective system of ventilation can be installed and operated. 1918, c. 28, s. 2.

24. In every factory there shall be kept provided a sufficient number of privies, earth or water closets, and urinals for the employees of such factory; such closets and urinals shall at all times be kept clean and well ventilated, and separate sets thereof shall be provided for the use of the male and female employees, and shall have separate approaches and entrances.

25. A factory in which there is a contravention of any of the last four preceding sections, or of the regulations made for the enforcement of any of the same, shall be deemed to be kept unlawfully and so that the health of any person employed therein is likely to be permanently injured; and the employer shall, because thereof, be deemed to be guilty of a contravention of the provisions of this Act.

26. In every factory where, contrary to the provisions of this Act, there is any omission, act, neglect, or default in relation to any overcrowding, ventilation, drain, privy, earth-closet, ash-pit, water-closet, water-supply, nuisance, or other matter, whereby the health of persons employed in the factory may be affected, the employer shall within a reasonable time take such action thereon as the inspector, acting under the regulations (if any) made in respect to such subjects, notifies the employer to be proper and necessary.

27. In every factory where any process is carried on by which dust is generated and inhaled by the workers to an injurious extent, if such inhalation can by mechanical means be prevented or partially prevented, the inspector may, subject to such regulations (if any) as may be made in that behalf, direct that such means shall be provided within a reasonable time by the employer, who in such cases shall be bound so to provide them.

28. A factory in which the provisions of either of the last two preceding sections are not complied with by the employer shall be deemed to be kept unlawfully and so that the health of any person therein employed is likely to be permanently injured, and such employer shall, because thereof, be deemed to be guilty of a contravention of the provisions of this Act.

29. Where two or more persons occupy or use the same room or premises for carrying on any work or business, within the meaning of this Act, and employ in the aggregate four persons or more, no one of such persons employing so many as four, each of the several employers shall be held responsible for providing proper and sufficient water-closets and other requirements set forth in the last eight preceding sections, which said sections shall apply to each and every such employer, as if they were partners in all the work or business of the said room or premises.

30. The inspector may, for the purposes of the last nine preceding sections, take with him into any factory a physician, or a health officer, or other officer of the local sanitary authority.

31. It shall not be lawful to keep a factory so that the safety of any person employed therein is endangered or so that the health of any person employed therein is likely to be permanently injured, and whoever so keeps a factory shall, upon conviction thereof, incur and be liable to imprisonment within any common gaol of the judicial district, within which the offence was committed for a period of not more than twelve months or to a fine of not more than five hundred dollars, with costs of prosecution; and in default of immediate payment of such fine and costs, then to imprisonment as aforesaid.

## 32. In every factory—

(a) All dangerous parts of mill-gearing, machinery, shafting, vats, pans, cauldrons, reservoirs, wheel-races, flumes, water-channels, doors, openings in the floors or walls, bridges, and all other dangerous structures or places shall be, as far as practicable, securely guarded:

(b) No machinery other than steam-engines, shall be cleaned while in motion, if the inspector so directs by written notice;

(c) The opening of every hoistway, hatchway, elevator, or well-hole shall be, at each floor provided with and protected by good and sufficient trap-doors or self-closing hatches and safety-catches, or by such other safeguards as the inspector directs; and such trap-doors shall be kept closed at all times except when in actual use by persons authorized by the employer to use the same:

(d) All elevator cabs or cars, whether used for freight or passengers, shall be provided with some suitable mechanical device, to be approved by the inspector, whereby the cab or car will be securely held in the event of accident to the shipper, rope, or hoisting machinery, or from any similar cause:

(e) Any other particulars which any inspector from time to time considers dangerous, and in regard to which he gives notice to that effect to the employer, shall likewise, as far as practicable, be secured or securely guarded.

33. A factory in which there is a contravention of the last preceding section or of the regulations made for the enforcement of the same shall be deemed to be kept unlawfully and so that the safety of the persons employed therein is endangered.

## 34. In every factory—

(a) There shall be such means of extinguishing fire as the inspector, acting under the regulations made in that behalf, directs in writing:

(b) The main inside and outside doors shall open outwardly, and any door leading to or being the principal or main entrance to the factory, or to any tower, stairway, or fire-escape therein, or belonging thereto, shall not be bolted, barred, or locked at any time during the ordinary and usual working hours in the factory.

35. In the case of factories over two stories in height there shall be provided in every room which is above the ground-floor, or in so many of the rooms above the ground-floor as the inspector in writing certifies to be in his judgment sufficient, a wire or other rope for every window in the room, or for as many windows in the room as the inspector certifies in writing to be sufficient:

(a) Every such rope shall be not less than three-quarters of an inch in thickness, and of sufficient length to reach from the room in which it is kept to the ground below; and every such window of every room shall be provided with proper, convenient, and secure fastenings and appurtenances to which one end of the rope may be safely secured or fastened:

(b) The said wire or other ropes shall be kept in a coil or other convenient position in the room.

36. Every factory three or more stories in height, in which persons are employed above the second story, unless supplied with a sufficient number of tower stairways with iron doors, shall be provided with a sufficient number of fire-escapes; such fire-escapes shall consist of an iron stairway with suitable railing, and shall be connected with the interior of the building by iron doors or windows, with iron shutters, and shall have suitable landings at every story above the first, including the attic if the attic is occupied as a workroom, and such fire-escapes shall be kept in good repair and free from obstruction or incumbrance of any kind; but any of the requirements of this section may be dispensed with in any factory if the inspector so directs.

37. A factory or workshop in which there is a contravention of any of the last three preceding sections shall be deemed to be kept unlawfully and so that the safety of any person employed therein is endangered.

38. In case of a fire or accident in any factory, occasioning any bodily injury to any person employed therein, whereby he or she is prevented from working for more than six days next after the fire or accident, a notice shall be sent to the inspector in writing by the employer forthwith after the expiration of the said six days; and if such notice is not so sent the employer shall be liable to a fine not exceeding thirty dollars.

39. In case of an explosion occurring in a factory, whether any person is injured thereby or not, the fact of such explosion having occurred shall be reported to the inspector in writing by the employer within twenty-four hours next after the explosion takes place; and if such notice is not so sent the employer shall be liable to a fine not exceeding thirty dollars.

40. Where in a factory any person is killed or is injured from any cause in a manner likely to prove fatal, written notice of the accident shall be sent to the inspector within twenty-four hours after the occurrence thereof; and if such notice is not so sent the employer shall be liable to a fine not exceeding thirty dollars.

## Powers of Lieutenant-Governor in Council.

41. The Lieutenant-Governor in Council may from time to time, for the purpose of carrying out this Act,—

(a) make such rules, regulations, and orders for enforcing its provisions and for the conduct and duties of the inspector as may be deemed necessary;

(b) appoint inspectors who shall each be paid such salary or compensation as from time to time may be appropriated for the purpose by the Legislature;

(c) designate and assign, in the order appointing any inspector, the locality in and for which he is to be the inspector under this Act;

(d) by proclamation published in the Gazette, add to or remove from the said schedule A such description of premises as he deems necessary or proper.

42. The Lieutenant-Governor in Council may from time to time appoint female inspectors for the purpose of carrying out this Act, in addition to the other inspectors by law directed.

#### Powers and Duties of Inspectors.

43. The inspector shall, for the purposes of the execution of this Act, and for enforcing the regulations made under the authority hereof, have power to do all or any of the following things, namely:—

(a) To enter, inspect, and examine at all reasonable times, by day or night, any factory and any part thereof, when he has reasonable cause to believe that any person is employed therein, and to enter by day any place which he has reasonable cause to believe to be a factory;

(b) To require the production of any register, certificate, notice, or document required by this Act to be kept, and to inspect, examine, and copy the same;

(c) To take with him in either case a constable into a factory in which he has reasonable cause to apprehend any serious obstruction in the execution of his duty;

(d) To make such examination and inquiry as may be necessary to ascertain whether the provisions of this Act are complied with, so far as respects the factory and the persons employed therein;

(e) To examine, either alone or in the presence of any other person, as he thinks fit, with respect to matters under this Act, every person whom he finds in a factory or whom he has reasonable cause to believe to be, or to have been within the then last two preceding months, employed in a factory, and to require such person to be so examined and to sign a declaration of the truth of the matters respecting which he is so examined;

(f) For the purposes of any investigation, inquiry, or examination made by him under the authority of this Act, to administer an oath to and to summon any person to give evidence;

(g) To exercise such other powers as may be necessary for carrying this Act into effect;

(h) To inspect and examine at all reasonable times, by day or night, any elevator in or about any building (and for the purposes of this clause every building containing an elevator shall be deemed to be a "factory", and to prohibit the use or operation of any elevator for the carriage of passengers until it has been found by the inspector to be safe for that purpose. 1919, c. 27, s. 3 (1).

(2) For every inspection of an elevator made by the inspector under this section, the owner or person in charge of the building shall pay such fee as may be fixed by the Lieutenant-Governor in Council. 1919, c. 27, s. 3 (2).

(3) No person shall operate, nor shall any employer permit any person to operate, any elevator used for the carriage of passengers unless that person is the holder of a license therefor issued by the inspector or by a person authorized in that behalf by the Lieutenant-Governor in Council. The issue of licenses to operators of elevators shall be governed by such rules and regulations as may from time to time be made by the Lieutenant-Governor in Council, but in no case shall any such license be issued to any person under the age of eighteen years or to any person who is not a British subject. 1919, c. 27, s. 3 (2).

44. The employer and his agents and servants shall furnish the means required by the inspector necessary for entry, inspection, examination, inquiry, or the exercise of his powers under this Act in relation to such factory.

45. Every person who wilfully delays the inspector in the exercise of any power under either of the two last preceding sections, or who fails to comply with a requisition or summons of the inspector in pursuance of either of such sections, or to produce any certificate or document which he is required by or in pursuance of this Act to produce, or who conceals or prevents a child, young girl, or woman from appearing before or being examined by the inspector, or attempts so to conceal or prevent a child, young girl, or woman, shall be deemed to obstruct an inspector in the execution of his duties under this Act.

46. Where the inspector is obstructed in the execution of his duties under this Act, the person obstructing him shall be liable to a fine not exceeding thirty dollars; and where an inspector is so obstructed in a factory the employer shall be liable to a fine not exceeding thirty dollars or, where the offence is committed at night, one hundred dollars.

47. (1) The inspector, before entering in pursuance of the powers conferred by this Act without the consent of the occupier, any room or place actually used as a dwelling as well as for a factory, shall, on affidavit or statutory declaration of facts and reasons obtain written authority to do so from the Lieutenant-Governor in Council, or such warrant as is hereinafter mentioned from a justice of the peace, stipendiary or police magistrate.

(2) The affidavit or statutory declaration above mentioned may be inspected or produced in evidence, in all respects the same as an information on oath before a justice.

(3) A justice of the peace, stipendiary magistrate, or police magistrate, if satisfied by information on oath or statutory declaration that there is reasonable cause to suppose that any enactment of this Act is contravened in any such room or place as aforesaid, may, in his discretion, grant a warrant under his hand authorizing the inspector named therein, at any time within the period named therein, but not exceeding one month from the date thereof, to enter

in pursuance of this Act the room or place named in the warrant and exercise therein the powers of inspection and examination conferred by this Act; and the fines and provisions of this Act with respect to obstruction of the inspector shall apply accordingly.

48. Every inspector under this Act shall be furnished with a form of certificate of his appointment, under the hand and seal of the Provincial Secretary or other member of the Executive Council to whom the duty of the administration of this Act may from time to time be assigned, and on applying for admission to a factory shall, if required, produce to the employer the said certificate.

49. The inspector, during his tenure of office, shall not be competent to give testimony in any civil cause, matter, or proceeding with regard to anything which he has seen or done, or with regard to any information he has obtained, opinion he has formed, or investigation he has made in the discharge of his duties as inspector; and during said tenure of office he shall not be competent to give testimony in any civil cause, matter, or proceeding as an expert witness with regard to any subject or matter whatsoever.

50. Such annual or other report of the inspector as the Lieutenant-Governor from time to time directs shall be laid before the Legislative Assembly.

#### Notices.

51. Immediately upon the appointment of the inspector, due notice of which shall be given in the Gazette, every person occupying any premises and carrying on any business described in this Act as a factory shall, within ninety days from such notice of appointment, serve on the inspector a written notice containing the name of the factory, the place where it is situated, the address to which he desires his letters to be addressed, the nature of the work, the nature and amount of the moving-power therein, and the name of the firm under which the business of the factory is carried on; and in default shall be liable to a fine not exceeding fifty dollars.

52. Every person shall, within one month after he begins to occupy a factory, serve on the inspector a written notice containing the name of the factory, the place where it is situated, the address to which he desires his letters to be addressed, the nature of the work, the nature and the amount of the moving-power therein, and the name of the firm under which the business of the factory is to be carried on; and in default shall be liable to a fine not exceeding fifty dollars.

53. There shall be affixed at the entrance of a factory, and in such other parts thereof as the inspector directs, and be constantly kept so affixed, in the form directed by the inspector and in such position as to be easily read by the persons employed in the factory,—

(a) such notices of the provisions of this Act and of any regulations made hereunder as the inspector deems necessary to enable persons employed in the factory to become acquainted with their rights, liabilities, and duties under this Act:

(b) a notice of the name and address of the inspector, with a notice calling upon employees or others who may become aware of any contravention of this Act to communicate direct with the inspector in confidence, and the inspector receiving such information shall not divulge the name of the informant:

(c) a notice of the clock (if any) by which the period of employment and times for meals in the factory are regulated; and

(d) every other notice and document (if any) required by this Act to be affixed in the factory. In the event of a contravention of any provision or requirement of this section, the employer shall be liable to a fine not exceeding twenty dollars.

54. A notice of the name and address of the inspector shall, in compliance with such directions as the inspector may give under the provisions of the last preceding section, be affixed in every factory.

55. Any notice, order, requisition, summons, and document under this Act may be in writing or print, or partly in writing and partly in print.

56. Any notice, order, requisition, summons, or document required or authorized to be served or sent for the purposes of this Act may be served and sent by delivering the same to or at any residence of the person on or to whom it is to be served or sent, or, where that person is an employer within the meaning of this Act, by delivering the same, or a true copy thereof, to his agent or to some person in the factory of which he is employer; it may also be served or sent by post by a prepaid letter, and, if served or sent by post, shall be deemed to have been served and received respectively at the time when the letter containing the same would be delivered in the ordinary course of post, and in proving such service or sending it shall be sufficient to prove that it was properly addressed and put into the post; and where it is required to be served on or sent to an employer, it shall be deemed to be properly addressed if addressed to him at the factory in respect of which he is employer, with the addition of the proper postal address, but without naming the person who is the employer.

#### Registers.

57. In every factory the employer shall keep, in the form and with the particulars prescribed by this Act or by any regulation made by the Lieutenant-Governor in Council in that behalf, a register of women and young girls employed in that factory and of their employment, and of other matter required to be kept by the said regulations under this Act; and shall send to the inspector such extracts from any register kept in pursuance of this Act as the inspector from time to time requires for the execution of his duties under this Act; and in default thereof such employer shall be liable to a fine not exceeding fifty dollars.

58. Every employer carrying on business within the meaning of this Act who shall sublet any contract or give out any materials to be made, altered, repaired, or finished, at any other place than at a factory registered under this Act, shall keep a register of all such work given out and the location of the premises where the work is to be performed. Such register shall be subject to the inspection of the inspector at all times; and he shall, as far as possible, see that such work is performed under proper sanitary conditions.

#### General Provisions.

59. Where in a factory the owner or hirer of a machine or implement moved by steam, water, or other mechanical power, in or about or in connection with which machine or implement children, young girls, or women are employed, is some person other than the employer as defined by this Act, and such children, young girls, or women are in the employment and pay of the owner or hirer of such machine or implement, in any such case such owner or hirer, so far as respects any offence against this Act which may be committed in relation to such children, young girls, or women, be deemed to be the employer.

60. The provisions of this Act which relate—

(a) to the cleanliness, or to the freedom from effluvia, or to the overcrowding or ventilation of a factory; and

(b) to young girls and women being during any part of the times allowed for meals in a factory, employed in the factory or being allowed to remain in any room; and

(c) to the affixing of any notice or abstract in a factory or specifying any matter in the notice so affixed, save and except where such notice is a notice of the name and address of the inspector; and

(d) to sending of notice of accidents—

shall not apply where persons are employed at home; that is to say, to a private house, room, or place which, though used as a dwelling, might, by reason of the work carried on there, be a factory within the meaning of this Act, and in which neither steam, water, nor other mechanical power is used, and in which the only persons employed are members of the same family dwelling there.

61. The provisions of this Act which relate—

(a) to young girls and women being, during any part of the times allowed for meals in a factory, employed in a factory, or being allowed to remain in any room; and

(b) to the affixing of any notice or abstract in a factory or specifying any matter in the notice so affixed, save and except where such notice is a notice of the name and address of the inspector,—

shall not apply to a factory which is conducted on the system of not employing young girls therein, and the occupier of which has served on the inspector notice of his intention to conduct his factory upon that system.

62. In any case where the inspector may instruct an employer to make alterations or additions to a factory, or in respect of any operations carried on therein, conforming with any section of this Act, and the said employer has reason to believe that such changes or additions are needless and not necessary within the spirit of this Act, he may appeal from the decision of the inspector to the Lieutenant-Governor in Council, who shall judge and decide whether such alterations or additions are necessary.

63. It shall not be lawful for any factory to be open, or to employ any person or persons in or upon the premises, on any holiday, as defined by the "Interpretation Act," without permission therefor in writing signed by the inspector; and any contravention of this section shall render the employer liable to a fine not exceeding fifty dollars.

#### Penalties and Prosecutions

64. Every person who wilfully makes a false entry in any register, notice, certificate, or document required by this Act to be left, served, or sent, or who wilfully makes or signs a false declaration under this Act, or who knowingly makes use of any such false entry or declaration, shall, upon conviction thereof, be liable to imprisonment in any common gaol in the judicial district wherein the offence was committed for a period not exceeding six months, or to a fine of not more than one hundred dollars with costs of prosecution; and in default of immediate payment of such fine and costs, then to imprisonment as aforesaid.

65. The parent of any child or young girl employed in a factory in contravention of this Act shall, unless such employment is without the consent, connivance, or wilful default of such parent, be guilty of an offence in contravention of this Act, and shall for each offence, on summary conviction thereof, incur and pay a fine of not more than fifty dollars and costs of prosecution; and, in default of immediate payment of such fine and costs, shall be imprisoned in any common gaol in the judicial district wherein the offence was committed for a period not exceeding three months.

66. If any of the provisions of this Act, or of any regulations, rules, or orders made under the authority thereof by the Lieutenant-Governor in Council, or by any inspector, are contravened, and no other penalty is herein provided for such contravention, the person guilty of such contravention shall, upon summary conviction thereof, incur and pay a fine of not more than fifty dollars and costs of prosecution; and, in default of immediate payment of such fine and costs, shall be imprisoned in any common gaol of the judicial district within which the offence was committed for a period not exceeding three months. Amended 1920, c. 28, s. 3.

67. If a factory is not kept in conformity with this Act, the court of summary jurisdiction, in addition to or instead of inflicting a fine, penalty, or other punishment upon the employer, may order certain means to be adopted by the employer, within the time named in the order, for the purpose of bringing his factory into conformity with this Act. The court may also, upon application, enlarge the time so named; but if, after the expiration of the time as originally named or enlarged by subsequent order, the order is not complied with, the employer shall be liable to a fine not exceeding ten dollars for every day that such non-compliance continues.

68. Where the employer is charged with an offence against this Act, he shall be entitled, upon information duly laid by him, to have any other person whom he charges as the actual offender brought before the court or tribunal at the time appointed for hearing the charge; and if, after the commission of the offence has been proved, the employer proves to the satisfaction of the court that he has used due diligence to enforce the execution of the Act, and that the said other person had committed the offence in question without the knowledge, consent, or connivance of him (the employer), the said other person may be summarily convicted of such offence, and the employer shall be exempt from any fine, penalty, or punishment.

69. Where it is made to appear to the satisfaction of the inspector at the time of discovering the offence that the employer had used all due diligence to enforce the execution of this Act, and also by what person such offence was committed, and also that it was committed without the knowledge, consent, or connivance of the employer and in contravention of his orders, then the inspector shall proceed in the first instance against the person whom he believes to have been the actual offender, without first proceeding against the employer.

70. Where an offence, for which an employer is liable under this Act to a fine, has in fact been committed by some agent, servant, workingman, or other person, such agent, servant, workingman, or other person shall be liable to the same fine, penalty, or punishment for such offence as if he were the employer.

71. A person shall not be liable, in respect of a repetition of the same kind of an offence from day to day, to any larger fine, penalty, or punishment than the highest fine, penalty, or punishment fixed by this Act for the offence, except—

(a) where the repetition of the offence occurs after an information has been laid for the previous offence; or

(b) where the offence is one of employing a child, or two or more young girls or women, contrary to the provisions of this Act.

72. All prosecutions under this Act may be brought and heard before any two of His Majesty's Justices of the peace or any stipendiary magistrate or police magistrate, and, save where otherwise provided by this Act, the procedure shall be governed by the "Summary Convictions Act."

73. The following provisions shall have effect with respect to summary proceedings for offences and fines under this Act:—

(a) The information shall be laid within two months or, where the offence is punishable at discretion by imprisonment, within three months after the offence has come to the knowledge of the inspector;

(b) The description of an offence in the words of this Act or in similar words shall be sufficient in law;

(c) Any exception, exemption, proviso, excuse, or qualification, whether it does or does not accompany the description of the offence in this Act, may be proved by the defendant, but need not be specified or negatived in the information; and if so specified or negatived, no proof in relation to the matter so specified or negatived shall be required on the part of the informant;

(d) It shall be sufficient to allege that a factory is a factory within the meaning of this Act;

(e) It shall be sufficient to state the name of the ostensible employer or the title of the firm by which the employer employing persons in a factory is usually known;

(f) A conviction or order made in any matter arising under this Act, either originally or on appeal, shall not be quashed for want of form; and a conviction or order made under this Act by a court of summary jurisdiction, against which a person is authorized to appeal, shall not be removed by certiorari or otherwise, either at the instance of the Crown or of any private person, into the Supreme Court, except for the purpose of the hearing and determination of a stated case.

74. Where an alleged child or young girl is, in the opinion of the court, apparently of the age alleged by the informant, it shall lie on the defendant to prove that the child or young girl is not of that age.

75. On the trial of any complaint, proceeding, matter, or question under this Act, the person opposing or defending, or who is charged with any offence against or under any of the provisions of this Act, shall be competent and compellable to give evidence in or with respect to such complaint, proceeding, matter, or question.

76. All fines or penalties in money, imposed and recovered under or in pursuance of this Act, shall be paid by the convicting justices or stipendiary magistrate, as the case may be, to the inspector, who shall forthwith pay the same over to the Minister of Finance and Agriculture to and for the use of the Province.

## Forms.

77. Unless and until otherwise ordered or directed by any regulation in that behalf made by the Lieutenant-Governor in Council,—

(a) The register mentioned in and required by the fifty-seventh section of this Act shall, so far as the same relates to young girls, be in the Form No. 1 in schedule B to this Act, and, so far as the same relates to women, in the Form No. 2 in the said schedule;

(b) The register mentioned in and required by the fifteenth section of this Act shall be in the Form No. 3 in the said schedule;

(c) On the first page of any register kept by an employer, pursuant to this Act or to any rule, order, or regulation made in that behalf by the Lieutenant-Governor in Council, shall be printed the Form No. 4 in the said schedule, or one to the like effect, and the same shall be properly filled and signed by the inspector and the employer, when such register is commenced to be kept;

(d) Notice of the hours between which young girls or women are to be employed in any factory, as required by the sixteenth section of this Act, shall be in the Form No. 5 in the said schedule;

(e) Notice to an inspector, under the thirty-eighth and fortieth sections of this Act, may be in the Form No. 6 in the said schedule;

(f) Notice to an inspector, under the ninth section of this Act, shall be in such of the Forms No. 7 and No. 8 in the said schedule as the case requires; and

(g) Notice to an inspector, under the fifty-first section of this Act, shall be given in the Form No. 9 in the said schedule.

## SCHEDULES.

## SCHEDULE A.

## Section 2.

## List of Factories.

|                                    |                                            |
|------------------------------------|--------------------------------------------|
| Abattoirs.                         | Elevators.                                 |
| Agricultural-implement factories.  | Envelope factories.                        |
| Bag and sack factories.            | Extracts and essential-oil factories.      |
| Baking-powder and yeast factories. | Felt factories.                            |
| Barrel and stave-pipe factories.   | Flax-mills.                                |
| Bicycle factories.                 | Flour and feed mills.                      |
| Biscuit factories.                 | Foundries.                                 |
| Blanket factories.                 | Furniture factories.                       |
| Boiler factories.                  | Furriers' workshops.                       |
| Bookbinding factories.             | Galvanized and pressed ironwork factories. |
| Boot and shoe factories.           | Gun and small-arm factories.               |
| Box factories.                     | Harness and leather factories.             |
| Brass foundries.                   | Hosiery factories.                         |
| Breweries.                         | Jams, jellies, and pickle works.           |
| Broom factories.                   | Knitting factories.                        |
| Brush factories.                   | Laundries.                                 |
| Carriage factories.                | Laundry, bluing, and washing-crystal       |
| Carriage goods (iron) factories.   | factories.                                 |
| Carriage woodwork factories.       | Linseed oil mills.                         |
| Cartridge factories.               | Lithographers' workshops.                  |
| Car-shops.                         | Locomotive-works.                          |
| Cheese-box factories.              | Machine-shops.                             |
| Chemical works.                    | Marble-works.                              |
| Cider factories.                   | Match factories.                           |
| Cigar factories.                   | Matting factories.                         |
| Cigar-box factories.               | Mattress factories.                        |
| Clothing factories.                | Meat-packing establishments.               |
| Confectionery factories.           | Metal factories.                           |
| Concentrated-egg factories.        | Millinery-shops.                           |
| Coopers' workshops.                | Ornamental-moulding factories.             |
| Distilleries.                      | Paint-works.                               |
| Domestic-utensils factories.       | Paper-box factories.                       |
| Dressmaking establishments.        | Patent-fertilizer factories.               |
| Dye-works.                         | Patent-medicine factories.                 |
| Edge-tool factories.               | Piano and organ factories.                 |
| Electric-machinery factories.      | Picture-frame works.                       |
| Electrotype factories.             | Planing-mills.                             |

Plated-metal works.  
Potteries.  
Printing and publishing establishments.  
Sail and tent factories.  
Sash and door factories.  
Saw and shingle mills.  
Sewing-machine factories.  
Shirt factories.  
Show-case factories.  
Skate-works.  
Soap-works.  
Soda-water factories.  
Spice and coffee mills.

Tailor-shops.  
Tanneries.  
Tin-box factories.  
Trunk factories.  
Tub and pail works.  
Typefoundries.  
Vinegar-works.  
Wagon and sleigh factories.  
Window-shade factories.  
Woollen mills.

The following industries were added to Schedule A by Order in Council, 25th February, 1910:—

Boat-builders' establishments.  
Blacksmith-shops.  
Brickyards.  
Nail factories.  
Shipyards.  
Saw-works.

Sugar-refineries.  
Pulp-mills.  
Powder-mills.  
Cement-works.  
Smelters.

FORM NO. 6

(Sections 38, 40 and 77.)

THE " FACTORIES ACT."

To \_\_\_\_\_, Factories Inspector:

You are hereby notified, pursuant to section 38 (or as the case may be) of the " Factories Act," of the happening of an accident in the factory hereunder mentioned, whereof the following are the particulars:—

1. Name of person injured (or killed)
2. Factory in which accident happened
3. Date of accident
4. Age of person injured (or killed)
5. Residing on \_\_\_\_\_ Street in the \_\_\_\_\_ of \_\_\_\_\_
6. Cause of injury (or death)
7. Extent of injury.
8. Where injured (or killed) person sent.
9. Remarks.

Dated this \_\_\_\_\_ day of \_\_\_\_\_, 19 .

(Signature of employer or agent).....

(Forms 1-5 and 7-9 omitted.)

**Fire Escapes on Factories, Shops and Office Buildings.**

Chapter 87 with amendments.—1. This Act may be cited as the Fire-escape Act.

**Interpretation.**

2. In the construction of this Act—

"Hotel" means and shall include any apartment-house, boarding-house, lodging-house, public-house, or place of refreshment where lodgings are let, furnished, or provided for the public:

"Public building" means and shall include all factories, department stores, mill buildings, printing-offices, schools, hospitals, municipal buildings, theatres, public halls, and all structures used for office purposes;

"Two stories" when applied to a hotel or public building means two of the divisions of the building comprising the space between a floor and the floor or roof next above, exclusive of the division comprising the space between a floor which is wholly below the grade-level of the ground surrounding such building and the floor next above. 1914, c. 29, s. 2.

3. (1) Every owner, lessee, or proprietor of a hotel or public building exceeding two stories in height shall erect or cause to be erected on the outside of such hotel or public building at least one permanent open metal return fire-escape, together with such additional number of such fire-escapes as may be deemed necessary by the officer required by this Act to see that the provisions of the Act are complied with. If there is no fire-escape or the fire-escape in use is not considered sufficient by such officer, he may, by a written order served upon the owner, lessee, or proprietor of any hotel or public building, require one or more fire-escapes to be provided therefor, at such locations and of the style specified in this section; and within thirty days after the service of such order the number of fire-escapes required therein shall be provided and erected:

Provided that if by reason of the default of any owner, upon reasonable notice in this behalf, any lessee or proprietor is compelled to erect a fire-escape under the provisions of this Act, then the said lessee or proprietor shall have a right of action or set-off against the owner for all actual necessary and reasonable disbursements by him made or incurred by reason of the default of the owner.

(2) Each fire-escape shall connect with each floor above the first, and shall be of sufficient strength, well fastened and secured, and shall have balconies or landings not less than six feet long and three feet wide, guarded by iron railings not less than three feet in height, embracing at least one door or window with sash hung as a door at each story and connected with the interior by easily accessible and unobstructed openings. The balconies or landings shall be connected by iron stairs not less than eighteen inches wide, with steps of not less than six inches tread, placed at a proper slant and protected by a well secured handrail on both sides, and shall have a drop-ladder not less than twelve inches wide reaching from the lower balcony or landing to the ground. A ladder shall extend from the top balcony of every fire-escape to the roof of the building, with a hand-rail on both sides extending at least three feet above the roof and bent over and firmly attached to the roof. The balcony floors of all fire-escapes shall be of metal and not lower than ten inches below the top level of the sills of such openings, which sills shall not be higher than twelve inches above the level of the floor inside the building.

(3) The windows or doors to each landing or balcony of every fire-escape shall be adjusted to readily open so as to give an unobstructed opening at least two feet six inches wide and five feet high, and shall be located as far as possible, consistent with accessibility, from the inside stairways and elevator hatchways or openings, and shall, when possible, connect directly with a hall or corridor, and in any case where such connection is necessarily through a room the doors of such room shall not at any time be locked.

(4) The location of fire-escapes in all buildings shall be conspicuously indicated by placards or finger-signs in all main halls and at the intersections of all cross-halls, and all hotels, factories, workshops, schools, hospitals, assembly halls, theatres, and other buildings requiring fire-escapes, which are occupied at night, shall have all public halls, stairways, and passage-ways properly lighted, and a red light shall be kept burning during the night at the points of egress for each fire-escape; and there shall be kept posted in a conspicuous place in every sleeping room a notice descriptive of the means of escape from the building in case of fire. 1913, c. 24, s. 3.

5. In case any hotel or public building shall be provided with outside stationary or other fire-escapes, differing from what is herein provided for, by means of which, in the opinion of the officer required by this Act to see that the provisions of the Act are complied with, a reasonably safe and convenient means of egress from the apartments or rooms is provided in case of fire, the same shall be deemed a compliance with this Act, so far as relates to all such apartments or rooms.

6. The owner, lessee, or proprietor of every hotel or public building shall, in addition to the notices (if any) which he is now required by law to keep posted up in each of the apartments or rooms of such hotel or public building, also keep posted up therein a notice calling attention to the said fire-escapes, and containing full directions for the use of the same, as well as a description of the outside stairway and the situation and means of egress to the same.

8. In case the owner, lessee, or proprietor of any hotel, church, theatre, hall or public building shall neglect to observe any of the provisions of this Act, he shall be liable, on summary conviction, to a fine for each offence of not exceeding two hundred dollars and costs and not less than twenty dollars and costs; and in default of payment of such fine and costs, to imprisonment, with or without hard labour, for any term not exceeding three months, and not less than one month, and such conviction shall not be a bar to a prosecution for any continuance of such neglect subsequent to such conviction, but such continued neglect shall from time to time constitute a new offence.

9. In all cases where the hotel, church, theatre, hall, or public building is situated within the limits of the municipality, it shall be the duty of the chief officer of the fire department for the municipality, or if there be no such officer, then for the chief of police or head constable for the municipality, to take all necessary proceedings to compel compliance with the provisions of this Act; and in all other parts of the Province the like duty is hereby imposed upon all provincial police constables.

10. The officer required by this Act to see that the provisions of this Act are complied with is hereby empowered from time to time, at any time between the hours of ten a.m., and four p.m., on any day except Saturday or Sunday, or any holiday, to enter into and inspect any occupied hotel or public building within the purview of this Act, and shall have access to all parts thereof; and any person who shall wilfully obstruct such officer in the performance of his duty,

hereunder shall be liable, on summary conviction, to a fine not exceeding one hundred dollars and costs, and not less than twenty dollars and costs; and in default of payment of such fine and costs, to imprisonment, with or without hard labour, for any term not exceeding three months and not less than one month.

### Inspection and Regulation of Factories—Sanitation.

[Chapter 98. Section 2 defines "house" as including factories and other buildings, huts and tents used for human work. Section 7 empowers the Provincial Board of Health to issue regulations regarding the cleansing, ventilating, etc., and the inspection of houses and other buildings, including places where food is prepared, and for the licensing and regulating of plumbers.]

### Inspection and Regulation of Construction Camps, etc.—Medical Attendance for Employees.

Chapter 98.—9. (1) The Provincial Board [of Health] may further from time to time make regulations applicable to lumber camps, mining camps, sawmills, railway-construction camps, and other places where labour is employed throughout the Province:—

(a) Respecting any particular industry and the conditions under which the same may be carried on for the purpose of preventing nuisances and the outbreak or spread of disease:

(b) For the cleansing, regulating, and inspection of lumbering camps, and of mining camps, and of railway-construction works, and of other places where labour is employed:

(c) For providing for the employment of duly qualified medical practitioners by employers of labour in lumbering camps, and in mining camps, and on railroad-construction works, and other works where labour is employed, and for the erection of permanent or temporary hospitals for the accommodation of persons so employed:

(d) For providing for the construction, arrangement, and inspection of houses for the accommodation of men employed in lumbering and mining camps and in railway construction work.

(2) Regulations made under this section may be general in their application, or may be made applicable specially to any particular locality or industry.

66. The health officers of any municipality, health district, or outlying district shall in every year, in the months of April or May, visit all logging, lumber, railway, sawmill, and mining camps in their district and examine into the sanitary conditions thereof, and shall also examine the water supply of the said camps.

67. If upon any examination under either of the last two preceding sections the health officers find that the premises are in a filthy or unclean state, or that any matter or thing is there which in their opinion may endanger the public health, they, or any two of them, may order the owner or occupant of the premises to cleanse the same and remove what is found there.

### Apprenticeship.

Chapter 107.—15. A parent, guardian, or other person having the care or charge of a minor, or any charitable society being authorized by the Lieutenant-Governor in Council to exercise the powers conferred by this Part of this Act, and having the care or charge of a minor, may by indenture, the minor being a male and not under the age of fourteen years, with the consent of the minor, put and bind him as an apprentice to any respectable and trustworthy master-mechanic, farmer, or other person carrying on a trade or calling, for a term not to extend beyond the minority of the apprentice; or in case of a female not under the age of twelve years, with her consent, bind the minor to any respectable and trustworthy person carrying on any trade or calling, or to domestic service with any respectable and trustworthy person, for any term not to extend beyond the age of eighteen years.

16. Where the father of an infant child abandons and leaves the child with the mother, the mother with the approbation of two justices of the peace, may bind the child as an apprentice to any person mentioned in the last preceding section, until the child attains the age of twenty-one years in the case of a male, and eighteen in the case of a female; and an indenture to that effect, under the hand and seal of the mother, and countersigned by such justices, shall be valid; but no child, being male, having attained the age of fourteen years, or being female, having attained the age of twelve years, shall be so apprenticed unless he or she consents.

17. (1) In a city the mayor, judge of the county court, or police magistrate, and in a county the judge of the county court of the county, may put and bind for the like period to any person mentioned in the last two preceding sections of this Act, with the consent of such person and of the minor, any minor who is an orphan or has been deserted by his or her parents or guardian, or whose parents or guardians have been for the time committed to a common gaol or house of correction, or any minor who is dependent upon public charity for support; and such apprentice and master of such apprentice shall be held in the same manner as if the apprentice had been bound by his or her parent.

(2) In the case of a minor, if a male under the age of fourteen years or if a female under the age of twelve years, who has been deserted by his or her parents or guardian, or whose parents or guardian have been for the time being committed to a common gaol or house of correction, or who is dependent upon public charity for support, the consent of such minor shall not be necessary for the purposes of this section.

18. All wages reserved by any indenture or otherwise to be paid for the service of any minor, shall, if not payable to the parent, be either payable to the minor or to some person for the benefit of the minor.

19. If the master of the apprentice dies, the apprentice, if a male, shall by act of law be transferred to the person (if any) who continues the establishment of the deceased; and such person shall hold the apprentice upon the same terms as the deceased, if alive, would have done.

20. A master may transfer his apprentice, with his consent, to any person who is competent to receive or take an apprentice, and who carries on the same kind of business.

21. Every master shall provide his apprentice, during the term of his apprenticeship, with suitable board, lodging, and clothing, or such equivalent therefor as is mentioned in the indenture, and shall also properly teach and instruct him, or cause him to be taught and instructed, in his trade or calling.

22. Every apprentice shall, during the term of his apprenticeship, faithfully serve his master, shall obey all his lawful and reasonable commands, and shall not absent himself from his service, day or night, without his consent.

### Complaints.

23. A judge of the county court or a police magistrate upon complaint made by any minor bound as aforesaid, or by any person on his or her behalf, or by the person to whom the apprentice is bound, may alter the mode in which payment of wages is to be made, by directing payment to the apprentice, or to some other person, in lieu of the manner set out in the indenture; or may, upon proof of gross misconduct or neglect of duty, annul the indenture of apprenticeship or of service, and may compel the person in whose possession, power, custody, or control the indenture is to produce and deliver the same in court, in order to have the indenture cancelled, or to have the order varying the said indenture indorsed thereon, as the case may require.

24. A county court judge or police magistrate may, after allowing a reasonable time for production and delivery, issue a warrant for the imprisonment of the person in default, for any term not exceeding six months, unless the indenture or instrument is previously produced and delivered for the purpose aforesaid.

25. A judge of the county court or police magistrate, upon complaint of any minor over whom a person has been appointed guardian under the sixth section of this Act, or of any person on behalf of the minor, and upon proof of gross misconduct or neglect of duty on the part of the guardian, may emancipate the minor from the authority of the said guardian.

26. A judge of the county court in any case, and a police magistrate in case the apprenticing of a child or the appointment of a guardian under this Act has not been by the parent of the child, may, on the application of either the parent or child, cancel the indenture of apprenticeship, if satisfied that the same was injudiciously or improperly entered into; or cancel the appointment of a guardian, and restore the child to the parent, if satisfied that the parent is a fit and proper person to take charge of the child; and in case such cancellation of the guardianship is on the application of the parent, the authority of the parent shall revive as if no guardian had been appointed.

27. Any justice of the peace, mayor, or police magistrate, on complaint made before him on oath by an apprentice against his master for refusing him necessary provisions, or for misusage, cruelty, or ill-treatment, shall summon the master to appear before him to answer the complaint, and shall thereupon hear and determine the complaint, and on conviction shall levy on the offender a fine not exceeding twenty dollars, and issue a warrant of distress to collect the same and the costs, and in default of satisfaction of the distress shall imprison the offender in any common gaol for a term not exceeding one month, unless the fine and costs be sooner paid.

28. Any justice, mayor, or police magistrate shall also, on complaint of a master against his apprentice for refusing to obey his commands, or for waste or damage to property, or for any other improper conduct, cause the apprentice to come before him, and shall hear and determine the complaint, and on conviction order such apprentice to be imprisoned in a common gaol or house of correction for a term not exceeding one month.

29. In case an apprentice absents himself from his master's service or employment before the time of his apprenticeship expires, he may at any time thereafter, if found in British Columbia, be compelled to serve his master for so long a time as he so absents himself, unless he makes satisfaction to his master for the loss sustained by such absence.

30. (1) In case an apprentice refuses to serve as above required or to make such satisfaction to his master, or to obey the lawful commands of his master, or in any other way refuses or neglects to perform his duty to his master, and if the master, or his overseer or agent, complains on oath to a justice of the peace or police magistrate, either in the county or city where the master resides, or in any county or city where the absconding apprentice is found, such justice or police magistrate may cause the apprentice to be summoned to appear or be apprehended and brought before him, or before some other justice of the peace; and such justice, upon hearing the complaint, shall determine what satisfaction shall be made by the apprentice to the master.

(2) In case the apprentice does not give or make such satisfaction immediately, or in case the satisfaction is of such a nature as not to admit of immediate performance, if he does not give sufficient security to make such satisfaction, then the justice or police magistrate may commit

the apprentice to the common gaol or house of correction of the county or city for any time not exceeding three months; and such imprisonment shall not release the apprentice from the obligation to make up the lost time to the master.

31. Where the apprentice has not left the Province, or, having left the Province, has returned thereto, the master shall not proceed against the apprentice under this Act, except within one year next after the expiration of the term for which the apprentice contracted to serve, or next after his return, as the case may be.

32. Any person who knowingly harbours or employs an absconding apprentice shall pay to the master of the apprentice the full value of the apprentice's labour; and such value shall be what the master would have received from the labour and service of the apprentice if he had continued faithfully in his master's service; and the master may recover the same in any court having jurisdiction where the apprentice has been employed, or where the master resides.

33. If an apprentice becomes insane, or is convicted of an indictable offence, or is sentenced to the Provincial Industrial School or to the penitentiary, or absconds, his master may, within one month thence next ensuing, but not afterwards, avoid the indenture of apprenticeship from the time he gives notice in writing of his intention to do so to the other parties to the indenture, either by serving them with the notice or a copy thereof, or by inserting the same in the Gazette or in a newspaper of the county or city where the master's establishment is situated.

34. The judge, police magistrate, or justice, as the case may be, may, on any complaint or other proceeding under this Act, make such order as to payment of costs as appears just.

### Industrial Disputes—Arbitration and Conciliation.

Chapter 123.—1. This Act may be cited for all purposes as the Labour Conciliation and Arbitration Act.

#### Interpretation.

2. In the construction and for the purposes of this Act, the expression—  
"Lieutenant-Governor" means the Lieutenant-Governor with the advice of the Executive Council;

"Minister" means the responsible Minister charged with the administration of this Act;

"Prescribed" means prescribed by any regulations made under this Act;

"Department" means the office of the Minister.

#### Application of Act.

3. This Act shall apply throughout the Province, and its provisions shall extend to employers generally, and to employees generally, whether said employees are non-union or are members of associations of organized labour.

#### Appointment of Commissioners.

4. The Lieutenant-Governor is hereby authorized to appoint the Provincial Secretary the Minister to act as Commissioner of Councils of Labour Conciliation and Arbitration, and should necessity therefor arise, the Lieutenant-Governor may appoint a Deputy Commissioner. The position of Deputy Commissioner may be held separately or in conjunction with a position in the public service, and may be held either temporarily or permanently.

5. It shall be the duty of the Commissioner or Deputy Commissioner to receive and register and, subject to the provisions of this Act, to deal with all applications lodged by employers or employees, or on their behalf, for reference to a Council of Conciliation, or to a Council of Arbitration, of any dispute or claim within the meaning of this Act; to convene any such council for the purpose of dealing with any such dispute or claim; to keep a register, in which shall be entered the particulars of all references and settlements of disputes and claims made to and by Councils of Conciliation, and of all references and awards made to and by Councils of Arbitration; and generally to do all such things and take all such proceedings as may be required in the performance of his duties, in accordance with any regulations made by the Lieutenant-Governor under this Act. The Commissioner or Deputy Commissioner shall be the officer to issue all summonses to witnesses to attend to give evidence, with or without the production of papers or documents, before any such council, and to issue all notices and perform all other acts in connection with the sittings of any such council in the prescribed manner. The Commissioner (or the Deputy Commissioner, if the Lieutenant-Governor shall so direct) shall have power to issue subpoenas, administer oaths, and take testimony in all matters relating to the duties herein required by said Council; such testimony to be taken in such place or places as he may deem desirable.

#### Councils of Conciliation.

6. Councils of Conciliation shall consist of four conciliators, who shall be appointed by the Lieutenant-Governor from time to time upon the recommendations or nominations of disputants; two by each party to any dispute or claim, by or on behalf of any employer, or the employees of any employer, for the purpose of dealing specially with any reference of such dispute or claim.

7. All references to a Council of Conciliation shall be made pursuant to regulations to be made under this Act:—

(1) When one party to a dispute or claim makes application to have it referred to a Council of Conciliation, and names two conciliators for such purpose, then the other party to the dispute or claim shall within seven days of being so requested, if desirous of obtaining the services of said Council name two conciliators to consider the reference conjointly with the conciliators named by the first party;

(2) In the event of such other party failing or refusing to name conciliators within the prescribed time, then the proposed reference for conciliation shall be voided and the applicant for conciliation shall be informed thereof; but new application for a reference may be made by either party to the dispute.

8. Every member of any such Council of Conciliation, whilst engaged in the adjustment of any dispute, shall be remunerated for his services in a manner and according to a scale of payment to be fixed and provided for by regulations to be passed under this Act.

9. If any member of any such Council shall be disabled, from illness or any other cause, from attending to his duties as such member, the Lieutenant-Governor, on the recommendation of the proper recommending authorities, may appoint a person to act in his place for the period of such disability. And such person shall, upon such appointment, be deemed, for all purposes of this Act, to be a member of such Council during such period.

#### Procedure for Conciliation.

10. Any dispute or claim within the meaning of this Act may be referred for settlement to a Council of Conciliation in manner following:—

(1) The parties to such dispute or claim may jointly agree, in the prescribed manner, to refer such dispute or claim for settlement to a Council of Conciliation, and may each submit the names of conciliators;

(2) Either party to such dispute or claim may, in the prescribed manner, lodge an application with the Commissioner requesting that such dispute or claim be referred for settlement to a Council of Conciliation. On such application being lodged, the other party to the dispute may, on request, name two conciliators;

(3) The Commissioner, on receipt of any such application and agreement for a reference to a Council of Conciliation, accompanied by the names of persons nominated for conciliators, shall forthwith appoint conciliators to consider the reference, as also the time and place where such reference shall be considered.

(4) The members of the Council of Conciliation shall furnish the Commissioner with a report of the result of every such reference, certified under their hands, together with all papers relating to the reference, which report and papers shall be filed of record in the offices of the Department; and they shall be at the disposition of the Council of Arbitration, which may consider the reference on its being transmitted thereto.

11. If the Council of Conciliation shall, by writing signed by the members thereof, report to the Commissioner or Deputy Commissioner that they have been unable to bring about any settlement or adjustment of any dispute or claim referred to them, satisfactory to the parties thereto (and it shall be the duty of such Council in every such case to make such report), the Commissioner on the receipt of such report shall transmit a copy (certified by him) of such report to each party to the dispute or claim, whereupon both parties conjointly may, in the prescribed manner, require the Commissioner to refer the said dispute or claim to the Council of Arbitration for settlement by award. The Commissioner shall thereupon send a copy of such report to the President of the Council of Arbitration, and shall file of record in the offices of the Department all the papers in the reference, which papers shall be at the disposition of the President of the Council of Arbitration.

#### The Council of Arbitration.

12. There shall be a Council of Arbitration for the settlement by award of disputes and claims pursuant to this Act:

(1) Such Council shall have a seal bearing an appropriate device thereon, to be settled by the Lieutenant-Governor, and shall consist of three members, who shall be appointed from time to time by the Lieutenant-Governor in the following manner, namely: The conciliators shall, prior to considering any reference to the Council of Conciliation, nominate two arbitrators, one to represent employers and one to represent employees, to act as a Council of Arbitration in the event of an amicable settlement not resulting from the reference to the Council of Conciliation, and a decision to refer to arbitration being made;

(2) The third member of the Council of Arbitration (who shall be President) shall be appointed by the Lieutenant-Governor on the nomination, within four days after their appointment, of the two arbitrators first named, and their nominee therefor shall be one of the Judges of the Supreme Court;

(3) In case of failure to do so on the part of the said two members, then the Lieutenant-Governor shall appoint the President;

(4) As soon as practicable after a full Council shall have been appointed by the Lieutenant-Governor, the parties to the dispute shall be informed thereof by the Commissioner or the Deputy Commissioner and the reference to arbitration proceeded with in terms pursuant to regulations to be made under this Act.

13. Every member of a Council of Arbitration shall be remunerated for his services in such manner and according to such rate of payment as the Lieutenant-Governor shall appoint, but subject to legislative provision being made therefor.

14. (1) Any vacancy in such Council arising through the death, resignation, or disqualification, or the cancellation of the appointment of any member thereof, shall be filled by the Lieutenant-Governor for the term of office, or the residue of such term (as the case may be), in accordance with the respective methods prescribed by this Act.

(2) The Lieutenant-Governor may appoint, with the consent of the recommending authorities, or, if they fail to nominate any person within four days after such vacancy arises, of his own accord, a person to be Acting President of the Council of Arbitration in case the President of such Council shall be unable to act as such from illness or other temporary disability; and such Acting President shall, upon such appointment, have all the powers and perform all the duties conferred and imposed by this Act upon the President.

(3) If any member of such Council, other than the President, shall, from illness or from any other disability howsoever arising, be unable to perform the duties of his office in respect to any dispute or claim hereunder, the parties thereto may consent, in writing under their respective hands, to the appointment by the Lieutenant-Governor of a member nominated to act for and in the place of the member during such disability; and the Lieutenant-Governor may appoint the person so nominated, who shall thereupon be deemed a member of such Council for all purposes relating to such dispute or claim, and to the hearing and determination thereof.

15. In any case where a Council of Conciliation has, upon a reference to it of any dispute or claim under this Act, been unable to bring about a settlement or adjustment of the same, and thereupon such dispute or claim has, pursuant to the provisions hereinbefore contained, been referred to a Council of Arbitration for its award, it shall be lawful for the members of such Council of Conciliation, subject to the consent in writing of both parties to the said dispute or claim having first been obtained, to sit as assessors upon such reference to the Council of Arbitration, two members of the Council of Conciliation on behalf of each such party: Provided always that no such assessor shall take any part in the hearing or determination of the reference, other than as an assessor sitting to inform the Council of Arbitration when called upon to do so, and that no such member sitting as an assessor shall be entitled to more than half the prescribed fees for so sitting.

16. Any dispute or claim within the meaning of this Act may be referred to a Council of Arbitration for its hearing and determination in any of the following ways:—

(1) On application in the prescribed manner to the Commissioner by both parties to a dispute or claim, which, having been referred to a Council of Conciliation, has not been settled or adjusted by such Council;

(2) On application in like manner to the Commissioner by both parties to a dispute or claim within the meaning of this Act which has not been so referred as aforesaid:

Provided that if the award of the Council of Arbitration shall not be complied with or carried out by the parties to any dispute or claim as aforesaid, or for any reason shall have proved abortive, the parties to the reference or either of them shall not thereby be precluded from referring the same to the Council of Conciliation, or from making a second reference to such council where a former reference has already been made to it.

17. In the event of an application for a reference to a Council of Arbitration under conditions of subsection (2) of the last preceding section, then the parties to the dispute shall make direct recommendations for appointment of the two arbitrators to represent employers and employees respectively, and such two arbitrators shall nominate the president in the same manner as provided for the selection of the president by a Council of Conciliation.

18. The Council of Arbitration shall sit and conduct its proceedings as in open court, and in making its decisions shall be governed as far as practicable by the principles of equity and good conscience: Provided that no party to any proceedings either before the Council of Conciliation or the Council of Arbitration shall be represented by counsel or attorney or by any paid agent other than one or more of the persons between whom the dispute or claim has arisen.

19. The award of the Council of Arbitration shall be made by the president within seven days after such council shall have completed its sittings for the hearing of any reference, and shall be by and under the hands of a majority of the members of the council, and the official seal of the council shall be attached thereto. Every such award shall be published in the Gazette and in one or more newspapers circulating in the district within which the claim or dispute, the subject of such award, arose. A copy of the award certified under the hand of the president of the said council shall be deposited in the office of the Provincial Secretary, and shall be open to inspection, without charge, during office hours.

20. Either party to a reference to the Council of Arbitration may, at any time before award made, by writing under the hands of such party in the prescribed manner, agree to be bound by the award of the council upon such reference, in the same manner as parties are bound upon an award made pursuant to a reference to arbitration or the order of the Supreme Court or of any judge thereof. Every agreement so to be bound shall be laid before the other party to the

reference by the Commissioner or Deputy Commissioner, and if such other party also agree in like manner to be bound by the said award, then the said award may be made a rule of the Supreme Court on the application of either party.

#### General and Miscellaneous Provisions.

21. It shall be lawful for the Commissioner or Deputy Commissioner, and he is hereby authorized, at the request in writing of any member of a Council of Conciliation or of a Council of Arbitration, to summon any witness or witnesses to appear and give evidence on oath or affirmation, as may be necessary, before such council respectively at the time and place appointed for hearing and determining any dispute or claim under this Act (which time and place shall be specified in such summons); and if any person so summoned shall not appear before such council at the time and place specified in such summons, or give some reasonable excuse for default, or appearing according to such summons shall not submit to be examined as a witness and give evidence before such council touching the matter of such dispute or claim, provided reasonable travelling expenses have been tendered to such witness by the party at whose instance the summons is issued, then it shall be lawful for any justice of the peace, and he is hereby authorized (proof on oath in the case of any person not appearing according to such summons, having been first made before such justice of the due service of such summons on every such person by delivering the same to him, or by leaving the same at the usual place of abode of such person), to impose a penalty not exceeding twenty dollars upon such person, to be recovered in a summary way before any two justices of the peace.

22. A claim or dispute under this Act shall include any matter as to which there is a disagreement between any employer and his employees.

23. No claim or dispute shall be the subject of conciliation or arbitration under this Act in any case in which the employees affected by such claim or dispute shall be fewer in number than fifteen.

24. In every case referred to a Council of Arbitration, such Council shall have power to require any party to the claim or dispute so referred to name not more than three persons, who, upon their consent in writing, shall for all the purposes of the reference be taken to represent such party.

25. The Lieutenant-Governor may make regulations for the purpose of giving effect to any of the provisions or requirements of this Act; and all such regulations not being inconsistent with this Act shall have the full effect of law on publication in the Gazette. Every such regulation shall be laid before the Legislature within fourteen days after it has been published in the Gazette, if the Legislature be then in session; but if not, or if the Legislature be in recess, then such regulation shall be laid before it within fourteen days from the date of the first day of the ensuing session or reassembling of the Legislature.

26. All expenses connected with the administration of this Act not hereinbefore provided for, exclusive of the expenses of the parties and witnesses concerned in any dispute or matter referred either to a Council of Conciliation or a Council of Arbitration, shall be defrayed from such annual appropriations as the Legislature shall make in that behalf.

#### Hours of Labour—Eight Hour Day for Smelter Workmen.

Chapter 124.—This Act may be cited as The Labour Regulation Act.

2. No person shall be employed at, in, or about any coke-oven, smelter, concentrator, or mineral-separation plant for a longer period than eight hours in any twenty-four hours, except that on days when shifts change a person may be employed for whatever longer period may be necessary to make the change: Provided that nothing in this section contained shall apply to persons employed in the office, boarding-house, or bunk-house of any smelter, concentrator, or mineral separation plant: And provided further that nothing in this section contained shall apply where any person has been employed or detained for a longer period than eight hours in any twenty-four hours owing to the occurrence of an accident in or about the coke-oven, smelter, concentrator, or mineral-separation plant, or in endeavouring to save or protect human life, or owing to such accident to save property. 1918, c. 40, s. 2.

3. Any owner, agent, or manager, or any one acting on their behalf, employing any workman or person in contravention of this Act shall be liable to a penalty not exceeding one hundred dollars nor less than twenty dollars for each workman or person so employed, and any workman or person so working for a longer period than specified in the last preceding section, shall be liable to a penalty not exceeding one hundred dollars nor less than twenty dollars.

4. Twenty-four hours, for the purpose of this Act, shall mean from midnight to midnight.

#### Employment of Labour on Subsidized Works.

Chapter 125.—1. This Act may be cited as The Subsidized Works Labour Regulation Act.

2. Notwithstanding anything contained in any Act of the Legislature enacted after the twenty-first day of June, 1902, unless future enactments shall expressly exclude the operations of this Act, the Lieutenant-Governor in Council shall not grant aid by money, securities, or lands of the Province, or a right-of-way over lands of the Province, to any person, firm, or corporation, in respect of any railway or other work to be constructed by such person, firm, or corporation, until such person, firm or corporation shall have entered into an agreement with the Lieutenant-

Governor in Council as to the employment of labour upon or in connection with said railway or other work, upon such terms and conditions as to the Lieutenant-Governor in Council shall seem meet and proper, and shall have given the Lieutenant-Governor in Council satisfactory security, by bond or deposit of money, that the terms of said agreement shall be strictly adhered to.

### Earnings of Married Women.

Chapter 152.—7. Every woman who marries or has married after the seventh day of April, 1887, shall be entitled to have and to hold as her separate property, and to dispose of in manner aforesaid, all real and personal property which shall belong to her at the time of marriage, or shall be acquired by or devolve upon her after marriage, including any wages, earnings, money and property gained or acquired by her in any employment, trade, or occupation in which she is engaged, or which she carries on separately from her husband, or by the exercise of any literary, artistic, or scientific skill.

8. Every woman married before the seventh day of April, 1887, shall be entitled to have and to hold and to dispose of in manner aforesaid as her separate property all real and personal property, her title to which, whether vested or contingent, and whether in possession, reversion, or remainder, shall accrue after the said seventh day of April, 1887, including any wages, earnings, money, and property so gained or acquired by her as aforesaid.

### Employment of Labour—General Provisions.

Chapter 153 with amendment.—1. This Act may be cited as the Master and Servant Act.

#### Respecting Contracts.

2. No voluntary contract of service or indentures entered into by any parties shall be binding on them or either of them for a longer time than a term of nine years from the day of the date of such contract.

3. It shall be lawful in any trade, calling, business, or employment for an agreement to be entered into between the workman, servant, or other person employed, and the master or employer by which agreement a defined share in the annual or other net profits or proceeds of the trade or business carried on by such master or employer may be allotted and paid to such workman, servant, or person employed, in lieu of or in addition to his salary, wages, or other remuneration; and such agreement shall not create any relation in the nature of partnership, or any rights or liabilities of co-partners, any rule of law to the contrary notwithstanding; and any person in whose favour such agreement is made shall have no right to examine into the accounts, or interfere in any way in the management or concerns of the trade, calling, or business in which he is employed under the said agreement or otherwise; and any periodical or other statement or return by the employer of the net profits or proceeds of the said trade, calling, business, or employment on which he declares and appropriates the share of profits payable under the said agreement shall be final and conclusive between the parties thereto, and all persons claiming under them respectively, and shall not be impeachable upon any ground whatsoever.

4. Every agreement of the nature mentioned in the last preceding section shall be deemed to be within the provisions of this Act, unless it purports to be excepted therefrom, or this may otherwise be inferred.

5. All agreements or bargains, verbal or written, between masters and journeymen, or skilled labourers, in any trade, calling, or craft, or between masters and servants or labourers, for the performance of any duties or service of whatsoever nature, shall, whether the performance has been entered upon or not, be binding on each party for the due fulfilment thereof; but a verbal agreement shall not exceed the term of one year.

6. No tavern-keeper or boarding-house keeper shall keep the wearing-apparel of any servant or labourer in pledge for any expenses incurred to a greater amount than six dollars, and on payment or tender of such sum, or of any less sum due, such wearing-apparel shall be immediately given up, whatever be the amount due by such servant or labourer; but this is not to apply to other property of the servant or labourer.

7. If after the termination of an engagement between master and servant any dispute arises between them in respect of the term of such engagement, or of any matter appertaining to it, the justice or justices of the peace who receive the complaint shall be bound to decide the matter in accordance with the provisions of this Act, and as though the engagement between the parties still subsisted; but proceedings must be taken within one month after the engagement has ceased.

#### Summary Proceedings before Justices.

8. Any one or more of His Majesty's justices of the peace may receive the complaints upon oath of parties complaining of any contravention of the preceding provisions of this Act, and may cause all parties concerned to appear before him or them, and shall hear and determine the complaint in a summary and expeditious manner.

9. Complaints against any person under this Act may be prosecuted and determined in any county in which the person complained against is found.

10. Any one or more of such justices, upon oath of any such servant or labourer against his master or employer concerning any non-payment of wages, may summon such master or employer to appear before him or them at a reasonable time to be stated in the summons, and he or they or some other justice or justices shall, upon proof on oath of the personal service of such summons, examine into the matter of the complaint, whether the master or employer appears or not; and upon due proof of the cause of complaint the justice or justices may discharge such servant or labourer from the service or employment of such master, and may direct payment to him of any wages found to be due, not exceeding the sum of fifty dollars, and the said justice or justices shall make such order for payment of the said wages as to him or them seems just and reasonable, with costs; and in case of non-payment of the same, together with the costs, for the space of twenty-one days after such order has been made, such justice or justices shall issue his or their warrant of distress for the levying of such wages, together with the costs of conviction and of the distress.

11. Any person who thinks himself aggrieved by any such conviction or order for the payment of wages, or by any order of dismissal from service or employment, or any order or decision of any justice or justices under this Act, may appeal in the same manner as is provided in the "Summary Convictions Act;" and in case of dismissal of the appeal or affirmation of the conviction, order, or decision, the court appealed to shall order and adjudge the offender to be punished according to the conviction, or shall enforce the order for payment of wages or of dismissal, as the case may be, and for the payment of the costs awarded, and shall, if necessary, issue process for carrying such judgment into effect.

#### Medical Attendance.

12. Whenever thirty or more workmen or servants employed in, on, or about any work or undertaking by a master, request, in writing, such master to deduct from their wages a sum to provide for medical attendance, it shall be the duty of such master to give immediate effect to such request; the amount of such sum shall be determined by such workmen or servants and the medical practitioner selected.

13. (1) Before making the request referred to in section 12, a duly qualified medical practitioner or practitioners shall be selected by such workmen or servants, either present in person or represented by proxy, at a special meeting of such workmen or servants called for that purpose. A certificate in writing setting out the amount of the sums to be deducted under the provisions of section 12, and the name of the medical practitioner, selected, signed by the chairman and secretary of the meeting and by the medical practitioner, shall be furnished to the master along with the request.

(2) The workmen or servants may at any time by like resolution alter the name of the medical practitioner, upon giving one month's notice to the master by a like certificate amended in accordance with the resolution and signed by the chairman and secretary of the meeting at which the resolution is passed and by the new medical practitioner selected.

(3) It shall be the duty of the master to pay all sums so deducted to the medical practitioner named in the then current certificate or certificates, and no other sums shall be deducted from the wages of a workman or servant by a master for medical attendance. 1915, c. 42, s. 2.

14. A master who shall refuse to comply with the last two preceding sections, or shall use any influence or intimidation in the selection of a medical practitioner as aforesaid, shall be liable to a penalty of fifty dollars for each offence, to be recovered on complaint of any person under the provision of the "Summary Convictions Act."

15. Whenever a master deducts from the wages of his workmen or servants any sum to provide a fund for paying for medical attendance upon such workmen or servants, it shall be the duty of the master to keep a separate account of all moneys so deducted, and also showing in detail to whom such moneys have been paid and for what purpose expended, and a committee appointed by a majority of the workmen or servants shall have the right at any time to inspect and audit said account. A statement of such account, verified by statutory declaration, shall be filed with the Provincial Secretary on the first of January and the first of July in each year, and any person who contributes to the medical fund shall, upon application to the Provincial Secretary, be supplied with a copy of such statement upon the payment of twenty-five cents. 1915, c. 42, s. 3.

16. When the majority of the workmen engaged by a master through any cause whatever cease to work for more than one month for the master, and any money contributed to the medical fund by the workmen is held by the master, it shall upon request in writing, signed by a majority who contributed to said fund, be handed over to said workmen, or committee appointed by them, and shall be divided *pro rata* among all persons contributing to same. 1915, c. 42, s. 4.

17. A master who shall refuse to allow the committee to inspect and audit said account, or who shall pay out any moneys therefrom to a person not approved as aforesaid, shall be liable for each offence, upon summary conviction before a justice of the peace, police magistrate, or stipendiary magistrate, to a fine of fifty dollars.

(2) Every master who neglects to pay out the said fund or any portion thereof to, or withhold or attempts to withhold the said fund or any portion thereof from, the medical practitioner to whom the same is payable under this Act shall be liable, upon summary conviction, to a penalty of fifty dollars. 1915, c. 42, s. 5.

18. The expression "master" in the last six preceding sections shall include a body of persons, corporate or unincorporate.

## Extra-provincial Labour Contracts Forbidden.

19. Any agreement or bargain, verbal or written, express or implied, which may be made between any person and any other person not a resident of the Province, for the performance of labour or service or having reference to the performance of labour or service by such other person in the Province, and made as aforesaid, previous to the migration or coming into the Province of such other person whose labour or service is contracted for shall be void and of no effect as against the person only so migrating or coming.

Nothing in this section shall be so construed as to prevent any person from engaging under contract or agreement skilled workmen, not resident within the Province, to perform labour in the province in or upon any new industry not at present established in the Province, or any industry at present established, if skilled labour for the purpose of the industry cannot be otherwise obtained, nor shall the provisions of this section apply to teachers, professional actors, artists, lecturers, or signers.

**Mechanics' and Wage Earners' Liens.**

Chapter 154 with amendment.—1. This Act may be cited as the Mechanics' Lien Act.

## Interpretation.

2. In the construction of this Act—

"Contractor" means a person contracting with or employed directly by the owner or his agent for the doing of work or service, or placing or furnishing material for any of the purposes mentioned in this Act;

"Sub-contractor" means a person not contracting with or employed directly by the owner or his agent for the purposes aforesaid, but contracting with or employed by the contractor, or under him by another sub-contractor, to do the whole or a certain portion of the work, or to place or furnish material, but a person doing manual or mental labour for wages shall not be deemed a sub-contractor;

"Owner" means and shall extend to and include a person having any estate or interest, legal or equitable, in the lands upon or in respect of which the work or service is done, or material is placed or furnished, at whose request and upon whose credit, or on whose behalf, or with whose privity or consent, or for whose direct benefit any such work or service is done, or material is placed or furnished, and all persons claiming under him whose rights are acquired after the work or service in respect of which the lien is claimed is commenced or the material placed or furnished have been commenced to be furnished;

"Labourer" means and shall extend to and include every mechanic, miner, artisan, builder, or other person doing labour for wages;

"Person" includes a body corporate, firm, partnership, or association;

"The Judge" means the judge of the county court of the district in which the premises upon which the works or improvements are being carried on are situate;

"Works or improvements" shall include every act or undertaking for which a lien may be claimed under this Act;

"Material" shall include every kind of movable property;

"Wages" means money earned by a labourer for work done, whether by time or as piece-work;

"Mortgage" (See section 9, subsection (a), of this Act).

3. Nothing in this Act shall extend to any public street or highway, or to any work or improvement done or caused to be done by a municipal corporation thereon.

4. (1) Every agreement, verbal or written, express or implied, on the part of any labourer or other person employed in any kind of manual labour intended to be dealt with in this Act, that this Act shall not apply, or that the remedies provided by it shall not be available for the benefit of such person, shall be null and void.

(2) This section shall not apply to a manager, officer, or foreman, or to any other person whose wages are more than five dollars per day.

5. Where work or service is done or material is furnished upon or in respect of the land of a married woman, with the privity and consent of her husband, he shall be conclusively presumed to be acting as well for himself so as to bind his own interest, and also as her agent for the purposes of this Act, unless before doing such work or service, or furnishing such material, the person doing or furnishing the same shall have had actual notice to the contrary.

## Nature of Liens.

6. Unless there is an agreement in writing to the contrary, signed by such person, and in that case subject to the provisions of section 4, every person—

(1) who does work or service or causes work or service to be done upon, or places or furnishes any material to be used in the making, constructing, erecting, altering, or repairing, either in whole or in part of, or adding to, any erection, building, railway, tramway, road, bridge, trestle-work, wharf, pier, mine, quarry, well, excavation, embankment, sidewalk, sewer, drain, ditch, flume, tunnel, aqueduct, dyke, or other work, or the appurtenances to any of them, or improving

any street, road, or sidewalk, adjacent thereto, for any owner, contractor, or sub-contractor, or who does such work, or causes such work to be done, and places or furnishes any such material; or

(2) who does such work or service, or causes work or service to be done, or places or furnishes any material for or in respect of clearing, excavating, filling, grading or ditching any land for any owner, contractor, or sub-contractor, or who does such work, or causes such work to be done, and places or furnishes any such material,— shall, by virtue thereof, have a lien for the price of such work, service, or material, or work, service, and material, upon—

(a) said erection, building, railway, tramway, road, bridge, trestle-work, wharf, pier, mine, quarry, well, excavation, embankment, sidewalk, sewer, drain, ditch, flume, tunnel, aqueduct, dyke, or other work, and the appurtenances to any of them;

(b) the material so placed or furnished for said works or improvements;

(c) the lands occupied or benefited thereby or enjoyed therewith, or upon or in respect of which such work or service is done, or upon which such material is placed or furnished to be used:

Provided that no lien for material supplied shall attach or be enforced unless the person placing or furnishing the same shall, before delivery, or within ten days thereafter, give notice in writing of his intention to claim such lien. Such notice shall be given to the owner or his agent, or to such person and in such manner as the judge may, on summary application, order. Such notice may be given in respect of any specific delivery, or in respect of all deliveries of material made within ten days prior to such notice, and all deliveries subsequent thereto. Such notice may be in the form or to the effect of Schedule A to this Act.

7. The amount of such lien shall not exceed the sum actually owing to the person entitled to the lien, and distribution of any moneys derived from the realization of the liens shall be made in accordance with section 36 of this Act.

8. With the exception of liens in favour of labourers for not more than six weeks' wages, no lien shall attach so as to make the owner liable for a greater sum than the sum payable by the owner to the contractor:

Provided that this clause shall not be construed to apply to liens under section 11 hereof.

9. Where works or improvements are put upon mortgaged premises, the liens, by virtue of this Act, shall be prior to such mortgage as against the increase in value of the mortgaged premises by reason of such works or improvements, but not further, unless the same is done at the request of the mortgagee in writing; and the amount of such increase shall be ascertained upon the basis of the selling value upon taking of the account, or by the trial of an issue as provided in section 31 hereof, and thereupon the judge may, if he shall consider the works or improvements of sufficient value to justify the proceedings, order the mortgaged premises to be sold at an upset price equal to the selling value of the premises immediately prior to the commencement of such works or improvements (to be ascertained as aforesaid), and any sum realized in excess of such upset price shall be subject to the liens provided for by this Act. The moneys equal to the upset prices as aforesaid shall be applied towards the said mortgage or mortgages, according to their priority. Nothing, however, in this section shall prevent the lien from attaching upon the equity of redemption or other interest of the owner of the land subject to such mortgage or charge:

Provided always, that in connection with work done in or about any mine or mineral claim, notwithstanding anything to the contrary in this or any other Act contained, a labourer's lien as provided for in section 6 hereof to the extent of twenty-five days' wages as salary, whether the employment in respect of which the same is payable is by the day, by the week, by the job or piece, or otherwise, shall be absolute, and shall to such extent, but no farther or otherwise, be prior to any mortgage or other encumbrance whatsoever.

Provided further that the holder of any such mortgage or other encumbrance may, at his option, on default by the mortgagor or other encumbrancer, for a period of five days from the entry of the judgment establishing any such lien, to satisfy the same, pay the same, and may treat any money so paid as principal advanced on account of such mortgage or other encumbrance, and money so paid shall bear interest as from the date of such payment at the rate provided for on principal in such mortgage or other encumbrance. Amended 1917, c. 40, s. 2.

(a) "Mortgage" in this section shall not include any part of the principal sum secured thereby not actually advanced to the borrower at the time the works or improvements are commenced, and shall include a vendor's lien and an agreement for the purchase of the land; and for the purposes of this Act, and within the meaning thereof, the purchaser shall be deemed a mortgagor, and the seller a mortgagee.

10. All works or improvements mentioned in section 6 of this Act constructed upon any lands with the knowledge, but not at the request, of the owner, or his authorized agent, or the person having or claiming any interest therein, shall be held to have been constructed at the instance and request of such owner or person having or claiming any interest therein: Provided this section shall not apply to any works or improvements done after there has been posted, on at least two conspicuous places upon such land, or upon the works or improvements thereon, by authority of such owner or person, a notice in writing that he will not be responsible for such works or improvements, or after actual notice in writing to the above effect has reached the person claiming a lien under the provisions of this Act.

11. Notwithstanding anything in the last preceding section contained, all works or improvements mentioned in section 6 of this Act placed upon premises held under option or working bond where the grantee of the option is required or permitted by the grantor of such option to make works, or improvements thereon, shall, for the purpose of creating a lien, be held to have been constructed at the instance and request of the owner of such premises, and the grantor of such option and the liens by virtue of this Act shall attach and be enforceable against the interest both of the owner of the said premises and the grantor of such option.

12. Where any of the property upon which a lien is given by this Act is wholly or partly destroyed by fire, any insurance receivable thereon by the owner, prior mortgagee, or chargee shall take the place of the property so destroyed, and shall, after satisfying any prior mortgage or charge in the manner and to the extent set out in section 9 of this Act, be subject to the claims of all persons for liens to the same extent as if such moneys were realized by the sale of such property in action to enforce a lien.

### Security.

13. Any lien-holder or person entitled to a lien may at any time demand of the owner, or his agent, the terms of the contract or agreement with the contractor for and in respect of which the work is done or material is furnished or placed, and a statement of the amount due or unpaid thereunder; and if such owner or his agent—

(a) does not at the time of such demand, or within a reasonable time thereafter, inform the person making such demand of the parties to the general terms of such contract or agreement, and the amount due or unpaid on such contract or agreement; or

(b) intentionally or knowingly falsely states the terms of such contract or agreement, or the amount due or unpaid thereon;

and if the person claiming the lien sustains loss by reason of such refusal, or neglect, or false statement, such owner shall be liable to him in an action therefor to the amount of such loss.

14. Any owner or other person who may be liable for the payment therefor may at any time demand from any contractor or sub-contractor performing work, or person who has given notice that he intends to claim a lien for materials, the terms of and parties to any contract or agreement under which he is performing work or placing or furnishing material, and a statement of account under same to the date of such demand; and if such contractor, sub-contractor, or person, or his agent—

(a) does not at the time of such demand, or within reasonable time thereafter, inform the person making the demand of the terms of such contract or agreement, and the amount due or unpaid on such contract or agreement, and furnish the account as demanded; or

(b) intentionally or knowingly, falsely states the terms of such contract or agreement, or the amount due or unpaid thereon, or furnishes a false account;

and if the owner or person making such demand sustains loss by reason of such refusal, neglect, or false statement, such contractor, sub-contractor, or person shall be liable to him in an action therefor to the amount of such loss, and, in any event, the lien of such contractor, sub-contractor, or person shall be limited by the statement given or furnished.

15. No owner shall be required to make any payment to any contractor or sub-contractor in respect of any contract where the contract price exceeds five hundred dollars until such contractor, or sub-contractor, or some person in charge of the works or improvements shall post upon the works or improvements a copy of the receipted payroll from the hour of twelve o'clock noon to the hour of one o'clock p.m., on the first legal day after pay-day, and shall have delivered to the owner, or other person acting on his behalf, the original pay-roll containing the names of all labourers and persons placing or furnishing materials who have done work, or placed or furnished material for him upon such works or improvements, with a receipt in full from each of the said labourers and persons placing or furnishing material with the amounts which were due and had been paid to each of them set opposite their respective names, which pay-roll may be in the form in Schedule B hereto, or until the time for filing liens in respect of such works or improvements shall have expired; and no payment made by the owner without the delivery of such pay-roll shall be valid for the purpose of defeating or diminishing any lien upon such property, estate, or interest in favour of any such labourer or person placing or furnishing material.

16. No assignment by the contractor or any sub-contractor of any moneys due in respect of the contract shall be valid as against any lien given by this Act. As to all liens, except that of the contractor, the whole contract price shall be payable in money, and shall not be diminished by any prior or subsequent indebtedness, set-off, or counterclaim in favour of the owner against the contractor.

17. During the continuance of any lien, no portion of the property, affected thereby shall be removed to the prejudice of such lien, and any attempt at such removal may be restrained on application to the judge.

18. Every device by an owner, contractor, or sub-contractor adopted to defeat the priority given to wage-earners for their wages by this Act shall, as against such wage-earners, be null and void.

19. Every lien upon any such erection, building, railway, tramway, road, bridge, trestle-work, wharf, pier, mine, quarry, well, excavation, embankment, sidewalk, sewer, drain, ditch, flume, tunnel, aqueduct, dyke, works, or improvements, the appurtenances to any of them, material or lands, shall absolutely cease to exist—

(1) in the case of a claim for lien by a contractor or sub-contractor after the expiration of thirty-one days after the completion of the contract;

(2) in the case of a claim for lien for materials, after the expiration of thirty-one days after the furnishing or placing of the last materials so furnished or placed;

(3) in the case of a claim for lien for services, after the expiration of thirty-one days after the completion of services;

(4) in the case of a claim for lien for wages, after thirty-one days after the last work is done for which the lien is claimed (except in the case of a claim for wages owing for work in, at, or about a mine, in which case the lien shall cease after the expiration of sixty days after the last work is done for which the lien is claimed): Provided, however, that any labourer shall not be held to have ceased work upon any erection, building, railway, tramway, road, bridge, trestle-work, wharf, pier, mine, quarry, well, excavation, embankment, sidewalk, sewer, drain, ditch, flume, tunnel, aqueduct, dyke, works, or improvements, or land, until the completion of the same, if he has in the meantime been employed upon any other work by the same contractor,—unless in the meantime the person claiming the lien shall file in the nearest County Court Registry, in the county wherein the land is situate, an affidavit, sworn before any person authorized to take oaths, stating in substance—

(a) the name and residence of the claimant, and the name of the owner of the property or interest to be charged;

(b) the particulars of the kinds of works, services, improvements, or materials done, made, or furnished;

(c) the time when the works, services, or improvements were finished or discontinued, or the materials furnished or placed;

(d) the sum claimed to be owing, and when due;

(e) the description of the property to be charged;

and shall within the respective times hereinbefore in this section mentioned file in the land registry office of the land registry district within the limits of which the lands, mines, or premises in respect of which the lien is claimed are situate a duplicate or a copy certified by the said county court registrar to be a true copy of such affidavit, which duplicate or certified copy of such affidavit shall be received and filed in the said land registry office as a lien against the property, interest, or estate against which the lien is claimed. Every county court registrar shall be supplied with printed forms of such affidavits, in blank, which may be in the form or to the effect of Schedule C to this Act, and which shall be supplied to every person requesting the same and desiring to file a lien. Every county court registrar shall keep an alphabetical index of all claimants of liens, and the persons against whom such liens are claimed, which index shall be open for inspection during office hours, and it shall be the duty of such county court registrar to decide whether his is or is not the proper office for the filing of such affidavit, and to direct the applicant accordingly; and no affidavit shall be adjudged insufficient on the ground that it was not filed in the proper county court registry.

20. A substantial compliance only with the last preceding section shall be required, and no lien shall be invalidated by reason of failure to comply with any of the requisites thereof, unless, in the opinion of the judge adjudicating upon the lien under the said Act, the owner, contractor, sub-contractor, mortgagee, or some other person is prejudiced thereby, and then only to the extent to which he is prejudiced, and the judge may allow the affidavit, statement of claim, plaint, and summons to be amended accordingly; and may allow the addition or substitution of all proper parties to the claim of lien, and the action to enforce the same, although the time for filing the affidavit mentioned in the said last preceding section, and instituting proceedings under section 23 hereof, shall have, or either of them has expired.

21. No lien shall be filed unless the claim or joined claims shall amount to or aggregate twenty dollars or more.

22. In the event of the death of the lien-holder, his lien shall pass to his personal representatives, and the right of the lien-holder may be assigned by any instrument in writing, subject to the limitation contained in section 16 hereof.

#### Expiration, Cancellation, and Discharge.

23. Every lien shall absolutely cease to exist after the expiration of thirty-one days after the filing of the affidavit mentioned in section 19 of this Act, unless the claimant in the meantime shall have instituted proceedings to realize his lien under the provisions of this Act in the county court registry in which the lien was filed, or unless in the meantime the consent in writing, signed by the owner or party whose interest is charged, extending the existence of said lien for a period named in said consent, is filed in the county court registry in which the lien was filed. Said consent may be in the form or to the effect of Schedule D to this Act.

24. (1) The county court Registrar shall cancel any lien when the amount due in respect thereof has been ascertained and paid into court in pursuance of an order of the court or judge, or the property has been sold to realize such lien, or such lien has been improperly filed or has otherwise ceased to exist, or on receiving a statement in writing, signed by the claimant or his agent, that the lien has been satisfied.

(2) Upon such cancellation the county court registrar shall issue a certificate thereof to the owner, and the Registrar-General or district registrar of titles (as the case may be) shall, upon the production of such certificate of cancellation, cancel the registration of such lien in the books of the land registry office.

25. Any person against whose property a lien has been registered under this Act may apply to the judge, on an affidavit setting forth registry of the same, and that hardship or inconvenience is experienced, or is likely to be experienced thereby, with the reasons for such statement, for a summons calling upon the opposite party to show cause why such lien should not be cancelled upon sufficient security being given. Such summons, together with a copy of the affidavit on which the same is granted, shall be served on the opposite party and made returnable in three days after the issuing thereof, or in such greater or less time, as the judge may direct.

26. On the return of such summons, the judge may order the cancellation of such lien, either in whole or in part, upon the giving of security by the party against whose property the said lien is registered to the opposite party, in an amount satisfactory to the judge, and upon such other terms (if any) as the judge may see fit to impose.

27. The county court registrar and the Registrar-General or district registrar of titles (as the case may be) in whose office the said lien is registered shall, on the production of such order, or an office copy thereof, file the same and cause the said lien to be cancelled as to the property affected by the order.

#### Enforcement.

28. Any number of lien-holders may be joined in one suit, and all suits or proceedings brought by a lien-holder shall be taken to be brought on behalf of all lien-holders who may be made parties to such suits or proceedings within the time mentioned in section 23 hereof: Provided that the moneys realized in such suit shall be distributed amongst the lien-holders, parties to such suit or proceedings, in the order and manner provided in section 36 of this Act. Any lien-holder not originally joined may, within the time mentioned in section 23 hereof, be made a party to such suit or proceedings by order of the judge, upon *ex parte* application, supported by an affidavit stating the particulars of the claim, and any lien-holder so joined in any such suit or proceedings shall be deemed to have complied with section 23 of this Act as fully as if he instituted a suit in his own behalf.

29. If more than one suit is commenced in respect of the same contract, the owner or contractor shall apply to have the causes consolidated, and failing to do so he shall pay the costs of such additional suit or suits.

30. If two or more actions are brought in respect of the same contract or work, the judge shall, by order, on the application of any person interested, consolidate all the actions, and may make such order as to costs as he shall think fit.

31. Whatever the amount of lien or liens, proceedings to realize same may be taken before the judge, who is hereby authorized and empowered to proceed in a summary manner by summons and order, and he may take accounts and make requisite enquiries, try issues, and in default of payment may direct the sale of the estate or interest charged, and such further proceedings may be taken for the purpose aforesaid as the Judge may think proper in his discretion, and any conveyance under his seal shall be effectual to pass the estate or interest sold. And, when not otherwise provided, the proceedings shall be, as nearly as possible, according to the practice and procedure in force in the county court; and when these are no guide, the practice and procedure used in the Supreme Court shall be followed.

32. If the property sold in any proceedings under this Act shall be a leasehold interest, the purchaser of any such sale shall be deemed to be the assignee of such lease.

33. When it shall appear to the judge in any proceedings to enforce a lien or liens under this Act that such proceedings have arisen from the failure of the owner or contractor, or both of them, to fulfil the terms of the contract or engagement for the work in respect of which the liens are sought to be enforced, or to comply with the provisions of this Act, the Judge may order the said owner or contractor, or both of them, to pay all the costs of such proceedings, in addition to the amount of the contract or sub-contract, or wages due by him or them to any contractor, sub-contractor, or labourer, and may order a final judgment against such contractor or owner, or both of them, for such costs.

34. Upon the hearing of any claim for a lien, the court or judge may, so far as the parties before him, or any of them, are debtor and creditor, give judgment against the former in favour of the latter for the indebtedness or liability arising out of the claim, in the same manner as if such indebtedness or liability had been sued upon in the county court in the ordinary way, without reference to this Act.

And judgment may be given for the sum actually due, notwithstanding such sum may exceed the ordinary jurisdiction of the county court.

35. In any action for a lien where the amount claimed to be owing is less than two hundred and fifty dollars, the judgment shall be final, binding, and without appeal; but in any other action for a lien an appeal shall lie from any judgment or order of the judge in like manner as in ordinary cases.

36. All moneys realized by proceedings under this Act shall be applied and distributed in the following order:—

(1) The costs of all the lien-holders of and incidental to the proceedings and of registering and proving the liens:

(2) Six weeks' wages (if so much be owing) of all labourers employed by the owner, contractor, and sub-contractor:

(3) The several amounts owing for services rendered, work done (in excess of six weeks' wages), and material placed or furnished in respect of the works or improvements:

(4) The amounts owing the sub-contractor and other persons employed by the owner and contractor:

(5) The amount owing the contractor.

Each class of lien-holders shall rank *pari passu* for their several amounts, and the portions of said moneys available for distribution shall be distributed among the lien-holders *pro rata* according to their several classes and rights.

Any balance of said moneys remaining after all the above amounts have been distributed shall be payable to the owner or other person legally entitled thereto.

37. Every mechanic or other person who has bestowed money or skill and materials upon any chattel in the alteration and improvement of its properties, or increasing its value, so as thereby to become entitled to a lien upon such chattel or thing for the amount or value of the money, skill, or materials bestowed, shall, while such lien exists, but not afterwards, in case the amount to which he is entitled remains unpaid for three months after the same ought to have been paid, have power to sell the chattel in respect of which the lien exists, on giving two weeks' notice by advertisement in a newspaper published in the city, town, or county in which the work was done, or in case there is no newspaper published in such city, town or county, then in a newspaper published nearest thereto, stating the name of the person indebted, the amount of his indebtedness, a description of the chattel to be sold, the time and place of sale; and after such sale such mechanic or other person shall apply the proceeds of such sale in payment of the amount due to him, and the costs of advertising and sale, and shall pay over the surplus (if any) to the person entitled thereto, on application being made to him therefor, and a notice in writing of the result of the sale shall be left at or posted to the address of the owner at his last-known place of abode or business.

38. The taking of any security, or the acceptance or discounting of any promissory note, or cheque (which, on presentation, is dishonoured) for the claim, or the taking of any other acknowledgment of the claim, or the taking of any proceedings for the recovery of the claim, or the recovery of any personal judgment for the claim, shall not merge, waive, pay, satisfy, prejudice, or destroy any lien created by this Act, unless the lien-holder agrees in writing that it shall have that effect: Provided, however, that a person who has extended the time for payment of any claim for which he has a lien under this Act, to obtain the benefit of this section shall institute proceedings to enforce such lien within the time limited by this Act, but no further proceedings shall be taken in the action until the expiration of such extension of time: Provided further that notwithstanding such extension of time, such person may, where proceedings are instituted by any other person to enforce a lien against the same property, prove and obtain payment of his claim in such suit or action as if no such extension had been given.

39. The judges of the county courts, or any two of them, may make general rules and regulations, not inconsistent with this Act, for expediting and facilitating the business before such courts under this Act, and for the advancement of the interests of suitors therein.

#### Costs.

40. No fees in stamps or money shall be payable to any judge or other officer in any action brought to realize a lien under this Act, nor on any filing, order, record, or judgment, or other proceedings in such action, excepting that every person, other than a wage-earner, shall, on filing his statement of claim where he is a plaintiff, or on filing his claim where he is not a plaintiff, pay in stamps one dollar on every one hundred dollars, or fraction of one hundred dollars, of the amount of his claim up to one thousand dollars.

41. The costs of the action under this Act awarded by the judge or officer trying the action to the plaintiffs and successful lien-holders, exclusive of the costs of any appeal, shall not exceed in the aggregate an amount equal to twenty-five per cent of the amount of the judgment, besides actual disbursements, and shall be in addition to the amount of the judgment, and shall be apportioned and borne in such proportion as the judge or other officer who tries the action may direct.

42. Where the costs are awarded against the plaintiff or other persons claiming the lien, such costs shall not exceed an amount in the aggregate equal to twenty-five per cent of the claim of the plaintiff and other claimants, besides actual disbursements, and shall be apportioned and borne as the judge or said other officer may direct.

43. In case the least expensive course is not taken by the plaintiff under this Act, the costs allowed to the solicitor shall in no case exceed what would have been incurred if the least expensive course had been taken.

44. Where the lien is discharged or vacated under section 27 of this Act, or where in an action judgment is given in favour of or against a claim for a lien, in addition to the costs of an action, the judge or other officer may allow a reasonable sum for costs of drawing and registering the lien, or for vacating the registration of the lien.

45. The costs of and incidental to all applications and orders made under this Act and not otherwise provided for shall be in the discretion of the judge or officer to whom the application or by whom the order is made.

(Schedules omitted.)

## Inspection and Regulation of Coal Mines.

Chapter 160 with amendments.—1. This Act may be cited as the Coal-mines Regulation Act.

### Interpretation.

2. In this Act, unless the context otherwise requires,—

"Mine" means a coal-mine, and includes every shaft in the course of being sunk, and every level and inclined plane in the course of being driven for opening any coal mine, and any and all the shafts, levels, planes, works, machinery, tramways, and sidings, both underground and above ground, in and adjacent to and belonging to a coal-mine;

"Colliery" means a mine, and includes two or more adjacent mines under the same control and ownership;

"Shaft" includes pit, and means a perpendicular excavation in the earth or strata used for ventilation purposes, or for lowering or hoisting men or material to or from a mine, or for purposes of ingress or egress;

"Slope" or "incline" means an excavation in the earth or strata driven at an oblique angle with the plane of the horizon, and used for ventilation purposes or for the ingress or egress of men or material to or from a mine;

"Tunnel" or "level" means an excavation in the earth or strata driven horizontally or at such grade as may be necessary for drainage or haulage purposes, and used for the ingress or egress of men or material to or from a mine;

"Working-face" means any portion of a coal-seam in any mine from which coal is being cut, removed, sheared, broken, or loosened;

"Opening" includes shaft, slope, incline, tunnel, level, or any other means of access to a mine;

"Bank" means the pit-head or any surface entrance to a mine;

"Plan" includes a map or section, or a copy or tracing of an original map or section certified to be a correct copy by the manager or a properly qualified surveyor;

"Ton of coal gotten by a miner" means a weight of two thousand two hundred and forty pounds;

"Minister" means the Minister of Mines;

"Chief Inspector" means the Inspector for the time being designated by the Minister as the Chief Inspector of Mines;

"Inspector" means a person appointed by the Lieutenant-Governor in Council to be an inspector of mines;

"Woman or girl" means a female of any age;

"Chinaman" and "Chinese" shall include any person or persons of the Chinese blood or race, whether born within the limits of the Chinese Empire and its dependencies or not, and whether naturalized British subjects or not;

"Owner" when used in relation to any mine, means any person or body corporate who is the immediate proprietor, or lessee, or occupier of any mine, or of any part thereof, and does not include a person or body corporate who merely receives a royalty, rent, or fine from a mine, or is merely the proprietor of a mine subject to any lease, grant, or license for the working thereof, or is merely the owner of the soil and not interested in the minerals of the mine; but any contractor for the working of any mine or any part thereof shall be subject to this Act in like manner as if he were an owner, but so as not to exempt the owner from any liability;

"Agent" when used in relation to any mine, means a person acting on behalf of the owner or owners of the mine;

"Manager" means the chief officer having the control and daily supervision of any mine and who possesses a first-class certificate of competency as such issued under this or some former Act;

"Overman" means any person who has the daily charge of the underground workings of a mine under the control and daily supervision of the manager, and next in charge under such manager, and who possesses a second-class certificate of competency as such issued under this or some former Act;

"Mine foreman" or "shiftboss" means any competent person in charge of any mine or part of a mine next under the overman;

"Fireman" or "fireboss" means a competent person appointed to inspect the working-places of a mine, the roadways and approaches thereto, and other accessible parts of a mine and to see that such are safe before a shift is allowed to enter such workings or other parts of the mine;

"Shotlighter" means a competent person employed to examine as to the safety of using and to supervise the use of the explosives used in breaking coal, and who is possessed of a certificate of competency as such;

"Certificated official" means a person holding a first, second, or third-class certificate of competency or service under this Act;

"Coal miner" means a person employed underground in any coal mine to cut, shear, break, or loosen coal from the solid, whether by hand or machinery, and possessed of a certificate of competency as such;

"Competent person" means a person holding a certificate of competency issued under this or some former Act for, and appointed for the purpose of, doing the class of work referred to.

## Division of Act.

3. This Act is divided into thirteen parts, relating to the following subjects:—  
Part

- I.—Regulation of Employment in Mines, and Wages.
- II.—Mining Shafts, Outlets, Submarine Areas, and Division of Mines.
- III.—Employment of Managers, Overseers, and Coal-miners.
- IV.—Board of Examiners and Certificates of and Inquiry into Competency of Managers and Others.
- V.—Returns and Notices.
- VI.—Protection of Abandoned Mines.
- VII.—Inspection of Mines.
- VIII.—Plans of Mines.
- IX.—Arbitration.
- X.—Inquest.
- XI.—General Rules.
- XII.—Rescue Work.
- XIII.—Supplemental.

## PART I.

## REGULATION OF EMPLOYMENT IN MINES, AND WAGES.

## Employment of Women, Girls, and Boys.

4. No boy under the age of fifteen years and no girl or woman of any age shall be employed or be permitted to be in any mine for the purpose of employment therein. No boy under the age of fourteen years and no girl or woman of any age shall be employed or be permitted to be in or about the surface workings of a colliery for the purpose of employment; and every manager shall, on the request of an inspector, produce a copy of the certificate of birth or an affidavit or a statutory declaration setting forth the age of any boy employed in or about such mine or surface workings; Provided, however, that this prohibition shall not affect the employment of any person engaged in the performance of clerical work, or in performing domestic duties in any hotel, boarding house, or residence in connection with such colliery.

5. (1) No person, unless he is a male of at least twenty-two years of age, shall have charge of or operate any engine, windlass, or gin, or any part of the machinery, ropes, chains, or tackle connected therewith, driven or worked by steam or any mechanical power, or by an animal or by manual labour, used for conveying persons in any mine: Provided that when an engine, windlass, or gin, or any part of the machinery, ropes, or tackle connected therewith, is used solely for moving material in any mine, the same may be in charge of or operated by a person or persons not under the age of sixteen years.

(2) Every person in charge of an engine, windlass, or gin, or of any part of the machinery, ropes, chains, or tackle connected therewith, used for conveying persons in any mine shall be possessed of a certificate from a medical practitioner that he is mentally and physically fitted to perform his duty, and shall obtain a renewal of such certificate once in every six months.

6. If any person contravenes or fails to comply with, or permits any person to contravene or fail to comply with, any provision of this Act with respect to the employment of women, girls, boys, or Chinamen, or to the employment of persons about any engine, windlass, or gin, he shall be guilty of an offence against this Act; and in case of any such contravention or non-compliance by any person whomsoever, the owner, agent, and manager shall each be guilty of an offence against this Act, unless he prove that he had to the best of his power taken all reasonable means to prevent such contravention or non-compliance.

7. If it appears that a boy or a person employed about an engine, windlass, or gin was employed on the representation of his parent or guardian that he was of an age at which his employment would not be a contravention of this Act, and under the belief in good faith that he was of that age, the owner, agent, or manager of the mine and employer shall be exempt from any penalty, and the parent or guardian shall for such misrepresentation be deemed guilty of an offence against this Act.

## Wages.

8. No wages shall be paid to any person employed in or about any mine at or within any public house, beer shop, or place for the sale of any spirits, beer, wine, cider, or other spirituous or fermented liquor, or other house of entertainment, or any office, garden, or place belonging or contiguous thereto or occupied therewith.

9. Every person who contravenes or fails to comply with, or permits any person to contravene or fail to comply with, the last preceding section shall be guilty of an offence against this Act; and in the event of any such contravention or non-compliance by any person whomsoever, the owner, agent and manager shall each be guilty of an offence against this Act, unless he prove that he had to the best of his power taken all reasonable means to prevent such contravention or non-compliance.

10. Where the amount of wages paid to any person lawfully employed in a mine depends on the quantity of coal gotten by him, such person shall, unless the mine is exempted by the Minister, be paid according to the weight of the coal gotten by him, and such mineral shall, before screening, be truly weighed, accordingly: Provided always that nothing herein contained shall preclude the owner, agent, or manager of the mine from agreeing with any or all person or persons employed in such mine that deductions shall be made in respect of stones or materials other than coal contracted to be gotten which shall be sent out of the mine with the coal contracted to be gotten, such deductions being determined by the bankman or weigher and checkweigher (if there be one), or, in case of difference, by a third party to be mutually agreed on by the owner, agent, or manager of the mine on the one hand and the persons employed in the mine on the other.

11. Where it is proved to the satisfaction of the Minister by the parties interested that, by reason of any exigencies existing in the case of any mine or class of mines to which the last preceding section applies, it is requisite or expedient that the persons employed in such mine or class of mines should not be paid by the weight of the coal gotten by them, or that the beginning of such payment by weight should be postponed, the Minister may, if he thinks fit, by order, exempt such mine or class of mines from the provisions of the said section, either without condition or during the time and upon the conditions specified in the order, or postpone in such mine or class of mines the beginning of such payment by weight, and may from time to time revoke or alter any such order.

12. If any person contravenes or fails to comply with, or permits any person to contravene or fail to comply with, the provisions of section 10 hereof, he shall be guilty of an offence against this Act; and in the event of any contravention of or non-compliance with said section 10 by any person whomsoever, the owner, agent, and manager shall each be guilty of an offence against this Act, unless he proves that he had to the best of his power taken all reasonable means to prevent such contravention or non-compliance.

13. (1) The persons who are employed in a mine and are paid according to the weight of the coal gotten by them may, at their own cost, station a person (in this Act referred to as a "checkweigher") at the place appointed for the weighing of such mineral in order to take an account of the weight thereof on behalf of the persons by whom he is so stationed. The checkweigher may be appointed by the aforesaid persons employed from time to time in the mine.

(2) The checkweigher shall have every facility afforded to him to take a correct account of the weighing for the persons by whom he is so stationed; and if in any mine proper facilities are not afforded to the checkweigher as required by this section, the owner, agent, and manager of such mine shall each be guilty of an offence against this Act, unless he prove that he had to the best of his power taken all reasonable means to prevent such contravention or non-compliance.

14. The checkweigher shall not be authorized in any way to impede or interrupt the working of the mine or to interfere with the weighing, but shall be authorized only to take such account as aforesaid, and the absence of the checkweigher shall not be a reason for interrupting or delaying such weighing.

15. If the owner, agent, or manager of a mine desires the removal of a checkweigher on the ground that such checkweigher has impeded or interrupted the working of the mine or interfered with the weighing, or has otherwise misconducted himself, he may complain to any court of summary jurisdiction; and if on the hearing of the case the court shall be of opinion that sufficient ground is shown by the owner, agent, or manager to justify the removal of the checkweigher, a summary order for his removal shall be made and the checkweigher shall thereupon be removed, but without prejudice to the stationing of another checkweigher in his place.

16. Proceedings for the removal of a checkweigher shall be deemed to be a matter on which two justices of the peace have authority by law to make an order in a summary manner, and the court may in every case make such order as to the costs of the proceedings as they think just.

17. If in pursuance of any order of exemption made by the Minister the persons employed in the mine are paid by the measure or gauge of the material gotten by them, the provisions of the last four preceding sections shall apply in like manner as if the term "weighing" included measuring and gauging, and the terms relating to weighing shall be construed accordingly.

18. Whenever the coal-miners employed in a mine have engaged a checkweigher, and the majority of such coal-miners have made a request in writing to the owner, agent, or manager that the wages of such checkweigher be paid direct from the office of the mine, the said owner, agent, or manager shall withhold from the wages due the coal-miners aforesaid a *pro rata* amount sufficient from time to time to meet the wages due the checkweigher, and shall pay the same to him in a like manner as the wages of the said coal-miners are paid.

18a. (1) For the purpose of fixing a minimum wage for coal-miners in any part of the Province to which this section applies, there is constituted a Board, to be known as the "Coal-miners Minimum Wage Board," which shall consist of the chief inspector of mines as chairman, and two other members to be appointed, one of whom shall be appointed by the mine-owners and one by the coal-miners. The appointed members of the Board shall hold office during the pleasure of the Minister.

(2) Subject to the provisions of this section, the Board may by order from time to time:—

(a) Define and redefine any portion of the Province as a minimum-wage district for the purposes of this section;

(b) Fix the minimum wage for coal-miners employed in any district;

(c) Impose conditions and exceptions to which the application for the minimum wage in any district shall be subject;

(d) Regulate the time and manner of giving notice of the sittings of the Board and the conduct of business thereat.

(3) No order of the Board defining or redefining a minimum-wage district shall come into operation until the order is approved by the Minister and published in one issue of the "Gazette."

(4) The Board shall not make any order fixing a minimum wage for any district without due notice of not less than fourteen days and full opportunity to all parties interested to appear and be heard at a public sitting of the Board held in that district.

(5) Every order of the Board fixing a minimum wage shall name a date for the coming into operation of the order, but no order fixing a minimum wage shall come into operation unless the order is approved by the Minister and published in one issue of the "Gazette" at least thirty days before the date named for its coming into operation.

(6) For the purpose of seeing that the orders of the Board fixing a minimum wage under this section are observed in the payment of wages, every inspector shall have access at all reasonable times to all time-books and records of payment of coal-miners at every mine in any district to which this section applies.

(7) Every owner, agent, or manager of a mine who in contravention of this section refuses or neglects to give any inspector access to any time-book or record of payment of coal-miners shall be guilty of any offence against this Act.

(8) Every owner, agent, or manager of any mine who employs any coal-miner in respect of whom a minimum wage has been fixed under this section, at less than the minimum wage, shall be guilty of an offence against this Act.

(9) Where any coal-miner has been paid less than the minimum wage to which he is entitled under this Act, the chief inspector of mines, or any inspector of mines instructed by him, may recover from the employer for the benefit of the coal-miner the difference of the amount of the minimum wage and the amount paid in civil action, together with costs and solicitor's fees to be fixed by the court in which the action is brought.

(10) This section shall apply only to such portions of the Province as are within the limits of a minimum-wage district defined by order pursuant to the provisions of this section.

(11) Nothing in this Act shall prejudice the operation of any agreement or custom existing entered into for the payment of wages at a rate higher than the minimum rate settled under this Act. 1919, c. 58.

[Section 16 of Chap. 58 of the Acts of 1919 provides that the above section 18a shall come into operation on the first day of July 1920, and shall remain in force and effect for a period of three years only from that date.]

#### Employment Underground.

19. No person employed in or about a mine shall remain underground for the purpose of employment, or for any other purpose except as hereinafter provided, for a longer period than eight hours from bank to bank in any one calendar day of twenty-four hours: Provided, however, that where more than two shifts are worked the onsetter, bottomer or cager, pumpmen, stablemen, and engineers in charge of constantly running machinery other than motors and machinery directly used for the mining, drilling, or getting of coal at the face, the fireboss or the shiftboss in charge of the mine or shift, may be relieved at the place of duty; but in no case shall such person or persons remain underground for a longer period than eight hours and thirty minutes from bank to bank in any one calendar day of twenty-four hours; and provided further that nothing in this section shall be construed to prohibit extra hours of employment underground for such person or persons when necessitated by a weekly change of shift where more than two shifts are worked as aforesaid:

Provided also that nothing in this section contained shall apply where any miner, mine labourer, or underground worker has been employed or detained underground for a longer period than eight hours from bank to bank in any twenty-four hours owing to the occurrence of an accident to the mine, or in endeavouring to save or protect human life, or owing to such accident to save property, nor prohibit the manager or overman from entering a mine at any time and remaining therein in the necessary discharge of his duties.

No contravention of the foregoing shall be deemed to take place in the case of any pumpman or engineer in charge of constantly running machinery who is underground for the purpose of dealing with any emergency requiring immediate attention and which, if neglected, would necessitate the closing of the mine.

No person shall be employed above ground at or about a mine for a longer period than eight hours in any one calendar day of twenty-four hours: Provided that nothing in this paragraph contained shall apply to persons employed in the office, boarding-house, or bunk-house of any mine: And provided also that nothing in this paragraph contained shall apply where any person has been employed or detained for a longer period than eight hours in any twenty-four hours owing to the occurrence of an accident in, at, or about the mine, or in endeavouring to save or protect human life, or owing to such accident to save property.

"Twenty-four hours" for the purpose of this section shall mean from midnight to midnight.

For the purpose of this section an inspector shall have access at all reasonable times to the time-book or other record of persons employed.

Any person who pays or receives payment for work (other than the hereinbefore excepted work) performed in excess of eight hours in twenty-four hours or who fails to comply with the provisions of this section shall be guilty of an offence against this Act. Amended 1918, c. 54, s. 2.

## PART II.

## MINING SHAFTS, OUTLETS, SUBMARINE AREAS, AND DIVISION OF MINES.

## Shafts or Outlets.

20. The owner, agent, or manager of a mine shall not employ any person in such mine, or permit any person to be in such mine for the purpose of employment therein, unless there are in communication with every seam of such mine for the time being at work at least two shafts separated by natural strata of not less than twenty-five yards in breadth, or other outlets of not less than ten yards in breadth, by which shafts or outlets distinct means of ingress and egress are available to the persons employed in such seam, whether such two shafts or outlets belong to the same mine or one or more of them belong to another mine, and unless there is a communication of not less than four feet wide and four feet high between such two shafts or outlets: Provided that such separation shall not be deemed incomplete by reason only that openings through the strata between the two shafts or outlets have been made for temporary purposes of ventilation, drainage, or otherwise; or in the case of mines where inflammable gas has not been found within the preceding twelve months, for the same purposes, although not temporary.

21. Proper apparatus for raising and lowering persons and for their ingress or egress at each shaft or outlet where necessary shall be kept on the works belonging to the mine; and such apparatus, if not in actual use at the shafts or outlets, shall be constantly available for use.

22. Where two or more shafts are required pursuant to section 20 of this Act, no mine or any portion thereof shall be ventilated by a separate intake and return airway within the area of any one shaft or permanent opening, or maintained by any midwall, air-pipe, or any other separate division within such shaft, but separate shafts separated by not less than seventy-five feet of natural strata shall be used for the intake and return airways respectively.

Provided that nothing in this section shall conflict with the exemptions as to single shafts as set forth in section 26 of this Act:

And provided further that the Minister may grant such exemptions as he may see fit to mines already opened and in operation, or where by reason of the faulty nature of the seam or the limited area of available coal remaining it would be inexpedient to enforce compliance with the said section 20.

23. Every owner, agent, or manager of a mine who acts in contravention of or fails to comply with any provisions of the last three preceding sections shall be guilty of an offence against this Act.

24. The Supreme Court, whether any other proceedings have or have not been taken may, upon the application of the Attorney-General, prohibit by injunction the working of any mine in contravention of sections 20 and 22 of this Act or either of the said sections, and may award such costs in the matter of the injunction as the court thinks just; but this provision shall be without prejudice to any other remedy permitted by law for enforcing the provisions of this Act. Written notice of the intention to apply for such injunction in respect of any mine shall be given to the owner, agent, or manager of such mine not less than ten days before the application is made.

25. No person shall be precluded by any agreement from doing such acts as may be necessary for providing a second shaft or outlet to a mine where the same is required by this Act, or be liable under any contract to any penalty or forfeiture for doing such acts as may be necessary in order to comply with the provisions of this Act with respect to shafts or outlets.

26. The provisions of this Act with respect to shafts or outlets shall not apply in the following cases, that is to say:—

(1) In the case either of opening a new mine for the purpose of searching for coal or proving the mine or of any working for the purpose of making a communication between two or more shafts, so long as not more than twenty persons are employed underground at any one time in the whole of the different seams in connection with each shaft or outlet in such new mine or such working;

(2) In the case of any proved mine, so long as it is exempted in writing by the Minister on the ground either—

(a) that the quantity of coal proved is not sufficient to repay the outlay which would be occasioned by the sinking or making of a second shaft or outlet; or

(b) if the mine is not a mine with inflammable gas, that sufficient provision has been made against danger from other causes than explosions of gas by using stone, brick, or iron in the place of wood for the lining of the shaft and the construction of the midwall; or

(c) that the workings in any seam of a mine have reached the boundary of the property or other extremity of the mineral field of which such seam is a part, and that it is expedient to work away the pillars already formed in course of the ordinary working, notwithstanding that one of the shafts or outlets may be cut off by so working away the pillars of such seam; and so long as there are not employed underground at any one time in the whole of the different seams in connection with the shaft or outlet in any such mine more than twenty persons, or (if the mine is not a mine with inflammable gas) than such larger number of persons as may for the time being be allowed by the Minister:

(3) The Minister may order that a borehole shall be provided in connection with such workings as a measure of safety;

(4) In the case of any mine one of the shafts or outlets of which has become, by reason of some accident, unavailable for the use of the persons employed in the mine, so long as such mine is exempted in writing by the Minister and the conditions on which such exemption is granted are duly observed.

#### Mining Submarine Areas.

27. No submarine seam of coal or stratified deposit thereof shall be wrought under a less cover than one hundred and eighty feet of solid measures: Provided that the owner, agent, or lessee of any such are may drive passageways to win the coal to be wrought under a less cover than one hundred and eighty feet, but not less than one hundred feet of solid measures unless the condition of strata overlying such proposed passageway warrants the Minister, on the written report of the chief inspector, permitting a lesser cover than one hundred feet of solid measures; and provided further that nothing herein contained shall prevent any owner, agent, or lessee from winning water-covered coal-areas, when other means of access thereto are not available by caisson, shaft, or concrete revetment, or by any safe method whereby any shaft or opening may be safely and securely sunk or driven and maintained through such water-covered areas; but any coal or stratified deposit so won shall be mined and operated subject to the provisions of this section; and provided further that the Minister may grant such exemption from the provisions of this section to mines already opened, under such conditions as he may deem safe.

28. Before commencing to mine any coal or stratified deposit thereof in submarine coal-areas, the owner, agent, or lessee shall submit to the chief inspector a plan of the system whereby such submarine coal-area is proposed to be worked, and such system must receive the written approval of the said chief inspector before mining operations shall be commenced, and no change shall be made in such approved system without the written consent of the said chief inspector.

29. The mine-plan of all submarine coal-areas shall show the depth of solid cover at specified distances along the lines of all main roads and around the working-faces, and soundings shall also be taken at reasonable distances and recorded on such plan or plans; and it shall be incumbent upon the owner, agent, lessee, or manager to furnish to the chief inspector or to the inspector for the district, when required and if reasonably practicable, the depth of any marine or alluvial deposit of sand, mud, silt, gravel, or drift which may overlay any submarine coal-area in which mining operations may be carried on, or are intended to be carried on, by the aforesaid owner, agent, lessee, or manager.

#### Division of Mine into Parts.

30. Where two or more parts of a mine are worked separately, the owner or agent of such mine may give notice in writing to that effect to the inspector for the district, and thereupon each such part shall, for all the purposes of this Act, be deemed to be a separate mine.

31. If the Minister is of opinion that the division of a mine, in pursuance of the last preceding section, tends to lead to the evasion of the provisions of this Act, or otherwise to prevent the carrying of this Act into effect, he may object to such division by notice served on the owner or agent of the mine; and such owner or agent, if he decline to acquiesce in such objection, may, within twenty days after the receipt of such notice, send a notice to the inspector for the district stating that he declines so to acquiesce, and thereupon the matter shall be determined by arbitration in manner provided by this Act; and the date of the receipt of the last-mentioned notice shall be deemed to be the date of the reference.

### PART III.

#### EMPLOYMENT OF MANAGERS, OVERSEERS, AND COAL-MINERS.

32. A person shall not be qualified to be, and it shall be unlawful to employ him as, a manager, overman, shiftboss, fireman, or shot-lighter of a mine unless he is for the time being registered as the holder of a certificate under this Act.

#### Certificated Managers and Other Officials.

33. (1) Every mine shall be under the control and daily supervision of a manager, and the owner or agent of every such mine shall nominate himself or some other person (not being a contractor for getting the coal in such mine, or a person in the employ of such contractor) to be the manager of such mine, and he shall send written notice to the inspector for the district of the name and address of such manager.

(2) The underground workings of every mine shall be under the daily charge of an overman or overmen, shiftboss or shiftbosses, fireboss or firebosses, and shot-lighter or shot-lighters, holding certificates under this Act, except as provided in section 34 of this Act.

(3) For the purposes of this section the manager and overman shall be separate persons: Provided, however, that in mines where the number of persons employed underground at any one time does not exceed fifty the manager may also act as overman, unless the inspector, by notice in writing to the owner or agent, requires such mine to be under the control and daily supervision of both a manager and an overman.

34. If any mine is worked for more than fourteen days without a manager as required by this Act, the owner and agent of such mine shall each be liable to a penalty not exceeding two hundred and fifty dollars and to a further penalty not exceeding fifty dollars for every day during which such mine is so worked:

Provided that—

(a) The owner of such mine shall not be liable to any such penalty if he prove that he had to the best of his power taken all reasonable means to comply with this section and to prevent the mine being worked in contravention thereof;

(b) If for any reasonable cause there is for the time being no manager of a mine qualified as required by this Act, the owner or agent of such mine may appoint, with the consent of the chief inspector, any person not holding a certificate under this Act to be manager for a period not exceeding two months, or such longer period as may elapse before such person has an opportunity of obtaining by examination a certificate under this Act, and shall send to the inspector for the district a written notice of the name and address of such manager, and of the reason of his appointment; and

(c) A mine in which less than thirty persons are ordinarily employed underground shall be exempt from the provisions of this section in so far as they relate to the appointment of a manager, unless the chief inspector, by notice in writing served on the owner or agent of such mine, requires the same to be under the control of a manager. But the operations underground shall be under the charge of a person holding a certificate as overman or shiftboss under this Act; Provided, however, that this section shall not apply to prospecting or exploratory workings where less than ten men are employed underground at any one time, unless the chief inspector, by notice in writing served on the owner or agent of such mine, requires such mine to be under the control of such certificated overman or shiftboss.

35. No person shall be employed as a coal-miner in any mine who is not in possession of a certificate of competency as such.

36. Coal-cutting machinery may be operated by any person if he is accompanied by and under the control of a coal-miner under this Act.

37. Every owner, agent, or manager of any mine who gives charge of a working-place to any person who is not the holder of a certificate of competency as required by this Act, and every person who obtains or seeks to obtain such employment by means of a false or fraudulent certificate, shall be guilty of an offence against this Act.

#### PART IV.

##### BOARD OF EXAMINERS AND CERTIFICATES OF AND INQUIRY INTO COMPETENCY OF MANAGERS AND OTHERS.

##### Appointment and Powers of Board.

38. (1) For the purpose of granting in any part of the Province certificates of competency to managers of mines, overmen, shiftbosses, firebosses, shot-lighters, and mine surveyors for the purposes of this Act, examinations shall be conducted by a Board of Examiners, which shall consist of the chief inspector of mines as chairman, and two other members to be appointed by the Minister, one of whom shall be appointed as representing the mine-owners and one as representing the coal-miners. The appointed members of the Board shall hold office during the pleasure of the Minister.

(2) Where any member of the Board of Examiners is unable to act at any examination by reason of illness, absence, or other cause, the Minister may appoint a person to act in the stead of that member for that occasion, or until the termination of the inability, and any person so appointed may complete any unfinished business of the Board in which he has taken part, even if the member in whose stead he has acted has become able to act. 1919, c. 58, s. 3.

39. (1) The proceedings of the Board of Examiners shall be in accordance with the rules in the Second Schedule to this Act, and the Board shall make such reports to the Minister of its proceedings as he may from time to time require.

(2) The Board of Examiners shall from time to time conduct the examinations in any part of the Province of applicants for certificates of competency. Subject to the provisions of this Act and to the approval of the Minister, the Board may from time to time make rules for the conduct of examinations and as to the standard of qualifications required by candidates for examination. In the making of all rules regard shall be had to such knowledge as is necessary for the practical working of mines in the Province. 1919, c. 58, s. 4.

40. All examination papers used by the Board of Examiners in conducting examinations shall be prepared and examined by such persons as the Minister may appoint for that purpose. The papers of all candidates so examined shall be filed with the Board, together with a report of the results of the examination. 1919, c. 58, s. 5.

##### Qualifications of Candidates.

41. In no case shall a certificate of competency be granted to any candidate until he shall satisfy the Board of Examiners—

(a) If a candidate for a manager, that he is a British subject and has had at least five years' experience in and about the practical working of a coal-mine, and is at least twenty-five years

of age; or, if he has taken a degree in scientific and mining training, including a course in coal-mining at a university or mining school approved by the Minister, that he has had at least four years' experience in and about the practical working of a coal-mine;

(b) If a candidate for overman, that he has had at least five years' experience in and about the practical working of a coal-mine, and is at least twenty-three years of age;

(c) If a candidate for shiftboss, fireboss, or shotlighter, that he has had at least three years' experience in and about the practical working of a coal-mine, is the holder of a certificate of competency as a coal-miner, and is at least twenty-three years of age.

A candidate for a certificate of competency as manager, overman, shiftboss, fireboss, or shotlighter shall produce a certificate from a duly qualified medical practitioner or St. John's or other recognized ambulance society, showing that he has taken a course in ambulance work fitting him, the said candidate, to give first aid to men injured in coal mining operations.

For the purposes of this section the experience demanded shall be of such a character as the Board of Examiners shall consider of practical value in qualifying the candidate for the position to which such class of certificate applies.

Experience had outside of the Province may be accepted should the Board of Examiners consider the same of equal value.

42. The Minister shall deliver to every applicant who is duly reported by the Board of Examiners to have satisfactorily passed the examination as manager, overman, shiftboss, or shotlighter, and to have given satisfactory evidence of his sobriety, experience, ability, and general good conduct, such a certificate of competency as the case requires. These certificates shall be in such form as the Minister from time to time directs, and a register of the holders of such certificates shall be kept by such person and in such manner as the Minister from time to time directs.

(2) The Minister may sign and deliver a certificate without written examination to an applicant who, being a British subject, is the holder of a certificate granted in any British dominion if the Board reports that the standard of training and examination required for the granting of such certificate is equivalent to that required for the granting of a corresponding certificate under this Act, and that after oral examination of the applicant it is satisfied with his qualifications. 1919, c. 58, s. 6.

43. Such certificate of competency shall be: first-class as manager; second-class as overman; third-class as shiftboss, fireboss, or shotlighter. A certificate of any class shall be considered to include that of any other of same class, or that of any lower class. Certificates of competency as overman, shotlighter, or fireboss granted under the Coal Mines Regulation Act Amendment Act, 1901, shall be accepted as equivalent to a third-class certificate under this Act, and may be exchanged for such, upon application to the Minister, free of charge.

(2) A certificate of competency as manager, overman, shiftboss, fireboss, or shotlighter shall, in addition to other rights and privileges, entitle its holder to all the rights and privileges granted by a certificate of competency as a coal-miner. 1919, c. 58, s. 7.

#### Certificates of Service.

44. Certificates of service as manager for the purposes of this Act shall be granted by the Minister to every person who satisfies him either that before the first day of March, 1911, he was acting and has since that day acted, or that he has at any time within five years before that date, for a period of not less than twelve months, acted in British Columbia in the capacity of a manager of a mine, or such part of a mine as can under this Act be made a separate mine for the purposes of this Act.

45. Certificates of service as overman for the purposes of this Act shall be granted by the Minister, upon the recommendation of the Board of Examiners, to any person who shall satisfy such Board of Examiners that he is the holder of a certificate as overman issued under the Coal Mines Regulation Act Amendment Act, 1901, and that either before the first day of March, 1911, he was acting and has since that day acted, or that he has at any time within two years before that date for a period of not less than twelve months, acted in a mine in British Columbia in the capacity of overman, as defined by the interpretation clauses of this Act, and that he is otherwise as duly qualified as regards experience and fitness as is required for a certificate of competency as overman under sections 40 to 43, both inclusive, of this Act.

46. Every such certificate of service shall contain particulars of the name, place, and date of birth and the length and nature of the previous service of the person to whom the same is delivered, and a certificate of service may be refused to any person who fails to give a full and satisfactory account of the particulars aforesaid, or to pay such registration fee as the Minister may direct, not exceeding those specified in the First Schedule to this Act.

47. A certificate of service shall have the same effect for the purposes of this Act as a certificate of competency granted under this Act.

#### Inquiries into Competency.

48. If at any time representation is made to the Minister by an inspector, or otherwise, that any manager, overman, shiftboss, fireboss, shotlighter, or coal-miner holding a certificate under this Act is by reason of incompetency, drunkenness, or gross negligence, or negligence leading to or resulting in loss of life or serious injury to any employee, unfit to discharge his duties, or has

been convicted of any offence against this Act, the Minister may, if he thinks fit, cause inquiry to be made into the conduct of such manager, overman, shiftboss, fireboss, shotlighter, or coal-miner; and with respect to such inquiry the following provisions shall have effect:—

(1) The inquiry shall be public, and shall be held at such place as the Minister may appoint, by such county court judge, police magistrate, stipendiary magistrate, or other person or persons, as may be directed by the Minister, and either alone or with the assistance of any assessors named by the Minister;

(2) The Minister shall, before the commencement of the inquiry, furnish the person into whose conduct the inquiry is to be made with a statement of the case upon which the inquiry is instituted;

(3) Some person appointed by the Minister shall undertake the management of the case;

(4) The person into whose conduct the inquiry is to be made may attend the inquiry by himself, his counsel, solicitor, or agent, and may, if he think fit, be sworn and examined as an ordinary witness in the case;

(5) The person or persons appointed to hold the inquiry (in this Act referred to as "the court") shall, upon the conclusion of the inquiry, send to the Minister a report containing a full statement of the case, and an opinion thereon, and such report of or extracts from the evidence as the court thinks fit;

(6) The court shall have power to cancel or suspend the certificate of the person into whose conduct the inquiry has been made if it is found that he is, by reason of incompetency, drunkenness, or gross negligence, unfit to discharge his duty, or has been convicted of an offence against this Act;

(7) The court may require the person into whose conduct inquiry is to be made to deliver up his certificate; and if such person fails, without sufficient cause, to comply with such requisition, he shall upon summary conviction of such failure be liable to a penalty not exceeding five hundred dollars. The court shall hold a certificate so delivered until the conclusion of the investigation, and shall then either restore, cancel, or suspend the same, according to the judgment on the case;

(8) The court shall have, for the purpose of the inquiry, all the powers of a court of summary jurisdiction and all the powers of an inspector under this Act;

(9) The court may also, by summons, require the attendance before the court of any person whatsoever for the purpose of being examined, and every person so summoned shall be allowed such expenses as would be allowed to a witness attending on subpoena before the Supreme Court; and in case of dispute as to the amount to be allowed, the same shall be referred by the court to the Registrar of the Supreme Court, who, on request of the court, shall ascertain and certify the proper amount of such expenses.

49. The court may make such order as it thinks fit respecting the costs and expenses of the inquiry, and such order shall, on the application of any party entitled to the benefit of the same, be enforced by any court of summary jurisdiction as if such costs and expenses were a penalty imposed by such court.

50. The Minister may, if he think fit, pay to the members of the court of inquiry, including any assessors, such remuneration as he may think proper.

51. (1) Where a certificate of a manager, overman, shiftboss, fireboss, shotlighter, or coal-miner is cancelled or suspended in pursuance of this Act, the Minister shall cause such cancellation or suspension to be recorded in the register of holders of certificates.

(2) No other certificate shall be issued to such person whose certificate may have been cancelled or during the terms for which such certificate may have been suspended, save and except as provided in the next succeeding section.

52. The Minister may at any time, if it is shown to him to be just so to do, renew or restore, on such terms as he thinks fit, any certificate which has been cancelled or suspended in pursuance of this Act.

#### Lost Certificates.

53. Wherever any person proves to the satisfaction of the Minister, that he has, without fault on his part, lost or been deprived of any certificate previously granted to him under this Act, the Minister shall, upon payment of such fee (if any) as he may direct, but not exceeding the fee specified in the first Schedule to this Act, cause a copy of the certificate to which the applicant appears by the register to be entitled to be made out and certified by the person who keeps the register, and delivered to the applicant, and any copy which purports to be so made and certified as aforesaid shall have all the effects of the original certificate.

#### Rules for Examination.

54. (1) The Minister may from time to time make, alter, and revoke rules as to the places and times of examination of applicants for certificates of competency under this Act, the number and remuneration of the examiners, and the fees to be paid by the applicants, so that the fees do not exceed those specified in the First Schedule to this Act. Every such rule shall be duly observed by the Board appointed under this Act.

(2) The Lieutenant-Governor in Council shall have power at any time to alter and revoke any rules made by the Board of Examiners.

## Fees.

55. All fees payable by the applicants for examination for or for a copy of a certificate under this Act shall be paid into the Treasury and form part of the general revenue of the Province.

## Examination of Coal-miners.

56 (1) Examinations of applicants for certificates of competency as coal-miners shall be conducted and certificates of competency granted by a Board of Examiners, which shall consist of the inspector of mines for the district in which the examination is held, and two other members to be appointed by the Minister, one of whom shall be appointed to represent the mine-owners and one to represent the coal-miners. The two appointed members of the Board shall have jurisdiction in all districts throughout the Province. The Minister shall appoint one of the appointed members to be chairman and the other to be secretary of the Board, and they shall hold office during the pleasure of the Minister.

(2) Where any member of the Board of Examiners is unable to act at any examination by reason of illness, absence, or other cause, the Minister may appoint a person to act in the stead of that member for that occasion, or until the termination of the disability, and any person so appointed may complete any unfinished business of the Board in which he has taken part, even if the member in whose stead he has acted has become able to act.

(3) The proceedings of the Board of Examiners shall be in accordance with the rules in the Third Schedule to this Act.

(4) Examinations of applicants for certificates of competency as coal-miners shall be held on at least one day in every period of sixty days at each colliery designated by the Minister as a place for the holding of examinations under this section. 1919, c. 58, s. 8.

57. No certificate of competency shall be granted to any coal-miner who does not satisfy the majority of such Board of Examiners that he is sufficiently conversant with the English language, and with the provisions of the Acts relating to coal-mining and the rules and regulations made thereunder, to render his employment as such safe, and also that he has been employed in a coal-mine for at least twelve months previous to the date of his application for such certificate, and has sufficient knowledge of methods of coal-mining to render him competent to perform the duties appertaining to his employment.

(2) An inspector of mines may grant a provisional coal-miner's certificate of competency to any person for a period not exceeding sixty days from the date of the certificate. A provisional certificate of competency shall be valid only within the district to which the inspector who granted the certificate is assigned, and unless the holder of the certificate becomes a successful candidate for and obtains a coal-miner's certificate of competency from the Board of Examiners at the next examination held by the Board at the place designated for the holding of examinations at or nearest to the colliery at which the holder of the provisional certificate is employed, the provisional certificate shall become void, and the person holding it shall forthwith be discharged from employment as a coal-miner. 1919, c. 58, s. 9.

## Unauthorized use of Certificates.

[Chapter 42 of the Acts of 1916, which forms a part of this Act reads as follows:—]

(1). This Act may be cited as the "Coal Miners' Certificates Act," and shall be read with and form part of the "Coal Mines Regulation Act."

(2) Whenever a complaint is made to the Minister of Mines or he has reason to believe that in any colliery in the Province unqualified persons are improperly holding or using certificates of competency as coal miners under the "Coal Mines Regulation Act," he may authorize a Board of Investigation to inquire into the matter of the complaint and determine whether such certificates are wrongfully held or used by persons not duly qualified.

(3) The Board of Investigation shall consist of a judge of the Supreme Court, who shall be the chairman of the Board, and two other persons, one of whom shall be appointed by the Minister of Mines and the other shall be appointed by the employees of the colliery within two weeks after request for such appointment shall have been made by the Minister or within such further time as he may allow.

(4) If the employees fail to appoint a person to act as a member of the Board within the time above limited or such further time as the Minister may allow, the Minister may appoint a suitable person to be such member of the Board, and the person so appointed by the minister shall have the like power to act in the investigation as if he had been duly appointed by the employees.

(5) The Board, when duly constituted, shall hold its first meeting on a day and at a place to be fixed by the Minister, and notice of the time and place of meeting shall be published in the "Gazette" and in a newspaper circulating in the district in which the colliery under investigation is situate.

(6) The Board may from time to time hold such meetings as may be necessary for the completion of the inquiry, and it shall be the duty of the Board to examine and inquire into the certificates of competency held by persons employed as coal miners in the colliery which is the subject of investigation, and for the purpose of the inquiry the members of the Board shall have all the powers of commissioners under the "Public Inquiries Act."

(7) At the conclusion of the investigation, the Board shall report to the Minister its findings with reference to the matters inquired into, and, if it finds that any person employed in such colliery wrongfully holds or uses a certificate of competency as a coal-miner, it shall transmit such certificate to the Department of Mines for cancellation, and the person wrongfully holding or using such certificate shall thereafter be disqualified from employment as a coal-miner in any colliery in the Province.

(8) The expenses of the Board shall be paid as provided in section 118 of the "Coal Mines Regulation Act."

## PART V.

### RETURNS AND NOTICES.

#### Returns.

58. On or before the first day of February in every year the owner, agent or manager of every mine shall send to the inspector of the district for transmission to the Minister a correct return, specifying, with respect to the year ending on the preceding thirty-first day of December, the quantity of coal wrought in such mine, and the number of persons ordinarily employed in or about such mine underground and above ground, distinguishing the persons and different classes employed underground and above ground.

59. The returns shall be in such form as may be from time to time prescribed by the Minister and the inspector for the district on behalf of the Minister shall from time to time, on application, furnish forms for the purpose of such return.

60. The Minister may publish any such individual return or the returns of any inspector.

61. Every owner, agent, or manager of a mine who fails to comply with the last three preceding sections or makes any return which is to his knowledge false in any particular shall be guilty of an offence against this Act.

62. The owner, agent, or manager of every mine shall send to the Minister or the chief inspector a return of any special facts relating to the safety of the mine whenever required.

#### Notices.

63. (1) Where in or about any mine, whether above or underground, either—

(a) loss of life or any personal injury to any person employed in or about the mine occurs by reason of any explosion of gas, powder, or any steam-boiler; or

(b) loss of life or any serious personal injury to any person employed in or about the mine occurs by reason of any accident whatever,—  
the owner, agent, or manager of the mine shall forthwith communicate such information to the chief inspector or inspector for the district by telephone, telegraph, or messenger, if such means of communication are reasonably available, and in addition shall, within twenty-four hours next after the accident, send notice in writing thereof, and of the loss of life or personal injury occasioned thereby, to the inspector of the district on behalf of the Minister, and shall specify in such notice the character of the accident and the number of persons killed and injured respectively.

(2) In cases where loss of life or serious personal injury has occurred in any mine, the place of such accident shall remain undisturbed for a period of three days or until the inspector shall have inspected the same: Provided, however, that a compliance herewith shall not seriously interfere with the general operation of the mine, and such place of accident shall have been examined by an employee, being a coal miner or a member of the miners' or gas committee (if any), on behalf of the miners:

64. Where any personal injury, of which notice is required to be sent under the last preceding section, results in the death of any person injured, notice in writing of the death shall be sent to the inspector of the district on behalf of the Minister within twenty-four hours after such death comes to the knowledge of the owner, agent, or manager.

65. Every owner, agent, or manager who fails to act in compliance with the last two preceding sections or either of them shall be guilty of an offence against this Act.

66. In any of the following cases, namely:—

(1) Where any working is commenced for the purpose of opening a new shaft for any mine;

(2) Where a shaft of any mine is abandoned or the working thereof discontinued:

(3) Where the working of a shaft of any mine is recommenced after any abandonment or discontinuance for a period exceeding two months; or

(4) Where any change occurs in the name of, or in the name of the owner, agent, or manager of, any mine, or in the offices of any incorporated company which is the owner of a mine,—  
the owner, agent, or manager of such mine shall, after such commencement, abandonment, discontinuance, recommencement, or change, forthwith give notice thereof to the chief inspector; and if such notice is not given, the owner, agent, or manager shall be guilty of an offence against this Act.

67. All notices under this Act shall be written in ink or printed, or partly in ink writing and partly in print, and all notices and documents required by this Act to be served or sent by or to an inspector may be either delivered personally or served and sent by post by a prepaid letter,

and if served or sent by post shall be deemed to have been served and received respectively at the time when the letter containing the same would be delivered in the ordinary course of post, and in proving such service or sending it shall be sufficient to prove that the letter containing the notice was properly addressed and mailed.

## PART VI.

### PROTECTION OF ABANDONED MINES.

68. Where any mine is abandoned or the working thereof discontinued, at whatever time such abandonment or discontinuance occurred, the owner thereof and every other person interested in the minerals of such mine shall cause the top of the shaft and any side entrance from the surface to be and to be kept securely fenced for the prevention of accidents:

Provided that—

(1) The owner of the mine shall be primarily liable for the carrying into effect of this section, and shall pay all cost of such fencing if incurred by any person other than the owner:

(2) Nothing in this section shall exempt any person from any liability under any other Act, or otherwise.

If any person fails to act in conformity with this section, he shall be guilty of an offence against this Act.

69. Any shaft or side entrance which is not fenced as required by the last preceding section, and is within fifty yards of any highway, road, footpath, or place of public resort, or is in open or unenclosed land, shall be deemed to be a nuisance.

70. Where any mine is temporarily or permanently abandoned, the owner of such mine at the time of such abandonment shall, within three months after such abandonment, send to the Minister an accurate plan, on a scale of not less than one hundred feet to one inch, or on such other scale as the plan used in the mine at the time of such abandonment is constructed, showing the boundaries of the workings of such mine up to the time of the abandonment, with a view of its being preserved under the care of the Minister; but no person, except an inspector under this Act, shall be entitled, without the consent of the owner of the mine, to see such plan when so sent until after the lapse of ten years from the time of such abandonment: Provided that the accuracy of every such plan shall be certified, so far as is reasonably practicable, by a surveyor or other person approved in that behalf by the chief inspector. Every person who fails to comply with this section shall be guilty of an offence against this Act:

Provided, however, that such inspector or other authorized official of the Department of Mines may, under the direction of the Minister, for the purpose of guarding the safety of mining operations in adjacent properties, take from such deposited plan such measurements or other information as may be necessary therefor, and make use of them in the discharge of his duties.

## PART VII.

### INSPECTION OF MINES.

#### Appointment of Inspectors.

71. The Lieutenant-Governor in Council may from time to time appoint fit persons, who must be possessed of mine managers' certificates of competency, to be inspectors of mines, and assign them their districts and duties, and may award them such remuneration as the Lieutenant-Governor in council may approve, and may remove such inspectors.

72. The Minister may designate one of such inspectors as chief inspector, and assign to him such duties and designate any such place as the office of such chief inspector as he may see fit.

73. The Minister may at any time appoint any mining engineer or other person of scientific or special attainment or practical experience to make a special investigation and report upon any mining operations so far as they relate to the safety of life and property in any mine, and such person so appointed shall have all the rights of entry into such mine and access to such plans and records as are accorded to an inspector under this Act; and in such case the Minister may cause such report to be made public at such time and in such manner as he thinks expedient.

74. Notice of the appointment of every such inspector shall be published in the Gazette.

75. Any such inspector is referred to in this Act as an inspector; and the inspector for a district means the inspector who is for the time being assigned to the district or portion of the Province with reference to which the term is used.

#### Disqualification.

76. Any person who practices or acts, or is partner of any person who practices or acts, as a land agent or mining engineer, or as a manager, viewer, agent, or valuer of mines, or arbitrator in any difference arising between owners, agents, or managers of mines, or is otherwise employed in or about any mine (whether such mine is one to which this Act applies or not), shall not act as an inspector under this Act, and no inspector shall be a partner or have any interest, direct or indirect, in any mine in the district under his charge.

## Powers and Duties of Inspectors.

77. An inspector under this Act shall have power to do all or any of the following things, namely:—

(1) To make such examination and inquiry as may be necessary to ascertain whether the provisions of this Act relating to matters above ground or underground are complied with:

(2) To enter, inspect, and examine any mine and every part thereof at all reasonable times by day and night, but so as not to impede or obstruct the working of the said mine, except in an effort to save human life.

(3) To examine into and make inquiry respecting the state and condition of any mine or any part thereof, and the ventilation of the mine, and the sufficiency of the special rules for the time being in force in the mine, and all matters and things connected with or relating to the safety of the persons employed in or about the mine or any mine contiguous thereto:

(4) To exercise such other powers as may be necessary for carrying this Act into effect.

The inspector shall visit every mine within his jurisdiction and every part thereof, and all underground travelling-roads leading to and therefrom, and all air-courses, at least once every month.

Immediately after each visit the inspector shall cause to be posted in some conspicuous place, at or near the mine, a statement showing what portion of such mine has been inspected, and the condition found to prevail therein; and he shall furnish a copy of such statement to the manager of such mine.

78. Every person who wilfully obstructs any inspector in the execution of his duty under this Act, and every owner, agent, or manager of a mine who refuses or neglects to furnish to the inspector the means necessary for making any entry, inspection, examination, or inquiry under this Act in relation to such mine, shall be guilty of an offence against this Act.

79. (1) If an inspector, upon careful investigation, is of the opinion that a mine or any part thereof is in any respect dangerous, or that any matter, thing, or practice done, followed, or permitted in, about, or in connection with such mine constitutes a defect calculated to impair the efficiency of mining operations or to endanger the safety of any person in or about such mine, such inspector shall give notice thereof in writing to the owner, agent, or manager of the mine, stating in such notice the grounds of his opinion, and shall, by the said notice or otherwise, order that such remedies be applied and such provision be made for the safeguarding of those employed in or about the mine as he thinks requisite. If the inspector is of opinion that any delay in remedying such matter would be dangerous, he may order the closing of the mine or any part thereof, or may order the stopping of all work therein or connected therewith, until the matter complained of be remedied; and in every such case the inspector shall forthwith transmit to the Minister a copy of the order and a full report of the reasons therefor.

Any owner, agent, manager, or other person refusing or neglecting to obey any order given by the inspector under this subsection shall be guilty of an offence against this Act.

(2) Where an inspector has reason to believe that a dangerous condition exists in any mine by reason of the approach of workings to old or abandoned workings, he shall at once report to the chief inspector, who in turn shall report to the Minister. Under instructions from the Minister the chief inspector shall make an examination of the locality in which such workings are situate, and issue directions to govern mining operations (if any) to be carried on in such locality until such dangerous condition is removed or overcome.

(3) The powers and duties of the inspector under this section shall also extend to the case of the employment in a mine of any person who, by want of understanding, knowledge, or skill, or owing to mental or physical incapacity or incompetency for the performance of the particular task or duty upon which he is engaged, or who from any cause is unable to clearly understand instructions conveyed to him, or is or may be a source of danger to any other person in the mine in which such person is for the time being employed, or whose presence or employment in such mine exposes or may expose any person to the risk of bodily injury; and it shall be the duty of the inspector, on the application in writing of any three miners employed within his inspectorate or on his own initiative, to examine any person or persons employed in such mine, for the purpose of ascertaining whether any such want of understanding, knowledge, or skill, or any such mental, physical, or other incapacity or incompetency or inability to understand instructions, exists on the part of any person or persons so employed; and the employment in any mine of any person in whom such want of understanding or skill, or such mental, physical, or other incapacity or incompetency exists, or is found by the inspector to exist, shall be deemed to be a matter, thing, or practice within the meaning of this Act constituting a defect calculated to impair the efficiency of mining operations and to endanger the safety of persons employed in or about such mine, and an inspector may order the removal of any such person from such mine, and upon an inspector making such order such person shall be immediately removed from the mine.

80. An inspector ordering the removal of such person as aforesaid from a mine shall forthwith give notice of such order to the owner, agent, or manager of the mine, and any owner, agent, or manager who continues after receipt of such notice to employ such person in or about the mine shall be guilty of an offence against this Act.

81. If the owner, agent, or manager of the mine objects to any order of an inspector under either of the last two preceding sections, he may, within twenty-one days after receipt of the notice of such order, send his objection in writing, stating the ground thereof, to the Minister; and thereupon the matter shall be settled by arbitration in the manner provided by this Act,

save and except that in such arbitration the parties to such arbitration shall be the owner, agent, or manager of the mine on the one hand, and an inspector (on behalf of the Minister) on the other; and the date of the receipt of such objection shall be deemed to be the date of the reference.

82. In case the award made on arbitration upholds the order of the inspector, and the owner, agent, or manager fails to comply with such award, he shall be guilty of an offence against this Act, and the notice and award shall respectively be deemed to be written notice of such offence.

83. No person shall be precluded by any agreement from doing such acts as may be necessary to comply with the provisions of sections 78, 81, and 82 of this Act, or be liable under any contract to any penalty or forfeiture for doing such acts.

## PART VIII.

### PLANS OF MINES.

84. The owner, agent, or manager of every mine shall keep in the office at the mine an accurate plan of the workings of the mine, drawn to a scale of not less than one hundred feet to one inch, showing the working up to a date not more than three months previously, and the general direction and rate of dip of the strata, together with a section of the strata sunk through, or, if that be not reasonably practicable, a statement of the depth of the shaft, with a section of the seam; and he shall, on request at any time of an inspector, produce to him at the office at the mine such plan and section, and shall also on the like request mark on such plan and section the then state of the workings of the mine; and the inspector shall be entitled to examine the plan and section, and for official purposes only to make a copy of any part thereof.

85. If the owner, agent, or manager of any mine fails to keep or wilfully refuses to produce or allow to be examined the plan and section required in the last preceding section, or wilfully withholds any portion of any plan or conceals any part of the workings of his mine, or produces an imperfect or inaccurate plan, he shall be guilty of an offence against this Act; and, further, the inspector may, by notice in writing (whether a penalty for such offence has or has not been inflicted), require the owner, agent, or manager to cause an accurate plan and section, such as is prescribed by the last preceding section, to be made within a reasonable time, at the expense of the owner of the mine, on a scale of not less than one hundred feet to one inch, or on the scale of the plan then used in the mine. If the owner, agent, or manager fail within twenty days, or such further time as may be allowed by the inspector, to make or cause to be made such plan, he shall be guilty of an offence against this Act.

86. The owner, agent, or manager of such mine shall cause to be posted in some conspicuous place at or near the main openings of the mine, used for ingress or egress, a fairly accurate plan of such portions of the said mine as are in active operation, or may under any circumstances be used as a means of egress from any portion in active operation, and all roads used as a means of egress shall be conspicuously marked in the plan.

87. Each inspector shall make an annual report of his proceedings to the chief inspector, who likewise shall make his annual report to the Minister, which report shall be laid before the Legislative Assembly.

88. The Minister may at any time direct an inspector to make a special report with respect to any accident in a mine, which accident has caused loss of life or personal injury to any person, and in such case shall cause such report to be made public at such time and in such manner as he thinks expedient.

## PART IX.

### ARBITRATION.

89. With respect to arbitrations under this Act, the following provisions shall have effect:—

(1) The parties to the arbitration are in this section deemed to be the owner, agent, or manager of the mine on the one hand, and an inspector (on behalf of the Minister) on the other:

(2) Each of the parties to the arbitration may, within twenty-one days after the date of the reference, appoint an arbitrator:

(3) No person shall act as arbitrator or umpire under this Act who is employed in or in the management of or is interested in the mine to which the arbitration relates:

(4) The appointment of an arbitrator under this section shall be in writing, and notice of the appointment shall be forthwith sent to the other party to the arbitration, and shall not be revoked without the consent of such other party:

(5) The death, removal, or other change, in any of the parties to the arbitration shall not affect the proceedings under this section:

(6) If within the said twenty-one days either of the parties fail to appoint an arbitrator, the arbitrator appointed by the other party may proceed to hear and determine the matter in difference, and in such case the award of the single arbitrator shall be final:

(7) If before an award has been made any arbitrator appointed by either party die or become incapable to act, or for fourteen days refuse or neglect to act, the party by whom

such arbitrator was appointed may appoint some other person to act in his place; and if he fails to do so within fourteen days after notice in writing from the other party for that purpose, the remaining arbitrator may proceed to hear and determine the matters in difference and in such case the award of such single arbitrator shall be final:

(8) In either of the foregoing cases where an arbitrator is empowered to act singly, upon one of the parties failing to appoint, the party so failing may, before the single arbitrator has actually proceeded in the arbitration, appoint an arbitrator who shall then act as if no failure had been made:

(9) If the arbitrators fail to make their award within twenty-one days after the day on which the last of them was appointed, or within such extended time (if any) as may have been appointed for that purpose by both arbitrators under their hands, the matter in difference shall be determined by the umpire appointed as hereinafter mentioned:

(10) The arbitrators, before they enter upon the matters referred to them, shall appoint by writing under their hands an umpire to decide on points on which they may differ:

(11) If the umpire die or become incapable to act before he has made his award, or refuses to make his award within a reasonable time after the matter has been brought within his cognizance, the persons or person who appointed such umpire shall forthwith appoint another umpire in his place:

(12) If the arbitrators refuse or fail or for seven days after the request of either party neglect to appoint an umpire, then on the application of either party an umpire shall be appointed by the Minister:

(13) The decision of every umpire on the matters referred to him shall be final:

(14) If a single arbitrator fail to make his award within twenty-one days after the day on which he was appointed, the party who appointed him may appoint another arbitrator to act in his place:

(15) The arbitrators and their umpire, or any of them may examine the parties and their witnesses on oath; they may also consult any counsel, engineer, or scientific person whom they may think it expedient to consult:

(16) The payment (if any) to be made to any arbitrator or umpire for his services shall be fixed by the Minister, and, together with the costs of the arbitration and award, shall be paid by the parties, or one of them, according as the award may direct. Such costs may be taxed by the Registrar of the Supreme Court, who, on the written application of either of the parties, shall ascertain and certify the proper amount of such costs. The amount (if any) payable by the Minister shall be paid as part of the expenses of inspectors under this Act. The amount (if any) payable by the owner, agent, or manager may, in the event of non-payment, be recovered in the same manner as penalties under this Act:

(17) Every person who is appointed an arbitrator or umpire under this section shall be a practical mining engineer, or a person accustomed to the working of mines; but when an award has been made under this section the arbitrator or umpire who made the same shall be deemed to have been duly qualified as provided by this section.

## PART X.

### INQUESTS.

90. With respect to coroners' inquests on the bodies of persons whose death may have been caused by explosions or accidents in mines, the following provisions shall have effect:—

(1) Where a coroner holds an inquest upon the body of any person whose death may have been caused by any explosion or accident, of which notice is required by this Act to be given to the inspector for the district, the coroner shall adjourn such inquest unless the inspector or some person on behalf of the Minister is present to watch the proceedings:

(2) The coroner, at least four days before holding an adjourned inquest, shall send to the inspector for the district notice in writing of the time and place of holding the adjourned inquest:

(3) The coroner, before the adjournment, may take evidence to identify the body, and may order the interment thereof:

(4) If an explosion or accident has not occasioned the death of more than one person, and the coroner has sent to the inspector for the district notice of the time and place of holding the inquest not less than forty-eight hours before the time of holding the same, it shall not be imperative on him to adjourn such inquest in pursuance of this section, if the majority of the jury think it unnecessary so to adjourn:

(5) An inspector or any other directly interested person or persons nominated in writing by such directly interested person shall be at liberty at any such inquest to examine any witness, subject nevertheless to the order of the coroner:

(6) Where evidence is given at an inquest at which an inspector is not present or any neglect, as having caused or contributed to the explosion or accident, or of any defect in or about the mine appearing to the coroner or jury to require a remedy, the coroner shall send to the inspector for the district notice in writing of such neglect or default:

(7) Any person having a personal interest in the management of the mine in which the explosion or accident occurred, and any person injured by such explosion or accident, or any relative of such person, or any official of a miners' union shall not be qualified to serve on the

jury empanelled on the inquest; and it shall be the duty of the constable or other officer not to summon any person disqualified under this provision, and it shall be the duty of the coroner not to allow any such person to be sworn or sit on the jury:

(8) On receipt of information that an inquest is to be held in accordance with this section, the inspector shall cause a notice, giving the time and place of the holding of such inquest, to be posted in a conspicuous place at the mine:

(9) Every owner, agent, or manager of a mine shall, on the request of an inspector, furnish such a plan as will show the locality of the accident and as may be required by the inspector for the use of the coroner and jury.

Every person who fails to comply with any of the provisions of this section shall be guilty of an offence against this Act.

## PART XI.

### GENERAL RULES.

91. The following general rules shall be observed, so far as is reasonably practicable in every mine:—

Rule 1. Every mine while being worked shall be thoroughly ventilated and furnished with an adequate supply of pure air to dilute and render harmless noxious gases to the intent that the working-places of the shafts, levels, stables, and workings of such mine, and the underground travelling-roads to and from such working-places, shall be in a fit state for working and passing therein, and where the ventilation is produced by a mechanical contrivance the apparatus shall be placed in such position and under such conditions as will tend to insure its being uninjured by an explosion: Provided that nothing in this rule contained shall prevent the installation of any auxiliary apparatus underground for the purpose of supplementing or augmenting the main system of ventilation in any mine.

Rule 2. An adequate supply of pure air shall mean not less than one hundred cubic feet per minute for each man or boy and not less than three hundred cubic feet per minute for each horse or mule employed in a mine, and as much more as the inspector of mines may direct, which shall sweep the face of each working place, and a notice stating the quantity of air required shall be kept posted at the mouth of the mine by the inspector of mines whenever he directs that more air shall be furnished in a mine. Every mine shall be divided into districts or splits of not more than seventy men in each district, and each district shall be supplied with a separate current of fresh air. All intake air shall travel free from all stagnant water, stables, and places set apart for sanitary purposes, and, where practicable, also free from old workings, and every place shall be bratticed up within four yards of the face, and where open lights or explosives are used, or where electricity is used for power or lighting purposes, all brattice cloth or canvas and ventilating curtains shall be made fireproof. On all main roads where a door is required the inspector of mines may order that two doors shall be placed, so that while cars are being taken through the one the other shall remain closed and no air shall be lost.

Rule 3. Should the inspector of mines find the sectional area of the air-intake to be such that, to obtain the requisite quantity of air for ventilation, such velocity of air-current is or would be created as to raise and keep in suspension an undue quantity of dust, or that such dust is carried into the workings so as to be a source of danger, or should he consider that the cars, motors, or other appliances passing along such intake airway do materially interfere with the free passage and efficiency of such air-current, such inspector may give notice in writing thereof to the owner, agent, or manager of the mine, as provided for in section 79 of this Act; and unless the same be forthwith remedied, the inspector of mines shall report the same to the chief inspector of mines, who in turn shall report to the Minister of Mines.

Rule 4. In every mine in which inflammable gas has been found within the preceding twelve months, then once in every twenty-four hours if one shift of workmen is employed, and once in every twelve hours if two shifts are employed during any twenty-four hours, a competent person or competent persons holding a certificate of competency as a fireman, and who shall be appointed for the purpose, shall, within three hours before the time for commencing work in any part of the mine, or, should the inspector of mines consider it necessary and so direct, within a shorter period of time, inspect with a locked safety-lamp that part of the mine and the roadways leading thereto through which persons have to pass, and shall make a true report of the condition thereof, and a workman shall not go to work in such part of the mine until the same and the roadways leading thereto are stated by the person or persons so inspecting to be safe. Every such report shall be recorded without delay in a book which shall be kept at the mine for the purpose, and shall be signed by the person making the same; and a true copy thereof shall forthwith be posted on a backboard at the fireman's station. And at least once in every week a competent person or persons shall, with a locked safety-lamp, examine all air-courses, stoppings, sealings, overcasts, wastes, and abandoned workings where accessible, and shall in like manner make a true report and post a copy thereof as set forth in the preceding part of this rule.

In making such inspection the fireman shall use only a safety-lamp of a pattern approved by the Minister of Mines.

If, in the opinion of the inspector, from the quantity of inflammable gas given off or the quantity of dust created by working, or for any other cause, it is unsafe to work in the rooms or stalls two shifts in close succession, he may require that there shall be such interval as he

thinks necessary between the finishing of work by one shift and the beginning of work by the next; and such inspector shall give notice in writing thereof to the agent, owner, or manager of the mine in the form and manner set out in section 79 of this Act. It shall be incumbent on the owner, agent, or manager to provide a suitable gas tester or testers, of a type or pattern to be approved by the chief inspector of mines, to enable the fireman to determine lower percentages of marsh-gas in the mine atmosphere of his district than can be determined by the ordinary safety-lamp.

The district of a mine assigned to any fireman shall not be of such size as to prevent him from carrying out his inspection duties under this rule in a thorough manner. Every fireman shall devote his whole time to his inspection duties under this rule, except that where the duties assigned to or undertaken by him in addition to his inspection duties are not such as prevent him carrying out his inspection duties in a thorough manner this provision shall not prevent the fireman being employed in measuring the work done by persons in his district, or in firing shots in his district, nor shall this provision apply in respect of any mine in which the total number of persons employed underground at one time does not exceed thirty. Where any question arises as to whether any additional duties are such as prevent a fireman carrying out his inspection duties in a thorough manner, the inspector of the district shall decide the question, and his decision shall be final. Amended 1919, c. 58, s. 10.

Rule 5. In every mine in which inflammable gas has not been found within the preceeding twelve months, then once in every twenty-four hours a competent person or competent persons, who shall be appointed for the purpose, shall, so far as is reasonably practicable, immediately before the time for commencing work in any part of the mine inspect that part of the mine and the roadways leading thereto through which persons have to pass, and shall make a true report of the condition thereof, and a workman shall not go to work in such part until the same and the said roadways leading thereto are stated by the person or persons so inspecting to be safe. Every report shall be recorded without delay in a book which shall be kept at the mine for the purpose, and shall be signed by the person making the same; and a true copy thereof shall forthwith be posted on a blackboard at the fireman's station.

Rule. 6. Every entrance to any place not in actual course of working and extension shall be properly fenced across the whole width of such entrance, so as to prevent persons inadvertently entering the same.

Rule. 7. A station or stations shall be appointed at the entrance to the mine or to different parts of the mine as the case may require, and a workman shall not pass beyond any such station until the mine or part of the mine beyond the same has been inspected and stated by the person or persons so inspecting to be safe.

Rule 8. If at any time it is found by the person for the time being in charge of the mine or any part thereof that by reason of noxious gases prevailing in such mine or such part thereof or of any cause whatever, the mine or the said part is dangerous, every workman shall be withdrawn from the mine or such part thereof as is so found dangerous, and a competent person, who shall be appointed for the purpose, shall inspect the mine or such part thereof as is so found dangerous, and if the danger arises from inflammable gas shall inspect the same with a locked safety-lamp, and in every case shall make a true report of the condition of such mine or part thereof, and a workman shall not, except in so far as is necessary for inquiring into the cause of danger or for the removal thereof, or for exploration, be readmitted into the mine, or such part thereof as was so found dangerous, until the same is stated by such report not to be dangerous. Every such report shall be recorded in a book which shall be kept at the mine for the purpose, and shall be signed by the person making the same.

For the purpose of this rule, a place shall be deemed to be dangerous if the percentage of inflammable gas in the general body of the air in that place is found to be two and one-half per cent or upwards. Amended 1919, c. 58, s. 11.

Rule 9. In any mine where the air-current in the return airway from any ventilating district in the mine is found normally to contain more than one-half per cent of inflammable gas, or in every working approaching any place where there is likely to be an accumulation of explosive gas, no lamp or light other than a locked safety-lamp shall be allowed or used, and whenever safety-lamps are required by this Act, or by the special rules made in pursuance of this Act, to be used, a competent person or persons, who shall be appointed for the purpose, shall examine every safety-lamp immediately before it is taken into the workings for use, and ascertain it to be secure and securely locked; and in any part of the mine in which safety-lamps are so required to be used, they shall not be used until they have been so examined and found secure and securely locked, and shall not be unlocked without due authority and at a regularly appointed station only; and no person, unless he is appointed for the purposes of unlocking such safety-lamp, shall have in his possession or use any key or contrivance for opening the lock of such safety-lamp, nor shall such key or contrivance be taken away or used in any other portion of the mine than such regularly appointed station or stations; and no person shall have in his possession any lucifer match or apparatus of any kind for striking a light, or any pipe for smoking tobacco, or any tobacco for smoking either as cigars, cigarettes, or in any other form. The owner, agent, or manager shall appoint a competent person or persons to search any employee in the mine for any articles prohibited by this rule, and the inspector of mines may order a search, for such purpose, of any employee whenever he deems it necessary, and any person refusing to submit to such search shall be deemed to be a source of danger to other persons in the mine within the meaning of section 79, and subject to all penalties of the said section. But nothing in this

rule shall be so interpreted as to prevent the use of safety-lamps provided with a relighting apparatus within the tube of such lamp of a pattern approved of and permitted by the Minister of Mines, or to prevent the use of any shot-igniter, electric firer, or other appliance for such purpose if of a pattern approved of and permitted by the Minister of Mines.

Where it is necessary to work coal in any part of a ventilating district with safety-lamps, it shall not be allowable to work with a naked light in another part of the same ventilating district situated between the place where such safety-lamps are being used and the return airway.

The average percentage of inflammable gas found in six samples of air taken in the air-current in the return airway from the ventilating district at intervals of not less than two weeks, shall, for the purpose of this section, be deemed to be the percentage of inflammable gas normally contained in the air-current. Amended 1919, c. 58, s. 12.

Rule 10. In addition to the requirements of Rule 9, every safety-lamp so in use shall be tested in an explosive mixture of gas and air at least once every week, and should the glass, washers, gauze, or any of the essential parts of such lamp have been renewed after a lamp has been so tested, then such lamp shall be again tested; and any lamp which shall be shown by such test to be imperfect or ineffective shall not be allowed in any mine until such imperfection or ineffectiveness shall have been remedied and the lamp shall have passed a satisfactory test. No single-gauze safety-lamp shall be allowed in any mine, and every lamp shall be submitted to a mechanical air-test whenever assembled after being taken apart, and if shown by such test to be imperfect or ineffective its use shall not be permitted; and every colliery so using safety-lamps shall be equipped with apparatus for making such tests of some such form as shall be approved of by the Minister of Mines, and such tests shall be of such character as may from time to time be approved by the Minister of Mines. This rule shall not apply to a mine in which less than thirty persons are ordinarily employed underground.

Rule 11. Gunpowder or other explosive or inflammable substance shall only be used in the mine underground as follows:—

(a) It shall not be stored in the mine;

(b) It shall not be taken into the mine, except in a case or canister containing not more than four pounds;

(c) A workman shall not have in use nor in his possession at one time in any one place more than one of such cases or canisters, nor shall there be more than four pounds of powder in any such can: Provided, however, the inspector may grant permission in writing that sufficient powder in such cases or canisters may be taken into the mine to serve one round of shots in rock-work or rock tunnels;

(d) In charging holes for blasting, an iron or steel pricker shall not be used, and a person shall not have in his possession in the mine underground any iron or steel pricker, and an iron or steel tamping-rod or stemmer shall not be used for ramming either the wadding or the first part of the tamping or stemming on the powder; fine coal or coal-dust or other inflammable substance shall not be used as tamping; and only clay or other non-inflammable substances shall be used for tamping or stemming, and such shall be provided by the owner, agent, or manager of the mine;

(e) No explosive shall be forcibly pressed into a hole of insufficient size, and when a hole has been charged the explosive shall not be unrammed, and no hole shall be bored for a charge at a distance of less than two feet from any hole where the charge has missed fire;

(f) Where a mine is divided into separate panels in such manner that each panel has an independent intake and return airway from the main air-course and the main return air-course, the provisions of this rule with respect to gun-powder or other explosive inflammable substance shall apply to each such panel in like manner as if it were a separate mine;

(g) It shall be illegal to use in any one shot any two classes, grades, or qualities of explosives;

(h) The thawing of explosives within any mine is strictly prohibited, except and until a special permit so to do has been obtained from the Minister of Mines, who may, should he see fit, issue such permit for a limited period of time, upon the recommendation of the inspector of mines for the district, and such permit shall state—

(1) The particular mine and part of such mine where such explosive may be thawed;

(2) The quantity of explosive allowed to be at or near such point at any one time;

(3) The class of powder allowed to be so thawed;

(4) The class of thawing apparatus allowed to be used in such place;

(5) Any further conditions or restrictions which the Minister of Mines may consider necessary for safety; and such permit may be suspended at any time by notice in writing by the inspector of mines for the district given to the manager, or may be cancelled at any time by the Minister of Mines;

(i) No explosive shall be taken into or used in any mine unless such explosive shall be specially permitted and allowed by the Minister of Mines to be used in such mine. And the Minister of Mines shall from time to time cause to be published a list of permitted explosives, together with the conditions under which such explosives may be used. Any agent, owner, or manager desiring to use any explosive not contained in such permitted list may apply to the Minister of Mines to have such explosive placed on such permitted list, accompanying such application with full particulars as to qualities, strength, and ingredients of such explosive, and, if so requested, such guarantee as the Minister of Mines may require as to the maintenance

of a uniform grade of such explosive. Should the Minister of Mines refuse to allow the use of such explosive or impose conditions considered by such agent, owner, or manager to be unnecessary, the question may be referred to arbitration, as provided by this Act;

(j) The owner, agent, or manager of any mine shall, upon demand of the inspector of mines, deliver to him, free of charge, a sample of reasonable size of each or any class of explosive, fuse, or detonator in use in such mine, or the inspector of mines shall have the power to take such sample himself from such explosive, fuse, or detonator as he may find in use in such mine. And the Inspector of Mines may forward such sample to the Minister of Mines, to be tested or analysed in any way that may be deemed fair; and should the Minister of Mines find such explosive, fuse, or detonator to be from any cause dangerous for use in such mine, he may restrict the conditions under which such explosive, fuse, or detonator may be used, or he may prohibit the use thereof either permanently or until such defect may be remedied to his satisfaction.

Rule 12. No explosive shall be used in any mine except in accordance with the following regulations:—

(1) (a) A competent person who shall be appointed for the purpose shall, immediately before the charging of any shot-hole, examine such hole, shall see the coal is well prepared, the shot properly placed, and that the borehole is well cleaned; he shall examine the character of explosive and shall regulate the quantity of such explosive to be used in such hole, and such hole shall be loaded in accordance with his instructions. He shall examine all places contiguous thereto within a radius of twenty-five yards, and shall not allow the shot to be fired unless he finds it safe to do so, and a shot shall not be fired except by or under the immediate direction of such competent person appointed for the purpose. In places where safety-lamps are required to be used no shot shall be fired except by means of some form of igniter approved by the Minister of Mines. After a shot is fired the shotlighter shall examine the place, and the men shall not begin work again in such place until it has been so examined and by him pronounced safe. In any coal face, room, or stall, a second hole shall not be loaded until such place shall have been examined by the shotlighter after firing the first shot and by him pronounced safe. In case of a shot missing fire it shall be the duty of the shotlighter to fence off such place and all approaches thereto outside of the danger zone, marking on such fence or fences "Missed-fire shot, keep out," with the date and the hour at which such shot missed fire, and such place shall not be entered by any person until it shall have been re-examined by a competent official after the lapse of time hereinafter specified, and by him pronounced safe and the danger-signals removed. In the case of an electric igniter having been used, the time which must elapse between the missing-fire of the shot and the time when the place may be re-entered shall be fifteen minutes, and in the case of a shot missing fire when any other means than an electric igniter is used shall be four hours;

(b) Detonators shall be kept under the control of some person appointed in writing by the manager for the purpose, and may be issued to shotlighters only, and no other person shall take any detonator into a mine. Shotlighters shall keep all detonators so issued to them in a locked case or box, of a pattern to be approved by the Minister of Mines, until about to be used, and no other explosives shall be carried in the same case or box with the detonators: Provided, however, that the inspector may grant permission in writing that such locked cases or boxes containing detonators may be issued to miners, but a shotlighter shall be the only person in the mine who shall be permitted to carry or use the key for such cases or boxes; and provided further that where an electric igniter and electric fuses are used the miners may carry their own supply of detonators, but a shotlighter shall be the only person in a mine who shall be permitted to carry or use an electric igniter;

(c) It shall be unlawful for any person to expose any open case or canister containing explosives or any case or box containing detonators within fifty feet of a naked light on the intake side of the air-current, or within four feet in any other direction, or to prepare any charge with a naked light on his head;

(2) If the place where the shot is to be fired is dry or dusty, then the shot shall not be fired unless one of the following conditions is observed, that is to say:—

(a) Unless the place of firing and all contiguous and accessible places within a radius of twenty yards are at the time of firing in a wet state from a thorough watering, or other treatment equivalent to watering, in all parts where dust is lodged, whether roof, floor, or sides; or

(b) In the case of places in which watering would injure the roof or floor, unless the explosive is so used with water or other contrivance as to prevent it from inflaming gas or dust, or is of such a nature that it cannot inflame gas or dust; and all haulage or other roads that are dry or dusty shall, for a distance of forty yards from the place of firing, be watered sufficiently to allay dust:

(3) If inflammable gas issues so freely that it shows a blue cap on the flame of the safety-lamp, explosives shall only be used—

(a) Either in those cases of rock-drifts, rock-work, and sinking of shafts, in which the ventilation is so managed that the return air from the place where the explosive is used passes into the main return air-course without passing any place in actual course of working; or

(b) When the persons ordinarily employed in the mine are out of the mine or out of the part of the mine where it is used.

Rule 13. In any mine or part of a mine where, from the nature of the coal or the method of handling the same, an undue quantity of dust is produced either on the roadways or in the working places, which may tend to cause danger of explosion, then all haulage-ways leading thereto and all haulage-roads and working-places in such section of the mine shall be thoroughly and effectively watered by some recognized and approved system of watering or other treatment equivalent to watering. If, in the opinion of the inspector of mines, an undue quantity of dust is produced and the method employed is not adequate or effective, he may notify the manager in writing, and proceed as provided in section 79 of this Act: Provided, however, that the provisions of this rule shall not apply to any mine or separate split or panel of such a mine if no explosive is permitted and safety-lamps are used in such separate part of the mine.

Rule 14. Where a place is likely to contain a dangerous accumulation of water, the working approaching such place shall not exceed eight feet in width, or such greater width as may be permitted by the chief inspector of mines, and there shall be constantly kept at a sufficient distance, not being less than five yards in advance, at least one borehole near the centre of the working, and sufficient flank boreholes on each side.

Rule 15. Every underground plane on which persons travel, other than a working-place, not exceeding three hundred feet in length, which is self-acting or worked by an engine, windlass, or gin, shall be provided, if exceeding thirty yards in length, with some proper means of signalling between the stopping-places and the ends of the plane, and shall be provided at intervals of not more than twenty yards with sufficient manholes, five feet high where the height of the seam will permit, otherwise four feet high, by four feet wide and four feet deep and properly whitewashed, as places of refuge.

There shall be provided at every slope, underground plane, and incline, whether self-acting or otherwise, stop-blocks, derailing-switches, drags, or other, suitable apparatus to effectively prevent accidents.

Rule 16. Every level on which persons travel underground where the load is drawn by mechanical means, or by a horse or other animal shall be provided, at intervals of not more than fifty yards, with sufficient manholes or with a space for a place of refuge, which space shall be of sufficient length and of at least three feet in width between the widest part of any vehicle used in such level and the side of such level.

Rule 17. Every manhole and space for a place of refuge shall be constantly kept clear, and no person shall place anything in a manhole or such space so as to prevent access thereto.

Rule 18. The top of every shaft which for the time being is out of use, or used only as an air-shaft, shall be securely fenced.

Rule 19. The top and all entrances between the top and bottom of every working or pumping shaft shall be properly fenced, but this shall not be taken to forbid the temporary removal of the fence for the purposes of repairs or other operations if proper precautions are used.

Rule 20. Where the natural strata are not safe, every working or pumping shaft shall be securely cased, lined, or otherwise made secure.

Rule 21. The roof and sides of all roads and working-places shall be made secure and of sufficient height and width to prevent injury to any animal travelling or working therein, and a person shall not, unless appointed for the purpose of exploring or repairing, travel or work in any such road or working-place which is not so made secure.

Rule 22. A reasonable supply of timber shall be constantly kept in each working-place, or where this is reasonably impracticable, then in the most convenient place in the vicinity thereof, for the purpose of insuring the safety of the persons employed in the mine.

Rule 23. In every mine the inspector of mines shall decide the maximum number of persons who may enter a cage for the purpose of being lowered or raised.

Rule 24. In any mine which is usually entered by means of machinery, a person of such age and mental and physical condition, as prescribed by section 5 of this Act, shall be appointed for the purpose of working the machinery which is employed in lowering and raising persons therein, and shall attend for the said purpose during the whole time that any person is in the mine.

Rule 25. Every working-shaft used for the purpose of drawing materials or for the lowering or raising of persons shall be provided with guides and some proper means of communicating distinct and definite signals to and from the bottom of the shaft, and every working entrance connected therewith, and with the surface: Provided, however, sinking shafts shall be exempted from the use of guides unless the chief inspector of mines may deem the use of such guides necessary.

Rule 26. A sufficient cover over-head shall be used when lowering or raising persons in every working-shaft, except where the person or persons are employed about the pump or some work of repair in the shaft.

Rule 27. A single-linked chain shall not be used for lowering or raising persons in any working-shaft or plane, except for the short coupling chain attached to the cage or load.

All cage-chains in general use shall be annealed once at least in every six months and detaching hooks shall be cleaned and refitted once in every three months. Amended 1919, c. 58, s. 13.

Rule 28. There shall be on the drum of every machine used for lowering or raising persons such flanges or horns, and also, if the drum is conical, such other appliances as may be sufficient to prevent the rope from slipping. If in any mine the winding apparatus is not provided with

some automatic contrivance to prevent overwinding, then the cage, when men are being raised, shall not be wound up at a speed exceeding three miles an hour, after the cage has reached a point in the shaft to be fixed by the special rules.

Every winding-rope shall be given a bath in hot oil before being installed. Every winding-rope shall be recapped at intervals of not more than six months, in accordance with regulations made under this Act, and no winding-rope which has been in use for more than two years or which has been spliced shall be used for raising or lowering persons. Amended 1919, c. 58, s. 14.

Rule 29. There shall be attached to every machine worked by steam, water, or mechanical power, and used for lowering and raising persons, an adequate brake and also a proper indicator, in addition to any mark on the rope, which shows to the person who works the machine the position of the cage or load.

Rule 30. There shall be attached to every cage when used for lowering and raising persons in any shaft a proper and adequate automatic safety-clutch which will effectually prevent the falling of any cage upon the breaking of the rope:

Provided, however, that the Minister of Mines may exempt from the operation of this rule cages in shafts in which wire-rope guides are used.

Rule 31. Every fly-wheel and all exposed dangerous parts of the machinery used in or about the mine shall be kept securely fenced.

Rule 32. Every steam-boiler shall be provided with a proper steam-gauge and water-gauge, to show respectively the pressure of steam and the height of water in the boiler, and with a proper safety-valve.

Rule 33. After dangerous gas has been found in any mine, a barometer and thermometer shall be placed above ground in a conspicuous position at the entrance to the mine, and a water-gauge to show the ventilating pressure shall be placed either in the fan-house or underground between the intake and return airways.

Rule 34. No person shall wilfully damage, or without proper authority remove or render useless, any fence, fencing, casing, lining, guide, means of signalling, signal, cover, chain, flange, horn, brake, indicator, steam-gauge, water-gauge, safety-valve, or other appliance or thing provided in any mine in compliance with this Act.

Rule 35. Every person shall observe such directions with respect to working as may be given to him with a view to comply with this Act or the special rules.

Rule 36. A competent person or competent persons who shall be appointed for the purpose shall, once at least in every twenty-four hours, examine the state of the external parts of the machinery and the state of the head-gear, working-places, levels, planes, ropes, chains, and other works of the mine which are in actual use, and once at least in every week shall examine the state of the shafts by which persons ascend or descend, and the guides or conductors therein, and shall make a true report of the result of such examination; and such report shall be recorded in a book to be kept at the mine for the purpose, and shall be signed by the persons who made the same.

Rule 37. The persons employed in a mine may from time to time appoint one or two of their number to inspect the mine at their own cost, and the persons so appointed shall be allowed, once or oftener in every shift, day, week, or month, accompanied, if the owner, agent, or manager of the mine thinks fit, by himself or one or more officers of the mine, to go to every part of the mine, and to inspect the shafts, levels, planes, working-places, return airways, ventilating apparatus, old workings, and machinery, and shall be afforded by the owner, agent, and manager, and all persons in the mine, every facility for the purpose of such inspection, and shall make a true report of the result of such inspection; and such report shall be recorded in a book to be kept at the mine for the purpose, and shall be signed by the persons who made the same. And if the report state the existence or apprehended existence of any danger, the person or persons making the inspection shall forthwith cause a true copy of the report to be sent to the inspector of mines for the district. Provided always that where the miners in any mine fail to appoint two of their number to inspect the mine, the chief inspector of mines shall select from the men, in alphabetical order where possible, two competent miners, who shall comply with the provisions of this section, and the said owner, agent, or manager may withhold from the wages of the underground employees a sufficient sum *pro rata* to remunerate the persons making such examination.

Rule 38. The books mentioned in this section, or a copy thereof, shall be kept at the office of the mine, and any inspector of mines, and any person employed in the mine, may at all reasonable times inspect and take copies of and extracts from any such books.

Rule 39. Every cage used in any mine shall be stationary and shall rest upon chairs or catches before any person is allowed to enter upon or to leave the same. No person shall enter or leave a cage without the consent of the banksman or onsetter.

Rule 40. At every mine the owner shall provide one good and sufficient "ambulance box," to be approved by a medical practitioner, with an additional such box for each one hundred men employed on one shift above and under ground collectively.

Rule 41. In every mine where, by reason of its depth or the extent of its workings, egress to the surface cannot be conveniently obtained, there shall be provided suitable places for sanitary uses, which shall be deodorized and constantly maintained in a sanitary condition, and suitable outhouses for sanitary purposes shall be similarly maintained in convenient positions contiguous to the surface works thereof. It shall be incumbent on the owner, agent, or manager

of such mine to maintain all bunk-houses, cook-houses, and wash-houses controlled by the said owner, agent, or manager in such cleanly and sanitary condition as may be approved by the inspector of mines.

Rule 42. No Chinaman or person unable to speak English shall be appointed to or shall occupy any position of trust or responsibility in or about a mine whereby through his ignorance, carelessness, or negligence he may endanger the life or limb of any person employed in or about a mine, namely: As banksman, onsetter, signalman, brakeman, switchman, furnaceman, engineer, or be employed at the windlass of a sinking pit.

Rule 43. Every person who contravenes or does not comply with any of the general rules of this section shall be guilty of an offence against this Act; and in the event of any contravention of or non-compliance with any of the said general rules by any person whomsoever, the owner, agent, and manager shall each be guilty of an offence against this Act unless he proves that he has taken all reasonable means by publishing and to the best of his power enforcing the said rules as regulations for the working of the mine, to prevent such contravention and non-compliance.

### Special Rules.

92. There shall be established in every mine to which this Act applies such rules (referred to in this Act as "special rules") for the conduct and guidance of the persons acting in the management of such mine or employed in or about the same as, under the particular state and circumstances of such mine, may appear best calculated to prevent dangerous accidents, and to provide for the safety and proper discipline of the persons employed in or about the mine; and such special rules, when established, shall be signed by the chief inspector and shall be observed in and about every such mine, in the same manner as if they were enacted in this Act.

93. If any person who is bound to observe the special rules established for any mine acts in contravention of or fails to comply with any of such special rules, he shall be guilty of an offence against this Act, and also the owner, agent, and manager of such mine, unless he proves that he has taken all reasonable means by publishing and to the best of his power enforcing the said rules as regulations for the working of the mine so as to prevent such contravention or non-compliance, shall each be guilty of an offence against this Act.

94. The owner, agent, or manager of every mine to which this Act applies shall frame and transmit to the chief inspector, for approval by the Minister, special rules for such mine within three months after the commencement of any working for the purpose of opening a new mine or of renewing the working of an old mine.

95. The proposed special rules, together with a printed notice specifying that any objection to such rules on the ground of anything contained therein or omitted therefrom may be sent by any of the persons employed in the mine to the chief inspector, at his address stated in such notice, shall, during not less than two weeks before such rules are transmitted to the chief inspector, be posted up in like manner as is provided in this Act respecting the publication of special rules for the information of persons employed in the mine, and a certificate that such rules and notice have been so posted up shall be sent to the chief inspector with the rules signed by the person sending the same.

96. If the rules are not objected to by the Minister within forty days after their receipt by the chief inspector, they shall be established.

97. If the Minister is of opinion that the proposed special rules so transmitted, or any of them, do not sufficiently provide for the prevention of dangerous accidents in the mine, or for the safety of the persons employed in or about the mine, or are not in accordance with the spirit of this Act, or are unreasonable, he may within forty days after the rules are received by the chief inspector object to the rules, and propose to the owner, agent, or manager in writing any modifications in the rules by way either of omission, alteration, substitution, or addition.

98. If the owner, agent, or manager does not, within twenty days after the modifications proposed by the Minister are received by him, object in writing to them, the proposed special rules, with such modifications, shall be established.

99. If the owner, agent, or manager sends his objections in writing within the said twenty days to the Minister, the matter shall be referred to arbitration, and the date of the receipt of such objection by the Minister shall be deemed to be the date of the reference, and the rules shall be established as settled by an award on arbitration.

100. After special rules are established under this Act in any mine, the owner, agent, or manager of such mine may from time to time propose in writing to the chief inspector, for the approval of the Minister, any amendment of such rules or any new special rules, and the provisions of this Act with respect to the original special rules shall apply to all such proposed amendments and new rules in like manner, as near as may be, as they apply to the original rules.

101. The Minister may from time to time propose in writing to the owner, agent, or manager of the mine any new special rules, or any amendment to the special rules, and the provisions of this Act with respect to a proposal of the Minister for modifying the special rules transmitted by the owner, agent, or manager of a mine shall apply to all such proposed new special rules and amendments in like manner, as near as may be, as they apply to such proposal.

102. If the owner, agent, or manager of any mine makes any false statement with respect to the posting-up of the rules and notices, he shall be guilty of an offence against this Act; and if special rules for any mine are not transmitted within the time limited by this Act to the chief inspector for the approval of the Minister, the owner, agent, or manager of such mine shall each be guilty of an offence against this Act, unless he proves that he had to the best of his power taken all reasonable means for the transmission of such rules.

103. For the purpose of making known the special rules and provisions of this Act to all persons employed in or about each mine, an abstract of the Act, supplied on the application of the owner, agent, or manager of the mine by the inspector for the district on behalf of the Minister, and an entire copy of the special rules shall be published as follows:—

(1) The owner, agent, or manager of such mine shall cause such abstract and rules, with the name and address of the inspector for the district and the name of the owner or agent and of the manager appended thereto, to be posted up in legible characters, in some conspicuous place at or near the mine, where they may be conveniently read by the persons employed, and so often as the same become defaced, obliterated, or destroyed shall cause them to be renewed with all reasonable despatch;

(2) The owner, agent, or manager shall supply a printed copy of the abstract and the special rules gratis to each person employed in or about the mine who applies for such copy at the office at which the persons immediately employed by such owner, agent, or manager are paid;

(3) Every copy of the special rules shall be kept distinct from any rules which depend only on the contract between the employer and employed.

In the event of any non-compliance with the provisions of this section by any person whomsoever, the owner, agent, and manager shall each be guilty of an offence against this Act, unless he prove that he had to the best of his power taken all reasonable means to prevent such contravention or non-compliance.

104. Every person who pulls down, injures, or defaces any proposed special rules or any notice, abstract, mine-plan, or special rules when posted up in pursuance of the provisions of this Act with respect to special rules or any notice posted up in pursuance of the special rules, shall be guilty of an offence against this Act.

105. Every inspector shall, when required, certify a copy which is shown to his satisfaction to be a true copy of any special rules which for the time being are established under this Act in any mine, and a copy so certified shall be evidence (but not to the exclusion of other proof) of such special rules and of the fact that they are duly established under this Act, and have been signed by the inspector.

## PART XII.

### RESCUE WORK.

#### Devices to be Provided.

106. There shall be established by the owner, agent, or manager of every colliery such number of oxygen helmets or some form of mine rescue apparatus as may be approved by the Minister.

Such mine rescue apparatus shall be constantly maintained in an efficient and workable condition, and shall in all cases be so stored or placed in or about the mine as to always be available for immediate use.

#### Rescue-stations.

The Lieutenant-Governor in Council may from time to time establish mine-rescue stations for the purpose of supplementing in case of need, the colliery installations of mine-rescue apparatus, and also for the purpose of training the holders of certificates of competency under this Act in the use of such mine-rescue apparatus as may be approved by the Minister; and it shall be incumbent on the owner, agent, or manager of every operating mine to have all certificated officials who are physically fit, and not less than three per cent of such number as the chief inspector may deem sufficient, of the workmen, trained in the use of such established mine-rescue apparatus:

Provided that in cases of emergency such stations shall be available for the use of any trained corps of mine-rescuers, duly qualified medical practitioners, or corps trained in the work of first aid to the injured, subject always to the order of an inspector.

## PART XIII.

### SUPPLEMENTAL.

#### Further Offences and Penalties.

107. Every owner, agent, or manager of any mine, or any person who refuses to allow coal-miners to hold meetings and elect examiners, provided such meetings do not interfere with the working of the mine, or in any way interferes with the working of this Act, or who acts in contravention of its provisions, shall be guilty of an offence against this Act.

108. Every person employed in or about a mine, other than an owner, agent, or manager, who is guilty of any act or omission which in the case of an owner, agent, or manager would be an offence against this Act shall be deemed to be guilty of an offence against this Act.

109. Every person who is guilty of an offence against this Act shall, if no other penalty be prescribed elsewhere in this Act, be liable to a penalty not exceeding, if he is an owner, agent, or manager, one hundred dollars, and if he is any other person, ten dollars for each offence; and if the inspector has given written notice of any such offence, then in case of an owner, agent, or manager to a further penalty not exceeding one hundred dollars and not less than ten dollars for every day after such notice that such offence continues to be committed, and in cases of other persons, to a further penalty not exceeding five dollars for every day after such notice that such offence continues to be committed.

110. Where a person who is an owner, agent, or manager of or a person employed in or about a mine is guilty of any offence against this Act which in the opinion of the court that tries the case is one which was reasonably calculated to endanger the safety of the persons employed in or about the mine, or to cause serious personal injury to any of such persons, or to cause a dangerous accident, and was committed wilfully by the personal act, personal default, or personal negligence of the person accused, such person shall be liable, if the court is of opinion that a pecuniary penalty will not meet the circumstances of the case, to imprisonment with or without hard labour for a period not exceeding three months.

111. If any person feels aggrieved by any conviction made by a court of summary jurisdiction on determining any information under this Act, by which conviction imprisonment is adjudged in pursuance of the last preceding section, or by which conviction the sum adjudged to be paid amounts to or exceeds half the maximum penalty, the person so aggrieved may appeal therefrom.

112. All offences under this Act and all penalties under this Act, and all money and costs by this Act directed to be recovered as penalties, may be prosecuted and recovered in a summary manner before a justice of the peace:

113. The following provisions shall have effect:—

(1) Any complaint or information made or laid in pursuance of this Act shall be made or laid within six months from the time when the matter of such complaint or information first arose:

(2) The description of any offence under this Act, in the words of this Act, shall be sufficient in law:

(3) Any exception, exemption, proviso, excuse, or qualification, whether it does or not accompany the description of the offence in this Act, may be proved by the defendant, but need not be specified or negated in the information; and if so specified or negated, no proof in relation to the matters so specified or negated shall be required on the part of the informant:

(4) The owner, agent, or manager may, if he think fit, be sworn and examined as an ordinary witness in the case where he is charged in respect of any contravention or non-compliance by another person:

(5) The court shall, if required by either party, cause minutes of the evidence to be taken and preserved.

114. No prosecution shall be instituted against the owner, agent, or manager of a mine for any offence under this Act which can be prosecuted before a court of summary jurisdiction, except by an inspector or with the consent in writing of the Minister; and in the case of any offence of which the owner, agent or manager of a mine is not alleged to be personally the perpetrator, an inspector shall not institute any prosecution against such owner, agent, or manager if satisfied that he had taken reasonable means to prevent the commission of such offence.

115. Nothing in this Act shall prevent any person from being indicted or liable under any other Act or otherwise to any other or higher penalty or punishment than is provided for any offence by this Act, but no person shall be punished twice for the same offence. And if the court before whom a person is charged with an offence under this Act thinks that proceedings ought to be taken against such person for such offence under any other Act or otherwise, the court may adjourn the case to enable such proceedings to be taken.

116. A person who is a miners' union official, or the owner, agent, or manager of any mine, or any person holding stock or directly interested in such mine, or the father, son, or brother of such official, owner, agent, or manager, shall not act as a court or member of a court of summary jurisdiction in respect of any offence under this Act.

117. Where a penalty is imposed under this Act for neglecting to send a notice of any explosion or accident or for any offence against this Act, which has occasioned loss of life or personal injury, the Minister may, if he think fit, direct such penalty to be paid to or distributed among the persons injured and the relatives of any persons whose death may have been occasioned by such explosion, accident, or offence or among some of them:

Provided that—

(1) Such persons did not, in his opinion, occasion or contribute to occasion the explosion or accident, and did not commit and were not parties to committing the offence:

(2) The fact of such payment or distribution shall not in any way affect or be receivable as evidence in any legal proceeding relative to or consequent on such explosion, accident, or offence.

Save as aforesaid, all penalties imposed in pursuance of this Act shall be paid into the Provincial Treasury.

### Payment of Expenses.

118. It shall be lawful for the Lieutenant-Governor in Council to authorize the payment of all costs, remuneration, and expenses of and incidental to the carrying out of the provisions of this Act from the Consolidated Revenue Fund.

### Power to make certain Rules.

119. The Lieutenant-Governor in Council shall have the power to issue, and from time to time vary, regulations and forms for carrying out the provisions of this Act in the interests of safety and such regulation shall, upon publication in the Gazette, be deemed part of this Act.

All rules or regulations made or passed under the authority of this section shall be laid before the Legislative Assembly within fifteen days after the opening of its next session. Amended 1919, c. 58, s. 15.

(Schedules omitted.)

## Inspection and Regulation of Metalliferous Mines.

Chapter 164.—With amendment—1. This Act may be cited as the Metalliferous Mines Inspection Act.

### Inspectors and their Duties.

2. The Lieutenant-Governor in Council may appoint an inspector or inspectors of metalliferous mines, and mines of whatever description other than mines to which the Coal Mines Regulation Act applies, who shall be of at least seven years' practical experience in mining, whose duties shall be as hereinafter specified, and who shall receive such salary and allowances as shall be determined by the Lieutenant-Governor in Council; and before entering upon the discharge of his or their duties he or they shall take and subscribe an oath that he or they will discharge such duties faithfully; the Provincial Mineralogist shall have the powers and may exercise the functions conferred on an inspector of metalliferous mines by this Act.

3. The Minister of Mines shall, on receipt of reliable information relating to the health and safety of the workmen employed in any metalliferous mines in the Province or whenever he deems such inspection necessary, instruct the inspector to examine and report to him the condition of such mine. The mine owner, agent, manager, or lessee respectively shall have the right to appeal on any difference that may arise between them and the inspector to the Minister of Mines. On receipt of notice of any serious accident in any mine, the Minister of Mines shall instruct the inspector to inquire into the cause of such accident.

4. The inspector shall exercise a sound discretion in the advancement of the objects of this Act, and in the enforcement of the regulations made hereunder; and if he shall find any matter, thing, or practice in or connected with any metalliferous mines to be dangerous or defective, so as to, in his opinion, threaten or tend to the bodily injury of any person, the inspector shall forthwith give notice in writing thereof to the owner, agent, manager, or lessee, stating in such notice the particulars in which he considers such mine, part thereof, or practice to be dangerous or defective, and he shall order the same to be remedied.

5. It shall be the duty of the inspector to forthwith post up, or cause to be posted up, in a conspicuous place at the mouth of the mine, or at some other conspicuous place thereon, a copy of such notice in order that workmen in and about the said mine may become aware of the contents thereof.

6. The Minister of Mines shall instruct the inspector to examine and report to him in writing—

- (a) The condition of the hoisting machinery, engines, boilers, whims, cages, cars, buckets, ropes, and cables in use in all the metalliferous mines in operation in the Province;
- (b) The appliances used for extinguishing fire;
- (c) The manner and method of working and timbering the shafts, drills, inclines, stopes, winzes, tunnels, and upraises through which persons pass while engaged in their daily labours;
- (d) The condition of all exits from the mine;
- (e) How the mine is ventilated, together with the sanitary conditions of the same;
- (f) How and where all explosives and inflammable oils and supplies are stored;
- (g) The system of signals used in the mines.

The inspector shall not give notice to any owner, agent, manager, or lessee of the time when such inspection shall be made. Amended 1918, c. 55, s. 2.

(2) The inspector shall forthwith post in some conspicuous place about each mine examined by him a copy of his report prepared under this section in respect of that mine. 1918, c. 55, s. 2.

7. The inspector of mines shall not act as manager or agent or lessee for any mining or other corporation during the term of his office, but shall give his whole time and attention to the duties of the office to which he has been appointed; he shall not make a report on any mine or mining

property for any person or persons interested in such mine or mining property, with intent to promote or aid in the sale or other conveyance thereof; and any officer violating this provision shall, upon summary conviction thereof, forfeit and pay a fine of not less than one hundred dollars nor more than one thousand dollars.

8. If the inspector shall reveal any information in regard to ore bodies, chutes, or bodies of ore, or location, course, or character of underground workings, or give any information or opinion respecting any mine, obtained or formed by him in making such inspection, upon summary conviction thereof the said inspector shall be removed from office and fined in a sum not less than one hundred dollars nor more than one thousand dollars.

#### Inspector's Report.

9. The inspector shall make an annual report of his proceedings during the preceding year to the Minister of Mines, which report shall be laid before the Legislative Assembly.

10. The Minister of Mines may at any time direct an inspector to make a special report with respect to any accident in a mine to which this Act applies, which accident has caused loss of life or serious personal injury to any person; and in such case shall cause such report to be made public at such time and in such manner as he thinks expedient.

#### Duties of Owners, Managers, and Others.

11. Every owner, agent, manager, or lessee of any metalliferous mine in the Province shall admit the inspector to such mine on the exhibition of his certificate of appointment, for the purpose of making an examination and inspection provided for in this Act, whenever the mine is in active operation; but the said inspector shall not unnecessarily obstruct the working of the said mine.

12. If the owner, agent, manager, or lessee refuse to admit the inspector to such mine, or to render him necessary assistance for inspection, such owner, agent, manager, or lessee shall be guilty of an offence against this Act, and shall be liable upon summary conviction to a fine of not less than ten nor more than five hundred dollars for each and every such refusal or neglect.

13. In case the owner, agent, manager, or lessee, after written notice being duly given, does not conform to or disregards any lawful order of the inspector made hereunder, or disobeys any regulation made hereunder, any court of competent jurisdiction may, on application or information of the Minister of Mines by civil action, enjoin or restrain, with costs, the owner, agent, manager, or lessee from working a mine until it is made to conform to the provisions of this Act; and such remedy shall be cumulative, and shall not affect any other proceedings against such owner, agent, manager, or lessee authorized by law for the matter complained of in such action.

14. Any owner, agent, manager, or lessee having charge of or operating any metalliferous mine, whenever loss of life or serious accident shall occur in connection with the working of such mine, shall give notice immediately, and report all facts thereof to the Minister of Mines and the inspector for the district in which such mine is situate; and the said inspector shall investigate and ascertain the causes and make a report, which shall be filed in the office of the Minister of Mines for future reference.

#### Returns by Owners and Others.

15. On or before the fifteenth day of each month, the owner, agent, manager, or lessee of every mine to which this Act applies who is actually engaged in the shipping or treating of ore from any such mine shall send to the Department of Mines a correct return, specifying with respect to such mine the following:—

(a) The name of the mine and its exact extent in acres, together with the name of the mining division in which it is situate;

(b) The name of the company or person operating the same. If the same company or person operates more than one mine in the same mining division, the returns may be given *en bloc*, but the names of all the mines must be specified;

(c) The quantity of ore shipped or treated during the previous month and the assay values thereof;

(d) Any other particulars deemed necessary by the Minister of Mines.

Such returns shall be in the form from time to time prescribed by the Minister of Mines.

16. The owner, agent, manager, or lessee of every mine to which this Act applies actually engaged in the shipping or treating of ore shall forthwith notify the mining recorder for the mining division in which such mine is situate of such fact, and also give the place of address to which forms for the return mentioned in the last preceding section hereof shall be forwarded; the said mining recorder shall thereupon forward to such address a supply of forms upon which such returns shall be made; but the failure of such owner, agent, manager, or lessee to apply for, or the mining recorder to furnish, such forms shall in no way relieve such owner, agent, manager, or lessee from forwarding such returns within the time hereinbefore provided.

17. It shall be lawful for the Lieutenant-Governor to order such returns, or a summary thereof, to be made public.

18. On or before the fifteenth day of January in every year, the owner, agent, manager, or lessee of every mine to which this Act applies shall send to the Bureau of Mines a correct return, specifying with respect to the year ending on the preceding thirty-first day of December the quantity of metal or ore gotten from such mine, and the number of persons ordinarily employed in or about such mine above and below ground, and any other information as may be required.

19. (1) Where in or about any mine to which this Act applies, whether above or below ground, either—

(a) loss of life or any personal injury to any person employed in or about the mine occurs by reason of any explosion of gas, powder, or any steam boiler; or

(b) loss of life or any serious personal injury to any person employed in or about the mine occurs by reason of any accident whatever,—the owner, agent, manager, or lessee of the mine shall, within twenty-four hours next after the explosion or accident, send notice in writing of the explosion or accident, and of the loss of life or personal injury occasioned thereby, to the inspector for the district, in which such mine is situate, and shall specify in such notice the character of the explosion or accident, and the number and names of persons killed and injured respectively.

(2) When any personal injury, of which notice is required to be sent under this section, results in the death of the person injured, notice in writing of the death shall be sent to the said inspector within twenty-four hours after such death comes to the knowledge of the owner or agent.

#### Opening New and Abandoning Old Mines.

20. Where any working is commenced for the opening of a new mine, or the working of a mine is abandoned, the owner, agent, manager, or lessee of such mine shall, within two months after such commencement or abandoning, give notice thereof to the inspector for the district in which such mine is situate: Provided that this section shall only apply to any working or mine in which more than twelve persons are ordinarily employed below ground.

21. Where any mine to which this Act applies is abandoned, or the working thereof discontinued, at whatever time such abandonment or discontinuance occurred, the owner thereof, and every other person interested in the minerals of such mine, shall cause the top of the shaft, if there be such, to be and to be kept securely fenced for the prevention of accidents.

22. Where any mine to which this Act applies, in which more than twelve persons have ordinarily been employed below ground, is abandoned, the owner of such mine at the time of the abandonment shall, within three months after such abandonment, send to the Minister of Mines an accurate plan, on a scale of not less than thirty feet to the inch, or on such other scale as the plan last used in the mine is constructed on, showing the boundaries of the workings of such mine up to the time of the abandonment, with the view of its being preserved under the care of the Minister of Mines, but no person except the inspector or the Provincial Mineralogist shall be entitled, without the consent of the owner of the mine, to see such plan when so sent until after the lapse of ten years from the time of abandonment: Provided that this section shall not apply to any mine opened up by means of tunnels or adit levels, below which extend no workings in which water may accumulate.

#### Plans of Mines.

23. The owner, agent, manager, or lessee of every mine to which this Act applies shall keep in the office of the mine, or in the principal office of the mines belonging to the same owner in the district in which the mine is situated, an accurate plan of the workings of such mine showing the workings up to at least three months previously, other than workings which were last discontinued at a date more than twelve months before the eighth day of May, 1897.

24. The owner, agent, manager, or lessee of the mine shall produce to an inspector under this Act at one of the aforesaid offices, such plan, and shall, if requested by the inspector, mark on such plan the progress of the workings of the mine up to the time of such production, and shall allow the inspector to examine the same.

25. If the owner, agent, manager, or lessee of any such mine fails to keep such plan as is prescribed by the last two preceding sections, or wilfully refuses to produce or allow to be examined such plan, or wilfully withholds any portion of any plan, or conceals any part of the workings of his mine, or produces an imperfect or inaccurate plan, unless he shows that he was ignorant of such concealment, imperfection, or inaccuracy, he shall be guilty of an offence against this Act; and, further, the inspector may, by notice in writing (whether a penalty for such offence has or has not been inflicted), require the owner, agent, manager, or lessee to cause an accurate plan, such as is prescribed by section 23 of this Act, to be made within reasonable time, at the expense of the owner or lessee of the mine, on a scale of not less than a scale of thirty feet to one inch, or on such other scale as the plan used in the mine is constructed on.

26. If the owner, agent, manager, or lessee fail, within twenty days, or such further time as may be shown to be necessary, after the requisition of the inspector, to make or cause to be made such plan, he shall be guilty of an offence against this Act.

27. Provided that the last four preceding sections shall apply only to a mine in which more than twelve persons are ordinarily employed below ground.

28. Any adjoining owner may apply to the inspector for the purpose of learning whether such mine is being worked into his territory, and upon such application being made the inspector shall examine the plans of such mine, and if necessary examine the workings of such mine, and make report thereon to such adjoining owner as to whether his territory is or is not being encroached on.

#### Register of Employees.

29. The owner, agent, manager, or lessee of any mine to which this Act applies shall keep in the office at the mine a register, and shall cause to be entered in such register the name, age, residence, and date of first employment of all boys under the age of sixteen years who are employed in the mines below ground, and of all women, boys and children employed above ground in connection with the mine, and shall produce such register to any inspector under this Act at the mine at all reasonable times when required by him, and allow him to inspect and copy the same.

#### Place of Payment of Wages.

30. No wages shall be paid to any person employed in or about any mine to which this Act applies at or within any public-house, beer-shop, or place for the sale of any spirits, beer, wine, cider, or other spirituous or fermented liquor, or other houses of entertainment, or any office, garden, or place belonging or contiguous thereto or occupied therewith.

#### GENERAL RULES.

31. The following general rules shall, so far as may be reasonably practicable, be observed in every mine to which this Act applies:—

#### Ventilation.

(1) An adequate amount of ventilation shall be constantly produced in every mine to such an extent that the shafts, winzes, sumps, levels, stopes, and working-places of such mine, and the travelling roads to and from such working-places, shall be in a fit state for working and passing therein.

#### Explosives.

(2) Gunpowder, dynamite, or other explosive or inflammable substance shall not be stored or thawed anywhere underground in the mine, but shall be stored in a magazine provided only for this purpose. The said magazine shall be placed far enough from any shaft, tunnel, engine, or mining buildings as to insure their remaining intact in case of the explosion of the stock of explosive in the said magazine.

(3) All explosives in excess of the amount required for a shift's or day's work shall be kept in the magazine.

(4) Each mine shall have a suitable device for thawing such explosives as require it, and such device shall be heated only by the use of hot water or steam.

(5) Oils, candles, and other inflammable substances, fuse and detonating caps shall not be stored with the explosives.

(6) An iron or steel tamping-rod shall not be used for ramming or tamping the wadding or first part of the tamping on the explosives.

#### Fire Protection.

(7) Every plant using steam where boiler, engine, blacksmith-shop, and shaft are in the same building shall have a hose and hose-connection to injector or feed-pump, and keep the same ready for instant use, and the line of hose shall be sufficient to reach the farthest point of said plant.

(8) All permanent buildings for housing boilers, engines, and machinery shall be erected at a distance of not less than fifty feet from the mouth of any mine.

(9) In every mine where hoisting is employed either for the carriage of persons or mineral, the following code of mine signals shall be used, but it shall be lawful for the Lieutenant-Governor in Council to modify or alter such code of mine signals to suit conditions which may arise. The code of mine signals, as modified or altered by virtue of the provisions of this subsection, shall have force, and effect only after the same has been published for two successive months in the Gazette and any amended code of mine signals shall be laid before the Legislative Assembly within the first fifteen days of the session next after the date thereof:—

#### BRITISH COLUMBIA CODE OF MINE SIGNALS.

##### Hoisting.

- 1 Bell.....Stop immediately—if in motion.  
 1 Bell.....Hoist (See Rule C).  
 2 Bells.....Lower (See Rule C).  
 3 Bells.....Caution—"Men On" (See Rule D).

This is a caution signal—not a signal to move—and means, when the next signal to move is given, "proceed slowly and with extra care," in accordance with such signal.

- 4 Bells.....Blasting or "Ready to Shoot" Signal (See Rule E).

This is a caution signal, and if the engineer is prepared to accept it he must acknowledge it by raising bucket a few feet and letting it back slowly.

This signal, once accepted takes precedence over all others, and 1 Bell, given when miners are in bucket is signal to hoist away from blast.

2 Bells, double pause, followed by station signal (2 — — station signal) calls cage or skip to that station (See Rule A).

##### Station Signals.

| Station    | Signals |       |       | Station     | Signals |       |       |
|------------|---------|-------|-------|-------------|---------|-------|-------|
|            | Bells   | Pause | Bells |             | Bells   | Pause | Bells |
| No. 1..... | 2       | —     | 1     | No. 11..... | 4       | —     | 1     |
| " 2.....   | 2       | —     | 2     | " 12.....   | 4       | —     | 2     |
| " 3.....   | 2       | —     | 3     | " 13.....   | 4       | —     | 3     |
| " 4.....   | 2       | —     | 4     | " 14.....   | 4       | —     | 4     |
| " 5.....   | 2       | —     | 5     | " 15.....   | 4       | —     | 5     |
| " 6.....   | 3       | —     | 1     | " 16.....   | 5       | —     | 1     |
| " 7.....   | 3       | —     | 2     | " 17.....   | 5       | —     | 2     |
| " 8.....   | 3       | —     | 3     | " 18.....   | 5       | —     | 3     |
| " 9.....   | 3       | —     | 4     | " 19.....   | 5       | —     | 4     |
| " 10.....  | 3       | —     | 5     | " 20.....   | 5       | —     | 5     |

In mines where there is a sub-station or ore-pocket below level of station, such sub-station or pocket shall be designated and signalled by the signal of such main station followed by 1 bell.

Example.—Ore pocket under station 7 shall be signalled 3—2—1  
 " 3 " " 2—3—1

##### Danger.

9 Bells, without pause between them, means DANGER (fire or other cause), and followed by a station signal, calls cage to that station.

This signal takes precedence over all others, except an accepted Blasting Signal.

##### Miscellaneous.

- 5 Bells....Steam—turn off or on.  
 6 Bells....Air—turn off or on.  
 7 Bells....Foreman wanted—to be preceded by station call.  
 3—3—3 Bells....Breakdown in shaft. Engineer must proceed very slowly and carefully, in accordance with signals to be afterwards given, if so directed, by verbal orders only.  
 4—4—4 Bells....All blasting in shaft is finished.  
 3—2—2 Bells....Send down drills.  
 3—2—3 Bells....Send down picks.

## Electric-bell Signals.

The following addition to the code shall be made where electric bells are used in connection with other bells:—

If cage is wanted, ring station signal. Station tender will answer 1 bell.

Reply 1 bell to go up.

Reply 2 bells to go below.

If station is full of ore, and station tender is wanted, ring signal and do not answer back.

2—1—2 bells are rung, engineer or station-tender does not understand, repeat signal.

In case of danger or accident, ring 9 bells, a pause, followed by regular station signal.

## RULES OF INSTRUCTION.

Note.—“Cage” in these rules signifies either cage, skip, or bucket.

“Bell” in these rules signifies stroke of bell, gong, hammer, or other signalling arrangement.

Rule A.—No person but the station-tender shall ring signal-bell, except in case of danger, or when main shaft is being sunk.

This shall not apply in mines where no station-tender is employed.

Engineer must slow up when passing stations when men are riding.

Rule B.—Method and Order of Giving Signals. In giving signals, make strokes on bell at regular intervals.

In signals requiring such, make the pause (—) take same time as for one bell. A double pause (— —) must be made between all cautionary signals, station signals, and executive signals.

Signals must be given in order designated—1st, cautionary signals 2nd, directionary signals; 3rd, executive signals.

Example: 3—2—5—2 means “men on, to No. 5 Station, lower away.”

In “call signals,” the station number is given first, followed by Call.

Example: 3—2—7 means “No. 7 Station wants foreman.”

Rule C.—The Hoist Signal (1 bell) means “to surface,” and the Lower Signal (2 bells) means “to bottom” or level from which hoisting is then being regularly done, unless these signals are preceded by a station signal signifying that cage is to be stopped at station designated.

Rule D.—When men are to ride, the Caution Signal (3 bells) must be given before they enter cage, which must not be moved until the Hoist or Lower Signal is given, and then only after a double pause (15 seconds), when cage must be started very gradually.

Rule E.—The Blasting, or “Ready to Shoot” signal (4 bells) must be acknowledged by engineer, as described, before it can be considered as accepted by him. Miners must not light fuse before the engineer has so acknowledged and accepted their signal, as it may not be possible at that moment to hoist.

The engineer, before acknowledging the Blasting signal, must stand ready to hoist immediately on required signal. Having acknowledged and accepted such signal, the engineer must not quit his post, and must not allow anything or anybody to interfere with his prompt obedience of the signal to “hoist away” from blast.

Rule F.—Timber, tools, etc., longer than the length of bucket or skip, or placed within a cage, must be securely lashed in place before being lowered or hoisted.

Rule G.—Printed copies of this Code of Signals shall be posted in engine-room in front of engineer, on gallows frame, at such working-station in the mine, and elsewhere as the inspector may direct, and should such copies become at all illegible, they must be replaced promptly by fresh ones.

(10) The bell-rope or other device for signalling shall be so constructed that signals can be sounded clearly and easily at the surface from any station, landing, or level.

## Hoisting and Landing Men.

(11) The hoisting or lowering of employees at any mine shall be expressly permitted or positively prohibited.

(12) Every working vertical shaft in which persons are lowered or raised shall, if exceeding three hundred feet in depth, be provided with a cage and guides. Such cage to be provided with a sufficient iron or steel covering or hood and catches.

(13) The person in charge of the machinery for raising or lowering men must be a male of at least eighteen years of age; but in no case shall the person in charge be of the Chinese or Japanese race.

## Hours of Employment.

(14) No person shall be employed underground in any metalliferous mine for a longer period than eight hours in any twenty-four hours; and in computing the said period of eight hours the same shall be reckoned from the time the person enters the mine until he reaches the surface. No person shall be employed above ground at or about a metalliferous mine for a longer period than eight hours in any twenty-four hours: Provided that nothing in this rule contained shall

apply to persons employed in the office, boarding-house, or bunk-house of any mine: And provided also that nothing in this rule contained shall apply where any person has been employed or detained for a longer period than eight hours in any twenty-four hours owing to the occurrence of an accident in or about the mine, or in endeavouring to save or protect human life, or owing to such accident to save property. 1918, c. 55, s. 3.

[Rule 14 came into operation on the 31st of March, 1919.]

#### Employment of Females, Children, and Boys.

(15) No boy under the age of twelve years, no woman or girl of any age, and no Chinese or Japanese person shall be employed in, or allowed to be for the purpose of employment in, any mine to which this Act applies below ground.

#### Daily Inspection of Mine.

(16) A competent person or persons who shall be appointed for the purpose shall, once at least every twenty-four hours, examine the state of the external parts of the machinery, and the state of the head-gear, working-places, levels, inclines, ropes, and other works of the mine which are in actual use, and once at least in every week shall examine the state of the shafts or inclines by which persons ascend or descend, and the guides, timbers, and ladder-ways therein; shall make a true report of the result of such examination, and such report shall be recorded in a book to be kept at the mine for the purpose, and shall be signed by the person who made the same.

#### Shafts.

(17) Every shaft, incline, or stope in which mechanical appliances for hoisting are used, and which is a means also of travel for employees, shall be of at least two compartments, and shall be well timbered.

(18) The top of every shaft shall be covered or so protected as to prevent persons or foreign objects falling into the said shaft.

(19) All vertical shafts of a depth of at least fifty feet shall be provided with a cross-head and guide, and such cross-head shall descend as such shaft is sunk so that at no time shall it be a greater distance from bottom of the shaft than thirty feet.

#### Stations.

(20) Each station or landing shall have a passage-way around one side of the shaft where the level or drift extends both ways from the said shaft.

#### Ladder-Ways.

(21) A ladder permanently used for the ascent or descent of persons in the mine shall be sufficiently strong for the purpose demanded, and shall be firmly fastened and kept in good repair. In a vertical shaft the ladder shall not be fixed in a vertical or overhanging position, and shall be inclined at the most convenient angle which the space in which the ladder is fixed allows, and in every shaft whether vertical or inclined, such ladder shall have substantial platforms at intervals of not more than twenty feet. Amended 1918, c. 55, s. 4.

(22) The said platform shall be closely covered, with the exception of an opening large enough to permit the passage of a man, and shall be so arranged that by no means could a person fall from one ladder through the opening to the next ladder.

(23) The ladder-way in a shaft, incline, or stope shall be separated by a strong partition from the compartment or division of the shaft, incline, or stope in which the material of the mine is hoisted.

(24) A chain ladder twenty feet in length shall extend from the bottom of the wooden ladder to the bottom of the shaft.

#### Winzes and Mill-holes.

(25) Each winze or mill-hole extending from one level or drift to another level or drift shall be protected at the top by a cover or a guard-rail.

#### Exits.

(26) As soon as it is practicable, each mine shall have two or more exits from the said mine, and levels or drifts driven each way from a shaft, or incline or stope shall be connected by unpraises or winzes equipped with ladders to provide exits or means of escape in case of accident.

## Timbering.

(27) Each shaft, incline, stope, tunnel, level, or drift, and any working-place in the mine, shall be, when necessary, kept securely timbered or protected to prevent injury to any person from falling material.

(28) No stope or drift shall be carried on in any shaft which shall have attained a depth of two hundred feet, unless suitable provision shall have been made for the protection of workmen engaged therein, by the construction of a bulkhead of sufficient strength or by leaving at least fifteen feet of solid ground between the said stope or drift and the workmen engaged in the bottom of such shaft.

## Gauges to Steam-boilers.

(29) Every steam-boiler shall be provided with a proper steam-gauge and water-gauge, to show respectively the pressure of steam and height of water in the boiler, and with a proper safety-valve.

## Prevention of Rock-dust.

(29a.) Every drill used in stoping in any mine where the character of the ground is such that dust is caused by the drilling shall be equipped with a water jet or spray or other appliance, equally efficient to prevent escape of dust, and of a type approved by the inspector of mines. 1918, c. 55, s. 5.

## Hours of Labour of Stationary Engineers.

(30) Every person who, being employed in or about a metalliferous mine in which the machinery hereinafter mentioned shall be operated for more than twenty hours in any twenty-four, (1) operates any direct-acting, geared, or indirect-acting hoisting machine exceeding fifty horse-power, or (2) operates any stationary engine or electric motor exceeding fifty horse-power, and shall perform any such duties for more than eight hours in any twenty-four, shall be guilty of an offence under this Act.

(31) Any person, corporation, or company who shall induce or persuade any person or persons to do any act, matter, or thing in contravention of the last preceding subsection hereof shall be guilty of an offence under this Act; but it shall not be deemed an offence under this or the last preceding subsection if any person operates any such machinery for more than the period mentioned for the purpose of relieving another employee in case of accident, sickness, or other unforeseen cause.

## Observance of Directions.

(32) Every person shall observe such directions with respect to working as may be given to him with a view to comply with this Act.

(33) Every person who contravenes or does not comply with any of the general rules of this section shall be guilty of an offence against this Act; and in the event of any contravention of or non-compliance with any of the said general rules in the case of any mine, by any person whomsoever, the owner or lessee, agent, and manager shall each be guilty of an offence against this Act unless he proves that he had taken all reasonable means, by publishing and to the best of his power enforcing the said rules as regulations for the working of the mine, to prevent such contravention or non-compliance.

32. The Lieutenant-Governor in Council may from time to time make such rules or regulations for the safety of mines, in addition to these herein laid down and not inconsistent therewith, as may be deemed advisable for the protection of the miners, and in and by such rules or regulations may impose fines or penalties for the infraction thereof not exceeding those imposed in and by this Act; and the said rules and regulations shall have the force of law after they have been advertised for four weeks in the Gazette.

## Penalties and their Enforcement.

33. Every owner, agent, manager, or lessee of a mine to which this Act applies who is guilty of any act or omission in contravention of the provisions or requirements of this Act shall be deemed guilty of an offence against this Act.

34. Every person employed in or about a mine other than an owner, agent, manager, or lessee, who is guilty of any act or omission which in the case of an owner, agent, manager, or lessee would be an offence against this Act shall be deemed guilty of an offence against this Act.

35. Every person who is guilty of any offence against this Act shall, unless some other penalty is imposed by this Act, be liable to a penalty not exceeding, if he is an owner, agent, manager, or lessee, one hundred dollars, and if he is any other person, ten dollars, for each offence; and if the inspector has given written notice of any such offence, then in case of an owner, agent, manager, or lessee, to a further penalty not exceeding one hundred dollars and not less than ten

dollars for every day after such notice that such offence continues to be committed, and in cases of other persons, to a further penalty not exceeding five dollars for every day after such notice that such offence continues to be committed.

36. Where a person who is an owner, agent, manager, or lessee of or a person employed in or about a mine is guilty of any offence against this Act which in the opinion of the court that tries the case is one which was reasonably calculated to endanger the safety of the persons employed in or about the mine, or to cause serious personal injury to any of such persons, or to cause a dangerous accident, and was committed wilfully by the person, or personal default, or personal negligence of the person accused, such person shall be liable, if the court is of opinion that a pecuniary penalty will not meet the circumstances of the case, to imprisonment, with or without hard labour, for a period not exceeding three months.

37. All offences under this Act, and all penalties under this Act, and all money and costs by this Act directed to be recovered as penalties, may be prosecuted and recovered in a summary manner before a justice of the peace.

38. The following provisions shall have effect:—

(1) Any complaint or information made or laid in pursuance of this Act shall be made or laid within six months from the time when the matter of such complaint or information respectively arose:

(2) The description of any offence under this Act in the words of this Act shall be sufficient in law:

(3) Any exception, exemption, proviso, excuse or qualification, whether it does or not accompany the description of the offence in this Act, may be proved by the defendant, but need not be specified or negatived in the information; and if so specified or negatived, no proof in relation to the matters so specified or negatived shall be required on the part of the informant:

(4) The owner, agent, manager, or lessee may, if he think fit, be sworn and examined as an ordinary witness in the case where he is charged in respect of any contravention or non-compliance by another person:

(5) The court shall, if required by either party, cause minutes of the evidence to be taken and preserved.

39. No prosecution shall be instituted against the owner, agent, manager, or lessee of a mine to which this Act applies for any offence under this Act which can be prosecuted before a court of summary jurisdiction except by an inspector, or with the consent in writing of the Minister of Mines; and in the case of any offence of which the owner, agent, manager, or lessee of a mine is not alleged to be personally the perpetrator, if he proves that he had taken all reasonable means to prevent the commission thereof, an inspector shall not institute any prosecution against such owner, agent, manager, or lessee, if satisfied that he had taken such reasonable means as aforesaid.

40. Nothing in this Act shall prevent any person from being indicted or liable under any other Act or otherwise to any other or higher penalty or punishment than is provided for any offence by this Act, so that no person be punished twice for the same offence. And if the court before whom a person is charged with an offence under this Act think that proceedings ought to be taken against such person for such offence under any other Act, or otherwise, the court may adjourn the case to enable such proceedings to be taken.

41. A person who is the owner, agent, manager, or lessee of any mine to which this Act applies, or the father, son, or brother of such owner, agent, or manager, shall not act as a court or member of a court of summary jurisdiction in respect of any offence under this Act.

42. If any person feel aggrieved by a conviction made by a court of summary jurisdiction on determining any information under this Act, the person so aggrieved may appeal therefrom.

43. Where a penalty is imposed under this Act for neglecting to send a notice of any explosion or accident or for any offence against this Act which has occasioned loss of life or personal injury, the Minister of Mines may (if he think fit) direct such penalty be paid to or distributed among the persons injured and the relatives of any persons whose death may have been occasioned by such explosion, accident, or offence, or among some of them:

Provided that—

(1) Such persons did not, in his opinion, occasion, or contribute to occasion, the explosion or accident, and did not commit and were not parties to committing the offence:

(2) The fact of such payment or distribution shall not in any way affect or be receivable as evidence in any legal proceeding relative to or consequential on such explosion, accident, or offence.

Save as aforesaid, all penalties imposed in pursuance of this Act shall be paid into the Provincial Treasury.

### Prison Labour.

Chapter 180.—16. The Lieutenant-Governor in Council may from time to time direct or authorize the employment upon any specific work or duty, beyond the limits of any common gaol, of any prisoner who, after a prior sentence of imprisonment for any breach of any law of Canada or of any province of Canada, is sentenced to be imprisoned with hard labour in such gaol under the authority of any statute of British Columbia, or for the breach of the by-law of any municipal corporation in this Province.

# Protection of Wages on Public and Subsidized Works and on Works by Chartered Companies.

Chapter 191.—1. This Act may be cited as the Public Works Wages Act.

## Protection of Workmen.

2. In case a contractor for the construction of a public work, let under contract with His Majesty, or a member of the Executive Council of British Columbia, acting for and on behalf of His Majesty or any sub-contractor, in the construction of any such public work, makes default in the payment of the wages of any foreman, workman, or labourer employed on the work, or in payment of any sum due by the contractor or sub-contractor for labour done by such foreman, workman, or labourer, or by any team employed on the work, if the claim for such wages or sum is filed in the office of the member of the Executive Council entering into the contract for and on behalf of His Majesty, or having the supervision of the execution of the contract where the same is made with His Majesty, not later than two months after the same becomes due, and satisfactory proof thereof is furnished to him, he may cause such claim to be paid, to the extent of any moneys, or securities at the time of the filing of the said claim in the hands of the Crown for securing the performance of the contract.

3. The said member of the Executive Council may, in writing, require every or any contractor or sub-contractor for the construction of any public work to file in the office of the said member of the Executive Council, not later than the fifteenth day of each month, a list showing the names, rates of wages, amounts paid and amounts due and unpaid for wages or labour done by any foreman, workman, labourer, or team employed by the contractor or sub-contractor during the previous month; and such list shall be attested upon oath or statutory declaration of the contractor or sub-contractor, or his authorized agent.

4. Every contractor or sub-contractor aforesaid who having received such demand makes default in forwarding such list in accordance with the provisions of the last preceding section shall incur a penalty not exceeding one hundred dollars, and not less than ten dollars, for every day during which such default continues, and the amount of such penalty within the above limits shall be determined by the member of the Executive Council under whom the work is being executed, and may be deducted out of the moneys in the hands of the Crown deposited by or owing such contractor, and shall be vested in His Majesty for the use of the Province.

5. When default is made by a sub-contractor in furnishing such list, the penalty for such default hereinbefore provided may be recovered with costs at the suit of the Crown in any court of competent jurisdiction.

6. Where any subsidy, advance, loan, or bonus of money is authorized by the Legislature to be granted to any company or person towards the construction of any railway or other work, it shall, in the absence of special provision by the Legislature to the contrary, be deemed a condition of the grant that so much of the money may be retained as the Lieutenant-Governor in Council may think proper to secure the payment of claims for wages of persons employed on such railway or other work, whether by such company or by any contractor or sub-contractor, or for sums due or to become due for labour of persons or teams so employed; and in the event of any such claim for such wages or for any such sum remaining unpaid for thirty days after notice thereof has been served on such member of the Executive Council as may be charged with the duty of seeing that the conditions upon which such aid is granted, and the provisions of the Act of the Legislature respecting the same, are duly carried out, the Lieutenant-Governor in Council may, upon being satisfied that such claim is due and unpaid, direct that it be paid together with all proper costs and charges in connection therewith out of any moneys so retained.

7. Every company incorporated under any general or special Act of the Legislature shall be liable for the payment of the wages of all foremen, workmen, labourers, or teams employed in the construction of any such work in the Province, as is referred to in the last preceding section, done by or for the company, whether directly under the company or through the intervention of any contractor or sub-contractor: Provided that nothing herein contained shall be construed in any way to prejudice or affect the right of any such workman against any such contractor or sub-contractor under any other Act or law in force in the Province.

8. In case default is made by any contractor or sub-contractor in payment of the wages of any such foreman, workman, or labourer, a notice, stating the name of the claimant and the amount of wages claimed, shall be served upon the company by or on behalf of the claimant not later than two months after such wages are payable, and in default of such notice the liability imposed by the last preceding section shall cease. The said notice, and any summons, notice, order, or other process required to be served upon the company in the prosecution of any action under the last preceding section, may be served upon the president, vice-president, secretary, managing director, superintendent, or engineer, or any recognized officer representing the company, or by leaving the same with any adult person at the office or usual place of abode of any of them.

### Railways—Definition of Terms.

Chapter 194 with amendments.—2. "Minister" means the Minister of Railways of the Province.

"Deputy Minister" means the Deputy Minister of Railways of the Province.

"Department" means the Department of Railways of the Province.

"Company" means a railway company incorporated under this Act, and includes every person and every company by Act of the Legislature authorized to construct, or to own, or to operate a railway within the Province. Amended, 1913, c. 56, s. 2.

"Railway" means any railway which the company is authorized to construct and operate, and shall include all branches, sidings, stations, depots, wharves, rolling-stock, equipment, works, property, real or personal, and works connected therewith, and also every railway bridge, tunnel, or other structure connected with the railway and undertaking of the company.

"Highway" shall include any public road, street, lane, or other public way or communication.

"Special Act" means any Act of the Legislature heretofore passed authorizing the construction and operation of a railway.

### Railways—Application of Act.

Chapter 194.—3. The provisions of this Act shall apply to every company heretofore incorporated under special Act, and whether or not such company has or has not already constructed its railway, except in so far as the provisions of this Act or any of them are by express provisions in the special Act prevented from applying to the company, and express mention in this behalf in any special Act of any section in any Act by this Act repealed shall, for the purposes of this section, be deemed to be an express mention of any corresponding section in this Act.

4. Every railway company heretofore incorporated by special Act, shall have and may exercise, in addition to the powers conferred by this special Act, all the powers conferred upon a company by this Act.

### Telegraph Wires, etc., across Railways.

Chapter 194 with amendment.—167a. (1) No lines or wires for telegraphs, telephones or the conveyance of light, heat, power, or electricity shall be erected, placed, or maintained across the railway without leave of the Minister.

(2) Upon any application for such leave, the applicant shall submit to the Minister a plan and profile of the part of the railway proposed to be affected, showing the proposed location of such lines and wires and the works contemplated in connection therewith.

(3) The Minister may grant such application, and may order by whom, how, when, and on what terms and conditions and under what supervision such work shall be executed.

(4) Upon such order being made, such lines and wires may be erected, placed, and maintained across the railway subject to and in accordance with such order.

(5) An order of the Minister shall not be required in cases in which wires or other conductors for the transmission of electrical energy are to be erected or maintained over or under a railway, or over or under wires or other conductors for the transmission of electrical energy with the consent of the railway company or the company owning or controlling such last-mentioned wires or conductors, in accordance with any general regulations, plans, or specifications adopted or approved by the Minister for such purposes. 1915, c. 51, s. 2.

### Railway, Bridges, Tunnels, etc.

Chapter 194.—173. (1) Every bridge, tunnel, or other erection or structure over, through, or under which any railway passes shall be so constructed and maintained as to afford at all times an open and clear headway of at least seven feet between the top of the highest freight car used on the railway and the lowest beams, members or portions of that part of such bridge, tunnel, erection or structure which is directly over the space liable to be traversed by such car in passing thereunder.

(2) The Minister may, by certificate under his hand and seal of office, require any existing bridge, tunnel, or other erection or structure to be reconstructed or altered, within such time as he may order, so as to comply with the requirements mentioned in the last preceding subsection; and any such bridge, tunnel, or other erection or structure when so reconstructed or altered shall thereafter be maintained accordingly.

(3) Except by leave of the Minister granted by certificate under his hand and seal of office, the space between the rail-level and such beams, members, or portions of any such structure shall in no case be less than twenty-two feet six inches.

(4) If in any case it is necessary to raise, reconstruct, or alter any bridge, tunnel, erection or structure not owned by the company, the Minister, upon application of the company, and upon notice to all parties interested, or without any application, by certificate under his hand and seal of office, may make such order, allowing or requiring such raising, reconstruction, or alteration, and upon such terms and conditions as to the Minister shall appear just and proper and in the public interest.

### Fair Wages for Railway Employees.

Chapter 194.—176. (1) All employees, mechanics, labourers, or other persons who perform labour in, upon, and about the railway and undertaking of the company shall be paid such wages as are generally accepted as current for similar occupation in the district in which the work is being performed; and if there is no current rate in such district, then a fair and reasonable rate.

(2) In the event of a dispute arising as to what is the current or a fair and reasonable rate it shall be determined by the Minister, by certificate under his hand and seal of office, whose decision shall be final and binding upon and shall be conformed to and obeyed by the company and all its employees.

### Inspection of Railways.

Chapter 194.—179. (1) Whenever any complaint is made to the Minister, or the Minister receives information that any railway or any portion thereof is dangerous to the public using the same, from want of renewal or repair, or insufficient or erroneous construction, or from any other cause, or whenever circumstances arise which, in his opinion, render it expedient, the Minister may direct an inspecting engineer to examine the railway or any portion thereof.

(2) The Minister may, upon the report of the inspecting engineer, by certificate under his hand and seal of office, order any repairs, renewal, reconstruction, alteration, or new work, materials, or equipment to be made, done, or furnished by the company upon, in addition to, or substitution for any portion of the railway which may from such report appear to the Minister necessary or proper, and may order that until such repairs, renewals, reconstruction, alteration and work, materials or equipment are made, done and furnished to his satisfaction, no portion of the railway in respect of which such order is made shall be used, or used otherwise than subject to such restrictions, conditions, and terms as the Minister may in such certificate impose.

(3) The Minister may by such certificate condemn and thereby forbid further use of any rolling-stock which from such report he may consider unfit to repair or use.

180. (1) If in the opinion of any inspecting engineer it is dangerous for trains to pass over any railway or any portion thereof until alterations, substitutions, or repairs are made thereon, or that any of the rolling-stock should be run or used, the said engineer may, by notice in writing,—

(a) forthwith forbid the running of any train over such railway or portion of railway; or

(b) require that the same be run only at such times, under such conditions, and with such precautions as he by such notice specifies; and

(c) forbid the running or using of any such rolling-stock.

(2) Such notice shall state the reasons for such opinion of the inspecting engineer, and distinctly point out the defects or the nature of the danger to be apprehended.

(3) The notice may be served upon the company owning, running, or using such railway or rolling-stock, or upon any officer having the management or control of the running of trains upon the railway, or the management or control of the rolling-stock.

(4) The inspecting engineer shall forthwith report such notice to the Minister, who may, by certificate under his hand and seal of office, either confirm, modify, or disallow the act or order of such engineer.

(5) Notice of such confirmation, modification, or disallowance shall be given to the company.

### Operation of Trains—Safety Appliances.

Chapter 194.—181. (1) Every company shall provide and cause to be used on all trains modern and efficient apparatus, appliances, and means,—

(a) To provide immediate communication between the conductor while in any car of any passenger train and the engine driver;

(b) To check at will the speed of the train, and bring the same safely to a standstill as expeditiously as possible, and, except under circumstances of sudden danger or emergency, without causing undue discomfort to passengers (if any) on the train; and

(c) To securely couple and connect the cars composing the train with couplers which couple automatically by impact, and which can be uncoupled without the necessity of men going in between the ends of the cars.

(2) Such apparatus, appliances, and means for the checking of the speed or the stopping of any train shall include a power drive-wheel brake and appliances for operating the train brake system upon the locomotive.

(3) There shall also be such a number of cars in every train equipped with power or train brakes that the engineer on the locomotive drawing such train can control its speed, or bring the train to a stop in the quickest and best manner possible, without requiring brakemen to use the common hand brake for that purpose.

(4) Upon all trains carrying passengers such system of brakes shall be continuous, instantaneous, in action, and capable of being applied at will by the engine driver or any brakeman; and the brakes must be self-applying in the event of any failure in the continuity of their action.

(5) All box freight cars of the company, shall, for the security of railway employees, be equipped with—

(a) Outside ladders, on two of the diagonally opposite ends and sides of each car, projecting below the frame of the car, with one step or rung of each ladder below the frame, the ladders being placed close to the ends and sides to which they are attached; and

(b) Hand-grips placed anglewise over the ladders of each box car and so arranged as to assist persons in climbing on the roof by means of the ladders;

Provided that, if there is at any time any other improved side attachment which, in the opinion of the Minister, is better calculated to promote the safety of the train-hands, the Minister may, by certificate under his hand and seal of office, require all cars to be fitted with the said improved attachment.

(6) Every company shall adopt and use upon all its rolling stock such height of draw-bars as the Minister by certificate as aforesaid, determines, in accordance with any standard from time to time adopted by competent railway authorities.

182. The Minister may, subject to the requirements of the last preceding section, upon application, by certificate under his hand and seal of office, order that any apparatus or appliance specified in such order, shall, when used upon the train in the manner and under circumstances in such certificate specified, be deemed sufficient compliance with the provisions of the last preceding section.

183. The oil-cups or other appliances used for oiling the valves of every locomotive in use upon any railway shall be such that no employee shall be required to go outside the cab of the locomotive, while the same is in motion, for the purpose of oiling such valves.

184. Every locomotive engine shall be equipped and maintained with a bell of at least thirty pounds weight and with a steam whistle.

186. The Minister may, by certificate under his hand and seal of office, make regulations—

(a) Designating the number of men to be employed upon trains;

(d) Generally providing for the protection of property and the protection, safety, accommodation, and comfort of the public, and of the employees of the company, in the running and operation of trains by the company.<sup>1</sup>

186a. (1) The Lieutenant-Governor in Council may make regulations limiting the number of days in a week during which employees or any class of employees of a street railway company may be required or permitted to work.

(2) The power conferred by the next preceding subsection may be exercised notwithstanding the provisions of any agreement respecting hours of labour between a municipal corporation and a street railway company or a street railway company and its employees.

(3) Every street railway company contravening or committing a breach of any provision of the regulations made under the authority of subsection (1) shall be liable, upon summary conviction, to the penalty provided in section 287. 1916, c. 52, s. 5.

### Railway Employees to wear Badges.

Chapter 194.—197. Every employee of the company employed in a passenger train or at a passenger station shall wear upon his hat or cap a badge which shall indicate his office, and he shall not without such badge be entitled to demand or receive from any passenger any fare or ticket, or to exercise any of the powers of his office, or to interfere with any passenger or his baggage or property.

### Transportation of Explosives.

[Chapter 194, sections 203 and 204, deals with the transportation of explosives on railways.]

### Safety Provisions—Packing.

Chapter 194.—205. (1) The spaces behind and in front of every railway frog or crossing, and between the fixed rails of every switch, where such spaces are less than four inches in width, shall be filled with packing up to the underside of the head of the rail.

(2) The spaces between any wing-rail and any railway frog, and between any guard-rail and the track-rail alongside of it, shall be filled with packing at their splayed ends, so that the whole splay shall be so filled where the width of the space between the rails is less than four inches.

(3) Such packing shall not reach higher than to the under side of the head of the rail,

(4) Such packing shall consist of wood or metal, or some equally substantial and solid material, of not less than two inches in thickness, and where by this section any space is required to be filled in on any railway shall extend to within one and a half inches of the crown of the rails in use, shall be neatly fitted so as to come against the web of such rails, and shall be well and solidly fastened to the ties on which such rails are laid.

<sup>1</sup> The Department of Railways has issued a number of regulations under the authority of this section. The regulations with respect to railway safety appliance standards made by the Board of Railway Commissioners for Canada have been adopted in British Columbia, and the Provincial Railway Department has issued rules for the inspection of safety appliances. Two other sets of regulations issued by the Department relate to the equipment and operation of railways and street railways, respectively. Uniform rules governing examinations of railway employees to determine visual acuity, colour perception and hearing have also been adopted.

**Accidents on Railways—Investigations.**

[Sections 208 and 209 deal with the reporting and investigation of accidents.]

**Rules for Railway Employees.**

Chapter 194.—262. The company may, subject to the provisions and restrictions in this Act contained, make by-laws, rules, or regulations respecting—

(g) The employment and conduct of the officers and employees of the company; and

(h) The due management of the affairs of the company.

263. The company may, for the better enforcing of the observance of any such by-law, rule, or regulation, thereby prescribe a penalty not exceeding forty dollars for any violation thereof.

264. All by-laws, rules and regulations, whether made by the directors or the company, shall be reduced to writing, be signed by the chairman or person presiding at the meeting at which they are adopted, have affixed thereto the common seal of the company, and be kept in the office of the company.

265 (1) All such by-laws, rules and regulations, except such as relate to tolls and such as are of a private or domestic nature and do not affect the public generally, shall be submitted to the Minister for approval.

(2) The Minister may, by certificate under his hand and seal of office, sanction such by-laws, rules and regulations, or any of them or any part thereof, and may from time to time rescind the sanction thereof or any part thereof.

(3) No such by-law, rule, or regulation shall have any force or effect without such sanction.

266. Such by-laws, rules and regulations when so approved shall be binding upon and shall be observed by all persons, and shall be sufficient to justify all persons acting thereunder.

267. (2) A printed copy of so much of any by-law, rule or regulation as relates to the conduct of or affects the officers or employees of the company shall be given to every officer and employee of the company thereby affected.

268. If the violation or non-observance of any by-law, rule, or regulation is attended with danger or annoyance to the public, or hindrance to the company in the lawful use of the railway, the company may summarily interfere, using reasonable force, if necessary, to prevent such violation, or to enforce observance, without prejudice to any penalty incurred in respect thereof.

**Railways—Actions for Damages.**

Chapter 194.—269. (1) All actions or suits for indemnity for any damages or injury sustained by reason of the construction or operation of the railway shall be commenced within one year next after the time when such supposed damage is sustained, or, if there is continuation of damage, within one year next after the doing or committing of such damage ceases, and not afterwards.

(2) In any such action or suit the defendants may plead the general issue, and may give this Act and the special matter in evidence at the trial, and may prove that the said damages or injury alleged were done in pursuance of and by the authority of this Act.

(3) Nothing in this section shall apply to any action brought against the company upon any breach of contract, express or implied, for or relating to the carriage of any traffic, or to any action against the company for damages under the provisions of this Act respecting tolls.

(4) No inspection had under this Act, and nothing in this Act contained, and nothing done or ordered or omitted to be done or ordered, under or by virtue of the provisions of this Act, shall relieve, or be construed to relieve, any company of or from or in anywise diminish or affect any liability or responsibility resting upon it, either towards His Majesty or towards any person, or the wife or husband, parent or child, executor or administrator, heir or personal representative, of any person, for anything done or omitted to be done by such company, or for any wrongful act, neglect, or default, misfeasance, malfeasance, or non-feasance of such company.

**Liability of Railway Company for Negligence of Employees.**

Chapter 194.—291. (1) Any company or any director or officer thereof, or any receiver, trustee, lessee, agent or person acting for or employed by such company, that does, causes, or permits to be done any matter, act, or thing contrary to the provisions of this Act, or to the orders or directions of the Lieutenant-Governor in Council, or of the Minister, or of any inspecting engineer, made under this Act, or omits to do any matter, act, or thing thereby required to be done on the part of any such company or person, shall, for and in respect of any and every such act and every such omission, be guilty of an offence against this Act.

(2) Such company, director, officer, receiver, trustee, lessee, agent, or person shall also, in any case, in addition to any penalty imposed for such offence, be liable to any person injured by any such act or omission for the full amount of damages sustained thereby.

292. (1) For the purpose of enforcing any penalty under any of the provisions of this Act, or enforcing any regulation, order, or direction of the Lieutenant-Governor in Council, the Minister, or any inspecting engineer, made under this Act, the act, omission, or failure of any officer, agent, or other person acting for or employed by the company shall, if within the scope of his employment, in every case be also deemed to be the act, omission, or failure of such company.

(2) Anything done or omitted to be done by the company, which if done or omitted to be done by any director or officer thereof, or any receiver, trustee, lessee, agent, or person acting for or employed by the company, would constitute an offence under this Act, shall also be held an offence committed by such company, and upon conviction of any such offence the company shall be subject to the like penalties as are prescribed by this Act with reference to such persons.

### Vocational Education.

Chapter 206 with amendment.—127. Where it appears that in any school district there are twenty or more persons of the age of fourteen years and upwards desirous of obtaining instruction in technical education, manual training, domestic science, commercial training, or in the ordinary branches of an English education, the Board of School Trustees may establish, under regulations issued by the Council of Public Instruction, night schools for their benefit. 1918, c. 74, s. 38.

### Employment of Children—School Attendance.

Chapter 206 with amendment.—140. Every child from the age of seven to fourteen years, inclusive, shall attend some school during the regular school hours every school day, subject to the exemptions provided for in section 142 of this Act, and every parent or guardian who does not provide that every such child under his care shall attend some school during the regular school hours every school day shall be subject to the penalties hereinafter provided by this Act. 1920, c. 82, s. 29.

141. It shall be the duty of the trustees of every public school, or of the superintendent of education, or any person authorized by them or him, after having been notified that the parents or guardians of any child continue to neglect or violate the provisions of the last preceding section, to make complaint of such neglect or violation to a magistrate or justice of the peace; and it shall be competent for the police magistrate of any city or town, and for any magistrate or justice of the peace in any town or school district where there is no police magistrate, to investigate and decide in a summary manner upon any such complaint made by the trustees, or any person authorized by them, against any parent or guardian for violation of the said last preceding section, and to impose a fine not exceeding five dollars for the first wilful offence, and double that penalty for each subsequent offence, which fine and penalty shall be enforced as provided in section 147 of this Act.

142. It shall be the duty of the police magistrate, or any magistrate or justice of the peace where there is no police magistrate, to ascertain, as far as may be, the circumstances of any person complained of for not sending his child or children to some school, or otherwise educating him or them; and he shall accept any of the following as a reasonable excuse:—

(a) That the child is being educated by some other means satisfactory to such magistrate or justice:

(b) That the child is prevented from attending school by sickness or any other unavoidable cause:

(c) That there is no public school open which the child can attend within a distance of three miles, measured according to the nearest passable road from the residence of such child:

(d) That such child has reached a standard of education of the same or of a greater degree than that to be attained in such public school.

### Inspection and Regulation of Mercantile Establishments and Bakeshops—Hours of Labour—Employment of Children, etc.

Chapter 211 with amendments.—1. This Act may be cited as the Shops Regulation Act.

#### Division of Act.

2. This Act is divided into two parts, relating to the following subjects:—

#### Part

I.—Municipal Regulations as to closing Shops.

II.—Regulations governing Employers and certain Shops.

## PART I.

## MUNICIPAL REGULATIONS AS TO CLOSING SHOPS.

## Interpretation.

3. Unless the context otherwise requires, the following words and expressions in this Part of this Act, and in any by-law passed thereunder, shall have the meaning hereby assigned to them respectively, that is to say:—

"Shop" means any building or portion of a building, booth, stall, or place where goods are exposed or offered for sale by retail, or where the business of a barber or hairdresser is carried on, but not where the only trade or business carried on is that of a tobacconist, newsagent, hotel, inn, tavern, victualling house, or refreshment house, nor any premises wherein, under license, liquor as defined by section 2 of the 'Municipal Act' is sold by retail for consumption on the premises, nor auction rooms, pawnbrokers' shops, nor shops in which second-hand goods or wares only are bought, sold, or offered for sale, nor premises where a barber or hairdresser is attending a customer in the customer's residence:

"Closed" means not open for the serving of any customer;

"Municipality" means the city, township, or district municipality, the Municipal Council whereof, either upon application made in that behalf or otherwise, passes any by-law under the provisions of this Act. 1916, c. 58, s. 2.

## Hours of Closing.

4. Any municipal council may, by by-law require that during the whole or any part or parts of the year all or any class or classes of shops within the municipality shall be closed and remain closed on each and any day of the week at and continuously after or for the time and hour fixed or appointed in that behalf by the by-law, as follows:—

(1) On any statutory legal holiday, for the whole or any part of such day.

(2) On any one or more half-holidays in any one week, made such by a municipal by-law, the hour for closing shall not be earlier than twelve o'clock noon of such day.

(3) On any other day of the week, provided the hour fixed or appointed by such by-law in such case for the closing shall not be earlier than six of the clock in the afternoon of any such day: Provided that in municipalities in the electoral districts of Fernie and Cranbrook the hour fixed or appointed by such by-law shall not be earlier than five of the clock in the afternoon of any such day.

5. If any application be received by or presented to a municipal council, praying for the passing of a by-law requiring the closing of any class or classes of shops situate within the municipality, and the council be satisfied that such application is signed by not less than three-fourths in number of the occupiers of shops within the municipality and belonging to the class or each of the classes to which such application relates, the council shall, within one month after the receipt or presentation of such application, pass a by-law giving effect to the said application and requiring all shops within the municipality belonging the class or classes specified in the application to be closed during the period of the year and at the times and hours mentioned in that behalf in the application.

6. The council, in estimating such number of occupiers of shops belonging to the class or classes to which such application relates, shall take into consideration such shops only as are defined by section 3 of this Act.

7. A municipal council, may by by-law, make regulations as to the form of any application to be made under the preceding sections of this Act, and as to the evidence to be produced respecting the proportion of persons signing such application, and as to the classification of shops for the purposes of the said preceding sections, and it shall not be compulsory upon a council to pass a by-law, under the said preceding sections unless and until, with respect to the application made therefor, all such regulations have been duly observed.

8. If the application mentioned in the last three preceding sections be delivered to the clerk of a council, it shall be deemed to have been presented to and received by the council within the meaning of the said preceding sections.

9. Every such by-law shall take effect at a date named therein, being not less than one nor more than two weeks after the passing thereof, and shall, before that date, be published in such manner as to the council passing the by-law may appear best fitted to insure the publicity thereof.

10. A municipal council shall not have the power to repeal a by-law passed pursuant to section 5 of this Act, except as provided in the next following section.

11. If at any time it is made to appear to the satisfaction of a municipal council that more than one-half in number of the occupiers of shops to which any by-law passed by the council under the authority of section 5 of this Act relates, or of any class of such shops, are opposed to the continuance of such by-law, the council may repeal the said by-law, or may repeal the same in so far as it affects such class of shops as aforesaid; but any such repeal shall not affect the power of the council to thereafter pass another by-law under any of the foregoing provisions of this Act.

12. (1) Subject to the provisions of section 13 and 14 of this Act and of subsection (2) of this section, no person shall within any municipality keep open any shop, nor sell or offer

for sale therein or thereat any goods, wares, or merchandise usually sold or kept for sale therein, nor carry on therein any business as a barber or hair-dresser, at, within, or during any hour, time, or period during which such shop is required to be or remain closed by any by-law of the council of such municipality passed pursuant to this Act.

(2.) In a municipality the council of which has, by by-law passed pursuant to this Act, required all or any class or classes of shops to be or remain closed during any specified hours or time, no person shall sell or offer for sale during such hours or time, in or at any shop, store, or place of business where trades of two or more classes are carried on, any goods, wares, or merchandise which he could not under such by-law have then lawfully sold if such goods, wares, or merchandise had been the only goods, wares, or merchandise kept for sale in such shop, store, or place of business. 1916, c. 58, s. 3.

13. A pharmaceutical chemist, or chemist and druggist, shall not, nor shall any occupier of or person employed in or about a shop, be liable to any fine, penalty, or punishment under any such by-law for supplying medicines, drugs, or medical appliances after the hour appointed by such by-law for the closing of shops; but nothing in this section contained shall be deemed to authorize any person whomsoever to keep open shop after the said hour.

14. Nothing in any such by-law contained shall render the occupier of any premises liable to any fine, penalty, or punishment for supplying any article to any person lodging in such premises, or for supplying any article required for immediate use by reason or because of any emergency arising from sickness, ailment, or death; but nothing herein contained shall be deemed to authorize any person whomsoever to keep open shop after the hour appointed by such by-law for the closing of shops.

15. The municipal council of any municipality may, in or by a by-law passed pursuant to this Act, impose a fine or penalty, not exceeding one hundred dollars and costs, upon any person who commits a breach of any provision of this Act or of any by-law passed hereunder, which fine or penalty and costs shall be recoverable and enforceable upon summary conviction in the manner provided by the "Summary Convictions Act". 1916, c. 58, s. 41.

16. When the occupier of a shop is charged with an offence against any such by-law, he shall be entitled, upon information duly laid by him to have any other person whom he charges as the actual offender brought before the court at the time appointed for hearing the charge; and if, after the commission of the offence has been proved, the said occupier proves to the satisfaction of the court that he has used due diligence to enforce the execution of the provisions of the by-law, and that the said other person committed the offence in question without his knowledge, consent, or connivance, or wilful neglect or default, the said occupier shall be exempt from any fine, penalty, or punishment, but the said other person shall thereupon be summarily convicted of such offence and shall be liable to the same fine, penalty, or punishment therefor as if he were the occupier.

17. Subject to the provisions in the preceding sections of this Act contained, any by-law passed by a municipal council under the authority of this Act, shall, for all purposes whatsoever, be deemed and taken to have been passed under and by authority of the "Municipal Act" and as if the preceding sections of this Act had formed part of the "Municipal Act" and the preceding sections of this Act and the "Municipal Act" shall be read and construed together as if forming one Act.

18. Nothing in the preceding sections of this Act or in any by-law passed under authority thereof shall be deemed to render unlawful the continuance in a shop, after the hour appointed for the closing thereof, of any customers who were in the shop immediately before that hour, or the serving of such customers during their continuance therein.

19. This Act is hereby declared to apply to the cities of Vancouver and New Westminster, and the councils of the said cities of Vancouver and New Westminster shall have all the powers and duties given to municipal councils by this Act.

## PART II.

### REGULATIONS GOVERNING EMPLOYERS AND CERTAIN SHOPS.

#### Further Interpretation.

20. In this Part of this Act, unless the context otherwise requires,—

"Shop" means any retail or wholesale shop, store, booth, stall, or warehouse in which assistants are employed for hire:

"Young person" means any boy or girl under the age of sixteen years:

"Employer" means any person who in his own behalf, or as the manager, superintendent, overseer, or agent for any person, firm, company, or corporation, has charge of any shop and employs persons therein:

"Week" means the period between midnight on Sunday night and midnight on the succeeding Saturday night:

"Parent" means a parent or guardian of, or a person having the legal custody of or the control over, or having direct benefit from the wages of, a child or young person;

"Bake-shop" means any building, premises, workshop, structure, room, or place wherein is carried on the manufacture or sale of confectionery, or of bread, biscuits, cakes, or any other food product made from flour, or from meal, or from both, in whole or in part, and the said bake-shop shall include, also, any room or rooms used for storing the confectionery, bread, cakes, biscuits and other food products.

"Inspector" means, in municipalities, the person appointed by the municipal council to discharge the duties of inspector under the provisions of this Act; and in unorganized districts it means the inspector of factories. 1912, c. 40, s. 2.

#### Hours of Labour of Young Persons in Shops.

21. A young person shall not be employed in or about a shop for a longer period than sixty-six and one half hours, including meal-times, in any one week; nor shall a young person be so employed during any Saturday for more than thirteen hours, including meal-times, nor during any other day for more than eleven hours, including meal-times, unless a different apportionment of the hours of labour per day has been made for the sole purpose of giving a shorter day's work on some other day of the week; and there shall be allowed as meal-times to every young person so employed not less than one hour for the noonday meal on each day, and to every young person so employed on any day to an hour later than seven of the clock in the afternoon, not less than forty-five minutes for another or evening meal, between five and eight of the clock in the afternoon.

22. Where any young person is employed in or about a shop contrary to the provisions of the last preceding section, the employer shall, upon summary conviction thereof, be liable to a fine not exceeding fifty dollars and not less than twenty dollars for each person so employed, with costs of the prosecution, and, in default of immediate payment of such fine and costs, to be imprisoned for a period not exceeding one month. Amended 1912, c. 40, s. 3.

23. The parents of any young person employed in a shop in contravention of section 21 of this Act shall, unless such employment be without the consent, connivance, or wilful default of such parent, be guilty of an offence in contravention of this Act, and shall for each offence, on summary conviction thereof, incur and pay a fine of not more than fifty dollars and not less than twenty dollars, and costs of prosecution, and, in default of immediate payment of such fine and costs, shall be imprisoned for a period not exceeding one month.

24. The employer of females in any shop shall at all times provide and keep therein a sufficient and suitable seat and chair for the use of every such female, and shall permit her to use such seat or chair when not necessarily engaged in the work or duty for which she is employed in such shop; and any person offending against any of the provisions of this section shall, upon summary conviction thereof, be liable to a fine not exceeding fifty dollars and not less than twenty dollars, with costs of prosecution, and in default of immediate payment of such fine and costs, to be imprisoned for a period not exceeding one month. Amended 1912, c. 40, s. 4.

25. In every shop in which any young person is employed there shall be kept exhibited by the employer in a conspicuous place a notice referring to the provisions of this Act, and stating the number of hours in the week during which a young person may lawfully be employed therein; and such notice shall be according to the form in the Schedule to this Act.

26. When the employer of a young person is charged with an offence against any of the provisions of sections 21, 24, or 25 of this Act, he shall be entitled, upon information duly laid by him, to have any other person whom he charges as the actual offender brought before the court at the time appointed for hearing the charge; and if, after the commission of the offence has been proved, the said employer proves to the satisfaction of the court that he has used due diligence to enforce the execution of the provisions of the said sections, and that the said other person has committed the offence in question without his knowledge, consent, or connivance, the employer shall be exempt from any fine, penalty, or punishment, but the said other person shall thereupon be summarily convicted of such offence, and shall be liable to the same fine, penalty, or punishment therefor as if he were the employer.

27. Nothing in the last six preceding sections shall apply to a shop where the only persons employed therein are at home—that is to say, are members of the same family dwelling there—or to members of the employer's family dwelling in a house to which the shop is attached.

28. Every shop shall have in connection therewith, or within convenient distance, and with convenient access thereto, a sufficient number and description of privies, earth or water closets, and urinals for the employees of such shops; such closets and urinals shall at all times be kept clean and well ventilated, and separate sets thereof shall be provided for the use of male and female employees, and shall have respectively separate approaches and entrances.

It shall be the duty of the employer to comply with the provisions of this section and carry out the requirements thereof, and failure of the employer in his duty in this respect shall render the offender liable for each offence, on summary conviction thereof, to a fine of not more than forty dollars and not less than ten dollars, and costs of prosecution. Amended 1912, c. 40, s. 5.

29. When a young person is, in the opinion of the court, apparently of the age alleged by the informant, it shall lie on the defendant to prove that the young person is not of that age.

30. A person shall not be liable, in respect of a repetition of the same kind of offence from day to day, to any larger fine, penalty, or punishment than the highest fine, penalty, or punishment fixed by any of the last nine preceding sections for the offence, except—

(a) where the repetition of the offence occurs after an information has been laid for the previous offence; or

(b) where the offence is one of employing two or more young persons contrary to the provisions of this Act.

31. The following provisions shall have effect with respect to summary proceedings for offences and fines under the last ten preceding sections:—

(a) The information shall be laid within one month after the commission of the offence;

(b) The description of an offence in the words of this Act, or in similar words, shall be sufficient in law;

(c) Any exception, exemption, proviso, excuse, or qualification, whether it do or do not accompany the description of the offence in this Act, may be proved by the defendant, but need not be specified or negatived in the information; and if so specified or negatived, no proof in relation to the matters so specified or negatived shall be required on the part of the informant;

(d) It shall be sufficient to allege that a shop is a shop within the meaning of section 20 of this Act, without more;

(e) It shall be sufficient to state the name of the ostensible employer or the title of the firm by which the employer employing persons in the shops is usually known;

(f) A conviction or order made in any matter arising under the ten last preceding sections, either originally or on appeal, shall not be quashed for want of form.

32. All prosecutions under the last eleven preceding sections may be brought and heard before any justice of the peace or a police magistrate.

#### Bake-shops.

33. All bake-shops to which this Act applies shall be constructed as to lighting, heating, ventilating and draining in such a manner as not to be detrimental or injurious to the health of any person working therein, and shall also be kept at all times in a clean and sanitary condition, so as to secure the production and preservation of all the food products therein in a good and wholesome condition.

34. Every bake-shop shall be provided with a proper wash-room, closet, and other conveniences necessary for the health and comfort of the persons employed therein; the wash-room, closets, and other conveniences to be separate from the bake-shop, and such wash-room, closets, and other conveniences shall be kept clean and in a sanitary condition.

35. The sleeping-place or places of the employees of every bake-shop shall be entirely separate from the bake-shop, and no person shall be allowed to sleep in such bake-shop.

36. Every bake-shop shall be provided with proper means and facilities of escape in case of fire, such means and facilities of escape to be to the satisfaction of the inspector.

37. No employer shall require, permit, or suffer any employee in any bake-shop to work on Sunday, nor more than twelve hours on any one day, or more than sixty hours in any one week, except by permission of the inspector, given in writing to the employer; and a copy of such permission shall be posted in a conspicuous place in the bake-shop.

38. No employer shall knowingly require, permit, or suffer any person to work in his bake-shop who is affected with consumption of the lungs, scrofula, or with any venereal disease, or with any communicable skin disease; and every employer is hereby required to maintain himself and his employees in a clean and healthy condition while engaged in the manufacture, handling or sale of such food products.

39. No person under the age of eighteen years shall be employed in any bake-shop between the hours of nine of the clock at night and five of the clock in the morning.

40. No person under the age of fourteen years shall be employed in any bake-shop.

41. It shall not be lawful to let or suffer to be occupied as a bake-shop, or to occupy as a bake-shop, any room or place situate in a cellar or underground which was not so let or occupied before the first day of April, 1901.

42. There shall be posted up in convenient places in every bake-shop, and be constantly kept so posted up, the provisions of this Act with respect to bake-shops, to enable persons employed in bake-shops to become acquainted with their rights, liabilities, and duties under this Act.

42a. It shall be the duty of the employer to comply with the provisions of the last ten preceding sections and to carry out the requirements thereof. 1912, c. 40, s. 6.

#### Penalties.

43. Any employer who fails or refuses to carry out or comply with any of the requirements or provisions contained in the last ten preceding sections, or who refuses the inspector admittance to his bake-shop, or who neglects or refuses to comply with any lawful requirements of the inspector in connection with the enforcement of this Act respecting bake-shops, shall, for the first offence, on summary conviction thereof, forfeit and pay a penalty of not less than twenty dollars besides costs, and not more than fifty dollars, besides costs; and for the second offence, on summary conviction thereof, such person shall forfeit and pay a penalty of not less than fifty dollars, besides

costs, and not more than one hundred dollars, besides costs, and in default of payment thereof he shall be imprisoned in the Provincial gaol of the district, or the common gaol of the county in which the offence is committed, for a period not less than thirty days, nor more than six months, and to be kept at hard labour, at the discretion of the convicting magistrate; and for the third and subsequent offence, on summary conviction thereof, such person shall be imprisoned in any such gaol for a period of not less than six months, nor more than one year, to be kept at hard labour, in the discretion of the convicting magistrate. Amended 1912, c. 40, s. 7.

44. It shall be the duty of the Superintendent of Police to enforce the provisions of this Act in all portions of the Province not situate in any municipality.  
(Schedule omitted.)

### Sunday Labour.

[Chapter 219, which is to apply only to the portion of the Province comprised in the former separate colony of British Columbia, declares that the Sunday laws in force in England in 1858 are to be in force in the said portion of British Columbia. The schedule annexed to the Act contains the English laws referred to. The provisions respecting Sunday labour are as follows:—]

... no tradesman, artificer, workman, labourer, or other person whatsoever shall do or exercise any worldly labour, business or work of their ordinary callings upon the Lord's Day, or any part thereof (works of necessity and charity only excepted); and . . . every person being of the age of fourteen years or upwards offending in the premises shall for every such offence forfeit the sum of five shillings.

### Labour Organizations—Liability of Trade Unions—Picketing—Boycotting.

Chapter 228.—1. No trade union or any combination of workmen or employees in British Columbia, nor the trustees of any such union or combination in their representative capacity, shall be liable in damages for any wrongful act of commission or omission in connection with any strike, lock-out, or trade or labour dispute, unless the members of such union, or combination, or its council, committee, or other governing body, acting within the authority or jurisdiction given such council, committee, or other governing body by the rules, regulations, or directions of such union or combination, or the resolutions or directions of its members resident in the locality or a majority thereof, shall have authorised or shall have been a concurring party in such wrongful act.

2. No such trade union or association shall be enjoined, nor shall any officer, member, agent, or servant of such union or association or any other person be enjoined, nor shall it or its funds or any such officer, member, agent, servant, or other person be made liable in damages for communicating to any workman, artisan, labourer, employee, or person facts respecting employment or hiring by or with any employer, producer, or consumer or distributor of the products of labour or the purchase of such products, or for persuading or endeavouring to persuade by fair or reasonable argument, without unlawful threats, intimidation, or other unlawful acts, such last-named workman, artisan, labourer, employee, or person, at the expiration of any existing contract, not to renew the same or to refuse to become the employee or customer of any such employer, producer, consumer, or distributor of the products of labour.

3. No such trade union or association, or its officer, member, agent, or servant, or other person, shall be enjoined or liable in damages, nor shall its funds be liable in damages for publishing information with regard to a strike or lock-out, or proposed or expected strike or lock-out, or other labour grievance or trouble, or for warning workmen, artisans, labourers, or employees or other persons against seeking or urging workmen, artisans, labourers, employees or other persons not to seek employment in the locality affected by such strike, lock-out, labour grievance or trouble, or from purchasing, buying, or consuming products produced or distributed by the employer of labour party to such strike, lock-out, labour grievance or trouble, during its continuance.

### Payment of Wages—Truck System.

Chapter 231.—1. This Act may be cited as the Truck Act.

### Interpretation.

2. In this Act the following expressions shall have the meanings respectively hereby assigned to them:—

“Workman” does not include a domestic or menial servant or farm labourer, but, save as aforesaid, means any person who, being a labourer, journeyman, artificer, handicraftsman, miner, or otherwise engaged in manual labour, whether under the age of twenty-one years or above that age, has entered into or works under a contract with an employer, whether the contract be express or implied, oral or in writing, and be a contract of service or a contract personally to execute any work or labour:

“Employer” means all masters, bailiffs, foremen, managers, clerks, and other persons engaged in the hiring, employment, or superintendence of the labour of such workmen, and shall include any corporation:

"Wages" means and shall include any money or other thing had or contracted to be paid, delivered, or given as a recompense, reward, or remuneration for any labour done or to be done, whether within a certain time or to a certain amount, or for a time or an amount uncertain:

"Contract" means and shall include any agreement, understanding, device, contrivance, collusion, or arrangement whatsoever on the subject of wages, whether written or oral, whether direct or indirect, to which the employer or workman are parties or are assenting, or by which they are mutually bound to each other, or whereby either of them shall have endeavoured to impose an obligation on the other of them.

#### How Wages are to be Paid.

3. In all contracts hereafter to be made for the hiring of any workman or for the performance by any workman of any labour, the wages of such workman shall be made payable in lawful money of Canada only, and not otherwise; and if in any such contract the whole or any part of such wages shall be payable in any manner other than in the lawful money aforesaid, such contract shall be and is hereby declared illegal, null and void.

4. If in any contract hereafter to be made between any workman and his employer any provision shall be made directly or indirectly respecting the place where, or the manner in which, or the person or persons with whom the whole or any part of the wages due or to become due to any such workman shall be laid out or expended, such contract shall be and is hereby declared illegal, null, and void.

5. The entire amount of the wages earned by or payable to any workman in respect of any labour by him done shall be actually paid to such workman in lawful money of Canada, and not otherwise; and every payment made to such workman by his employer of or in respect of any such wages, by the delivering to him of goods or otherwise than in the lawful money aforesaid, except as hereinafter mentioned, shall be and is hereby declared illegal, null and void.

#### Workman's Remedies.

6. Every workman shall be entitled to recover from his employer, in the manner by law provided for the recovery of servants' wages, or by any other lawful ways and means, the whole or so much of the wages earned by such workman as shall not have been actually paid to him by such his employer in lawful money of Canada.

7. In any action or other proceeding to be hereafter brought or commenced by any workman against his employer for the recovery of any sum of money due to such workman as the wages of his labour, the defendant shall not be allowed to make any set-off or counterclaim, nor to claim any reduction of the plaintiff's demand by reason or in respect of any goods had or received by the plaintiff as or on account of his wages or in reward for his labour, or by reason or in respect of any goods sold, delivered, or supplied to such workman at any shop or warehouse kept by or belonging to such employer, or in the profits of which such employer shall have any share or interest, or by reason or in respect of any board or lodging supplied to such workman.

8. No employer of any workman shall have or be entitled to maintain any action or remedy whatsoever against any such workman for or in respect of any goods sold, delivered, or supplied to any such workman by such employer whilst in his employment as or on account of his wages or reward for his labour, or for or in respect of any goods sold, delivered, or supplied to such workman at any shop or warehouse kept by or belonging to such employer, or in the profits of which such employer shall have any share or interest, or for or in respect of any board or lodging supplied to such workman.

9. In any action brought by a workman for the recovery of his wages, the employer shall not be entitled to any set-off or counterclaim in respect of any goods, board, or lodging supplied to the workman by any person under any order or direction of the employer or any agent of the employer, and the employer of a workman or any agent of the employer, or any person supplying goods, board, or lodging to the workman under any order or direction of such employer or agent, shall not be entitled to sue the workman for or in respect of any goods, board, or lodging supplied by such employer or agent, or under such order or direction, as the case may be.

#### Application of Preceding Sections.

10. Sections 3 to 9 of this Act, both inclusive, shall only apply—

(a) To any workman employed altogether, or in part, or on works or undertakings situated wholly or in part in any incorporated city or town, or within three miles thereof; or

(b) To any goods, board, or lodging supplied or contracted to be supplied to any workman in any incorporated city or town, or within three miles thereof.

11. Nothing contained in the preceding sections of this Act shall in any part of the Province prevent any employer of any workman, or agent of any such employer, from contracting to supply to any such workman any medicine or medical attendance, or any fuel, or any provender for any working animal employed by such workman in his trade or occupation; or from demising to any workman the whole or any part of any tenement at any rent to be thereon reserved; or if the workman be employed in mining, fishing or logging, from contracting to supply any materials, tools, or implements to be used by such workman in such mining, fishing, or logging; nor shall prevent any railway company from contracting to supply any workman employed by them upon

the construction and repair of the permanent works and way with board and lodging at the company's boarding-cars; nor shall prevent any such employer or agent from making, or contracting to make, any deduction from the wages of any such workman for or in respect of any such rent, or for or in respect of any such fuel, provender, materials, tools, implements, or any such board or lodging.

#### Further Protection of Workmen.

12. No deduction shall be made from a workman's wages for sharpening or repairing tools, except by agreement, not forming part of the condition of hiring.

13. Nothing herein contained shall extend or be construed to extend to prevent any employer from advancing to any workman any money to be by him contributed to any friendly society duly established according to the laws of this Province, nor from advancing to any such workman any money for his relief in sickness.

14. Nothing herein contained shall be construed to prevent or to render invalid any contract for the payment, or any actual payment, to any workman of the whole or any part of his wages in the money of any of His Majesty's dominions, or in any bank-notes, if such money and notes shall be circulating at face value in British Columbia, or by cheque payable on demand and given upon any chartered bank of Canada having an office in British Columbia, if such cheques are duly honoured, and if such workman shall be freely consenting to receive such money, notes, or cheques; but all payments so made with such consent as aforesaid in any such money or notes, or any such cheques, if duly honoured, shall, for the purposes of this Act, be as valid and effectual as if such payments had been made in lawful money of Canada.

15. (1) No deduction from the wages of any workman in respect of any goods, board, or lodging supplied or contracted to be supplied to such workman, or in respect of any rent of any tenement or part thereof demised, shall exceed the real and true value of the goods, board, and lodging actually supplied to and had by such workman, and of such tenement or part thereof demised.

(2) Whenever, by agreement, custom, or otherwise, a workman is entitled to receive, in anticipation of the regular period of the payment of his wages, an advance as part or on account thereof, it shall not be lawful for the employer to withhold such advance or make any deduction in respect of such advance on account of poundage, discount, or interest, or any similar charge.

16. No employer shall, directly or indirectly, by himself or his agent, impose as a condition, express or implied, in or for the employment of any workman any terms as to the place at which, or the manner in which, or the person with whom any workman is to board, lodge, subsist, or reside, or as to the place at which, or the manner in which or the person with whom any wages or portion of wages paid to the workman are or is to be expended; and no employer shall, by himself or his agent, dismiss any workman from his employment for or on account of the place at which, or the manner in which, or the person with whom such workman may board, lodge, subsist, or reside, or for or on account of the place at which, or in the manner in which, or the person with whom any wages or portion of wages paid by the employer to such workman are or is expended, or fail to be expended.

#### Penalties.

17. If any employer, or the agent of any employer, shall by himself or by the agency of any other person or persons, directly or indirectly, enter into any contract hereby declared illegal, or shall contravene or fail to comply with any of the foregoing provisions of this Act, every such employer, agent and person shall for the first offence be liable to pay a fine not exceeding one hundred dollars, or to be imprisoned for not more than one month, with or without hard labour, and for the second and each subsequent offence to pay a fine of not less than twenty-five nor more than five hundred dollars, or to be imprisoned for not more than three months, with or without hard labour.

18. No person shall be punished as for a second offence under this Act unless ten days at least shall have intervened between the conviction of such person for the first and the committing by such person of the second offence; but each separate offence committed by any such person before the expiration of the said term of ten days shall be punishable by a separate penalty, as though the same were a first offence; and if the person or persons preferring such complaint or information shall not be able or shall not see fit to produce evidence of any such previous conviction, any such offender as aforesaid shall be punished for each separate offence by him committed against the provisions of this Act by an equal number of distinct and separate penalties, as though each of such offences were a first offence; and no person shall be proceeded against or punished as for a second offence at the distance of more than two years from the commission of the last preceding offence.

19. (1) Where an offence for which an employer is liable to a penalty by virtue of this Act has in fact been committed by some agent of the employer or other person, such agent or other person shall be liable to the same penalty as if he were the employer.

(2) Where an employer is charged with an offence against this Act, he shall be entitled, upon information laid by him, to have any other person whom he charges as the actual offender brought before the court at the time appointed for hearing the charge; and if, after the commission of the offence has been proved, the employer proves to the satisfaction of the court that he had used

due diligence to enforce the execution of this Act, and that the said other person had committed the offence in question without his knowledge, consent, or connivance, the said other person shall be summarily convicted of such offence, and the employer shall be exempt from any penalty.

20. (1) Any offence against this Act may be prosecuted, and any punishment therefor inflicted and penalty recovered under the provisions of the "Summary Convictions Act," before any two justices of the peace having jurisdiction in the municipality or place where the offence is committed.

(2) In respect of any offence against this Act and any proceedings for the same, every judge of the supreme court shall have, as to matters arising within the Province, and every county court judge and police or stipendiary magistrate shall have, as to matters arising within his jurisdiction, all the powers and duties conferred by the "Summary Convictions Act," or this Act, upon two justices of the peace.

21. No person shall be liable to be convicted of any offence against this Act committed by his or her copartner in trade, and without his or her knowledge, privity, or consent; but it shall be lawful when any penalty, or any sum of wages, or any other sum is ordered to be paid under the authority of this Act, and the person or persons ordered to pay the same shall neglect or refuse to do so, to levy the same by distress and sale of any goods belonging to any copartnership concern or business, in the carrying-on of which such charges may have become due or such offence may have been committed; and in all proceedings under this Act to recover any sum due for wages it shall be lawful in all cases of copartnership for the justices or the court, at the hearing of any complaint for the non-payment thereof, to make an order upon any one or more copartners for the payment of the sum appearing to be due; and in such case the service of a copy of any summons or other process, or of any order, upon one or more of such copartners shall be deemed to be a sufficient service upon all.

22. In all cases it shall be deemed and taken to be sufficient service of any summons to be issued against any offender or offenders under the authority of this Act if a duplicate or true copy of the same be left at or upon the place used or occupied by such offender or offenders, for carrying on his, her, or their trade or business, or at the place of residence of any such offender or offenders, being at or upon any such place as aforesaid, the same being directed to such offender or offenders by his or her or their right or assumed name or names.

23. No conviction, order, or adjudication made by any court or any justices of the peace under the provisions of this Act shall be quashed for want of form, nor be removed by certiorari or otherwise into the Supreme Court; and no warrant of commitment or of distress, or of commitments in default of sufficient distress, shall be held void by reason of any defect therein, provided that it be therein alleged that the party has been convicted, and there be a good and valid conviction to sustain the same.

24. A person engaged in the same trade or occupation as an employer charged with an offence against this Act, or the father, brother, or son of such person, shall not act as justice of the peace in hearing and determining such charge.

### Woodmen's Liens.

Chapter 243 with amendment.—1. This Act may be cited as the Woodman's Lien for Wages Act.

#### Interpretation.

2. Where the words following occur in this Act, they shall be construed in the manner hereinafter mentioned, unless a contrary intention appears:—

"Logs or timber" means and shall include logs, timber, piles, posts, telegraph and telephone poles, ties, mining-props, tan-bark, shingle-bolts, or staves, or any of them, or lumber of any description manufactured from the same or any of them:

"Labour," "service," or "services" means and shall include cutting, skidding, felling, hauling, scaling, banking, driving, running, rafting, or booming any logs or timber, and any work done by cooks, blacksmiths, artisans, and others usually employed in connection therewith, and shall also include any work done by engineers and all other persons or workmen employed in any capacity in or about any mill or factory where lumber of any description is manufactured:

"Person" in section 3 of this Act shall include cooks, blacksmiths, artisans, and all others usually employed in connection with such labour and services, and also physicians, surgeons, and others entitled to receive payments from or out of any fund made up from deductions by an employer from the wages of such cooks, blacksmiths, artisans, and others, arising from such labour and service, and set apart for payment of medical or surgical attendance and service on such cooks, blacksmiths, artisans, and others. Amended 1919, c. 92, s. 2.

#### Timber Liens for Wages.

3. Any person performing any labour, service, or services in connection with any logs or timber in the Province, or his assignee, shall have a lien thereon for the amount due for such labour, service, or services, and the same shall be deemed a first lien or charge on such logs or timber, and shall have precedence of all other claims or liens thereon, except any lien or claim which the Crown may have upon such logs or timber for or in respect of any dues or charges, or which any timber-slide company, or owner of slides and booms, may have thereon, for or in respect of tolls.

(2) Whenever, under the provisions of the "Master and Servant Act" or otherwise, a master or employer deducts from the wages of his workmen or servants, being persons performing any labour, service, or services in connection with any logs or timber in the Province, any sum for the payment of or for medical or surgical attendance and services upon and for such workmen and servants, any physician, surgeon, or other person entitled to receive such sum or any part thereof or to payment therefrom shall have a lien upon such logs or timber for the amount due him from such fund, and the same shall be deemed a first lien or charge on such logs or timber and shall have precedence of all other claims or liens thereon, except the liens or claims provided for and mentioned in the last preceding subsection. 1919, c. 92, s. 3.

4. The lien provided for in the last preceding section shall not attach or remain a charge on the logs or timber unless and until a statement thereof in writing, verified upon oath by the person claiming such lien, or some one duly authorized on his behalf, shall be filed in the office of the registrar of the county court having jurisdiction in the county, district, or portion of district in which the labour or service or some part thereof has been performed: Provided that when such labour or service has been performed upon any logs or timber in any portion of the Province beyond the jurisdiction of the county court, then such a statement shall be filed in the office of the Government Agent nearest the place where such labour or services were performed.

5. Such statement shall set out briefly the nature of the debt, demand, or claim, the amount due to the claimant, as near as may be, over and above all legal set-offs or counterclaims, and a description of the logs or timber upon or against which the lien is claimed, and may be in the form in Schedule A to this Act, or to the like effect.

6. Such statement shall be filed within thirty days after the last day such labour or services were performed: Provided that no sale or transfer of the logs or timber upon which a lien is claimed under this Act during the time limited for the filing of such statement of claim, and previous to the filing thereof, or after the filing thereof and during the time limited for the enforcement thereof, shall in anywise affect such lien, but such lien shall remain and be in force against such logs or timber in whosoever possession the same shall be found, except sawn timber sold in the ordinary course of business.

(7). (1) Any person or persons having a lien upon or against any logs or timber may enforce the same by suit in the county court where such lien is filed, provided the sum claimed is within the jurisdiction of such court, otherwise in the Supreme Court; and such lien claim shall cease to be a lien upon the property named in such statement unless the proceedings to enforce the same be commenced within thirty days after the filing of the statement, or after the expiry of the period of credit. In all such suits the person, company, or corporation liable for the payment of such debt or claim shall be made the party defendant.

(2) There shall be attached to or indorsed upon the writ or summons in such suit a copy of the lien claim filed as hereinbefore provided; and no other statement of claim or particulars shall be necessary unless ordered by the court or judge. In case no defence or dispute note is filed, judgment may be signed and execution issued according to the practice of the said court.

8. The court or judge may order any particulars to be given, or any proper or necessary amendments to be made, or may add or strike out the names of parties at any time, and may set aside any judgment and permit a defence or dispute note to be entered or filed, on such terms as to the court or judge shall appear proper. The writ or summons shall be in the form, as nearly as may be, of that in use in the court in which it is issued, and the practice thereafter shall follow, as nearly as may be, that of the said court. Writs or summonses may be served anywhere in the Province in the same manner as in other cases, and the judgment shall declare that the same is for wages, the amount thereof and costs, and that the plaintiff has a lien therefor on the property described when such is the case.

9. Where an execution has issued and has been placed in the sheriff's hands for execution, and no attachment has been issued, the proceedings for the enforcement of the lien shall be by sale under the execution; and the proceedings relating to proof of other claims, and the payment of money into court, and the distribution of the moneys, and otherwise, shall, as far as practicable, be the same as is hereinafter provided for proceedings upon and subsequent to an attachment.

10. (1) In any proceeding, whether commenced by writ or summons or attachment, and whether in a Supreme or county court, the judge may direct that the same shall be disposed of summarily by him in chambers without waiting for the regular sittings of the court, upon such terms as to notice and otherwise as the order shall provide, and the same may be so heard and disposed of.

(2) The judge may also entertain in chambers any application to set aside an attachment or seizure, or to release logs or timber that have been seized, and may summarily dispose of the same.

11. Where an attachment issues in the first instance, either from the Supreme Court or county court, the statement of claim and defence or dispute note, and proceedings to judgment, may be the same, as hereinbefore provided; where a suit has been begun by writ or summons, and where an attachment issues after proceedings have been begun by writ or summons, the proceedings shall continue and be carried to judgment under the writ or summons, except such as are necessary to be taken under the attachment.

12. The forms of attachment shall be, as nearly as may be, the same as are in use in the Supreme Court or county court. The judges of the Supreme Court and the judges of the county court, or a majority of each of such judges, may jointly prepare and adopt forms for the more convenient carrying out in their respective courts the provisions of this Act.

13. (1) Upon the production and filing of the statement mentioned in section 4, of this Act or a copy thereof, and an affidavit made and sworn by the claimant of the amount of the claim due and owing, and showing that the same has been filed as aforesaid, and stating that—

(a) he has good reason to believe, and does believe, that the logs or timbers are about to be removed out of the Province; or

(b) the person indebted for the amount of such lien has absconded from the Province with intent to defraud or defeat his creditors; or

(c) the saw-logs or timber are about to be cut into lumber or other timber so that the same cannot be identified; and

(d) he is in danger of losing his claim if an attachment do not issue, and if affidavits corroborating the affidavit of the plaintiff in respect of paragraphs (a), (b), or (c) be also filed,—the registrar of the court having jurisdiction in the matter shall issue a writ of attachment directed to the sheriff of the county, commanding him to attach, seize, and take and safely keep the said logs or timber, or such portion of them as may be necessary to satisfy the amount claimed and the costs of the suit, and of the proceedings to enforce the lien.

(2) Where additional claims are made, or the amount of claim is increased, or a sufficient seizure has not been made, a second or subsequent seizure may be made either under execution or attachment.

14. The plaintiff may, at any time within six months from the date of the original writ of attachment, issue from the office whence the original writ issued one or more concurrent writ or writs of attachment, to bear test on the same day as the original writ, and to be marked by the officer issuing the same with the word "concurrent" in the margin, which concurrent writ or writs of attachment may be directed to any sheriff other than the sheriff to whom the original writ was issued, and need not be sued out in duplicate or be served on the defendant, but shall operate merely for the attachment of the said logs or timber in aid of the original writ.

15. (1) The said writ of attachment shall also, where no writ or summons has issued summon the defendant to appear before the court out of which the attachment has issued, and a copy of the writ of attachment shall be served upon the defendant, and if the defendant in such attachment is not the owner of the logs or timber described in the writ, then a copy of the writ shall also be served upon the owner of the said logs or timber, or upon the person or agent in whose possession, custody, or control they may be found, for him.

(2) Where the defendant or owner of the logs or timber cannot be found within the jurisdiction of the court, and there is no one in possession of the logs or timber, then a copy of the writ of attachment shall be forwarded to the sheriff of any county, or any constable or other competent person in the Province within whose shrievalty or jurisdiction the defendant and owner, or either of them, as the case may be, resides or may be found; and such copy of the writ of attachment may be served by such sheriff, constable, or person upon such defendant or owner of the logs or timber. The owner may, on his own application or by direction of a judge, be made a party defendant at trial.

(3) In case the defendant or owner cannot be found within the Province, or the owner cannot be ascertained, and no agent or person is in possession for the owner, the writ may be served in such manner as the judge shall by order direct; but when the writ is served upon an agent or other person in possession as aforesaid, the order of the judge allowing the said service shall be necessary.

(4) Where the service has not been personal upon either the defendant or owner, and where a proper defence has not been made, the judge may, in his discretion, admit them, or either of them, to make full defence, and may make such order in the premises as may be reasonable and just to all parties.

(5) The sheriff, constable, or person shall, before making any service, be entitled to demand the payment of a sum sufficient to cover the amount of his necessary disbursements in effecting the same.

16. No sheriff or bailiff shall seize or detain any logs or timber under the provisions of this Act when in transit from the place where cut to the place of destination when such place of destination is within any of the said districts in which proceedings have been commenced, but in case such logs or timber are so in transit, or are in the possession of any booming company, or other person or corporation, for the purpose of being driven or sorted and delivered to the owners, or to satisfy any statutory lien, then attachment of the said logs or timber may be made by serving a copy of the said attachment upon the person or corporation driving or holding the same, who shall from the time of such service be deemed to hold the same, both on their own behalf and for the said sheriff to the extent of the lien, until the logs or timber can be driven and sorted out; and when driven or sorted out the sheriff may receive the said logs or timber from such person or corporation, and the statutory lien of such person or corporation shall not be released by the holding of such sheriff or other officer.

17. In case of an attachment, if the owner of the said logs or timber, or any person in his behalf, shall execute and file with the registrar of the court out of which the attachment has issued a good and sufficient bond to the person claiming the lien, executed by two sureties and approved by the said registrar, and conditioned for the payment of all claims, damages, costs, charges, disbursements, and expenses that may be recovered by the claimant in such proceedings, together with the amount for which a lien is claimed in any other suit (if any), the registrar shall issue an order to the sheriff having in charge the logs or timber directing their release, and upon service of such order upon the sheriff he shall release the same.

18. Any person who shall have been served with a copy of the writ of attachment under the preceding sections of this Act, and who may desire to dispute the same, shall, within fourteen days after such service, enter in the court in which proceedings are pending a notice that he or they dispute the claim upon the lien in whole or in part.

19. If no notice of dispute be entered under the last preceding section, judgment may be entered as in the case of default, and the practice or procedure may be the same as in a suit begun by writ or summons.

20. The defendant may at any time after service of the writ of attachment, and before the sale of the logs or timber, pay into court the amount for which a lien is claimed in the suit, together with the amount for which a lien is claimed in any other suit (if any), and together with the costs of the proceedings thereon to the date of such payment, taxed by the registrar of the court if so required; and the person making such payment shall thereupon be entitled to a certificate vacating the said lien, and upon the said certificate being filed with the registrar of the court in which the original statement was filed, the said lien shall be vacated and all further proceedings thereon shall cease, and the person making such payment shall further be entitled to an order directing the delivery-up of the logs or timber seized under the attachment, or the cancellation of any bond given under section 17 of this Act.

21. (1) After the expiration of the time hereinbefore named within which notice of dispute may be entered, the judge shall, upon the application of the claimant, issue an appointment naming a day upon which all persons claiming a lien on the logs or timber shall appear in person, or by their solicitor or agent, before the judge for the adjustment of their claims and the settlement of accounts; and the said appointment shall be served upon the defendants and upon the owner, if the judge so directs, and shall also, if the judge so directs, be published once a week for two weeks before the day named in the said appointment in a newspaper published in the judicial district in which proceedings are pending, if a newspaper be published therein, and if not, then in a newspaper circulating in that district.

(2) Provided that a copy of such appointment shall be mailed by registered letter to every holder of a claim known to the plaintiff as such holder at least two weeks before the day named in the appointment, directed to the post office address of such claimant where the same is known and if not known, then to his last-known address.

22. (1) Upon the day named in the said appointment and advertisement the persons served with a copy thereof, and all other persons claiming a lien on the said logs or timber who have prior to the said date filed with the registrar of the proper court a notice claiming such lien on the said logs or timber and stating the nature and amount of such claim, shall attend before the judge named in the appointment and advertisement.

(2) Where claims are brought in pursuant to notice they may be established *prima facie* by affidavit, but any party interested shall be at liberty to cross-examine the deponents, and may require that the claim be established in open court as in other cases.

23. The judge shall hear all parties and take all accounts necessary to determine the amounts (if any) due to them or any of them, or of any other holders of liens who may be called upon by the judge to prove their lien, and shall tax to them their costs and determine by whom the same shall be payable, and settle their priorities, and generally determine all such matters as may be necessary for the adjustment of the rights of the several parties.

24. At the conclusion of the inquiry the judge shall make his report and order, which shall state his findings and direct the payment into the court in which proceedings are pending of the amounts (if any) so found due, and the costs, within ten days thereafter, and in default of such payment, that the logs or timber shall be sold by the sheriff for the satisfaction of the amounts found due to the several parties upon the inquiry and costs.

25. (1) In default of payment into court under the last preceding section within the time named in the order therefor, the said logs or timber shall, within twenty days thereafter, be sold by the sheriff holding the same, in the same manner and subject to the same provisions of law as goods seized or taken in execution, unless the judge shall direct that additional publicity be given to the sale; and the amount realized by such sale shall, after deducting the expenses thereof payable to the sheriff, be paid into the court in which the proceedings are pending, and shall, upon the application of the several parties found to be entitled thereto under the order of the judge, be paid out to them by the registrar of the said court.

(2) Provided, where the amount realized upon the sale shall not be sufficient to pay the claims in full and costs, the judge shall apportion the amounts realized *pro rata* among the different claimants.

26. If after such sale and the distribution of the proceeds thereof under the last preceding section any balance shall remain due to any person under the said order of the judge, the registrar of the court shall, upon application of such person, give to him a certificate that such amount remains due, which certificate may be entered as a judgment in any court having jurisdiction against the person or persons by whom the claim was directed to be paid, and execution may be issued thereupon as in the case of other judgments in the said court.

27. Where nothing shall be found due upon the several claims filed as mentioned in section 22 of this Act, or upon the lien or liens with respect to which proceedings have been taken, the judge may direct by his said order, that the lien or liens be discharged and the logs or timber released, or the security given therefor be delivered up and cancelled, and shall also by such order direct payment forthwith of any costs which may be found due to the defendant or the owner of the said logs or timber.

28. The costs to be taxed to any party shall, as far as possible, be according to the tariff of costs in force as to other proceedings in the court in which proceedings under this Act have been taken.

29. Where more money shall be paid into court as the proceeds of the sale of logs or timber than shall be required to satisfy the liens which shall be proved, and interest and costs, the judge may order the payment out of court of any remaining moneys to the party entitled to the same.

30. (1) Any person affected by proceedings taken under this Act may apply to the judge to dismiss the same for want of due prosecution, and the judge may make such order upon the application as to costs or otherwise as may be just.

(2) The judge may at any stage of such proceedings, on the application of any party or as he may see fit, order that any person who may be deemed a necessary party to any such proceedings be added as a party thereto or be served with any process or notice provided for by this Act, and the judge may make such order as to the costs of adding such person or as to such service as may be just.

31. Nothing in this Act contained shall be deemed to disentitle any person to any other remedy than that afforded by this Act for the recovery of any amount due in respect of labour or services performed upon or in connection with any logs or timber, and where a suit is brought to enforce a lien but no lien shall be found due, judgment may be directed for the amount due as in an ordinary case.

32. Any number of lien-holders may join in taking proceedings under this Act, or may assign their claims to any one or more persons, but the statement to be filed under section 4 of this Act shall include particular statements of the several claims of persons so joining, and shall be verified by the affidavits of such persons so joining, or separate statements may be filed and verified as by this Act provided, and one attachment issued on behalf of all the persons so joining.

33. If more than one suit be commenced under the provisions of this Act in respect of the same logs, the said defendants, or any of them, shall apply to have the causes consolidated, and, failing to do so, he or they shall pay the costs of such additional suit or suits.

34. Where suits are brought in the Supreme Court and the county court, the procedure under sections 21, 22, 23, and 24 of this Act shall be had in the said county court.

35. The procedure regulating the practice in actions brought in the Supreme Court or in the county court shall, so far as they are not inconsistent with this Act, regulate proceedings taken under this Act.

36. Affidavits and affirmations under this Act may be sworn before any police magistrate, stipendiary magistrate, notary public, or justice of the peace, or before any commissioner authorized to take affidavits which may be used in the Supreme Court.

37. Every person making or entering into any contract, engagement, or agreement with any other person for the purpose of furnishing, supplying, or obtaining logs or timber by which it is requisite and necessary to engage and employ workmen and labourers in the obtaining, supplying, and furnishing such logs or timber as aforesaid, shall, before making any payment for, or on behalf of, or under such contract, engagement, or agreement, of any sum of money, or by kind, require such person to whom payment is to be made to produce and furnish a pay-roll or sheet of the wages and amount due and owing and of the payment thereof, which pay-roll or sheet may be in the form in Schedule B to this Act, or, if not paid, the amount of wages or pay due and owing to all the workmen or labourers employed or engaged on or under such contract, engagement or agreement at the time when the said logs or timber are delivered or taken in charge for, or by, or on behalf of, the person so making such payment and receiving the timber or logs.

38. Any person making any payment under such contract, engagement, or agreement without requiring the production of a receipted pay-roll or sheet as mentioned in the last preceding section shall be liable, at the suit of any workman or labourer so engaged under the said contract, engagement, or agreement, for the amount of pay so due and owing to the said workman or labourer under the said contract, engagement, or agreement.

39. The person to whom such pay-roll or sheet is given shall retain, for the use of the labourers or workmen whose names are set out in such pay-roll or sheet, the sums set opposite their respective names which have not been paid, and the receipt or receipts of such labourers or workmen shall be a sufficient discharge therefor.

(Schedule omitted.)

### Payment of Wages Due Deceased Employees.

Chapter 245.—1. This Act may be cited as the Deceased Workmen's Wages Act.

#### Interpretation.

2. In this Act

"Workman" means every person included under the same term in the Workmen's Compensation Act.

#### Exemption from Debts.

3. The wages earned by a workman during the period of three months before, and owing or accrued to him at the time of his death shall, subject to the Provisions hereinafter contained, be payable to the widow (if any) of such deceased workman, free from debts of such deceased.

4. The wages of such deceased workman, and which are hereby made payable to the widow' shall not be subject to the provisions of the laws relating to the administration of the estates of deceased persons dying intestate, nor, in case of the testacy of the deceased to obtaining probate or to the provisions of his will.

5. Such widow shall be entitled to such wages on production of a certificate of a justice of the peace, setting forth that he has satisfied himself that the person claiming to be the widow of the deceased is in fact such widow.

### Employment of Labour—False Representations.

Chapter 246.—1. This Act may be cited as The Deceived Workmen Act.

2. It shall be unlawful for any person doing business in the Province, by himself or by his agent or attorney, to induce, influence, persuade, or engage a workman to change from one place to another in the Province, or to bring a workman of any calling or class into the Province, to work in any of the departments of labour in the Province, through or by means of deceptive representations, false advertising, or false pretences concerning the kind and character of the work to be done, or the amount and character of the compensation to be paid for such work, or the sanitary and other conditions of the employment, or as to the existence or non-existence of a strike or other trouble pending between employer and employees, at the time or immediately prior to such engagement.

3. Any workman of the Province, or from a locality without the Province, who has or shall be influenced, induced, or persuaded to engage with any person or party mentioned in the last preceding section through or by means of any of the things therein prohibited shall have a right of action for recovery of all damages that such workman has sustained in consequence of the false or deceptive representations, false advertising, and false pretences used to induce him to change his place of employment, against any person directly or indirectly causing such damages.

4. It shall be unlawful for any person doing business in the Province, by himself or by his agent or attorney, to induce, influence or persuade a workman not to change from one place to another in the Province, or to induce, influence or persuade a workman of any calling or class to keep away from the Province, through or by means of deceptive representations, false advertising, or false pretences—

(a) concerning the kind and character of the work to be done, or amount and character of the compensation to be paid for such work, or the sanitary or other conditions of the employment; or

(b) as to the existence or non-existence of a strike or other trouble then pending between employer and employees.

5. Any employer within the Province who has sustained any damages by reason of any of the things prohibited in the last preceding section shall have a right of action for the recovery of such damages sustained in consequence of the false or deceptive representations, false advertising, and false pretences used to induce such workman not to change or to change his place of employment, against any person directly or indirectly causing such damages.

### STATUTES OF 1914.

#### Liability of Employers for Road Tax of Employees.

Chapter 52.—285. Every merchant, farmer, trader, or employer of labour shall pay the annual commutation of statute labour or road tax, as the same becomes due by any person in their or his employment, and may deduct the amount so paid on account of such person from the amount of salary, wages, or compensation due to or to become due to him from such employer, upon production and delivery of the receipt therefor to such person. Every such merchant, farmer, trader, or employer of labour shall furnish to the collector, when requested by him so to do, a list of all persons in his employ liable to pay road-tax or to perform statute labour.

286. In case any person fails to pay the said commutation of statute labour or road-tax aforesaid for his employees, or to deliver to the collector the list mentioned in the last preceding section when required so to do, or knowingly states anything falsely therein, such person shall, on complaint of the collector, and upon summary conviction, be liable to a penalty not exceeding one hundred dollars.

#### Fair Wages on Municipal Works.

Chapter 52.—494. All municipal contracts shall contain provisions whereby the workmen, mechanics, artisans, and labourers employed on municipal works shall be entitled to such wages and remuneration as are generally accepted as current in each trade for competent workmen in the municipality, and whereby all contractors and sub-contractors shall be bound to pay such wages.

#### Employment of Women in Chinese Laundries, Restaurants, etc.

Chapter 52.—[Section 13 of Chapter 63 of the Acts of 1919 adds the following:—

(1) No person shall in any municipality employ in any capacity any white woman or girl or permit any white woman or girl to reside or lodge in or to work in or, save as a bona fide customer

in a public apartment thereof only, to frequent any restaurant, laundry, or place of business or amusement owned, kept, or managed by any Chinese person.

(2) Any employer guilty of any contravention or violation of this section shall, upon summary conviction, be liable to a penalty not exceeding one hundred dollars, and, in default of payment, to imprisonment for a term not exceeding two months.

### Licensing of Moving-Picture Machine Operators.

Chapter 75, with amendment.—4. Notwithstanding any law to the contrary, the Lieutenant-Governor in Council shall have the power . . . to make regulations governing the use and operation of cinematographs, and prescribing the conditions under which the same shall be operated, and . . . for examining, regulating, and licensing operators, apprentice operators, and any other person whose business includes the . . . use or exhibition of cinematographs, films or slides.

9. No person shall act as an operator or apprentice operator unless he is of the full age of eighteen years and has first obtained a license therefor under this Act.

10. (1.) Notwithstanding any law to the contrary, no municipality, whether incorporated under the "Municipalities Incorporation Act" or any special Act of the Legislature, shall issue a license in respect of any moving-picture theatre or film exchange unless the applicant for such license shall have first obtained a license therefor under this Act, and no such municipality shall issue a license to any operator or apprentice operator.

(2.) Every member of the council or other official of an incorporated city or municipality who issues or causes to be issued any license in violation of the provisions of this section shall be guilty of an offence against this Act. 1916, c. 65, s. 3.

15. Every offence against the provisions of this Act or the regulations passed thereunder, committed by the manager, employee, servant, or agent of any person holding any license in respect of a moving-picture theatre, cinematograph or film exchange under this Act, shall be deemed to be the offence of the person holding such license, and such person shall be answerable for and be liable to the penalty for such offence: Provided that nothing in this section shall absolve the actual offender from guilt or penalty in respect of the offence.

### STATUTES OF 1915.

#### Industrial Accidents—Provisions for First Aid.

Chapter 4.—1. This Act may be cited as The Ambulance Act, 1915.

2. Every employer of labour directly or indirectly operating any mine, camp, construction work, or industry employing more than thirty persons, and being situated more than six miles from the office of a medical practitioner, shall at all times maintain in or about such industry or works at least one person possessing a certificate of competency to render first aid to the injured, and shall also provide a good and sufficient ambulance box or boxes.

3. The Secretary of the Provincial Board of Health shall determine the qualifications necessary to obtain a certificate of competency to render first aid to the injured, and any duly qualified medical practitioner may issue certificates in accordance therewith.

4. Any employer of labour directly or indirectly operating any industry or works subject to the provisions of section 2 of this Act shall forward to the Provincial Secretary the name of the person qualified to render first aid, and the number of his certificate of competency, and any employer directly or indirectly operating for more than six days without such competent person shall, upon summary conviction, be liable to a penalty not exceeding fifty dollars, and, in default of payment of such, to imprisonment for a period of not more than three months.

5. Any incompetent person presuming to possess a certificate in accordance with the provisions of this Act shall, upon summary conviction, be liable to a penalty not exceeding fifty dollars, and, in default of payment of such, to imprisonment for a period of not more than three months.

6. This Act shall not apply to coal mines operating under The Coal Mines Regulation Act.

7. This Act shall come into effect on the first day of January, 1916.

### STATUTES OF 1916.

#### Fair Wages in Ship Building Industry.

[Chapter 57.—The British Columbia Shipping Act, which makes provision for aid to the shipbuilding industry in the Province, constitutes a "Shipping Credit Commission" for the administration of the Act.

The law requires that certain provisions shall apply to every loan made and every subsidy paid by the Commission. The fair wage provision is as follows:—]

44. (b) Such rate of wages as the Commission may decide to be a fair wage rate shall obtain in respect of all work done in and about the construction of the ship and in and about the manning and operation of the ship.

## Weekly Half-Holiday for Shop Employees.

Chapter 75, with amendments. Section 1. This Act may be cited as the "Weekly Half-holiday Act."

2. In this Act—

The expression "shop" includes any premises where any wholesale or retail trade or business is carried on.

The expression "week" means the period between midnight on Saturday night and midnight on the succeeding Saturday night.

3. (1) On and after the first day of July, 1916, every shop shall, save as otherwise provided by this Act, be closed for the serving of customers not later than one o'clock in the afternoon on one week-day in every week, and no employer shall require or permit any of his employees to remain in the shop for a longer time than thirty minutes after the said closing hour.

(2) This section shall not apply to any shop in which the only or principal trade or business carried on is trade or business of any of the classes mentioned in Schedule A to this Act.

Provided the municipal council of any municipality, whether incorporated under a general or special Act of the Legislature, may from time to time by by-law declare that any or all of the trades or businesses specifically mentioned in said Schedule A shall come within the provisions of this Act, and thereupon this section shall apply to every shop within that municipality in which any trade or business so declared within the provisions of this Act is carried on. Amended 1919, c. 91, s. 2.

(3) Any employer who permits any of his employees to remain in the shop in contravention of subsection (1) shall be guilty of an offence against this Act, and be liable on summary conviction to the penalty prescribed in section 8 of this Act.

[Section 4 requires the municipal councils of the cities of Victoria, Vancouver and New Westminster to submit to the vote of the municipal electors qualified to vote for mayor on June 14, 1916 the question as to whether they favour a weekly Wednesday half-holiday or a weekly Saturday half-holiday. In all three cities the vote favoured the Saturday half-holiday.]

5. (1) In all other municipalities the weekly half-holiday as respects any shop shall, subject to the provision in subsection (2) of this section, be observed on the day appointed in that behalf in any by-law heretofore passed under the provisions of the "Shops Regulation Act," and in force in the municipality; and if there is no such by-law or if there is no agreement for a weekly half-holiday in any such municipality, then the weekly half-holiday shall be observed on such day as may be agreed upon by the employer and the employees, and, in the event of disagreement, such day as the employer may specify in a notice affixed in the shop, but it shall not be lawful for the employer to change the day oftener than once in any period of three months without the consent of a majority of his employees.

(2) At the municipal elections to be held in January, 1917, a vote of the municipal electors entitled to vote for Mayor or Reeve shall be taken to determine whether the weekly half-holiday shall be on Saturday or some other day in the week, and the day approved by a majority of the municipal electors in any such municipality shall, on and after the first day of February, 1917, be the day fixed for such half-holiday in such municipality.

(3) Where any municipality has neglected to hold an election as provided in the next preceding subsection, the municipal council may be by-law select any two days of the week and submit to the vote of the said electors at the next regular municipal election the question as to which of the two days so selected shall be fixed for the weekly half-holiday, and the day receiving the greater number of votes on the taking of the vote pursuant to the by-law shall be the day fixed as a weekly half-holiday in that municipality under this Act. 1919, c. 91, s. 3.

6. The day fixed for a weekly half-holiday on a referendum to the electors in any municipality may be altered on a referendum at any subsequent election upon a petition therefor addressed to the municipal council and signed by not less than ten per cent of the electors qualified to vote for Mayor or Reeve, as the case may be.

7. This Act shall not apply to unorganized districts: Provided however, that the Lieutenant-Governor in Council may, if he sees fit, appoint a day in each week during the year or a portion of the year to be observed as a half-holiday by the employees in any shop or shops in an unorganized district, and upon such day being fixed the provisions of this Act shall apply in respect to such shop or shops.

8. It shall be the duty of every employer to whom this Act applies to keep his shop closed for the serving of customers from and after one o'clock in the afternoon of the day fixed as a weekly half-holiday and during the remainder of such day, and in case of any contravention or failure to comply with this provision the employer shall be guilty of an offence against this Act, and be liable, on summary conviction, to a penalty not exceeding:—

(a) In the case of a first offence, ten dollars;

(b) In the case of a second offence, fifty dollars; and

(c) In the case of a third or subsequent offence, one hundred dollars.

Provided that nothing in this section shall render a person liable to any penalty for serving after the closing hour any customer who was in the shop at the closing hour.

9. When the day immediately preceding a half-holiday is a Friday and not a public holiday, it shall be lawful for the employer to keep his shop open for the serving of customers until half-past nine of the clock on the Friday, any law or by-law to the contrary notwithstanding.

10. Where an offence for which the employer is liable under this Act to any penalty or punishment has in fact, been committed by some agent or servant of such employer, such agent or servant shall be liable to the same penalty or punishment as if he were the employer.

II. (1) When the employer is charged with an offence against this Act, he shall be entitled, upon information duly laid by him, to have any person whom he charges as the actual offender brought before the court at the time appointed for hearing the charge; and if, after the commission of the offence has been proved, the said employer proves to the satisfaction of the court that he has used due diligence to observe the provisions of this Act, and that the said person committed the offence in question without his knowledge, consent, or connivance, or wilful neglect or default, the said employer shall be exempt from any penalty or punishment, but such person shall thereupon be summarily convicted of such offence and shall be liable to the same penalty or punishment therefor as if he were the employer.

(2) When the employer is a corporation, such information may be laid by the president, secretary, or any director, or by the solicitor of the corporation.

12. The provisions of this Act shall extend to every shop, whether employees are employed therein or not, and the owner, proprietor, or manager of a shop wherein employees are not employed shall be liable to the penalties provided in this Act in the same manner and to the same extent as if he were an employer, and the agent of such owner, proprietor, or manager shall also be liable to the same extent as if he were the agent of an employer.

13. The provisions of this Act as to the closing of shops and the observance of a weekly half-holiday shall not apply in respect of any of the seven days immediately preceding Christmas Day in any year. 1918, c. 99, s. 2.

14. In the case of any of the following public holidays, that is to say, New Year's Day, Good Friday, Victoria Day, Dominion Day, Labour Day, Thanksgiving Day, and any day appointed by Proclamation and declared to be a public holiday for the purposes of this section, the provisions of this Act as to the closing of shops and the observance of a weekly half-holiday shall not apply in respect of that week, being the week before, or the week after, or the week during which such public holiday occurs, in which the day fixed in any case, pursuant to this Act, for the observance of a weekly half-holiday falls nearest to such public holiday. 1918, c. 99, s. 2. Amended 1920, c. 103, s. 2.

15. Any shops required to close on a weekly half-holiday under this Act shall also be required to close for the entire day in the following public holidays, that is to say: Christmas Day, New Year's Day, Good Friday, Victoria Day, Dominion Day, Labour Day, and Thanksgiving Day; and the provisions of the "Weekly Half-holiday Act" for enforcement of its provisions shall apply in respect to these days as it does in respect to the half-holiday. 1920, c. 103, s. 3.

#### SCHEDULE A.

The following trades and businesses are exempt from the provisions as to a weekly half-holiday, namely: those of bakeries, cigar stands, drug stores, newspaper stands, restaurants; shops or stands for the sale of fresh fruits, vegetables, soft drinks, cut flowers, and dairy products, confectioners' shops; and such other trades or businesses as may be declared exempt by Order-in-Council, published in the "Gazette." Amended 1919, c. 91, s. 4.

#### Workmen's Compensation.

Chapter 77 with amendments.—1. This Act may be cited as the "Workmen's Compensation Act."

2. In this Act, unless the context otherwise requires,—

"Accident" shall include a wilful and an intentional act, not being the act of the workman, and shall include a fortuitous event occasioned by a physical or natural cause;

"Accident Fund" shall mean the fund provided for the payment of compensation, outlays, and expenses under Part I;

"Board" shall mean Workmen's Compensation Board;

"Compensation" shall include medical aid, except where such interpretation is inconsistent with the context;

"Construction" shall include reconstruction, repair, alteration, and demolition;

"Dependants" shall mean such of the members of the family of a workman as were wholly or partly dependent upon his earnings at the time of his death, or who but for the incapacity due to the accident would have been so dependent; and no person shall be excluded as a dependant because he is a non-resident alien;

"Employer" shall include any person having in his service under a contract of hiring or apprenticeship, written or oral, express or implied, any person engaged in any work in or about an industry, and in respect of any industry within the scope of Part I includes the Crown in right of the Province and municipal corporations and boards and commissions having the management of any work or service operated for a municipal corporation;

"Employment" when used in Part I, means and refers to the whole or any part of any establishment, undertaking, trade, or business within the scope of that Part, and in the case of any industry not as a whole within the scope of Part I includes any department or part of such industry as would if carried on separately be within the scope of Part I;

"Industrial disease" shall mean any of the diseases mentioned in the Schedule, and any other disease which by the regulations is declared to be an industrial disease;

"Industry" shall include establishment, undertaking, work, trade, and business;

"Invalid" shall mean physically or mentally incapable of earning;

"Medical aid," when used in Part I, shall mean and include the several matters and things which the Board under the provisions of section 21 is empowered to provide for injured workmen;

"Member of the family" shall mean and include wife, husband, father, mother, grandfather, grandmother, stepfather, stepmother, son, daughter, grandson, granddaughter, stepson, stepdaughter, brother, sister, half-brother, and half-sister, and a person who stood *in loco parentis* to the workman or to whom the workman stood *in loco parentis*, whether related to him by consanguinity or not so related, and where the workman is a parent or grandparent of an illegitimate child shall include such child, and where the workman is an illegitimate child shall include his parents and grandparents;

"Outworker" shall mean a person to whom articles or materials are given out to be made up, cleaned, washed, altered, ornamented, finished, repaired, or adapted for sale in his own home or on other premises not under the control or management of the person who gave out the articles or materials;

"Person" shall include females as well as males, and shall include any body corporate or politic;

"Physician" shall mean and include any person registered under the "Medical Act";

"Regulations" shall mean and include rules and regulations made by the Board under the authority of this Act;

"Workman" shall include a person who has entered into or works under a contract of service or apprenticeship, written or oral, express or implied, whether by way of manual labour or otherwise; and in respect of the industry of mining shall include a person while he is actually engaged in taking or attending a course of training or instruction in mine-rescue work under the direction or with the written approval of an employer in whose employment the person is employed as a workman in that industry, or while with the knowledge and consent of any employer in that industry, either express or implied, he is actually engaged in rescuing or protecting or attempting to rescue or protect life or property in the case of an explosion or accident which endangers either life or property in a mine, and this irrespective of the fact whether during the time of his being so engaged such person is entitled to receive wages from such employer, or from any employer, or is performing such work or service as a volunteer; and, further, in respect to the industry of mining, shall include a person while he is engaged as a member of the inspection committee, appointed or elected by the workmen in the mine, or in default of such appointment or election by the workmen, if appointed by the Chief Inspector of Mines, to inspect the mine on behalf of the workmen, as required by General Rule 37, section 91, of the "Coal-mines Regulation Act," chapter 160 of the "Revised Statutes of British Columbia, 1911." Amended 1918, c. 102, ss. 2 and 3.

3. This Act is divided into three parts, relating to the following subjects:—

| Part.                                                                    | Section. |
|--------------------------------------------------------------------------|----------|
| I.—Compensation to Workmen and Dependants.....                           | 4-69     |
| Division (1).—Scope of this Part.....                                    | 4-5      |
| Division (2).—Compensation.....                                          | 6-14     |
| Division (3).—Scale of Compensation.....                                 | 15-24    |
| Division (4).—Accident Fund and Assessments.....                         | 25-41    |
| Division (5).—Procedure and Miscellaneous.....                           | 42-55    |
| Division (6).—Workmen's Compensation Board.....                          | 56-69    |
| II.—Liability of Employers in Industries not within the Scope of Part I. | 70-73    |
| III.—General Provisions.....                                             | 74-76    |

## PART 1.

### COMPENSATION TO WORKMEN AND DEPENDANTS.

#### Division (1).—Scope of this Part.

4. This Part shall apply to employers and workmen in or about the industries of lumbering, mining, quarrying, excavation, well-drilling, fishing, manufacturing, printing, construction, building, engineering, transportation; operation of railways or tramways; operation of telegraph or telephone systems; operation of lumber, wood, or coal yards; operation of steam-heating plants, power plants, electric-light and electric-power plants or systems, gasworks, water-works, or sewers; operation of municipal police forces or municipal fire departments; operation of theatre stages or kinematographs; operation of power laundries, stockyards, packing-houses, refrigerating or cold-storage plants, docks, wharves, warehouses, freight and passenger elevators, grain-elevators, boats, ships, tugs, ferries, or dredges; navigation, stevedoring, teaming, horse-shoeing, scavenging, street-cleaning, painting, decorating, renovating, dyeing, and cleaning, and such other industries and occupations as the Board may by the regulations determine; and in and about any occupation incidental to or immediately connected with any of the industries enumerated in this section:

Provided that, subject to section 5, this Part shall not apply to the following:—

(a) Persons engaged as travelling salesmen or in office or other clerical work, and not exposed to the hazards incident to the nature of the work carried on in the industry:

(b) Persons whose employment is of a casual nature, and who are employed otherwise than for the purposes of the employer's trade or business:

(c) Outworkers; or

(d) Members of the family of the employer. Amended 1918, c. 102, s. 4.

5. (1) On the application of the workmen in the case of any industry not within the scope of this Part, or on the application of the employer in the case of any industry or workman not within the scope of this Part, the Board may by order admit the industry or workman, as the case may be, as being within the scope of this Part, and upon such admission the industry or workman shall be deemed to be within the scope of this Part. 1919, c. 93, s. 2.

(2) Any employer in an industry within the scope of this Part may be admitted by the Board as being entitled for himself and his dependants to the same compensation as if the employer were a workman within the scope of this Part.

(3) Admissions under this section may be made from time to time in such manner and form and subject to such terms and conditions and for such period as the Board may deem adequate and proper.

5A. This Part shall apply to any employment by or under the Crown in right of the Province to which this Part would apply if the employer were a private person. 1918, c. 102, s. 5.

#### Part I, Division (2).—Compensation.

6. (1) Where, in any industry within the scope of this Part, personal injury by accident arising out of and in the course of the employment is caused to a workman, compensation as provided by this Part shall be paid by the Board out of the Accident Fund.

(2) If the injury does not disable the workman longer than the period of three days, exclusive of any holiday upon which the workman would not in the usual course of his employment have worked, from earning full wages at the work at which he was employed, no compensation, other than medical aid, shall be payable under this Part. If the injury disables the workman longer than the period of three days, no compensation, other than medical aid, shall be payable for the first three days of disability reckoned exclusively of any such holiday. 1918, c. 102, s. 6.

(3) Where the injury is attributable solely to the serious and wilful misconduct of the workman, no compensation shall be payable unless the injury results in death or serious and permanent disablement.

(4) Where the accident arose out of the employment, unless the contrary is shown, it shall be presumed that it occurred in the course of the employment, and where the accident occurred in the course of the employment, unless the contrary is shown, it shall be presumed that it arose out of the employment.

7. (1) Where—

(a) a workman suffers from an industrial disease and is thereby disabled from earning full wages at the work at which he was employed; or

(b) the death of a workman is caused by an industrial disease; and the disease is due to the nature of any employment in which the workman was employed at any time within the twelve months previous to the date of the disablement, whether under one or more employments, the workman or his dependants shall be entitled to compensation under this Part as if the disease were a personal injury by accident arising out of and in the course of that employment, subject to the following modifications:—

(c) The disablement shall be treated as the happening of the accident; and

(d) If the workman has at the time of entering the employment wilfully and falsely represented himself in writing as not having previously suffered from the disease, compensation shall not be payable.

(2) If the workman at or immediately before the date of the disablement was employed in any process mentioned in the second column of the Schedule hereto, and the disease contracted is the disease in the first column of the Schedule set opposite to the description of the process, the disease shall be deemed to have been due to the nature of that employment unless the contrary is proved.

(3) The Board may by the regulations require every physician treating a patient who is suffering from any industrial disease to report to the Board such information relating thereto as it may require.

(4) Nothing in this section shall affect the right of a workman to compensation in respect of a disease to which this section does not apply, if the disease is the result of an injury in respect of which he is entitled to compensation under this Part.

8. (1) Where an accident happens while the workman is employed elsewhere than in the Province, which would entitle him or his dependants to compensation under this Part if it had happened in the Province, the workman or his dependants shall be entitled to compensation under this Part:—

(a) If the place or chief place of business of the employer is situate in the Province, and the residence and the usual place of employment of the workman are in the Province, and his employment out of the Province has immediately followed his employment by the same employer within the Province and has lasted less than six months; or

(b) If the accident happens on a steamboat, ship, or vessel, or on a railway, and the workman is a resident of the Province, and the nature of the employment is such that in the course of the work or service which the workman performs it is required to be performed both within and without the Province.

(2) Except as provided by subsection (1), no compensation shall be payable under this Part where the accident to the workman happens elsewhere than in the Province.

(3) In any case where compensation is payable in respect of an accident happening elsewhere than in the Province, if the employer has not fully contributed to the Accident Fund in respect of all the wages of workmen in his employ who are engaged in the employment or work in which the accident happens, the employer shall pay to the Board the full amount of capitalized value, as determined by the Board of the compensation payable in respect of the accident, and the payment of such amount may be enforced in the same manner as the payment of an assessment may be enforced.

(4) The Board, if satisfied that the default of the employer in respect of his contribution to the Accident Fund was excusable, may in any case relieve the employer in whole or in part from liability under subsection (3).

9. (1.) Whereby the law of the country or place in which the accident happens the workman or his dependants are entitled to compensation in respect of it, they shall be bound to elect whether they will claim compensation under the law of such country or place or under this Part, and to give notice of such election; and if such election is not made and notice given it shall be presumed that they have elected not to claim compensation under this Part.

(2.) Notice of the election shall be given to the Board within three months after the happening of the accident, or, in the case it results in death, within three months after the death, or within such longer period as either before or after the expiration of such three months the Board may allow.

10. (1.) Where an accident happens to a workman in the course of his employment in such circumstances as entitle him or his dependants to an action against some person other than his employer, the workman or his dependants, if entitled to compensation under this Part, may claim such compensation or may bring such action.

(2.) If the workman or his dependants bring such action and less is recovered and collected than the amount of the compensation to which the workman or dependants would be entitled under this Part, the workman or dependants shall be entitled to compensation under this Part to the extent of the amount of such difference.

(3.) If any such workman or dependant makes an application to the Board claiming compensation under this Part, the Board shall be subrogated to the rights of the workman or dependant as against such other person for the whole or any outstanding part of the claim of the workman or dependant against such other person.

(4.) In any case within the provisions of subsection (1), neither the workman nor his dependants nor the employer of such workman shall have any right of action in respect of such accident against an employer in any industry within the scope of this Part; and in any such case where it appears to the satisfaction of the Board that a workman of an employer in any class is injured owing to the negligence of an employer or of the workman of an employer in another class within the scope of this Part, the Board may direct that the compensation awarded in such case shall be charged against the last-mentioned class.

11. (1.) The provisions of this Part shall be in lieu of all rights of action to which a workman or his dependants are entitled, either at common law or by any Statute, against the employer of such workman for or by reason of any accident which happens to him arising out of and in the course of his employment, and no action against the employer shall lie in respect of such accident.

(2.) A workman under the age of twenty-one years, and working at an age and in an employment permitted under the laws of the Province, shall be deemed *sui juris* for the purpose of this Part, and no other person shall have any cause of action or right to compensation for an injury to such workman except as expressly provided in this Part.

(3.) Where an action in respect of an injury is brought against an employer by a workman or a dependant, the Board shall have jurisdiction upon the application of any party to the action to adjudicate and determine whether the action is one the right to bring which is taken away by this Part, and such adjudication and determination shall be final and conclusive; and if the Board determines that the action is one the right to bring which is taken away by this Part the action shall be for ever stayed.

12. It shall not be competent for a workman to agree with his employer to waive or to forego any of the benefits to which he or his dependants are or may become entitled under this Part, and every agreement to that end shall be absolutely void.

13. (1.) Subject to the provisions of subsection (1) of section 30 in respect of medical aid, it shall not be lawful for an employer, either directly or indirectly, to deduct from the wages of any of his workmen any part of any sum which the employer is or may become liable to pay into the Accident Fund or otherwise under this Part, or to require or to permit any of his workmen to contribute in any manner towards indemnifying the employer against any liability which he has incurred or may incur under this Part.

(2.) Every person who contravenes any of the provisions of subsection (1) shall be guilty of an offence against this Part, and shall also be liable to repay to the workman any sum which has been so deducted from his wages or which he has been required or permitted to pay in contravention of subsection (1).

14. No sum payable as compensation or by way of commutation of any periodical payment in respect of it shall be capable of being assigned, charged, or attached, nor shall it pass by operation of law except to a personal representative, nor shall any claim be set off against it.

Part I., Division (3).—Scale of Compensation.

15. (1.) Where death results from the injury, the necessary expenses of the burial of the workman, not exceeding the sum of seventy-five dollars, shall be paid in addition to all other compensation payable under this section.

(2.) Where death results from the injury, compensation shall be paid to the dependants of the deceased workman as follows:—

(a.) Where the dependant is a widow or an invalid widower without any dependent children a monthly payment of thirty-five dollars during the life of such surviving spouse: Amended 1920, c. 105, s. 2 (a).<sup>1</sup>

(b.) Where the dependants are a widow or an invalid widower and one or more children, a monthly payment of thirty-five dollars, with an additional monthly payment of seven dollars and fifty cents for each child under the age of sixteen years and for each invalid child over that age, not exceeding in the whole sixty-five dollars: Amended 1920, c. 105, s. 2 (b).<sup>1</sup>

(c.) Where the dependants are children without any widow or invalid widower, a monthly payment of twelve dollars and fifty cents to each child under the age of sixteen years and to each invalid child over that age, not exceeding in the whole fifty dollars; (Amended 1920, c. 105, s. 2 (c).)<sup>1</sup> and

(d.) Where there is no widow, invalid widower, child under the age of sixteen years, or invalid child over that age as a dependant, but the workman leaves other dependants, a sum reasonable and proportionate to the pecuniary loss to such dependants occasioned by the death, to be determined by the Board, but not exceeding thirty dollars per month to a parent or parents, and not exceeding in the whole forty-five dollars per month: Amended 1920, c. 105, s. 2 (d).<sup>1</sup>

(e.) In any case within the provisions of clause (a) or (c), if the workman leaves a parent or parents who are dependants, the Board may in its discretion award to the parent or parents a sum to be determined by the Board, but not exceeding thirty dollars per month, and not exceeding with the compensation otherwise payable under this subsection sixty-five dollars per month. Amended 1920, c. 105, s. 2 (5).<sup>1</sup>

(f.) Where the dependants are aliens residing outside of Canada and entitled to compensation under clauses (a), (b), (c), (d), or (e) of this subsection, the Board may, in lieu of awarding such dependants compensation on the scale provided by clauses (a), (b), (c), (d), or (e), award such lesser sum by way of compensation as, according to the conditions and cost of living in the place of residence of such dependants, will in the opinion of the Board maintain them in a like degree of comfort as dependants of the same class residing in Canada and receiving the full compensation authorized by this Act would enjoy; 1919, c. 93, s. 3.<sup>2</sup>

(3.) Where there are both total and partial dependants, the compensation may be allotted partly to the total and partly to the partial dependants.

(4.) The payments provided under clause (d) of subsection (2) shall continue only so long as, in the opinion of the Board, it might reasonably have been expected had the workman lived he would have continued to contribute to the support of the dependants.

(5.) Payments in respect of a child under the age of sixteen years shall cease when the child attains the age of sixteen years or dies, provided that in case the child at the time of attaining the age of sixteen years is an invalid the payments shall continue until the child ceases to be an invalid. Payments in respect of an invalid child over the age of sixteen years shall cease when the child ceases to be an invalid or dies.

(6.) Where a payment to any one of a number of dependants ceases, the Board may in its discretion readjust the payments to the remaining dependants so that the remaining dependants shall thereafter be entitled to receive the same compensation as though they had been the only dependants at the time of the death of the workman.

(7.) Where under the provisions of clause (f) of subsection (2) a lesser sum is awarded to alien dependants residing outside of Canada, the Board shall, notwithstanding such award, create and provide the same reserve as if the award had been made according to the scale provided by such of the clauses (a), (b), (c), (d), or (e) of said subsection as would, except for the provisions of said clause (f), be applicable; 1919, c. 93, s. 4.<sup>2</sup>

(8.) Where by reason of the payment of such lesser sum to alien dependants residing outside of Canada there remains an undistributed accumulation of money in the reserve provided, the Board shall apply such accumulation every six months as follows:—

(a.) In payment of such sums for and on behalf of children dependants under sixteen years of age, residing in Canada, who by reason of the maximum monthly limits of sixty-five dollars and fifty dollars fixed by subsection (2) are not receiving the full amount of compensation to which

<sup>1</sup>Retrospective to January 1st, 1920.

<sup>2</sup>Retrospective to January 1st, 1917.

they would otherwise be entitled as may be necessary to secure to such children dependants the full monthly payments of compensation which, except for such maximum limit, would be payable to them under said subsection; (1919, c. 93, s. 4. Amended, 1920, c. 105, s. 2 (f)).<sup>1</sup> and

(b) If after such children dependants are provided for there remains any accumulation undistributed, the same shall be applied in payment of an additional sum to widow dependants residing in Canada to increase *pro tanto* their monthly payments up to but not exceeding the monthly sum of fifty dollars, and to increase the monthly payments under subsection (2) to children dependants residing in Canada up to but not exceeding the monthly sum of ten dollars for each child; (1919, c. 93, s. 4; amended 1920, c. 105, s. 2 (g)).<sup>1</sup> and

(c) If there be any balance of such accumulation, the same shall be applied in payment of increased monthly payments to other dependants residing in Canada, provided that the increase in monthly payments paid under this clause shall in no case exceed fifty per centum of the amount of the monthly payment previously awarded; (1919, c. 93, s. 4, amended 1920, c. 105 s. 2 (h)).<sup>1</sup> and

(d) If after the making of the payments provided in clause (c) any balance remains of such accumulation, the same shall be carried forward and applied as part of the undistributed accumulation available for distribution during the next distribution period of six months. 1920, c. 105, s. 2 (i).<sup>1</sup>

(9) Where, after any payment made pursuant to clause (a) of subsection (8), there remain any children dependants, residing in Canada, who by reason of the maximum monthly limits of sixty-five dollars and fifty dollars fixed by subsection (2) have not received the full amount of compensation to which they would otherwise be entitled, such additional amounts shall be paid from the Accident Fund as are necessary to secure to such children dependants respectively the full monthly payments of compensation which, except for such maximum monthly limits, would be payable to them under subsection (2). 1920, c. 105, s. 2 (i).<sup>1</sup>

16. (1) If a dependent widow marries, the monthly payments to her shall cease, but she shall be entitled in lieu of them to a sum equal to the monthly payments for two years, but not to exceed in any case the sum of four hundred and eighty dollars. Amended 1920, c. 105, s. 3.<sup>1</sup>

(2) Subsection (1) shall not apply to payments to a widow in respect of a child.

17. (1) Where permanent total disability results from the injury, the compensation shall be a periodical payment to the injured workman equal in amount to fifty-five per centum of his average earnings, and shall be payable during the lifetime of the workman.

(2) The compensation awarded under this section shall not be less than an amount equal to five dollars per week, unless the workman's average earnings are less than five dollars per week, in which case he shall receive compensation in an amount equal to his average earnings.

18. (1) Where permanent partial disability results from the injury, the compensation shall be a periodical payment to the injured workman equal in amount to fifty-five per centum of the difference between the average earnings of the workman before the accident and the average amount which he is earning or is able to earn in some suitable employment or business after the accident, and the compensation shall be payable during the lifetime of the workman.

(2) Notwithstanding the provisions of subsection (1), where in the circumstances the amount which the workman was able to earn before the accident has not been substantially diminished, the Board may, in case the workman is seriously and permanently disfigured about the face or head, or otherwise permanently injured, recognize an impairment of earning capacity, and may allow a lump sum in compensation. Amended 1918, c. 102, s. 7.

19. (1) Where temporary total disability results from the injury, the compensation shall be the same as that prescribed by section 17, but shall be payable only so long as the disability lasts.

(2) The compensation awarded under this section shall not be less than an amount equal to five dollars per week, unless the workman's average earnings are less than five dollars per week, in which case he shall receive compensation in an amount equal to his average earnings.

20. Where temporary partial disability results from the injury, the compensation shall be the same as that prescribed by subsection (1) of section 18, but shall be payable only so long as the disability lasts.

21. (1) In addition to the other compensation provided by this Part, the Board shall have authority to furnish or provide for the injured workman such medical, surgical, and hospital treatment, transportation, nursing, medicines, crutches, and apparatus, including artificial members, as it may deem reasonably necessary at the time of the injury, and thereafter during the disability to cure and relieve from the effects of the injury, and the Board shall have full power to adopt rules and regulations with respect to furnishing medical aid to injured workmen entitled thereto and for the payment thereof.

(2) Where in a case of emergency, or for other justifiable cause, a physician other than the one provided by the Board is called in to treat the injured workman, and if the Board finds there was such justifiable cause and that the charge for the services is reasonable, the cost of the services shall be paid by the Board.

<sup>1</sup>Retroactive to January 1st, 1920.

(3) The Board may in its discretion authorize employers to furnish or provide medical aid at the expense of the Board and upon terms fixed by it.

(4) Any plan for providing medical aid in force between an employer and his workmen or otherwise available to the workmen at the time of the coming into force of this Part, or which is hereafter put into force, or made available to the workmen, and which in the opinion of the Board, after investigation of the facts, is found on the whole to be not less efficient in the interests both of the employer and of the general body of workmen than the provisions for medical aid contained in this section, may by order of the Board, subject to such conditions as the Board may require, be declared to be a plan approved by the Board. So long as the order of the Board approving the plan is in force and unrevoked the provisions of subsections (1), (2), and (3) and of subsection (1) of section 30 shall not apply to any of the workmen in any employment embraced in such plan, and during the like period the provisions of section 12 of the "Master and Servant Act" shall not apply in respect of any such workmen.

(5) Medical aid furnished or provided under any of the preceding subsections of this section shall at all times be subject to the supervision and control of the Board; and the Board shall have full power and authority to contract with doctors, nurses, hospitals, and other institutions for any medical aid required, and to agree on a scale of fees or remuneration for such medical aid.

(6) In the case of any workman employed as a master, mate, engineer, seaman, sailor, steward, fireman, or in any other capacity on board of any vessel on which duty has been paid or is payable for the purposes of the Sick Mariners' Fund under Part V of the "Canada Shipping Act," being chapter 113 of the "Revised Statutes of Canada, 1906," the provisions of subsections (1) to (5) shall not apply to such workman during the period in respect of which such duty has been paid or is payable.

(7) Without in any way limiting the power of the Board under this section to supervise and provide for the furnishing of medical aid in every case where the Board is of the opinion that the exercise of such power is expedient, the Board shall under this section, in all cases where the circumstances, in the opinion of the Board, do not require the exercise of such power in order to procure prompt and efficient medical aid for the injured workman, permit medical aid to be administered, so far as the selection of a physician is concerned, by the physician who may be selected or employed by the injured workman or his employer, to the end that so far as possible all competent physicians without distinction may be employed and be available to injured workmen.

(8) Employers in any industries in which it is deemed proper may be required by the Board to maintain, as may be directed by the Board, such first-aid appliances and service as the Board may direct, and the Board may make such order respecting the expense thereof as may be deemed just.

Where any employer fails, neglects, or refuses to install such first-aid appliances and service as the Board directs under this section, the Board may install such first-aid appliances and service, and charge the cost thereof to the employer; and the Board may enforce payment thereof, and for that purpose shall have the same powers and be entitled to the same remedies for enforcing payment as it possesses or is entitled to in respect of assessments. 1918, c. 102, s. 8. Amended 1919, c. 93, s. 5.

22. (1) The average earnings and earning capacity of a workman shall be determined with reference to the average earnings and earning capacity at the time of the accident, and may be calculated upon the daily, weekly, or monthly wages or other regular remuneration which the workman was receiving at the time of the accident, or upon the average yearly earnings of the workman for one or more years prior to the accident, or upon the probable yearly earning capacity of the workman at the time of the accident as may appear to the Board best to represent the actual loss of earnings suffered by the workman by reason of the injury, but not so as in any case to exceed the rate of two thousand dollars per year.

(2) Where the workman was at the date of the accident under twenty-one years of age, and it is established to the satisfaction of the Board that under normal conditions his wages would probably increase, the fact shall be considered in arriving at his average earnings or earning capacity.

23. In fixing the amount of a periodical payment of compensation, regard shall be had to any payment, allowance, or benefit which the workman may receive from his employer during the period of his disability, including any pension, gratuity, or other allowance provided wholly at the expense of the employer; and any sum deducted under this section from the compensation otherwise payable may be paid to the employer out of the Accident Fund.

24. (1) Payments of compensation shall be made periodically at such times and in such manner and form as the Board may deem advisable, and in the case of minors or persons of unsound mind, payments may be made to such persons as, in the opinion of the Board, are best qualified in all the circumstances to administer such payments, whether or not the person to whom the payment is made is the legal guardian of such minor or person of unsound mind.

(2) The Board may, in its discretion,—

(a) Commute the whole or any part of the periodical payments due or payable to the injured workman or any dependant to one or more lump sum payments to be applied as directed by the Board; and may

(b) Divide into periodical payments any compensation payable in a lump sum.

(3) In case of death or permanent total disability or in case of permanent partial disability where the impairment of the earning capacity of the workman exceeds ten per cent of his earning capacity at the time of the accident, no commutation of periodical payments shall be made under subsection (2) except upon the application of and at an amount agreed to by the dependant or workman entitled to such payments.

(4) Notwithstanding the provisions of subsection (3), the Board may, in its discretion, commute the periodical payments payable under clause (f) of subsection (2) of section 15 to alien dependants residing outside of Canada for a lump sum, and may apply that lump sum to or for the use and benefit of those dependants in such manner as the Board may determine to be most for the advantage of the dependants. 1919, c. 93, s. 6.\*

#### Part I, Division (4).—Accident Fund and Assessments.

25. For the purpose of assessment in order to create and maintain a fund, to be called the "Accident Fund," for the payment of the compensation, outlays, and expenses under this Part, all industries within the scope of this Part shall, subject to sections 26 and 27, be divided into the following classes:—

Class 1.—Lumbering, logging, sawmills; manufacture of pulp or paper:

Class 2.—Wood-working, planing-mills, furniture-factories, cooperage, manufacture of vehicles:

Class 3.—Coal-mining:

Class 4.—Mining (other than coal); reduction of ores and smelting; quarrying; manufacture of brick or lime:

Class 5.—Manufacture of iron or steel, and iron, steel, and metal products:

Class 6.—Manufacture of compounds, paints, chemicals, liquors, or beverages; manufacture of leather, leather goods, rubber, or rubber goods; flour-milling; handling of grain; canning, packing, or manufacture of food products; manufacture of cloth, textiles, and clothing; printing, lithographing, engraving; manufacture of stationery; teaming, cartage, warehousing and storage:

Class 7.—Construction of buildings and wooden ships; mason-work, structural carpentry, plumbing, and painting; steel erection, steel-bridge building, steel-ship building; road-making, sewer-construction, excavation, well-drilling, construction of irrigation-works; subaqueous construction, dredging, pile-driving, fishing:

Class 8.—Construction and operation of electric railways, electric light and power plants, lines, and appliances; construction and operation of telegraph and telephone systems; construction and operation of steam railways:

Class 9.—Navigation and stevedoring:

Class 10.—Canadian Pacific Railway Company; Canadian Pacific Ocean Services, Limited; Esquimalt and Nanaimo Railway Company; Kettle Valley Railway Company; Dominion Express Company; Consolidated Mining and Smelting Company of Canada, Limited; West Kootenay Power and Light Company, Limited:

Class 11.—Grand Trunk Pacific Railway Company; The Grand Trunk Pacific Coast Steamship Company, Limited; Grand Trunk Pacific Telegraph Company; Canadian Express Company; The Grand Trunk Pacific Development Company, Limited:

Class 12.—Canadian Northern Pacific Railway Company; The Great North Western Telegraph Company of Canada; Canadian Northern Express Company:

Class 13.—The Crown in right of the Province of British Columbia. 1918, c. 102, s. 9.

26. (1) The Board may, by the regulations,—

(a) create new classes in addition to those mentioned in section 25:

(b) consolidate or rearrange from time to time any of the existing classes; and may

(c) withdraw from a class any industry included therein and transfer it wholly or in part to any other class, or form it into a separate class.

(2) In case of any rearrangement of the classes, or the withdrawal of an industry from any class, the Board may make such adjustment and disposition of the funds, reserves, and accounts of the classes affected as may be deemed just and expedient.

27. The Board shall assign every industry within the scope of this Part to its proper class; and where any industry includes several departments assignable to different classes, the Board may either assign such industry to the class of its principal or chief department, or may, for the purpose of this Part, divide such industry into two or more departments, assigning each of such departments to its proper class.

28. (1) Every employer shall, on or before the first day of October, 1916, or whenever thereafter he becomes an employer within the meaning of this Part, and at such other times as may be required by the regulations or by the Board, cause to be furnished to the Board an estimate of the probable amount of the pay-roll of each of his industries within the scope of this Part for the year next following, together with such further and other information as may be required by the Board for the purpose of assigning each industry to the proper class and of making the assessments hereunder; and every employer shall, at or after the close of each calendar year, and at such other times as may be required by the Board, furnish certified copies or reports of his pay-rolls, verified by statutory declaration.

\*Retrospective to January 1, 1917.

(2) In computing the amount of the pay-roll of any industry for the purpose of assessment, regard shall be had only to such portion of the pay-roll as represents workmen and employment within the scope of this Part; and where the wages of any workman exceed the rate of two thousand dollars per year, a deduction shall be made in respect of the excess.

(3) If an employer does not comply with the provisions of subsection (1), or if any statement made in pursuance of its provisions is not a true and accurate statement of any of the matters required to be set forth in it, the employer for every such non-compliance and for every such statement shall be guilty of an offence against this Part.

29. (1) For the purpose of creating and maintaining an adequate Accident Fund, the Board shall every year assess and levy upon and collect from the employers in each class by an assessment or by assessments made from time to time rated upon the pay-roll or in such other manner as the Board may deem proper, sufficient funds, according to an estimate to be made by the Board,—

(a) To provide in connection with section 30 a special fund to meet the cost of medical aid;

(b) To meet all other amounts payable from the Accident Fund under this Part during the year;

(c) To provide a reserve by way of a contingent fund in aid of industries or classes which may become depleted or extinguished;

(d) To provide in each year capitalized reserves sufficient to meet the periodical payments of compensation accruing in future years in respect of all accidents which occur during the year; and

(e) To provide a reserve fund to be used to meet the loss arising from any disaster or other circumstance which, in the opinion of the Board, would unfairly burden the employers in any class.

(2) Assessments may be made in such manner and form and by such procedure as the Board may deem adequate and expedient, and may be general as applicable to any class or sub-class, or special as applicable to any industry or part or department of an industry.

(3) Assessments may, wherever it is deemed expedient, be collected in half-yearly, quarterly, or monthly instalments, or otherwise; and where it appears that the funds in any class are sufficient for the time being, any instalment may be abated or its collection deferred.

(4) In case the estimated assessments in any class prove insufficient, the Board may make such further assessments and levies as may be necessary, or the Board may temporarily advance the amount of any deficiency out of any reserve provided for that purpose, and add such amount to any subsequent assessments.

(5) The Board shall give notice to each employer of the amount of each assessment due from time to time in respect of his industry and the time when the same is payable. The notice may be sent by post to the employer, and shall be deemed to be given to him on the day on which the notice is posted.

30. (1) Every employer who is required to contribute to the Accident Fund by way of assessment under this Part is hereby authorized and required to retain from the moneys earned by each workman in his employment the sum of one cent for each day or part of day the workman is employed as a contribution toward the cost of medical aid, and to pay the sum so retained to the Board from time to time at the time each assessment is due and payable by the employer, and at such other times as the Board may direct. Amended 1918, c. 102, s. 10.

(2) The moneys received by the Board under subsection (1) shall form part of the Accident Fund, and shall constitute a special fund to be used only in defraying the cost of medical aid. Such additional amounts as are required from time to time to meet the cost of medical aid shall be provided by the Board by assessment upon employers generally in all industries within the scope of this Part, except in respect of employments embraced in any plan for providing medical aid approved by the Board under subsection (4) of section 21.

For the purpose of levying and collecting assessments under this subsection, the Board may charge the additional amounts required to meet the cost of medical aid against the funds to the credit of the several classes in such a manner as, on the annual adjustment of assessments under this Part, will result in a general assessment of such additional amounts upon those employers only who are liable to assessment under this subsection. Amended 1919, c. 93, s. 7.

(3) In the case of any workman employed as a master, mate, engineer, seaman, sailor, steward, fireman, or in any other capacity on board of any vessel on which duty has been paid for the purposes of the Sick Mariners' Fund under Part V of the "Canada Shipping Act," being chapter 113 of the "Revised Statutes of Canada, 1906," the provisions of subsections (1) and (2) of this section shall not apply to such workman during the period in respect of which such duty has been paid or is payable.

31. To assist in defraying the expenses incurred in the administration of this Part, such annual sum as the Lieutenant-Governor in Council may direct, not exceeding fifty thousand dollars, shall be paid out of the Consolidated Revenue Fund to the Board to form part of the Accident Fund.

32. The Board shall establish such sub-classifications, differentials, and proportions in the rates as between the different kinds of employment in the same class as may be deemed just; and where in the opinion of the Board any particular industry is shown to be so circumstanced or conducted that the hazard differs from the average of the class or sub-class to which the industry is assigned, the Board shall confer or impose upon such industry a special rate,

differential, or assessment to correspond with the relative hazard of that industry; and for such purpose may adopt a system of schedule rating in such a manner as to take account of the peculiar hazard of the individual plant or undertaking of each employer.

33. (1) Where an employer engages in any of the industries within the scope of this Part and has not been assessed in respect of it, the Board, if it is of opinion that the industry is to be carried on only temporarily, may require the employer to pay or to give security for the payment to the Board of a sum sufficient to pay the assessment for which the employer would be liable if the industry had been in existence when the next preceding assessment was made.

(2) Every employer who makes default in complying with any requirement of the Board under subsection (1) shall be guilty of an offence against this Part.

34. (1) If any assessment or part thereof is not duly paid in accordance with the terms of the assessment and levy, the Board shall have a right of action against the defaulting employer in respect of the amount unpaid, together with costs of such action.

(2) Where default is made in the payment of any assessment, or any part of it, the Board may issue its certificate stating that the assessment was made, the amount remaining unpaid on account of it, and the person by whom it was payable, and such certificate, or a copy of it certified by the Secretary under the seal of the Board to be a true copy, may be filed with any district registrar of the Supreme Court, or with the registrar or deputy registrar of any county court, and when so filed shall become an order of that court and may be enforced as a judgment of the court against such person for the amount mentioned in the certificate.

35. The Board shall have the like powers and be entitled to the like remedies of enforcing payment of any sum which an employer is required to pay to the Board under subsection (1) of section 30 as it possesses or is entitled to in respect of assessments.

36. (1) If any sum which an employer is required to pay to the Board under subsection (1) of section 30 or if any assessment levied under any provision of this Part is not paid at the time when it becomes payable, the defaulting employer shall be liable to pay and shall pay as a penalty for his default such a percentage upon the amount unpaid as may be prescribed by the regulations or may be determined by the Board.

(2) Any employer who refuses or neglects to make or transmit any pay-roll return or, other statement required to be furnished by him under the provisions of subsection (1) of section 28, or who refuses or neglects to pay any assessment, or the provisional amount of any assessment, or any instalment or part thereof, shall, in addition to any penalty or other liability to which he may be subject, pay to the Board the full amount or capitalized value, as determined by the Board, of the compensation payable in respect of any accident to a workman in his employ which happens during the period of such default, and the payment of such amount may be enforced in the same manner as the payment of an assessment may be enforced.

(3) The Board, if satisfied that such default was excusable, may in any case relieve such employer in whole or in part from liability under this section.

37. Separate accounts shall be kept of the amounts collected and expended in respect of every class and of every fund set aside by way of reserve or as a special fund for any purpose, but for the purpose of paying compensation the Accident Fund shall, nevertheless, be deemed one and indivisible.

38. (1) On or before the first day of March in each year the amount of the assessment for the preceding calendar year shall be adjusted upon the actual requirements of the class and upon the correctly ascertained pay-roll of each industry, and the employer shall forthwith make up and pay to the Board any deficiency, or the Board shall refund to the employer any surplus or credit the same upon the succeeding assessment as the case may require.

(2) Where in any industry a change of ownership or employership has occurred, the Board may levy any part of such deficiency on either or any of the successive owners or employers, or pay or credit to any one or more of such owners such surplus as the case may require, but as between or amongst such successive owners the assessments in respect of such employment shall, in the absence of an agreement between the respective owners or employers determining the same, be apportionable, as nearly as may be, in accordance with the proportions of the pay-rolls of the respective periods of ownership or employment.

39. Where any work within the scope of this Part is performed under contract for any municipal corporation, or for any board or commission having the management of any work or service operated for a municipal corporation, any assessment in respect of such work may be paid by such corporation, board, or commission, as the case may be, and the amount of such assessment deducted from any moneys due the contractor in respect of such work.

40. (1) Where any work within the scope of this Part is undertaken for any person by a contractor, both the contractor and the person for whom such work is undertaken shall be liable for the amount of any assessment in respect thereof, and such assessment may be levied upon and collected from either of them, or partly from one and partly from the other: Provided that in the absence of any term in the contract to the contrary the contractor shall, as between himself and the person for whom the work is performed, be primarily liable for the amount of such assessment.

(2) Where any work within the scope of this Part is performed under sub-contract, both the contractor and the sub-contractor shall be liable for the amount of the assessments in respect of such work; any such assessments may be levied upon and collected from either, or partly

from one and partly from the other: Provided that in the absence of any term in the sub-contract to the contrary the sub-contractor shall, as between himself and the contractor, be primarily liable for such assessments.

41. There shall be included among the debts which, in the distribution of the property or assets—

- (a) under the "Creditors' Trust Deeds Act" in the case of an assignment;
  - (b) under the "Administration Act" in the case of death; or
  - (c) under the "Companies Act" in the case of a company being wound up,—
- are to be paid in priority to all other debts, the amount of any assessment the liability whereof accrued before the date of the assignment or death or before the date of the commencement of the winding-up, and the said Acts shall respectively have effect accordingly.

#### Part I., Division (5).—Procedure and Miscellaneous.

42. (1) In every case of injury to a workman by accident in any industry within the scope of this Part, it shall be the duty of the workman, or in case of his death the duty of a dependant, as soon as practicable after the happening of the accident, to give notice thereof to the employer. The notice shall be in writing and contain the name and address of the workman, and state in ordinary language the nature and cause of the injury, and the time when and place where the accident occurred, and shall be signed by the injured workman or some person on his behalf, or, in the case of death, by any one or more of his dependants or by a person on their behalf.

(2) In the case of an industrial disease, the employer to whom notice of death, disablement, or suspension from employment is to be given shall be the employer who last employed the workman in the employment to the nature of which the disease was due.

(3) The notice may be served upon the employer, or upon any one employer if there are more employers than one, or upon any officer or agent of the corporation if the employer be a corporation, or upon any agent of the employer in charge of the business in the place where the injury occurred, by delivering the same to the person upon whom it is to be served, or leaving it at his residence or place of business, or by sending it by registered mail addressed to him at his last-known residence or place of business.

(4) The failure to give any notice required by virtue of this section, unless excused by the Board either on the ground—

- (a) that notice for some sufficient reason could not have been given; or
  - (b) that the employer or his superintendent or agent in charge of the work where the accident happened had knowledge of the injury; or
  - (c) that the Board is of opinion that the claim is a just one and ought to be allowed,—
- shall be a bar to any claim for compensation under this Part.

43. (1) In case of accident to a workman in his employment, it shall be the duty of every employer, within three days after its occurrence, to report the accident and the injury resulting therefrom to the Board, and also to any local representative of the Board at the place where the accident occurred. The report shall be in writing, and state—

(a) the name and address of the workman and the nature of the industry in which he was employed;

(b) the time when and place where the accident occurred;

(c) the cause and nature of the accident and injury;

(d) the name and address of the physician by whom the workman was or is attended for the injury; and

(e) any other particulars required by the regulations;

and may be made by mailing copies thereof addressed to the Board and to the local representative at their usual addresses respectively, postage prepaid.

(2) It shall be the duty of the employer to make such further and other reports respecting the accident and workman as may be required by the Board.

(3) The failure to make any report required by virtue of this section, unless excused by the Board on the ground that the report for some sufficient reason could not have been made, shall constitute an offence against this Part.

44. (1) Where a workman or dependant is entitled to compensation under this Part, he shall file with the Board an application for the compensation, together with the certificate of the physician who attended the workman (if any), and such further or other proofs of his claim as may be required by the regulations or by the Board.

(2) Unless application for the compensation is filed—

(a) within one year after the day upon which the injury occurred; or

(b) in case the applicant is a dependant, then within one year after the death,—

no compensation in respect of any injury shall be payable under this Part.

45. It shall be the duty of every physician attending or consulted upon any case of injury to a workman by accident in any industry within the scope of this Part—

(a) To furnish from time to time, such reports in respect of the injury in such form as may be required by the regulations or by the Board; and

(b) To give all reasonable and necessary information, advice, and assistance to the injured workman and his dependants in making application for compensation, and in furnishing in connection therewith such certificates and proofs as may be required, without charge to the workman.

46. (1) Every workman who applies for or is in receipt of compensation under this Part, if requested by the Board, shall submit himself to medical examination in accordance with the regulations at a place reasonably convenient for the workman to be fixed by the Board. If the workman fails to submit himself to the examination, or obstructs the same, his right to compensation shall be suspended until the examination has taken place, and no compensation shall be payable during the period of such suspension.

(2) If an injured workman persists in unsanitary or injurious practices which tend to imperil or retard his recovery, or refuses to submit to such medical or surgical treatment as in the opinion of the Board, based upon independent expert medical or surgical advice, is reasonably essential to promote his recovery, the Board may, in its discretion, reduce or suspend the compensation of such workman.

47. The Board may from time to time require such proof of the existence and condition of any dependants in receipt of compensation payments as may be deemed necessary by the Board, and pending the receipt of such proof may withhold further payments.

48. (1) Subject to subsections (2) and (3), the Minister of Finance shall be custodian of all moneys and securities belonging to the Accident Fund, and the Province shall be liable for the safe-keeping thereof. All moneys belonging to the Accident Fund collected or received by the Board shall be delivered to the Minister of Finance, or may be deposited to his credit in such banks throughout the Province as he may designate, and all moneys so delivered or deposited shall be credited by the Minister of Finance to the Accident Fund, and shall be accounted for as part of the Consolidated Revenue Fund of the Province. No moneys collected or received on account of the Accident Fund shall be expended or paid out without first passing into the Provincial Treasury and being drawn therefrom as provided in this Part. In like manner all securities belonging to the Accident Fund shall be delivered to the Minister of Finance and held by him until otherwise disposed of for the purposes of this Part.

(2) The Board shall submit each month to the Auditor-General an estimate of the amount necessary to meet the current disbursements from the Accident Fund during the succeeding calendar month, and, when the estimate is approved by the Auditor-General, the Minister of Finance is directed to pay the amount thereof to the Board. At the end of each calendar month the Board shall account to the Auditor-General for all moneys so received, furnishing proper vouchers therefor.

(3) The Board shall cause all moneys in the Accident Fund in excess of current requirements to be invested and reinvested in any securities which are under the "Trustee Act" a proper investment for trust funds. The Board shall from time to time submit to the Auditor-General an estimate of the amount required by it for investment, which estimate shall be accompanied by a full description of the kind and character of the investments proposed to be made, and, when the estimate and investments are approved by the Auditor-General and by the Minister of Finance, the Minister of Finance is directed to pay out the amount thereof for the purpose of such investments. At the end of each calendar month the Board shall account to the Auditor-General for all moneys so invested, furnishing proper vouchers therefor.

(4) All investments shall be made in the names of the Board and the Minister of Finance jointly, and all interest on investments shall be payable to the Board and form part of the Accident Fund.

(5) Interest on all moneys belonging to the Accident Fund in the custody of the Minister of Finance in excess of current requirements and not invested shall, subject to the certificate of the Auditor-General, be paid by the Minister of Finance to the Board at a rate not less than three per centum per annum payable quarterly, and shall form part of the Accident Fund.

49. The accounts of the Board shall be audited by the Auditor-General or by an auditor appointed by the Lieutenant-Governor in Council for that purpose, and the salary or remuneration of the last mentioned auditor shall be paid by the Board.

50. (1) The Board shall, on or before the first day of March in each year, make a report to the Lieutenant-Governor of its transactions during the next preceding calendar year, and such report shall contain such particulars as the Lieutenant-Governor in Council may prescribe.

(2) Every such report shall be forthwith laid before the Legislature if the Legislature is then in session, and if it is not then in session, within fifteen days after the opening of the next session.

(3) It shall be the duty of the Board from time to time to publish and distribute among employers and workmen such general information in respect of the business transacted by the Board as in its judgment may be useful.

51. (1) The Board shall have power—

(a) To investigate from time to time employments and places of employment within the Province, and determine what suitable safety devices or other reasonable means or requirements for the prevention of accidents shall be adopted or followed in any or all employments or places of employment;

(b) To determine what suitable devices or other reasonable means or requirements for the prevention of industrial diseases shall be adopted or followed in any or all employments or places of employment;

(c) To make rules and regulations, whether of general or special application, and which may apply to both employers and workmen, for the prevention of accidents and the prevention of industrial diseases in employments or places of employment;

(d) To establish and maintain museums in which shall be exhibited safety devices, safeguards, and other means and methods for the protection of the life, health, and safety of workmen, and to publish and distribute bulletins on any phase of the subject of accident prevention;

(e) To cause lectures to be delivered, illustrated by stereopticon or other views, diagrams, or pictures, for the information of employers and their workmen and the general public in regard to the causes and prevention of industrial accidents, industrial diseases, and related subjects;

(f) To appoint advisory committees, on which employers and workmen shall be represented, to assist the Board in establishing reasonable standards of safety in employments, and to recommend rules and regulations.

(2) Before the adoption of any rule or regulation by the Board under this section a public hearing shall be held for the purpose of considering the same. Not less than ten days before the hearing a notice thereof shall be published in at least three newspapers, of which one shall be published in the City of Victoria and one in the City of Vancouver. No defect or inaccuracy in the notice or in the publication thereof shall invalidate any rule or regulation made by the Board.

(3) The Board and any member of it, and any officer or person authorized by it for that purpose, shall have the right at all reasonable hours to enter into the establishment of any employer who is liable to contribute to the Accident Fund and the premises connected with it, and every part of them, for the purpose of ascertaining whether the ways, works, machinery, or appliances therein are safe, adequate, and sufficient, and whether all proper precautions are taken for the prevention of accidents to the workmen employed in or about the establishment or premises, and whether the safety appliances or safeguards prescribed by law are used and employed therein, or for any other purpose which the Board may deem necessary, including the purpose of determining the proportion in which such employer should contribute to the Accident Fund.

(4) Every person who obstructs or interferes with any commissioner, officer, or person in the exercise of the rights conferred by subsection (3) shall be guilty of an offence against this Part.

51A. (1) Where in any employment or place of employment, safety devices or appliances are in the opinion of the Board necessary for the prevention of accidents or of industrial diseases, the Board may order the installation or adoption of such devices and appliances, and may fix a reasonable time within which they shall be installed or adopted, and the Board shall give notice thereof to the employer.

(2) In any case where safety devices or appliances are by order of the Board under this section required to be installed or adopted, or are prescribed by the regulations, and the employer fails, neglects, or refuses to install and adopt such safety devices or appliances in any employment or place of employment in accordance with the terms of the order or regulations and to the satisfaction of the Board, or where under the circumstances the Board is of opinion that conditions of immediate danger exist in any employment or place of employment which would otherwise be likely to result in the loss of life or serious injury to the workmen employed therein, the Board may, in its discretion, order the employer to forthwith close down the whole or any part of such employment or place of employment and the industry carried on therein, and the Board shall notify the employer of such order.

(3) Every employer who fails, neglects, or refuses to comply with any order made by the Board under subsection (2) shall be guilty of an offence against this Part, and each day's continuance of any such failure, neglect, or refusal to comply shall constitute a new and distinct offence. 1918, c. 102, s. 11.

51B. (1) No employer shall, for the purpose of any industry within the scope of this Part, commence the operation of or operate or carry on any mine, plant, or establishment which has not been in operation for the period of seven months next preceding, and in which power-driven machinery is used, until leave therefor is obtained from the Board as provided in this section.

(2) Application for leave under this section shall be made to the Board in writing, signed by the employer, and stating that the plant or establishment is ready for operation. Upon receipt of the application, the Board or some member of the Board, or some other person appointed by the Board, shall make an inspection of the plant or establishment, and if on such inspection the plant or establishment is found to be reasonably free from danger to persons employed therein, the Board shall grant leave for the operation of the plant or establishment. Pending inspection, the Board may, by a temporary permit, grant leave to the employer for the operation of the plant or establishment.

(3) Every person who operates or carries on any plant or establishment in contravention of the provisions of this section shall be liable to a penalty of not less than fifty dollars and not more than two hundred dollars for each day on which the plant or establishment is so operated or carried on. 1919, c. 93, s. 8.

52. (1) In addition to all other rules and regulations which may be made under the provisions of this Part, the Board may make such regulations as may be deemed requisite for the due administration and carrying-out of the provisions of this Part, and may likewise prescribe the form and use of such pay-rolls, records, reports, certificates, declarations, and documents as may be requisite.

(2) The Board may by regulations provide penalties to which every person who contravenes any rule or regulation made under this Part shall be liable, provided that in no case shall the penalty exceed fifty dollars, and no prosecution for any such contravention shall be instituted without leave of the Board.

53. Every rule or regulation made by the Board under this Part shall upon its adoption be published in the Gazette, and shall take effect on the expiration of thirty days after the first publication in the Gazette, or at such later time as the Board may fix.

54. Every person who is guilty of an offence against this Part shall be liable to a penalty not exceeding five hundred dollars.

55. The penalties imposed by or under the authority of this Part shall be recoverable under the "Summary Convictions Act," or by an action brought by the Board in any Court of competent jurisdiction, and such penalties when collected shall be paid over to the Board and shall form part of the Accident Fund.

#### Part I, Division (6).—Workmen's Compensation Board.

56. There is hereby constituted a Commission for the administration of this Part, to be called "The Workmen's Compensation Board," which shall consist of three members to be appointed by the Lieutenant-Governor in Council, and shall be a body corporate.

57. (1) The first members of the Board shall be appointed one for a term of eight years, one for a term of nine years, and one for a term of ten years. All subsequent appointments shall be for a term of ten years. A Commissioner may be removed at any time for cause.

(2) A Commissioner on the expiration of his term of office shall be eligible for reappointment.

58. (1) One of the Commissioners shall be appointed by the Lieutenant-Governor in Council to be the chairman of the Board, and he shall hold that office while he remains a member of the Board.

(2) In the absence of the chairman or in case of his inability to act, or if there is a vacancy in the office, any other Commissioner may act as chairman.

(3) When a Commissioner appears to have acted for or instead of the chairman, it shall be conclusively presumed that he so acted for one of the reasons mentioned in subsection (2).

59. (1) In the case of the illness or absence from the Province of a Commissioner or of his inability to act from any cause, the Lieutenant-Governor in Council may appoint some person to act *pro tempore* in his stead, and the person so appointed shall have all the powers and perform all the duties of a Commissioner.

(2) Subsection (1) shall apply in the case of the Chairman of the Board as well as in the case of any other member of it.

60. (1) Each Commissioner shall devote the whole of his time to the performance of his duties under this Part.

(2) The salaries of the Commissioners shall be payable out of the Consolidated Revenue Fund, and, subject to the provisions of this subsection, shall be fixed by the Lieutenant-Governor in Council. The salary of the chairman shall be not less than five thousand dollars nor more than six thousand five hundred dollars per annum, and the salary of each of the other Commissioners shall be not less than four thousand dollars nor more than five thousand dollars per annum. 1919, c. 93, s. 9.

61. (1) A Commissioner shall not, directly or indirectly,—

(a) have, purchase, take, or become interested in any industry to which this Part applies, or any bond, debenture, or other security of the person owning or carrying it on:

(b) have any interest in any device, machine, appliance, patented appliance, patented process, or article which may be required or used for the prevention of accidents.

(2) If any such industry, or interest therein, or any such share, bond, debenture, security, or thing comes to or becomes vested in a Commissioner by will or by operation of law, and he does not within three months thereafter sell and absolutely dispose of it, he shall cease to hold office.

62. (1) The Board shall maintain its principal office at such place in the Province as in the opinion of the Board, based on considerations of economy in administration and the prompt discharge of its duties, is best adapted for the purpose; and the sittings of the Board shall be held at the principal office, except when it is deemed expedient to hold sittings elsewhere, and in that case sittings may be held in any part of the Province.

(2) The presence of two Commissioners shall be necessary to constitute a quorum of the Board.

(3) A vacancy in the membership of the Board shall not, if there remain two members of it, impair the authority of the two remaining members to act.

(4) The Board shall sit at such times and conduct its proceedings in such manner as it may deem most convenient for the proper discharge and speedy dispatch of business.

63. (1) The Board shall appoint a secretary and a chief medical officer, and may appoint such auditors, actuaries, accountants, inspectors, physicians, officers, clerks, and servants as the Board may deem necessary for carrying out the provisions of this Part, and may prescribe their duties and, subject to the approval of the Lieutenant-Governor in Council, may fix their salaries.

(2) Every person so appointed shall hold office during the pleasure of the Board, and his salary shall be paid out of the Accident Fund.

64. (1) The Board shall have the like powers as the Supreme Court for compelling the attendance of witnesses and of examining them under oath, and compelling the production and inspection of books, papers, documents, and things.

(2) The Board may cause depositions of witnesses residing within or without the Province to be taken before any person appointed by the Board in a similar manner to that prescribed by the Rules of the Supreme Court for the taking of like depositions in that Court before a commissioner.

65. (1) The Board may act upon the report of any of its officers and any inquiry which it shall be deemed necessary to make may be made by any one of the Commissioners or by an officer of the Board or some other person appointed to make the inquiry, and the Board may act upon his report as to the result of the inquiry.

(2) The Commissioner, officer, and every other person appointed to make an inquiry shall for the purposes of any inquiry under subsection (1) have all the powers conferred upon the Board by section 64.

(3) The Board and any member of it, and any officer of the Board or person authorized by it for that purpose, shall have the right to examine the books and accounts of every employer and to make such other inquiry as the Board may deem necessary for the purpose of ascertaining whether any statement furnished to the Board under the provisions of section 28 is an accurate statement of the matters which are required to be stated therein, or of ascertaining the amount of the pay-roll of any employer, or of ascertaining whether any industry or person is within the scope of this Part.

For the purpose of any such examination or inquiry, the Board or person authorized to make the examination or inquiry may give to the employer or his agent notice in writing requiring him to bring or produce before such Board or person, at a place and time to be mentioned in the notice, which time shall be at least ten days after the giving of the notice, all documents, writings, books, deeds, and papers in the possession, custody, or power of the employer touching or in anywise relating to or concerning the subject-matter of the examination or inquiry referred to in the notice, and every employer and every agent of the employer named in and served with any such notice shall produce at the time and place required all such documents, writings, books, deeds, and papers according to the tenor of the notice. Amended 1919, c. 93, s. 10.

(4) Every member of the Board and every officer or person authorized by it to make examination or inquiry under this section shall have power and authority to require and to take affidavits, affirmations, or declarations as to any matter of such examination or inquiry, and to take statutory declarations required under section 28, and in all such cases to administer oaths, affirmations, and declarations and certify to the same having been made.

(5) An employer and every other person who obstructs or hinders the making of any examination or inquiry mentioned in subsection (3), or who refuses to permit it to be made, or who neglects or refuses to produce such documents, writings, books, deeds and papers at the place and time stated in the notice mentioned in subsection (3), shall be guilty of an offence against this Part. Amended 1918, c. 102, s. 12; 1919, c. 93, s. 11.

66. (1) No officer of the Board and no person authorized to make an examination or inquiry under this Part shall divulge or allow to be divulged, except in the performance of his duties or under the authority of the Board, any information obtained by him or which has come to his knowledge in making or in connection with an examination or inquiry under this Part.

(2) Every person who violates the provisions of subsection (1) shall be guilty of an offence against this Part.

67. (1) The Board shall have exclusive jurisdiction to inquire into, hear, and determine all matters and questions of fact and law necessary to be determined in connection with compensation payments and the administration thereof, and the collection of the funds thereof, and as to any matter or thing in respect of which any power, authority, or discretion is conferred upon the Board under this Part; and the action and decision of the Board thereon shall be final and conclusive, and shall not be restrained by injunction, prohibition, or other process or proceeding in any court, or be removable by certiorari or otherwise into any court.

(2) Without thereby limiting the generality of the provisions of subsection (1), it is declared that the exclusive jurisdiction of the Board shall extend to determining—

(a) The question whether an injury has arisen out of or in the course of an employment within the scope of this Part:

(b) The existence and degree of disability by reason of any injury:

(c) The permanence of disability by reason of any injury:

(d) The degree of diminution of earning capacity by reason of any injury:

(e) The amount of average earnings:

(f) The existence, for the purpose of this Part, of the relationship of any member of the family of a workman as defined by this Act:

(g) The existence of dependency:

(h) Whether or not any industry or any part, branch, or department of any industry is within the scope of this Part, and the class to which any industry or any part, branch, or department of any industry within the scope of this Part should be assigned:

(i) Whether or not any workman in any industry within the scope of this Part is within the scope of this Part and entitled to compensation thereunder.

68. The Board may reopen, rehear, redetermine, review, or readjust any claim, decision, or adjustment, either because an injury or disease has proven more serious or less serious than it was deemed to be, or because a change has occurred in the condition of a workman or in the circumstances or condition of dependants or otherwise.

68A. The decision of the Board shall be upon the real merits and justice of the case, and it shall not be bound to follow strict legal precedent. 1918, c. 102, s. 13.

69. The Board may award such sum as it may deem reasonable to the successful party to a contested claim for compensation or to any other contested matter to meet the expenses he has been put to by reason of or incidental to the contest, and an order of the Board for the payment by an employer or by a workman of any sum so awarded, when filed in the manner provided for the filing of certificates by subsection (2) of section 34, shall become a judgment of the court in which it is filed and may be enforced accordingly.

69A. Every notice which the Board is empowered or required to give to any employer or workman under the provisions of this Part, or under any rules or regulations made hereunder, shall be in writing, and may be served either personally or by sending it by post to the address of the person to whom it is given. Where a notice is sent by post, service of the notice shall be deemed to be effected at the time at which the letter containing the notice, and properly addressed, postage prepaid, and posted, would be delivered in the ordinary course of post. 1918, c. 102, s. 14.

## PART II.

### Liability of Employers in Industries not within the Scope of Part I.

70. Subject to section 74, sections 71 to 73 shall apply only to the industries to which Part I does not apply and to the workmen employed in such industries.

71. (1) Where personal injury is caused to a workman by reason of any defect in the condition or arrangement of the ways, works, machinery, plant, buildings, or premises connected with, intended for, or used in the business of his employer, or by reason of the negligence of his employer or of any person in the service of his employer acting within the scope of his employment, the workman, or, if the injury results in death, the legal personal representatives of the workman, and any person entitled in case of death shall have an action against the employer; and if the action is brought by the workman he shall be entitled to recover from the employer the damages sustained by the workman by or in consequence of the injury, and if the action is brought by the legal personal representatives of the workman or by or on behalf of persons entitled to damages under the "Families Compensation Act," they shall be entitled to recover such damages as they are entitled to under that Act.

(2) Where the execution of any work is being carried into effect under any contract, and the person for whom the work is done owns or supplies any ways, works, machinery, plant, buildings, or premises, and by reason of any defect in the condition or arrangement of them personal injury is caused to a workman employed by the contractor or by any sub-contractor, and the defect arose from the negligence of the person for whom the work or any part of it is done, or of some person in his service and acting within the scope of his employment, the person for whom the work or that part of the work is done shall be liable to the action as if the workman had been employed by him, and for that purpose shall be deemed to be the employer of the workman within the meaning of this Part; but any such contractor or sub-contractor shall be liable to the action as if this subsection had not been enacted, but not so that double damages shall be recoverable for the same injury.

(3) Nothing in subsection (2) shall affect any right or liability of the person for whom the work is done and the contractor or subcontractor as between themselves.

(4) A workman shall not by reason only of his continuing in the employment of the employer with knowledge of the defect or negligence which caused his injury be deemed to have voluntarily incurred the risk of injury.

72. A workman shall hereafter be deemed not to have undertaken the risks due to the negligence of his fellow-workmen, and contributory negligence on the part of a workman shall not hereafter be a bar to recovery by him or by any person entitled to damages under the "Families Compensation Act" in an action for the recovery of damages for an injury sustained by or causing the death of the workman while in the service of his employer for which the employer would otherwise have been liable.

73. Contributory negligence on the part of the workman shall nevertheless be taken into account in assessing the damages in any such action.

## PART III.

### General.

74. This Act shall not apply to farm-labourers or domestic servants or to their employers.

75. The "Workman's Compensation Act", being chapter 244 of the "Revised Statutes of British Columbia, 1911," and the "Employers' Liability Act", being chapter 74 of the "Revised Statutes of British Columbia, 1911," are hereby repealed, as and from the first day of January, 1917.

76. (1) The application of this Act as between employers and workmen and as to the payment of compensation in respect of injuries to workmen shall take effect on the first day of January, 1917.

(2). Except as provided in subsection (1), this Act shall take effect on the first day of October, 1916.

#### SCHEDULE.

| Description of Disease.                  | Description of Process.                                                       |
|------------------------------------------|-------------------------------------------------------------------------------|
| Anthrax.....                             | Handling of wool, hair, bristles, hides, and skins.                           |
| Lead poisoning or its sequelæ.....       | Any process involving the use of lead or its preparations or compounds.       |
| Mercury poisoning or its sequelæ.....    | Any process involving the use of mercury or its preparations or compounds.    |
| Phosphoros poisoning or its sequelæ..... | Any process involving the use of phosphoros or its preparations or compounds. |
| Arsenic poisoning or its sequelæ.....    | Any process involving the use of arsenic or its preparations or compounds.    |
| Ankylostomiasis.....                     | Mining.                                                                       |

#### STATUTES OF 1917.

##### Department of Labour.

Chapter 32 with amendment.—1. This Act may be cited as the Department of Labour Act.

##### Department of Labour.

2. There shall be a Department of the Civil Service of British Columbia, to be called the "Department of Labour," over which the Minister of Labour for the time being appointed by the Lieutenant-Governor by Commission under the Great Seal shall preside, and the Minister of Labour shall hold office during pleasure and have the management and direction of the Department of Labour.

3. (1) The Lieutenant-Governor in Council may appoint a Deputy Minister of Labour and such other officers, clerks and servants of the Department of Labour as may be required, who shall receive such salaries as may be voted from time to time by the Legislative Assembly.

(2) In the absence of any special vote of the Legislative Assembly for the purposes of this Act, such salaries may, for the fiscal year ending the thirty-first day of March, 1918, be fixed by the Lieutenant-Governor in Council, and shall be payable out of the Consolidated Revenue Fund.

##### Powers and Duties.

4. The powers, duties and functions of the Department of Labour shall be as follows:—

(a) To administer the laws of British Columbia affecting labour;

(b) To acquire and disseminate knowledge on all matters connected with the industrial occupations of the people, with a view to improving the relations between employers and employees;

(c) To collect and publish reliable information relating to or affecting the industries of British Columbia and rates of wages;

(d) To collect such statistical and other information respecting trades and industries in British Columbia as may be deemed necessary or expedient from time to time;

(e) To ascertain the localities in which mechanics, artisans, or workmen in any particular trade or industry are required, and wherever practicable assist in supplying the demand for such work or labour;

(f) To ascertain and report upon sanitary and other conditions relating to the health, comfort, and well-being of the industrial classes;

(g) To establish and maintain in the various centres or population throughout British Columbia employment bureaus and similar agencies for obtaining suitable employment for working-men and working women and for the distribution of male and female labour throughout the Province. Amended 1919, c. 39, s. 2.

(h) To inquire and report as to the establishment of new industries in British Columbia where it appears that such industries can profitably be carried on;

(i) To inquire into, consider, and report upon the operation of laws in force in other parts of the British Empire and in foreign countries having for their objects the protection, technical training, and welfare of the industrial classes, and make such recommendations and suggestions thereon as may be deemed advisable;

(j) To consider and report upon any petition for or suggestion of a change in the law of British Columbia relating to labour and wages or any matter affecting the industrial classes, presented or made by any trades and labour council or other organization representing those classes, or by any other person;

(k) To perform such other duties as may from time to time be prescribed by any Act of the Legislative Assembly.

5. For the purpose of obtaining the necessary information to enable the Department of Labour to carry out this Act, the Minister of Labour and any officer of the Department of Labour appointed or authorized by the Minister of Labour, either specially or generally, for that purpose shall from time to time be entitled to:—

(a) Procure from all officers of any industrial society, industrial union, trade-union, federation of labour, or other association of industrial workers such information in writing as to the membership benefits, or advantages enjoyed or obtainable under the rules or constitution of any such society, union, federation, or association, and as to the disqualifications or disabilities under such rules or constitution, as the Minister of Labour from time to time, either generally or specially, directs or requires;

(b) Require any person having in his service under a contract of hiring or apprenticeship, written or oral, expressed or implied, any person engaged in any work in or about any industry, trade, or business to state in writing:—

(i) The full name of every person having the principal control, superintendence, or management of any kind of business carried on by such employer;

(ii) The full name and nationality of every worker employed by him, together with the nature of the employment, the hours of labour, the mode, terms, and rate of payment therefor;

(c) Obtain from all persons able to furnish the same such further and other information in respect of the cost of foodstuffs and other necessities, and the effect of customs duties on such cost, and the relation of the same to labour conditions and industrial operations in British Columbia.

6. No information obtained by the Minister of Labour or by any officer of the Department of Labour under any of the powers herein contained shall be made use of save for the purposes of this Act. Every person who commits a breach of the provisions of this section shall be liable, on summary conviction, to a penalty not exceeding two hundred and fifty dollars.

7. For the purpose of obtaining any information to which he is entitled under this Act, the Minister of Labour and any officer appointed or authorized by him as aforesaid shall have all the powers and authorities conferred by the "Public Inquiries Act" on a Commission issued or appointed by the Lieutenant-Governor in Council; and the provisions of this Act shall, *mutatis mutandis*, extend and apply to any inquiry authorized by this Act.

8. Every person who for the space of one month after receipt of notice to furnish any information required under any of the provisions of this Act neglects or refuses to furnish the same shall be liable, on summary conviction, to a penalty not exceeding one hundred dollars, and every person who furnishes information required under this Act, knowing it to be false, shall be liable to a like penalty.

#### Annual Report.

9. It shall be the duty of the Minister of Labour to make a report to His Honour the Lieutenant-Governor of the conduct of his Department up to the thirty-first day of December in each year, which report shall be laid before the Legislative Assembly within ten days after its convening. The report shall contain such statistical and other information collected by the Department of Labour, together with such recommendation based thereon as the Minister of Labour may think proper, and the report shall be so framed as not to disclose the name or identity of any employer, workman, or business.

#### Regulations.

10. For the purpose of carrying into effect the provisions of this Act according to their true intent or supplying any deficiency therein, the Lieutenant-Governor in Council may make such regulations not inconsistent with the spirit of this Act as may be deemed necessary, advisable, or convenient, including regulations prescribing the forms of notices to be given under this Act, and the forms in which the information and particulars required shall be supplied and verified. All regulations shall be published in the Gazette and shall have the same force and effect as if incorporated therein.

#### Wages of Miners payable Semi-Monthly.

Chapter 41 with amendment—14. (1) Every person giving or making a working bond or a lease with or without any option for the sale of any mineral claim or mine shall insert therein a provision that during the currency of such bond or lease all free miners and wage-earners employed in and on

and about the claim or mine shall be paid semi-monthly, and shall demand and receive a letter from a Gold Commissioner or Government Agent or Mining Recorder that security for wages has been given, otherwise he shall be under personal liability to pay all such wages. 1920, c. 57, s. 2.

(2) Every person taking a right or option to work or purchase any mineral claim or mine or mining property shall furnish to the nearest Gold Commissioner, or Government Agent, or Mining Recorder adequate security from time to time for the payment of all wages semi-monthly on the terms that every such security may be forthwith realized and payment of wages made upon any default, and every Gold Commissioner, Government Agent, and Mining Recorder is given full power and authority to and shall realize upon the proper security lodged with him so as to make payment of any wages in default and shall make payment thereof up to the amount realized. Amended 1920, c. 57, s. 3.

### Liability of Employers for Taxes of Employees.

Chapter 65 with amendment—3. Every male person in the Province shall pay an annual poll-tax of five dollars, which tax shall be due from and after the first day of June 1917, for the year 1917, and from and after the second day of January in each and every year thereafter, and shall be payable in advance to any collector for the use of His Majesty in right of the Province.

5 (1) Every employer of labour shall, on demand of the collector, pay the annual poll-tax for every male person in his employ liable to pay a poll-tax not only at the time when the said demand is made, but also from time to time, for every such male person in his employ during the year for which the said tax is payable, and may deduct the amount so paid on account of any such person from the amount of salary or wages due, or to become due, to such person, upon production and delivery of the receipt for such tax to such person. Amended 1918, c. 90, s. 2.

(2) Every such employer of labour shall be primarily liable for the said tax in respect of every male person in his employ at any time during the year for which the said tax is payable, and until the tax is paid in respect of such person. Every such employer of labour shall furnish to the collector, when requested by him so to do, from time to time, a list of all male persons in his employ, or indirectly employed by him, liable to pay the said tax; but no such statement shall bind the collector, nor shall excuse him from making due inquiry to ascertain its correctness.

6. Every employer of labour shall be liable to all the provisions of this Act with regard to persons in his employ, and as to all persons who work for him or in his premises or in connection with his business, whether such persons are employed directly by him or indirectly through a contractor for labour. Such employer of labour shall have the right to deduct from the amount payable to such contractor all sums paid by the employer under this Act to the collector as poll-tax for any men furnished to the employer by such contractor, and such contractor may deduct the same from the amount due by him to such men respectively.

7. In the event of any person liable to the tax while in the employment of any employer of labour having paid the tax for the then current year, and producing the receipt therefor to such employer of labour, the liability of such employer of labour shall cease in respect to the tax on such person: Provided, however, that the collector shall, on demand, be furnished by such employer of labour with the particulars of the name, number, date, and place of issue upon such receipt.

8. If any employer of labour fails to pay the said tax for every male person in his employ as aforesaid, or to deliver to the collector the list mentioned in section 5 of this Act when required to do so, or knowingly states anything falsely in such list he shall, upon summary conviction, be liable to a penalty not exceeding one hundred dollars.

9. No employer of labour shall be responsible for payment of the said tax in respect of any person in his employ until such person shall have been in his employ for at least one week immediately preceding the date of the tax being demanded.

### Semi-Monthly Payment of Wages.

Chapter 73 with amendment—1. This Act may be cited as the Semi-monthly Payment of Wages Act.

2. (1) Subject to section 3, every person and every corporation carrying on within the Province any work or business in or about the industries of mining, foundries, and machine shops, lumbering, ship-building, pulp and paper mills, or fishing shall, at least as often as semi-monthly, pay to each and every employee engaged in or about the work or business carried on by the person or corporation, whether by way of manual labour or otherwise, all wages and salary earned by the employee to a day not more than eight days prior to the date of payment.

Provided that in the case of mines to which the "Coal-mines Regulation Act" applies the payment to employees shall be at least as often as fortnightly, and shall be made on a Saturday. Any employee who is absent at the time fixed for his payment, or who for any other reason is not paid at that time, shall be entitled to such payment at any time thereafter on demand. Amended 1920, c. 98, s. 2.

(2) No person or corporation shall, by special contract with employees or by any other means, secure exemption from the provisions of this Act.

3. The provisions of section 2 shall not apply to employees engaged under a *bona fide* contract where the yearly salary or wages is two thousand dollars or over.

4. Every person or corporation violating or committing any breach of section 2 of this Act, or refusing, omitting, or neglecting to fulfil, observe, carry out, or perform any duty or obligation thereby created, prescribed, or imposed, shall be liable, on summary conviction, to a penalty of not less than twenty-five dollars nor more than one hundred dollars.

5. This Act shall come into operation on the first day of October, 1917.

## STATUTES OF 1918.

### Minimum Wage.

Chapter 56 with amendment—1. This Act may be cited as the Minimum Wage Act.

2. In this Act the following expressions shall have the following meanings respectively:—

The term "employer" shall include every person, firm, or corporation, agent, manager, representative, contractor, sub-contractor, or principal, or other persons having control or direction of any employee in any trade, business, occupation, or calling, or responsible directly or indirectly for the wages of another.

The term "employee" shall include every female person who is in receipt of, or entitled to, any compensation for labour or services performed for any employer:

The terms "wage" and "wages" shall include any compensation for labour or services, measured by time, piece, or otherwise:

The term "minimum wage" shall mean the amount of wages fixed by the Board:

The term "Board" shall mean the Minimum Wage Board constituted under the provisions of this Act.

3. For the purposes of administering and carrying out the provisions of this Act, there shall be in the Department of Labour of this Province a Board, to be called the "Minimum Wage Board," which shall consist of three members, one of whom shall be the Deputy Minister of Labour, who shall be Chairman of the Board, and the other members shall be appointed by and hold office during the pleasure of the Lieutenant Governor in Council. One member of the Board shall be a woman. Two members of the Board shall constitute a quorum.

4. No member of the Board shall receive any salary as such. The Board may employ a secretary and such expert clerical and other assistants as may be necessary to carry out the purposes of this Act, who shall hold office during the pleasure of the Lieutenant Governor in Council. All necessary expenses incurred by said Board shall be paid by the Department of Labour from the Consolidated Revenue Fund unless moneys have been appropriated by the Legislature for that purpose.

5. It shall be the duty of the Board to ascertain the wages paid and the hours and conditions of labour and employment in the various occupations, trades, and industries in which females are employed in this Province, and to fix the minimum wage, the maximum hours, and such conditions of labour and employment as in the opinion of the Board seem necessary or expedient for the welfare of employees. The Board shall have full power and authority, either by any member of the Board or by any duly authorized representative, to inspect and examine any and all books, pay-rolls, and other records of any employer that in any way appertain to or have any bearing upon the question of wages, hours, or conditions of labour and employment of any employees, and to take extracts from or make copies of any entries in such books, pay-rolls, and records, and to require from any employer full and true statements of the wages paid to his employees and the hours and conditions of labour and employment of such employees. A Register of the names, ages, and residence addresses of all employees shall be kept by employers. 1919, c. 61, s. 2.

6. The Board may from time to time hold public meetings at a time and place to be fixed by them, at which employers and employees and all persons interested may appear and be heard. For the purpose of obtaining information, The Board shall have the powers and authorities conferred by the Public Inquiries Act on a Commission issued or appointed by the Lieutenant-Governor in Council, and the provisions of that Act shall *mutatis mutandis*, extend and apply to any inquiry held by the Board under this Act. All witnesses subpoenaed by the Board shall be paid the same witness fees and mileage as are now allowed by law to witnesses before the Supreme Court of British Columbia.

7. If after investigation, the Board shall find that in any occupation, trade or industry the wages paid to employees are inadequate, or the hours of labour are excessive, the Board is empowered to call a conference composed of an equal number of representatives of employers and employees in the occupation or industry in question, together with one or more disinterested persons representing the public; but the representatives of the public shall not exceed the number of representatives of either of the other parties; and a member of the Board shall be a member of such conference and chairman thereof. The Board may make rules and regulations governing the selection of representatives and the mode of procedure of said conference, and shall exercise exclusive jurisdiction over all questions arising as to the validity of the procedure and of the recommendations of said conference. On request of the Board it shall be the duty of the conference to recommend to the Board an estimate of the minimum wage proper in the occupation or industry in question, and adequate to supply the necessary cost of living, and also, when so requested, to recommend the maximum hours of labour proper in the occupation or industry. The findings and recommendations of the conference shall be made a matter of record for the use of the Board. Amended 1919, c. 61, s. 3.

8. Upon the receipt of such recommendations from a conference, the Board shall review same, and may approve any or all of such recommendations, or it may disapprove any or all the of them and recommit the subject or the recommendations disapproved of to the same or a new conference. After such approval of the recommendations of a conference the Board shall issue an obligatory order specifying the minimum wage for employees in the occupation affected, and may also specify such maximum hours of labour and such conditions of labour and employment as are deemed necessary or expedient for the welfare of the employees. Such order shall become effective in sixty days from the date thereof, or, if the Board shall find that unusual conditions necessitate a longer period, the Board shall fix a later date on which such order shall become effective. Said orders, shall be published in one issue of the British Columbia Gazette at least thirty days before the same becomes effective. After such order is effective, it shall be unlawful for any employer in the occupation named in said order to employ or pay employees less than minimum wage, or to require or to permit employees to work for longer hours or under conditions of labour and employment contrary to the terms specified in said order. The Board shall send by mail, so far as practicable, to each employer in the occupation named a copy of said order, and each employer shall be required to post a copy of said order in each room in which employees affected by the order are employed. Amended 1919, c. 61, s. 4.

9. After a minimum wage has been fixed by the Board in any occupation, upon petition of either employers or employees the Board may in its discretion reopen the question and reconvene the former conference or call a new one, and any recommendations made by such conference shall be dealt with by the Board in the same manner as the original recommendations of a conference.

10. (1) In the case of women who are physically defective, and in case of female apprentices in any occupation in which apprentices are usually employed, the Board may in respect of any occupation as to which a minimum wage has been fixed issue to any such woman or apprentice a special license authorizing her employment in that occupation at a minimum wage, to be fixed in the license, less than the minimum wage fixed for that occupation. Such special license shall be issued only in the discretion of the Board, and in cases where the Board is satisfied that the application therefor is made in good faith, and in the case of apprentices shall remain in force for such period as is fixed by the Board.

(2) The number of employees holding special licenses under this section employed in any plant or establishment shall not exceed in number one seventh of the whole number of the employees in that plant or establishment, provided, however, that in any plant or establishment where less than seven employees are employed, one apprentice holding a special license may be employed. Amended 1919, c. 61, s. 5.

11. The Board may at any time inquire into wages, hours and conditions of labour of girls under eighteen years of age employed in any occupation in the Province and may determine wages, hours and conditions of labour suitable for such girls. When the Board has made such determination in the cases of girls under eighteen years of age it may proceed to issue an obligatory order in the manner provided for in section 8 of this Act, and after such order is effective it shall be unlawful for any employer in said occupation to employ a girl under eighteen years of age for less wages or for longer hours than is specified for girls under eighteen years of age in said occupation, or under conditions of labour prohibited by the Board for said girls under eighteen years of age in its order. Amended 1919, c. 61, s. 6.

12. Any employer who discharges or in any other manner discriminates against any employee because such employee has testified or is about to testify, or because such employer believes that said employee may testify, in any investigation or proceedings relative to the enforcement of this Act shall be liable, upon summary conviction, to a penalty of not less than twenty-five dollars and not more than one hundred dollars.

13. Every employer who employs an employee for whom a minimum wage has been fixed under this Act, at less than the minimum wage, or who employs an employee for whom maximum hours of labour have been fixed under this Act, for longer hours than the maximum so fixed, or who neglects or fails to comply with any order made under this Act, as to conditions of labour and employment, or who violates any provision of this Act, shall be liable, upon summary conviction, to a penalty of not less than twenty-five dollars and not more than one hundred dollars. 1919, c. 61, s. 7.

14. If any employee is paid less than the minimum wage to which he is entitled under this Act, the said employee shall be entitled to recover from her employer, in a civil action, the balance between the amount of the minimum wage and the amount paid, together with costs and solicitors' fees, to be fixed by the court.

15. This Act shall not apply to farm labourers, fruit pickers, or domestic servants or their employers.

## STATUTES OF 1919.

### Fair Wages on Housing Contracts.

Chapter 8.—14. In any agreement or contract entered into under the provisions of this [The Better Housing] Act, a fair-wage clause shall be inserted providing that the prevailing wage in the district where construction takes place shall be paid all workers employed.

### Private Employment Offices.

Chapter 26.—This Act may be cited as the "Employment Agencies Act Repeal Act."

2. Subject to section 5 of this Act, the "Employment Agencies Act," being chapter 10 of the Statutes of 1912, is repealed.

3. (1) Notwithstanding the provisions of any statute to the contrary, no person, firm, corporation, or association shall collect or receive, directly or indirectly, any fee or compensation for sending or persuading, enticing, inducing, procuring, or causing to be sent from or to any place within the Province, to or from any place outside the Province, or between any two places within the Province, any person seeking employment, or for giving or furnishing information regarding employers seeking workers or workers seeking employment.

(2) Every person, firm, corporation, or association contravening any of the provisions of this section shall be liable, upon summary conviction, to a penalty of not less than ten dollars and not more than twenty-five dollars.

4. The Lieutenant-Governor may from time to time, by proclamation, published in the "Gazette," provide for the coming into operation of this Act in the Province or in any portion of the Province, and this Act shall come into operation accordingly.

5. The Lieutenant-Governor may from time to time, by proclamation published in the "Gazette," declare that the provisions of section 3 of this Act shall not apply to any person or class of persons named in the proclamation and the provisions of that section shall thereupon, so long as the proclamation remains unrevoked, cease to apply to the persons or classes of persons so named. For the purpose of and to the extent only of its application in respect of the persons or classes of persons named in any proclamation issued pursuant to this section, the said "Employment Agencies Act" shall be deemed not to have been repealed, and shall, so long as the proclamation remains unrevoked, be deemed to be in force and to apply to the persons or classes of persons named in the Proclamation.

[Chapter 10 of the Statutes of 1912, the Employment Agencies Act, provides for the licensing of private Employment Offices. See Labour Legislation in Canada, 1915, p. 689.]

### STATUTES OF 1920.

#### Co-operative Associations.

[Chapter 19 deals with the formation of co-operative associations.]

#### Protection of Employees as Voters—Time to Vote.

Chapter 27.—157. Every person who shall, directly or indirectly, by himself or by any other person on his behalf, make use of, or threaten to make use of, any force, violence or restraint, or inflict or threaten the infliction, by himself or by or through any other person, of any injury, damage, harm, or loss, or in any other manner practice intimidation upon or against any person, in order to induce or compel such person to vote or refrain from voting, or on account of such person having voted or refrained from voting, at any election, or who shall, by abduction, duress, or any fraudulent device or contrivance, impede or prevent or otherwise interfere with the free exercise of the franchise of any elector, or shall thereby compel induce, or prevail upon any elector either to give or refrain from giving his vote at any election, shall be deemed to have committed the offence of undue influence, and shall be guilty of an offence against this Act, and shall be liable, on summary conviction, to a penalty not exceeding two hundred and fifty dollars, and shall also be liable to forfeit the sum of two hundred and fifty dollars to any person who shall sue for the same, together with the full costs of the suit.

190. Polling-day in any electoral district shall be a public holiday, and every registered elector of the electoral district who is within the electoral district on that day and who is a workman or employee for hire shall be allowed by his employer to be free from his employment on that day for at least four consecutive hours between the opening and the closing of the poll, and every employer who offends against this provision, without reasonable justification, shall be liable to a penalty of not more than one hundred dollars, to be recovered under the "Summary Convictions Act."

#### Mothers' Pensions.

Chapter 61.—1. This Act, may be cited as the "Mothers' Pensions Act."

2. In this Act, unless the context otherwise requires,—

"Minister" means the member of the Executive Council of British Columbia designated from time to time by Order in Council to have charge of the administration of this Act;

"Mother" includes any indigent person who is the mother of a child or children under the age of sixteen years, and who is:—

(a) A widow; or

(b) A married woman whose husband is an inmate of a penal institution or public hospital for insane; or

(c) A woman whose husband is unable to support his family by reason of sickness or accident arising while his wife was residing in this Province; or

(d) A deserted wife; or

(e) Any other person whose case, in the opinion of the Superintendent, is a proper one for assistance under the provisions of this Act:

"Superintendent" means the Superintendent of Neglected Children appointed under the "Infants Act."

3. (1) Upon application made to the Superintendent by any mother, and upon the recommendation of the Superintendent, approved by the Minister, an allowance shall be made for the support or partial support of the mother and her child or children out of the moneys appropriated by the Legislature for the purposes of this Act.

(2) The amount and the times and manner of payment of the allowance shall be governed by the provisions of this Act and the regulations made thereunder.

4. No mother shall be entitled to apply for or receive an allowance under this Act unless:—

(a) She is a British subject; and

(b) Has been a resident of this Province for at least eighteen months prior to making application for assistance under this Act; and

(c) Has a child or children under the age of sixteen years living with her; and

(d) Is without the necessary means with which to support such child or children.

5. No application for an allowance under this Act shall be granted unless the Superintendent is of opinion:—

(a) that the applicant is a fit and proper person to have the custody of her child or children; and

(b) that it is in the best interests of her child or children that the applicant should have the custody of them.

6. The allowance granted under this Act shall in no case exceed a monthly allowance of forty-two dollars and fifty cents to the mother and one child under the age of sixteen years, with an additional monthly allowance of seven dollars and fifty cents for each additional child under the age of sixteen years.

7. Payment of the allowance granted under this Act in respect of any beneficiary shall cease:—

(a) upon the beneficiary ceasing to reside within the Province; or

(b) upon the remarriage of the mother.

8. (1) For the more effective administration of this Act throughout the Province, the Lieutenant-Governor in Council may in any place appoint a local advisory board, whose duty it shall be to report on applications made to the Superintendent, to visit families receiving assistance under this Act, and generally to perform such duties as may be prescribed by the regulations.

(2) Such other officers, clerks, and employees as may be required for the proper administration of this Act shall be appointed in accordance with the provisions of the "Civil Service Act."

9. In the absence of any special appropriation of the Legislature available for the purposes of this Act, all moneys necessary to meet the allowances payable under this Act and the salaries and expenses necessarily incurred in the administration of this Act shall be paid out of the Consolidated Revenue Fund.

10. The Lieutenant-Governor in Council may make such regulations, not inconsistent with this Act, as he may deem necessary for the proper administration of this Act, and for regulating the expenditures to be made thereunder.

11. This Act shall come into operation on a date to be fixed by the Lieutenant-Governor by his Proclamation.

### Licensing of Chauffeurs.

Chapter 62. 1. This Act may be cited as the "Motor-vehicle Act."

#### Interpretation.

2. In this Act, unless the context otherwise requires:—

"Chauffeur" shall mean any person operating a motor-vehicle as an employee or for hire: "Superintendent" means the Superintendent of Provincial Police.

7. (1) Subject to sections 8 and 9, every person who undertakes to act as a chauffeur shall apply for and obtain a license pursuant to the provisions of this section.

(2) The applicant for a license shall sign an application in the prescribed form, and deliver it to the Superintendent, or to any chief constable of Provincial Police or any Government agent for transmission to the Superintendent, accompanied by the payment of the prescribed fee.

(3) Upon receipt of the application in the prescribed form, and upon being satisfied of the truth of the facts stated in the application, and of the fitness and capability of the applicant to act as a chauffeur, and that the prescribed fee has been paid, the Superintendent shall issue to the applicant a numbered license, in the prescribed form, authorizing the licensee to act as a chauffeur.

(4) The Superintendent shall also issue to the licensee along with the license a metal badge of a colour and design approved by the Superintendent and bearing the same number as the license, and valid only during the term of the licence, which badge the licensee shall wear in a conspicuous place affixed to the front of his hat or cap at all times while he is driving, operating, or in charge of a motor-vehicle as a chauffeur on any highway.

8. Where a chauffeur, resident without the Province, has complied with the laws of his place of residence with respect to the registration and licensing of chauffeurs, and wears affixed to his clothing in a conspicuous place the chauffeur's badge there assigned to him, he shall be exempt from the requirements of this Act as to the licensing of chauffeurs while he is driving, operating, or in charge of a motor-vehicle registered under the provisions of section 6, but only during the period of time limited by the certificate issued under that section.

9. The provisions of this Act as to the licensing of chauffeurs shall not apply in respect of motor-vehicles owned by any municipal corporation, or operated as part of a public fire department, or as ambulances.

18. No person under the age of seventeen years shall drive or operate a motor-vehicle on any highway: Provided however that a person under the age of seventeen but over the age of fifteen may operate a motor vehicle if granted a permit that he is a fit and competent person to so operate by a chief constable, inspector, or the Superintendent of the Provincial Police.

19. No intoxicated person or person under the influence of intoxicating liquor shall drive or operate or be in charge of any motor-vehicle on any highway.

20. No person shall drive or operate any motor vehicle or trailer on any highway unless it is equipped in all respects in compliance with the provisions of this Act and of the regulations.

21. In case of the loss, mutilation, or destruction of any number plate or chauffeur's badge held by any licensee under this Act, if the licensee furnishes to the Superintendent satisfactory proof of such loss, mutilation, or destruction, and delivers up to the Superintendent the licence, and, if possible, the number-plates or badge issued therewith, and pays the prescribed fee, the superintendent shall cancel the licence, and shall issue to the licensee a new license with its corresponding number-plates or badge.

37. Where the licensee holding any licence issued under this Act violates any provision of this Act, or of the regulations, or by reason of reckless or negligent driving, or by reason of the use of intoxicants, or for any other reason is, in the opinion of the Superintendent, unfit to drive or operate a motor-vehicle, the Superintendent, upon proof to his satisfaction of the fact or existence of such violation or unfitness, and without the necessity of holding any formal or public or other hearing, may suspend the license and all rights of the licensee thereunder for such period as the Superintendent may see fit, or may cancel the license. Upon notice of the suspension or cancellation of his licence the licensee shall forthwith deliver up the license and its corresponding number-plates or badge to the Superintendent. Where the license has been suspended only, the Superintendent shall return the licence and the corresponding number-plates or badge to the licensee at the expiration of the period of the suspension. Where the license has been cancelled, the Superintendent shall not issue to the licensee any license under this Act within the period of one year from the date of the cancellation.

## YUKON TERRITORY.

## CONSOLIDATED ORDINANCES OF 1914.

## Inspection of Steam Boilers—Examination and Licensing of Stationary Engineers.

Chapter 9.—1. This Ordinance may be cited as The Steam Boiler Ordinance.

## Interpretation.

2. In this Ordinance unless the context otherwise requires—

(1) The expression "boiler" does not include boilers used for heating water for domestic purposes or low pressure steam heating boilers unless the pressure exceeds fifteen pounds per square inch or railway locomotive or steam-boat boilers, but means and includes all other steam boilers and every part thereof or thing connected therewith and all apparatus and things attached to or used in connection with any such boiler.

(2) The expression "owner" means and includes any person, firm or corporation, the owner or lessee of a boiler and the manager or other head officer in charge of the business of any such firm or corporation;

(3) The expression "engineer" means any person having charge of or operating a steam boiler under the provisions of this Ordinance;

(4) The expression "inspector" means any inspector of steam boilers appointed by the Commissioner of the Yukon Territory under the provisions of this Ordinance.

## Inspection of Steam Boilers.

3. The Commissioner of the Yukon Territory may appoint an inspector or inspectors of steam boilers for the Territory for the purpose of carrying out the provisions of this Ordinance and may fix the remuneration to be paid such inspector or inspectors.

4. No person holding the office of inspector under the provisions of this Ordinance shall be either directly or indirectly interested in the sale of boilers or steam machinery.

5. Every inspector appointed under the provisions of this Ordinance shall before entering upon the performance of his duties take and subscribe an oath that he will faithfully and impartially perform the duties of his office.

6. The inspectors appointed under this Ordinance shall—

(a) Inspect all new steam boilers within their respective districts before the same are used;

(b) Once at least in each year subject all boilers within their district to hydrostatic pressure test;

(c) Satisfy themselves by a thorough examination inside and out and by a hammer test after the hydrostatic pressure that the boilers are well made and of good and suitable material;

(d) See that the openings for the passage of water and steam respectively and all pipes and tubes exposed to heat are of proper dimensions and free from obstruction;

(e) See that the flues are circular in form;

(f) Satisfy themselves that the friction (fire line) of the furnace is at least two inches below the prescribed minimum water line of the boiler;

(g) See that the arrangements for delivering the feed water are such that the boilers cannot be injured thereby;

(h) Satisfy themselves that such boilers and their steam connections may be safely employed without peril to life;

(i) See that the safety valves are of suitable dimensions sufficient in number and properly arranged;

(j) See that the safety valve, weights or springs are properly adjusted so as to allow no greater pressure in the boilers than the amount prescribed by the inspection certificate;

(k) See that the boiler is provided with a sufficient number of gauge cocks and a properly inserted fusible plug so placed as to fuse by the heat of the furnace whenever the water in the boiler falls below its prescribed limits;

(l) Satisfy themselves that adequate and certain provision has been made for an ample supply of water to feed the boiler at all times so that in high pressure boilers the water shall not be less than four inches above crown of flue sheet in upright boilers;

(m) Satisfy themselves that means for blowing out are provided so that mud, sediment or scale may be removed while the boiler is under steam.

7. The provisions of this Ordinance respecting the inspection of boilers shall not apply to any boiler insured and inspected by any duly incorporated boiler insurance company doing business in Canada if the owner or owners of such boilers shall when required by an inspector appointed under the provisions of this Ordinance produce the certificate of inspection from such company.

8. For the purpose of seeing that the provisions of this Ordinance are complied with any of the inspectors appointed under this Ordinance may at any reasonable hour enter upon any lands or into any building where any steam boiler is operated.

(2) Any person interfering with or obstructing any inspector in the performance of his duties under this Ordinance shall be guilty of an offence and liable on summary conviction to a penalty not exceeding \$100.

9. Every owner of a boiler shall cause it to be inspected at least once in each and every year by an inspector appointed under the provisions of this Ordinance and shall pay to such inspector a fee of \$5 for such inspection, such fee to be forwarded by the inspector to the Territorial Treasurer to be credited to the General Revenue Fund of the Territory.

(2) Upon completion of any inspection the inspector shall issue to such owner a certificate of such inspection in accordance with form "A" in the schedule hereto.

(3) Such certificate shall be produced at any time by the owner upon the demand of an inspector appointed under the provisions of this Ordinance.

(4) Any one who employs a person to operate a steam boiler who has not a certificate or permit under this Ordinance shall be guilty of an infraction of this Ordinance.

(5) All boilers of fifteen nominal horse-power or under, used for mining or prospecting purposes shall be inspected by the boiler inspector free of charge, and the use of such boiler prior to such inspection shall not be deemed an infraction of this Ordinance.

10. In subjecting to hydrostatic tests boilers usually designated as high pressure, inspectors shall assume one hundred and twenty-five pounds to the square inch as the maximum pressure allowable as a working pressure for new boilers of forty-two inches in diameter, made in the best manner, of plates one-fourth of an inch thick, of good materials.

11. Inspectors shall rate the working pressure of all boilers according to their strength as compared with the standard provided in the next preceding section, but the working pressure allowed in the operation of any boiler shall not exceed three-fourths of the hydrostatic test pressure to which such boiler has been subjected at the time of the inspection.

12. In addition to the annual inspection of all boilers required by this Ordinance it shall be the duty of each inspector to examine and inspect at any time any boilers which may be reported to him to be in an unsafe condition and to notify in writing the owner or person using such boiler to make such repairs as he deems necessary in order to render such boiler serviceable and safe for use.

13. Any boiler declared to be unsafe by an inspector shall not be used until such repairs as are ordered by the inspector have been made, and any person operating a boiler declared to be unsafe by an inspector before repairs ordered by the inspector are completed shall be guilty of an offence and upon summary conviction thereof liable to a penalty of \$100.

14. Every steam boiler shall be provided with a fusible plug of good Banca tin inserted in the flues, crown sheet or other part of the boiler most exposed to the heat of the furnace when the water therein falls below the prescribed limit so that the plug will fuse and put the fire out.

15. Every steam boiler shall be provided with a reliable steam gauge of approved make.

16. The owner or operator of any steam boiler shall allow the inspector free access to the same and shall furnish water to fill the boiler to permit of the hydrostatic test being made, and when necessary shall remove any jacket or covering from the boiler as directed by the inspector. He shall also assist the inspector in making his inspection and shall point out any defect that he may know of or believe to exist in the boiler or machinery connected therewith.

17. Inspectors shall have the right at all reasonable hours to examine boilers in course of construction or undergoing repair and to refuse to grant a certificate of inspection for any boiler found to be improperly constructed or repaired or of which permission to make such inspection has been refused.

18. Every inspector shall keep a true record of all boilers inspected and all repairs ordered by him, of all boilers condemned by him as unsafe, of all accidents to boilers in his district whether by explosion or otherwise, and of all casualties in connection with boilers in his district.

19. Every inspector shall render annually on or before the thirty-first day of January in each year a concise report to the Commissioner of all inspections made by him during the preceding year, and of all accidents and casualties that may have happened connected with the operation of steam boilers within his district.

20. No person shall operate a steam engine or boiler of greater capacity than fifteen horse-power nor shall any owner employ any person to operate any such engine or boiler unless he is of the full age of twenty-one years and has obtained a license as hereinafter provided.

21. There shall be four classes of persons entitled to take charge of a steam engine or boiler:

(a) The first class shall be engineers qualified to take charge of any steam engine or boiler.

(b) The second class shall be engineers qualified to take charge of any steam engine or steam boiler not exceeding 100 nominal horse-power.

(c) The third class shall be engineers qualified to take charge of any steam engine or boiler not exceeding 50 nominal horse-power.

(d) The fourth class shall be firemen qualified to take charge of any boiler when under the general supervision of an engineer of the first, second, or third class, according to the rating of the boiler.

22. Any candidate who considers he has been unfairly dealt with may appeal in writing to the Commissioner, who shall refer the appeal to a Board of three engineers holding first-class certificates, said Board to be appointed by the Commissioner and to hold office at his pleasure.

(a) The Board shall, at once, cause such grievance to be investigated and shall give a decision in the matter which shall be final.

(b) The Board, with the inspector, shall also act as a board of inquiry in all boiler accidents occurring within its jurisdiction.

(c) All engineers on taking or leaving a position must notify the inspector in writing.

(d) The rating of the horse-power of all boilers in use in the Yukon Territory shall be calculated by the inspector according to the following schedule:—

Twelve square feet of heating surface per nominal horse-power for internally fired boilers.

Fifteen square feet of heating surface per nominal horse-power for externally fired boilers.

23. The Territorial Secretary shall cause to be prepared a list of the engineers entitled to operate an engine and boiler under this Ordinance, and shall specify therein the kind of engine and boiler such engineers may operate. Said list shall include the names of all persons who were on the seventeenth day of October, 1903, possessed of certificate of qualification under the Steam Boiler Ordinance.

24. In addition to the persons so entitled to be entered on said list, every person who is the holder of a certificate of qualification from any incorporated body authorized to grant such certificates of qualification for operating steam boilers and engines or from the Dominion or any provincial government, or from any other competent authority in any other portion of the British Empire or the United States of America, shall be entitled upon making application to the Territorial Secretary and upon payment of a fee of \$5, to obtain a certificate of qualification and to be registered under the provisions of this Ordinance.

25. Any other person who may desire to qualify for registration and to obtain a certificate entitling him to operate steam boilers and engines connected therewith in the Territory and who shall have served twelve months as engineer, fireman, or oiler shall pass an examination before one of the inspectors appointed under this Ordinance to prove that he has the necessary knowledge of the construction, care, and operation of stationary steam boilers and engines connected therewith; if the inspector conducting such examination is satisfied as to the knowledge and qualification of the candidate, and also as to his having served the term of twelve months as herein provided, shall upon obtaining a fee of \$5 issue a certificate to that effect and stating the kind of boiler and engine said candidate may operate.

26. On all steam plants of over 100 horse-power where two or more engineers are employed it shall only be obligatory that the engineer in charge shall hold a first-class certificate. In such cases the holder of a second-class certificate shall be considered duly qualified to act as assistant or second engineer.

(2) On all steam plants of over 50 horse-power and not more than 100 horse-power, when two or more engineers are employed it shall only be obligatory that the engineer in charge shall hold a second-class certificate. In such cases the holder of a third-class certificate shall be considered duly qualified to act as assistant or second engineer.

(3) Not more than one certificated engineer shall be required to be on duty in connection with any one plant.

27. It shall be the duty of the boiler inspector to make all examinations of applicants for engineers' certificates in writing and in accordance with the schedule hereto annexed; questions and answers both to be placed on file and retained in the office of said inspector; such file to be open during office hours to the board appointed by the Commissioner as provided for in section 22 of this Ordinance.

28. All engineers holding second and third-class certificates under any former Ordinance shall be confined to the rating of boilers fixed by said Ordinance. Said engineers shall be required to pass an additional examination to become qualified under the rating of engineers fixed by this Ordinance. The applicant for such examination shall pay an examination fee of \$2.50.

29. Every person holding a certificate under this Ordinance shall expose it in some conspicuous place in the engine or boiler room in which he is employed or cause it to be attached to the engine or boiler of which he is in charge, and in default shall be liable on summary conviction to a penalty of not less than \$10 and not more than \$50.

(2) If such person be employed in charge of a portable engine and boiler he shall produce his certificate for inspection on being required so to do by any inspector.

(3) The absence of such certificate or its non-production on demand shall be *prima facie* evidence that the person operating the engine and boiler has no certificate.

30. In case any owner of a steam boiler shows to the satisfaction of an inspector that he is unable by reason of some unforeseen occurrence to immediately secure the services of a duly qualified person to operate such boiler the inspector may grant a permit to any person producing satisfactory evidence of good conduct and sobriety and sufficient experience to operate such boiler for a period of six months from the date of such application, and in such case no penalty shall be incurred by reason of operating such steam boiler during the period covered by such permit.

(2) A fee of \$5 shall be paid to the inspector for every such permit issued by him.

#### Regulations and Forms.

31. The Commissioner of the Yukon Territory may from time to time make such regulations and prescribe such forms as may be deemed necessary for the proper carrying into effect of the provisions of this Ordinance.

32. The fees payable under this Ordinance shall be paid into the General Revenue Fund.

## Penalties.

33. Any person guilty of a breach of the provisions of this Ordinance for which no provision is herein made shall on summary conviction thereof be liable to a penalty not exceeding \$100.

34. Notwithstanding anything contained in this Ordinance no male person above the age of eighteen years shall be obliged to obtain a certificate entitling him to operate any steam boiler or engine outside of the towns of Dawson, Whitehorse and Klondike City.

## SCHEDULE.

(Form A omitted.)

## RULES TO BE OBSERVED IN THE EXAMINATION OF ENGINEERS.

## Fireman.

The fireman will be required (1) to possess some elementary knowledge of boiler management under working steam pressure; (2) to know the use to which the different fittings are put; (3) to be able to ascertain when they are working properly and how to act should they get out of good working order so as to secure complete safety; (4) to know the manner of firing economically and skilfully and the methods of keeping boilers clean internally, and (5) how to act in case of low water and hot plates, etc.

## Third-class Engineer.

The third-class engineer will be required (1) to possess, in addition to the requirements of a fireman, a general elementary knowledge of how boilers are constructed, set in brick work and fitted up complete with all connections; (2) to be able to keep pipes and fittings in good tight condition; (3) to understand foaming, priming, incrustation, corrosion, and their remedies; (4) to be able to detect anything going wrong or weakness developing; (5) to have at least one year's experience as fireman in this Territory or elsewhere, and (6) generally to understand the working of a steam engine, and be able to handle and attend to the same in case the establishment be not large enough to warrant the employment of two engineers. He shall be able to read and write a legible hand and understand the first five rules of arithmetic.

## Second-class Engineer.

The engineer of the second-class will be required (1) to have had at least two years' experience in the handling of a steam engine as per third-class; (2) to understand the design and construction of steam boilers and engines, and the principle that regulates the strength and design of the various parts and details of same; (3) to be conversant with the setting of engine valves; (4) to be able efficiently to supervise the working of said boilers and to keep in good safe condition; (5) to know how to read and write a legible hand, and (6) to be conversant with the first five rules of arithmetic and decimals.

## First-class Engineer.

The engineer of the first-class must be able (1) to take charge of any boiler; (2) calculate the thickness of plates required for a boiler of given dimensions and construction to carry a fixed pressure of steam, and also the dimensions and construction of the boiler and thickness of plates; (3) being given the pressure that the boiler may carry he must be able to calculate the strength of its stays, connections, joints and other parts, the tensile and crushing strength of the material used in its construction; (4) to calculate the required capacity of the feedpump the area of the safety valve for a boiler of given size or dimensions, and the power of the engine from a diagram of its workings; (5) to define the position of the crank and eccentric as indicated by a diagram; (6) to know the relative volume of steam and water at given temperature and pressures, the chemical constituents of coal, its heating and mechanical equivalents and the quantity of air required for its combustion; (7) to be competent to make a working drawing of any part of an engine, and explain the operation of the engine or any of its parts in connection with the whole; (8) to be conversant with surface condensation and the working of steam expansively, and (9) he must understand the construction of and be able to maintain in a working condition dynamos of ordinary types; (10) his knowledge of arithmetic must include the extraction of the square and cube root. The examination will be made *viva voce* but may be in writing in certain cases, at the discretion of the inspector, who may, at any time, if he deems it necessary, re-examine the applicant.

### Wages as Preferred Claims—In Liquidations.

Chapter 18.—277. In a winding-up there shall be paid in priority to all other debts—

(a) All assessed taxes, rates, real property tax, personal property tax, wild land tax, coal land tax, timber land tax, or income tax assessed on the company up to the first day of January next before that date, and not exceeding in the whole one year's assessment; and

(b) All wages or salary of any clerk or servant in respect of services rendered to the company during three months before the said date, not exceeding two hundred and fifty dollars; and

(c) All wages of any workman or labourer, whether payable for time or for piece work, in respect of services rendered to the company during three months before the said date; and

(d) Unless the company is being wound up voluntarily merely for the purposes of reconstruction or of amalgamation with another company, all amounts (not exceeding in any individual case five hundred dollars) due in respect of compensation under the Workmen's Compensation Ordinance.

(2) The foregoing debts shall—

(a) rank equally among themselves and be paid in full, unless the assets are insufficient to meet them, in which case they shall abate in equal proportions; and

(b) in so far as the assets of the company available for payment of general creditors are insufficient to meet them have priority over the claims of holders of debentures under any floating charge created by the company and be paid accordingly out of any property comprised in or subject to that charge.

(3) Subject to retention of such sums as may be necessary for the costs and expenses of the winding-up, the foregoing debts shall be discharged forthwith so far as the assets are sufficient to meet them.

(4) In the event of the landlord or other person distraining or having distrained on any goods or effects of the company within one month next before the date of a winding-up order, the debts to which priority is given by this section shall be a first charge on the goods or effects so distrained on, or the proceeds of the sale thereof:

Provided that in respect of any money paid under any such charge the landlord or other person shall have the same rights of priority as the person to whom the payment is made.

(5) The date hereinbefore in this section referred to is—

(a) in the case of a company ordered to be wound up compulsorily which had not previously commenced to be wound up voluntarily, the date of the winding-up order; and

(b) in any other case, the date of the commencement of the winding-up.

### Wages as Preferred Claims—In Executions.

Chapter 24.—3. Subject to the provisions hereinafter contained there shall be no priority among creditors by execution from the Territorial Court of the Yukon Territory.

(a) If a sheriff levies money upon an execution against the property of a debtor he shall forthwith enter in a book to be kept in his office open to public inspection without charge a notice stating that such levy has been made and the amount and date thereof, and the money levied shall at the expiration of two months from the levy unless otherwise ordered by a judge be distributed ratably amongst all execution creditors whose writs were in the sheriff's hands at the time of the levy or who have delivered executions to the said sheriff within the said two months or within such further time as is ordered by a judge, subject, however, to the provision hereinafter contained as to the payment of the costs of the creditor under whose writ the amount was levied:

Provided that if money is realized by sale of lands for which a certificate of title has been granted under The Lands Titles Act, the said period of two months shall be computed from the date of confirmation of the sheriff's sale under the said Act.

18. All persons in the employment of an execution debtor at the time of the notice mentioned in subsection (a) of section 3 of this Ordinance, or within one month before such notice, who shall become entitled to share in the distribution of money levied out of the property of a debtor, shall be entitled to be paid out of such money the wages or salary due to them by such judgment debtor, not exceeding one month's wages or salary, in priority to the claims of the other creditors of the execution debtor and shall be entitled to share *pro rata* with such other creditors as to the residue, if any, of their claim.

### Protection of Employees as Voters.

Chapter 28.—99. No person shall directly or indirectly by himself or by any other person on his behalf do or commit any of the following acts:—

(5) Make use of or threaten to make use of any force, violence or restraint, or inflict or threaten the infliction by himself or by or through any other person of any injury, damage, harm, or loss, or in any manner practice intimidation upon or against any person in order to induce or compel such person to vote or refrain from voting, or on account of such person having voted or refrained from voting at any election, or by abduction, duress or by any fraudulent device or contrivance impede, prevent or otherwise interfere with the free exercise of the franchise of any voter or thereby compel, induce or prevail upon any voter either to give or refrain from giving his vote at any election.

(6) Any person convicted of a breach of this section shall be liable to a penalty not exceeding \$500.

### Sanitation in Factories.

[Chapter 40, The Health Ordinance, section 2, defines "house" as including factories and other buildings used for human work. Section 5 enumerates in a number of clauses the subjects for which the medical health officer may provide by sanitary regulations. Among these is the following]:—

(3) For cleaning, purifying, ventilating and disinfecting houses . . . by the owners or the persons having the care thereof.

### Earnings of Minors—Suits for Wages.

Chapter 48.—10. The law to be administered in the Territory as to the matters next hereinafter mentioned shall be as follows:—

(13) Minors may sue for wages in the same way as if of full age.

### Exemption of Wages from Attachment.

Chapter 48.—408. Unless the debt sued for, or in respect of which the judgment was recovered, has been contracted for board and lodging, the wages or salary of a mechanic, workman, labourer, clerk or employee shall not be liable to seizure or attachment, unless such wages or salary, exceeds the rate of seventy-five dollars per month, and then only to the extent of the excess.

(2) All payments which have been made on account of such wages or salary during any period in which the same are being earned shall be deducted from the above exemption.

### Apprenticeship.

Chapter 48.—575. The guardian or guardians of the person of an infant so appointed may during the continuance of his or her guardianship in case the infant is under the age of fourteen years with the approbation of two justices of the peace and the consent of such ward, or in the case the infant is not under the age of fourteen years then with the consent of the ward only, place or bind him or her an apprentice to any lawful trade, profession or employment; such apprenticeship in the case of males not extending beyond the age of twenty-one years and in the case of females not beyond the age of eighteen years or the marriage of the ward within that age.

576. The court or judge may on proper cause being shown for that purpose discharge any such ward from the apprenticeship in the next preceding rule mentioned and order the articles or instrument of apprenticeship to be delivered up to be cancelled, or make such other order in respect of the master or apprentice or either of them as under the circumstances appears to be proper and just; and may also upon reasonable complaint made and sustained remove any guardian or guardians from his or their guardianship and if it appears necessary appoint another guardian or guardians in his or their stead.

### Mechanics' Liens.

Chapter 51.—1. This Ordinance may be cited as The Mechanics' Lien Ordinance.

#### Interpretation.

2. In this Ordinance,

(1) The expression "contractor" means a person contracting with or employed directly by the owner for the doing of work or placing or furnishing of machinery or materials for any of the purposes mentioned in this Ordinance.

(2) The expression "sub-contractor" means a person not contracting with or employed directly by the owner for the purposes aforesaid but contracting with or employed by the contractor or under him by another sub-contractor.

(3) The expression "owner" shall extend to and include a person having any estate or interest in the lands upon or in respect of which the work is done or materials or machinery are placed or furnished at whose request and upon whose credit or on whose behalf or consent or for whose direct benefit any such work is done, or materials or machinery placed or furnished, and all persons claiming under him whose rights are acquired after the work in respect of which the lien is claimed is commenced or the materials or machinery furnished have been commenced to be furnished.

#### Lien for Work on Materials.

3. No agreement shall be held to deprive any one otherwise entitled to a lien, under this Ordinance and not a party to the agreement of the benefit of the lien but the lien shall attach notwithstanding such agreement.

4. Unless he signs an express agreement to the contrary, every mechanic, machinist, builder, miner, labourer, contractor, or other person doing work upon or furnishing materials to be used in the construction, alteration or repair of any building or erection, or erecting, furnishing or placing machinery of any kind in, upon or in connection with any building, erection or mine, shall, by virtue of being so employed or furnishing have a lien for the price of the work, machinery or materials, upon the building, erection or mine, and the lands occupied thereby or enjoyed therewith, limited in amount to the sum justly due to the person entitled to the lien.

5. The lien shall attach upon the estate and interest of the owner, as defined by this Ordinance, in the building, erection or mine, in respect of which the work is done or the materials or machinery placed or furnished and the land occupied thereby or enjoyed therewith.

(2) In cases where the estate or interest charged by the lien is lease-hold, the land itself may also with the consent of the owner thereof, be subject to said lien provided such consent is testified by the signature of such owner upon the claim of lien at the time of the registering thereof and duly verified.

(3) In case the land upon or in respect of which any work as aforesaid is executed or labour performed or upon which materials or machinery are placed is encumbered by a prior mortgage or other charge and the selling value of the land is increased by the construction, alteration or materials or machinery, the lien under this Ordinance shall be entitled to rank upon the increased value in priority to the mortgage or other charge.

6. Without prejudice to any lien which he may have under the preceding sections every mechanic, labourer or other person who performs labour for wages upon the construction, alteration or repairs of any building or erection or in erecting or placing machinery of any kind in, upon or in connection with any building, erection or mine shall to the extent of the interest of the owner have upon the building, erection or mine and the land occupied thereby or enjoyed therewith a lien for such wages, not exceeding the wages of thirty days or a balance equal to his wages for thirty days.

(2) The lien for wages given by this section shall attach when the labour is in respect of a building, erection or mine on property belonging to the wife of the person at whose instance the work is done, upon the estate or interest of the wife in such property as well as upon that of her husband.

7. In all cases the owner shall in the absence of a stipulation to the contrary be entitled to retain for a period of thirty days after the completion of the contract ten per centum of the price to be paid to the contractor.

8. In case the lien is claimed by a sub-contractor the amount which may be claimed in respect thereof shall be limited to the amount payable to the contractor or sub-contractor (as the case may be) for whom the work has been done or the materials or machinery have been furnished or placed.

9. All payments up to ninety per centum of the price to be paid for the work, machinery or materials as defined by section 4 of this Ordinance, made in good faith by the owner to the contractor, or by the contractor to the sub-contractor, or by one sub-contractor to another sub-contractor, before notice in writing by the person claiming the lien has been given to such owner, contractor or sub-contractor (as the case may be) of the claim of such person, shall operate as a discharge *pro tanto* of the lien created by this Ordinance, but this section shall not apply to any payment made for the purpose of defeating or impairing a claim to a lien existing or arising under this Ordinance.

(2) A lien shall in addition to all other rights or remedies given by this Ordinance also operate as a charge to the extent of ten per centum of the price to be paid by the owner for the work, machinery or materials, as defined by section 4 of this Ordinance, up to ten days after the completion of the work or of the delivery of the materials in respect of which such lien exists and no longer, unless notice in writing be given as herein provided.

(3) A lien for wages for thirty days, or for a balance equal to the wages for thirty days, shall, to the extent of the said ten per cent of the price to be paid to the contractor, have priority to all other liens under this Ordinance and over any other claim by the owner against the contractor for, or in consequence of the failure of the latter to complete his contract.

10. Save as herein provided, the lien shall not attach so as to make the owner liable to a greater sum than the sum payable by the owner to the contractor.

11. All persons furnishing material to or doing labour for the person having a lien under this Ordinance in respect of the subject of such lien, who notify the owner of the premises sought to be affected thereby, within thirty days after such material is furnished or labour performed, of an unpaid account or demand against such lien holder for such material or labour, shall be entitled, subject to the provisions of section 6 and 9 of this Ordinance, to a charge therefor *pro rata* upon any amount payable by such owner under said lien; and if the owner thereupon pays the amount of such charge to the person furnishing material and doing labour as aforesaid such payment shall be deemed a satisfaction *pro tanto* of such lien.

12. In case of a dispute as to the validity or amount of an unpaid account or demand, of which notice is given to the owner under the next preceding section, the same shall be first determined by action in the Territorial Court in that behalf, or by arbitration in manner mentioned in section 14 of this Ordinance, at the option of the person having the unpaid account or demand against the lien holder; and pending the proceedings to determine the dispute, so much of the amount of the lien as is in question therein may be withheld from the person claiming the lien.

13. In case the person primarily liable to the person giving such notice as mentioned in section 11 of this Ordinance, fails to pay the amount awarded within ten days after the award is made or judgment given, the owner, contractor, or sub-contractor may pay the same out of any moneys due by him to the person primarily liable as aforesaid, on account of the work done or materials or machinery furnished or placed in respect of which the debt arose; and such payment, if made after an award or judgment, or if made without any arbitration or suit having been previously had or dispute existing, then, if the debt in fact existed, and to the extent thereof shall operate as a discharge *pro tanto* of the moneys so due as aforesaid to the person primarily liable.

14. In case a claim is made by a sub-contractor in respect of a lien on which he is entitled and a dispute arises as to the amount due or payable in respect thereof, the same shall be settled by arbitration.

(2) One arbitrator shall be appointed by the person making the claim, one by the person by whom he was employed, and the third arbitrator by the two so chosen.

(3) The decision of the arbitrators or a majority of them shall be final and conclusive.

(4) In case either of the parties interested in any such dispute refuses or neglects within three days after notice in writing requiring him to do so, to appoint an arbitrator, or if the arbitrators appointed fail to agree upon a third, the appointment may be made by a judge of the Territorial Court.

15. During the continuance of a lien no portion of the property or machinery affected thereby shall be removed to the prejudice of the lien; and any attempt at such removal may be restrained by application to the Territorial Court or a judge thereof.

#### Registration of Lien.

16. A claim of lien applicable to the case may be deposited in the land titles office of the Yukon land registration district and shall state:

(a) The name and residence of the claimant, and of the owner of the property to be charged and of the person for whom and upon whose credit the work is done or materials or machinery furnished and the time or period within which the same was or was to be done or furnished;

(b) The work done or material or machinery furnished;

(c) The sum claimed as due or to become due;

(d) The description of the property to be charged;

(e) The date of expiring of the period of credit agreed to by the lien holder for payment for his work, materials or machinery where credit has been given.

(2) Such claims shall be verified by the affidavit of the claimant or his agent.

17. A claim for wages may include the claims of any number of mechanics, labourers or other persons aforesaid who may choose to unite them, in such case each claimant shall verify his claim by his affidavit but need not repeat the facts set out in the claim and an affidavit substantially in accordance with form D in the Schedule to this Ordinance shall be sufficient.

18. The registrar upon payment of the proper fee shall enter and register the claim as an encumbrance against the land or the estate or interest in land therein described as provided in The Land Titles Act. The said claim of lien may be described as a mechanic's lien.

19. Where a claim is so deposited the person entitled to the lien shall be deemed as a purchaser *pro tanto*.

20. Where the lien is for wages under section 6 or 9 of this Ordinance the claims may be registered:

(a) At any time within thirty days after the last day's labour for which the wages are payable; or

(b) At any time within thirty days after the completion of the construction, alteration or repair of the building or erection or after the erection or placing of the machinery in or towards which, respectively, the labour was performed and the wages earned but so that the whole period shall not exceed sixty days from the last day's labour aforesaid.

(2) Such lien shall not be entitled to the benefit of the provisions of sections 6 and 9 of this Ordinance after the said respective periods unless the same is duly registered before the expiration of the said periods so limited.

(3) Such lien shall have the same priority for all purposes after as before registration.

21. In other cases the claim of lien may be deposited before or during the progress of the work or within thirty days from the completion thereof or from the supplying or placing the machinery.

#### Proceedings to Realize Lien.

22. Every lien which has not been duly deposited under the provisions of this Ordinance shall absolutely cease to exist on the expiration of the time hereinbefore limited for the registration thereof unless in the meantime proceedings are instituted to realize the claim under the provisions of this Ordinance and a certificate thereof (which may be granted by the court in which or judge before whom the proceedings are instituted) is duly filed in the land titles office of the Yukon land registration district.

23. Every lien which has been duly deposited under the provisions of this Ordinance shall absolutely cease to exist after the expiration of ninety days after the work has been completed or materials or machinery furnished or wages earned or the expiry of the period of credit where such period is mentioned in the claim of lien filed unless in the meantime proceedings are insti-

tuted to realize the claim under the provisions of this Ordinance and a certificate thereof (which may be granted by the court in which or judge before whom the proceedings are instituted) is duly registered in the land titles office of the Yukon land registration district.

24. If there is no credit or the date of expiry of the period of credit is not stated in the claim so filed the lien shall cease to exist upon the expiration of ninety days after the work has been completed or materials or machinery furnished unless in the meantime proceedings shall have been instituted pursuant to section 23 of this Ordinance.

25. In all cases the lien may be realized in the Territorial Court according to the ordinary procedure of that court.

26. Any number of lien-holders may join in one action and any action brought by a lien-holder shall be taken to be brought on behalf of all the lien-holders, of the same class who shall have registered their liens before or within thirty days after the commencement of the action or who shall within the said thirty days file in the proper office of the court from which the writ issued a statement of their respective claims intituled in or referring to the said action.

(2) In the event of the death of the plaintiff or his refusal or neglect to proceed, any other lien-holder of the same class who has registered his claim or filed his statement in the manner and within the time above limited for that purpose may be allowed to prosecute and continue the action on such terms as are considered just and reasonable by the court or judge.

(3) In case of a sale of the estate and interest charged with the lien, the court or judge may direct the sale to take place at any time after one month from the recovery of judgment, and it shall not be necessary to delay the sale for a longer period than is requisite to give reasonable notice thereof.

(4) The said court or judge may also direct the sale of any machinery and authorize its removal.

(5) When judgment is given in favour of a lien the court or judge may add to the judgment the costs of and incidental to registering the lien as well as the costs of the action.

(6) Where there are several liens under this Ordinance against the same property, each class of the lien-holders shall, subject to the provisions of sections 5, 9, and 11 of this Ordinance, rank *pari passu* for their several amounts against the said property and the proceeds of any sale shall, subject as aforesaid, be distributed amongst such lien-holders *pro rata* according to their several classes and rights and they shall respectively be entitled to execution for any balance due to them respectively after said distribution.

(7) Upon application the court or judge may receive security or payment into court in lieu of the amount of the claim and may thereupon vacate the registry of the lien.

(8) The court or judge may annul the said registry upon any other ground.

(9) In any of the cases mentioned in subsections (7) and (8) the court or judge may proceed to hear and determine the matter of the said lien and make such order as seems just and in case the person claiming to be entitled to such lien has wrongfully refused to sign a discharge thereof or without just cause claims a larger sum than is found by such court or judge to be due the court or judge may order and adjudge him to pay the costs to the other party.

#### Death of Lien-holder—Assignment of Lien.

27. In the event of the death of a lien-holder his right of lien shall pass to his personal representatives and the right of a lien-holder may be assigned by any instrument in writing.

#### Discharge of a Lien.

28. A lien may be discharged by a receipt signed by the claimant or his agent duly authorized in writing acknowledging payment and verified by affidavit and filed; such receipt shall be numbered and entered by the registrar like other instruments, but need not be copied in any book; the fees shall be the same as for registering a claim of lien.

29. When there is a contract for the prosecution of the work as hereinbefore mentioned the registration of all discharges of liens shall be at the cost of the contractor unless a court or judge otherwise orders.

#### Execution against Person Supplying Material.

30. Where any mechanic, artisan, machinist, builder, minor, contractor or any other person has furnished or procured materials for use in the construction, alteration or repair of any building, erection or mine at the request of and for some other person, such materials shall not be subject to execution or other process to enforce any debt (other than for the purchase thereof) due by the person furnishing or procuring such materials, and whether the same have or not been in whole or in part worked into or made part of such building or erection.

#### Liens on Chattels.

31. Every mechanic or other person who has bestowed money or skill and materials upon any chattel or thing in the alteration and improvement of its properties or for the purpose of imparting an additional value to it so as thereby to be entitled to a lien upon such chattel or

thing for the amount or value of the money or skill and materials bestowed, shall, while such lien exists but not afterwards in case the amount to which he is entitled remains unpaid for three months after the same ought to have been paid, have the right, in addition to all other remedies provided by law, to sell the chattel or thing in respect of which the lien exists on giving one month's notice by advertisement in a newspaper published in the locality in which the work was done, or in case there is no newspaper published in such locality or within ten miles of the place where the work was done, then by posting up not less than five notices in the most public places within the locality for one month, stating the name of the person indebted, the amount of the debt, a description of the chattel or thing to be sold, the time and place of sale, and the name of the auctioneer, and leaving a like notice in writing at the residence or last known place of residence, if any, of the owner, as the case may be, or by mailing the same to him by registered letter if his address is known.

(a) Such mechanic or other person shall apply the proceeds of the sale in payment of the amount due to him and the costs of advertising and sale and shall upon application pay over any surplus to the person entitled thereto.

#### Forms.

32. The forms in the Schedule hereto shall be deemed sufficient for the purposes specified in such Schedule.

(Forms omitted.)

### Miners' Liens.

Chapter 52 with amendment.—1. This Ordinance may be cited as The Miners' Lien Ordinance

2. In this Ordinance:

(1) The expression "owner" extends to and includes a person having any estate or interest in the mine upon or in respect to which the work is done or wood placed or furnished, at whose request and upon whose credit or on whose behalf or consent, or for whose direct benefit any such work is done or wood placed, and all persons claiming under him whose rights are acquired after the work is respect to which a lien is claimed, is commenced or the wood furnished has been commenced to be furnished.

(2) The expression "layman" means any person other than the owner who is working said mine or a part thereof for an interest or share of the minerals or ore produced therefrom.

(3) The word "registering" or "registration" means the filing or depositing of an instrument with the Mining Inspector, or Gold Commissioner.

(4) The word "miner" means any person working upon a mining claim or in connection therewith, including cooks. 1917, c. 8, s. 1.

#### Lien for Work or Wood.

3. Any person who performs any work or service upon or in respect to, or furnishes any wood to be used in, the mining or working of any placer or quartz mining claim, or lands held under hydraulic mining lease, dredging lease or otherwise for mining, shall, by virtue thereof, have a lien for the price of such work or service or wood, upon said placer or quartz mining claim, land held under hydraulic mining lease, dredging lease or otherwise for mining, and all appurtenances thereto, upon or in respect to which such work or service is performed, as well as upon the dredges, drills, steam shovels, elevators, wood and all machinery and chattels, upon or used on such mining claim or lands held as aforesaid for mining, limited, however, in amount to the sum justly due to the person entitled to the lien.

(2) Such lien, upon registration as in this Ordinance provided, shall attach and take effect upon the date of the registration as against subsequent purchases, mortgages or other encumbrances, whose mortgages or encumbrances are registered subsequent to the performance of such work or the furnishing of such wood. 1917, c. 8, s. 2.

4. The lien shall attach upon the estate or interest of the owner and all persons having any interest in the mining claim, lands held under hydraulic lease, dredging lease or otherwise for mining, and all appurtenances thereto, the minerals or ores produced therefrom, the land occupied thereby or enjoyed therewith, and the dredges, steam shovels, wood, machinery and chattels upon or used on such or in connection with such mining claim or land held as aforesaid. 1917, c. 8, s. 2.

5. Any lien registered under the provisions of this Ordinance shall, as to an undivided one-half interest in said mining claim, land held under hydraulic mining lease, dredging lease or otherwise for mining, the appurtenances thereto, the lands occupied thereby, or enjoyed therewith, and the dredges, steam shovels, wood, machinery and chattels upon or used on such mining claim or land held as aforesaid, and as to one-half of the output from said mining claim, take priority over all the mortgages and encumbrances against the same: Provided that a lien registered under this Ordinance shall not have priority over mortgages or encumbrances registered prior to the passing thereof. 1917, c. 8, s. 2.

#### Registration of Lien.

6. A claim of lien may be deposited in the office of the Mining Recorder for the district in which the mining claim, land held as aforesaid, or mine is situated and in the office of the Gold Commissioner or Assistant Gold Commissioner, and shall state:

(a) The name and residence of the claimant and of the owner of the property to be charged, and of the person for whom and upon whose credit the work was done or wood furnished, and the time or period within which the same was or was to be done or furnished;

(b) The work done or wood furnished;

(c) The sum claimed as due or to become due;

(d) The description of the property to be charged; and

(e) The date of the expiring of the period of credit agreed to by the claimant for payment for the work or wood.

(2) Such sums shall be verified by the affidavit of the claimant or his agent having a personal knowledge of the facts sworn to. 1917, c. 8, s. 2.

7. A claim may include the claims of any number of miners, labourers, or other persons aforesaid who may choose to unite them in such case; each claimant shall verify his claim by his affidavit but need not repeat the facts set out in the claim.

8. The claim may be registered at any time within sixty days after the last day's labour for which the wages are payable, or on which wood was furnished, or within sixty days after the time fixed for payment, or if the labour is performed or wood furnished between the first day of November in any year and the thirtieth day of April in the following year, at any time within sixty days after the said thirtieth day of April. 1917, c. 8, s. 2.

9. The mining recorder in whose office the lien is deposited shall forthwith forward to the Gold Commissioner a copy of such lien certified by him to be a true copy and the Gold Commissioner shall enter a memorandum thereof against the claim described in said lien.

10. Every lien which has not been duly deposited under the provisions of this Ordinance shall absolutely cease to exist on the expiration of the time hereinbefore limited for the registration thereof.

#### Proceedings to Realize Lien

11. Every lien which has been duly deposited under the provisions of this Ordinance shall absolutely cease to exist after the expiration of sixty days after the registration of such lien unless in the meantime proceedings are instituted to realize the claim under the provisions of this Ordinance and a certificate thereof (which may be granted by the court in which, or judge before whom, the proceedings are instituted) is duly filed in the office of the Gold Commissioner.

12. Liens may be enforced by writ or originating summons, in which shall be set forth the grounds upon which such lien is claimed. Such summons shall be granted upon affidavit of the facts set forth therein, and the court or judge may, either *ex parte* or after notice, appoint a receiver for such time and upon such terms as are just and proper, upon proof to his satisfaction that the lien-holder is in danger of losing his claim unless such receiver is appointed. 1917, c. 8, s. 2.

13. Upon such summons being granted the court or judge may after notice given to the various parties interested, including the workmen on such claim, summarily determine and fix the liability of such owner or layman for wages due to the claimant and other workmen who have filed claims and also his liability to any other person who has filed a lien for wood supplied.

14. Any number of lien-holders may join in one action and any action brought by a lien-holder shall be taken to be brought on behalf of all the lien-holders who shall have registered their liens before or within thirty days after the commencement of the action, or who shall within the said thirty days file in the proper office of the court from which the summons issued a statement of their respective claims intitled in or referring to the said action.

(2) In the event of the death of the plaintiff or his refusal or neglect to proceed, any other lien-holder who has registered his claim or filed his statement in the manner and within the time above limited for that purpose, may be allowed to prosecute and continue the action on such terms as are considered just and reasonable by the court or judge.

(3) If the minerals or ore produced from said mining claim or land held as aforesaid are not sufficient to satisfy the liens registered against it the court or judge may direct a sale of the estate and interest charged with the lien to take place any time after one month from the recovery of judgement, and it shall not be necessary to delay the sale for a longer period thereafter, than is requisite to give reasonable notice thereof.

(4) The court or judge may also direct the sale of any wood, machinery and chattels charged with the lien.

(5) When judgment is given in favour of a lien holder the court or judge may add to the judgment the costs of and incidental to registering the lien as well as the costs of the action.

(6) Upon application the court or judge may receive security or payment into court in lieu of the amount of the claim, and may thereupon vacate the registration of the lien.

(7) The court or judge may annul the said registration upon any other ground.

(8) In any case the court or judge may proceed to hear and determine the matter of the lien and make such order as is just, and in case the person claiming the lien has wrongfully refused to give a discharge thereof, or has no just cause for his claim, or claims a larger sum than is found by the court or judge to be due, the court or judge may order and adjudge him to pay the costs of the other party. 1917, c. 8, s. 2.

#### Death of Lien-holder.

15. In the event of the death of a lien-holder his right of lien shall pass to his personal representatives and the right of a lien-holder may be assigned by any instrument in writing.

## Discharge of Lien.

16. A lien may be discharged by a receipt signed by the claimant or his agent and verified by affidavit and filed; such receipt shall be numbered and entered like other instruments, but need not be copied in any book.

## Fees.

17. The fee for registering any instrument under this Ordinance shall be \$2.

## Encumbered Mines.

18. Every owner or layman, or if such owner or layman is an incorporated company, or is absent from the territory, the manager or agent of such owner or layman, who hires or contracts with any person to perform any work or service upon or in respect to, or to furnish any wood to be used in the working of any mining claim, or land held as aforesaid, against which any mortgage or encumbrance was registered prior to the passing of this Ordinance, shall, immediately upon such hiring or contract, give notice in writing to every person holding any such mortgage or encumbrance of the fact of such hiring or contract. Such notice may be in Form A in the Schedule to this Ordinance. 1917, c. 8, s. 2.

19. Any person failing to give such notice who fails to pay any such person hired by him as in the next preceding section mentioned the full amount of wages due such person, shall be liable to a penalty not exceeding two hundred and fifty dollars, and in default of payment of such penalty and the wages due such person, to imprisonment for a term not exceeding three months, unless he sooner pay such penalty and all wages due such person unpaid in respect of such claim.

20. In every case where such notice has been given, the claim of every person so hired for wages due in respect of such hiring shall be a first lien on one-half of the output of such mine unless the encumbrancee has, by notice in writing posted conspicuously on such mine or given personally to every person so hired, forbidden every such person to perform work or service upon or in respect to or to place or furnish wood to be used in the working of such mine.

21. After a lien has been registered by any person so hired, or who has furnished wood, as aforesaid for money due him in respect of such hiring or for such wood, against any placer mining claim, or land held as aforesaid, it shall not be lawful for the owner or layman to remove any gold from such mining claim, or land held as aforesaid, if a lien-holder who has registered his lien gives to such owner or layman a written notice in Form B in the Schedule to this Ordinance. After such notice is given any person interested in such mining claim or land held as aforesaid, either on account of wages or for wood, or as owner, layman, mortgagee or encumbrancer, may notify the mining inspector residing nearest to such mining claim, or land held as aforesaid, that a lien has been registered against such mining claim, or land held as aforesaid, and that a lien-holder has forbidden the removal of any gold therefrom, and upon receipt of such notice the mining inspector shall forthwith by himself or his agent take possession of every dump and sluice box upon, and all gold dust produced from, such mining claim, or land held as aforesaid, and make provision for obtaining the gold therefrom at the expense of the owner or layman, and in the event of there being a prior mortgage or encumbrance against said mining claim, or land held as aforesaid, shall pay or apportion *pro rata*, not exceeding one-half of such gold and gold dust, to and among all persons to whom amounts are due for wages or for wood furnished in connection with said mining claim, or land held as aforesaid, and the balance to the owner of the mine or the mortgage or encumbrance. If there is no prior encumbrance on said mining claim, or land held as aforesaid, the full amount of such gold and gold dust and so much thereof as may be required for the purpose shall be applied and so apportioned in payment of the amounts due to such persons for wages or for wood, and any balance shall be paid to the owner of the mining claim, or land held as aforesaid.

(2) If there is any dispute as to the amount due for wages or wood, the said mining inspector shall deposit with the Clerk of the Territorial Court the gold dust produced from the mining claim to abide the decision of a judge upon any action to enforce the lien. 1917, c. 8; s. 2.

22. At every clean-up on any placer mining claim, or land held as aforesaid, the men hired or who have furnished wood, shall be entitled to have a representative present, as well as at the weighing of the gold dust obtained thereby, and it shall be the duty of the owner or layman to give to such representative, if required, a statement in writing of the quantity of gold obtained from time to time from such mining claim or land held as aforesaid. 1917, c. 8, s. 2.

23. Any owner or layman who violates any of the provisions of the next preceding section and fails to pay to every such person so hired the amount due to such person in respect of such hiring, shall be liable to a penalty not exceeding \$250 and in default of payment of such penalty and the wages due by him, to imprisonment for a term not exceeding three months, unless he sooner pay such penalty and the amount due and unpaid in respect to such wages.

## Forms

24. The forms prescribed in the Mechanics' Lien Ordinance may be used in all proceedings under the Miners' Lien Ordinance.

25. A substantial compliance with sections 6 and 7 of this Ordinance, shall only be required and no lien shall be invalidated by reason of failure to comply with any of the requisites of the said sections, unless in the opinion of the court or judge, having power to try an action, under this Ordinance, the owner, layman, or mortgagee, or other person, as the case may be, is prejudiced thereby, and then only to the extent to which he is thereby prejudiced. 1917, c. 8, s. 2. (Forms omitted).

### Woodmen's Liens.

Chapter 53.—I. This Ordinance may be cited as the Woodman's Lien Ordinance.

2. Where the words following occur in this Ordinance, they shall be construed in the manner hereinafter mentioned unless a contrary intention appears:

(1) The words "logs" or "timber" shall mean and include logs, timber, piles, posts, telegraph and telephone poles, ties, mining props, shingle bolts, staves, fire wood or any of them;

(2) The words "labour," "service," or "services" shall mean and include cutting, skidding, felling, hauling, scaling, banking, piling, driving, running, rafting, or booming any logs or timber, and any work done by cooks, blacksmiths, artisans, and others usually employed in connection therewith;

(3) The word "person" in section 3 of this Ordinance shall be interpreted to include cooks, blacksmiths, artisans and all others usually employed in connection with such labour and services.

3 Any person performing any labour, service or services in connection with any logs or timber in the Yukon Territory shall have a lien thereon for the amount due for such labour, service or services, and the same shall be deemed a first lien or charge on such logs or timber, and shall have precedence of all other claims or liens thereon, except any lien or claim which the Crown may have upon such logs or timber for or in respect of any dues or charges, or which any timber slide company, or owner of slides and booms, may have thereon for or in respect of tolls.

4. The lien provided for in section 3 shall not attach or remain a charge on the logs or timber unless and until a statement thereof in writing, verified upon oath by the person claiming such lien or some one authorized on his behalf, shall be filed in the office of the clerk of the Territorial Court of the Yukon Territory.

5. Such statement shall set out briefly the nature of the debt, demand or claim, the amount due to the claimant, as near as may be, over and above all legal claims by way of set-offs or counter claims, and a description of the logs or timber upon or against which the lien is claimed, and shall be set in the form set out in the Schedule to this Ordinance or to the like effect.

6. Such statement shall be filed thirty days after the last day such labour or services were performed; provided that no sale or transfer of the logs or timber upon which a lien is claimed under this Ordinance during the time limited for the filing of such statement of claim, and previous to the filing thereof, or after filing thereof and during the time limited for the enforcement thereof, shall in anywise affect such lien, but such lien shall remain and be in force against such logs or timber in whosoever possession the same shall be found, except sawn timber sold in the ordinary course of business.

7. Any person or persons having a lien upon or against any logs or timber may enforce the same by suit in the Territorial Court of the Yukon Territory; and such lien claim shall cease to be a lien upon the property named in such statement unless the proceedings to enforce the same be commenced within thirty days after the filing of the statement of claim or after the expiry of the period of credit. In all such suits the person, company or corporation liable for the payment of such debt or claim shall be made the party defendant.

(2) There shall be attached to or endorsed upon such writ of summons a copy of the statement of claim filed as hereinbefore provided; and no other statement of claim shall be necessary unless ordered by the court or judge, and no pleadings or notice of dispute or defence, other than such as are required in a suit or proceeding in the said court, shall be necessary. In case no defence is filed, judgment may be signed and execution issued, according to the practice of the said court.

8. The court or judge may order any particulars to be given or any proper or necessary amendments to be made, or may add or strike out the names of parties at any time, and may set aside judgment and permit a defence to be entered or filed, on such terms as to the court or judge shall appear proper. The writ shall be in the form as near as may be of that in use in the Territorial Court of the Yukon Territory, and the practice thereafter shall follow as nearly as may be that of the said court. Writs may be served anywhere in the Territory in the same manner as in other cases, and the judgment shall declare that the same is for wages, the amount thereof and costs, and that the plaintiff has a lien therefor on the property described when such is the case.

9. Where an execution has been issued and has been placed in the sheriff's hands for execution, and no attachment has been issued, the proceedings for the enforcement of the lien shall be by sale under the execution; and the proceedings relating to proof of other claims, and the payment of money into court and the distribution of the moneys and otherwise, shall, as far as practicable, be the same as hereinafter provided for the proceedings upon and subsequent to an attachment.

10. Where an attachment issues in the first instance, the statement of claim and defence, and proceedings to judgment, may be the same, as hereinbefore provided; where a suit has been

begun by writ of summons, and where an attachment issues after proceedings have been begun by writ of summons, the proceedings shall continue and be carried to judgment under the writ of summons, except such as are necessary to be taken under the attachment.

11. The form of writ of attachment shall be as nearly as may be the same as is in use in the Territorial Court of the Yukon Territory. The judge of the Territorial Court of the Yukon Territory may prepare and adopt rules and forms not inconsistent with the provisions of this Ordinance for the more convenient carrying out in the said court the provisions of this Ordinance.

12. The judge may direct that any case shall be disposed of summarily by him in chambers without waiting for regular sittings of the court, upon such terms as to notice and otherwise as the order shall provide, and the same may be so heard and disposed of.

(2) The judge may also entertain in chambers any application to set aside a writ of summons or of an attachment or seizure, or to release logs or timber that have been seized, and may summarily dispose of the same.

13. Upon the production and filing of a copy of such claim and affidavit, and upon the filing of an affidavit made and sworn by the claimant of the amount of the claim due and owing, and showing that the same has been filed as aforesaid, and stating that:—

(a) he has good reason to believe, and does believe, that the logs or timber are about being removed out of the Yukon Territory; or

(b) that the person indebted for the amount of such lien has absconded or is about to abscond from the said Territory with intent to defraud or defeat his creditors; or

(c) that the logs or timber are about being cut into lumber or timber or otherwise dealt with so that the same cannot be identified;

(d) and that he is in danger of losing his claim if an attachment do not issue, and if affidavits corroborating the affidavit of the plaintiff in respect of paragraphs (a), (b), or (c) be also filed, then the clerk of the Territorial Court of the Yukon Territory shall issue a writ of attachment directed to the sheriff of the Yukon Territory, commanding him to attach, seize and take and safely keep the said logs or timber, or such portion of them as may be necessary to satisfy the amount claimed, and the costs of the suit, and of proceedings to enforce the lien.

(2) Where additional claims are made, or the amount of claim is increased, or a sufficient seizure has not been made, a second or subsequent seizure may be made either under execution or attachment.

14. The plaintiff may, at any time within six months from the date of the original writ of attachment, issue from the office whence the original writ issued, one or more concurrent writ or writs of attachment, to bear test on the same day as the original writ, and to be marked by the officer issuing the same with the word "concurrent" in the margin, which concurrent writ or writs of attachment shall be directed to the sheriff of the Yukon Territory, and need not be sued out in duplicate, or be served on the defendant, but shall operate merely for the attachment of the said logs or timber in aid of the original writ.

15. The writ of attachment shall, if no writ or summons has issued, summon the defendant to appear before the court out of which the writ of attachment has issued, and a copy of the writ of attachment shall be served upon the defendant, and if the defendant in such attachment is not the owner of the logs or timber described in the writ, then a copy of the writ shall also be served upon the owner of the said logs or timber or upon the person or agent in whose possession, custody or control they may be found, for him;

(2) In case the defendant or owner cannot be found within the Territory, or the owner cannot be ascertained, and no agent or person is in possession for the owner, the writ may be served in such manner as the judge shall by order direct, but when the writ is served upon an agent or other person in possession as aforesaid, the order of the judge allowing the said service shall be necessary.

(3) Where the service has not been personal upon either the defendant or owner, and where a proper defence has not been made, the judge may, in his discretion, admit them or either of them to make full defence, and may make such order in the premises as may be reasonable and just to all parties.

16. No sheriff or his agent shall seize or detain any logs or timber under the provisions of this Ordinance when in transit from the place where cut to the place of destination when such place of destination is within the Yukon Territory, but in case such logs or timber are so in transit or are in the possession of any booming company or other corporation or person, for the purpose of being driven or sorted or delivered to the owners, or to satisfy any statutory lien, then attachment of said logs or timber may be made by serving a copy of said attachment upon the person or corporation driving or holding the same, who shall from the time of such service, be deemed to hold the same, both on their own behalf and for the said sheriff to the extent of the lien, until the logs or timber can be driven and sorted out; and when driven or sorted out, the sheriff may receive the said logs or timber from such person or corporation, and the statutory lien of such person or corporation shall not be released by the holding of such sheriff or his agents.

17. In case of an attachment, if the owner of said logs or timber, or any person in his behalf, shall execute and file with the clerk of the court out of which the attachment has issued, a good and sufficient bond to the person claiming the lien, executed by two sureties and approved by the said clerk, and conditioned for the payment of all claims, damages, costs, charges, disbursements and expenses that may be recovered by the claimant in such proceedings, together with

the amount for which a lien is claimed in any other suit, by the same or other party, if any, the clerk shall issue an order to the sheriff having in charge the logs or timber, directing their release, and upon service of such order upon the sheriff, he shall release the same.

18. Any person who shall have been served with a copy of the writ of attachment under the preceding sections and who may desire to dispute the same, shall within fourteen days after such service, file in the court in which proceedings are pending, a notice that he or they dispute the claim upon the lien in whole or part.

19. If no notice of dispute be filed under the preceding section, judgment may be entered as in the case of default, and the practice or procedure shall be the same as in a suit begun by writ of summons.

20. The defendant may at any time after service of the writ of summons or attachment, and before the sale of the logs or timber, pay into court the amount for which a lien is claimed in the suit, together with the amount for which a lien is claimed in any other suit if any, together with costs of the proceedings thereon to the date of such payment, taxed by the clerk of the court if so required, and the person making such payment shall thereupon be entitled to a certificate vacating the said lien, and upon said certificate being filed with the clerk of the court in which the original statement of claim was filed, the said lien shall be vacated and all further proceedings thereon shall cease, and the person making such payment shall further be entitled to an order directing the delivery up of the logs or timber seized under the attachment and the cancellation of any bond given under section 17 of this Ordinance.

21. After the expiration of the time hereinbefore named within which notice of dispute may be filed, the judge may, upon application of the claimant, issue an appointment naming a day upon which all persons claiming a lien on the logs or timber shall appear before the judge in person or by their solicitor, or agent, for the adjustment of their claims and the settlement of accounts, and the said appointment shall be served upon the defendant and upon the owner, if the judge so directs, and shall also, if the judge so directs, be published once a week for two weeks, before the day named in said appointment, in a newspaper published in the Yukon Territory.

(2) Provided further, that a copy of such appointment shall be mailed by registered letter to every holder of a claim known to the plaintiff as such holder at least two weeks before the day named in the appointment, directed to the post office address of such claimant where the same is known, and if not known, then to his last known address.

22. Upon the day named in said appointment and advertisement, the persons served with a copy thereof, and all other persons claiming a lien on said logs or timber, who have prior to the said date filed with the clerk of the proper court a notice claiming such lien on said logs or timber and stating the nature and amount of such claim, shall attend before the judge named in the appointment and advertisement.

(2) Where claims are brought pursuant to notice they may be established *prima facie* by affidavit, but any party interested shall be at liberty to cross-examine the deponents, and the judge may require that the claim be established in open court as in other cases.

23. The judge shall hear all parties and take all accounts necessary to determine the amounts, if any, due to them or any of them, or to any other holders of liens who may be called by the judge to prove their lien, and shall tax to them their costs, and determine by whom the same shall be payable, and settle their priorities and generally determine all such matters as may be necessary for the adjustment of the rights of the several parties.

24. At the conclusion of the inquiry the judge may allow time not exceeding ten days for the payment into the court in which proceedings are pending of the amounts, if any so found due, and the costs, and shall direct that in default of such payment, the logs or timber shall be sold by the sheriff for the satisfaction of the amounts found due to the several parties upon the inquiry and costs.

25. In default of payment into court under the next preceding section within the time named in the order therefor, the said logs or timber shall, within twenty days thereafter, be sold by the sheriff holding the same, in the same manner and subject to the same provisions of law as goods seized or taken in execution, unless the judge shall direct that additional publicity shall be given to the sale, and the amount realized by such sale shall after deducting the expenses thereof payable to the sheriff be paid into the court in which the proceedings are pending, and shall upon the application of the several parties found to be entitled thereto under the order of the judge, be paid forthwith out to them by the clerk of the said court.

(2) Provided, where the amount realized upon the sale is not sufficient to pay the claims in full and costs, the judge shall apportion the amount realized *pro rata* among the different claimants.

26. If, after such sale and the distribution of the proceeds thereof under the next preceding section, any balance shall remain due to any person under the said order of the judge, the clerk of the court shall, upon application of such person, give to him a certificate that such amount remains due, which certificate may be entered as a judgment in any court having jurisdiction against the person or persons by whom the claim was directed to be paid, and execution may be issued thereupon as in the case of other judgments in said court.

27. Where nothing shall be found due upon the several claims filed in any proceedings under this Ordinance, or upon the lien or liens with respect to which proceedings have been taken, the judge may direct that the lien or liens be discharged and the logs or timber released, or security given therefor delivered up and cancelled, and shall also by such order direct payment forthwith of any costs which may be found due to the defendant or the owner of the said logs or timber.

28. The costs to be taxed to any party shall, as far as possible, be according to the tariff of costs in force as to other proceedings in the Territorial Court of the Yukon Territory.

29. Where more money shall be paid into the court as the proceeds of the sale of logs or timber than shall be required to satisfy the liens which shall be proved and interest and costs, the judge may order the payment out of court of any remaining moneys to the party entitled to the same.

30. Any person affected by proceedings taken under this Ordinance may apply to the judge to dismiss the same for want of due prosecution, and the judge may make such order upon the application as to costs or otherwise as may be just.

(2) The judge may at any stage of any proceedings, on the application of any party, or as he may see fit, order that any person who may be deemed a necessary party to any such proceedings be added as a party thereto or be served with any process or notice provided for by this Ordinance, and the judge may make such order as to the costs of adding such person or corporation or as to such service as may be just.

31. Nothing in this Ordinance contained shall be deemed to disentitle any person to any other remedy than that afforded by this Ordinance for the recovery of any amount due in respect of labour or services performed upon or in connection with any logs or timber, and where a suit is brought to enforce a lien, but no lien shall be found due, judgment may be directed for the amount found due as in an ordinary case.

32. Any number of lien-holders may join in taking proceedings under this Ordinance, or may assign their claims to any one or more persons, but the statement of claim to be filed under this Ordinance shall include particular statements of the several claims of persons so joining, and shall be verified by the affidavits of such persons so joining, or separate statements of claim may be filed and verified as by this Ordinance provided, and on writ of attachment issued on behalf of all persons so joining.

33. If more than one suit be commenced under the provisions of this Ordinance in respect of the same logs, the defendants, or any of them, may apply to have the suits consolidated, and failing to do so, he or they shall pay the costs of such additional suit or suits as may be decided against them.

34. The procedure regulating the practice in actions brought in the Territorial Court of the Yukon Territory shall, so far as is not inconsistent with this Ordinance, regulate proceedings under this Ordinance.

35. Affidavits and affirmations under this Ordinance may be sworn before any judge, police magistrate, stipendiary magistrate, notary public, or justice of the peace, or before any commissioner authorized to take affidavits to be read in the Territorial Court.

(Schedule omitted.)

### Employment of Labour—General Provisions.

Chapter 62.—1. Every contract or hire of personal service shall be subject to the provisions of this Ordinance and if such contract is for any period more than one year it shall be in writing and signed by the contracting parties.

2. Any person engaged, bound or hired whether as clerk, journeyman, apprentice, servant, labourer or otherwise howsoever, guilty of drunkenness or of absenting himself by day or night without leave from his proper service or employment or of refusing or neglecting to perform his just duties or to obey the lawful commands of his master or of dissipating his employer's property or effects shall be deemed guilty of a violation of his contract and upon summary conviction of one or more of the said violations, forfeit and pay such sum of money not exceeding \$30 as to the justice seems meet, together with costs of prosecution and in default of payment thereof forthwith shall be imprisoned for any period not exceeding one month.

3. Any justice, upon oath of an employee, servant or labourer complaining against his or her master or employer concerning any non-payment of wages (not exceeding six months wages, the same having been first demanded) ill-usage or improper dismissal by such master or employer, may summon the master or employer to appear before him at a reasonable time to be stated in the summons and the justice shall upon proof of oath of the personal service of the summons examine into the matter of the complaint, whether the master or employer appears or not, and upon due proof of the cause of the complaint the justice may discharge the servant or labourer from the service or employment of the master and direct the payment to him or her of any wages found to be due (not exceeding six months wages as aforesaid) and the justice shall make such order for payment of the said wages as to him seems just and reasonable with costs.

4. Proceedings may be taken under this Ordinance within three months after the engagement or employment has ceased or within three months after the last instalment of wages under the agreement of hiring has become due, whichever shall last happen.

5. The provisions of this Ordinance shall be held to apply in the Territory to contracts and agreements made at any place outside the same.

6. Nothing in this Ordinance shall in any wise curtail, abridge or defeat any civil or other remedy for the recovery of wages or damages which employers or masters may have against servants or employees or which servants or employees may have against their masters or employers.

7. Notwithstanding any provisions to the contrary of any law or Ordinance in force in this Territory, whenever any proceedings are taken before one or more justices of the peace under

section 4 of this Ordinance, no warrant for the imprisonment of any master or employer for non-payment of wages shall be issued, unless it is established before the justice or justices, trying the case, that said master or employer has committed some act of fraud tending to deprive his creditors generally, or the complainant in particular, of his recourse against him, or that he is about to leave the Yukon Territory with the same intent.

### Inspection and Regulation of Mines.

Chapter 65.—1. This Ordinance may be cited as The Miners' Protection Ordinance.

#### Application.

2. This Ordinance shall apply to every mine of whatever description within the Yukon Territory.

#### Interpretation.

3. In this Ordinance and in any special rules made under the provisions of this Ordinance, unless the context otherwise requires:—

(1) "Mine" includes every shaft in the course of being sunk, and every level and inclined plane in the course of being driven for commencing or opening any such mine, or for searching for or proving minerals, and all the shafts, levels, planes, works, machinery, tramways, railways and sidings both below and above ground, in and adjacent to a mine, and any such shaft, level, and inclined plane of and belonging to the mine;

(2) "Shaft" includes pit and slope;

(3) "Inclined plane" includes slope;

(4) "Plan" includes a map and section or sections, and a correct copy or tracing of any original plan as so defined;

(5) "Owner" in relation to any mine means any person or body corporate who is the immediate proprietor, or lessee, or occupier of any mine, or of any part thereof, and does not include a person or body corporate who merely receives a royalty or rent from a mine, or is merely the proprietor of a mine subject to any lease, grant or license for the working thereof, or is merely the owner of the soil, and not interested in the minerals of the mine, but any contractor for the working of any mine or any part thereof shall be subject to this Ordinance in like manner as if he was the owner, but so as not to exempt the owner from any liability;

(6) "Agent" in relation to any mine means any person having on behalf of the owner, care or direction of any mine or any part thereof.

#### Officers.

4. The Commissioner may from time to time appoint suitable, competent, practical persons to act as inspectors under this Ordinance and may define the limits of the district within which each such inspector may perform his duties and exercise his powers.

#### Duties of Inspector.

5. It shall be the duty of every inspector:—

(1) To visit and inspect from time to time every mine within the district for which he is inspector.

(2) To ascertain that the provisions of this Ordinance and of any special rules made thereunder are complied with and that the mines are worked with due regard to the safety and protection of the persons employed therein.

(3) To investigate every case where

(a) Loss of life or any personal injury to any person employed in or about any mine in such district occurs by reason of any explosion of gas, powder or other explosive or of any steam boiler; or

(b) Loss of life or any serious personal injury to any person employed in or about any such mine occurs by reason of any accident whatever.

(4) To report to the Commissioner all information in regard to any such case and to notify the public administrator of every case of loss of life with all particulars in regard thereto.

#### Inspection.

6. The inspector shall have power to do all or any of the following things, namely:—

(1) To make such examination and enquiry as is necessary to ascertain whether the provisions of this Ordinance relating to matters above ground or below ground are complied with in the case of any mine;

(2) To enter, inspect and examine any mine and every part thereof at all reasonable times by day and night, but so as not to impede or obstruct the working of the mine;

(3) To examine into and make inquiry respecting the state and condition of any mine or any part thereof, and the ventilation of the mine, and the sufficiency of any special rules for the time being in force in the mine and all matters and things connected with or relating to the safety of the persons employed in or about the mine or any mine contiguous thereto;

(4) To exercise such powers as are necessary for carrying this Ordinance into effect.

(5) Every person who wilfully obstructs the inspector in the execution of his duty under this Ordinance, and every owner, agent and manager of a mine who refuses or neglects to furnish to the inspector the means necessary for making an entry, inspection, examination or inquiry under this Ordinance in relation to such mine, shall be guilty of an offence against this Ordinance.

7. If in any respect (which is not provided against by any excess provision of this Ordinance, or by any special rule) the inspector finds any mine, or any part thereof, or any matter, thing or practice in or connected with any mine, to be dangerous or defective, so as in his opinion to threaten or tend to the bodily injury of any person, the inspector may give notice in writing thereof to the owner, agent or manager of the mine, and shall state in such notice the particulars in which he considers such mine or any part thereof, or any matter, thing or practice, to be dangerous or defective, and require the same to be remedied; and unless the same is forthwith remedied the inspector shall report the same to the Commissioner.

(2) If the owner, agent or manager fails to comply with the requisition of the notice within ten days from the date of such notice he shall be guilty of an offence against this Ordinance.

(3) The Commissioner, if satisfied that the owner, agent or manager has taken active measures for complying with the notice but has not with reasonable diligence been able to complete the works, may adjourn any proceedings taken before him for punishing the offence, and if the works are completed within a reasonable time no penalty shall be inflicted.

(4) No person shall be precluded by any agreement from doing such acts as are necessary to comply with the provisions of this section, or be liable under any contract to any penalty or for forfeiture for doing such acts.

8. Where it appears to the Commissioner that a formal investigation of any accident in any mine or of any matter connected with the working of any mine is expedient, the Commissioner may direct the inspector to hold such investigation, and with respect to any such investigation the following provisions shall have effect:

(1) The inspector shall make such investigation in such manner and under such conditions as he thinks most effectual for the making of a full investigation.

(2) The inspector for the purposes of the investigation shall have all the powers of a commissioner appointed under chapter 45 of the Consolidated Ordinances of the Yukon Territory, and all the powers conferred upon the inspector by this Ordinance and as part thereof in addition thereto the following powers, viz.:—

(a) Power to enter and inspect any mine, building or place, the entry or inspection of which appears to the inspector expedient;

(b) Power by summons signed by the inspector to require the attendance of any person and to require of such person such answers or returns to inquiries as the inspector thinks fit;

(c) Power to require the production of any book, paper or document which the inspector thinks important upon such investigation;

(d) Power to administer an oath.

(3) Any person attending before the inspector in obedience to any such summons shall be allowed the fee paid to a witness attending a trial in the Territorial Court.

(4) Any person who without reasonable excuse either fails to comply with any summons requiring him to attend before the inspector upon any such investigation or refuses to produce any document which he is required by the inspector to produce, or prevents or impedes the inspector when engaged in such investigation, shall for each offence be liable to a penalty not exceeding four hundred dollars or to imprisonment for a term not exceeding thirty days, and in addition thereto, may be proceeded against in the Territorial Court as for contempt of such court.

(5) The inspector shall make a report of such investigation which the Commissioner shall cause to be made public at such time and in such manner as he thinks fit.

(6) Any expense incurred in and about any such investigation shall be paid out of the General Revenue Fund.

#### Coroners' Inquests.

9. With respect to coroners' inquests on the bodies of persons whose death may have been caused by explosions or accidents in mines, the following provisions shall have effect:

(1) When a coroner holds an inquest on the body of any person whose death may have been caused by an explosion or accident, of which notice is required by this Ordinance to be given to the Commissioner or inspector, the coroner, whenever practicable shall immediately notify the inspector for the district of his intention to hold such inquest and in the absence, non-arrival or non-attendance of the inspector, the coroner shall adjourn such inquest whenever practicable to enable the inspector or some other properly qualified person appointed by the Commissioner to be present to watch the proceedings.

(2) The coroner at least four days before holding the adjourned inquest shall send to the Commissioner or to the inspector for the district notice in writing of the time and place of holding such adjourned inquest.

(3) The coroner before the adjournment may take evidence to identify the body and may order the interment thereof.

(4) The inspector or such other person so appointed, and a person appointed by the workmen of the mine at which the explosion or accident occurred shall be at liberty at any such inquest to examine any witnesses subject nevertheless, to order of the coroner.

(5) Where evidence is given at an inquest at which the inspector or such other person so appointed is not present, of any neglect as having caused or contributed to the explosion or accident, or of any defect in or about the mine appearing to the coroner or jury, to require a remedy, the coroner shall send to the inspector notice in writing of such neglect or defect.

(6) Any person having a personal interest in, or employed in, or in the management of the mine in which the explosion or accident occurred, or any relative of the deceased person upon whose body the inquest is to be held, shall not be qualified to serve on the jury empanelled on the inquest, or to act as coroner therein, and it shall be the duty of the constable or other officer not to summon any person disqualified under the provision, and it shall be the duty of the coroner not to allow any such person to be sworn or to sit on the jury.

(7) If, in the opinion of the inspector, it will lead to a more thorough investigation, and will be more conducive to the ends of justice, he may require the constable or other officer to summon as jurymen not more than three working men employed at any other mine than that at which the explosion or accident occurred, who shall form part of the jury sworn in such inquest.

(8) Every person who fails to comply with the provisions of this section shall be guilty of an offence against this Ordinance.

#### Employment of Boys.

10. No boy of or above the age of twelve years, and under the age of sixteen years shall be employed either about or allowed to be for the purpose of employment in or about any mine below or above ground for more than forty-eight hours in any one week, or for more than eight hours in any one day except in case of accident or emergency.

(2) For the purposes of this section a week shall be deemed to begin at midnight on Saturday night and to end at midnight on the succeeding Saturday night.

(3) No boy of or above the age of twelve years and under the age of sixteen years shall be permitted to work in or about any mine below or above ground unless he is able to read and write and is familiar with the rules of arithmetic as far as, and including division, and furnishes a certificate to that effect from a duly licensed teacher or from the inspector of the district in which he is employed.

(4) Every such teacher and every such inspector shall without requiring payment of any fee, upon the application of any boy desiring employment, make the necessary examination of the boy and grant him such certificate, if he is found to be entitled to the same, and any such teacher or inspector refusing to make such examination and grant such certificate shall be liable to a penalty not exceeding twenty dollars.

#### Payment of Wages.

11. No wages shall be paid to any person employed in or about any mine at or within any public house, road house or place for the sale of any spirits, beer, wine or other spirituous or fermented liquors.

12. Every person who contravenes or permits any persons to contravene the provision of the next preceding section shall be guilty of an offence against this Ordinance, and in the event of any such contravention by any person whomsoever the owner, agent and manager shall each be guilty of an offence against this Ordinance unless he proves that he had taken all reasonable means to prevent such contravention.

#### Shafts.

13. The owner, agent or manager of a mine shall not employ any person in the mine or permit any person to be in the mine for the purpose of employment therein unless the following conditions respecting shafts or outlets are complied with; that is to say:

(1) Proper apparatus for raising and lowering persons at every shaft or outlet shall be kept on the works belonging to the mine, and such apparatus if not in actual use at the shafts or outlets shall be constantly available for use. All buckets, tubs and other vessels in which goods and materials and other things are lowered into or raised from the mine shall be safely attached to the rope, cable or other means by which the same are lowered or raised so as to obviate all danger to persons beneath the same.

(2) Every owner, agent or manager who acts in contravention of or fails to comply with this section shall be guilty of an offence against this Ordinance.

(3) The Territorial Court or any judge thereof whether any other proceedings have been taken or not, may upon the application of the Crown Prosecutor prohibit by injunction the working of any mine in which any person is employed or is permitted to be for the purpose of employment in contravention of this section or of any other section of this Ordinance, and may award such costs in the matter of the injunction as the court or judge thinks just; but this pro-

vision shall be without prejudice to any other remedy permitted by law for enforcing the provisions of this Ordinance.

(4) Written notice of the intention to apply for such injunction in respect to any mine shall be given to the owner, agent or manager of the mine not less than two days before the application is made.

(5) No person shall be precluded by any agreement from doing such acts as are necessary to comply with the provisions of this Ordinance or be liable under any contract to any penalty or forfeiture for doing such acts as are necessary in order to comply with the provisions of this Ordinance.

14. When in or about any mine whether above or below ground either,

(a) Loss of life or any personal injury to any person employed in or about the mine occurs by reason of the explosion of gas, powder or other explosive, or of any steam boiler; or

(b) Loss of life or any serious personal injury to any person employed in or about the mine occurs by reason of any accident whatever, the owner, agent or manager of the mine shall within twenty-four hours next after the explosion or accident send notice in writing of the explosion or accident, and of the loss of life or personal injury occasioned thereby to the Commissioner and to the inspector for the district, and shall specify in such notice the character of the explosion or accident, and the number of persons killed or injured, and as soon after as possible, and before the end of each year a return of facts relating to such accident or explosion in the form given in the Schedule to this Ordinance.

(2) Where any personal injury of which notice is required to be sent under this section results in the death of the person injured, notice in writing of the death shall be sent to the Commissioner and to the inspector for the district within twenty-four hours after such death comes to the knowledge of the owner, agent or manager.

(3) Every owner, agent or manager who fails to act in compliance with this section shall be guilty of an offence against this Ordinance.

15. In any case,—

(1) Wherever any change occurs in the name of the owner, agent or manager of any mine or in the offices of any incorporated company which is the owner of any such mine; or

(2) Where any working is commenced for the purpose of opening any such mine; or

(3) Where any mine is abandoned or the working thereof discontinued; or

(4) Where the working of a mine is recommenced after an abandonment or discontinuance for a period exceeding two months, the owner, agent or manager of such mine shall give notice thereof to the Commissioner within two months after such commencement, abandonment, discontinuance, recommencement or change; and if such notice is not given, the owner, agent or manager shall be guilty of an offence against this Ordinance, provided that this section shall not apply to placer mines.

#### Abandoned Mines.

16. Where any mine is abandoned or the working thereof discontinued, at whatever time such abandonment or discontinuance occurs, the owner thereof, and every other person interested in the mineral of such mine shall cause the top of the shaft and any side entrance from the surface to be and to be kept securely fenced for the prevention of accidents.

Provided that:

(1) Subject to any contract to the contrary, the owner of the mine shall, as between himself and any other person interested in the minerals of the mine be liable to carry into effect this section and to pay the costs incurred by any other person interested in the minerals of the mine in carrying this section into effect; and

(2) Nothing in this section shall exempt any person from any liability under any other Ordinance, act, law, or otherwise;

(3) If any person fails to act in conformity with this section he shall be guilty of an offence against this Ordinance.

#### GENERAL RULES.

17. The following general rules shall be observed as far as is reasonably practicable in every mine:—

##### Rule 1.

An adequate amount of ventilation shall be constantly produced in every mine to dilute and render harmless noxious gases to such an extent that the working places of the shaft levels and workings of the mine shall be in a fit state for working and passing therein.

##### Rule 2.

All entrances to any place in a mine not in actual course of working and extension shall be properly fenced across the whole width of such entrance so as to prevent persons inadvertently entering the same.

## Rule 3.

If at any time it is found by the person for the time being in charge of the mine or any part thereof that by reason of noxious gases prevailing in such mine or such part thereof, or of any cause whatever, the mine or the said part is dangerous, every workman shall be withdrawn from the mine or such part thereof as is so found dangerous, and no workman shall, except in so far as is necessary for inquiring into the cause of danger or for the removal thereof or for the exploration, be readmitted into the mine or such part thereof as is so found dangerous until the same is made safe.

## Rule 4.

The following provisions shall relate to the use of any explosive in a mine:—

- (a) It shall not be stored in a mine;
- (b) It shall not be taken into a mine except in a secure case or canister containing not more than six pounds;
- (c) A workman shall not have or use at any one time in any one place more than one of such cases or canisters.

## Rule 5.

Every underground plane on which persons travel where the produce of the mine is carried by cars which are self-acting or worked by an engine, windlass or gin, shall be provided (if exceeding thirty yards in length) with some proper means of communicating distinct and definite signals between the stopping places and the ends of the plane and shall be provided in every case at intervals of not more than twenty yards with sufficient manholes for places of refuge, and every back or counter balance used for raising or lowering minerals, if exceeding thirty yards in length, unless exempted in writing by the inspector, shall be provided with some proper means of communicating distinct signals between the lower end and between the entrance of every working place thereon for the time being in work and the upper end thereof.

## Rule 6.

Every road on which persons travel underground where the produce of the mine in transit exceeds ten tons in any one hour over any part thereof, and where the load is drawn by a horse or other animal, shall be provided where there is not standing room of at least two feet, at intervals of not more than twenty-five yards, with sufficient manholes or with places of refuge, and every such place of refuge shall be of sufficient length and of at least three feet in width between the wagons running on the tram road and the side of such road:

(a) Where the load is drawn by machinery or other mechanical appliances and there is not standing room of at least two feet, there shall be provided at intervals of not more than fifteen yards, sufficient manholes or places of refuge, and every such place of refuge shall be of sufficient length and of at least three feet in width between the wagons running on the tram road and the side of such road;

(b) Whenever in the opinion of the inspector the precautions required by this rule with respect to roads over which the produce of the mine is drawn by machinery or other mechanical appliances are not sufficient for the safety of the men travelling thereon, he may require the owner, agent or manager of such mine to provide a separate tram road.

## Rule 7.

Every manhole and every place of refuge shall be kept clear, and no person shall place anything in a manhole or place of refuge so as to prevent access thereto.

## Rule 8.

The top of every shaft which for the time being is out of use or used only as an air shaft shall be kept securely fenced.

## Rule 9.

Where the natural strata are not safe every working or pumping shaft shall be securely cased, lined or otherwise made secure.

## Rule 10.

The roof and sides of every travelling road and working place shall be made secure and a person shall not unless appointed for the purpose of exploring or repairing travel or work in any such travelling road or working place unless the same is so made secure.

## Rule 11.

Every working shaft used for the purpose of drawing minerals or for the lowering or raising of persons shall, if exceeding fifty yards in depth and not exempted in writing by the inspector, be provided with guides and some proper means of communicating distinct and definite signals from the bottom of the shaft, and from every entrance for the time being in use, between the surface and the bottom of the shaft to the surface and from the surface to the bottom of the shaft and to every entrance for the time being in use between the surface and the bottom of the shaft.

## Rule 12.

A sufficient cover over head shall be used for every cage or tub employed in lowering or raising persons in any working shaft, except where the cage or tub is worked by a windlass or where persons are employed at work in the shaft or where a written exemption is given by the inspector.

## Rule 13.

Single linked chain shall not be used for lowering or raising persons in any working shaft or place except for the short coupling chain attached to the cage or load.

## Rule 14.

There shall be on the drum of every machine used for lowering or raising persons such flanges or horns, and also if the drum is conical such other appliances as are sufficient to prevent the rope from slipping.

## Rule 15.

There shall be attached to every machine worked by steam, water or mechanical power and used for lowering or raising persons an adequate brake and also a proper indicator, in addition to any mark on the rope, showing to the person who works the machine the position of the cage or load in the shaft.

## Rule 16.

Every fly-wheel and all exposed and dangerous parts of the machinery used in or about the mine shall be and be kept securely fenced.

## Rule 17.

Every steam boiler shall be provided with a proper steam gauge and water gauge to show, respectively, the pressure of steam and the height of water in the boiler and with a proper safety valve.

## Rule 18.

A ladder permanently used for the ascent or descent of persons in the mine shall not be fixed in a vertical or over-hanging position, but shall be inclined at the most convenient angle which the space in which the ladder is fixed allows; and every such ladder shall have substantial platforms at intervals of not more than twenty yards.

## Rule 19.

If more than twelve persons are ordinarily employed in the mine below ground sufficient accommodation shall be provided above ground near the principal entrance of the mine and not in the engine room or boiler room for enabling the persons employed in the mine to conveniently and with comfort dry and change their clothing.

## Rule 20.

No person shall wilfully damage or without proper authority remove or render useless any fence, fencing, casing, lining, guide, means of signalling, signal, cover, chain, flange, horn, brake, indicator, ladder, platform, steam gauge, water gauge, safety valve or other appliance or thing provided for any mine in compliance with this Ordinance.

## Rule 21.

Every person shall observe such directions as are given with respect to working as are given to him with a view to comply with this Ordinance or any special rules in force under this Ordinance in the mine.

## Rule 22.

A competent person or persons who shall be appointed for the purpose shall once at least in every twenty-four hours examine the state of the external parts of the machinery, and the state of the head gear, working places, levels, planes, ropes, chains and other works of the mine which are in actual use and once at least in every week shall examine the state of the shafts by which persons ascend or descend and the guides or conductors therein.

## Rule 23.

Persons employed in a mine may from time to time appoint two of their number to inspect the mine at their own cost and the persons so appointed shall be allowed once at least in every month accompanied, if the owner, agent or manager thinks fit, by himself or one or more of the officers of the mine to inspect the shafts, levels, planes, working places, return air-ways, ventilating apparatus, old workings and machinery, and shall be afforded by the owner, agent or manager and all persons in the mine every facility for the purposes of inspection, and shall make a true report of the result of such inspection and such report shall be recorded in the book to be kept at the mine for the purpose and shall be signed by the persons who make the same.

## Rule 24.

The majority of the workmen at any mine may appoint a person to examine the seat of any accident resulting in the death or injury of any person.

(a) Every person who does not comply with or contravenes any of the general rules of this section shall be guilty of an offence against this Ordinance, and in the event of any non-compliance with or contravention of any of such general rules in the case of any mine by any person whomsoever being proved, the owner, agent and manager shall each be guilty of an offence against this Ordinance unless he proves that he had taken all reasonable means to prevent such non-compliance or contravention by publishing and to the best of his power enforcing the said rules as regulations for the working of the mine.

(4) The Commissioner may from time to time make such additional rules as in his opinion appears necessary to better secure the safety of persons engaged in or about any mine, and non-compliance with or contravention of any rule so made shall be deemed non-compliance with or contravention of a general rule under this section.

Provided that Rules 6, 13, 15, 16, 18, 22 and 23 shall not apply to placer mines.

## Notices.

18. All notices required by this Ordinance shall be in writing or print or partly in writing and partly in print; and all notices and documents required by this Ordinance to be served or sent by or to the Commissioner or inspector may be either delivered personally or served and sent by post by prepaid registered letter, and if served or sent by post shall be deemed to have been served and received respectively at the time when the letter containing the same would be delivered in the ordinary course of post; and in proving such service or sending it shall be sufficient proof that the letter containing the notice was properly addressed and put in the post.

## Penalties.

19. Every person employed in or about a mine other than an owner, agent or manager who is guilty of any act or omission which in the case of an owner, agent or manager would be an offence against this Ordinance shall be guilty of an offence against this Ordinance.

(2) Every owner, agent or manager who is guilty of an offence against this Ordinance shall be liable to a penalty not exceeding two hundred dollars.

(3) If such an offence is committed or continued after notice thereof, given by the inspector, a further penalty of twenty-five dollars for each violation or for each day that such violation continues after such notice shall be imposed.

(4) Every person other than an agent, owner or manager who is guilty of an offence against this Ordinance shall be liable to a penalty not exceeding fifty dollars.

(5) No prosecution shall be instituted against any owner, agent or manager for an offence against this Ordinance, except—

- (a) by the inspector; or
- (b) with the consent in writing of the Commissioner; or
- (c) by some person appointed by the Commissioner; or
- (d) by some person employed in or about the mine in respect to which the offence was committed appointed in writing to institute such prosecution by not less than ten persons so employed.

(6) If it appears that a boy was employed on the representation of the parent or guardian that he was of the age at which his employment would not be a contravention of this Ordinance, and under the belief in good faith that he was of such age, the owner, agent or manager of the mine shall, notwithstanding that the boy was not of such age, be exempt from any penalty in respect to such employment, and the parent or guardian shall for the misrepresentation be deemed guilty of an offence against this Ordinance.

(7) In any prosecution or other procedure against any owner, agent or manager for an offence against this Ordinance such owner, agent or manager shall be discharged if he proves to the satisfaction of the tribunal before which the same is tried that he took all reasonable means to prevent the commission of such offence.

(8) Any complaint or suit made or brought in pursuance of this Ordinance shall be made or brought within six months from the time when the matter of such complaint or suit came to the knowledge of the prosecutor.

(9) Where a penalty is imposed under this Ordinance for neglecting to send a notice of any explosion or accident or for any offence against this Ordinance which has occasioned loss of life or personal injury, the Commissioner may, if he thinks fit, direct such penalty to be paid to or distributed among the persons injured and the relatives of any person whose death has been occasioned by such explosion, accident or offence, or among some of them.

Provided that such persons did not in his opinion occasion or contribute to occasion the explosion or accident and did not commit and were not parties to the commission of the offence.

(10) Except as in this Ordinance otherwise provided, all penalties imposed in pursuance of this Ordinance shall be paid on receipt of the same into the General Revenue Fund.

#### SCHEDULE.

#### (Section 14.)

#### Form of Notice of Explosion or Accident.

Name of mine  
Date

To the Commissioner of the Yukon Territory and to the  
Inspector of the District.

Sirs,—In pursuance of the Miners' Protection Ordinance I beg to give you notice that an explosion (or accident) has occurred at this mine, of which the following are the particulars:—

Place where accident occurred

Date of the accident

Character of the accident

If from explosion, whether of gas, explosive or steam boiler.

Number, ages and names of persons killed.

Number and names of persons injured seriously.

Number and names of persons injured slightly.

Number and relation of persons dependent on persons killed.

I am, Sirs,

Your obedient servant,

(Signature).

#### Employment of Children—School Attendance.

Chapter 79.—85. Every parent, guardian or other person resident in a school district having charge of any child or children between the ages of seven and twelve inclusive, shall be required to send such child or children to school for a period of at least sixteen weeks in each year, at least eight weeks of which time shall be consecutive, and every parent, guardian or other person who does not provide that every such child under his care shall attend school or be otherwise educated shall be subject to the penalties hereinafter provided.

86. It shall be the duty of the Board of every district or any person authorized by it after being notified that any parent, guardian or other person having control of any child or children neglects or violates the provisions of the next preceding section to make complaint of such neglect or violation to a justice of the peace, and the person complained of shall on summary conviction be liable to a fine not exceeding \$1 for the first offence and double that penalty for each subsequent offence.

87. It shall be the duty of the justice of the peace to ascertain as far as may be the circumstances of any party complained of for not sending his child or children to school or otherwise educating him or them, and he shall accept any of the following as reasonable excuse:—

(a) That the child is under instruction in some other satisfactory manner;

(b) That the child has been prevented from attending school by sickness or unavoidable cause;

(c) That there is no school open which the child can attend within such distance not exceeding one mile measured according to the nearest passable road from the residence of such child;

(d) That such child has reached a standard of education of the same or of a greater degree than that to be attained in the school of the district within which such child resides;

(e) That such parent or guardian was not able by reason of poverty to clothe such child properly or that such child's bodily or mental condition has been such as to prevent his or her attendance at school or application to study for the period required.

## ORDINANCES OF 1916.

### Wages as Preferred Claims—In Assignments.

[The Creditors' Trust Deeds Ordinance, 1916, chapter 1, contains the only labour legislation enacted in the Yukon Territory during the years 1915 and 1916. Sections 35 and 36 of this Ordinance provide for the priority of wages in assignments as follows:—]

35. Whenever an assignment is made of any real or personal property for the general benefit of creditors the assignee shall pay, in priority to all claims of the ordinary or general creditors of the person making the same the wages or salary of all persons in the employment of such person at the time of making such assignment, six months' wages or salary, and such persons shall be entitled to rank as ordinary general creditors for the residue (if any) of their claims.

36. The last preceding section shall apply to wages or salary, whether the employment in respect of which the same shall be payable be by the day, by the week, by the job or piece, or otherwise.

## ORDINANCES OF 1917.

### Workmen's Compensation.

Chapter 1.—1. This Ordinance may be cited as The Workmen's Compensation Ordinance.

2. (1) In this Ordinance:

(a) "Accident" shall include a wilful and intentional act, not being the act of the workman and a fortuitous event occasioned by a physical or natural cause;

(b) "Construction" shall include reconstruction, repair, alteration, and demolition;

(c) "Dependants" shall mean such of the members of the family of a workman as were wholly or partly dependent upon his earnings at the time of his death, or who, but for the incapacity due to the accident, would have been so dependent;

(d) "Employer" shall include every person having in his service under a contract of hiring or apprenticeship, written or oral, express or implied, any person engaged in any work in or about an industry, and where the services of a workman are temporarily let or hired to another person by the person with whom the workman has entered into such contract the latter shall be deemed to continue to be the employer of the workman whilst he is working for that other person;

(e) "Employment" shall include employment in an industry or any part, branch or department of an industry;

(f) "Industry" shall include establishment, undertaking, trade and business;

(g) "Judge" shall mean a Judge of the Territorial Court;

(h) "Member of the family" shall mean and include wife, husband, father, mother, grandfather, grandmother, stepfather, stepmother, son, daughter, grandson, granddaughter, stepson, stepdaughter, brother, sister, half-sister, half-brother, and a person who stood *in loco parentis* to the workman, or to whom the workman stood *in loco parentis*, whether related to him by consanguinity or not so related, and where the workman is the parent or grandparent of an illegitimate child, shall include such child, and where the workman is an illegitimate child, shall include his parent and grandparents on the maternal side;

(i) "Mine" includes properties to which the "coal mining regulations" and amendments thereto or the "quartz mining regulations" and amendments thereto or the Yukon Placer Mining Act and amending Acts apply;

(j) "Outworker" shall mean a person to whom articles or materials are given out to be made up, cleaned, washed, altered, ornamented, finished, repaired, or adapted for sale in his own home or on other premises not under the control or management of the person who gave out the articles or materials;

(k) "Workman" shall include a person who has entered into or works under a contract of service or apprenticeship, written or oral, express or implied, whether by way of manual labour, or otherwise, but shall not include an outworker or person whose employment is of a casual nature and who is employed otherwise than for the purposes of the employer's trade or business.

(2) The exercise and performance of the powers and duties of—

(a) A municipal corporation;

(b) The Government of Yukon Territory in the building, repairing and maintaining of roads, bridges or other public works shall, for the purposes of this Ordinance, be deemed the industry of the corporation or Government.

3. Where less than five workmen are employed in the same general employment the employer shall be relieved from all liability under this Ordinance.

4. (1) When in any employment to which this Ordinance applies personal injury by accident arising out of and in the course of the employment is caused to a workman, his employer shall be liable to pay compensation in accordance with the first Schedule to this Ordinance, except where the injury—

(a) does not disable the workman for a period of at least 14 days from earning full wages at the work at which he was employed; or

(b) is attributable solely to the serious and wilful misconduct or intoxication of the workman.

(2) Where the accident arose out of the employment, unless the contrary is shown, it shall be presumed that it occurred in the course of the employment, and where the accident occurred in the course of the employment, unless the contrary is shown, it shall be presumed that it arose out of the employment.

(3) Where compensation for disability is payable it shall be computed and be payable from the date of the disability.

5. When the injury was caused by the personal negligence or wilful act of the employer, or of some person for whose act or default the employer is responsible, nothing in this Ordinance shall affect any civil liability of the employer, but in that case the workman may, at his option, either claim compensation under this Ordinance or independently thereof; but the employer shall not be liable to pay compensation for injury to a workman both independently of and also under this Ordinance, and shall not be liable to any proceedings independently of this Ordinance, except in the case of such personal negligence or wilful act as aforesaid.

6. If any question arises as to the liability to pay compensation under this Ordinance, or as to the amount of compensation, or duration of disability under this Ordinance, or as to the person or persons that are entitled to compensation, or as to the division of the amount of compensation, the question, if not settled by agreement, shall, subject to the provisions of the first Schedule to this Ordinance, be determined and settled by a judge of the Territorial Court in accordance with the provisions of the second Schedule to this Ordinance.

7. If within the time hereinafter in this Ordinance limited for taking proceedings, an action is brought to recover damages independently of this Ordinance for injury caused by any accident, and it is determined in such action that the injury is one for which the employer is not liable in such action, but that he would have been liable to pay compensation under the provisions of this Ordinance, the action shall be dismissed; but the court in which the action is tried shall, if the plaintiff shall so choose, proceed to assess such compensation under the provisions of this Ordinance and shall be at liberty to deduct from such compensation all the costs, which, in its judgment, have been caused by the plaintiff bringing such action instead of proceeding under this Ordinance. In any proceedings under this section, when the court assesses the compensation it shall give a certificate of the amount of compensation it has awarded, and to whom payable, and the directions it has given as to the deduction for costs, and such certificate shall have the force and effect of a judgment or award under this Ordinance.

8. (1) Proceedings for the recovery under this Ordinance of compensation for an injury shall not be maintained unless notice of the accident has been given to the employer as soon as practicable after the happening thereof, and unless the claim for compensation with respect to such accident has been made within six months from the occurrence of the accident causing the injury or, in the case of death, within six months from the time of death, and the action is commenced within nine months from the occurrence of the accident causing the injury, or the time of death, provided always that any defect or inaccuracy in such notice shall not relieve the employer from his liability for such compensation if it is found in the proceedings for settling the claim that the employer is not prejudiced in his defence by such defect or inaccuracy, or that such defect or inaccuracy was occasioned by mistake or other reasonable cause, or when the facts and circumstances of such action are known to such employer, his agent or vice-principal in the enterprise.

(2) Notice in respect of an injury under this Ordinance shall give the name and address of the person injured and shall state in ordinary language the cause of the injury and the date at which it was sustained, and shall be served on the employer, or if there is more than one employer, upon one of such employers.

(3) The notice may be served by delivering the same to or at the residence or place of business of the person on whom it is to be served.

(4) The notice may be served by post addressed to the person on whom it is to be served at his last known place of residence or place of business, with postage prepaid and registered, and if served by post shall be deemed to have been served at the time when the letter containing the same would have been delivered in the ordinary course of post; and in proving the serving of such notice it shall be sufficient to prove that the notice was properly addressed, posted and registered.

(5) Where the employer is a body of persons corporate or incorporated the notice may also be served by delivering the same or sending it by post in the manner above provided in a registered letter addressed to the employer at the office, or if there be more than one office, any of the offices of such body.

9. Whenever two or more persons claiming to be beneficiaries of any deceased employee, whose beneficiaries are entitled to compensation under the provisions of this Ordinance, bring

separate actions to recover such compensation, such actions shall be consolidated and tried as one action upon the application of any party to either or any of such actions, or by direction of the judge.

10. (1) Where a person, in this section referred to as the contractor, in the course of or for the purposes of his trade or business, contracts with any other person, in this section referred to as the sub-contractor, for the execution by or under the sub-contractor of the whole or any part of any work undertaken by the contractor, the contractor shall be liable to pay to any workman employed in the execution of the work the compensation which he would have been liable to pay if that workman had been immediately employed by him.

(2) Subsection (1) shall not apply where the accident happens elsewhere than on or in or about the premises upon which the contractor has undertaken to execute the work or which are otherwise under his control or management.

11. Where any employer becomes liable under this Ordinance to pay compensation in respect of any accident and is entitled to any sum from insurers in respect of the amount due to a workman under such liability, such workman shall have a first charge upon the sum aforesaid for the amount so due and the Judge of the Territorial Court may direct the insurers to pay such sum into any Chartered Bank of Canada in the name of the Clerk of such Court and order the same to be applied in accordance with the provisions of this Ordinance.

12. Where the injury for which compensation is payable under this Ordinance was caused under circumstances creating a legal liability in some persons other than the employer to pay damages in respect thereof, the workman may, at his option, proceed either at law against that person to recover damages or against his employer for compensation under this Ordinance, but not against both, and if compensation be paid under this Ordinance the employer shall be entitled to be indemnified by the said other person.

13. No contractor or sub-contractor shall be entitled to receive compensation under this Ordinance, but shall be deemed to be an employer.

14. No claim for compensation due under this Ordinance shall be assignable, and all compensation due hereunder shall be exempt from execution, garnishee and attachment.

15. No agreement by a workman to waive his rights or the rights of his dependants to compensation under this Ordinance shall be valid. Any such agreement existing at the date this Ordinance comes in force shall on and after that date be null and void.

16. It shall not be a defence to a claim under this Ordinance that the workman assumed the risks of the employment or that the injury or death was proximately caused by the contributory negligence of the workman.

#### FIRST SCHEDULE.

##### Compensation.

1. The amount of compensation under this Ordinance shall be—

(a) In the event of the death of a workman resulting from injury, his dependants shall be entitled to receive the sum of two thousand and five hundred (\$2,500) dollars;

(b) Where a workman leaves no dependants such sum for the expenses of his burial, medical attendance, nursing, care and maintenance shall be paid by the employer to the persons to whom such expenses are due, but not exceeding in all the sum of five hundred (\$500) dollars; provided that the burial expenses, not exceeding the sum of one hundred and fifty (\$150) dollars, shall be a first charge on the said amount.

2. When a workman receives an injury arising out of and in the course of his employment, as the result of which he is totally and permanently disabled, he shall be entitled to receive as compensation the sum of three thousand (\$3,000) dollars.

3. When a workman receives an injury arising out of, or in the course of, his employment resulting in his partial disability, he shall be paid in accordance with the following Schedule:—

For the loss of a thumb, five hundred (\$500) dollars;

For the loss of an index finger, three hundred (\$300) dollars;

For the loss of any finger other than the index finger or thumb, two hundred (\$200) dollars;

For the loss of a great toe, three hundred (\$300) dollars;

For the loss of any toe other than the great toe, one hundred and fifty (\$150) dollars;

The loss of the first phalange of the thumb or of any finger or toe shall be considered to be equal to the loss of one-half of such thumb, finger or toe, and the compensation to be paid shall be one-half of the above amounts;

For the loss of a hand, one thousand five hundred (\$1,500) dollars;

For the loss of an arm, two thousand (\$2,000) dollars;

For the loss of a foot, one thousand five hundred (\$1,500) dollars;

For the loss of a leg, two thousand (\$2,000) dollars;

For the loss of an eye, one thousand five hundred (\$1,500) dollars;

For the loss of an ear, two hundred and fifty (\$250) dollars;

For the loss of the nose, six hundred (\$600) dollars.

4. For other injuries causing temporary disability the employer shall pay to the workman weekly during the period of such disability, fifty per cent of his daily average wages; provided, however, that the period for the payment of temporary disability shall not exceed six months. In all cases where the injury develops or proves to be such as to entitle the workman to com-

pensation under some provision in this Schedule relating to cases other than temporary disability, and the workman has been paid compensation for temporary disability, the amount so paid him shall be deducted from the amount to which he shall be entitled under such provision in this Schedule.

5. The loss of both hands or both arms or both feet or both legs or both eyes, or any two thereof shall constitute total and permanent disability and be compensated according to the provisions of this Ordinance with reference to total and permanent disability.

6. Amputation between the elbow and the wrist shall be considered equivalent to the loss of a hand, and amputation between the knee and the ankle shall be considered equivalent to the loss of a foot.

7. Whenever such workman receives an injury arising out of, and in the course of, employment, as a result of which he is partially disabled and the disability so received is such as to be permanent in character, and such as not to become wholly within any of the specific cases for which provision is herein made, such workman shall be entitled to receive as compensation a sum which bears the same relation to the amount he would be entitled to receive hereunder if he were totally and permanently disabled, that the loss of earning capacity of such workman, by reason of the accident bears to the earning capacity such workman would have had, had he not been injured, the amount in no case to exceed three thousand dollars (\$3,000).

8. To illustrate: If said workman were of a class that would entitle him to three thousand (\$3,000) dollars, under this Schedule, if he were totally and permanently disabled and his injury would be such as to reduce his earning capacity twenty-five per cent, he would be entitled to receive seven hundred and fifty (\$750) dollars, it being the amount that bears the same relation to three thousand (\$3,000) dollars that twenty-five per cent does to one hundred per cent. Should such workman receive an injury that would impair his earning capacity seventy-five per cent, he would be entitled to receive two thousand two hundred and fifty (\$2,500) dollars, it being the amount that bears the same relation to three thousand (\$3,000) dollars that seventy-five per cent does to one hundred per cent.

9. If an injured workman entitled to compensation hereunder shall be paid compensation under any subdivision or part of this Schedule, and it shall afterwards develop that he is or was entitled to a higher rate of compensation under some other part or subdivision of this Schedule, then and in that event he shall receive such higher rate, after first deducting the amount that has already been paid to him; provided, however, that no compensation under such increased rate shall be paid unless the disability entitling the workman thereto shall develop within two years after the injury.

10. At any time subsequent to the injury, the employer and the workman shall have the right to compromise and settle any claim for injury hereunder, and the workman shall have the right to give full satisfaction and acquittance therefor, and thereby discharge the employer from further liability, and such satisfaction and acquittance shall be binding upon the said employer, workman and beneficiary under this Ordinance and all other persons whatsoever.

11. (1) Where a workman has given notice of an accident, he shall, if so required by the employer, submit himself for examination by a duly qualified medical practitioner provided and paid by the employer, and if he refuses to submit himself to such examination, or in any way obstruct the same, his right to compensation and any proceeding under this Ordinance in relation to compensation shall be suspended until such examination takes place.

(2) No compensation shall be payable in respect of the death or disability of an employee if his death is caused or if, and so far as, his disability is caused, continued or aggravated by an unreasonable refusal to submit to medical treatment, or to any surgical treatment, the risk of which is in the opinion of the judge inconsiderable in view of the seriousness of the injury.

12. The payment shall, in case of death, be made to the legal personal representative of the workman, or, if he has no legal personal representative, to or for the benefit of his dependants, or, if he leaves no dependants, to the person to whom the expenses are due; and if made to the legal personal representative shall be paid by him to or for the benefit of the dependants or other person entitled thereto under this Ordinance.

13. Any question as to who is a dependant, or, as to the amount payable to each dependant, shall, in default of agreement, be settled by the judge.

14. The sum allotted as compensation to a dependant may be invested or otherwise applied for the benefit of the person entitled thereto, as agreed, or as ordered by the judge.

15. Any sum which is ordered by the judge or is agreed to be invested may be invested in whole or in part in the savings department in any Chartered Bank in Canada by the Clerk of the Territorial Court in his name as such Clerk and Trustee.

16. Any workman receiving weekly payments under this Ordinance shall, if so required by the employer, or by any person by whom the employer is entitled under this Ordinance to be indemnified, from time to time submit himself for examination by a duly qualified medical practitioner provided and paid by the employer, or such other person; but if the workman objects to an examination by that medical practitioner, or is dissatisfied with the certificate of such practitioner upon his condition when communicated to him, he may submit himself for examination to a medical practitioner appointed by the judge and the certificate of that medical practitioner as to the condition of the workman at the time of his examination shall be given to the employer and workman, and shall be conclusive evidence of that condition. If the workman refuses to submit himself to such examination or in any way obstructs the same, his rights to such weekly payment shall be suspended until such examination has taken place.

17. Any weekly payment may be reviewed at the request either of the employer or of the workman, and on such review may be ended, diminished or increased, subject to the maximum above provided, and the amount of payment shall, in default of agreement, be settled by the judge.

18. Unless with the approval of the judge a weekly payment or a sum paid by way of redemption thereof, shall not be capable of being assigned, charged or attached, and shall not pass by operation of law except to a personal representative, nor shall any claim be set off against the same.

19. Where a dependant is not a resident of the Yukon Territory he shall not be entitled to compensation unless by the law of the place or country in which he resides the dependents of a workman to whom an accident happens in such place or country if resident in the Yukon Territory would be entitled to compensation, and where such dependants would be entitled to compensation under such law the compensation to which the non-resident dependant shall be entitled under this part shall not be greater than the compensation payable in the like case under that law.

## SECOND SCHEDULE.

### Regulations for Settlement of Disputed Claims.

1. Upon application in writing to a judge of the Territorial Court stating particulars of applicant's claim for compensation and that the employer from whom such compensation is claimed, has failed or refused to pay the amount claimed, the judge shall fix a date for hearing the evidence on behalf of the claimant and of the employer, and shall cause notice of such hearing to be served on such parties as he considers should be notified, and after hearing evidence and making such inquiry and investigation as he shall deem necessary, shall decide the claim in accordance with the terms of this Ordinance, and shall make such order for payment of the amount awarded (if any) as he may deem just.

2. The decision of the judge upon any claim under this Ordinance shall be final and conclusive and there shall be no appeal therefrom.

3. Application for hearing, notice of hearing, judgment and all documents and entries necessary to be prepared and made for the enforcement of any of the provisions of this Ordinance shall be prepared and made by the Clerk of the Territorial Court, and the fees therefor shall be nominal and as far as may be in accordance with the scale of fees applying to small debt procedure under the Judicature Ordinance.

4. The judge may award such sum as he may deem reasonable to the successful party to a contested claim for compensation or to any other contested matter as to compensation, for the expenses he has been put to by reason of or incidental to the contest, and an order of the judge for payment by an employer of any sum so awarded shall become a judgment of the court and may be enforced accordingly.

5. An order of the judge for payment of compensation by an employer or any other order for the payment of money made under the authority of this Ordinance may, when entered by the Clerk of the Court, be enforced as a judgment.

6. There shall be a special register kept by the Clerk of the Territorial Court in which all matters and causes dealt with or coming before a Judge of the Territorial Court under this Ordinance, and all proceedings therein, shall be entered by said Clerk.

7. Proceedings hereunder shall be entitled in the Territorial Court and the rules of court applying to originating summons shall as far as may be apply thereto. No proceedings shall be defeated on any technical objection, but the rights of the parties as defined by this Ordinance shall be determined and settled by the judge without pleadings or other formality except such as may be necessary for the proper conduct of proceedings for the determination and enforcement of such rights.

8. (1) In all cases arising under this Ordinance where the accident or injury has occurred in that part of the Yukon Territory known as the White Horse District and comprising that portion of said Territory lying south of the 62nd degree of latitude, the proceedings hereunder shall be entered in the office of the Deputy Clerk of the Court for said District. The said Deputy Clerk shall have the like powers and perform the like duties as are given to, and required to be performed by, the Clerk of the Territorial Court under the provisions of this Schedule.

(2) Provided that in any case where it appears to the judge that it is expedient to so direct, he may order that the proceedings be transferred to the office of Clerk of the Territorial Court at Dawson, and thereafter all matters and proceedings in the case shall be heard, continued and dealt with as if such accident or injury had occurred in some part of the Territory not included in said White Horse District, and if said proceedings had been originally entered and commenced in the office of the said clerk of the court. [See also The Employers' Liability Ordinance C.O. Y.T. 1914, chapter 29. Labour Legislation in Canada, 1915, p. 698.]

### Eight-Hour Day and Fair Wages for Employees on Public Works.

Chapter 6.—1. In this Ordinance, unless the context otherwise requires, "extraordinary emergency" means an emergency that cannot be foreseen, such as might be necessary for saving life or property, and causes which depend for their emergency solely upon economical methods of work or importance of rapid construction.

2. This Ordinance shall not apply:

- (a) To purchase made in the open market by the Government of the Yukon Territory;
- (b) To work upon public, military or naval works or defence in time of war;
- (c) To purchases made in the open market by the contractor, sub-contractor or other person referred to in section 6 of this Ordinance.

3. This Ordinance shall apply to work undertaken by the Government of the Yukon Territory by day labour.

4. Without restricting the application of this Ordinance it is declared that it includes:

(a) Contracts for the erection, remodelling, construction or repair of all public works, such as school houses, bridges, piers, breakwaters, wharves, public buildings, roads, trails, streets, sidewalks, sewers and vessels for the use of the Government of the Yukon Territory;

(b) To contracts for dredging;

(c) All contracts which contemplate the performance of labour after their execution.

5. No foreman, workman or labourer, in the employment of the Government of the Yukon Territory, engaged on public works, shall be required or permitted to work more than eight hours in any one calendar day, except in cases of extraordinary emergency.

6. Every contract to which the Government of the Yukon Territory is a party, which may involve the employment of foremen, workmen or labourers, shall contain a stipulation that no foreman, workman or labourer, in the employ of the contractor, sub-contractor or other person doing or contracting to do the whole or any part of the work contemplated by the contract, shall be required or permitted to work upon or in connection with the work contracted for more than eight hours in any one calendar day, except in case of extraordinary emergency.

7. Every such contract hereafter made shall contain a provision that, unless the person making or performing it complies with the provisions of this Ordinance, the contract shall be void, and such person shall not be entitled to receive any sum of money, nor shall any officer, agent or employee of the Government of the Yukon Territory, pay or authorize payment from the funds under his charge or control, to such person for work done upon or in connection with the contract, which in its form or manner of performance violates the provisions of this Ordinance.

8. The wages to be paid to all foremen, workmen or labourers coming within the provisions of Section 6 shall be the current *per diem* wages paid by the Government in the locality where the work or labour is performed.

9. The rate of wages to be paid to foremen, workmen or labourers shall be the current *per diem* wages for such class of work paid by the Government in the locality where the work or labour is performed.

## ORDINANCES OF 1918.

### Liability of Employers for Taxes of Employees.

Chapter 1—6. (1) Every employer of labour shall, on demand of the collector, as hereinafter provided, pay the tax for every male person liable to the tax, in his employ, not only at the time when said demand is made, but also from time to time, for every such male person in his employ during the year for which the tax is payable, and may deduct the amount so paid from the amount of salary or wages due or to become due to such male person. Every such employer of labour shall be primarily liable for the tax in respect of every such male person in his employ at any time during the year in which said tax is payable and until the tax in respect of such person is paid, and shall pay the same as provided by this Ordinance.

(2) Every such employer of labour shall from time to time furnish to the collector or sub-collector when requested by him so to do, a list of all male persons in his employ, directly or indirectly, but no such statement shall bind the collector or excuse him from making due inquiry to ascertain its correctness.

(3) Every employer of labour within the meaning of this Ordinance shall be liable to all the provisions of this Ordinance in regard to such persons in his employ, and as to all persons who work for him or on his premises or in connection with his business, whether such persons are employed directly by such employer of labour or indirectly through a contractor for labour. Such employer of labour shall, upon production of the receipt therefor, have the right to deduct from the amount payable to such contractor all sums paid for such tax by such employer of labour to the collector or sub-collector, for any men furnished to him by such contractor, and such contractor may deduct the same from the amount due by him to such men respectively.

(4) In the event of any person liable to the tax, while in the employ of an employer of labour, having paid the tax, for the then current year, and producing the proper receipt therefor to him, the liability of such employer of labour shall cease in respect to the tax on such person, provided the collector shall, on demand, be furnished by such employer of labour with particulars of the name, number, date and place of issue upon such receipt.

(5) Any demand or request to be made by the collector may be made by letter sent by post to the last known address of the person to be notified. Service of such demand or request shall be deemed to be effected by properly addressing and posting, prepaid, a letter containing the demand or request, and unless the contrary is proved, such demand or request shall be deemed to have been made at the time that the letter would be received by such person or at his home, office or place of business in the Territory, in the ordinary course of mail.

7. Every employer of labour who fails to pay the said tax for any such male person in his employ as aforesaid, or to deliver to the collector the list mentioned as provided by the preceding section, or who knowingly states anything falsely in such list, shall be guilty of an offence and upon summary conviction therefore be liable to a penalty not exceeding \$100.

8. No employer of labour shall be responsible for payment of the tax in respect of any male person in his employ until such person shall have been in his employ for at least five days and thereupon such employer shall be responsible for the tax of each such person and shall pay the same and may deduct the amount of the tax from the amount due to such person for wages, unless the employee at the time of settlement or payment of his account produces his receipt for the tax for that year.

15. The said tax and all penalties, whether due from the person liable to pay the same, or from any employer of labour, in regard to any employee or servant, may (in addition to any other mode of recovery) at the option of the collector, be recovered with costs as in an action between parties for debt, by action brought in the name of the collector as such, and all proceedings had for the recovery thereof, either under Part III of the Judicature Ordinance, relating to small debt procedure, or in a police magistrate's court, under the provisions of Chapter 71, of the Consolidated Ordinances, 1914, relating to the civil jurisdiction of police magistrates.
